ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY, FRIDAY, OCT. 26, 1900.

VOLUME XXXI, NO. 18

GREATEST

Theatrical Success Of Year
Is "Quo Vadis."Next Attraction In Lecture
Course Is Hon. Alf
Taylor.

"Quo Vadis," which will be produced at the opera house soon, is one of the most popular and successful of the year. Its combination of dramatic and comic elements gives it an unusual interest. It has been said that the Roman Empire has never before been so vividly and so accurately portrayed. The discovery of the Roman Empire of the Christian era, in the house of the pontiff, to whom the hero has been taken, is a scene which has never been so vividly and so accurately portrayed. The discovery of the Roman Empire of the Christian era, in the house of the pontiff, to whom the hero has been taken, is a scene which has never been so vividly and so accurately portrayed.

The next lecture in the "Groups of Great Men" course, will be that of Hon. Alf Taylor, who will come Nov. 7. During the winter of 1899-1900, Mr. Taylor delivered his lecture entitled "Poetry and Prose" in about seventy-five cities and towns of the South and Southwest, and his success was so phenomenal as to cause him to be placed in a class with the greatest American platform entertainers. Ours for the reputation of this lecture have been so numerous that Mr. Taylor has decided to present it during the season of 1900-1901. "Poetry and Prose" is more than a mere speech. It is a beautiful poem, sparkling with metaphor and allegory and simile, and effective with wit and humor.

LOOK OUT FOR FRAUDS.
Candidates for Members Of Democratic
Club All Over The Country.

Chairman James K. Jones of the Democratic national committee, and Wm. B. Weaver, president of the national association of Democratic clubs, have issued the following circular:

"To Democratic Clubs:—In the free exercise of the right of suffrage lies the safety of the republic. Every patriot, every honest man is interested in preserving this right at all hazards. We, therefore, request every man of you, please report promptly to one of us every instance coming to your knowledge of any attempt to corrupt or intimidate any voter by any campaigner, whether a single person, a company or a corporation, and whether attempted by direct, or by the payment of money to induce the voter to vote for a certain candidate or candidates. Every such offender deserves, like Cain, to be a fugitive and a vagabond on the face of the earth, and the public ought to know who they are."

United In Wedlock.Clarksville Wants An Au-
ditorium--A New Busi-
ness Enterprise.

From Friday's daily.
H. T. Gamble and Miss Mamie Nixon of Howell, South Christian, were married yesterday morning in the Studio Grand by Squire Zapher Smith, in the presence of a few witnesses.

The groom is only nineteen years of age, and the bride is two years younger. They left Howell Wednesday night in a carriage, accompanied by Miss Lou Stafford and Ed. Knap, and drove all night, reaching Clarksville at early dawn. They returned their carriage soon after the ceremony, and started on the return trip.

A movement is on foot among the leading citizens of Clarksville, to build a large auditorium, capable of seating 2,000 people. The plans have not been matured as yet, but they contemplate placing the auditorium in the rear of several business stands, which are to be included under the same roof.

Clarksville has a new manufacturing industry in the shape of a wire spring factory. It belongs to B. Freeman & Son, who have just moved there from Marion, Ky.

PNEUMONIA
Caused Rudolph Steinhagen's Death In New York.

Rudolph Steinhagen died Sunday in New York after a very short illness. The shocking news was received by his parents, Prof. and Mrs. R. T. Steinhagen, yesterday afternoon. Only a few days before they heard from their daughter, Miss Rose, who had been visiting him, that his health had never been better, and they were looking forward to a happy family reunion during the Christmas holidays.

Mr. Steinhagen was twenty-eight years old. His childhood and early manhood were spent in Hopkinsville. He began working when twelve years old and continued without interruption to the time of his death. Under the late Lucien Jones, and more recently with Forbes & Son, he acquired considerable training. During the last seven years he had lived successfully in Cincinnati, Paducah, Memphis, Atlanta and New York, each change of residence marking a business promotion. For about one year before his death he held a lucrative and responsible position in a large stock brokerage establishment, and had excellent prospects of soon being made a partner in the concern.

Full particulars of his death are not yet known. The first telegram received yesterday was from the New York Hospital and stated that Mr. Steinhagen was there seriously ill of pneumonia. An hour later another dispatch announced his death.

AWARDED \$500 DAMAGES.
In the suit of J. B. Ewell against T. E. Joiner for personal damages for alleged false arrest, the plaintiff was awarded \$500 Saturday in the circuit court.

Mr. Carter was a son of Mr. A. L. Carter, and was a young man of fine intelligence and integrity. He leaves a wife and several children. Funeral services will be held this afternoon.

