Durbin Lists Bright, Seamy Sides Of City

**Young Attorney
Is Guest Speaker
At Lions Meeting**

GOOD OUTWEIGHS BAD

What's wrong—and what's right—with Fulton was summarized at the Lions Club meeting today by Paul Durbin, Fulton lawyer-veteran who recently won the Democratic nomination for First District railroad commissioner.

On the debit side, Durbin mentioned:
There is little opportunity here for the college-trained man or woman in the business or professional fields.

Too few residents have a sense of civic responsibility. He noted as an example of this the usual lack of interest in the choice of city officials and the administering of city business affairs. There is a resentment against change.

There is no central body to present Fulton to the people of the state, especially to people who are interested in locating new businesses or industries.

The physical layout of Fulton, which precludes the possibility of a beautiful city. This latter defect is the only one which cannot be remedied, Durbin said.

On the credit side, he listed:
The fact that Fulton high school has ranked first in Kentucky in the percentage of high school graduates who have sought a college education. At one time, he added, Fulton was fourth among Kentucky cities in the number of students at the University of Kentucky.

The town is "on the map." It gets excellent advertising from the Illinois Central railroad and constant heading by its citizens as they travel over the state.

Fulton is in a wealthy farming community. It has great business possibilities.

In Durbin's opinion, what's right with Fulton far outweighs what's wrong with Fulton. That, he said, persuaded him to return here to practice law and to make his home.

He was introduced by Dr. R. V. Putnam, who is president of the Fulton Chamber of Commerce.

**Pistol Wound
Fatal To Vet**

**Caldwell Man Was Shot
In Melee After Arrest
Of Negro At Princeton**

Princeton, Ky.—A pistol wound suffered last Friday night during the disturbance following a colored youth's alleged attempt to assault a white woman here, today proved fatal to Harold Oliver, 28-year-old Farmersville resident.

Oliver died at a Hopkinsville hospital. He was shot in the abdomen. The World War II veteran reportedly was shot when his pistol discharged accidentally.

After the attack episode in which Charley Hickman, 18, was spirited out of Princeton shortly before a large crowd gathered at the jail demanding him, Princeton Mayor W. L. Cash said Oliver was shot at the home of Willis Hunter, Wilson Warehouse road. Oliver, he said, was at the Hunter home with approximately 200 other men who were searching for Hickman.

**Dotty Shop Still
Open For Business**

Although in the midst of their remodeling program, the Dotty Shop, 400 Lake street, remains open for business, according to a statement made this morning by I. Leon Filler, manager.

Announcement of the formal opening will be made in this paper at a later date, Mr. Filler said.

When completed, the Dotty Shop will be one of the most modern, up-to-date ladies' ready-to-wear shops on this side of St. Louis, he continued.

Symington Heads Air Forces; Sullivan, Royall Also Named

Washington, —(AP)—W. Stuart Symington was appointed by President Truman as the first secretary of a separate Department of the Air Forces under a unified national defense.

Symington has been assistant secretary of war for air under Secretary of War Royall. The latter was named secretary of the Department of the Army.

Royall loses his Cabinet office in the shift.

Undersecretary of the Navy John L. Sullivan drew the job of secretary of the Navy Department. He succeeds James V. Forrestal, who was appointed in July to be the first Secretary of the Unified Department of National Defense.

President Truman announced the assignments at a news conference. They will become effective about mid-September when Forrestal takes command of the defense organization and becomes its only representative in the Cabinet.

All the appointments are recess designations. The Senate must pass on them when Congress reconvenes in January.

Other key positions will be filled later. These include chiefs of staff of the Army and Air Forces and a chief on naval operations.

General Omar N. Bradley, veterans administrator, has been mentioned often as a likely successor to General Dwight D.

**U. S. Insurance
On Wheat Ends**

**Kentucky Cancellation
Starts With 1948 Crop;
12 States Are Affected**

Federal crop insurance contracts on wheat for 1948 and subsequent years are being cancelled in Kentucky, according to C. R. Wheeler, state director for the Federal Crop Insurance Corporation. Though wheat insurance will not be in effect in Kentucky, Wheeler emphasized that obligations of the Corporation and insured wheat farmers are not affected for the 1947 crop year.

Under Congressional amendment made recently to the Federal Crop Insurance Act, insurance on wheat during 1948 and subsequent years will not only the number of counties selected, but also the number of states where wheat insurance can be offered next year, said Wheeler.

Twelve States now having wheat contracts with the corporation will be out of the 1948 program. These, in addition to Kentucky, are Georgia, Tennessee, Virginia, West Virginia, North Carolina, Delaware, New Jersey, Wisconsin, Iowa, Arizona and Nevada.

Court To Open Sept. 1

Union City—Official opening of the September term of Obion county circuit court was set for Monday morning, Sept. 1—Labor Day. Judge E. A. Morris of Obion will be on the bench.

**Death Ends Turbulent Career
Of Mississippi's Senator Bilbo**

New Orleans, —(AP)—Senator Theodore G. Bilbo of Mississippi, master of filibuster and sharp-tongued champion of white supremacy, died here without ever having taken his disputed seat in the 80th Congress.

Death of the 69-year-old Democrat left forever unanswered the question of whether he was entitled to his third term in the Senate, from which he was barred on bipartisan charges of unfitness when Congress convened last January.

At that time Bilbo, seriously ill with cancer, was accused of intimidating negro voters during his campaign, and with misusing his office for personal gain in dealings with war contractors. Both charges had been investigated by Senate committees.

After a two-day fight on the issue, the Senate agreed to postpone a decision pending improvement of Bilbo's health.

Meanwhile, he was allowed to draw his Senate salary.

"If I live, I'll be back with my fighting clothes on," Bilbo declared when the compromise was announced.

