ASSASSINS

Said To Have Been After Mr. McKinley.

Secret Service Men Arrest Two Alleged Conspirators.

(Special to New Era.) NEW YORK, Aug. 23.—There is great excitement here over an alleged conspiracy of Italian, and also anarchist, to assassinate President McKinley. Secret service men this morning arrested two Italians and placed them in jail, claiming that they were in the plot to kill the President.

They say other arrests are yet to follow, that several others were in the plot. The full story is published by The World in its issue.

AT LONG CREEK.

The Little River Association of Primitive Baptists will meet at Long Creek, between Golden Pond and Canton, on Friday, August 24th, and be in session three days.

HEALTH-A POSSIBILITY

Many people who are chronic invalids believe there is no possibility of a recovery. Probably there is not according to the old methods of drug medication but if you have not investigated the science of osteopathy you have no idea of the possibility in your case. Osteopathy is not to be confused with magnetic healing, Christian science and the various other friends and false of this age. Osteopathy is recognized by law in eight states and sixteen states. It is a science and a profession. It is not a religion. It is not a philosophy. It is not a theory. It is a science. It is a profession. It is a science. It is a profession.

If you have an incurable or lingering disease or a friend so afflicted, it will require but a postal card to bring literature and information regarding osteopathy the largest institution of this character in the Southern States. Life is dear and surely a new method which has stood such severe tests and received such commendation as the late judgment of the Kentucky Court of Appeals denying the right of the State Board of Health to interfere with the profession is worthy a careful investigation. Literature will be sent on application. Address:

SOUTHERN SCHOOL OF OSTEOPATHY, (Incorporated) FRANKLIN, KENTUCKY.

BEVERLY BUDGET.

News items and ideas are melted into a conglomerated mass, and it is impossible to reason many for record.

—We were promised a cold wave but we get no indications of falling mercury.

—In spite of heat there have been some enjoyments: A large party on the 10th at Mr. W. F. Bode; a picnic on the 11th at the home of Mr. H. Major's, and a tea on the 14th at Mr. H. Major's.

—There was no impromptu show last week—pantomime and ventriloquism. Before the performance a vote was taken for the night, and then for the latest man. There was a spirited contest, won at last by two leading citizens—school trustees.

—A meeting is continuing at Liberty church. It is well attended, with two additions so far.

—Miss Ella Killen, sister of Mrs. T. H. Major is very ill; also the little son of John K. Major.

—Annie and Katie Major, Mrs. R. T. Ward and B. A. Whitlock are also on the sick list.

—Miss Katie Ward has returned from a prolonged visit to relatives at Lexington, and Miss Minnie Ward at Hopkinsville.

—R. T. Ward, Jr., will accept a position at Clarksville.

—Mrs. Sophie Killen and family will also move to Clarksville. Beverly will regret these losses to the community.

—Mr. Will T. Major and family will take the Jettie Evans farm near Howell next year, and Beverly lives more excellent citizens, kind neighbors, and a good farmer.

—Sister and Miss Thomas, of Marion, after a delightful visit at Mr. R. T. Ward, Sr.'s, will return home Friday, 17th.

—Miss Katie Towse, of Hopkinsville, will have charge of Beverly Academy the coming term, and will begin teaching next Monday the 26th, in order to complete the term before the bad weather in January. Miss Towse is a fine teacher and disciplinarian, and should have the hearty co-operation of all parents in the district. We cannot expect to secure or retain a first-class teacher unless a fair remuneration is given, and how prone are parents to deprive a woman in this regard. There are only fifty-six pupils in our school, and it has been usual for parents to contribute liberally in order to secure a good teacher. Those who have given largely before to us, now only agree to give a lady three or four dollars. Some refuse to contribute. This is unjust. Fathers, mothers, give Miss Towse your best and most earnest support to retain her, thereby insuring a change of teachers, so great to the disadvantage of a thorough education. Some day your own daughters may be teachers, and remember, "History repeats itself."

PUBLIC MONEY IL-LEGALLY EXPENDED.

Amount of \$30,097.64 Was Used to Maintain Taylor's Army.

