TUBERCULOSIS

Disease Exists Among Kentucky Cattle.

State Veterinarian Says It Should Be Stamped Out.

The proclamation issued by Gov. Lee, of Missouri, Wednesday, stating that the disease of tuberculosis exists among cattle in Kentucky, has caused much interest here, and is calculated to cause a large loss to Kentucky breeders of milk cows, says the Courier-Journal.

Gov. Stephens is, however, only adopting a precautionary measure, which is not a new thing in many states. To breeders, however, in existence in almost every state, it is a very common disease and is very dangerous both to cattle and to persons consuming the milk. A number of cattle have been ordered killed this spring because of the disease, and the state veterinarian, Dr. F. T. Riesenman, the state veterinarian, said last night that the proclamation issued by Gov. Stephens would not only be a great deal of money but that it would be a great deal of money to the state. He said the state veterinarian had asked the legislature to "make an appropriation for the purpose of stamping out the disease, and he thought that a sum would be appropriate for the purpose. He said that it would not take a great deal of money to stamp out the disease of the state if the work was carried on systematically, but that it would be necessary to employ an experienced man to administer the treatment.

New York and other states, said Dr. Riesenman, appropriated large sums of money each year for the purpose of stamping out the disease, and that only \$5,000 was appropriated by the state board of health to do the work. "Kentucky cattle will not be stamped out in other states," he said, "but they will be stamped out in this state if the work is carried on systematically, but that it would be necessary to employ an experienced man to administer the treatment.

SUIT FOR DIVORCE.

The following suit for divorce was filed Friday afternoon:

The plaintiff, Frances Slaughter Ware, states that on the 27th day of April, 1898, she and the defendant, J. D. Ware, were united in the bonds of matrimony in Christian County, Ky., and that they continued to live together as husband and wife until the 15th day of June, 1900, when on said day the defendant abandoned the plaintiff and compelled her to leave his bed and board and to leave the city of Hopkinsville, Ky. That while she lived with the defendant as his wife she always treated him as an affectionate and dutiful wife and that she abandoned her bed and board to leave the city of Hopkinsville, Ky. That while she lived with the defendant as his wife she always treated him as an affectionate and dutiful wife and that she abandoned her bed and board to leave the city of Hopkinsville, Ky. That while she lived with the defendant as his wife she always treated him as an affectionate and dutiful wife and that she abandoned her bed and board to leave the city of Hopkinsville, Ky.

STATEMENT BY REV. WALKER K. PINER.

Friday afternoon Dr. Piner gave the following statement to Mr. J. D. Wadford, of the Courier-Journal staff, who came here from Louisville to observe the trial of the case of the late Mrs. W. K. Piner, who was shot and wounded on the 15th day of June, 1900, by her husband, the late Mr. W. K. Piner, who was the pastor of the Christian church in the city of Hopkinsville, Ky., of which church the plaintiff was then and is now a member, that said charges or statements contained in the foregoing report are true. This June 22nd, 1900.

Two Enumerators Have Completed Work.

Time Extended--Rain Prevented Taking Of Census.

This is the last week for taking the census of Hopkinsville and Christian county. Only two of the local enumerators have completed their work. In the county districts, nearly all of the census takers are behind, and few will be ready to turn over their books next Saturday.

The heavy rains have interfered seriously with the enumeration, and there have been only ten or twelve good days this month. In the county this has caused unavoidable setbacks. Mr. Flack has received from Washington an order authorizing him to extend time for the enumeration to those who need it. Limit is not set, the circular simply stating, "reasonable time."

A COURTHOUSE WEDDING.

From Friday's daily. About three o'clock yesterday afternoon, Mr. W. B. Frothington and Miss Berta Robinson, a couple residing in this county, at Kennedy, went to County Clerk Prowell's office and secured a marriage license. County Judge O'Neal was called in to tie the nuptial knot, which he did after the most approved fashion. They then left for their home at Kennedy.

BLACK

Speaks In Interest Of His Candidacy.

Knox County Man Favorably Impresses Hopkinsville Democrats.

From Monday's daily. Judge James D. Black, of Knox county, candidate for the Democratic nomination for Governor of Kentucky, arrived in the city last night. He spent most of the morning mingling with the voters of Hopkinsville, on whom he has made a favorable impression. A New Era man met Judge Black in his room at the Phoenix Hotel, where he was seeking a few moments' respite from hand-shaking.

"This is my first visit to your beautiful city," said he, "and I am delighted with the courteous treatment I have received and the evidence of thrift and enterprise on all sides. I have entered the race at the earnest solicitation of many friends. Certainly no one could accuse me of being a chronic office-seeker, and I am speaking the truth when I say that I would much rather come here and make two speeches for any good Democrat than one for myself."

