CHAUTAUQUA

Extensive Preparations Being Made For the Entertainment Here Week of June 11-18.

Mr. G. C. Rheinfrank was in the city making preparations for the forthcoming Chautauqua. A very elaborate advertising campaign is planned. The newspapers will from time to time give pictures and descriptions of the talent and various phases of the program. Awning dates, pole dates, beautiful window plates, finely colored post cards and elaborate programs are now being put out, while later other lines will follow, including pennant streamers to be stretched across the streets at various points, auto pennants, window pennants, bill board posters, opening day tags, Green felt hats for the auto booster parade will all lend color to the occasion and give the city a festive appearance before and during the Chautauqua week.

There will be seven Great Days of good things. The children's story hour will be in charge of a specially trained story teller, the student who has received training in the art of story telling in one of the finest schools of expression in the land. This work will be supplemented by physical culture work and outdoor games and sports.

The forenoon lecture will be given by Hy Clark, a specialist in his line. These lectures are designed to be educational, at the same time they are a departure from the methods of the schools, the form of the presentation being highly popular.

There will be seven concert companies, a different one each day, each giving a concert in the afternoon and again at night. The seven companies on this program are as follows:

The Dunbar Male Quartette and Bell Ringers.

The Harmony Concert Company.

The Welsh-Christensen-Baker Company.

Marcus A. Kellerman, a noted grand opera baritone.

The Cathedral Choir.

Bohumir Kryl and his great orchestral band of about thirty pieces together with the Dalton Grand Opera.

The Farinelli Company.

The Kellogg-Heines Singing Party.

Entertainers.

Among the entertainers there will be the Ben Greet Players in Shakespeare's "Twelfth Night," Edward Everett Kemp in his monologue "The Music Master," Reno the Magician in an elaborate Children's Night Program, etc.

Lectures.

Among the lecturers on this program are such celebrities as Strickland W. Gillilan, Author Humorous; Edward Amherst Ott, Montaville Flowers, Dr. William A. Gullledge, Judge George A. Alden, of Boston, and others of note.

Admissions.

The season tickets admitting to all of the twenty elaborate programs will cost \$2.00 for adults and \$1.00 for children. If bought from the ticket sellers or stores before the Chautauqua opens. At the gate these same tickets will cost \$2.50 and \$1.25 respectively. These tickets are transferable within the owner's family. The single admissions at the gate will be 25c, 35c, 50c, \$1.00 each, aggregating about \$7.50 for the week. All this may be had for \$2.00 by getting tick-

ets from the advance ticket-sellers. When we consider that some of these attractions such as the Ben Greet players and the Grand Opera night cost \$1.00 to \$2.00 each for a single performance in the large cities, one can readily see what a rare opportunity is being offered to the people of Murray in this magnificent program.

Equipment.

The equipment is the finest in use at the present day. The great tent which is 112 x 120 feet in size seats about 2,000 people, it is made of highest quality khaki cloth, which breaks the glare of the sun and is waterproof, making it absolutely water-proof.

The stage is 18 x 36 feet and furnished with attractive tapestries. The electric light system is up-to-date and most complete, the stage being as well lighted as that of any opera house.

Throughout the whole tent is furnished with folding chairs and benches with backs to them especially designed for ease and comfort.

The side of the tent are always open ten feet high from the ground insuring ample ventilation. A seven foot canvas fence will be erected as far from the tent as the grounds will permit to guard against the encroachment of the public.

The crew men are all college men with a record for achievement and come from the best families in the land. The superintendents are all men of experience, having to their credit a record for tactful, business-like management and a high degree of efficiency.

The Redpath Lyceum Bureau of which this system of a thousand Chautauques is a part, was organized in 1846 and is the oldest and strongest in America. They claim to have the finest seven-day Chautauqua in the land and are confident that the forthcoming Chautauqua assembly to be held in Murray the first week in June will abundantly sustain its claim.

