## Berlin Admits That City Of Aachen Is Weakening

Jap Losses Great:  
1100 Ships Lost,  
3,080 Planes Down

LONDON, Oct. 18.—British forces with American armor on the right flank and rocket-firing Typhoons overhead pushed through the Dutch rail and road junction of Venray today and captured two more towns beyond, cutting deep into the enemy's Meuse river salient with a steady advance towards the German border and the Ruhr valley.

The American First Army beat off a small German counterattack at Aachen to the south and strengthened its encirclement of the great German border city, which Berlin radio commentators for the first time publicly wrote off as lost.

WASHINGTON, Oct. 18.—The American Navy has blasted 1,110 Japanese ships and destroyed 3,080 enemy planes in the last four and a half months, "crowding the Jap back into his own corner," Navy Secretary Forrester reported today.

US PACIFIC FLEET HEADQUARTERS, PEARL HARBOR, Oct. 18.—A new raid in the smashing series of American carrier aircraft strikes at the Philippines, occupation of another atoll flanking the important Japanese base of Yap and additional destruction to enemy shipping at Formosa were reported today by Adm. Chester W. Nimitz.

Planes of Adm. William F. Halsey's mighty Third Fleet hit the northern Luzon area Tuesday (U.S. time). They destroyed 18 Japanese planes on the ground, knocked another from the skies and sank or fired seven enemy ships.

American forces now hold springboards to the invasion of the Philippines, 6,000 miles from the Yaps, in the Palaus, Ulithi and Ngulu atolls of the western Carolines.

## Mrs. Roy Barnett Claimed by Death

Death came to Mrs. Jessie Mae Barnett, wife of Roy Barnett, of their home near Tennessee River on Tuesday, October 18, following a six months' illness.

Mrs. Barnett was only 41 years of age and survived by her husband and 11 children: two daughters, Rhonda Nell, Maxine and Rachael Barnett; 6 sons: Glenn, Lee Roy, Jr., Oliver, Bradley, Dale and J. L. Barnett.

Mrs. Lizzie Dyer of St. Louis, Mo., is a sister, and Joe Weston, Granite City, Ill., is a brother. Mrs. Barnett was a member of the Center Ridge Baptist Church and a loyal member of the Woodmen Circle.

Funeral services were conducted by Rev. T. T. Daniel at the Barnett cemetery on Tuesday afternoon at 3 o'clock.

Palbearers were six nephews of Mrs. Barnett.

## Murray Bengals Run Up 41-7 Score Over Fulton, Thursday

Coach Ty Holland's Murray High School Tigers took the Fulton Bulldogs in stride last Thursday night at Fulton and came out of the game with a 41-7 victory. The Bulldogs were unable to cope with the Murray line as the Holland-men consistently made large holes in the line for the Tiger backs to make nice gains.

HOW THEY SCORED  
Captain Shroat intercepted a Fulton pass and raced 10 yards for the touchdown. Covington made the extra point. Murray 7, Fulton 0.

The second marker came when Covington raced 80 yards to cross the line. Furgerson failed to convert. Murray 13, Fulton 0.

The third score was made by Shroat who drove 2 yards for the tally. Covington converted and the score was Murray 20, Fulton 0.

Murray scored a safety late in the second quarter. A bad pass from center went over the Fulton back's head, hit in the end zone and then out of the playing field. Murray 22, Fulton 0.

Furgerson made the next marker around his own right end when he got loose for 35 yards. The extra point was good. Murray 29, Fulton 0.

Late in the third quarter, Covington scored a safety. Murray 36, Fulton 0.

## DAVID LILIENTHAL, CHAIRMAN T.V.A., IS FDEA SPEAKER

'Building the Future'  
Theme of Address at  
60th Annual Meet

An "American Development Program for our time" was proposed here Friday, October 3, by TVA Chairman David E. Lilienthal in an address "Building the Future" delivered before the 60th annual session of the First District Education Association.

Denying it was either a "public works" or an "unemployment relief" program, Lilienthal said his proposal could be stated in terms of real things—land, factories, streams, electricity, forests, jobs, minerals. He advocated development of the nation's rivers by modern methods which would be, he said, "the largest engineering project of all time." Other recommendations included land development, reforestation, and conservation and utilization of mineral resources.

"To do this particular job the Constitution of the United States needs no amendment, nor does the scope of functions of Government require basic revision," Lilienthal said.

The major obstacle to the realization of this program, according to the TVA chairman, "is just that we will allow our energies and our driving vitality to be consumed in violent controversy over meaningless slogans and catch-phrases, by name-calling over vague abstractions—undefined phrases such as 'free enterprise,' 'collectivism,' 'reactionary' or 'radical'."

Dr. James H. Richmond, president of Murray State College, introduced the speaker and described him as a leader of a project which is the greatest of its kind in the world. The TVA has practically completed its \$110,000,000 Kentucky Dam on the Tennessee River near here.

## JCC's Further Plans of Halloween Event; Nylon Hose Arrive

The Halloween Carnival to be held October 31 in the Overbey barn, and plans concerning the event was the main business of the Junior Chamber of Commerce that met in the National Hotel Tuesday night with T. C. Collier in charge. One new member, Paul Gargus, was admitted to membership, boosting the roll to 27.

The 16 members present at the meeting adjourned to the Overbey barn to mark off tentative booths for the fall party. Mr. Collier and Tullius Caraway, chairman of the entertainment and prizes, stated today that the Nylon and Steel Silk hosiery to be given away for the premium at the occasion, arrived Tuesday and had been placed in safe keeping until Halloween.

They reminded the Ledger and Times reporter that a substantial prize is being offered for the best costumed person in attendance. Many entertaining features are being planned. This party will be welcomed by the whole country for it is the only program of fun that has been advertised for the last day in October.

All men in uniform will be admitted free at the door, and are especially invited to attend the fun and frolic offered.

Those present at the meeting Tuesday night were: T. C. Collier, Rue Overbey, Leon Crider, Maurice Ryan, Grover James, William Jeffrey, Paul Buchanan, Gordon Moody, Tullius Caraway, Robert Holland, Cecil Farria, Ace McReynolds, Stanford Andrews, Alfred Young, L. ## Teams Get \$2444 In Community War Fund Drive; Some Give Grudgingly, Others Increase Amounts

T-Sgt. Morris Lamb,  
Wounded In India,  
Visits Relatives Here

T-Sgt. Morris Lamb, who has been overseas for six months and was wounded in combat duty in India, has returned to the States and is spending a ten-day sick leave visiting his wife, the former Miss Mary C. Hicks, and father, M. Q. Lamb, of Murray.