WHEAT CROP.

The Kentucky Millers' Association at Lexington received reports regarding the present wheat crop. The reports from every section of this state are good, but from other states there appears to be a shortage. Farmers in many parts of the state are calculating that it would be the worst, while in other portions where the rain and fly have damaged the crop, a little less than an average yield is expected.

Blood Troubles: Cancer, Scrofula, Old Sores, Rheumatism, Contagious Blood Poison, Chronic Ulcers.

As the blood contains all the elements necessary to sustain life, it is important that it be kept free of all impurities, or it becomes a source of disease, poisoning instead of nourishing the body, and loss of health is sure to follow. Some poisons enter the blood from without, through the skin by absorption, or from within, as when waste products accumulate in the system and ferment, allowing disease germs to develop and be taken into the circulation. While all blood troubles have one common origin, each has some peculiarity to distinguish it from the others. Contagious Blood Poison, Scrofula, Cancer, Rheumatism, Eczema and other blood diseases can be distinguished by a certain sore, ulcer, eruption or inflammation appearing on the skin. Every blood disease shows sooner or later on the outside of the body, and is taken into the system by the use of outward signs for the real disease, and attempts a cure by the use of salves, ointments and other external applications. Valuable time is lost and no permanent benefit derived from such treatment.

BLOOD TROUBLES REQUIRE BLOOD REMEDY. The poison must be completely and permanently eradicated--the blood renewed, purified and cleansed, or the disease goes deeper and runs the very life. Mercury, potash and arsenic, the treatment usually prescribed in this class of diseases, are violent poisons, even when taken in small doses--never cure, but do much harm by adding another poison to the already overburdened, diseased blood.

S. S. S. Nature's own remedy, made of roots and herbs, attacks the disease in the blood, antiseptic and forces out all impurities, makes weak blood rich, strong and healthy, and at the same time builds up the general health. S. S. S. is the only purely vegetable blood purifier known, and the only one that can reach deep-seated blood troubles. A record of 30 years of successful cases proves it to be a reliable, unfailing specific for all blood and skin troubles.

Free Medical Treatment. Our Medical Department is in charge of skilled physicians, who have made blood and skin diseases a life study, so if you have Contagious Blood Poison, Cancer, Scrofula, Rheumatism, Eczema, or Old Sores or Ulcers, write for advice about your case. HER MIND GAVE WAY.

Under The Strain Of Poverty And Desolation Of Her Husband.

The people of Madisonville will be gratified to know that Dr. T. W. Gardner will return to Madisonville after his retirement from the superintendency of the Hopkinsville asylum next week and resume his residence and the practice of medicine here.

It was announced recently that he had some notion of leaving out west and the idea of losing him and his excellent wife caused general regret.

Dr. Gardner will surrender the asylum management to Dr. McCormick, of Owensboro, the new superintendent, July 1st, and will immediately return to this place.

The Hunter has heretofore taken occasion to compliment Dr. Gardner on the admirable management of the asylum. He has shown fine administrative capacity and has kept the institution free from all suggestions of scandal, which are rather too common at these places under inefficient management--Madisonville Hustler.

Harmony And United Effort Among Democrats.

Judge Black's Speech--
Seabee Petitioned--
Political Notes.

From Tuesday's daily
The Hon. James D. Black, of Barbourville, candidate for the Democratic nomination for Governor, opened his canvass in this section of the State with a speech delivered to a large audience at the courthouse yesterday afternoon. His plea in behalf of a united Democracy that would lead to victory and the redemption of the state was strong and convincing, and his speech has not only made him many friends in this county, but it is believed that it will do much to heal the dissensions of the past. In behalf of his own nomination, he urged that no cause from the Republican stronghold, the mountains, and said that the nomination of a mountain man would be worth several thousand votes to the Democracy. He spoke of the Republicans stealing the state in 1896 as the party had stolen the presidency in 1876, and said that if elected Governor he would favor a fair and impartial election law that would be approved by all honest people. His speech was received with much favor by Democrats of all shades, and has given him a strong following in Christian county. He went from here to Guthrie, where he spoke last night, and is in Madisonville today.

The ladies in charge of the fund being raised to erect a monument to the memory of Gov. Goebel contemplate sending a committee to Kansas City during the time of the National convention to receive subscriptions for the fund.

A petition signed by over fifty Republicans of Hopkinsville, calling upon Hon. E. G. Seabee, of Henderson, to become a candidate for Congress in his district, has been presented to this gentleman for his consideration.

