Your Home

It has only been the last few years that small tables have "come into their own" for the smart, convenient furnishing of the living room. As you can see, they are now the fashion has changed. With its proper and modern lines, comfort, utility, and more beauty and charm, too.

We have just seen the results of a nationwide survey among American home owners by Imperial Furniture Company of Grand Rapids. This survey shows that the majority of these women feel that from 5 to 10 tables are necessary to a living room.

"A table conveniently placed by every seating place" is one of the cardinal rules practiced by decorators.

The many specialized table types all seem indispensable for the modern home. Who would think of entertaining these days without the gracious hospitality of a coffee or cocktail table? How could a living room be considered cozy without an end table or commode for lamp, magazines, smoking accessories by your sofa—perhaps a pair, which is considered so smart.

Next to tables, the tables, console card tables, magazine tables, drop-leaf, pick-up, chair-side and lamp tables are other versatile kinds of tables that are among the most popular.

# Cpl. Ivan Lamb, With Skyliners, Detracts "Enemy"

Official U. S. AAF Photo by AAF TRAINING COMMAND EAGLE PASS ARMY AIR FIELD, Texas, November 25. Jitterbugging or jittering had no place here when the Skyliners, popular Army Air Forces dance band at this AAF Training Command's Eagle Pass Army Air Field, Texas, exchanged their musical merry-making recently for the noise of battle in simulated combat on the first bivouac of the 618th AAF Band, to which the Skyliners belong.

Disseminated in a successful infiltration maneuver by their commanding officer, 2nd Lt. Robert Byrne, of Columbus, Ohio, (left) ex-orchestra leader, the soldier-musicians proved they can detract the attention of the "enemy" and stealthily move in on his positions as easily as they attract the attention of dancers of GI jam sessions.

## Training School Colts Smear South Fulton Quintet, 42-10, Here

Murray Training School Colts, coached by Roy Stewart, opened their season here Tuesday night by smothering South Fulton by a score of 42-10.

The Colts jumped into an early lead and were out in front 9-0 at the end of the first quarter. Having complete control off the backboards, the Stewartmen had run up a 24-0 count at halftime.

Substituting freely in the last half, Coach Stewart's Colts kept up their scoring spree and at the close of the third frame were out in front 34-0 and stretched their lead to 42-10 as the final whistle ended the contest.

Friday night the Colts will be hosts to some fast company when the Almo Warriors will meet the Murrayans in the John W. Cal Health Building at 7:00 o'clock.

The Almo lads have several games tucked under their belts and only last week topped the strong New Concord High quint, 33-35. The Colts will be put to a test in trying to stop McCulston and Emerson, as well as J. Burken who have a nice eye for the basket.

Coch. Roy Stewart stated today that the Colts will need quite a bit of polishing up before they present a well-clicking machine, and predicted that it would take a few games to really get some of the rough spots smoothed out.

## FM 1-c Wm. T. Utley Visited Folks Here After 2 Years In South Pacific

F.M. 1-c Wm. T. Utley who has just returned from active service with the Third Marine Division in the South and Central Pacific, left Tuesday morning to return via Oakland Calif. to camp at Klamath Falls, Oregon, after his first furlough and visit home since entering the service October 28, 1942.

He took his boot training at San Diego, Calif., qualified as field musician, First Class and went overseas about four and one-half months after he began his training.

He was at Samoa for about three months; thence to New Zealand, where he spent the most pleasant time since leaving home, and then to Guadalcanal, where air raids gave them much worry. He then landed with the third wave on Bougainville, when that island was invaded; retitled to Guadalcanal to rest camp until about two months previous to the landing on Guam.

Before reaching Guam, his division was anchored in a bay in the Marshall Islands about a month to see if they would be needed at Saipan, making 55 days they were aboard ship.