Nearly All Withdrawn From Treasury in Eight Days—Sue to Recover It.

Funds misappropriated by Republican officials shown by warrants and checks in auditor's office:

Date	Amount
January 31, 1930	\$10,344.13
February 2, 1930	2,599.97
February 3, 1930	708.35
February 7, 1930	12,612.90
February 7, 1930	4,022.88
February 7, 1930	83.38
February 7, 1930	35.28
Total	\$30,097.64

In the eight days, from January 31 to February 7, Oliver Taylor, Collier, Auditor Sweeney and Treasurer Day drew without warrant of law the starting sum of \$29,983.13 to maintain Taylor's soldiers.

The following report from Frankfort to the Courier-Journal says:

FRANKFORT, Aug. 19.—Investigations into the conduct of the different officials during the Taylor administration are bringing to light daily the most startling disclosures of misappropriation of funds and reckless and unlawful expenditures of the people's money, particularly used to maintain Taylor's army. A view is being taken of the will of the people and the enforcement of civil law. When the present Democratic officials were installed into office they expected to find affairs much confused, mismanaged and abused, but none expected to find that the state's money had been used so lavishly without warrant of law in the interest of a private citizen who as a Republican wanted to hold the office of governor in spite of the decisions against him by the legally constituted authorities.

Revelations in the office of the Auditor and Treasurer show an illegal use of funds aggregating \$30,000. None of the warrants issued to D. R. Collier for money is accompanied by certificate bearing the signature of the Governor, although the law specifically requires that this be done. About \$50,000 was paid over to D. R. Collier by the Republican officials after Taylor had been required to private life. None of this money was paid him under any section of the statute which provides for the payment of money for active military purposes; all was given out after Wm. Goebel had been declared to be Governor and sworn in as such, and some of the money was refunded by Collier after he had been removed from office by Governor B. C. Egan. In many cases none of the Republican officials left any record to show what was done with the money thus turned over to Collier. Many of the Taylor military pay rolls are unaccounted for. The money was paid to Collier, who, in open violation of the law, which does not allow him to handle the people's money, inasmuch as he is not a bonded officer of the State.

WANTED MORE MONEY. All of this will come as a startling revelation inasmuch as it was said that Taylor's soldiers were being paid by private subscription and not with the State's money. Such an item as \$100 for whisky is one of those for which the State's money went. Another bill for fruit is included in the list of expenditures. And, although Taylor said the treasury being drained to promote his own desperate private ambition, he is said by Republican officials to have raved and sworn at them when at last, warned by their bondsmen, they refused to pay any more money to a private citizen for his personal military guard. Records in the Adjutant General's office also show that many of the men who drew money from the State as members of military companies never enlisted, as required by law, but were simply recruited and armed—a private mob at public expense—to satisfy the demand of Taylor.

Thousands of dollars were thus expended not only for unenlisted men, but for men who, though regularly enlisted, had been dispersed by Gov. Goebel in his first proclamation and who were therefore under arms contrary to law. In view of these disclosures, Gov. Beckham will instruct Attorney General Brookhouser to bring suit at once against ex-Auditor Sweeney and ex-Treasurer Day and their surties for the recovery of all this misappropriated money.

Some of the Democratic leaders here favor the sending of a counter proposition to the Republican Campaign Chairman, Leslie Combs, in response to the one sent to Chairman McCreary, for joint debate between Gov. Beckham and Mr. Yerkes. Joint discussion of political issues has not been much in vogue in Kentucky recently, but if engaged in these Democratic think it should not be confined to the gubernatorial candidates alone. They want the Republican leaders to agree to joint debate between the leaders of the two parties at every point in the State as that both sides may go fully into the campaign and the people of every county be given an opportunity to have joint debate.