A movement is on foot among the Democrats who favor the immediate amendment of the present election law of the State to get the State Convention, when it assembles at Lexington on July 19 next, to adopt a resolution calling on Gov. Beckham to convene the Legislature in extra session for the purpose. It is proposed that an extra session of thirty days be held in September next in order that the law as amended may be in operation at the November election. The promoters of the special session say that it is in the interest of no special candidate for the gubernatorial nomination, but in order to have the full election held under a law more satisfactory to the masses than is the present law.

The opinion of Mr. Aaron Kohn prepared for the Democratic State Central Committee to show that the law is against holding an election this fall for Governor is attracting much attention in the State, especially among the lawyers. The opinion is concurred in by his law partners, David W. Baird and T. W. Spindler.

Mr. Kohn said he has heard from a large number of attorneys who agree with him in the position he takes. The expressions of some are, "Your position is strongly taken." Others say, "Your arguments are unanswerable." Lawyers who thought the law conclusive for an election this fall have come around to Mr. Kohn's views of the matter.—Louisville Times.

Hon. Morton E. Yount says in a late interview: "I have found during the last few weeks that many Democrats over the State favor a return to the old viva voce system of voting, and, in my opinion it would be a wise move on the part of the Legislature to offer a constitutional amendment doing away with the Australian system. Young Democrats all over the State favor the old system and a great many favor the old August election, with 'ginger cake and cider.' The present system of voting has never been popular, and the sooner it is done away with the better."

PROSPERITY

We Have a One Sided Arrangement.

How Trusts And Companies Affect The Farmers.

There is not a single occupation, business or profession to which is not attached by the Republican organs the label "Prosperity." Every individual man knows better than the statistician whether he is prosperous or not, and it is useless to expect an aggregation of individuals to loudly express thanks for prosperity when they do not come up to the label. The notion has been going about that the farmers are afflicted with "retrograde prosperity," simply because prices of farm produce have, in the last two or three years, partly recovered from the low level they reached in some previous years. Now the farmer ought to know, and the records of mortgages in the various county clerk's and recorders' offices demonstrate the fact, that all these increased receipts, if anybody can show a bank account demonstrating any increase, are paid to the farmer by the increased price he must pay for everything for which the farmer exchanges his produce. He must pay tribute to the trust, and no better illustration of the truth of this can be made than in the case of the American Steel Company. Six thousand men were thrown out of employment because of the lack of demand for implements which the farmer could not purchase because of their high price. If there was no such prosperity, why could not the farmer afford to purchase the necessary implements? The fact is that a heavy impost is laid upon nearly everything the farmer needs in his household in his business, while the prices of his own products are at the mercy of speculators, combine, corner, etc., etc. The farmer has to meet the world's price in disposing of his product, but he encounters a different state of things when he comes to purchase for himself. The range of prices set up by the speculators is artificial, and what they gain in the speculative market they pocket—what they lose they mercilessly force the farmer to pay by an increase of prices in manufactures. This seeming prosperity will be discovered the more you look behind it to be a myth, and although the misfortunes of the rest of the earth have enabled the farmer to dispose of more of his products than formerly, still there are combinations to be broken down, trusts to be abolished and the financial system eliminated before the farmer can really say that a period of prosperity has been inaugurated.

How much of the enormous balance of trade in our favor has reached the farmer? Has he been enabled to reduce his mortgages by payment of the principal, or even to pay the interest in full without securing an extension of time? Are his wife and children better dressed, is his farm in a more flourishing condition, has he purchased any new carpets, curtains, furniture for his household? Is he enabled to employ more help to relieve his aching bones and those of his wife and children from the arduous labor they continually undergo to save their homes from the jaws of the mortgage?

We know not the proof of it is that beyond the mere means of existence, whatever he makes or earns must go into the ever expanding tax mill which is grinding him into poverty when he is not paying into the trusts and combines.

WORKING

Hard In Interest of The Elks Fair.

Ready For Subscriptions
Great Attractions Will
Be Engaged.

The Executive Committee of the Hopkinsville Elks Fair is hard at work on the preliminary details of the big gala event. There are a thousand and one things to be attended to that call for the exercising of clear foresight and careful consideration.

The committee appointed to solicit funds for the fair has begun work, and every business man in the city will be given an opportunity to contribute. The merchants regard the fair with favor. The street fair helped the city last year, and the enterprise this season will be on more advanced lines and will be of much more direct benefit to the business men.

Capt. Lloyd W. Whitlow, the popular proprietor of Hotel Latham, has headed the subscription list with \$100. Many elaborate new features will be added, and the great festive occasion will be billed like a circus.