Just prior to the action at Guam, he developed some symptoms of jungle fever and his doctor told him he could get him out of the impending campaign; however, he chose to remain with his unit until after the former U.S. Naval Base was liberated and from the reports of the joyfulness of the natives at the liberation, he derived much satisfaction from his part in that campaign. He served as messenger between the Infantry and Artillery and as replacement in the Infantry. When not in action, he was mail orderly and clerk in the office and for a time orderly to his battery command.

The fever caused him to have to walk out on a higher rating, however, he was glad to have an opportunity to get back home after two years absence.

Besides his stay with his mother, Mrs. Fleta T. Utley, aunt, Miss Irene Thomas and his grandparents, Mr. and Mrs. J. E. Thomas of this city, he spent some time with other relatives near Mayfield and at Paducah, and relatives and friends and former business associates of Memphis, Tenn.

He reported that the cool weather, to which he had not had time to become acclimated, made him

most comfortable by his own home fireside, where he enjoyed the visits of friends who called. He expects to remain at Klamath Falls for at least three months, before reassignment.

## Kidneys Must Work Well

For You To Feel Well

It takes every day 1 day every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly receive surplus food, excess acids and other waste matter that must stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Storing, clogging or too frequent urination sometimes means that something is wrong. You may suffer aching back, arches, headache, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. All drug stores.

## Campus Dimout Here Friday, Saturday; Season's Outstanding Musical Production

By Leola Hart

The Campus Dim-Out, formerly known as Campus Lights, is to be given in the auditorium of Murray State College Friday and Saturday nights. Miss Mildred Perry, president of the Sigma Alpha Iota musical fraternity, told reporters in this office this week that there was a rush on tickets and the sales indicated the largest interest. In the enjoyment, many persons will be reminded of the crowd ever to attend this program. This entertainment is given annually, and at this season, music and drama lovers will view this "war-time" production with much interest. The program is to be a fore-the-war Campus Lights and some of them in foreign theaters.

The placards scattered all over Western Kentucky and advertisements show this program to be "Dim-Out of 1945". Reporters in this office have not learned why it is dated 1945 unless the property president of the Sigma Alpha Iota musical fraternity, told reporters in this office this week that there was a rush on tickets and the sales indicated the largest interest. In the enjoyment, many persons will be reminded of the crowd ever to attend this program. This entertainment is given annually, and at this season, music and drama lovers will view this "war-time" production with much interest. The program is to be a fore-the-war Campus Lights and some of them in foreign theaters.

Murray State and the Fine Arts Department. It has grown and has given such entertaining productions, that it is patronized by all Western Kentucky, and music lovers from other states.

## COL. ROBT. TURLEY IS HOME FROM PUERTO RICO

Been Away For 31 Months; Hear For Vacation, Visit

MIAMI, FLORIDA, Nov. 25.—Flown across the seas in a Fleet Air Transport Command plane, Colonel Robert E. Turley, Jr., of Macon Manor, Murray, Ky., who served 31 months in Puerto Rico, with three soldiers from Kentucky took a long step home.

Hardly had their feet hit the ground at the ATC's Miami Army Air Field when the processing machinery geared for speed hastened their completion of the final homeward lap. The other three men are:

First Lieutenant Wayne T. Rye, 24, of West Water street, Flemingsburg, who served 11 months in the European theater as a B-25 bombardier. He flew on 70 combat missions, and has been awarded the Distinguished Flying Cross, Air Medal and Presidential Citation.

Sergeant Hubert E. Whitaker, 26, of Hopkinsville, 405 East 23rd street, who served 26 months in Cuba; and

Private First Class Oliver Lear, 25, of Camp Dix, Lewis County, Kentucky, who served 24 months in Iran.

Col. Turley arrived in Murray last week and is enjoying his visit home with his wife. He and Mrs. Turley plan to visit his people in central Kentucky next week and to see their daughter, Miss Mary Jane Turley who is in school in Gulf Park, Gulfport, Miss. His many friends here have been enjoying seeing him home again and talking with him. He and his family are quite popular here. Mrs. Turley has accepted the chairmanship of the hostess committee for the USO here.