The German vote is going to cut a big figure in the election in Indiana. This vote is sufficient, it is recognized, to affect the result, if there is any sort of uncertainty among the German voters. With the 1920 census as a basis, and calculating the increase in German population in the last ten years in Indiana as 20 percent, there are about 321,000 Germans in Indiana. Estimating one voter for every five persons, this would approximate the vote in Indiana at 64,200. As a change of 5,000 votes would give Bryan Indiana, it is seen how important a role the German vote is going to play. It is estimated that McKinley got from 80 to 90 per cent. of the German vote in Indiana four years ago. If he were to lose 15 per cent. of this vote and Bryan would win it, and other conditions were equal, Bryan would have a plurality. The Germans don't like the imperialistic policy of the Republicans.

Chairman McCrory, of the Democratic state campaign committee, will take the organization in the various counties perfected as soon as possible. He hopes to see Democratic clubs formed in every county within the next few weeks. Madison county already has a club numbering 500 members, and clubs

have also been organized in Monroe, Henderson and Davies counties.

It is the intention of the campaign committee, as previously announced, to open the campaign with speaking in every county September 3. Members of the committee have been requested to furnish lists of speakers in their respective districts, and from these lists the ones who will be heard on the stump in the 119 counties of the state on September 3 will be selected. They will be assigned by Chairman McCrory.

A letter has been received at Republican headquarters containing the information that Roosevelt had been assigned to Kentucky for speeches October 10 to 11. At present it is the intention of the state committee to have Gov. Roosevelt speak at Louisville Oct. 10, and at Ashland October 11. He will probably make several speeches in intermediate points between Louisville and Ashland from the rear platform of a special train.

Chairman Geo. W. Long, of the Republican Speakers' Bureau, stated today with his predictions for next winter. This is how he sums up the weather: "There will be nineteen snows for this winter, the first falling on November 25, 1930. There will be five snow days. There will be two ice spells. One ice will be 2 1/2 inches thick and the other 4 inches thick. There will be two big sleets also, one in December and one in February. There will be a great deal of winter for the poor man but tough on the ice man. Several days in January the thermometer will be up to 70 and 80 degrees. The first frost will fall September 30, 1930. There will be a heavy snow Christmas week."

CONFLICTING

Reports Continue to Come From China.

"Inner City," Imperial Palace, Bombarded by Allied Army.

(Special to New Era) WASHINGTON, D. C., Aug. 20.—Li Hung Chang, who has been named by the Emperor Kwang Su as his representative to negotiate peace treaties with the Powers, has called the United States Government to name either Minister Gonger or somebody else as Commissioner with authority to fix terms of peace, and sign a treaty with China.

Secretary Hay hasn't replied to the message from the great Chinese statesman.

It isn't impossible that Mr. W. W. Rorhlich, who is now en route to China as a commissioner, may already have this authority. If not, it may be called to him, or Minister Gonger may be authorized to act.

News of the rescue of the Ministers at Peking was confirmed yesterday by the receipt of a cable message from Maj. Gen. Chaffee, who reports that he entered the legation grounds on the evening of August 15 (believed to be 16th) with the Fourteenth Infantry and a light battery. Gen. Chaffee met with resistance, as he says eight men were wounded during the day's fighting. Rear Admiral Remy cables that the legation line to Peking has been interrupted, and that information from Japanese sources says the Emperor Dowager is detained in the "inner city," which is being bombarded by the allies. Admiral Remy's message is dated Tokyo, Aug. 18. A cable message from Rear Admiral Brown at Chefoo to the British Admiralty, says street fighting still continues in Peking and part of the city is on fire. He says the Chinese are making their last stand in the "inner city." He also confirms the news of the detention of the Emperor Dowager.

It is said that the next move in the Chinese affair will probably be the arrangement of an armistice. The withdrawal of troops and the fixing of indemnities will be left to the commission. The United States has not decided on a policy, all energies of the Government up to the present time having been directed to the relief of the Ministers.

(Cablegram.) LONDON, Eng., Aug. 20.—Conflicting reports continue to be received here from Peking.

The British Admiral in command in Chinese waters cables that the Dowager Empress is in the "inner city," which is now being besieged by the allies. Chinese official reports, however, declare that she has fled from Peking accompanied by her suite and that she is far beyond the reach of the allies.

