## MORTALLY

## Wounded Negro At Lafayette In Self Defense.

## Rivers Trample Shot At Rex Chandler, Who Returned Fire.

From Friday's daily.

After a brief exchange of words at Lafayette, last night, Rivers Trample, colored, fired at close range on Rex Chandler, a popular white boy, who returned the fire, mortally wounding the negro.

Yesterday, Trample, who was employed at Rapel's tobacco factory, became insolent when given an order by Mr. Chandler, who is connected with the store, and refused to do the work he was directed to attend to. The young man reported the matter to the manager of the factory, who at once discharged the negro.

Trample, it is said, made threats against Chandler, and told it around Lafayette that he had been discharged for coming the white boy. Last night about eight o'clock, Mr. Boyd and Mr. Chandler were sitting in the doorway of Cooper's store when Trample and another negro approached them. When they were opposite the young men, Chandler is said to have quietly asked the negro what he meant by his threats and false statements.

The negro became thoroughly infuriated and applied a vicious blow to Chandler, who arose from his seat. Trample, with an oath, whipped out a pistol, and fired pointblank at the youth. The ball passed in an inch of his face but fortunately failed to strike him. Chandler drew a revolver and emptied its contents at the negro, who was fatally wounded. At the last message from Lafayette today, Trample was alive, but it was stated that he could not live longer than a few hours.

As the negro about Lafayette were muttering threats after the shooting, Chandler went to the home of Constable Frank Rivers who last him a horse. He rode to Hopkinsville and surrendered to Chief of Police Matthews. He furnished bond today, and his examining trial was set for Tuesday, May 15. The young man is about eighteen years of age and bears a good reputation.

Trample is about nineteen, and the son of a negro politician.

DOES IT PAY TO BUY CHEAP?  
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung trouble. What shall you do? Go to a warm and comfortable place? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung trouble, "Doan's German Syrup." It not only soothes and stimulates the tissues to destroy the germ disease, but also inflames, cures and expels the disease, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by druggists in all civilized countries.

## HIDEOUS

## Charge Brought Against Haley's Mill Farmer.

John W. Duncan, a farmer who lives in the Haley's Mill precinct, was lodged in jail on a heinous charge last night by Deputy Sheriff Charles Barre. The warrant on which the man was arrested accused him of criminally assaulting his own daughter at the point of a pistol.

The crime, it is alleged, was committed last Friday. Duncan is said to have left for Hopkinsville, where he remained until yesterday. When he returned home, Deputy Barre served the warrant on him. He made no resistance and denies that he is guilty.

Duncan is between forty-five and fifty years of age, and owns a farm. His daughter is Mrs. James White. She was married just a few weeks ago. Last year Duncan brought suit against a Haley's Mill citizen charging him with slander, alleging that the defendant had accused Duncan of improper relations with his daughter. The case was subsequently dismissed.

This morning Mrs. White telephoned to the Sheriff asking that a warrant of arrest be issued for her brother, who, she said, had possession of her infant child and had refused to give the baby up.

The marriage will be solemnized on Tuesday evening June 5th at 7 o'clock at Lander Memorial church in Louisville.

The evening of elocution at South Kentucky College Saturday, was an event of rare pleasure to the large audience that filled the chapel of the institution. Miss Sophia Schuler and her class rendered a most delightful program.

He has always been active in every movement that would benefit Hopkinsville morally or materially.

## Is The Damage Done By The Hessian Fly.

## Unknown Disease Kills Stock In Trenton Neighborhood--Farm Notes.

The item in the New Era, telling of the damage wrought by the Hessian fly in Christian county has brought forth dispatches from other counties, showing that the wheat crop is being greatly injured throughout the Pennsylvania. It has been practically ruined in several counties, and hundreds of acres of wheat fields are being plowed up and planted in other crops.

Says the Fairview Review:

"The wheat crop in this section is being seriously damaged by the fly. Some fields are entirely ruined so it will not make anything at all. Mr. George Minna, who had one of the finest fields in this part of the county, has turned his turned his stock in on it. There is none clear from the fly. It is predicted that the crop will be almost an entire failure."