Following this, the classes will have their individual Christmas trees and be decorated for the holidays.

The Sophomore class, under the supervision of Mr. Story, will present their annual play, "Grandpa's Twin Sister" on December 19.

In spite of draft, gasoline, etc., we are all proud of our basketball team this year. Last week, Almo invaded our territory and after a good game, well played, won over us by five points. We play Hazel at Hazel Friday night.

The grade teachers were very pleasantly surprised to receive an invitation to breakfast from the home economics class sponsored by Miss Holloway. Harvest decorations were used and the centerpiece was a big bowl, brimming with fruit and flanked by candles. The high school faculty have something to look forward to on Friday when they are the guests of the home economics class.

Our canneries is doing a flourishing business and the people enjoy using it very much. It is only open on two days a week. Tuesday and Thursday, and appointments must be made in advance.

We were sorry to lose Mrs. Mayre Clark from our home economics department when she moved to Chicago but we are glad to welcome Miss Holloway to a place among us.

The fires were immediately  
brought under control, said the  
broadcast recorded by the Federal  
Communications Commission, and  
there was "practically no damage."  
The Superfortresses dropped in-  
cendiaries and flare bombs, but  
were "repulsed by our effective in-  
terception," Tokyo declared.

TIGERS TO MEET GROVE HIGH  
AT PARIS THIS AFTERNOON

Hollandmen Seek  
Eighth Victory  
Of 1944 Season

The spotlight of West Kentucky and West Tennessee is focused on the Paris gridiron where this afternoon at 2 o'clock Murray High Tigers and Grove Blue Devils will meet in their annual Turkey battle. Grove High sports an unblemished record while the Murrayans have seven wins and one defeat for the season.

This annual affair which has been played on Thanksgiving Day for the past 13 years has each time brought thrills to the usual overflowing crowd. This year, of all years, should be "the" time for the greatest struggle in the history of the two schools. Both have good strong teams and have outstanding records for the '44 season.

The teams will be after leg No. 2 on the Post-Intelligencer and Ledger & Times trophy which was first offered in 1942 when the Tigers clamped the first leg with a 27-13 defeat over the Tennesseeans. Last year the Blue Devils came roaring back to down the

Tigers 13-7, therefore gaining a leg on the trophy which will become the permanent possession of the team winning three consecutive games.

In the 13-year series, Murray has won 7 games and Paris has been victorious 6 times. In the 13 games played there have been no ties recorded. Murray has whitewashed Grove five times and the Parisians have goose-egged the Tigers three times. The Tennesseeans have accounted for the highest score during the 13 game loop when they hung up a 33-0 win in '35. In 1936 the Hollandmen managed to run up a 20-0 score on Grove.

It is noted that during the 13-game series, Paris has amassed a total of 134 points while the Tigers have piled up 118.

Bands of both school will put on colorful exhibitions for the annual classic. The Murray High Drill Squad will add color to the occasion when they present their maneuvers. Coach Ty Holland, who has guided the destinies of Murray High athletics for the past 15 years and who has a great record with grid teams of this school with 97 wins, 42 defeats and 9 ties, said today that he predicted a win for the

Tigers. The Tigers are sparked by Tom Covington, outstanding back in Western Kentucky, and who is followed by Russell, Furgerson and Captain Shroat in the backfield. The game today will probably find Giles, Melugin, Thurman, Thompson, Jack Ward, Carroll, and Saunders in the forward wall.

Barkley Predicts  
Nation's Tax Bill To  
Be Cut In Half

WASHINGTON — Democratic Leader Barkley predicts that the present annual \$45,000,000,000 federal tax bill can be cut about in half after the war.

"I believe that when this war is over," he said, "we can build a sound economy in which there will be jobs for all who want to work. With the right cooperation and exercise of wisdom we can have a national income of somewhere between 125 and 150 billion dollars, or even more."