The German Consul at Chefoo reports to his government that Dowager Empress on the approach of the allies, not having had time to escape, took refuge in the imperial palace, which is now being bombarded by the allied army.

Thoroughly reliable news is hard to get, as communication to Peking has been interrupted by Chinese officials outside of that city and only messages favorable to China can get through.

(Cablegram.) TOKYO, JAPAN, Aug. 20.—Official Japanese dispatches say Dowager Empress and Emperor Kwang Su fled from Peking before allied troops arrived, and that fighting is still going on in streets of Peking.

BIRDS

Useful In Destroying Hessian Files.

Statement Issued By Prof. Soule, of University of Tennessee.

Professor Soule, director of the experiment station of the University of Tennessee, has been investigating the Hessian fly, says the Glasgow Times. Enormous damage was done the wheat crop of Tennessee by this insect last season, and the University of Tennessee was called to the assistance of the farmer. Professor Soule recommends:

First. Co-operation among farmers in efforts to destroy the fly. Second. All stubblefields should be burned over as soon as possible after harvest.

Third. The passage of a law by the legislature, making it a misdemeanor punishable by fine and imprisonment, for any person to have in possession the body, living or dead, of any wild bird, the English sparrow and the chicken hawk excepted. In this connection, Professor Soule makes the statement that this law has caused half a century ago the state of Tennessee would have been benefited almost beyond conception, for she lost many millions of dollars in fruits and grains through their destruction by insects, against the ravages of which birds are perhaps the only protection—surely the greatest protection.

What is true in Tennessee is equally true in Kentucky. Wild birds are the salvation of fruits, and are a living barrier against all insect-ravages. The next legislature of Kentucky should pass a law along the lines suggested by Professor Soule, and every farmer in Kentucky should see that it is rigorously enforced.

YOUTSEY IS ILL;

WILL ASK CONTINUANCE.

Powers' Attorneys Now Preparing Motion For Rehearing.

GEORGETOWN, KY., Aug. 20.—When court convened this morning, attorneys for Henry R. Yousey asked Judge Cassel to give them until 9:30 o'clock to decide whether or not they were ready to enter upon Yousey's trial.

YOUTSEY ILL. Yousey says he's anxious to be tried at once, but that he's so weak and sick he has decided to ask the court to continue his case to October term. It will probably be done.

It isn't believed there'll be any more trials at this time, as the prosecution is unwilling to try Davis, Gorman, Whiteaker and Howard before it does Yousey, as it would give away its evidence to Yousey's attorneys.

Powers attorneys are preparing a motion for new hearing for their client.

THE POWERS VERDICT. The jury that returned the verdict of "guilty" against Caleb Powers Saturday afternoon at 3:30 o'clock was only out fifty-four minutes. As soon as the jury entered the jury room, a Republican juror said to his fellow jurors: "I had seen that I didn't think Powers could be guilty, but I am now convinced that he is."

The first poll of the jury was to ascertain how it stood as to the guilt or innocence of Powers, and all twelve of the jurors voted "guilty." Another poll was then taken as to punishment, and eleven jurors favored life imprisonment, while one was in favor of the death penalty. The man in favor of hanging, however, soon came over, and agreed to fix the punishment at imprisonment in the penitentiary for life. Powers almost broke down, tears came into his eyes when the verdict was read, but his wonderful nerve didn't desert him long, he soon braced up and made an effort to smile and announced that "this verdict cannot be final." His lawyers cheered him up by telling him they would appeal for a new trial and if they failed to secure it they would appeal to have been surprised at the verdict, but it is hard to see why they should be for the evidence couldn't possibly have warranted any other verdict than guilty. It is probable that the attorneys were surprised at the fact that the anti-Democratic members of the jury laid aside political feeling and listened to their consciences. They were expecting these men to be governed by political prejudice and many one jury, and the fact that they didn't, is evidently the cause of the attorneys' surprise.