T-Sgt. Lamb, infantry, entered service in July, 1942, and received training at Camp Swift, Tex., and Ft. Leonard Wood, Mo. Upon the completion of his training, he was sent to Burma where he was wounded on June 29 in the battle of Myitkyina and was hospitalized in Ledo, India, where at one time Lt. Col. Joe T. Lovett and Lt. Edwin James received hospitalization.

T-Sgt. Lamb wears the Combat Infantryman's Badge for participation in actual combat. He was a member of the famous Merial Maudslayi jungle fighters.

On October 1, he arrived in New York and was sent to Thayer Army Hospital, Nashville, Tenn. His wife and father visited him last week-end and he returned home with them for 10 days after which he will again report to Thayer's Hospital for further treatment.

## Pvt. Bailey Dockery Killed In France

Word has been received here by Ernest Bailey that his nephew, Bailey Dockery, was killed in France on October 1.

Pvt. Dockery, the son of Mrs. Sallie Bailey O'Connor of Oklahoma City, was inducted into the army two years ago and has been overseas since the first of this year. He served in England before being sent to France.

Pvt. Dockery is well known here before being inducted into the army he was employed by a trucking company.

## Bowling Green High To Meet Tigers Here Friday Night

Defeating the Fulton Tigers 41-7 on last Thursday night on the Bulldogs' own field, Murray High School's Tigers will be host to the Bowling Green High gridders tomorrow (Friday) night at 8 o'clock. The Tigers who have a record of four victories against no defeats, worked diligently this week under Coaches Holland and Crider for their fifth contest of the season.

Coach Ellis Donaldson's Purples are playing good football this year and although their record does not equal that of the Tigers to date, they always present a good brand of football and usually give the Tigers a hard way to go. With their offense built around Heman, 185 pound fullback, the Purples carry a powerful punch for line plays and Halfbacks Hengen and Allen exhibit a nice running and passing attack.

The Tigers go into their fifth game of the season in fairly good shape. With Tip Miller out of the play with a fractured wrist it has hurt the Tigers a little bit. Coach Holland said today that he probably would use the same combination in the backfield that he used in the Fulton game which was composed of Shroat, Furgerson, Russell, and Covington, with Moser taking Shroat's place at left end. The Fulton game brought out the fact that Coach Holland could make many switches in the lineup without apparent loss of power on both offensive and defensive play.

Pre-season predictions gave Bowling Green the strongest ball club the had had in several years. The Bulldogs have gained polish and power with each game, therefore, according to dope available it will be the Tigers' hardest game of the year to date. The Tigers of 1944 present an entirely new situation for Coach Holland. The Murraysmen, captained by Eddie Shroat, are taking the game seriously although not enough so to throw them off balance. They agreed with Captain Shroat at the beginning of the grid season that they would take the games as they came and not spot one particular game on the schedule as—"the game to win". So far the Tigers have taken their wins as a matter of course and have not become unduly elated over their successes.

## Mrs. Jess Gibbs Claimed by Death Saturday Morning

Mrs. Jerry Roark Gibbs, the wife of Jess Gibbs, died at a local hospital Saturday morning at 8:30. Mrs. Gibbs who had been in failing health for a few months, had not been confined to her bed until this summer. Her death came following an operation to which she submitted Friday afternoon after she had been advised that her chance for recovery would be greater if she had the operation. She told her family that she would make the effort, trusting all to her Saviour.

Mrs. Gibbs was the daughter of the late Mr. and Mrs. V. H. Roark and spent her entire life in this county. For the past few years she had resided at her present home near Five Points.

She was a faithful and devoted Christian, being a loyal worker in the North Pleasant Grove Cumberland Presbyterian Church.

A kind and sympathetic neighbor and a devoted mother, she numbered her friends by her acquaintances.

Besides her husband she is survived by two children, a daughter, Mrs. Charlie Jenkins, a son, Virgil Gibbs, who with his family resides next door to his father. There are five grandchildren, Doris, Jean, Barber, Jesse Dwayne Gibbs, and little Jan Jenkins, born two weeks ago.

Mrs. Leonard Wilson of the county and Mrs. Dixie Robinson, Murray, are sisters.

Funeral services were held at 3 o'clock Sunday afternoon at North Pleasant Grove and conducted by the Rev. Scott Johnson and the Rev. H. L. Lax. Burial was in the church cemetery.

Palbearers were Gus Lamb, Hampton Brooks, Glyce Wells, Owen Vaughn, Herman Fulton, and George Wynn.

Mrs. Ida Beaman, mother of Mrs. Luther Jackson, fell at her home on Elm street Tuesday morning and suffered a broken hip. She is in Mason's Hospital.

## Co. Quota Is \$7600; Drive Ends Oct. 31; Schools Take Part

The Calloway County Community War Fund Drive is on. Three war captains, Luther Robertson, Dewey Jones and A. B. Austin have reported their assignments of solicitation completed with a turn-in to Bryan Tolley, treasurer, of approximately \$2,444.00, according to official information today.

Mr. Tolley stated today that at the above rate of collection for this humanitarian cause, the town of Murray would raise in the neighborhood of \$3,200.00 toward the total \$7,600.00 quota for this county.

The coming attraction at Lynn Grove for the month of October will be the annual grade program.

Students from the first eight grades will participate. The program will be presented by the primary children. Everyone will enjoy the fun and laughter of "The Jolly Pickinners" by the third and fourth grades. Special features such as "Bicycle Built for Two," "Jolly Old Maids From Lynn," "There Ain't No Place on Us," and "When You and I Were Young" will be presented by the fifth and sixth grades. The seventh and eighth grades are planning two one-act plays. The seventh grade is presenting "Henry Fust His Foot In It" and the characters are: Henry Pepperdell, Donnie Darnell, Gladys, his wife, Anna Brown, Edna, Betty, the daughter, Janet Key, Bob, the son, Bobby Eaker, Jefferson White, a family friend, Harrel B. Howard, the girl Ja-Ja-Less Lassiter.