Eisenhower as Army chief of staff. Eisenhower is to retire early next year to become president of Columbia University in New York.

Still to be selected also are directors of a central intelligence agency, a national-resources board, a munitions board, and a research and development board.

The President himself will be the official head of a new national-security council which will have the final say on defense policies.

**Wilson Rites
Held Aug. 20**

**Native Beelerton Lady,
Mrs. Fannie Wilson, Died
At Home of Daughter**

Mr. and Mrs. H. G. Butler of Fulton received word Monday of the death of their aunt, Mrs. Fannie Wilson of Davenport, Ia. Mrs. Wilson was born in Beelerton Oct. 30, 1857. She died at the home of her daughter, Pauline, who had cared for her for the past few years while she was ill. They left Paducah a year ago to make their home in Iowa. J. F. Butler of Fulton, who died in 1942, was a brother of Mrs. Wilson and Florence Slayden was a sister.

Funeral services were conducted in Paducah Aug. 20 by Harris Merrymann. Rector Curtis officiated. Interment followed in a nearby cemetery, Mount Kenton, beside her husband, Ben Wilson, who passed away in 1927.

Mrs. Wilson is survived by three sons, Raymond and Hugh of Milwaukee, Wis., and Bee of Chicago; five daughters: Mrs. Una Frazier of Toledo, O., Mrs. Milton Ross of Davenport, Ia., Mrs. George Johnson of Taverne, Fla., Mrs. Lute Bright of Walker, Minn., and Mrs. John Gholson of Sterling, Ill. (the latter two daughters were unable to attend the funeral); 23 grandchildren and great grandchildren, and a step-daughter, Mrs. Daisy Underwood, of near Minneapolis.

Three children, Arthur, Claude and Bryan and a stepson, Tom, preceded her in death.

Other out-of-town relatives who were at the funeral were Mr. and Mrs. Otis Clark, Fred and Jesse Clark of Chattanooga and Mr. and Mrs. H. G. Butler and family of Fulton.

Funeral services were held this afternoon at 4 o'clock at the Mt. Moriah Methodist church with the Rev. J. F. McMinn, pastor, officiating. Burial was in the church cemetery. Winstead Murphy Funeral Home in Martin was in charge.

**Italy, Austria
Barred by Veto**

**Admission to UN Denied
By Gromyko's 2 Votes;
Makes Total of 18 Vetoes**

Lake Success, N. Y., —(AP)—Andre A. Gromyko invoked the veto twice to block the admission of Italy and Austria into the United Nations. This made seven Soviet vetoes within three days and ran the Russian string to 18.

Applications from Romania, Bulgaria, and Hungary also were rejected through failure to get the necessary seven votes which must include those of all the Big Five in the Security Council.

Only Syria supported these three and thus there was no veto involved.

U. S. Deputy Delegate Herschel V. Johnson branded the latest Russian actions "an abuse of the veto power." Within the past three days Gromyko also has killed membership applications from Ireland, Portugal, and Trans-Jordan, and nullified two majority Council decisions for settling disturbances in the Balkans.

The veto on Italy and Austria came on an Australian resolution which noted that the peace treaties for the two had not yet come into force but would have given the General Assembly the right to admit the countries at an appropriate time.

Nine countries supported Italy, with Russia opposed and Poland abstaining. On Austria, France joined Poland in abstaining.

He developed a nerve inflammation which partially paralyzed him, and later a blood clot on the lungs. Doctors said these things, rather than the cancer, were principal immediate causes of death.

He died at 1 p. m. Thursday.

**THEODORE G. BILBO
"The Man" Is Dead**

RECORD-BREAKING PLANE AND PILOT—Comdr. Turner Caldwell walks from the jet-propelled D-558 Skystreak which he flew to a new world air speed record at Muroc, Calif. His average of 640.7 miles per hour eclipsed the month-old record of 623.8 miles an hour set by an Army jet P-80. This picture was made August 19 when Caldwell made a practice run and was released by the Navy after the record flight.

James Among Best Purdue Students

Lafayette, Ind.—George Thomas James, of Fulton, Ky., was among 1,620 to win places on the distinguished rating list at Purdue University for the second semester of the 1946-47 school year.

According to announcement made by C. E. Dammann, registrar and director of admissions. To attain this honor, as student must have made an average of five points or better in all subjects carried for the semester.

Forty-four students made perfect six-point ratings.

Mrs. Ridgeway Dies Thursday

**Funeral For Rt. 5 Lady
Held At Mt. Moriah Today**

Mrs. Walter Ridgeway, 55, of Route 5, died yesterday afternoon at the Haws Memorial hospital at 2:30, following a lengthy illness.

She leaves her husband, W. W. Ridgeway, one daughter, Betty Virginia; three sisters, Mrs. Irwin Bialock of Mayfield, Mrs. M. L. Workman and Mrs. Hayes Carver, of Detroit; three brothers, Arthur Adams, Lon Adams, and Virgil Adams, all of Fulton.

Funeral services were held this afternoon at 4 o'clock at the Mt. Moriah Methodist church with the Rev. J. F. McMinn, pastor, officiating. Burial was in the church cemetery. Winstead Murphy Funeral Home in Martin was in charge.

**Italy, Austria
Barred by Veto**

**Admission to UN Denied
By Gromyko's 2 Votes;
Makes Total of 18 Vetoes**

Lake Success, N. Y., —(AP)—Andre A. Gromyko invoked the veto twice to block the admission of Italy and Austria into the United Nations. This made seven Soviet vetoes within three days and ran the Russian string to 18.

Applications from Romania, Bulgaria, and Hungary also were rejected through failure to get the necessary seven votes which must include those of all the Big Five in the Security Council.

Only Syria supported these three and thus there was no veto involved.