Now let everybody boost for the Murray Chautauqua, which promises big things for our community in publicity, in moral and intellectual uplift, and in high grade entertainment.

Mentioned for National Committeeman

Frankfort, Ky., May 18.—Many inquiries have been made about the election of a successor to the late John C. Mayo, National Democratic Committeeman from Kentucky. The place is filled by the State Central and Executive Committees until the next state convention to select delegates to the national convention, when a national committee for four years will be elected. State Chairman Rufus H. Vansant, Jr., N. Camden, Jr., Judge Allie W. Young and Urey Woodson, of Owensboro, former committeemen are mentioned.

Kickapoo Worm Killer Expels Worms.

The cause of your child's ills—The foul, fetid, offensive breath—The starting up with terror and grinding of teeth while asleep—The sallow complexion—the dark circles under the eyes—are all indications of worms.

Kickapoo Worm Killer is what your child needs: it expels the worms, the cause of the child's unhealthy condition. For the removal of seat, stomach and pinworms, Kickapoo Worm Killer gives sure relief. Its laxative effect adds tone to the general system. Supplied as a candy confection, children like it. Safe family. The single admissions at the gate will be 25c, 35c, 50c, \$1.00 each, aggregating about \$7.50 for the week. All this may be had for \$2.00 by getting tick-

"TO A FRAZZLE"

Prediction Made That Gov. Beckham Will Sweep State For United States Senator.

Washington, May 19.—That former Governor J. C. W. Beckham will be nominated for senator by the democrats of Kentucky, hands down, if all three of the candidates now in the running continue in the race, is the opinion of practically the entire Kentucky Democratic delegation in congress.

A canvass of sentiment in the delegation found that, although some of the members are not in sympathy with the candidacy of Beckham, they are substantially a unit in the belief that he has got his opponents "beaten to a frazzle."

"I must not be quoted, either publicly or privately," said a prominent member of the delegation, "but there will be only one outcome to the senatorial contest if Gov. McCreary and Representative Stanley both continue in the race, and that is that Beckham will be nominated by a sweeping majority. There is only one possible way to beat him, and that is either by the withdrawal of McCreary or Stanley, and I doubt if it can be done even then."

It Was An Even Break

The three games of base ball played last week with the Paris team resulted each team winning a game and a tie in the third. The three games were warmly contested and played before large crowds. Possibly no game has been played on the local grounds by the home team for years that attracted as much genuine enthusiasm as the Saturday game. Every play was contested and the result was continually in doubt until called by the umpire on account of the late hour.

Manager Wells has secured dates for three games with the Waverly, Tenn., team to be played the first of next week. This is one of the strong Tennessee teams and the fans are looking forward to them with eagerness.

Chamberlain's Liniment

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Chas. Tanner, of Wabash, Ind., says of it, "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent bottles. For sale by all dealers.

Dies in Holtville, California

News of the death of R. E. McGregor, a newspaper man and printer widely known and popular throughout Western Kentucky, at his home in Holtville, Calif., has reached Paducah, from Los Angeles, Calif. Mr. McGregor edited and published the Holtville Leader, a most substantial weekly. He was raised at Princeton, where he began newspaper work and edited and published for some time a Princeton paper. After leaving Princeton he came to Paducah and served as printer and in various other capacities on the local newspapers and job offices. He was married a few years ago to Miss Elizabeth Solson, a teacher in the Paducah

High School, whose home was in California. They subsequently went there to live.—News-Democrat.

Mr. McGregor was a citizen of Murray for many months, employed by the Gazette, published by the Melan Bros. He made many friends while here, one of whom only a few days ago received a most cheerful letter from him, in which he stated that he was doing fine in California, and through the influence of his Congressman had secured a government advertising contract which would have put him on "easy street" for years to come. He published the only Democratic newspaper in Southern California, in the town founded by R. A. (Judge) Holt, formerly of Murray.

Whooping Cough.

"About a year ago my three boys had whooping cough, and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by Dale & Stubblefield.

