EXPECT

Legislature To Adjourn This Week.

The Republicans and Allies Made New Election Law Impossible.

(Special to New Era.)

FRANKFORT, Ky., Oct. 18.—It was now almost certain that the Legislature will adjourn this week before Saturday. It is likely that the body will adjourn Wednesday.

The Republicans and Brown Democrats of the Senate took a step Saturday that makes impossible the passage of an election law in time to become operative at the November election. This step was the forcing of an adjournment from Saturday until Tuesday.

The adjournment was ordered by a party vote, the regular Democrats fighting it.

To become operative at the coming election the house bill 18, the only measure now under consideration, would have to get through the two branches of the assembly no later than Wednesday. This cannot now be done, and it is considered by all that the election will be held under the present law.

RY 15,000.

Woodson Says Bryan Will Carry Kentucky.

(SPECIAL TO NEW ERA.)

OHIOGEO, Oct. 18.—Urry Woodson, the Democratic National Committeeman from Kentucky, was in conference with Senator Graham today. He said:

"There is no doubt about Bryan carrying Kentucky. The Republicans' effort to oust him is carrying the state for Bryan. I believe Bryan will run a little ahead of McKinley—5,000 votes, at the most. Bryan will carry the state by at least 15,000, so that there is no chance to win."

"In some sections Beckham will run even stronger than Bryan. I have seen them, O'Connell for instance. Gov. Beckham is seen to wear a very pretty O'Connell girl, and the town is going to vote pretty solid for the girl. There are hundreds of McKinley-Beckham votes there."

KILLING WAS ACCIDENTAL.

Jury Field Carrie Stoner Blameless Of Her Mother's Death.

Onora Allenworth has returned from Oak Grove where he went to look an inquest over the body of Carrie Stoner, colored, who was killed Saturday by her daughter, Lizzie Stoner, on J. W. Jones' farm. The girl was the only witness and stated that the pistol was discharged accidentally. The jury's verdict, held the girl blameless.

CALMLY

Confessed To Committing Three Burglaries.

Happy Jack Talks Himself Into A Lengthy Sojourn In Prison.

From Saturday's daily.

Placed on the witness stand yesterday to testify in his own behalf, George Jackson, alias "Happy Jack," whose remaining trial on a charge of breaking into a warehouse, was being held, coolly confessed to the court that he was guilty of three burglaries.

"Happy Jack" is only about twenty years old, but the local police force say they never had a meaner character to deal with, and they are rejoiced that he is where he can't get into any more mischief. They have long believed him the leader of a gang of thieves. The police have been on the out look for Jackson since Mr. Fletcher Campbell's safe was robbed last Sunday afternoon of some Sabbath school collections.

It was learned that he had left a watch at a Sixth street jewelry store last Friday, and an eye was kept on the establishment.

Thursday afternoon, "Happy Jack" was seen to enter the store.

When the boy turned around the counter after getting the timepiece, he found himself looking into the barrel of a large pistol held by Officer Booth Morris. Jackson threw up his hands and was marched to the lock-up.

Yesterday afternoon he was taken before Judge Campbell, and when questioned stated he had twice burglarized Dr. W. M. Wheeler's residence and one time had entered and robbed Wheeler & Faxon's warehouse.

He was sent to jail in default of bond, to await the action of the next grand jury. The boy refused to give the names of any of his pals.

The officers found "Happy Jack's" den. It is under Wheeler & Faxon's warehouse. Considerable stolen property was recovered, including a hand-some mercurial pen, valued at \$75, belonging to Dr. Wheeler; a set of harness and other articles.

MOVEMENT

For Good Roads Will Be Pushed.

Duty Of Every Citizen To Vote For The Proposition.

The turnpike movement has been steadily growing for several months and has now assumed proportions that show a great awakening of the people on this vital question.

The executive committee of the Good Roads Club met Thursday night and received reports from the finance committee, and appointed campaign and press committees to bring the matter thoroughly before the vote as the important bearing on the interests of every section of the county warrants.

An aggressive campaign to be carried on from now until the election and as never before on any proposition.

"Christian county expects every man to do his duty," and whatever else he neglects, nothing should prevent his voting to provide a system that will facilitate business all sections, improve property, promote friendship and loyalty to the fullest the money making opportunities of the farm.

It seems in this matter that past foolish prejudices are disappearing, and all realize that farmer, merchant, mechanic and professional man, and their wives and children, of whatever section or environment will share alike in the benefits of easy, safe, rapid, inexpensive traveling at any and all times.