The eighth grade is presenting the play "That Young Generation." The characters are: Matilda Hayden, an old maid, Sue Lockhart, Joy Hayden, her niece, Bonnie Sue Hall, Paul Royce, an old sweetheart of Matilda's, Gerald Dunaway, Bob Cory, the boy from across the tracks, Eural Todd, Hattie Moore, a nose neighbor, Mildred Rhodes.

The program will start promptly at 8:00 o'clock. There will be a small admission fee to take care of the expenses. So we are expecting you on October 27. Come and bring friends if you would like a lot of fun.

We wish to thank all the women who have been helping us in the canneries for the school lunch room.

Mr. Steery, with the help of the FFA boys, has started riding the canneries with brick siding.

Mr. and Mrs. James Lassiter were visitors here the past week. They were both former students here.

Li. Covell Myers was present Monday morning in the aerobics class. Everyone enjoyed his talk and instructions he gave on different planes and their reactions.

## T-S GROOVER PARKER WRITES FROM NEW GUINEA

T-S Groover Parker is some-where in New Guinea, according to a letter received by his wife on October 17.

The letter dated October 5, stated that he was well and doing alright. He told of some of his experience while at sea; he crossed the equator on the 8th of September and was privileged to attend a "David Jones Court" which is an initiation which takes place when the equator is crossed. At this time sail-ors who are crossing for the first time are compelled to take part in this celebration, which affords much fun, especially to the on-lookers.

T-S Parker who was employed as bookkeeper for Bowwright Wholesale Grocery before his in-duction, is the son of Mr. and Mrs. J. A. Parker, of Springfield, Tenn. He was inducted into the army in July '43 and trained at Ft. Sill, Okla., Ft. Ord, Calif. and Camp Phillips, Tex. He left Camp Phil-lips for port of embarkation on August 2.

His wife, the former Miss Orlene Wilford of Dover, Tenn., resides on North Fifth street.

MISS VIRGINIA SIMPSON BECOMES BRIDE OF ROBERT L. TURNBOW, U. S. NAVY.

Mrs. S. V. Ingram of Marks, Miss, announces the marriage of her daughter, Mildred Virginia Simpson, to Robert Lee Turnbow, Coxswain, Navy, son of Mr. and Mrs. O. B. Turnbow of Hazel, Ky. The ceremony was performed in the presence of a small group of friends at the home of the officiating minister, the Rev. M. C. Whit-ten, Hernando, Miss., on October 4, at 8:15 p.m.

The bride, given in marriage by her brother, Pfc. Thomas C. Simp-son, wore a smart white flannel dress with black accessories, shoul-der corsage of purple orchids. Mat-ron of honor, Mrs. J. V. Brock of Memphis, wore a black crepe and her corsage was of lilies of the valley.

Coxswain Turnbow is now sta-tioned at the Naval Air Technical Training Center at Millington. The couple are living at 229 North Ger-land, Memphis.

Cpl. Gene Brewer, son of Mrs. Irve Brewer, North 10th Street, spent a few days with his mother and sister Mrs. Truman Smith, the past week. Cpl. Brewer was ex-pected to Lincoln, Neb., where he will be stationed. Cpl. Brewer's wife who accompanied him here, remained for a longer visit with her parents, Mr. and Mrs. S. D. Blylock.

FVT. CECIL JACKSON SPENDS FURLOUGH NEAR HARDIN

Pvt. Cecil Jackson, of Truss Field, Madison Wis., is spending his furlough at home with his father, Dolphus Jackson, and fam-ily near Hardin. He visited W. E. Clark and family Wednesday, Mrs. Clark is his aunt.

Pvt. Jackson has been in Camp Atterbury, Ind., Sheppard Field, Tex., before going to Madison. Cecil has a brother Hugh some-where in Italy. He took his train-ing at Camp Chase, Ark. He left for overseas duty sometime in July.

FVT. JACOBS GRADUATED

FORT KNOX, Ky.—(Special)—Another class of qualified radio operators had been graduated to-day by the Communication Depart-ment of the Armored School. Graduates included Pvt. Simon Jacobs, Olive Street, Murray, Ky. Their arduous 12-weeks' labors behind them, the graduates have returned to their units in armored divisions and separate tank bat-talions throughout the United States. There they will play an important part in the signal com-munication system which is used in units on maneuvers and in combat.

Each soldier in the course learns the International Morse Code, the "dit-dah" alphabet, and progresses through radio procedure and a study of radio sets. Final phase is field operation, in which radio sets are operated from scout cars un-der simulated battle conditions.

The Communication Department is one of eight in the mammoth Armored School, "university" of the armorers. The school rolls off its human assembly lines each year many times more trained tech-nicians than the average civilian university or college.

Brig. Gen. P. M. Robinson is com-mandant of the Armored School.

## Squire W. A. Patterson Hears From Three Grandsons in Armed Forces

First Lt. Randall Patterson, son of Wendell Patterson and grand-son of W. A. Patterson, Concord's representative on the Fiscal Court, wrote home to his folks this week. His letter, stated that he was fight-ing with the 1st Marine Division, Hodge's Army and with the com-bat division. He commented on being very busy, and when he slept, he slept on the ground in the rain with no cover except his overcoat.

He was drafted in the second group of men from this county and has been overseas almost a year. He told his wife, the former Miss Hilda Ann Lawson, that he hoped to see his little three months old son before he grows too big.

Pvt. Denham Wynn Squire Patterson hears from his other grandson, in the service, too. Pvt. Denham Wynn is with the artillery and is in New Guinea where he has served a year. He is the son of Mr. and Mrs. Jack Wynn, former residents of this county, residing at Lock E. on the Cumberland River. He attended school at New Concord and en-tered the service in 1942. In a recent letter he wrote that he was shelled under in his foxhole, by the Japs, but he managed to dig out. He is married to the former Miss Sue Hutton, who is residing in Detroit.

Pfc. James H. Patterson, with the infantry, has been in Hawaii but his letters indicate that his location is being changed. He hasn't been home since 1942. He was drafted from Calloway Febr-uary, 1941. He is single and is a graduate of New Concord High School where he was considered a star basketball player. He spent most of his service days on the West Coast until he was sent to Hawaii.

TAKES FURTHER TRAINING AT IOWA STATE COLLEGE

Miss Marjorie Bowden, daughter of Mr. and Mrs. R. L. Bowden, Farmer Avenue, who was inducted into the WAVES in June, com-pletes her initial training at Hun-ter College, N. Y., and was chosen for special instruction in Yeoman-work. She entered Iowa State College, Cedar Falls, Iowa for this course which she will complete on November 13. Upon the comple-tion of this course she will spend a short leave with her parents be-fore reporting for a new assign-ment.