"We are now paying about \$45,000,000,000 a year in taxes, which is about what the whole national income was not so many years ago. When the war is over, I believe we can reduce this tax bill to somewhere between \$22,000,000,000 and \$25,000,000,000."

Union Thanksgiving Services Held In  
First Baptist Church Thursday

Four churches joined in Union Thanksgiving services at the First Baptist Church Thursday November 23 to observe the National day of Thanks. Business houses and offices were closed all day.

The First Baptist church was filled with people who gathered in friendly and prayerful attitude. The Rev. B. B. Braxton, pastor of the church, gave the address that was timely and inspirational. The Rev. Samuel C. McKee, pastor of the Presbyterian church gave

the invocation and benediction; the Rev. Charles C. Thompson, pastor of the First Christian church and chairman of the Ministerial Association, presided. A period of sentence prayers was conducted by the Rev. T. Henry Mullins, Jr., pastor of the Methodist Church.

The music was beautifully given by representatives of the town's churches, and conducted by Prof. Merle T. Kesler, music instructor of Murray State College. Curtis Hughes played the organ.

ALMO SCHOOL'S COMMUNITY  
THANKSGIVING DINNER AND  
BASKETBALL GAMES FIT FOR KING

Crowned heads of the world, held no advantage over those persons who attended the community Thanksgiving dinner and basketball games at Almo High School Wednesday night, November 22. The hospitality of the good folks of the Almo community was a highlight of the occasion and that Thanksgiving feast, including all the trimmings, prepared and served by the young ladies of Almo school, and assisted by the good women of that neighborhood, bore out the fact that good old southern home cooked meals are unexcelled.

With approximately 50 adults and more than that number of young people attending the dinner, and after getting that full and contented feeling all swarmed into the gymnasium where they found almost a full house on hand to witness the Almo Warriors and New Concord Birds battle it out on the hardwood.

The teams played what was perhaps the fastest 32 minutes of basketball ever seen in this county. Not for a second did the game slow down and the lead changed hands with almost each passing minute. Almo got off fast and held at 9-4 advantage at the first quarter, but the high flying birds,

sparked by the fine playing of Bell, nosed ahead 12-12 at halftime. Emerson and McCutcheon for Almo really got going in the second half and New Concord was outscored 10-5 in the third frame to run the score up to 22-18. And again in the final period Almo held the advantage in scoring, ringing up a 11-7 score and the game ended with the Warriors leading 33-25.

In the final game of the evening, New Concord's B's topped the Almo B's 17-15.

Lineups for the varsity game follow:

Tubbs, 2	F. Spiceland, 2
Emerson, 13	C. Adams, 7
Ernstberger, 1	G. Bell, 13

Neither team made a single substitution in the game.

## What Has Happened to the Purple Heart Club?

What has happened to the Purple Heart Club? That is a question being asked by citizens of Calloway County and thought of by many who do not express their question in words.

About a year ago, there was interest in this organization, and several meetings were held in the court room to promote the organization of this move to honor those who had been wounded in battle, and to raise a fund for a memorial building for the veterans of Worlds I and II.

An organization was set up and money collected for Purple Heart Club. For a season it indicated that it might grow. It was the purpose of the club to have a dollar donated by individuals for every Calloway man who received a Purple Heart. If any interest is being shown in this club at present, it is not evident. Just how many Calloway men have received the Purple Heart we do not know.

The Purple Heart Club is something that should be revived, or else abandoned in an open meeting. It is the wish of the Ledger & Times that the club be furthered according to the original plans.

A memorial building erected on the American Legion lot, sufficiently large to accommodate the veterans of both wars, and one to honor those men who gave their services in these wars would be an acceptable memorial. It would be practical and fitting for those who did not have to pay the price of war to erect such a building to honor those who did make the sacrifice.