The Trenton Democrat says:

"The spread among the stock of the unknown disease which killed three fine milch cows for Mr. W. H. Wright is becoming quite a serious matter. Others who have lost stock this week are R. B. Small, two splendid heifers and Jas. Harrell, one fine young male. Many other reports horses and calves sick."

The acreage planted in cantaloupes this year promises to exceed that of previous years by many thousands of acres. The industry has grown more rapidly during the past ten years than any other branch of horticulture or gardening and has been very largely due to the success attained by the melon growers.

Thousands and thousands of acres have been planted in South Carolina, Florida and Georgia and if the product of one-fourth of them is put on the market, low prices must necessarily result. Southern growers are not organized and the consequence will be the flooding of many markets.

In times of a scant crop in this country potatoes have been imported from Scotland, Ireland and Germany. Potatoes of a very peculiar variety, which are regularly imported from Germany, are comparatively little quantities.

In American potatoes it is counted a desirable characteristic that they shall cook dry and mealy; just the opposite quality makes the so-called German potato prized for the purpose for which they are used; they cook oily or moist, cutting like some kind of cheese. German potatoes are found on sale in some grocery and vegetable stores, and they are found in the form of potato salad in some delicatessen stores, and especially in German restaurants. The potatoes of this variety at their full growth are small in size; they cook much like the early potatoes of the ordinary kind; they cost here but twice as much as ordinary potatoes. About 15,000 bushels are annually imported.

## FATE

## In Two Disguises Interferes With Marriages.

From Monday's daily.

Bashfulness, in one instance, and an angry sister with a large umbrella, in another, cheated Hymen out of four victims Sunday.

Douglas D. Gregory, formerly of Todd county, but now of this city, and Miss Victoria Hart, of Edwards' Mill, had intended to take the solemn vows of matrimony on the pinnacle of Pilot Rock. There, bathed in the beams of the noonday sun, they were going to promise to love, cherish and honor one another as long as life should last. Squire Brower, the best-hatted man we've guided the destinies of the Fairview Review, found out about the prospective ceremony and decided to furnish the happy couple with an audience.

So he stated that the marriage would take place on the rock and invited everybody and his friends to be present. The New Era and other papers round about copied the item. So yesterday the sides of the big natural tower were black with people. But the bridegroom came not. Mr. Gregory last Saturday evening secured the license, but when he learned that the marriage would lack a very large part of being private, he telephoned to Rev. O. H. Temple, of the Cumberland Presbyterian church at Fairview, whose services he had engaged, that other arrangements would be made.

Mr. Gregory and Miss Hart may have married yesterday, but the nuptials were not celebrated on top of Pilot Rock.

The other instance furnished considerable excitement at the L. & N. station Sunday morning. A young man and young woman started to board the ten o'clock train. They were intercepted by a sister of the girl who belabored the couple indiscriminately with her umbrella until she had broken it. They escaped from her and boarded the train. Their friends stated that they had planned to go to Evansville and be married, but finding that the young lady's sister was so strongly opposed to the marriage they went to Crofton instead and spent the day with friends.

## Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Erysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution.

S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonic properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous accumulations. S. S. S. cures permanently because it leaves none of the original poison to re-form in the blood and cause a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record.

S. S. S. contains no poisonous minerals—it is purely vegetable and harmless. Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will pleasure in siding by their advice and direction all who desire it. Write fully and free about your case; your letters are held in strictest confidence. We make a guarantee for this service. Our book on Blood and Skin Diseases will be sent free upon application.

## ANOTHER

Well Known Citizen Victim Of Reaper.

Mr. Montgomery Adams Died Tuesday Night.

From Wednesday's daily.

Mr. Montgomery Adams died last night at his home on the Pa-mira road about three miles from Hopkinsville. He had been confined to his bed for ten weeks. Death was due to a complication of rheumatism and ulceration of the stomach.

His condition had been regarded as critical for several days, and death came last night at nine o'clock. Owing to the nature of his illness his suffering was intense, but he sustained it with marked fortitude and Christian patience.

Mr. Adams was one of the best known farmers in Christian county, and it is probable that he did not have an enemy in the world. He was a man of genial disposition and generous impulses, and every body who knew him well was his friend. His death leaves a vacancy in the community that will not soon be filled. Many expressions of sorrow have been heard today in the city.