WAVE Bowden was chosen as Drum Majorette for her training unit band. She is a graduate of Murray Training School and attended Murray State Teachers College and was chosen "Miss Calloway County." Before entering the service she was employed by National Fireworks at Viola.

Six new members were added at this first meeting of the year. They were Mrs. Frank J. Prindl, Mrs. Edward Keefe, Miss Bethel Rite, Miss Patricia Merrill, Miss Rachel Rowland, and Dr. Racine Spicer. Year books were distributed along with other routine business.

## YOUR RIGHT OF SUFFRAGE . . .

SHOULD NOT BE NEGLECTED. The parent can no more neglect the care of their children, or their faith in God, as democracy is a faith or should be with all good citizens. The church, the school, and all society is protected by a democracy, which is protected by the voters in a democracy.

There will be only two more papers before the election, make your plans to vote November 7. There will be many unfortunate persons who did not qualify by registering. Certainly they will not neglect the next opportunity to register.

If you can vote by mail, get ready at once — not much more time.

Thanks to the OPA and ceiling prices for controls of merchandise, political minded people at times make complaints of little inconveniences, but the soldier comes first. The army in Europe needs more warm clothing as winter is coming on; the army in the Pacific needs many things. I am happy to do with it.

We recent people who laugh while others weep, who play while others go to war, and profit by others' misfortunes. When we emerge from this time of horrors, our democracy will be more appreciated.

Come in to see us every time you are in town.

## INGLE-POOL WEDDING IS OF INTEREST IN MURRAY

Friends in Murray will be interested in the following account taken from the Dallas Times-Herald:

In a simple ceremony performed in the Little Chapel-in-the-Woods on the campus of the Texas State College for Women, Denton, Texas, Miss Alice Pool, daughter of Mr. and Mrs. Gaston L. Pool of Lancaster, Texas, and Johnny Lindsay Ingle of Dallas, son of Mrs. John L. Ingle of Santa Monica, Calif., were united in marriage on Saturday evening, October 7. The Rev. Miller B. Sale, pastor of the Trinity Church, Fort Worth, read the marriage rites.

The bride, given in marriage by her father, wore a quaint period gown of creamy brocade tulle designed with a sweetheart neckline and bracelet length sleeves. The molded basque extended into short flared peplum, and the full skirt fell into a slight train. Shadow veiling fashioned her head-dress and was arranged in deep tiers across the back of her collar. She carried a prayer book and a bouquet of stephanotis from which extended a ribbon shower. Her heirloom necklace was a gold pendant set with diamonds and pearls.

Miss Elaine Meredith was maid of honor and Pvt. D. K. Andrews was best man. Ushers were G. R. Roland and N. F. Faus, and the traditional wedding music was furnished by Miss Imogene McMillan.

The couple will be at home after October 15 at 725 West Seventh in Dallas.

## MOTHER'S CLUB HOLDS FIRST MEETING OF YEAR

A tea was enjoyed following the program with Mrs. W. J. Gibson, Mrs. Ethelyn Johnston, and Miss Ole Brock as hostesses. Mrs. Wade presided at the beautifully appointed tea table.

## MRS. ROCHELLI HONORED AT TEA SATURDAY AFTERNOON

Honoring Mrs. Louis J. Rocchelli, the former Miss Mayne Ryan, whose marriage was an interesting event of October 7, Mrs. H. I. Bledsoe entertained with a tea Saturday afternoon at her home on Poplar street. Mrs. Sladd, Mrs. Rocchelli and Mrs. Dewey Nelson stood in the living room to receive the guests who were greeted at the door by Mrs. Will H. Whitnell and Mrs. Clifford Melugin. Mrs. E. J. Beale and Mrs. Vernon Stubbsfield, Jr. assisted in entertaining the guests.

Roses, chrysanthemums and other fall flowers of varied shades were used in the living room. White and green leafy ferns on the dining room where white roses and cosmos were used in the decoration. At one end of the lace covered tea table a crystal bowl of white carnations and fern rested on a mirror plaque, and at the opposite end was placed the punch bowl. Down the length of the center of the table white tapers burned in a silver candelabra. Individual cards repeated the white and green motif. Mrs. Marvin Whitnell and Mrs. E. S. Diuguid, Jr. alternated in presiding at the punch bowl, and were assisted in serving by Mrs. A. B. Dunn, Miss Barbara Diuguid, Mrs. William Bellas, and Miss Madge Patterson.

Throughout the reception hours music was furnished by Mrs. Roy Farmer and Miss Lula Clayton Beale, at the piano.

## Miss Evelyn Linn Presided At Alumni Meet Oct. 13

Plans Fund For Scholarship; Buys Bond for Steely

Twenty-five graduates of Murray State College met for luncheon in the Collegiate Inn Friday, October 13, and made plans for the year's work of the Alumni Association. Miss Evelyn Linn, president, led the discussion and introduced Dr. W. G. Nash, dean of the college who offered some suggestions for the work.

Mrs. George Hart, secretary of the association, read the minutes of the last meeting and made the financial report. The board members present voted to offer two scholarships to outstanding seniors of high schools in the May meeting. The scholarships are to be awarded to students qualifying in scholarship, leadership, character, and ability to make good in college. This is following the custom of the past four years.

The secretary was directed at this meeting to purchase a \$100.00 War Bond to hold for the use of Will Frank Steely, Hazel, who won a scholarship in 1943, but was called to the Navy before using it.

Will Frank Steely, the son of Mr. and Mrs. T. M. Steely, Hazel, is in the V-12 program and is assigned to the University of South Carolina. He was drafted June, 1943. He is a graduate of Hazel High School where he won state

and district oratorical contests.

Memory Plates, featuring Wells Hall, are being sold by the Alumni Association as a means of making funds for the scholarships offered. A special drive for memberships is being launched in behalf of this fund.

Last year's scholarships were cut in half because of insufficient funds paid into the membership drive.