The Lowell Littleton American Legion, Post No. 8, Paris, Tenn., is sponsoring a drive for \$100,000 Memorial Building Fund for the men and women in the service. Paris is planning a building large enough and properly equipped to serve the urgent needs of the men and women who return and to honor those who do not return from service.

The Paris Legion is placing the funds received in the drive in War Bonds to await the release of building materials.

This paper does not claim to know why the Purple Heart drive here has lagged, but it is anxious to revive this interest while the time is ripe.

There are those among us who feel that we have too many drives. We are busy with drives—War Bond Drives, War Fund Drives, Red Cross Drives, War Memorial Gymnasium Drive for the Colored school; Tuberculosis Christmas Seal Drive, Infantile Paralysis Drive, Boy Scout and Girl Scout Drive, Salvage Drive . . . and we could keep on naming drives that are inviting our time, interest, and money.

But all these are the privileges that go with being an American citizen. . . . The opportunities for us to show what we are made of are made the more by the blessings of living and being spared the greater sacrifices made by those who go to war.

Rarely do you hear a man or woman who is busy with a community cooperative program complain of these special drives. We are sorry for those who are too stingy to partake of these opportunities that knock daily at our door. They are missing a chance to cast their bread upon the water.

Just how the Purple Heart Club can be promoted, we do not know. But judging by other organizations that function, we would recommend that an office be opened and an executive secretary be employed to look after the collection of membership dues and keep the people informed on the men who receive the military award. It might be possible to get the plan sponsored by some civic organization. It would be an ideal project for the American Legion, or the Rotary Club, the Lions Club, the Young Business Men's Club, or maybe some woman's club.

We do know that what's everybody's business soon becomes nobody's business. This fund could easily have been swelled to thousands of dollars had there been a paid secretary to look after it.

If a secretary can be found to look after the job of the collections and the correspondence, the Ledger & Times will gladly donate space and a desk in the front office to take care of the business until a better place can be found. The paper will cooperate in any way it can to promote the plan and give something permanent to the honor and use of the Calloway men in military service.

These comments are in no way intended to criticize those in charge of the Purple Heart Club. They are merely offered as a friendly suggestion to put our shoulders to the wheel again in a business-like manner and give a shove toward getting the job done in a creditable fashion.

If a man can write a better book, preach a better sermon, or make a better mouse trap, even though he build his home in the woods, the world will make a beaten path to his door.

## Gratitude

Years ago an American, an Englishman, and a German, visiting an Oriental country, were granted an audience by the local potentate. Addressing the Englishman, he said, "I understand you are a subject of the King of England." The Englishman bowed and replied, "Yes, your Highness, and I am very proud of it." Turning to the German, he said, "And you are a subject of the Kaiser." Clicking his heels and bowing stiffly, the German replied, "Yes, your Highness, and very proud." Addressing the American, his Highness said, "And you are a subject of the United States of America." Whereupon the American exclaimed, "Subject? I am a part of the United States of America." ## The Christmas Seals Are Needed

Christmas Seal time is here again. This heartwarming practice of buying cheery little seals to help combat tuberculosis, began just forty years ago and has since become a world-wide tradition. The Christmas Seals are sold in 46 countries. This year, as usual, they make their appearance. In a war-torn world they are reassuring reminders that we live in a civilized world after all and humanity has a streak of goodness in it that will not be put down.

This year, as never before, the Christmas Seals are needed. Tuberculosis is on the increase. The steady progress of medical science in the treatment of the disease has not been sufficient to stem the debilitating inroads of war. Our crowded war production centers, overwork and nervous exhaustion have been an open invitation to tuberculosis. The great tragedy is that too many persons don't realize it when the unwelcome guest has found its way into their homes.

Yes, the Christmas Seal has new significance this year. It is one means by which all of us can take part in the fight against the renewed threat of man's ancient enemy—the white plague.

Mrs. W. J. Caplinger is starting her fifteenth year as chairman of the local sales of these Christmas seals for this county. She works through the Murray Calloway Club, who sponsors the sales each year, and the Calloway County Health Board.