Reception For Miss Waters

Compliments to Miss Alice Waters, a returned missionary from China, the Missionary society of the Broadway Methodist church entertained the societies of the other Methodist churches of the city Monday afternoon from 3 until 5 o'clock, with a reception in the parlors at the church. Mrs. W. A. Martin, president of the society, presided and introduced Miss Waters who spoke very entertainingly of her labors in the foreign fields. She has been a missionary twenty-two years and had not been home for eight years when she came a few months ago. She exhibited a very beautiful and handsome collection of curios which she has acquired in her travels.

During the social hour following the talk light refreshments were served. A color scheme of pink and white was used in the decoration of the rooms. Many carnations and roses were used. Miss Waters has been the guest of Mrs. R. W. Hood, at the parsonage of the church, but left Monday evening for her home, Murray, Ky.—News-Democrat.

Duel to Death.

Lexington, Ky., May 18.—Quarreling over Mrs. Davis Adams, divorcee, with whom both were infatuated, Hubbard Minard, aged 17, son of J. B. Minard, county attorney of Leslie county, and Joseph Hensley, aged 18, a member of another prominent Leslie county family, fought a pistol duel on Coon's Creek, four miles from Hayden, and killed each other.

Minard was accompanying Mrs. Adams to a neighborhood gathering, when, according to report brought here today, they were met by Hensley. A quarrel ensued and they both drew revolvers. Mrs. Adams was struck by a stray bullet, but not badly hurt.

Is Much Improved

May 16, 1914. Editor Ledger.—I have been asked to write to the Ledger as to how I was getting along and I could not write all my friends. This leaves me considerably improved since I come here the first of May. I think if I can stay here five or six weeks I will be greatly benefited. If not cured, if any who see this wish to write me, which I would appreciate, address me, H. W. Grogan, care of Ozark Bath House, Hot Springs Ark.

POULTRY KEEPERS

We Publish Below a Communication From Mr. Rickey, State Agent in Poultry Club Work.

Because roosters are allowed to run with laying hens during warm weather \$15,000,000 worth of eggs are lost to the farmers throughout the United States each year; and most of this loss occurs during June, July and August. For this reason raisers of poultry are earnestly asked and urged to kill or sell all matured males or confine them in pens away from the laying hens during the summer. Eggs that are laid by hens not mated are sterile or infertile, and do not decay. The fertilized eggs spoil very quickly when subjected to the influence of heat and if they are left too long in the nests or under broody hens or are left in any very warm place the germ cells begin to develop, the chicks begin to grow. These growing cells may die at any stage of development due to unfavorable conditions.

Whether the embryo dies or not, the egg is useless as food and is unfit for market. If the wives of the farmers would once realize how much money they practically lose by allowing the roosters to run with the layers, they would immediately stop the practice. Not one egg more is produced with a male running with a flock of hens than without one, and unless the roosters are valuable as breeders, it is far better to dispose of them at the end of the breeding season and replace them with the younger stock the following spring. If we follow this plan we can always have good, strong vigorous cockerels (young roosters) for breeders, and at the same time get rid of the care of non-producers. Let us at least make the most of what we possess.

In order to have concerted action in this matter the Poultry Department of the United States Government has designated the 23rd day of May to be known among the poultry raisers as "Rooster Day." Then kill, sell or confine the rooster.

Note.—The well known poultry buyers who are members of the Southern Poultry and Egg Shippers Association have agreed to pay a higher price for roosters on that day.

Stubborn, Annoying Coughs Cured.

"My husband had a cough for fifteen years and my son for eighteen years. Dr. King's New Discovery completely cured them, for which I am most thankful," writes Mrs. David Moor, of Saginaw, Ala. Money back if it fails. All druggists. Price 50c and \$1.00.