U. S. Deputy Delegate Herschel V. Johnson branded the latest Russian actions "an abuse of the veto power." Within the past three days Gromyko also has killed membership applications from Ireland, Portugal, and Trans-Jordan, and nullified two majority Council decisions for settling disturbances in the Balkans.

The veto on Italy and Austria came on an Australian resolution which noted that the peace treaties for the two had not yet come into force but would have given the General Assembly the right to admit the countries at an appropriate time.

Nine countries supported Italy, with Russia opposed and Poland abstaining. On Austria, France joined Poland in abstaining.

He developed a nerve inflammation which partially paralyzed him, and later a blood clot on the lungs. Doctors said these things, rather than the cancer, were principal immediate causes of death.

He died at 1 p. m. Thursday.

Church Of Christ Will Meet In Its New Auditorium Sunday

The work of remodeling and enlarging the building of the local Church of Christ was begun the first of last May. Soon after this work was begun, the congregation began using Science Hall as a place of meeting. On behalf of the entire church, their minister, Bro. Charles L. Houser, expresses sincere appreciation for the use of Science Hall to Supt. Lawrence Holland and the school board.

The church will worship for the first time in its new auditorium Sunday Aug. 24. Although the auditorium is usable, some work remains to be done. The window frames have long since been sent to Memphis and the leaded church windows are expected at any moment. The hardwood floor has been laid, but it will not be sanded and finished until the new pews are installed. They were bought several months ago, but the factory would not promise delivery under two years from the date of the order.

It was stated that the work that has been done has been paid for, and that there are sufficient funds in the church's bank account to take care of that which remains to be done. It is rather singular that this church has raised its building fund by only one method, free will offerings. Bro. Houser further said, "We have conducted no suppers or sales, and neither have we solicited funds from people who were not members. However a few people who are not members of this church have made contributions to our building fund, and although those contributions were unsolicited, they were sincerely appreciated."

Since it would be October before the work on the Sunday school annex could be begun, and anticipating hindrances and delays occasioned by bad weather, the men of the church decided in a recent business meeting to wait until next spring before starting that work.

The summer revival which was postponed on account of the building program will begin September 21. Bro. Trine Starnes of the Broadway Church in Paducah will be the visiting evangelist and Bro. T. A. Nick of Nashville will be the song director.

The Proud Father Is C. L. Stephens, Not C. A. Stephens

It's unusual for two people in a city as small as Fulton to have the same name—and the almost inevitable mixup occurred yesterday when the Leader reported the birth of a daughter to Mr. and Mrs. Clarence Stephens.

The proud parents are Mr. and Mrs. Clarence L. Stephens, who live on Oak street.

But the other Stephens—Mr. and Mrs. Clarence A. Stephens, Mayfield highway—immediately began receiving "congratulations" from their friends, by telephone and in person.

The blame for the confusion must be placed on the announcement in yesterday's paper, which failed to give the middle initial.

Hickman Co. Hunter Killed

**Buck Rowlett's Cap Was
Mistaken For Squirrel**

Clinton, Ky.—Buck Rowlett, Hickman county resident, was killed about daybreak Thursday when he was struck by a gun blast as he was squirrel hunting near the Fulton county line.

Hickman county Sheriff J. M. Lee said he had been informed that Rowlett was struck by a shot fired by Robert Calbert, of near Clinton.

Lee said an investigation showed that Rowlett was hunting in the same area and shot at Rowlett's cap, apparently thinking the cap was a squirrel. Lee termed the death "accidental."

The body is at the Clapp and Kaler funeral home here.

Leader Congratulates
Mr. and Mrs. Bruce C. Henderson, Chester, Ill., on the birth of a six-pound eight ounce boy this morning, August 22, at Chester, Ill. He has been named Gary Bruce.

U. S.-Russia Breach Widens; Nations Exchange Stiff Notes On Reichen Future, Rule of Darien

Washington, —(AP)—The United States and Russia widened their breach today with a new exchange of diplomatic blows over Germany's future industry and the Red army's continued control of the Chinese port of Dairen, while pulling farther apart on other issues, too.

A Moscow note protesting the British-French-American conference due to open tomorrow in London on a proposed increase in production for Germany brought word from the State Department that the conference will be held regardless of Russian objections.

Then the department disclosed that the United States has protested for a second time against Russia's failure to turn Dairen back to Chinese control and to open the port to international trade.

American ships and businessmen are barred by Red army order. The new United States note, delivered Aug. 14 at Moscow by Ambassador Walter B. Smith, said Russia will be held responsible for the treatment accorded American interests during the prolonged occupation.

The exchange took place amid these further developments in Soviet-American relations which a new Library of Congress report declared have deteriorated "dangerously."

A deadline set by Secretary of State Marshall for review of de facto negotiations over Korea's future government arrived with no response whatever from Moscow or Russian members of a joint commission in session in Korea for more than three months.

The State Department disclosed that nine nations which will take part in talks on a Japanese peace treaty have agreed generally to U. S. suggestion that a two-thirds vote, rather than a unanimous one, should govern decisions.

Joseph M. Dodge, chief American representative on an Allied commission de facto more than three months on disputed terms for an Austrian peace treaty, was due to leave Vienna today for consultations in Washington after charging the Russian members had stalled all progress.

President Truman told his news conference he still sees no necessity for a special session of Congress this fall but that he would call one if he should deem it required.

The Moscow protest against the three-power conference on Germany's level of industry was sent to Britain as well as the United States. Soviet informants in London said Russia contended the conference would violate the 1945 Potsdam agreement and that Germany's future is properly a matter for decision by the big four foreign ministers.

In Berlin, General Lucius D. Clay, American military governor, responded immediately that the protest is without foundation because Russia has declined repeatedly to treat Germany as an economic unit, as the Potsdam pact provided.