## More Power To Rural Sections

Recent enactment by Congress of the Pace bill, modifying the terms under which the Rural Electrification Administration may make loans to qualified borrowers, has paved the way for construction of power lines to reach less densely populated sections of Calloway, Graves, Marshall, and Carlisle counties. Ed C. Ray, president of the West Kentucky Rural Electric Cooperative Corporation said today. The new legislation fixes the interest rate on all REA loans at a flat 2 per cent, and provides that borrowers may be given up to 35 years to amortize their loans where necessary to accomplish complete area electrification on a self-liquidating basis.

Mr. Ray pointed out that the lower interest rate will apply to the West Kentucky Rural Electric Cooperative's outstanding REA loan, on which it is now paying up to 7.75 per cent as well as to future loans, and will thereby make possible an immediate reduction in loan carrying charges.

The bill also extends indefinitely the life of the REA lending program subject to future Congressional loan fund authorizations, where as the REA Act of 1936 provided for only a 10-year program. The effect on future loans and on the long-range program of the Cooperative, he said, is described in the following statement released by William J. Neal, REA Deputy Administrator:

"The provisions of the Pace bill, just signed by President Roosevelt, provide one of the greatest forward steps in rural electrification since the basic REA Act of 1936. Its reduction in interest rates, and the new possibility of longer amortization periods where necessary, gives promise that electric lines can be built on a self-liquidating basis into thinner and thinner territories. It brings much closer the attainment of our goal of electricity for every farm, every rural home, every rural establishment in America."

Lamiter, and Leon Grogan, working in the foyer of the auditorium during the meeting of the F.D.E.A. collected \$55.00 in memberships and sold \$52.00 worth of Memory Plates. This makes a total of \$107.00 to be applied on scholarships next year, is the report of Miss Linn today.

Dr. Nash, in his recommendations to the group, urged that county chapters of the Alumni Association be reorganized and more interest worked through the state in that manner.

Those present at the luncheon were: Those present were W. B. Morgan, Dr. W. G. Nash, Leon Grogan, Mrs. Hugh Houston, Guy Billington, Mr. and Mrs. Burton Jeffrey, Miss Ruth Lassiter, Miss Laia Cain, Miss Mary Lassiter, Mrs. George Hart, Miss Evelyn Linn, Mrs. T. C. Arnett, Miss Mildred Beale, Miss Hazel Terry, Miss Laurine Terry, Miss Kathleen Patterson, Miss Margaret Graves, Miss Carmen Morrow, Paducah; Miss Brublah Stratton, Paducah; Prentice Lassiter, and Mrs. Elizabeth Rowe, Paducah.

## RURAL WOMEN SERVING RED CROSS

American Red Cross volunteers, like the women shown here making surgical dressings, are helping the Red Cross carry out its vast program of wartime service here at home. In thousands of small communities, as well as in the larger cities, one group of these volunteers, the production workers, gathers in church parlors, school-rooms and elsewhere to knit, sew and make surgical dressings.

During the first half of June, Red Cross chapters shipped 56,329 surgical dressings to Army medical depots. To guarantee plenty of these essential supplies, the Red Cross has set total monthly quotas averaging 100,000 dressings for the second half of 1944.

## Wells Purdom and Kirk Pool Plan to Open New Business

Wells Purdom and Kirk Pool are planning to open a new business near the first of the year, according to reports here. A location on the south side of the court square has been rented for this business, that is to be an office supply, sporting goods, and electrical appliance market.

Mr. Pool formerly owned and operated a similar business here on West Main street, but sold out after the items and machines he sold became restricted because of

the war conditions. Mr. Pool has been operating his father's coal market for several months.

Mr. Purdom is well known here and has been in business for several years. He owned and operated a cleaning plant here before going into the hardware business on North Fifth street.

Plans for the new firm are that Mr. Pool will operate the new concern and Mr. Purdom will continue in the hardware business.

## Farmers Invited To Radio Programs

LOUISVILLE, Oct. 21.—Kentucky farmers are urged to listen to a series of radio programs stressing the achievements of the Roosevelt administration in agriculture and its plan for the future after the war which are being sponsored by the Democratic National Committee.

The broadcasts can be heard every Monday through Friday over Station WHAS, Louisville, from 6:30 to 6:45 a.m. and over Station WKRC, Cincinnati, from 6:45 to 7 a.m. John Merrifield, farm program director for Station WHAS now on leave of absence is in charge of the programs.

Senator Truman, Secretary of Agriculture, Claude Wickard, Vice-President, Henry A. Wallace and James Patman, president of the National Farmers Union are among the distinguished guests, who will be on the program.

The last broadcast of the program will be given on Tuesday morning, November 7, election day.

To prepare beets, carrots, turnips and rutabagas for storage, cut tops off flush with the tops of the roots. Don't leave short stubs of top. Growth then will rot easily and may lead to rot of the root itself.

## Soil Conservation Contest!

A Soil Conservation Contest offering \$1500.00 in war bonds, sponsored by the Courier-Journal and The Louisville Times in cooperation with the Kentucky Soil Conservation District, is open to young Kentucky students. It was announced by A. Threlkeld, President of the Kentucky District Supervisors.

The contest, first of its kind in the state, is held for any Kentucky boy or girl in grade or high school submitting an essay not exceeding 1000 words on: "The Job Ahead For Soil Conservation Districts." Deadline is November 15, when essays must be assembled from each school and taken to the County School Superintendent's office.

The three state prizes of \$100, \$50 and \$25 war bonds respectively, will be awarded December 15, at the two papers' annual Farm and Home Campaign—Tom Wallace Forestry Award dinner-broadcasts. Additional district awards of a \$25 war bond will be given each winning grade or high school student in soil conservation districts, or in cities, towns or villages within the boundaries of a soil conservation district, where at least 5 essays are submitted.

Each essay should include plans and ideas on why once-prosperous farms are abandoned; the results of this waste land and why it is permitted to continue; what Kentucky farmers can do to prevent such future losses; and how each soil conservation district can help meet the needs for conserving soil resources.

According to Mr. Threlkeld, 85 percent of the land areas in Kentucky are affected by soil erosion, a higher percentage than in any other state in the U.S.

State judges for the contest are: A. Threlkeld, E. J. Kinney, chairman, State Soil Conservation Committee; H. K. Gayle, State Conservationist, U.S. Dept. of Agriculture; Soil Conservation Service; J. F. Williams, State Superintendent of Public Instruction; and Mrs. Barry Bingham, representative of the Courier-Journal and the Louisville Times.