Death of Mrs. R. F. Wall

Intelligence of the death of Mrs. R. F. Wall, of Los Angeles, Cal., came to the city Monday morning in a telegram to her brother, Dr. Vernon Blythe. Mrs. Wall died at 7:40 o'clock at the Loma Linda sanitarium after a several months' illness. Mrs. Wall was the eldest member of her immediate family and is survived by one sister, Mrs. Minnie Guthrie, of Los Angeles; Mr. L. D. Blythe, of Louisville, and Dr. Blythe, of the city.

Mrs. Wall had lived for twenty-three years in California. About four years ago she visited Dr. Blythe and will be most favorably recalled by those who had the pleasure of meeting her. Her remains will be interred in California.

Paducah News-Democrat.

Mrs. Wall was a native of this county, her maiden name was Althea Blythe, a daughter of the late Wm. Blythe and granddaughter of the late Zach Blythe. She visited Calhoun about four years ago and has many friends here who will regret to learn of her death. She was about 45 years of age.

Judge Hanberry to Try Hickman Case

Judge Jack Hanberry, of Hopkinsville, has been designated to try the case of Bob Langford, who killed Allison Taylor, a prominent young attorney, at Hickman last January. The trial of the case has been removed to Wickliffe, and Judge Hanberry will try the case after the coming term of the Trigg Circuit Court and before beginning the June term in Hopkinsville. On account of the prominence of the dead man, the case will attract much attention all over Western Kentucky. Young Tyler was a nephew of Gen. Henry Tyler, one of the most prominent Confederate soldiers and one of the wealthiest men in the state.

Kentucky's Death Rate.

Kentucky has a population of 2,336,277 and during the year 1913, exclusive of still-births, there were 39,643 deaths, or 13 deaths per each 1,000 for the year.

The number of deaths per thousand and each year in the state varies but very little, and there are only a few states that have a smaller death rate than Kentucky. Nearly all of the Eastern states have a larger death rate than Kentucky. Even the state of California, the great health resort, has a rate of over 14 to the 1,000.

Old Harmony Singing

The big singing at Benton Sunday, May 24, will be one of the greatest days since organized twenty-nine years ago, seems certain. This will be the 29th annual reunion of Old Southern Harmony Singers, and they will convene in the Court House there at 9 o'clock a. m.

On the approaching gathering the Benton Tribune-Democrat says:

"These famous singers were organized by Editor J. R. Lemon over a quarter of a century ago, and the remarkable thing about them is, that interest in them has never wavered, even until this good day.

"The meeting this year promises to be the most interesting of any that has ever been held. The people of this and adjoining counties are already beginning to talk about and prepare for the coming event, and are looking forward to the day with fond anticipations of a grand and glorious reunion of these veteran songsters."

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.

RATHER DEAD THAN ALIVE

Deplorable Condition of Lumpkin Lady Whose Troubles Multiplied Until Life Became Almost Unbearable

Lumpkin, Ga.—Mrs. G. W. Booth, of this place, says: "I suffered with dumb chills and fever and was very irregular. Was also nervous and weak, short of breath, couldn't do my housework without it being a burden, and then I began suffering untold misery in my left side, and back. I got to where I would rather have been dead than alive."

I tried many remedies, but they failed to help me.

Finally, I purchased two bottles of Cardui, the woman's tonic, and began taking it according to directions. Cardui helped me right away. I believe it saved my life.

I cannot praise Cardui enough to my lady friends. It is certainly the medicine for suffering women and girls.

If you have any of the ailments so common to women, or if you feel the need of a good, strengthening tonic, we urge you to give Cardui a trial. It has helped thousands of women in its past 50 years of success, as is proven by the numerous enthusiastic letters of gratitude, similar to the above, which come to us every day.

Don't delay. This letter from Mrs. Booth should convince you that Cardui is worth a trial. Get a bottle from your druggist today. You'll never regret it—Adv.

As One Who's Been Humbled.
The head of the family drank his coffee uncomplainingly, although its strength brought tears to his eyes.
"Why, father," remonstrated his son, "how could you swallow that?"
"My son," replied the old gentleman, "it's not the first lie that I have had to swallow, by any means."