The American note on Dairen was the second urging that the port be returned to China and opened to American businessmen in accordance with a 1945 Moscow treaty between Russia and China.

U. C. Minister Going to Dallas

Union City—Bro. Eugene A. Pitts, minister of the Union City Church of Christ for the past three years, has accepted a call to Dallas, Tex., where he will be minister of the Edgefield Church of Christ.

Mr. Pitts recently told his congregation in Union City that his doctors had advised him to move to a warmer climate for his son's health.

STRIKE SETTLED

New York, Aug. 21.—(AP)—Seagram Distillers Corporation announced today the settlement of a strike of members of the AFL Distillery Workers Union at its plants in Louisville, Ky., Relay, Md., and Bristol, Pa.

U. S.-Russia Breach Widens; Nations Exchange Stiff Notes On Reichen Future, Rule of Darien

Martin Tax Hike Protested

**Irate Citizens Charge
Assessments Doubled,
Trebled By City Officer**

Martin, Tenn., Aug. 21.—Irate Martin property owners, charging the city tax assessor has "doubled, and in some cases trebled" their assessments, are threatening non-payment of city taxes this year unless a "reasonable" revision is made.

Petitions were being circulated here Thursday demanding that the mayor and board of aldermen appoint a committee to give more study to the increased assessments and bring them down to a more reasonable level.

Behind the move is a citizens committee, appointed at a mass meeting of between 500 and 600 taxpayers here Tuesday night. The group is headed by Cecil Welshans.

The City Equalization Board, notifying taxpayers of the increases by postal card, explained that property values have skyrocketed far above the 1940 level and that the purpose of the increases is to finance construction of a new school building to replace the one condemned as unsafe earlier in the year.

Mayor George M. Brooks, defending the city's position, said the idea is to bring the assessments back gradually to the 1929 level. He said the present assessed valuation of Martin property is from \$500,000 to \$600,000 below the 1929 level. The increases, he added, will bring the present level up almost to 1929's, although the actual value of property in Martin is far above actual value in 1929.

Despite these explanations, the citizens committee is threatening to ask dismissal of the entire city board and "use our own ideas on equalizing the increase in assessments" unless the impending hikes are lowered.

One member said a house and lot for which he paid \$1200 in 1943 had been assessed at \$2500. Others cited rises of from 25 to 100 per cent, and a few claimed their assessed valuations had been trebled. Rental property, for example, was about doubled over the 1940 level because of an increase in rents.

Reeling Britain Grasps Straws

**English Will Try To Up
Coal Production, Slash
Expenses To Stay Solvent**

Washington, —(AP)—Anglo-American negotiators struggled against time today to bolster Britain's historic role in world commerce as the \$3,750,000,000 British loan funds plunged toward a low of \$400,000,000.

Financial experts met in three closed sessions at the Treasury, working under the breathing spell provided by last night's "freeze" of British dollar exchange, to consider further steps.

Sir Wilfrid Eady, British delegation chief, gave the Americans a "general forecast" of Britain's balance of payments position for the rest of this year and the first half of 1948.

The Treasury said Sir Wilfrid told of prospects for a boost in coal production in the British Isles to a point where coal exports might reach their pre-war volume and thus earn needed foreign exchange.

The emergency action, to which Secretary of the Treasury Snyder assented, permits England temporarily to ration the outflow of dollars to countries other than the United States in payment for shipments to the scarcity-ridden British Isles.

One Treasury official declared that emergency action was imperative; that only prompt and drastic steps could prevent the "crisis" from becoming a "collapse."

Since July 15 England had been obliged, under the loan agreement, to change pounds into dollars if any country asked for dollars in payment of a trade balance arising from current transactions.

This started the "run" on England's dollar resources.

BELIEVED KIDNAPED—Carolyn Peterson (above), 20-month-old blond, curly-haired daughter of Mr. and Mrs. Charles Peterson is believed to have been kidnapped from her home in Waldo, Ohio, said Marion county Sheriff Leroy Reterer.

STRIKE SETTLED
New York, Aug. 21.—(AP)—Seagram Distillers Corporation announced today the settlement of a strike of members of the AFL Distillery Workers Union at its plants in Louisville, Ky., Relay, Md., and Bristol, Pa.

Checking Loyalty

Uncle Sam began Monday to check up on the loyalty of his two million nephews and nieces—the civilian employees of the federal government—to determine those among them who are disloyal.

The probe is the one announced by President Truman on March 21. Later Mr. Truman asked Congress for \$24,900,000 for the expense involved, but Congress appropriated only \$11,000,000. On July 15, the House passed, by a vote of 248 to 133, the Rees bill for a different loyalty check, but to many Senators certain provisions of this bill seem far too drastic and the Senate took no action on the measure.

The United States has always prided itself on not penalizing people, whether private individuals or public employees, for anything they might think. "It's only for what you do or plan to do that you can be punished," has been our motto, and we knew it accorded with both the spirit and the letter of the Constitution. But the extraordinary phenomenon of Soviet Russia has forced this country to reconsider.

The hard fact is that practically every Communist, American or foreign, seems to feel that his first allegiance is to the nation which exemplifies Communism in the world today. The average Communist has revised. Stephen Decatur's famous toast at Norfolk, Va., in 1815 to read: "Soviet Russia! In her intercourse with foreign nations may she always be right; but Soviet Russia, right or wrong."

In the present test of strength between this country and Russia in world affairs, the United States cannot afford to have in official positions people who would place Soviet interests before those of the United States if it is at all possible to ferret them out. However, one cannot escape the fact that this Red hunt is likely to develop into a task of no mean proportions. It will be difficult to ascertain who is and who is not a Red simply because anyone who at heart is a traitor to his country will not be likely to court disaster by admitting the fact to government probes.