Thousands of colored posters, cards, sheets, hand bills and souvenirs will be sent out. The designs for these are beautiful and striking. A radius of a hundred miles of Hopkinsville will be covered, and few cross-roads, fences, tree boxes, barn doors or dead walls will be overlooked.

At least three big parades will be given during the fair.

One will be the Elks' parade, another the trades and industrial parade, and, probably on the last day a floral pageant.

One day will be known as Elks' Day, and it promises to be a "hot time in the old town" when it comes. The local lodge has been assured by all the lodges in the cities of this region that they will be here to participate in the festivities at that time. From Clarksville, Bowling Green, Nashville, Henderson, Owensboro, Paducah, Mayfield, Evansville, and elsewhere, hundreds of the scattered herd will come to Hopkinsville.

NO MORE CIGARETTE PICTURES.
Hereafter Packages Containing Them Will Be Seized By Uncle Sam.

An act of congress, passed in March 1897, prohibits the sale of tobacco, cigars or cigarettes in packages in which are pictures. This act went into effect last Friday.

Deputies from the collector's office have been instructed to keep an eye on all manufacturers and cigar stores, and to seize any packages containing pictures. Packages which bear revenue stamps prior to the date of June 1 will not be touched. The law was to have gone into effect last April, but fearing that the manufacturers had not grasped the substance of the act, its operation was deferred to June 1.

The second annual session of "The South Kentucky Christian Preachers' Meeting" will be begun at the Ninth Street Christian church of this place, Tuesday evening next at 8 o'clock. Preachers and other church officers, and leaders of churches, including Sunday school Superintendents, teachers and workers among the young from various sections of the westernmost thirty-three counties of the state are invited, and not a few of them are expected to be in attendance during the meeting which extends over Thursday, the 5th, prox.

The program is well high complete and is a good one. It is seldom that the church people of so comparatively small a territory have the opportunity to enjoy at a single short meeting so many excellent things.

Prof. J. W. McGarvey, the veteran teacher of the Bible, has been invited to lecture in the capacity of chief speaker, and he has definitely accepted the invitation.

His subjects and hours of speaking will probably be as follows: Tuesday night at 8 o'clock, "Mistakes in the Bible"; Wednesday at 3:30 p. m., "The Preaching for Our Times"; Wednesday night at 8 o'clock, "Recent Attempts to Deny the Resurrection of Christ"; Thursday morning at 10 o'clock, "How to Study the Gospel"; Thursday afternoon, "The Analytical Theory of the Pentateuch."

Rev. J. B. Bricey, the distinguished preacher and lecturer, will also be in this meeting. He will lecture on Thursday afternoon at 2:30 o'clock on "Science and the Bible." This is one of his best known and most effective lectures. He will preach Thursday night at 8 o'clock on "Preach the Word."

All devotional meetings and these are to be made much of, will be conducted by the efficient pastor at Henderson, Rev. E. J. Willis.

Rev. W. H. Thornton, of Mayfield, will speak on "The Preacher and Social Problems"; Rev. W. H. Ligon of Hanson, on "Some Things the Preacher Can and Ought to Do for the Sunday School"; Dr. John W. Orenshaw, of Oadix, on "The Stereotyped in Church Work"; Mr. John S. Orenshaw, of Oadix, on "The Duty of the Christian Citizen to be Grateful for His Country"; Rev. T. D. Moore, of this place, on "The Duty of the Christian Citizen to be Hopeful," and Rev. J. L. Hill, of Madisonville, on his duty to be "Industrious in His Country's Affairs."

Words of welcome will be spoken by Rev. W. L. Brown, D. D., and Prof. A. G. Kyriakos, and responses will be made by Rev. W. E. Finkert, of Paducah, president of the meeting.

Gill Jones, aged fourteen, shot and perhaps fatally wounded Moses Gaines, aged twelve, at Montgomery Sunday. Jones claims the shooting was accidental. Others say it was a wanton act and that the boy will be a murderer if Gaines dies. Both are colored.

The shooting occurred in the town limits of Montgomery. Jones started to enter a gate in front of a dwelling home. Young Gaines barred his way, and playfully insisted on the boy "paying toll."

It is stated that Jones became very angry and, drawing a revolver, fired at him.

"Here's your toll," This ball entered the child's body above the right breast. Physicians have probed for it, but have not yet succeeded in locating it. The wound is believed to be mortal.

Jones made no effort to escape. On Tuesday he was arrested by a deputy sheriff and taken to jail at Oadix.

VENERABLE LADY PASSES AWAY.

From Tuesday's daily.