Better Soldier Than Statesman.
One hundred years ago on the forty-fifth anniversary of his birth, Lord Wellington was rewarded with the title of Duke in recognition of his successes in the Peninsula campaign against the French. At the same time the House of Commons voted \$2,000,000 for the support of his new dignity. Within a little more than a year the famous soldier was destined to win the great victory at Waterloo and to become the commander-in-chief of the British forces. Later in life the Duke of Wellington became British prime minister, but the strong personal qualities that had helped him to success as a soldier were not the qualities that best fitted for the premiership, and the career of the duke as a statesman added little to his fame.

"Six years ago I was in a very bad condition," writes a Penn. lady. "I suffered from indigestion, nervousness and insomnia."

"I was then an inveterate coffee drinker, but it was long before I could be persuaded that it was coffee that hurt me. Finally I decided to leave it off a few days and find out the truth."

"The first morning I left off coffee I had a raging headache, so I decided I must have something to take the place of coffee." (The headache was caused by the reaction of the coffee drug—caffine.)

"Having heard of Postum through a friend who used it, I bought a package and tried it. I did not like it at first, but after I learned how to make it right, according to directions on pkg., I would not change back to coffee for anything."

"When I began to use Postum I weighed only 117 lbs. Now I weigh 135 and as I have not taken any tonic in that time I can only attribute my present good health to the use of Postum in place of coffee."

SYNOPSIS.

John Valiant, a rich society favorite, suddenly discovers that the Valiant corporation, which his father founded, which was the principal source of his wealth, has failed. He voluntarily turns over his private fortune to the receiver for the corporation. His entire remaining possessions consist of an old motor car, a white bull dog and Damory Court, a neglected estate in Virginia. On the way to Damory Court he meets Shirley, a beautiful, an unknown beauty, and decides that he is going to like Virginia immensely. Shirley, a girl, told me once that there was a cigarette named after him—the Valiant Valiant!

CHAPTER XIII.—Continued.
They stood on the edge of a stony ravine which widened at one end to a shallow marshy valley. The ravine was covered with gray-green, feathery creepers, anemond with curly yellow tendrils of love-vine. Across the ravine, on a lower level, began a grove of splendid trees that marched up into the long stretch of neglected forest he had seen from the house.
"You love it?" he asked, without withdrawing his eyes.
"I've loved it all my life. I love everything about Damory Court. Reminded as it is, it is still one of the most beautiful estates in all Virginia. There's nothing finer even in Italy. Just behind us, where those hemlocks stand, is where the duel the children spoke of was fought."

He turned his head. "Tell me about it," he said.
She glanced at him curiously. "Didn't you know? That was the reason the place was abandoned. Valiant, who lived here, and the owner of another plantation, who was named Sassoon, quarreled. They fought, the story is, under those big hemlock trees. Sassoon was killed."

He looked out across the distance; he could not trust his face. "And Valiant?"
"He went away the same day and never came back; he lived in New York till he died. He was the father of the court's present owner. You never heard the story?"
"No," he admitted. "I'll quite recently I never heard of Damory Court."

"That was the last duel ever fought in Virginia. Dueling was a dreadful custom. I'm glad it's gone. Aren't you?"
"Yes," he said slowly. "It was a thing that cut two ways. Perhaps Valiant, if he could have had his choice afterward, would rather have been lying there that morning than Sassoon."

"He must have suffered, too," she agreed, "or he wouldn't have killed himself as he did. I used to wonder if it was a love-quarrel—whether they could have been in love with the same woman."

"But why should he go away?"
"I can't imagine, unless she had really loved the other man. If so, she couldn't have borne seeing Valiant afterward. She paused with a little laugh. "But then," she said, "it may have been nothing so romantic. Valiant's grandfather, who was known as Devil-John, is said to have called a man out because he rode past him on the wrong side. Our ancestors in Virginia, I'm afraid, didn't stand on ceremony when they felt upish."