MEETING

With Favor In All Parts
Of County.Good Roads Movement
Will Carry If People
Do Their Duty.

The turnpike question is meeting with favor in every direction and from all sides. There is every indication of the awakening of the people on the subject; once awakened, there can be no doubt of their action on a policy that means the greatest possible benefit for, with actually, no cost.

No man should be too busy to fail to devote part of his time in the interest of good roads. Now is the time to put forward every possible effort on the part of every one. Do not expect anyone else to do the work and for the blessings to fall, but work as if the whole thing depended on you as it really does.

This is the last time the free turnpike matter will come before you, if you carry it, the benefits to you and all the county are untold, but if not, no other effort will be made in the near future, and you will have to content yourself with the fearful disadvantages we are now laboring under, a shrinkage of business, a constant struggle to make ends meet, and all the other ills that result from ill roads (Chinese Wall) and impassable roads too numerous to mention. It's up to you.

GRACEY HUNTING CLUB

and Deer.

The Gracey Hunting Club will leave after the election for Arkansas to spend two weeks deer and bear hunting on White river. Among the hunters will be:

John D. Shaw, Andrew Harris, Don Harris, Rich Morgan, and T. H. Fugate of Trigg county; J. J. Reed, R. H. Baker, G. Watkins, Jack Wall, Bud Hammond, Lock Humphreys, of Gracey; Louis G. Wood, and Henry Benner of Clarksville, and Bill Reed, of Penbrooke.

ELECTION NOTICE.
Pursuant to an order of the Christian
County Court made at its May term,
1900, to me, directed and certified by
Jno. P. Fowles, clerk of said court, a poll
will be opened at the different voting places
in this county on the 27th day of October,
1900, between the 12th day of October,
1900, and the 12th day of November,
1900, for the purpose of electing
representatives to the next session of
the county court, to-wit: one representative
from each of the following precincts, to-wit:

State of Kentucky. May term 1900
Christian County Court. To-wit: 1900.
In the matter of petition for
election to secure free turnpikes.
Order.
This day the petition filed herein during
the last April term of this court,
came on again and was duly considered
by the court, and it is appearing that
the said petition has been signed by
a requisite number of legal voters of Christian
County, that is to say a number of
such voters equal to fifteen per cent.
of the vote cast in said county at the
last April term of this court.

Continuing he said the testimony
plainly showed that Yontsey was not
even in contemplation of any crime and
that John Richette's story that Yontsey
looked twelve or fifteen men into the hall
and stationed them there shortly before
the shooting was completely destroyed.

Col. Nelson took up the testimony
and commented on it in detail. He
spoke for five hours and did not conclude
till after 2 p. m.

Commonwealth's Attorney Franklin
began his speech at 2:30 yesterday afternoon and spoke till 7 o'clock. His
address at times was thrilling and he
brought tears to ears to all, even Judge
Gantrell on the bench, and Judge
Ashew, of the defense, being visibly
affected.

He rec'd Gov. Taylor, saying if he
had two sparks of courage he would re-
turn here and help Yontsey out of this
trouble, if any of the witnesses had lied
on Yontsey; that if Taylor had even
one spark of manhood he would not
commit suicide under the whip of his
conscience.

He fitted all the testimony together
and said:

A PROMINENT LADY
Speaks in Highest Terms of
Peruna as a Cathartic Cure.

Mrs. M. A. Thayer, Minneapolis, Minn.,
Peruna Medicine Co., Columbus, O.,
Gentlemen:—As a remedy for catarrh
I can cheerfully recommend Peruna. I
have been troubled with chronic catarrh
for over six years. I had tried several
remedies without success. A lady friend
advised me to try Peruna, and I began to
use it faithfully before each meal. Since
then I have never kept it in the house.
I am now in better health than I have
been in over twenty years, and I feel
sure my catarrh is permanently cured.

As soon as Peruna removes sys-
temic catarrh the digestion becomes
good, nerves strong, and trouble van-
ishes. Peruna strengthens weak nerves,
but by temporarily eliminating them,
but by removing the cause of weak
nerves—systemic catarrh. This is the
only cure that lasts. Remove the cause,
nature will do the rest. Peruna removes
the cause. Address The Peruna Medi-
cine Company, Columbus, Ohio, for a
book treating of catarrh in its different
phases and stages, also a book
entitled "Health and Beauty," written
especially for women.

YOUTSEY SENTENCED TO
IMPRISONMENT FOR LIFE.Jury At Nine O'Clock Saturday Morning
Returned Verdict Of Guilty.PRISONER IS BETTER.
Speech Of Commonwealth
Attorney Brought
Tears To Many
Eyes.