Mrs. Caplinger urges everyone to buy these seals this year to use on letters and packages. With this money much good is done in this county toward the treatment and prevention of tuberculosis.

## Safety First

There are 6,650 accidental deaths of school children, ages 5 to 14, in 1943—a 5 per cent increase over the previous all-time high of 6,340 in 1942; and nearly 1 out of every 3 of these accidental deaths resulted from a motor vehicle accident.

We have become lax in our enforcement of safety ordinances in the vicinity of our schools. "There is a war on" is no excuse for allowing many of the conditions that now exist to continue to endanger the lives of our school children.

The school children of today are our citizens of tomorrow and enforcement officers and authorities in charge of the administration of our laws should never relax their vigilance in protecting their lives.

## Letter To Editor

Wayne Sullivan, RM 3-10, Bart. Bldg. 1013, Shreveport, La.

Dear Mrs. Hart: Please consider this an application for a yearly subscription to the Ledger & Times. The above address carries with it the implication that I may be away from Murray for a long time and I hope the paper will make me feel nearer home.

I have been in California two weeks awaiting transfer and I have yet to find a town that compares favorably with Murray. My ambition is to end this war and come back to my family at the earliest possible moment, and to re-establish, if possible, my business. I hope you will save me a spot. Contrary to popular belief, I have found the Navy is much easier than civilian life, except for the regulations and being away from home.

If you have room, I would like for you to publish this letter and take this opportunity to say hello to my friends and ex-customers, inasmuch as I can't find time to write them individually. I will be happy to hear from any of them and will try to keep up any end of the correspondence.

Thank you, Wayne Sullivan

P.S. I am familiar with your rates, so will you please mail a statement to Mr. Wayne Sullivan, care of Dr. C. H. Jones, Lynn Grove, and she will stop in and pay you. Perhaps when the war is over, if you wait to start mailing the paper until she comes in, as my address will be changed shortly.

EDITOR'S NOTE: We are delighted to hear from you. We are happy to give you space in this paper to say hello to your friends. We remember the good foods you sold at Sullivan's Grocery—and those juicy steaks. When the war is over, we hope to have you and yours living in Murray again. L.M.)

October 25, 1944

Mrs. George Hart: I have within my possession an article written by Gene about the 8th of September. It brings back many, many happy times that I have had with you. I have had to get it together. Be sure and send me his address as quick as you get it. I would like very much to hear from him.

Also, Mrs. Hart say hello to that wife of mine down at 118 Main street. I received a copy of your paper about two weeks ago, and did I really devour it! It was the first copy of either of the home papers. Sure did enjoy it.

Keep the good work going and tell everyone hello for me. Tell Mr. George hello for me and that I have been seeing some of World War I battlefields.

Drop me a line some time. Your former pupil and friend, Pfc. Harold O. Winchester

EDITOR'S NOTE: I am glad you wrote to the Ledger & Times. We try to make it very newsworthy for the benefit of the Calloway service men. We know you like to know what's happening here—and what expect when you come home. Gene Cole is a German prisoner. You probably know that by now, if you are getting the Ledger regularly. Write just as often as you have time. We enjoy hearing from you. I hope you received the letters. L.H.)

Dear Licker: Don't have to be reminded that I am in camp again. The furlough was swell, really a relief to get away from Army life for a while. While there I had you to change my address, now I am asking you to change it again, the paper is swell and I don't like to miss a copy.

I'm afraid my stomach is going to undergo a radical change to meet the change from the meals I had at home and the ones here. A "hello" to everyone around Lynn Grove.

Your friend, Donald Crawford, 30th Signal Co. Wing, Camp Pinedale, Fresno, Calif.

EDITOR'S NOTE: Happy to hear from you. We have your address changed and you need not miss a copy of the Ledger. It was nice to have you home and to have a visit with you. I saw Mrs. Charlie Crawford and Janice in Paducah Friday. Saw your dad and mother at the Farm Bureau banquet recently. Take care of your stomach so you can eat again at home—we hope real soon. Good luck to you—and hurry home.—L.H.)