For further information concerning the contest communicate with J. M. Wynn, The Courier-Journal

### Calloway May Have What She Asks For

Calloway County is marking time as she dreams of the good days that could be had by a well-planned, highly-organized, and practically administered program. The Chamber of Commerce is in the process of being re-organized. It is hoped that this process will not take too long, and will be in operation by the first of the year. It will take such an organization to cope with the opportunities that are within our reach.

The Kentucky lake's potentialities through such promotion will bring many good things to this community. For several years the American people have had their traveling restricted. When the traveling restrictions are lifted, when automobiles, gasoline and tires are again unlimited, when the war is over and the boys come home, we with all other Americans will humor our wanderlust instincts and hit the trails.

These trails will be by streamlined trains, in comfortable air-conditioned buses or in new super-large air liners. Then we will see travel at a high point never before reached in this country.

Is Calloway ready for this point of the era? Pains-taking surveys have been made in several parts of the country to show what happens to the tourist's dollar. The results are that 80 cents of every dollar spent stays in the area to which it is attracted.

This survey also shows that tourists spend an average of from \$5.00 to \$7.00 a day. We are told that Norris Dam attracted over two million people in a year. If that is true, then we can expect as many if properly promoted. Money brought in from elsewhere to be spent on the largest man-made lake in the world, right here with us, would be welcome.

What the tourist takes away with him is nothing but pleasant memories. . . if he has pleasant experiences to treasure as memories while here.

To get the tourists here will be one of the problems of our community. It will require advertising, good roads, airports, better train facilities and more hotel accommodations. We have good roads in certain directions, good hotels, but we will need more; and it is our belief that we had better start making plans for an airport. When the war is over, there is going to be a demand for planes and a place to land them, not only for our own people, but people from other states who will want to fly here.

The Chamber of Commerce will be attracted to the development of the lake as a resort, but will have other interests. We want people to move here to live. They will want to live here if they know our schools, including the Murray State Teachers College, our churches, our farms, our friendliness.

We want industry to furnish work and payrolls for our people, including the returned war veterans. To bring all these things under a well rounded program of the Chamber of Commerce, it is going to require a substantial financial budget, and an executive board with a broad vision.

We maintain that Calloway may have what she asks for. So we suggest that she considers carefully, and plans well for what she wants, then go after it.

### Some Question You May Have Asked

PADUCAH SUN-DEMOCRAT

Have you asked yourself why you should give to the War Fund? The answer is you should—

Because: You tour the combat zones with a U.S.O. camp show troupe, bringing the men in the foxholes a holiday from

You give a pat on the back to the new kid in basic training, who feels a little less homesick, a little less beaten-down after an evening's good time at the U.S.O. club.

You give a rest from convoy fatigue to the weather-burned merchant seaman, who has just come halfway around the world.

You pass through prison gates to that young bombardier and bring him a book, a game, a phonograph record to live his hours of stagnant idleness behind barbed wire.

With food, medicine and clothing you extend the hand of friendship to sick and starving peoples abroad and try to make human beings again out of blasted lives.

You go to the farthest part of the world and to the nearest—from the neighbor's house next door to the thatched shelter on a coral atoll.

Why do you do this for our own, our Allies? Why do you give of your own free will? Why? Because victory and a lasting peace begin in the hearts of men!

Defeat—such as we have just experienced at Arnheim—does not mean the same to us as it does to the man who has not met defeat by our enemies. We at home have not seen theaters—the blood—nor death on the battlefields. We read about it in the papers—not experience it.

If your contribution will bring rest, relaxation and recreation to one man—if it tends to show him that we are still backing him with everything we have—wouldn't you feel like going out again (after temporary defeat) and finishing the job—it you were in his shoes?

A change in national administration in time of war, even if it were surrounded by promising circumstances, is frightening to contemplate. It is dangerous to make America cannot afford to take a chance.

### Before Making Your Contribution To The War Fund Drive, Read These Messages From Calloway Soldiers

"I often think of those September mornings at home. . . These bright blue October days, tramping through the woods with you. . . I can smell the smoke from the tobacco curing in the barns at home. I close my eyes and try to imagine the feel and smell of clean white sheets. . . I tease my appetite recalling the taste of a juicy steak cooked at home in the family kitchen with hot biscuits and gravy, too."

These statements were clipped from letters from Calloway boys are fighting in Germany, New Guinea, and Italian battles.

"I have a feeling my number is up, Mom," was a sentence the last letter one son wrote home.

Another clipping reminds us of our over-optimism: "About coming home Christmas. . . I had to laugh with some feeling of contempt. . . The folks at home disappoint us sometimes by their wild predictions. They make them without any analysis of the situation. God knows how much I would like to be home for Christmas, but it just isn't in the books, even if Germany surrendered today."

Another letter had this to say: "You'll never know the strain, anxiety, pain, hardships, and suffering that these boys endure. One day of our life would equal a lifetime of those at home."

"Have homefolks ever watched the American boys go into battle? Have they seen them march along the highway in mud, the lines spread out for protection against artillery fire; their clothes muddy and wet, feet soaked to the skin and their faces dirty and tired? Have they seen them marching, and slung over their shoulders the tremendous weight of numerous weapons which feel like some after they are carried for several miles?" was the question asked of a loved one.

Does it touch you or me when we read a letter that questions the sincerity and concern of homefolks? Here is a challenge: "I have asked myself, 'Does America really appreciate the sufferings and hardships of these boys?' . . . If I ever get home and am in a position to aid any U. S. soldier, I will give it all I can."

Another pilot writes from a German prison camp: "I am getting along fine. I have nothing to do but mark the time. I can't write you except to tell you I am well. Hope that you are well at home. Write me. Can anything be worse than to know that barbed wires and prison guards confine you for years. . . or until the war is over."

That soldier imagines that everything has happened to those he loves. He needs encouragement. . . an expression that folks at home are concerned and are not "Laying him down."

I want you to look after mother for me while I'm over here," was another man's request.

A mother with her two children are lonely tonight for their soldier to come home. . . Long hours of waiting looking after things at home while the man of the house is away. . . being neglected because of the strain of the times. . . being pulled from place to place for that last visit with him before he sails. . . Do these things stir your emotions?

Whole families are homeless because of the war. There are the sick, the hungry, the wounded, to be cared for.

Whole armies, hospitals of wounded, camps in desolate regions, and families separated from loved ones are hungry tonight for entertainment that will give them a taste of home, a courage to keep going.