[SPECIAL TO NEW ERA]
GEORGETOWN, Ky., Oct. 26.—Henry
R. Gantrell is guilty.

That is the verdict of the twelve good
men and true who heard all the evi-
dence in the case, and carefully delib-
erated before arriving at a decision.
His punishment was fixed at a life
sentence in the State prison.

Many people had expected that he
would be condemned to die upon the
scaffold, but the jury evidently believed
him to have been the tool of others, and
not so guilty as those whose bidding he
obeyed.

The court met at 9:30 last night
and was formally submitted to them.
The judge told them they could see
their own pleasure about re-considering
the case then or this morning. They de-
cided to take the papers to their rooms
and report back at 9 o'clock this morning
and they were sent to their board-
ing-house with that understanding.

Yontsey's condition last night was
better than the day before. He has
taken nourishment without trouble and
physicians say his temperature, pulse
and respiration were normal.

Col. Nelson began his speech at nine
o'clock this morning.
He said the belief existed that justice
was being done in this case, for the
defendant had been unable to secure a
jury of his own political faith to sit
in the case.

Continuing, Col. Nelson asked the
Commonwealth's Attorney whether he
would ask that Yontsey be tried for
firing the shot or for aiding and abetting
the firing.

"I will leave that for the jury to de-
termine," responded Franklin.

In referring to Yontsey's present phy-
sical condition he said he felt like ask-
ing:

"Can a dead man have a fair trial as
guaranteed by the Constitution? that
Yontsey is to all intents and purposes of
this trial a dead man."

He said Yontsey had a right to defend
the concrete building it had been built
on, and he having a gun on Jan. 7, 1900,
he was not surprised because every other
man in the building was armed, at that
time.

Continuing he said the testimony
plainly showed that Yontsey was not
even in contemplation of any crime and
that John Richette's story that Yontsey
looked twelve or fifteen men into the hall
and stationed them there shortly before
the shooting was completely destroyed.

Col. Nelson took up the testimony
and commented on it in detail. He
spoke for five hours and did not conclude

ELECTION

Bill Was Passed By Both
Houses.But For Republicans It
Would Now Be In
Effect.

[SPECIAL TO NEW ERA]
FRANKFORT, Ky., Oct. 22.—
The Kentucky legislature Saturday
passed House Bill 18, the new election
bill, by a unanimous vote in the house
and a vote of 31 to 4 in the senate. The
bill will be enrolled today, signed by the
presiding officers and sent to the govern-
or, who has ten days in which to
consider it.

The new law contains the following
provisions:

"A state board of three members, the
supreme to be the clerk of the court of
appeals, and one Democrat and one Re-
publican to be appointed by the govern-
or, on the recommendation of the state
central committee of the two respective
political parties.

"County boards to consist of three
members, the supreme to be the sheriff
of the county or the circuit clerk in
outlying counties, and one Democrat and
one Republican to be appointed by the
state board from lists of five names each
submitted by the regularly recognized county
committees of the two political parties.

"An equal division of the election of-
ficers to be appointed by the county
boards from lists of eight submitted by
the county committees of the two lead-
ing political parties.

"The election officers to be changed
within five days of an election.

The measure is substantially the same
as the one which the Democrats of the
house, including the Brown Democrats,
passed some time ago, except that the
sheriff of each county is made the
supreme officer on the county board. The
bill might have been enacted into a law
in time to become operative at the
approaching election, but for the capricious
opposition of Republicans and Brown
Democrats in the senate, who, holding a
majority in that body, insisted upon an
amendment, only to abandon them after they had served
the purpose of obstructing the passage of an
election bill until too late to make a new
law operative at the November election.

Had those senators done ten days or two
weeks ago what they have now done,
the election to be held next month would
have been conducted under the new law.

MEANS—NEWMAN.
Mr. and Mrs. George A. Newman
have announced the engagement of their
daughter, Miss Charlotte A. Newman,
to Mr. Harry L. Means. This will be a
pleasant bit of news to local society in
which both of the young people are
prominent.

Miss Newman is one of Louisville's
very attractive girls, and Mr. Means,
who came here several years ago from
Christian county, is a well-known law-
yer and former newspaper man.

No arrangements have been made for
the wedding other than that it will be
quietly celebrated at the home of the
bride's parents early in the winter.

main for free turnpikes on every road

shades of election day fall on a people
at last emancipated from the curse of
many years.

ARRANGEMENT

Of Ballot For November
Election.County Clerk Prowse Re-
ceives Notice From the
Secretary Of State.

County Clerk Prowse has received an
official notice from O. Breck Hill, sec-
retary of state, certifying to him the ar-
rangements on the ballots of the party
device and tickets.