DECEMBER, THE MONTH OF RECKONING To the farmer, the merchant, the broker or baker, and the candlestick maker the month of December—The Month of Reckoning—brings the perplexing task of ascertaining the amount of net income and the amount of income going to State and Nation.

We are prone to complain of taxes and seek to figure closely as possible, however, we might consider that 75 per cent of every net dollar is exempted, and on reflection we remember back 12 years when there was not only no profit but much loss of principal.

Now that we have escaped the horrors of invasion by the enemies of democracies, through and by the sacrifices of young manhood, shall we not be willing for them to be substantially supported by a reasonable portion of our income?

Now it will be necessary to hold back monies to pay taxes, as the workers have had theirs taken or withheld from every pay check, if not many would not have saved enough to pay taxes. There is much to suffer yet and many privations, however, none which we at home cannot bear. Better save what you can, and War Bonds is a mighty good way especially where your business does not take all income in turn to carry on your business.

Many people have not used their money to clear old obligations, for the favors granted them when times were hard, and credit was a great favor, especially those who are spending for unnecessary things.

One has said, The awesome fact to remember, is when the bill is over, the wealth of the Nation will be right back where it started, and the old cry of "persecution" will be heard to high Heaven, by those who spent all. Ten per cent of the rank and file will have a start for the post-war period, and 90 per cent will have memories of the good time they thought they had spending all.

I hope history does not repeat itself, but remembering the last war, and all the activities of a man in his prime, and the indulgence granted to many, by banks and merchants in good faith, it certainly cannot be expected to be repeated.

I see no trouble, barring accident and sickness, for those who plan wisely for the post-war era. I would know a lot better how to proceed now than in the last climax, however, I can't hope to be active in the final reconstruction of business which will be at least 10 or more years. Even with the cooperation of all classes we have two great confounding forces—well organized contending labor, and capital—who will be reluctant to finance new businesses, because they cannot have both strings to the purse. So, it behooves every one to save and be prepared to finance much of his own business adventures.

I hope every individual will take heed, and get ready for the post-war days. No better way for a temporary investment for surplus money than War Bonds. T. O. TURNER

Christmas Tree Supply Ample The supply of Christmas trees in 1944 will probably be ample to satisfy holiday needs of Americans, according to data given the Office of War Information by the War Production Board, Department of Agriculture and Office of Defense Transportation. At the same time, however, buyers are warned against "over-zealous buying" as that might create an artificial shortage followed by a waste of trees. In 1943 consumer anxiety about the family tree, which began with slow deliveries to retailers, led to high prices followed by a glut of trees near Christmas time. Many surplus trees sold for practically nothing on Christmas Eve and a sizable leftover had to be destroyed. The 1944 supply should be about that of last year.

Home Loans To Veterans Speeded American communities have a stake in the fact that the Federal Housing Administration has acted to speed the making of insured homes loans of veterans by private institutions under the terms of the G.I. Bill of Rights. The FHA is now accepting at its field offices from private lending agencies applications for the insurance of principal loans supplemented by loans under section 505 of the G.I. Bill. These are cases where the Veterans Administration guarantees an equity loan not to exceed \$2,000, and where the principal loan, which must comply with FHA regulations, is insured by FHA. The Federal Agency seeks all possible protection of veterans in what may be the most important single financial transaction in their life.

10,000 Nurses Must Be Recruited Of interest to American families everywhere is the fact that the Army must recruit 10,000 nurses immediately in order to care for wounded and sick soldiers, both at home and overseas. In addition, 1,000 nurses are needed by the Veterans Administration for its services. The Navy will need 500 nurses a month for several more months in an effort to stimulate the interest of nurses in this indispensable service. Paul V. McNitt.