All these things and 35 others are summed up in one lump and served by the War Fund drive that is being promoted here. Money can talk in a saying that really comes true in this sense. Reread these clippings from servicemen's letters. . . and make a comparison of your condition with theirs. If you have never tasted what they speak of, then you should recount your blessings and be thankful. If you have experienced what they are enduring, then count your blessings again.

As one soldier said, "You'll never know the strain, anxiety, pain, hardship, and suffering that these boys endure. . . One day of our life would equal a lifetime of those at home."

Give to the War Fund Drive, according to the way you have prospered. . . that is the way the Bible directs us to give. . . Surely this is a Bible reason for giving. . . We are giving to humanity that is fighting a war caused by sin, and fighting to make it better for humanity. There are numbers of Calloway men and women working on this drive. They are giving of their time and effort to raise the quota of \$7,500 for this county. They will know if you gave or if you didn't. . . One woman said after a recent drive in a similar campaign, "I'll never forget that man. . . I solicited him for a donation in the last drive. . . He gave a sum so small that it was embarrassing to accept it. And he was in a position to give so much and do so much good. . . Don't be earmarked with selfish stinginess in this year War Fund Drive."

Give all you think you can spare, then give that much more. If it hurts, then try to remember the quotation from those letters above.

### MYSELF

I have to live with myself and so I want to be fit for myself to know: I want to be able, as days go by Always to look myself straight in the eye I don't want to stand with the setting sun And hate myself for the things I've done.

I don't want to keep on a closet shelf A lot of secrets about myself. And feel myself as I come and go Into thinking that nobody else will know The kind of man I really am I don't want to dress myself in sham.

I want to go out with my head erect I want to deserve all man's respect But here in the struggle for fame and pelt I want to be able to like myself I don't want myself to know That I'm bluster and bluff and empty show.

I never can hide myself from me I see what others may never see, I know what others may never know I go where others may never go. So whatever happens I want to be Self respecting and conscience free.

—Edgar A. Guest

### The tree of bitter knowledge.

### Why We May Cash War Bonds

A damaging impression is too widespread as to the Treasury's reason for making eligible War Bonds in the hands of individuals cashable directly by banks (a plan that began October 2).

The new system was organized solely as a convenience for those who of sheer necessity must cash bonds. It is intended to make it possible for them to hold their bonds longer because their money will be at once available upon the actual occurrence of any necessity.

Some have been cashing in advance of necessity in order to have their cash in time. Their bonds henceforth will be as negotiable as a government check and are the most patriotic and safe way to hold interest earning money for any future need. Their money is always instantly available after the required 60 days have passed.

This new system is another reason for holding one's bonds to the last minute and for putting all of one's savings into bonds. The government does not want bonds cashed. Those who cash theirs, except in extreme emergency, are unnecessarily hampering the war effort and that for every bond cashed they or some fellow citizen must be sold another.

### Letter to The Editor

Ventura, Calif.  
Sept. 17, 1944

The Ledger & Times

Murray, Ky.

Dear Mrs. Hart:

I meet some one every once and while that has been in and through Murray. They all speak well of Murray and her good people. I am sure that some of the boys from Calloway county will say the same for Ventura, the friendly city, the U.S.O., etc.

I went over to the Base, and met Jas. D. McClure. Bm 1-c. He is one of the river bottom boys of near Hamlin birth place. He is a big healthy looking boy. He is out in the South Pacific now.

I went to the memorial program at the J. C. College Auditorium May 29. It was good. But the sad part was a little white pocket line and white crosses on the large stage, the bugle call in the background, the pipe organ playing soft and low marches and the House Band was read off of over 100 Ventura county boys who had given their lives in War II, and the Gold Star Mothers who stood by the rose petals from above began to fall on the white picket fence and the whole masses. There was more than some of us could stand. Tears streamed down the faces of every one there. Most of them were the guards that were just to be in training for one year. Some have come back with loss of limbs and eyes and can't go back. Some have been killed and others were wounded and in hospitals in France today. These with some 400,000 killed, wounded and missing—our and your boys that were not going to be sent overseas. Just a vast sea. . . Just to save the British Empire.

The truth is coming out why and for whom this war is being fought, if we win which we will, and lose our American way of life what have we gained? Our boys want to see this U. S. A. as it was when they left, let's keep it the American way.

FRANCE. Not long after "H. hour," an American paratrooper crept across the dark Norman field to a farmhouse. His knuck was quickly heard and answered by a hospitable peasant woman, and soon he was enjoying a good meal. Then his hostess brought out a picture of her son.

"He escaped from France just after Dunkirk," the French woman told her visitor. "Now he's in Detroit. I heard from him only yesterday."

"Heard from him yesterday?" "But assuredly, monsieur. I heard from him through the Red Cross."

**REMEMBERS**  
 MEATS, FATS—Red stamps A8 through Z8 and A5 through K5, good indefinitely. No new stamps until October 22.

**PROCESSED FOODS**—Blue stamps A8 through Z8 and A5 through K5, good indefinitely. No new stamps until November 1.

**SUGAR**—Sugar stamps 30, 31, 32 and 33, each good for five pounds indefinitely. Sugar stamp 40, good for five pounds of cane sugar through February next year.

**GASOLINE**—In-17 East Coast States, A-11 coupons, good for three gallons each through November 1. In States outside the East Coast area, A-13 coupons in new "A" book, good for four gallons each through December 31.

**FUEL OIL**—Period 4 and 5 coupons and new period coupons, good through coming heating year.

**HOES**—Airplane stamps 1 and 2, good indefinitely. New stamp good November 1.

**PLENTIFUL FOOD**—Onions

There's More Sugar Coming. Housewives who have found their sugar stamps temporarily worthless because grocer's sugar shelf was bare may take hope now that the War Food Administration promises stepped-up production from the nation's sugar-beet factories in the West and Midwest.

On September 1 the nation's sugar inventory was lower than on any date since 1935. During the first eight months of this year, 43,000 tons more of sugar were distributed in the U.S. than in the same period of 1943. Most of the increase went to civilian usage for preserving and canning. In one form or another, civilians got most of the increase—preserving and canning of fruits and vegetables in larger-than-normal production of condensed milk and in supplemental allotments for other purposes.