An Unusual Sheriff

Carnivals which have gambling concessions or any form of gambling, will be closed in Hopkins county during the remainder of the present sheriff's term of office, that official announced this week.

A similar decision made—and enforced—throughout Kentucky would virtually rid the state of these itinerant amusement enterprises, since 99.44 percent of them depend on gambling in one form or another for their major revenue. Most of the carnivals are careful to pitch their tents outside city limits for this reason.

If the law enforcement officers are interested, it would be ridiculously easy to close up the dice games and the shell games and the various other stands at which the traveling sharpers prove that a sucker and his money are soon parted.

They Defy The Heat

At a time when most folks are gulping cold drinks, congregating around electric fans and praying for rain, a group of high school boys and their coaches are sweating and swelling through the first football practice sessions of the season. Personal discomfort and aching muscles are taken as a matter of course while these boys prepare to give Fulton high school a football team of which it can be proud this fall.

To see professional athletes hard at work with the mercury soaring toward the 100 mark would hardly cause comment anywhere. But these boys will be playing just as they are practicing—solely for the love of the game and whatever personal satisfaction comes from giving their best for their school and their city.

Ernst Is State Wildlife Head

Benton Man Represents First District For Year

Frankfort—Officers of the Kentucky Game and Fish Commission were elected at a meeting of the nine commissioners in the offices of Earl Wallace, director of the Division of Game and Fish.

Named to the chairmanship was Ed Ernst, Louisville, representing the Third District. Vice-chairman was George Long, Benton, First District, and secretary, Dr. E. R. Pohl, Horse Cave, Fourth District. They will hold office for one year.

Two new commissioners, appointed Aug. 14 by Governor Simon S. Willis, were sworn in

at the meeting. They were Dallas Powers, Monticello, replacing W. G. Buchanan, Corbin, and D. W. Little, Whitesburg, replacing Dr. O. W. Thompson, Pikeville. Buchanan and Thompson's terms expired Aug. 13. Powers represents the Ninth and Little the Seventh District on the commission.

"High" Flying Pilot Is Jailed At Clarksville

Clarksville, Tenn.—(AP)—Cpl. L. A. Mayfield of the Tennessee highway patrol said David Porter, 34, of Cobb, Ky., was in Montgomery county jail here, charged with piloting an airplane while drunk. He said Dudley Kennedy, also of Cobb, was a passenger in the plane.

Veto Paralyzes U. N.

By Larry Hauck
AP Foreign Affairs Analyst

Five Russian vetoes in the security council this week pointed up again the need for revision of the United Nations machinery.

The situation was viewed by Secretary-General Trygve Lie as a continuing one, "no more serious than a year ago," but council chairman Paris El Khoury frankly acknowledged that the council was "paralyzed" by the veto.

In every one of the latest vetoes, which ran the Soviet string to 16, Andrei A. Gromyko killed a decision agreed by nine of the 11 council nations. Poland, as usual, supported Russia.

More important in the general picture than the mere 16 vetoes were the dozens of silent or unrecorded vetoes—the time when proposals never went to vote because Russia announced she would kill them.

The entire question will be aired again in the September meeting of the general assembly, Lie said. To meet the situation, the U. N. has roughly three courses of action:

1—Attempts could be renewed to remove or modify the veto, but these apparently are doomed in advance.

2—Nations could put pressure on Russia through world opinion to hold down on use of the special voting privilege granted by the charter to the Soviet Union, United States, Britain, France and China.

3—Delegates could press for a weighted system of voting in the 55-nation assembly, where there is no veto, and gradually and quietly give the big body more prestige and power.

The first course cannot be considered seriously because Russia has said repeatedly that the veto must stay as it is.

Neither does the United States want to give it up entirely because that would mean for one thing that America could be committed to a declaration of war by a council vote regardless of the feeding of congress and constitutional processes.

Starting with last year's assembly, attempts were made by the small nations to implement point two by exposing the frequent Russian vetoes to a thorough airing. This apparently had no effect on the Kremlin.

Until recently the United States and other nations in the council majority consistently attempted to work out compromise proposals to satisfy Russia and avoid her veto. However, in the last stages of the Balkans debate the western powers abandoned this course and forced two strong resolutions to a vote with the apparent motive of making Gromyko veto again and again and thus subject his country to the glare of the world spotlight.

Lake Needs Development

The Messenger, which has commented several times on the lack of accommodations for visitors to Kentucky Lake, vast playground created by Gilbertsville dam, notes with interest that Gordon R. Clapp, chairman of TVA, recognizes the problem.

In an address at Gilbertsville last night Clapp told a promoters' club interested in the east side of the lake that TVA is pushing its program to earmark shoreline areas for sites which are important to the commercial and recreational development of the region.

In plain words, TVA is interested in the public's use of the vast lake area as a playground. Which is well and good, inasmuch as the public's tax dollars paid for the vast dam, paid for the vast acreage of land occupied by lake and watershed, and consequently is entitled to get what recreation it can from the project.

Advertising of Kentucky Lake unfortunately ran far ahead of accommodations for visitors. Accommodations still are woefully inadequate, and prices for the few tourist cabins available are far too high. Something must be done, soon, or the vast tourist trade expected in the area will "sour" on Kentucky Lake and take its patronage elsewhere.

Madisonville Messenger.

DeMyer Market's Reduced Prices Good Thru August

DeMyer Market is doing its part to hold the line against inflation by reducing its food prices as far as possible, Gilbert DeMyer, owner, believes.

Elsewhere in today's Leader is an advertisement giving his store's prices on meats and groceries, effective for the remainder of August.

These low prices are no week-end specials, Mr. DeMyer explained. They will be in force every day.