The deceased was a son of John and Elizabeth Caylor Adams and was born on a farm near the one on which he died and where his whole life was spent. He was educated in the county schools, and in early manhood, engaged in the farming business. He was a good farmer and an enterprising business man and leave his family well provided for. He was first married to Miss Mattie Ford, a sister of M. O. Ford, of this city. One child, Mrs. Mary Linné Givens, was the result of this union. His second wife was Miss De in. She and several children survive him.

## DUEL

Guthrie Between Editor And Jeweler.

H. S. Devold Shoots Frank Hutchison And Virgil Marshall.

From Thursday's daily.

A pistol duel between well known editors at Guthrie last night resulted in the death of two men being mortally wounded.

The victims are:

J. FRANK H. HUGHES.

VIRGIL MARSHALL.

The latter was a bystander who was not concerned in the case leading to the shooting.

The principals were Hutchison and H. S. Devold. The former is editor and owner of the Guthrie Graphic. He has been living in Guthrie about one year, having purchased the plant from Prof. J. J. Olson, of Madisonville. He is a bright fellow and rather on the brain order in his writings. Devold is in the jewelry business. He and Hutchison had been at odds for some time over a small advertising bill. Last night they met in a saloon and their dispute regarding the bill was renewed.

The matter was brought to a crisis by the editor slapping the jeweler's jaws.

Devold drew his pistol from his pocket and fired Hutchison. The latter pulled out his revolver and returned the fire. The bullet grazed the jeweler's shoulder.

Devold quickly emptied his weapon, and three balls entered Hutchison's body. Two passed through his lungs and the third passed through his throat. Virgil Marshall, who was standing near Hutchison, received a ball from Devold's pistol in his stomach. He is a robust man, being an employee of the Louisville & Nashville Railroad Company.

Both of the wounded men were alive at 10 o'clock this morning, but no hope for their recovery is entertained by their friends. Hutchison is said to be sinking rapidly, and it is thought that he cannot survive until night. Dr. Briggs, of Nashville, was summoned this morning and is attending the men.

Devold went to Elkhart, where he surrendered to the proper authorities and is now in jail.

SCHOOL CONCERT.

A highly successful concert, was given by Miss Katie Knight's school at Hopkinsville yesterday night. The program was well arranged and unusually interesting. A cake walk, led by Frank Southall, of this city, was the closing feature of the entertainment.

Hopkinsville People

At The Convention.

(Louisville Commercial)

Mr. John Poland, of Hopkinsville, was among the first of those who came in yesterday to the convention. Mr. Poland is one of the county election commissioners of Christian county and is one of the wheel-horses in the party. His name has been mentioned along with those of Hon. Lige Bebe, of Henderson, and Hon. E. W. Black, of Owensboro, in connection with the congressional nomination in the Second district. When asked whether he would seek the honor, Mr. Poland replied: "I do not know whether I will be a candidate or not. It all depends on circumstances."

Mr. Poland reports the prospects to be bright for the party in the Second. Regarding the gubernatorial race, he said: "We all feel confident down there that the supreme court in its wisdom and having due regard for the rights of the people will decide that the Goebel law is unconstitutional and that there was no election last fall. We expect to see Governor Bradley again in control of the state government until his successor is legally elected."

"If the supreme court had merely been considering the question of jurisdiction it is my personal opinion the decision would have been made last Monday, as that is a very simple question."

"If it is so, I will take it," said Mr. Poland, "I am a Republican, and I am for the Republican party."

## SLAYER

Of Bob Lanham Renounces Life Of Sin.

The Sequel To A Tragedy Told From A Pulpit.

From Thursday's daily.

A young woman dressed in black with tears streaming from her eyes boarded the train at Owensboro this morning," said Rev. J. P. Stubbiefield, from the pulpit of the Methodist church last night, illustrating a point in his sermon. "Her face bore an unexpressed agony."

She looked as if she might be going to her own funeral. She sank into a rest next to mine and as there weeping. She seemed to know that I was a preacher, and extending to me a newspaper, pointed to a column and sobbed:

"Read that; read that."

"I saw the flaring headlines:

"KILLED BY A WOMAN."

"And you?—Lashed."