MAN Y CALLERS. Yesterday was a very busy day for Powers. Several hundred people called on him at the jail—many of them being strangers who called out of curiosity to see a noted criminal. He was merry and in a good humor, seeming to have forgotten for the time the fact that he is under a life sentence. He spent a great part of last night writing in his cell. He pretends to believe that on a rehearing he would be acquitted, but his chief hope is that John W. Yerkes will be elected to the governorship and pardon him, and all the rest of the men accused of complicity in the assassination of Mr. Goebel.

RIGHT HUMOROUS. The following statement given out to the public yesterday by Caleb Powers is quite amusing in view of the absurdity of his claims:

"To the Public—I am asked my opinion concerning my trial and the verdict of the jury. Could I have but one opinion? Can any fair-minded man or woman of this State have but one? That one of the greatest judicial forces known to history has been enacted here in my trial, under the forms of law, no well-informed man can doubt. Innocence is no shield when \$100,000 and the methods of Campbell are against you. The records of one's past life count for naught. They say Taylor is guilty because he was at his office, and that I am guilty because I was away from mine. "This has been a political trial throughout for political purposes, and no great mistake has been made by the Democratic party since they robbed us of offices to which we were elected by the people. There are good men and noble women in the Democratic party, and many of them. They are not all bad, far from it. A great many of them do not endorse the theft of the State offices. A great many more will not endorse this mockery of a trial, this prostitution of the courts of justice for certain ends. "From the beginning of the campaign until now, I have stood with little of spirit I have had for the rights and liberties of the people. That is my crime. That is the only offense I have committed. That is the only thing proven against me. I swore to that in my oath-taking. I have never had and I now have no apology to make for being true to the trust imposed upon me by a majority of the voters of this State. History will draw its dark lines around those who have outraged me and disgraced the judiciary and blackened the history of the State. I am, very respectfully, CALEB POWERS."

CRISP

Stories of Hopkinsville Happenings.

Items of Interest Gathered By Reporters At The News Centers.

HEAT HARD ON STOCK. Mr. Rufus Boyd, who lives about three miles from the city on the Princeton road, lost a very valuable horse Saturday night. The horse became ill from the intense heat and all efforts to relieve the animal were futile.

Mr. Ows. Layne, the liverman, came very near losing three good horses last night. The animals had been used all day yesterday and had become overheated and were in an extremely critical condition and it was with hard work that Dr. Giesler, the veterinary surgeon, finally saved their lives. He worked with them all last night.

This weather is terrible on stock of all sorts, and horses should be fed except when actually necessary.

SECRETLY MARRIED. Mr. R. B. Hall, assistant operator at the Postal Telegraph office, and Miss Willie Mattingly were secretly married last Thursday night, the 16th, by the Rev. Duval, while sitting in a buggy. They gave their friends quite a surprise.

There was no parental objection. The young couple let out the secret yesterday, after finding that several people had discovered that they were husband and wife.

The bride is a daughter of Mrs. Bird Mattingly, a widow who resides near the city on the Fairview pike.

PASTEUR REPORTED SHORT. (Special to New Era) FRANKFORT, KY., Aug. 20.—State Inspector and Examiner Henry Hines says he will report to Gov. Beckham that he has found a shortage of over \$1,500 in the accounts of Frank A. Pasteur, County Court Clerk of Caldwell county.

Pasteur's office has been conducted with unbusinesslike methods and in disregard of the law in many instances. Pasteur admits he is short and says he is prepared to make a settlement, but has failed to do so, ignoring demands of Auditor Coulter as he had previously ignored requests from Auditor Stone.

CAMP

Beckham Was Established Wednesday.

Company D, Begins An Outing At Cerulean Springs.

From Wednesday's daily.

Co. D left at 11:40 o'clock this morning over the Illinois Central railroad for Cerulean Springs. The boys will be absent from the city a week or ten days.

GO INTO CAMP

On their arrival at Cerulean they marched to the camping grounds, a beautiful site at the rear of the hotel, where arms were stacked and tents pitched.

The following officers accompanied the soldiers:

C. H. Tandy, Captain; Hiram Thomas, First Lieutenant; George Phelps, Second Lieutenant; R. F. McDaniel, Sergeant; Trabue Anderson, Orderly Sergeant; Dock Littlefield, Commissary Sergeant; John Winfree, Second Sergeant; E. H. Barker, First Corporal.