The store is able to reduce its retail meat prices by buying and slaughtering locally, he said.

About 40 percent of U. S. communities do not have building codes.

"MAY BE IN THE RUNNING"—Smiles are in order as Speaker Joseph Martin (left) and Sen. Owen Brewster (R-Me.) meet at a "non-partisan testimonial" and clambake in honor of Martin in Fall River, Mass. Although Martin said he isn't looking for a place on the 1948 GOP Presidential ticket, Brewster suggested that the Massachusetts Congressman may be in the running.

Social Happenings

STORK SHOWER FOR MRS. STANLEY PARHAM

Mrs. Richard Parham honored Mrs. Stanley Parham with a stork shower Wednesday afternoon at 3 o'clock at her home on Central avenue.

Contests were held during the afternoon, and Mrs. Billy Valentine and Miss Jean Shelby won first prizes.

Coca-Cola, pink ice cream and pink individual cake were served to Mrs. Billy Valentine, Mrs. John Adams, Mrs. A. T. Conley, Mrs. Dana Carpenter, Mrs. William Blackstone, Mrs. M. S. Rhodes, Mrs. John Clayton, Mrs. Hal Seawright, Misses Simons, Joan McCollum, Marilee Beadles, Barbara Ann Roberts, Sammie Williams, Betty Jean Rawls, Marjorie Puckett, Wilma Jean Harris, Carolyn Owen, Joyce Rhodes, Mrs. Louis Maxberry, Mrs. Parham and Mrs. McClure.

Those sending gifts but who were unable to attend were Mrs. C. D. Jones, Mrs. Neal Holly, and Mrs. W. R. Hughes.

CATHOLIC CHURCH HAS ICE CREAM SUPPER

About 250 persons attended the ice cream supper last night at St. Edward's Catholic church, which was held on the church grounds from 5:30 to 8:00.

Generous helpings of homemade ice cream and cake were served at card tables on the lawn. Everyone who attended reported an enjoyable evening.

COUNTRY CLUB LADIES HAVE VISITORS TODAY

The ladies of the Fulton Country Club were hostesses today to ladies from the Mayfield and Paducah Country Clubs and Paxton Park in Paducah. They played nine holes of golf this morning, and at noon had a delicious lunch served by the ladies of the Cumberland Presbyterian church. After lunch, bridge was enjoyed on the Country Club lawn.

PERSONALS

Dudley Morris left Wednesday for Detroit, where he will board the S. S. Moronic for a week's cruise on the Great Lakes. His ship will visit several Canadian ports.

Mr. and Mrs. J. D. Hales of Jonesboro, Ark., arrived yesterday to visit their parents, Mr. and Mrs. Tom Hales and Mr. and Mrs. Joe Beadles. Mrs. Beadles, who has been visiting them, accompanied them back to Fulton.

Mr. and Mrs. Jack Terry are leaving today for their home in Wichita Falls, Tex., after visiting his mother, Mrs. Daisy Terry, on E. Gings street.

Miss Barbara Ann Roberts is leaving this afternoon for a week's visit in Paducah with her aunt, Mrs. W. H. Webb. She plans to take a Civil Service examination while there.

Mrs. Luther Byars of Duke-don is on an extended visit with her daughter, Mrs. Laverne Thomas in Detroit.

Mrs. "Chuck" Black of Union City spent yesterday in Fulton visiting friends.

D. C. West of Dallas, Tex., is visiting his sister and brother-in-law, Mr. and Mrs. J. H. Robertson, on Vine street.

Mrs. George H. Johnston of Inverness, Fla., visited in the home of H. G. Butler and family this week. They all attended the

Mrs. Kenneth Azbell and baby, Fulton.

Jap Girls Rush To Wed Yanks

Try To Beat Deadline For Entry Into America

Yokohama, Aug. 21—(AP)—Eager Japanese girls made an 11th-hour rush to marry Americans today and beat the deadline for entry into the "fabulous" United States.

Midnight tonight ends the one-month period during which the U. S. Congress lifted the ban on Japanese immigration to enable war veterans to marry and take home girls met in this occupied country.

In most cases, Nisei soldiers (American-born Japanese) were marrying the Japanese girls, but there was a sprinkling of perhaps 30 white civilians who had asked to be discharged from the Army here to take occupational jobs rather than leave their Oriental sweethearts.

About 550 girls are estimated to have been wed since July 22 in Yokohama and Kobe to Americans eligible to return them to the United States—men who

served in the armed forces prior to December, 1946.

"The number has been somewhat larger than I originally expected," said American Consul General U. Alexis Johnson.

There were about 75 marriages on the final day. Some of the brides wore kimonos and wooden sandals, others were in high heels and Occidental dress.

Navajo Indian hogans in Arizona are always built with the entrance facing east.

Do You Suffer Distress Of Monthly FEMALE COMPLAINTS

Are you troubled by distress of female functional monthly disturbances? Do you suffer from pain, feel nervous, restless, weak—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It has doctors call a uterine sedative. It has a grand soothing effect on one of women's most important organs. Pinkham's Compound regularly—Pinkham's Compound—helps build up resistance to such distress. Also a great stomachic tonic. Lydia E. Pinkham's Compound.

The Sports Mirror

By The Associated Press

Today a year ago—Dodgers increased National league lead to game and a half by beating Pirates 8-2 as Boston defeated Cardinals 4-3.

Three years ago—After losing four straight St. Louis Browns defeated Washington 5-3 to increase American league lead to four and a half games.

Five years ago—Ray Robinson, 144½, stopped Reuben Shank, 146 3-4, in second round at Madison Square Garden after flooring Denver cowboy four times.

Members of Hart county homemakers clubs have made 1,035 new garments and remodeled or altered 483 more.