He did not smile. He was looking out once more over the luminous stretch of fields, his side-face towards her. Curious and painful questions were running through his brain. With an effort, he thrust these back and recalled his attention to what she was saying.

"You wonder, I suppose, that we feel as we do toward those old estates and set store by them, and—yes, and brag of them insufferably as we do. But it's in our blood. You Northerners think we're desperately conceited," she smiled, "but it's true. We're still as proud of our land, and its old, old places, and love them as well as our ancestors ever did. Do you wonder we resent their passing to people who don't care for them in the Southern way?"

"But suppose the newcomers do care for them?"
Her lips curled. "A young millionaire who has lived all his life in New York, to care for Damory Court? A youth, actually rich, brought up in a superstitious atmosphere of noise and money?"

He started uncontrollably. So that was what she thought! He felt himself flushing. He had wondered what would be the impression of the neighborhood and its people; their possible opinion of himself had never occurred to him.

"You think there's no chance of his choosing to stay here, because he actually likes it?"
"Not the slightest," she said indifferently.
"You are so certain of this without ever having seen him?"

She glanced at him covertly, an

noyedly sensible of the impropriety of the discussion, since the man discussed was certainly his patron, maybe his friend. But his insistence had roused a certain bulky willfulness that would have its way. "It's true I've never seen him," she said, "but I've read about him a hundred times in the Sunday supplements. He's a regular feature of the high-roller section. His idea of a good time is a dog-banquet at Sherry's. Why, a girl told me once that there was a cigarette named after him—the Valiant Valiant!"

"Isn't that beside the point? Because he has been an idler, must he necessarily be a vandal?"
She laughed again. "He wouldn't call it vandalism. He'd think it decided improvement to make Damory Court as frantically different as possible. I suppose he'll erect a glass cupola and a portico-cochere, all up-to-date and varnished, and put orchid hot-houses where the wilderness garden was, and a modern marble cupid instead of the summer-house, and lay out a kite-shaped track."

Everything that was impulsive and explosive in John Valiant's nature came out with a bang. "No!" he cried, "whatever else he is, he's not such a preposterous ass as that!"
She faced him squarely now. Her eyes were sparkling. "Since you know him so intimately and so highly approve of him—"

"No, no," he interrupted. "You mistake me. I shouldn't try to justify him." His flush had risen to the roots of his brown hair, but he did not lower his gaze. Now the red color slowly ebbed, leaving him pale.

"He has been an idler—that's true enough—and till a week ago he was 'idiotically rich.' But his idling is over now. At this moment, except for this one property, he is little better than a beggar."

She had taken a hasty step or two back from him, and her eyes were now fixed on his with a dawning half-fearful question in them.

"The failure of the Valiant Corporation, he had never heard of Damory Court, much less been aware that he owned it. It wasn't because he loved it that he came here—no! How could it be? He had never set foot in Virginia in his mortal life."

She put up her hands to her throat with a start. "Come!" she echoed. "Come!"

"But if you think that even he could be so crassly stupid, so monumentally blind to all that is really fine and beautiful—"

"Oh!" she cried with flashing comprehension. "Oh, how could you! You—"

He nodded curtly. "Yes," he said. "I am that hapazard harlequin, John Valiant, mister."

CHAPTER XIV.
On the Edge of the World.
There was a pause not to be reckoned by minutes but by eons of time. She had grown as pale as he.

"That was ungenerous of you," she said then with icy slowness. "Though no doubt you found it entertaining. It must have been a further amusement to be taken for an architect."

"I am flattered," he replied, with a trace of bitterness, "to have suggested

the Next Moment, With Clenched Teeth, He Was Viciously Stamping His Heel Again and Again.

even for a moment, so worthy a calling."

At his answer she put out her hand with sudden gesture, as if bluntly thrusting the matter from her concern, and turning went back along the tree-shadowed path.