As the members of the company are paying their own expenses it is not likely that camp restrictions will be very severe. There are lots of pretty girls at the Springs, and the boys are expected to have a good time.

There will be dancing every night. Probably as many soldiers as left this morning will join the company, from day to day, before the end of the week. The camp will be known as "Camp Beckham."

WAVED GOOD-BYE

A large crowd of the friends of Co. D, including a number of young ladies, sold the boys good-bye at the station this morning.

Witnesses Cause Continuance of Weaver Case.

The Commonwealth Tells Why Powers Shouldn't Be Tried Again.

GEORGETOWN, Ky., Aug. 23.—Judge Cantrill over-ruled motion for new trial in Powers case.

An appeal will be taken.

(Special to New Era)

GEORGETOWN, Ky., Aug. 23.—The trial of Weaver, the strolling barber, was continued today until September 2, on account of absent witnesses.

The Commonwealth today filed affidavits of jurors in the Powers case, denying charges of the defense. Many grounds are submitted why a new trial should not be granted.

The examining trial of George Franklin Weaver, the "strolling barber," on the charge of perjury, preferred by Oshob Powers' attorneys, was begun yesterday.

Four witnesses testified that Weaver was at Grayson Springs on January 30, the day he testified he was at Frankfort. Cross-examination developed the fact that ex-Treasurer Long worked the case against Weaver.

That the records of the Woodmen's lodge at Grayson Springs were badly tangled; that the records of a meeting held on February 6 had been torn from the minute book; that no minutes of meeting prior to Jan. 30 were available, the lodge clerk refusing to give them up, and that the minutes of the meeting of January 30 were written by two persons. The defense claims that it will be able to prove that the records of this meeting were forged.

It was rumored here last night that Judge Cantrill would order the removal of Oshob Powers to another county seat in his judicial district because of the attitude toward the prisoner. Judge Cantrill declined to discuss the report.

An inspection of the record in the executive office at Frankfort fully corroborates the statement made by Attorney T. O. Campbell in the Powers trial, that over 200 men who had taken human life were pardoned during the four of Gov. Bradley's administration. The exact number of these pardons is 229.

Yostery has a fully developed case of typhoid fever.

Oshob Powers' attorneys today entered a motion for a new trial, filing a lengthy bill of exceptions.

It is believed that the motion will be overruled and that court will finally adjourn this afternoon.

GEORGETOWN, Ky., Aug. 23.—The case of the Commonwealth against Henry E. Yostery, Capt. John Davis, "Yellow Dick" Combs and Harlan Whitaker, all charged with complicity in the murder of Gov. William Goebel, were continued today until the October term of the Scott county circuit court.

Davis, Combs and Whitaker were admitted to bail in the sum of \$5,000 each.

BULLET

Whizzed By H. M. Dalton's Head.

Young Rock Contractor Has Exciting Encounter With Drunken Man.

From Thursday's daily.

George Morris was tried in the city court yesterday afternoon, charged with shooting at H. M. Dalton. He was held over to the grand jury on his personal bond of \$500.

The shooting occurred Monday night near what is known as "Billy Goat Hill." Mr. Dalton and a young man in his employ named Wilson were driving in a buggy on their way to attend to business connected with the Dalton rock quarry. They were halted by Morris, who, witnesses stated, after peering into Mr. Dalton's face, told him to drive on as he was not the person he wanted. Morris was said to have been very much under the influence of liquor.

"That's all right," said Dalton.

"Well, you needn't think I am afraid of you," called a voice, according to the testimony, and drawing a revolver he fired at the occupants of the buggy.

The bullet whizzed in close proximity to Mr. Dalton's head. He picked up a revolver he had in the buggy and jumped out. Morris made no further demonstration, and Mr. Dalton re-entered the buggy and drove away. Morris was arrested Tuesday and lodged in jail.

Two physicians told Judge Campbell that the young man had consumption, and could not stand confinement in prison. For this reason he was released on his own recognizance when his examining trial took place.