Sports Roundup

By Fritz Howell

Vandalia, O., (AP)—Trap-

shoot topics:

Golfers dote on telling long tales of how they missed the short putt, and fishermen will play your ears for hours about the big one that got away—but your trapshooters moan and wail about how they muffed a crucial target.

There are hundreds of ways of missing 'em, and Jack Mitchell of Bridgeport, Conn., as a Remington representative has been compelled to listen to long stories about all of them. And listening to those tales takes a lot of time.

So Jack has a stunt he is willing to pass along to friends of golfers and fishermen, a stunt guaranteed to cut down the listening time. He has fixed up a long list of all the alibis, excuses and reasons for missing targets, each one numbered.

Some have subdivisions, which are lettered. He passed them out to all the shooters, so all the marksmen has to do is step up to Mitchell and say:

"Three, seven and nine—"

and Jack has the whole story in a nutshell.

Mitchell is working on a "headnodding device," to be worked from his pocket, which he'll operate as he listens to a short tale, thus slashing his listening time to practically nothing and allowing him to get some work done.

Fulton Foursome Plays At Jackson

Buck Bushart, Ernest Fall Jr., Boots Rogers and Joe Hall played at the beautiful Jackson, Tenn., Country Club golf course Wednesday.

Buck was low for the Fulton foursome with 78. Rogers had 80, Fall 84 and Hall 85.

FIRST TIME HERE

Clothiers Chase In 10 Runs In Big Seventh, Win 14 To 4

Last night at Fairfield Park the Mayfield Clothiers took the measure of the Chicks, ripped them apart and sewed them together in a loose fitting score of 14-4.

In one of the wildest and wooliest innings ever seen on the local diamond the Clothiers, in the seventh, banged out seven hits and pushed the Chicks into three errors to tally ten times. Fourteen men stepped up to the plate for the Mayfield team in that inning, and eleven of them paraded down to first base, ten of them going on around to score. What had started out to be a ball game turned into a track meet.

Mayfield drew first blood in the third with one run and pushed over three more in the sixth before they turned loose their earthquake in the seventh. The Chicks scored once in the fourth, once in the sixth and twice in the seventh. Brill, who had started off like a house afire in the first innings, was weakening badly in the sixth and looked like a sure bet for the showers coming up until his teammates gave him such a lead in the seventh the bat boy could have coasted through the rest of the game.

Engel started on the mound for the Chicks. He gave up six hits and allowed only two earned runs before he was taken out in the bottom of sixth for a pinch hitter. Musgraves, who took over in the seventh, inherited an atomic bomb, the fuse of which had been shortened and lit in the sixth. He didn't last out the inning, Wessell was called in to finish the game, giving up two hits and allowing no runs in the last two and one-third frames.

The Mayfield team was accompanied by a howling pack of fans from their home town who, still smarting under the six straight defeats handed them by the Chicks in early July, went wild as they saw the Clothiers humble their old rivals.

The loss dropped the Chicks deeper into the second division. They are now 9 1-2 games out.

RELAX AFTER SWIM WORKOUT—Marjorie Durant (right), Los Angeles A. C. and Brenda Heiser, holder of the 100-meter free style title, relax in Chicago after working out in preparation for the National A. A. U. Women's Outdoor Swimming championships in Chicago August 22-23-24. Marjorie, who is 19, is competing for the first time.

Mid-South Fair To Be Resumed

Memphis Making Plans For Show Sept. 22-27

Memphis, Tenn.—Plans are being made in Memphis this week for the first post-war revival of the Mid-South Fair, Sept. 22-27. A record breaking attendance of 250,000 persons is expected, according to Henry A. Dilatush, president and G. W. Wynne, manager.

"For the first time since 1941, Memphis is going to have another great Mid-South Fair," Mr. Wynne said. "Homer Todd's world championship rodeo is coming and rodeo performers from all over the west are being attracted by the \$6,000 in prizes. There'll be a great rodeo twice a day every day."

This year's rodeo will be held in the Fairgrounds Arena which seats 8,000 about 2,000 more than the old grandstand which was destroyed by fire.

Johnny J. Jones' Exposition with "the world's most beautiful midway, including over 50 shows and rides" will set up the day before the fair starts.

A number of free acts have been arranged for both afternoon and night. There'll be trained dogs, sensational flag-pole performers and comedy aerial artists. Fair officials promise thrills and fun and plenty of fireworks every night.

Fair Manager Wynne says that 15 acres of the Fairgrounds are being devoted to display and exhibit space. The most up-to-date home appliances will be shown. Farm machinery, including mechanical cotton pickers and flame cultivators will be displayed. The Mid-South Fair Farm Equipment Show will be a spectacle in itself.

Seven Minus One Equals New "Skyline Six" Loop

When the City of Denver, Colo., voted to withdraw from the Mountain States (Big Seven) conference, sports writers scratched their heads over a new nickname for the loop that would fit into a headline.

They finally agreed on Skyline Six. The monicker was suggested by Sports Editor Chet Nelson of the Denver Rocky Mountain News.

The plague since known as the "Black Death" spread across Europe in 1348.

When the National Bowling Writers announce their "bowler of the year" selections this week, don't be surprised if his initials are "B. B." and that six of the top 10 selections are employees of the Brunswick-Balke-Clenden Co.

You also may look for an announcement soon that the Western Amateur golf championship, to be held in 1948 in Wichita, will be staged at Toledo's Sylvania Club in 1949—a break for "Muscles" Frankie Stranahan.

Dove Hunting Rules Revealed; State Season Sept. 1 to Oct. 30

Frankfort—Regulations for the hunting and killing of doves in Kentucky, the bag limit and the time of day at which doves may be hunted have been announced by R. C. Soaper, federal game management agent for Kentucky and the Kentucky Division of Game and Fish.