The proposition on which the Fiscal Court ordered the election is an plain, simple, business-like and fair that no one fears but in the event it carries every section will share alike in the building of the roads as it says, "An equal amount of pile shall be built or acquired in every section, North, South, East and West."

The only additional tax possible under the constitution is 7 1/2 cents on the hundred dollars (a mere nothing) and even this may not be necessary as the great saving in the care of the roads will no doubt pay for the new pike.

It is important now that no man spare any effort towards securing for himself and his neighbors the benefits that will come from good roads and that he vote and work and pray for deliverance from mud roads and toll gates, and then indeed "All the clouds that lowered upon our heads" will be "in the deep bosom of the mud holes buried."

FOOLED

Big Audience.

Roosevelt Spoke 5 Instead of 30 Minutes.

HE MADE POOR IMPRESSION.

Two Other Speakers Were Not Much Better.

EXHIBITED HIS TEETH.

From Saturday's daily.

Gov. Theodore Roosevelt, the Republican candidate for vice president, talked less than ten minutes this morning to a large but severely disappointed crowd at Union Tabernacle. His speaking appointment had been widely advertised and people were here from miles around.

What enthusiasm existed among the Republicans over his coming quickly faded when he spoke. A more dismal, flatter political farce than the much-talked-about "orator" would be difficult to imagine.

POOR SPEAKER.

The candidate possesses none of the graces of oratory. He is not fair to look upon, his words come stumbling and halting from his lips, and he is almost devoid of any magnetism. He made an exceedingly unfavorable impression, shattering the hopes of his local supporters, and there is little doubt that his trip here hurt rather than helped the cause he advocates.

The speakers who followed him were even less entertaining than Roosevelt.

ON TIME.

The special train bearing Roosevelt and his party came in very nearly on time, and the arrival was prompt at the tabernacle, where between thirty five hundred and four thousand people, drawn largely by curiosity, had gathered.

Observing greeted the appearance of the Governor, but the applause was not prolonged.

He was introduced by County Attorney Otto Anderson, who simply called to him and had the presence of presenting the next vice president of the United States.

LOOKED AT HIM.

Gov. Roosevelt stepped to the front of the stage, and while the Republicans clapped their hands, the audience inspected him. He really looks more like his cartoons than his photograph, for the former show, though in an exaggerated way, his natural expression. He was an ill-fitting, ungainly, and bony-kneed, and carried in his hand a rough rider hat. When he spoke his famous teeth were constantly exhibited.

RAMBLING AWAY.

Candidate Roosevelt began his incoherent remarks by saying he had come to appeal to the people not as a Republican but as an American citizen and in the name of common sense, decency, good judgment and patriotism to support him and Mr. McKinley. He told a tale about a "hog" panache, "in Texas telling a dapper little fellow who had discharged a pistol, that it was all right if he was shooting on purpose, but I'll kick you out of town if you should accidentally shoot me."

Roosevelt applied this very brilliant anecdote by saying the American people should not let themselves be accidentally shot by Mr. Bryan.

CIVIL LIBERTY.

The speaker then talked civil liberty and said it was a fundamental principle of this government that every man entitled to vote should have his voice counted, and that Mr. Bryan should stop sympathizing with the Tagalog bandits shooting at United States soldiers and explain what he means by coming to this State and scoffing at freedom and honor. "It's a good thing to let your own house in order, before you try to manage other folk's affairs."

He was glad to welcome former Democrats to Republican ranks. He was delighted to know that Gen. Basil Duke and Gen. S. B. Buckner were supporting the Republican ticket, and he made the statement, which is probably not true, that Gen. Fitzhugh Lee is also a deserter from the Democratic ranks.

THEN AND NOW.

Mr. Anderson introduced to the audience Col. Gail, of Massachusetts, who, he said, was a first man in his state to enter the Spanish-American war and the first man to follow Gen. Leo into Havana. In a robust tone voice the colonel then proceeded to extol the virtues of Terrible Teddy, who grew very obese under the load of verbal bouquets tossed at him.

SHOUTS FOR BRYAN.

One of the Roosevelt party touched the man from Massachusetts on the arm and told him his time was up. He attempted to go on, but his voice was drowned by shouts for Bryan from Democrats who thought the speaking was over.

STANLEY

Made Fine Impression On Large Audience.

Senator-Elect Carmack Will Speak Saturday—Political Notes.

From Thursday's daily.