They are as follows: Democrats, un-
der a rooster in the act of crowing; Re-
publicans, under a pig; Populists, un-
der a plow and hammer; Prohibition-
ists, under a phalanx; Social Re- form-
ers, under a hammer; Social Democrats,
under a hammer holding a torch aloft.

Just under each device is a small
circular containing the ticket. It is a cir-
cle one inch in diameter in which the
voter must stamp, if he desires to vote
the straight ticket.

The device will not be enclosed in
square as heretofore.

The attorney general has ruled that
the contract for furnishing the ballots
to the secretary of state goes to the
company which has the contract for
furnishing paper to the state for public
documents. This is the Dism & Wing
Paper Company of Cincinnati. The
order is for 600,000 sheets of white paper,
36x40, eighty pounds to the ream. It
will weigh 18,000 pounds, and the com-
pany receives four cents per pound for
it.

The company has been notified to be-
gin shipping the paper at once.

A Republican exchange says that
Yontsey is going to surprise some people
by his race for the Kentucky govern-
ment. He has already done that; in fact
his friends were never so shockingly
surprised as they were when they heard
of that he was going to make the race
on a platform endorsing Taylor—
Lexington Democrat.

DEATH OF A CHILD.
From Monday's daily.

William, the bright little eight year-
old son of Mr. and Mrs. James Phelps,
died unexpectedly this morning. The
child was taken ill Saturday, but his
condition did not warrant alarm until
this morning. A physician was hastily
summoned, but before he could arrive
the boy was dead.

IT'S UP TO YOU.
Christian county, naturally one of the
greatest counties in the state, almost
stands alone among its sisters with the
barbarous system of ball game and
fighting races. By your vote at the
next election you can free her from such
a shameful condition and begin for her
and yourself benefits that you can hard-
ly dream of.

WILD WITH ECZEMA

And Other Itching Burning
Scaly Eruptions with
Loss of Hair.

Speedy Cure Treatment \$1.25.

Bathe the affected parts with Hot Water and Cuticura Soap, to cleanse
the surface of crusts and scales, and soften the thickened cuticle.
Dry, without hard rubbing, and apply Cuticura Ointment freely, to
alleviate itching, irritation, and inflammation, and soothe the heat, and
lastly, take Cuticura Resolvent, to cool and cleanse the blood. A
single set (price, \$1.25) is often sufficient to cure the most stubborn,
disfiguring, and humiliating skin, scalp, and blood humors, with loss
of hair, when all else fails.

This sweet and wholesome treatment affords instant relief, permits
rest and sleep in the severest forms of eczema and other itching,
burning, and scaly humors of the skin, scalp, and blood, and points to
a speedy, permanent, and economical cure when all other remedies fail.
The agonizing itching and burning of the skin, as in eczema; the
ridges, as in psoriasis; the loss of hair and crusting of the
scalp, as in scalded head; the facial disfigurement, as in pimples and
ringworm; the awful suffering of infants and the anxiety of worn-out
parents, as in milk crust, tetter, and salt rheum—all demand a remedy
of almost supernatural virtues to successfully cope with them. That
Cuticura remedies are such stands proven beyond all doubt. No
statement is made regarding the curing of the skin, as in eczema; the

NERVOUS PROSTRATION is only a failure of strength. It takes strength to get strength. Get strength of stomach first. Your stomach will then look out for your body. Scott's emulsion of cod-liver oil enables your stomach to get it from usual food; and this is the way to restore the whole body.

We'll send you a little to try if you like. R. T. S. BOWEN, 205 West 10th, New York.

CHANGE

In the Italian Tobacco Trade.

Tandy & Fairleigh Will Buy on Hopkinsville and Clarksville Markets.

Information of the change in the system in buying tobacco by the Italian trade comes to us confirmed from New York. The contract will not be in cash, but to let to some company or syndicate this season, but the tobacco will be bought on the breaks in this and the Hopkinsville markets by Messrs. Tandy & Fairleigh and shipped through to New York on the guarantee of the government agent at that place, says the Clarksville Leaf-Chronicle. It is understood that the dissatisfaction all comes from Rome; the government authorities complaining of the universal practice which contains in handling and pricing—that of mixing or approximating as it is called. The officials debated seriously the practicability of returning to former customs of obtaining the government supplies. However, it was determined to try once more to obtain satisfaction by the employment of a single purchasing agent at New York, and this agent has determined to have it all bought on the breaks under close inspection. It is understood, however, in New York tobacco circles that the Italian trade will demand the re-inspection of the entire purchase in New York. This can hardly be true, as no warehouseman of the west would submit to such a thing. It would be well for the farmers if they would organize as other trades and go back to old principles of uniform pricing, inviting the liveliest competition. Under the present system there is no competition and yet the demand requires more tobacco than can now be supplied, and under competition the prices ought to be good.