Reclassify Men 38 And Over. Men over 38 who have been anxiously watching the "mail-box to learn of their final disposition under National Selective Service can now relax and continue their civilian work with the assurance that they are in an age group not acceptable for induction into military service. Local boards have been instructed to place registrants of 38 and over in IV-A, to retain in I-C all men honorably discharged and to discontinue the I-A (LI) classification. Men in class I-C may not be removed from this classification without action by the Director of Selective Service. Local Boards will put in other deferred classifications men found physically acceptable for limited military service only, who have heretofore been placed in class I-A (LI).

Farmers-Ranchers To Get Guns. New shotguns and rifles for farmers, ranches and law enforcement agencies are on the way. The War Production Board announced recently. Production of 465,000 shotguns and rifles has been authorized, but it takes from three to six months to turn out such firearms.

Less Nitrogen And Phosphate. U.S. farmers probably will have less nitrogen and phosphate fertilizers to use on 1945 crops because of increased military use of these materials, WFA says. The supply of phosphate WFA says will be materially larger than last year. If farmers lay in their fertilizer stocks soon this will clear the way for manufacture of more mixed fertilizers in case the supply situation improves in time.

Times To "Start Digging." Shovel everything else! "Start digging," was the advice a German radio speaker recently gave to men and women living along the West Wall, as reported by the Federal Communications Commission. The speaker said that while the German words, "schachten," which means to dig trenches and build earthworks, "smells of sweat and toil," it is "fine and manly" and "healthy exercises."

Famine, Floods, Cold, Darkness. "Famine, floods, cold and darkness threaten," the densely populated provinces of German-occupied Netherlands, the Netherlands Foreign Minister warned in a recent press conference reported by Aneta, official Netherlands news agency. As a result of German inundation of Dutch farmlands, much of it with salt water, the Netherlands has lost a large proportion of its prospective 1944 crops: wheat, 30 per cent—barley, 40 per cent—sugar beets, 50 per cent—potatoes, 25 per cent—oil seeds, 5 per cent and oats, 10 per cent.

Farmers Buy Surplus War Goods. Much of the surplus construction materials used on 400 government projects that have been sold by the United States Surplus War Property Administration have gone to American farmers through recent auction sales held in collaboration with county farm agents. Shovels, picks, rope and left-over paint were among materials sold.

ROUND-UP. Half the candy bars, candy rolls and candy in packages designed to sell for five cents and produced during the last quarter of this year are to be set aside for procurement by the armed forces, according to a WFA order. In spite of war since Pearl Harbor, by making short extension from existing laws the rural Electrification Administration has electrified 180,000 farm homes, the Department of Agriculture says. To help care for sick, injured and wounded soldiers, the rural Medical Department has appealed to Red Cross Nurses' Aids with hospital experience to apply for civilian jobs in any army hospital or dispensary services. Eligible women should write Medical Division, U.S. Civil Service Commission, Washington 25, D. C. for the Army Nurses Aid Booklet—Metal license plates issued by State or local governments may now be made from metal as a result of a removal of WPB restrictions. WPB has approved the building in the U.S. of nine hydro-electric turbine generators to replace those destroyed by the Russians in their disrupted plant when they retreated before the Germans in 1941. No one thing, says the Russians, will do so much to remedy damage done by the Germans as restoration of this power plant.

# Your Community War Fund Money Serves... Where Time Doesn't March On...

WHEN YOU GIVE to your Community War Fund representing your local community welfare agencies and the National War Fund, you are giving to your fellow Americans at home... in the services... in the prison camps and to the helpless of other nations.

How much shall you give? Turn the matter over to your heart. The job is tremendous. Give as generously as you can.

How to send a ball and glove to a prison camp

Did you know that you can send books and games and even athletic equipment to our boys in prison camps abroad?

"Oh boy, me a father and every-thing's okay. Molly writes that everybody was swell. Our home town family service helped her while the baby was coming, arranged medical and hospital care. Boy, am I happy!" (Thanks to your dollars.)

HOURS OF FUN for American Prisoners of War

"My kids—bad? Mary not coming home nights and Jim running with a tough gang! I guess Mom and me have been too busy at the war plant. If our town didn't have a Youth Center I don't know where those kids'd be." (Your dollars took care of this.)

... unless you step in now to help men in German prison camps fight that deadly "barbed wire" boredom

THE CLOCK has a hundred hours on its dial and each hour has 600 minutes when you're penned behind barbed wire.

Nothing to see but that wire, the bar-rack's wall, and a sentry's back. Nothing to hear but the tramp of his feet, the beeps of your comrades.

So you go slowly, grimly, and some-times not-so-quietly, progressively towards the "barbed wire disease" unless...

Unless you're lucky enough to have

the folks back home get behind the War Prisoners' Aid (one of the 19 participat-ing agencies of the National War Fund) and provide the money to provide the things to feed the hunger of your heart and soul and mind.

Books and baseballs and tennis rackets. Textbooks and technical equip-ment so you can continue studies the war interrupted. Grease paint and play-scripts for your own camp shows. Games of every sort. Anything and everything it's humanly possible to provide to start

Time marching on again.

This is just one of the many vital jobs your contribution helps to take care of —when you support the National War Fund by giving to your local Commu-nity War Fund. Your dollars go to work on six continents and in ninety-one countries—including your own, because this united campaign covers the big home-front needs too.

And don't just give a "token" con-tribution. The job is too big for that. Give—really give! Remember that no matter how much any of us gives in money it's still little compared to what the people you'll help have been giving in "blood, sweat, and tears."

GRATITUDE WILL FLOW from mil-lions of hearts for your gift this year. Folks in your home town, servicemen at home and overseas, merchant seamen, war prisoners and many more will bless your generosity. You give this once for all of them. Here's what happens to your dol-lars:

How to keep an ally's child from freezing

You can put warm clothes on a shivering little boy in Europe or China this Winter.

"Ever hear of 'concoy jitters'—the thing we have to fight ferrying the invasion past the subs to Europe. We sure thank the United Seamen's Service for helping us fight them —with clubhouses and good beds ashore, and help for our families." (Your gift does it.)

FEAST

for a tired soldier overseas

"Last night a U.S.O. Camp Show with Edgar Bergen and Charlie Mc-Carthy cracked the gloom wide open in this dump. The G.I.'s are still laughing. Those comedians meant a lot back in the states, but you got to get 4,000 miles from home to really appreciate them." (Your dollars did this.)