The Hon. Overly Stanley, the talented young Henderson attorney and Democratic member of the Second District, spoke in the interest of the party at the court house last night. He was heard with the closest attention, by a large audience that thoroughly appreciated his fine address and interrupted him from time to time with applause. His discussion of the national question, especially imperialism, was excellent and eloquent. The later part of his speech was devoted to State issues, and his arraignment of the Republican leaders was strong and severe.

CARMACK SATURDAY.

Hon. E. W. Carmack, one of the most brilliant orators and statesmen in the South, will speak at the court house in this city next Saturday afternoon at 1 o'clock.

It is evident that the people of this region are able to hear such a speaker and there is no doubt that he will be greeted by an immense audience. Everybody is invited to hear him, and those who fail to do so, will miss a great treat.

END DAY IN LYON.

An immense crowd estimated at 7,000 was at Katsawa yesterday to hear Gov. Beckham and ex-Gov. McCreary speak. The crowd was wildly enthusiastic and a general half a mile in length greeted the speakers. Over 100 meetings were addressed by Judge F. B. Daugherty and R. Lee Siler, Congressman O. K. Wheeler also spoke briefly at the principal meeting. At night Gov. Beckham and Mr. McCreary spoke to an enthusiastic crowd of more than 1,000 people at Princeton.

EVERYBODY INVITED.

An old fashioned Democratic barbecue will be given in the woods of Thos. T. Shaffer, near Boone's Gap, South of Lexington, October 25, at which every body is cordially invited. The following distinguished speakers are expected to be present: John W. Kellar, of New York city; Gov. J. W. G. Beckham, the Hon. South Trimble, the Hon. W. B. Moody and Judge Jas. D. Black.

HEARD HOWELL.

Hon. W. B. Howell spoke at Powers Monday afternoon to a good crowd, and at Thurston Monday night. At Thurston there was no house that would hold the crowd and the speaking had to be held out of doors. People came in farm wagons ten or twelve miles to hear Mr. Howell and he had the largest crowd that had ever been to Thurston. He made a speech which had a fine effect. There were 600 or 700 people and several bands and glee clubs in attendance.

HOW A LAW.

House Bill No. 19, has been signed by Governor Beckham, and is now a law. The Secretary of State desires all county clerks who have made contracts with printing companies to print their ballots, to notify him, so that the ballot paper can be shipped direct to the printing companies.

The bill provides for the preservation of the ballots, for voting in a circle under the party emblem; that a person whose vote is challenged may cast his vote if he makes affidavit that he is a qualified voter, unless another voter makes affidavit that he is not qualified, in which case the officers of election shall decide whether he shall vote; that all paper for ballots shall be furnished to the county clerks by the Secretary of State, except that this year, the clerk may furnish it unless he has received it from the Secretary of State twelve days before the election. This bill also makes it a felony, punishable by confinement in the penitentiary and forfeiture of office, for any county clerk to refuse to place the name of a candidate on the ballot.

HOLINESS CONVENTION.

The semi-annual meeting of the Green River Holiness Association convenes at Madisonville, October 25th, and will be attended by a number of prominent preachers.

NO RIGHT TO LULIERS.

The woman who is lovely of face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her temper will be irascible, her complexion sallow and her health a wreck. Electric Bitters is the best medicine in the world to regulate stomach and kidneys and purify the blood. It gives strong nerves, bright eyes, smooth velvety skin, rich complexion. It will make a good looking, charming woman out of a run-down invalid. Only 50c at L. L. Riggs', O. K. Weyl, R. O. Hardwick's, J. O. Cook's and Anderson & Fowler's drug stores.

CLOSED

Is Taking Of Evidence In Youtsey Case.

(Special to New Era)

GEORGETOWN, Ky., Oct. 18.—The Youtsey case was closed this afternoon. The first argument for the defense will be made by Attorney Stevenson. There will be six speeches. Youtsey's condition is unchanged.

R. W. Nelson, one of Youtsey's attorneys, admitted on the witness stand yesterday that his client had told him enough to show that his testimony would be of great benefit to the state in the prosecution of W. S. Taylor for complicity in the assassination of William Goebel. Mr. Nelson also acknowledged having favored an agreement on the part of Youtsey with the prosecution.

Jim Stoward testified that he did not know Youtsey. The deposition of W. S. Taylor was not read.