He followed glumly, gnawing his lip, wanting to say he knew not what, but, wretchedly tongue-tied, noting that the great white moth was still saving its creamy wings on the dead stump add wondering if she would take the cape Jessamine. He felt an embarrassed relief when passing the roots, where they lay, she stooped to raise them.

Then all at once the blood seemed to shrink from his heart. With a hoarse cry he leaped toward her, seized her wrist and roughly dragged her back to him. He held her as a hawk seizes its prey, his face a mask of fury, his eyes blazing. "The next moment, with clenched teeth, he was viciously stamping his heel again and again, driving into the soft earth a twisting root-like something that

slapped the brown wintered leaves in to a hissing turmoil.

He had flung her from him with such violence that she had fallen sideways. Now she raised herself, kneeling in the feathery light, both hands clasped close to her breast, trembling excessively with loathing and feeling the dun earth-floor billow like a canvas sea in a theater. Little puffs of dust from the protesting ground were wreathing about her set face, and she pressed one hand against her shoulder to repress her shivers.

"The horrible—horrible—thing!" she said whisperingly. "It would have bitten me!"

"He came toward her, panting, and grasping her hand, lifted her to her feet. He staggered slightly as he did so, and she saw his lips twist to a pained grimace. "Ah," she gasped, "it bit you! It bit you!"

"No," he said, "I think not."

"Look! There on your ankle—that spot!"

"I did feel something, just that first moment," he laughed uncertainly. "It's queer. My foot's gone fast asleep."

Every remnant of color left her face. She had known a negro child who had died of a water-moccasin's bite some years before—the child of a house-servant. It had been wandering in the creek in the gorge. The doctor had said then that if one of the other children—

She grasped his arm. "Sit down," she commanded, "here, on this log, and see."

He palely fright caught him. He obeyed, dragged off the low shoes and bared the tingling spot. The firm white flesh was puffing up around two tiny blue-tipped punctures. He reached into his pocket, then remembered that he had no knife. As the next best thing he knotted his handkerchief quickly above the ankle, thrust a stick through the loop and twisted it till the ligature cut deeply, while she knelt beside him, her lips white with horror, saying over and over to herself words like these: "I must not be frightened. Season Tickets for Our Forthcoming Redpath Chautauqua

In arranging to inaugurate this chautauqua this year the local committee bought 1,000 \$2.50 season tickets, which will be sold, while they last, by them for \$2.00 each.

When these tickets are exhausted no season tickets thereafter can be had for less than \$2.50. Also, the price of season tickets will not be reduced from the first day to the close of the chautauqua.

The single admissions to the different sessions of this chautauqua aggregate more than \$8.00, so it will pay you to buy a season ticket even after the program is half completed. For the single admissions to the respective entertainments see program. Season tickets are non-transferable except within the owner's family.

CHILDREN'S TICKETS admit children aged six to fourteen years inclusive. All children are admitted to the children's work free.

PLEASANT WAY TO STOP CONSTIPATION

Dodson's Liver Tone Takes the Place of Disagreeable Calomel and its Often Dangerous After-Effects.

You probably know that calomel is a poison, a form of mercury, very dangerous to a great many people and sometimes causing disagreeable after-effects for nearly every one who tries it.

Dodson's Liver Tone is recommended as a perfectly safe and reliable remedy to take the place of calomel. This is exactly what it is made for and has been made for ever since the first bottle was put up and sold.

Dodson's Liver Tone is pretty widely imitated. But be careful to judge between loud boasts of the imitators and the plain truth of the original.

Dodson's Liver Tone is sold and guaranteed by Dale & Stubblefield who will refund purchase price (50c.) instantly with a smile if you are in any way dissatisfied.

Dodson's Liver Tone is a palatable vegetable liquid. Its action is easy and natural, with no gripe, no pain and the after-effects are pleasant instead of disagreeable. Dodson's Liver Tone does not interfere with your regular duties, habits and diet, but builds and strengthens instead of weakening you or "knocking you all out" for days. Try Dodson's and feel better and brighter, as thousands have.