## 6 Cities, 4 Co-ops Vote TVA Rates

Informed by the Tennessee Valley Authority that power from the Kentucky Dam would be available to power boards from six west Kentucky cities and four cooperatives voted unanimously here Thursday to institute standard TVA electric rates on or about April 1, 1945, with further reduction of rates between 20 and 30 per cent.

G. O. Wessenaar, manager of power for TVA, Chattanooga, Tenn., estimated the 25,000 customers of the area would save approximately \$300,000 in a year under the proposed reduction in rates. The area has been under TVA "interim" rates since June 10, 1942, at which time rates were reduced approximately 20 per cent under those prevailing prior to municipal acquisition and TVA power contracts.

Cities represented were Hopkinsville, Bowling Green, Russellville, Paducah, Murray, Mayfield. Rural cooperatives involved were West Kentucky Rural Electric Cooperative Corporation, Pennyrite RECC, Warren RECC, and Tri-County Electric Membership Corporation.

TVA officials said the \$110,000,000 Kentucky Dam is now generating power and for purposes of contract with power customers was "complete" but some parts of integrated system not yet completed.

It was explained that while cities would receive general reduction in rates, in some cooperative areas rates would be available, allowing lower rates, although minimum charge would not be reduced.

Let's all get behind the greatest  
march in history — the march  
to Tokyo — and victory!

On countless invasion fronts, thousands of  
your fighting men are taking up the battle  
cry: "On to Tokyo!" We've got to back them  
up with what it takes for complete victory.  
Remember, the supply lines in the Pacific  
are long and your fighting men will need  
more materiel than was required for the  
entire European invasion to crush the Jap  
foe.

## Let's Echo that cry with BONDS!

Our boys won't quit until they've  
reached their goal. Let's not stop  
buying bonds until we've reached  
ours! In this 6th War Loan Drive, the  
Nation's goal is fourteen billion—  
our individual job is to buy at least  
an extra \$100 Bond—another and

on saying it with Bonds—"On to  
Tokyo!"

### Kentucky Lake Ass'n Formed At Mayfield Meeting

The Kentucky Lake Association, which will pledge its efforts to development of the Kentucky Lake area, was organized Wednesday night, November 22, with Claude T. Winslow, Mayfield, as president.

The meeting was held at Mayfield. Ed L. Weathers, Hopkinsville, and George Hart, were elected vice presidents. Henry Ward, Paducah, was named secretary and treasurer.

Charlie Grogan, Hugh Melugin, and George Hart represented Murray at this meeting.

The group, adopted and signed articles of incorporation. Besides the officers, other incorporators included Fain W. King and Lester T. Ryan, Wickliffe; Hugh C. Danville, Mayfield; John T. King and Mack Hopson, Cadiz; Brent Hart, Madisonville; Hugh Melugin and Charlie Grogan, Murray; W. H. Heath, Benton, and A. L. Love and C. C. McElroy, Kuttawa.

The association voted to meet January 26 in Paducah at which time the organization is expected to be completed and by-laws adopted.

In addition to those named as incorporators, others who have been selected as directors of the association include:

W. F. Paxton, Paducah; Merle Drain and J. Gordon Llanby, Princeton; E. D. Bartlett, Madisonville; and Henry Lovett, Benton.

Several counties which have indicated an interest in joining the association were not represented at the meeting Wednesday night. Each will be asked to select two directors to serve with the others named at the meeting. Under the articles of incorporation, the incorporators have authority to name other directors and will designate those selected by their counties.

The group voted to hold an annual meeting of the association at Kentucky Dam, Gilbertsville, on the second Tuesday in June of each year, beginning next June.

The articles of incorporation will be filed in the office of the Marshall county clerk at Benton and in the office of the secretary of state at Frankfort.

The group voted to fix the fee for a membership in the association at \$2 a year, and to begin at once a campaign to secure membership. Funds raised will be used to carry on the work of the association and to advertise Kentucky Lake's recreational possibilities when they have been developed.