C. W. Short, of Pineville, a brother-in-law of Judge Youtsey, admitted that there was a Republican plot to kill off the Democrats in the legislature; William Ayers, also of Pineville, testified that Short told him that Bradley and Youtsey were to start the trouble by insulting Kohn and Phelps, the attorneys for the Democrats before the contest committee, but the scheme failed because the Democratic lawyers kept silent.

LYNCHING

By Mob Of Enraged Elkton People.

From Thursday's daily.

Last night, Frate Warfield, a negro about twenty-two years of age, was lynched near Elkton.

The negro made an attempt to assault Mrs. Len Penick, the wife of a young farmer in the Bell's Chapel neighborhood.

The negro, who had been working in that neighborhood knew Mrs. Penick was alone and left Elkton some time in the afternoon and went directly to the Penick home.

Mrs. Penick had succeeded in locking the door to her room and the negro was attempting to break in when frightened away.

Mr. Penick went to town and gave the alarm and officers started for the scene and captured Warfield about two miles from Elkton.

It is said he expressed his regret to the officers that he did not succeed in his purpose.

He was placed in jail at Elkton Wednesday. Feeling against him was high and last night a mob of determined men went to the jail and demanded his release and secured possession of the prisoner. He was taken out near town and hanged to a tree.

AWAKE

To The Importance of Good Roads.

Movement Is Being Pushed And Meeting With Encouragement.

At last the people of Christian county seem to have become aroused to the imperative necessity of providing for themselves the immeasurable advantages of free turnpikes to all the country for all the people of the county. The proposition of the Good Roads club gives below on which the Fiscal court based their action ordering an election, is so straightforward, fair and business like that "the who runs may read" and "a warying man though a fool cannot err therein". This address will be thoroughly distributed and every vote will be cast on the idea expressed therein, that the money levied by the county in pikes "shall be equally distributed on every road north, east, west and south, turnpikes being built on roads not now paved and acquired on fairest terms where toll gates now exist."

A vote for free turnpikes simply means a change from a wasteful, costly policy with no benefits to a safe economical plan with the greatest possible blessings.

Every voter should read the following address and realizing the fairness, justice and common sense of the matter not fail to vote and work for its successful success.

TO THE VOTERS OF CHRISTIAN COUNTY.

The Good Roads club of your county, in common with the progressive people throughout the United States, are desirous of improving the public highways of Christian county, and above all things to make them in their improved condition absolutely free of toll. It is useless to call your attention to the fact that in every community those people who are desirous of keeping pace, not only with enlightenment but with civilization, are devising plans by which this object can be accomplished as economically as possible, with as little taxation as possible, and having in view the rights of the people and the betterment of their condition, no matter in what section of the community, geographically speaking, they may reside. We hold and maintain that the present system by which toll is allowed to be required of the people on some of our roads, and on the other the use of scrapers and other temporary improvements are employed, is not only unjust to the people, but an absolute squandering upon their part of money which would build, equip and maintain a magnificent system of public thoroughfares absolutely free of cost to the traveler.

For these reasons we have secured from the Fiscal court of your county, the right to submit to you at the coming election a proposition to vote bonds for these purposes. Under the Constitution only a certain amount can be issued by the Fiscal court and in Christian county the amount of bonds available is from ninety to one hundred thousand dollars. We have made careful estimates and we find that with this amount in bonds, the saving by the fiscal court on the levy of this year and next, said court would have at its disposal a sufficient sum to purchase and make free every mile of pike now in the county and at the same time build an equal amount of new pike on thoroughfares not this far.

And we propose to you to stand at the time we presented this matter to the Fiscal court that said body should, whenever they purchased any number of miles of pike from the owners thereof, that they should at the same time, let the contract for an equal number of miles of new pike on roads which are not now macadamized. In brief our purpose is to have the money invested, equally distributed on every road north, south, east and west, turnpikes being built on the roads not now paved and acquired on fairest terms where toll gates now exist.

And now upon the question of taxation to accomplish all that we contemplate would only involve at the very utmost, under the constitution, an increase of taxes and a half (7 1/2) cents on the one hundred dollar worth of property. The man who only has to pay a poll tax would not have to pay one cent; the man who pays on \$500 would only pay thirty-five (\$35) cents per annum, and the man who lists for taxation a thousand dollars worth of property would only pay seventy-five (\$75) cents per annum. And for this, we could secure a magnificent system of turnpikes north, east, west and south, and could travel there with a consciousness that they were absolutely free of toll and that the title was vested in the people who could transmit it to posterity as a blessed heritage.

Won't you help us?