All parties having claims against the estate of T. E. Graham, dec'd., will file them before us properly verified on or before Nov. 1st, 1900, and all parties indebted to the estate will please come forward and meet their obligations promptly. d&wt, Mrs. Mattie Graham, Adm'r. of T. E. Graham, dec'd.

HOW WOULD YOU LIKE IT?

How would you like to live in Hopkinsville with impressively muddy streets making it a day's work to get to business, or good streets with a toll gate at every corner demanding tribute coming and going? That's the fix our county is in and it is criminal for her citizens to permit it.

BREATHITT FOR COMMISSIONER.

A Frankfort dispatch says: "This failure to elect a Republican State Commissioner after the adoption of a resolution to that effect in both houses is regretted by many of the Democrats here. The State Commission will shortly hold a meeting here, and it is said that two members will agree to elect any other man than Cochran whom the Republican leaders may suggest. Judge James Breathitt, of Christian county, who might have been elected at the second joint session yesterday afternoon had the presence of a quorum been secured, is acceptable to the Democrats, and he will likely be agreed upon."

The Louisville Times says: "Senator M. W. Utley was a caller at Democratic headquarters this morning. To a reporter for The Times he gave as his opinion that Judge James Breathitt, of Hopkinsville, would be chosen to fill the vacancy in the State Election Board, caused by the resignation of Morton K. Yonts."

"From now on Senator Utley will make speeches in the interest of the Democratic ticket in the First District. He is booked for speeches in Caldwell, Leno, Marshall and Crittenden counties."

RAILROAD MEN HERE.

Mr. John W. Logsdon, superintendent of the Henderson division of the L. & N., was in the city yesterday and today. He is on route South on a tour of inspection. Mr. W. W. Alexander, formerly of Hopkinsville and now L. & N. agent at Cincinnati, is here mingling with old friends.

FOOTBALL SATURDAY.

There should be a large attendance at the football game Saturday afternoon. The Hopkinsville and South Kentucky College teams are practicing hard and are in fine condition for the contest. Both eleven are confident of victory.

WRECK

On The L. & N. Railroad In City Limits.

There was a wreck on the Louisville & Nashville railroad near the water tank in the north limits of the city last night.

About 9:30 o'clock, a freight train, which had received orders to side track for the Chicago passenger train, which is due here at 9:30, entered the passing track on which cars are not allowed to stand. The engine struck a car of a rock-quarry train, several of which had been left on the passing track. Two quarry cars were damaged, and the engine was badly crippled, the pilot being smashed and the boiler injured.

Fortunately no one was injured. Good work was done in clearing up the wreck, and in about an hour the main track was open. The Chicago train, No. 82, was delayed one hour and No. 84 about 15 minutes.

Railroad officials are investigating the matter to learn where the blame for the wreck should be laid.

The Rev. E. H. Brookshire has tendered his resignation as pastor of the Barren River church, in Warren county. FLAG

Day Will Be Observed By Democrats.

Saturday Fixed As The Date For Patriotic Demonstration.

There is to be a general demonstration of the supporters of Bryan and Stevenson next Saturday. Every loyal Democrat who believes in the preservation of the constitution, in its integrity and continuation of the flag of the nation as the emblem of liberty is urged to take advantage of the day set apart by the Association of Democratic Clubs for a general demonstration throughout the land to decorate their homes and places of business with the "Stars and Stripes."

In Christian county the day will be observed and, as heretofore announced, there will be speaking in numerous precincts by Democratic orators.

There is no special significance in the selection of October 27, which is the date that has been selected by the Republicans for their great gold parade. As a matter of fact, the Republicans who decorate on that day will have to also display the likeness of their candidate for the presidency or take the chance of being chased by the Democrats.

In his proclamation to the public the national chairman says: "In view of the great effort being made this year by the Democratic party to preserve the constitution in its integrity, to maintain the principles of the declaration of independence and to continue the flag of the nation as the emblem of liberty and not of conquest and aggression, I suggest that Saturday, October 27, be observed by the Democrats throughout the land as Flag Day, and that, as a public declaration of these principles, they, on that day, decorate their homes and places of business with the Stars and Stripes."

JAMES K. JONES, Chairman Democratic National Committee.

If, on the regular registration day, you were prevented by illness or absence from the city from registering, you may register on any one of the days named above. If you do not register you can not vote Nov. 6.