The dove hunting season for Kentucky will extend from Sept. 1 to Oct. 30, during which time these birds may be killed from one-half hour before sunrise until sunset. These regulations, released by the Federal Wildlife Service, apply to the dates above, inclusive.

The bag limit for a hunter for one day is 10 doves and possession limit at any time is the same, 10 birds. A person may not have in his possession at any one time more than 10 doves. Soaper points out, but the hunter may keep in his possession 10 birds for 90 days after the season ends or until Jan. 28 in Kentucky.

Doves may be taken with bow and arrow, shotgun, not larger than No. 10 gauge, fired from the shoulder, but they may not be taken with or by means of any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off or plugged with one piece of metal or wooden filler incapable of removal through the loading end of the gun, so as to reduce the capacity of said gun to not more than three shells at one time in the magazine and chamber combined; provided that nothing herein shall permit the taking of doves from or by means, aid or use of an aircraft or automobile of any kind.

Mourning doves are not per-

Speight Colt Wins Ribbon, Trophy At Martin Show

Barney Speight of Fulton won first prize, a blue ribbon and a trophy, with his colt, April Showers, in the Rotary Horse Show at Martin, Tenn., last night. The colt was owned and shown by Mr. Speight. Fred Sawyer's colt won second place and "Bud" White won fifth in the colt class with his entry.

Miss Jane White, also of Fulton, won first place in the five-gaited open championship class on Marjorie Day.

Miss Katie Brown won second and Miss Brenda Brown won fourth in the pony class competition.

Sawyer and Speight will enter their colts in the Rives, Tenn., horse show tonight.

It's a shame to discard shoes which only need a good repair job to give them many more miles of wear-ability. Bring them here and be amazed at how little we charge to renew worn footwear.

Nation's Oldest Twin Sisters?

Virginia Ladies, 87, Aim For 100-Year Age

Found, Va.—At 87, Jane Mullens Stanley and Mrs. Liah Mullens Hale may be the nation's oldest twin sisters.

The aged mountain women are the daughters of Jack Mullens, a legendary figure known in this Virginia-Kentucky border area as "Brandy Jack," who lived to be 104 years old. Brandy Jack's daughters, both widows, believe they, too, can pass the century mark.

Spry and active, they live on farms a few miles apart. Their years have been marked with little sickness. Mrs. Stanley— "Aunt Jane" to friends and relatives—hardly knows the taste of medicine.

"I never needed it," she said, "because I was never sick, to say really sick, in my life; only a few colds, and they are quite rare."

Mrs. Hale has "nothing whatever to complain about so far as health is concerned." She admits that she has "called in one doctor in late years," but he indicated "there wasn't much wrong."

17-20; common and medium beef cows 13-16; canners and cutters largely 10.50-13; good beef bulls 16.75-17; medium and good sausage bulls 14.50-16.50; weaners 50 higher; good and choice 19.50-24.50; common and medium 13-19.

Sheep—2,000; only about 1,000 sheep and lambs on sale early; few spring lambs steady to butchers at 23.25-25.50; but not enough done to establish market; supply lightest of week and general quality poorest.

Kentucky Today

By Associated Press
Harlan—Homer Osborn, 21, Cawood coal miner, died in a Harlan hospital after being injured in a slate fall in the Three Points Coal Corp. Mine.

Harrodsburg—Sessions of the Kentucky Tax Research Association will be held at Harrodsburg and Danville Saturday and Sunday, officials announced here. The two nominees for governor, Eldon S. Dummit, Republican, and Earle C. Clements, Democrat, have accepted invitations. A tax legislation program is to be discussed.

Newport—Dr. Sam A. Hill, president of Georgetown College, told the Campbell County Baptists Association here that the cost of war far exceeded that of education. For example, he told them, "The second World War cost the United States Government in five years an average of \$2,500 for each person living in the United States." During those same years, he said, Kentucky Baptists gave an average of \$2 apiece for Christian education.

Augusta—Members of the Mary Ingalls Highway Association meeting here voted to ask State Highway Commissioner Stephen Watkins when he expects to send locating engineers to resurvey the highway through Bracken County. Delegates attended from Bracken, Mason, Pendleton and Campbell Counties.

Covington—Police and firemen here were searching for the body of Julius Klosterman, Jr., 6, believed to have fallen into one of a group of 29-foot-deep sewage disposal tanks. The boy was last seen at his home in May.

lost 12 years ago

Madisonville—Kingdon and Kingston, a Hopkins County, Ky., mining firm, was commended by the U. S. Bureau of Mines for effecting recent improvements in ventilating devices and blasting practices in its mine near had been attending a picnic and with three other children had climbed the fence surrounding the tanks.

Lexington—Predicting a total enrollment of at least 7,000 at the University of Kentucky, President H. L. Donovan said the school can accommodate every student who meets the scholastic requirements. Rumors that enrollment would be limited have brought scores of letters to Dr. Donovan.

Paducah—An increase of 20 per cent in basic salaries of all City teachers was announced by the Paducah Board of Education.

The word "Easter" is believed to have been derived from the Anglo-Saxon name Eostre, goddess of spring.

"Milk helps lovely Jane Frazee keep her figure and her vigor."

"You can't get glamour out of a make-up box alone," says Abdullah.
"I consider a quart of milk or more a day essential for anyone who wants to keep fit and trim. Milk is a real food without being fattening, and a good source of vitamins and minerals."

The milk we bring to your home is a precious food—and we do everything known to modern dairy science to protect its purity and wholesomeness. One of the extra safeguards we use is the Sealright Hood, which keeps the pouring surface of the bottle safe from contact with hands or other exposure between our dairy and you. The milk you pour out of one of our bottles is as pure as the milk that went into it!