Miss Lon Poindester, the venerable sister of Mrs. Ritchie Burnett, passed peacefully away last night at Mrs. Burnett's residence on South Main street. She had been ill only a short time, but owing to her advanced age and the fact that she had been slightly during the last few days. She was nearly eighty-three years old. Miss Poindester was an intelligent and admirable lady. She was a member of the Christian church and her life was a lesson in usefulness and kindness. In the sweet sincerity of her affection for her friends and the tender love for her relatives. She was a daughter of the late Major John Poindester, one of Christian county's wealthiest and most prominent citizens. She was born in Virginia, coming to Kentucky with her parents when a girl. Much of her life was spent on the Poindester place near Garrettsburg, where she remains will be taken to-morrow morning for burial. She had been a resident of Hopkinsville about twenty years.

LIFE-BULLOCK.

Mr. Jesse P. Lile and Miss Mollie Bullock, of North Christian, will be joined in marriage Sunday. The ceremony will take place at the home of the bride's father, Mr. Richard Bullock, in Johnson's precinct. Rev. R. L. Melton will officiate.

The bonds of John Childress and T. H. Oarlow, of Christian county, were filed with Clerk Lindsey in the Federal court Monday. Childress and Oarlow were indicted at the recent term of the federal court on the charge of having violated the fifteenth amendment to the constitution of the United States by having at a general election held for county officers in Christian county, in November, 1897, unlawfully and willfully intimidated and prevented Jim Shipley, Bud Oarlow, Simon Wilcox, Robert Sparling, Edna Ware, George Shippel, Geo. Paine and other negroes from voting by bribing them and giving to each of them \$5 in money not to vote. The capias upon which Childress and Oarlow were arrested closes with this statement: "All said men being of color, negroes, men of African descent, and twenty-one years of age and not white."

The third of the warrants issued under federal indictments has been served on Mr. Matt Major.

He appeared Monday before Commissioner Ferguson and gave bond for his appearance at Owensboro.

In the action of Buckner & Co., of Hopkinsville, against the Merchants Insurance company, of Newark, N. J., Judge Evans rendered a written opinion in which he says that the circuit court of appeals left nothing to be done in the case, except to have an assessment of damages under rules already laid down in the case and when it was called for trial on June 4, in the interest of a friendly and sensible adjustment, the court inquired if the counsel could not agree upon an amount; that it was particularly supposed that the stock of settlement would not be in justice to the defendants; that after some conversation at the bar and among counsel the sum of \$1,500 was agreed upon, and a jury being sworn, the agreement was carried out; and a verdict returned accordingly. Now, however, the opinion further recites, the defendant moves for a new trial upon the ground alleged that the counsel had no authority from the defendant to make such agreement, which the defendant accordingly repudiated; that the defendant has filed certain affidavits in support of its motion, one of which is by A. B. St. John, which, as there is nothing involved except the question of the attorney's authority, somewhat unnecessarily misrepresents what was done in court; that in all events, however, as the authority of the attorney by law does not carry with it the right to compromise a litigation, the motion of the defendant for a new trial is sustained, on the ground that it repudiates as unauthorized the action of its attorney in agreeing to the verdict. The judgment of June 4 is, therefore, set aside, and a new trial of the case ordered, and the case set for trial on July 2, at a special term of the court.—Owensboro Messenger.

NEW FIVE DOLLAR CERTIFICATE.

One of the Most Artistic Productions of Kind Ever Issued.

Five dollar silver certificate of the new design have made their appearance and took the place of the old five in all treasury payments from the cash room. The feature of the new note is a large typical Indian head in the center, with a blue seal and a large letter "V" with the word "Five" also in blue, running in a curved line across it. As an artistic production this note is regarded as equal to any ever issued by the government.

(Special to New Era.) HARLAN COURT HOUSE, Ky., June 27.—John L. Powers, who was arrested here yesterday charged with participation in the murder of Gov. Goebel, was turned loose this morning.

Powers is superintendent of public instruction in Knox county and came to Harlan on legal business. While attending to these matters he was arrested on the warrant issued from the Franklin circuit court. He at once employed an attorney, who took out habeas corpus papers before County Judge Cornett.

Judge Cornett took the matter under consideration, and this morning, on the presentation of the "pardon" which W. S. Taylor had given, he released Powers just as the Knox county judge did when similar proceedings were instituted.

Powers left immediately for home.

ICE CREAM PARLOR.

I am prepared at all hours to serve Ice Cream made of the Very Finest. Parent of Cream on legal business. While attending to these matters he was arrested on the warrant issued from the Franklin circuit court. He at once employed an attorney, who took out habeas corpus papers before County Judge Cornett.
