THE MURRAY LEDGER.

VOL. 35, NO. 50

MURRAY, KENTUCKY THURSDAY, MARCH 14, 1912.

\$1.00 PER YEAR.

MET HIS DEATH AT HAND OF OWN SON.

T. F. Pettie, Well Known Farmer, of Gunter's Flat Section, is Shot Dead by His Fourteen Year Old Son, Herley.

Tom Pettie, a well known farmer who lived about five miles southwest of Murray near Gunter's Flat school house, is dead. His fourteen year old son, Herley, is under arrest and in the hands of officers at this time, charged with the crime of shooting to death his father. The terrible tragedy was enacted Wednesday afternoon at about 4 o'clock near the home of the dead man.

The particulars leading to the killing as related by the boy, and other persons living in the community where the killing occurred and obtainable at this time, are about these. It seems that the boy and his younger sister were directed to carry a tub of water from the house after the day's washing had been completed, and, children like they were playing and the boy so tilted the tub as to spill a part of the water on his sister. She complained of the treatment of her brother to her father and cried about the matter. The father whipped the boy for his conduct, and if the reports are true whipped him very severely, causing the attention of neighbors to be attracted to the correction. After administering corporal punishment to his son it is charged that Pettie quarrelled with his wife regarding a free. After finding the tool Pettie started to the woods where he was engaged in making boards, and meeting his son, the boy claims, the father threw a stick

at him striking the boy on the leg, and then threatened to kill him with the free. The boy, one hour after the punishment had been administered, secured a single barrel shotgun and went to the woods, stating that he was going out squirrel hunting for a while. The father enroute to his work passed the boy and the quarrel was renewed and the son says the father threatened his life when he fired upon him. The first load of shot from the weapon struck the father in the bowels and he fell to the ground. The boy advanced and reloaded his gun and fired the second shot, tearing away the head of the victim. A fence separated the boy and his father, but after having fired the first shot the boy still advanced and must have been within a few feet of the wounded man when the second load was fired into his prostrate form. Soon after the shooting the boy was arrested and brought to town and placed under guard for the night. He was carried back home Thursday morning to attend the funeral and burial of his father and bond was fixed in the sum of \$2,000. Whether this was executed the Ledger was unable to learn at press hour.

Tom Pettie was about 45 years of age and was well known throughout the section of county in which he lived. He leaves a wife and several children. His wife was a Miss Culpepper, and before her marriage lived on the east side of the county.

Murray Route 4.

No weddings to mention this week. Some sickness, bad colds and lagrippe.

Mrs. A. Y. McNeely was on the sick list the past week, but some better at present.

Plant bed burning seems to be something of the past as the weather will not permit.

S. C. Orr is able to be out the past few days.

Granville Scarbrough made a business trip to Coldwater one day the past week.

Oatman Denham contemplates carrying a load of tobacco to Murray this week.

John Kemp has his darning machine adjusted and will be ready for business right soon.

Lube and Claud Brown spent the first Monday in Paris, Tenn.

Elbert Morris has returned from Texas and says Callaway is good enough for him.

I. T. Jones is talking of selling his farm and moving to Hazel.

Hep Morton made a business trip to Crossland the past week.

As the weather remains bad I will ring off for this time and come again. U Know.

John W. Sickelsmith, Greensboro, Pa., has three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy." For sale by dealers.

Seventeen Cases of Smallpox.

There are at present fifteen cases of small-pox in and near Water Valley. The two most recent cases are about a mile and a half east of that place. All the patients are under strict quarantine, and there is not much fear of its spread from these patients.

There are also two cases at Dublin, County Physician Disbrow having reported that two young ladies, Miss Addie Gibson and Miss Nora Mason, one in Dublin, and the other a short distance away, were suffering with the disease, which they contracted while on a recent visit to Fulton, Mayfield Messenger.

A pain in the side or back, that catches you when you straighten up calls for a rubbin' application of Ballard's Snow Liniment. It relaxes the contracted muscles and permits ordinary bodily movement without suffering or inconvenience. Price 25c, 50c and \$1.00. Sold by Dale & Stubblefield.

Kelley School House.

Health is reasonably good at this writing.

Well it happened to rain a little last Friday and most of the farmers got done stripping tobacco, and there is just one mud hole in the road and that is from one end to the other.

Wess Buchanan had shipped him last week 600 pounds of gooberpeas from Middle Tennessee.

see. J. E. Dalton had a fine lot of post made last week. Guess he's going to fence some. Arthur Lassiter and family visited Hunter Wilkerson Sunday.

Jim Bradley purchased a fine male from Noel Webb last week. Toy Spann and wife visited Thompson Spann Saturday and Sunday.

J. T. Jones is talking of going to Hazel to make his home.

Bill Lassiter visited his sister Mrs. Jim Wilson Saturday night and Sunday.

Mrs. Sarah Williams came to Noel Webb's Sunday to spend a few weeks.

Payne Webb visited Lon Orr last week.

Come on "Red Wing," you and the rest of the correspondents.

Violet.

Uncle Ezra Says.

"It don't take more'n a gill uv effort to git folks into a peck uv trouble, and a little neglect of constipation, biliousness, indigestion and other liver derangement will do the same. If ailing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at Dale & Stubblefield's."

PAY UP

Delinquent Officers of Graves County Make Final Settlement With The Fiscal Court.

Mayfield, March 12.—The fiscal court was called here Saturday into session at the instance of Ex-Sheriffs, Samuel R. Douthit, and J. N. Harris for the purpose of acting on a compromise proposition on the part of the ex-sheriffs, touching the amounts due the county, as given out by the expert examiners last fall.

There was, however, no compromise asked by Mr. Douthit and when the time came for action on the part of the court, he was informed there was a balance of \$348.91 due the county from him, he very promptly paid it and was released from further liability by the court.

J. N. Harris and his attorneys then appeared before the court and proposed to pay \$7,000 for a full and final release of all back claims, which was accepted by the court and upon payment of the same in cash, the compromise was accepted and Mr. Harris was released from all further claims by the county.

Upon payment of \$7,348.91 both Mr. Douthit and Mr. Harris were released and the fiscal court believes it did well in effecting the compromise collecting this much cash and saving much cost, litigation and trouble in prosecuting the suits necessary to finally collect this much money.

The report of the examiners showed that Mr. Harris was behind \$10,293.71 and after due consideration the court decided it was best to accept the \$7,000 cash than to take chances in finally getting more.

It will be remembered that the examiners had charged up to W. L. Brand \$19,165.92, but so far no compromise has been offered by him and it is reported that he will not make any proposition but on the contrary will fight the collection of the claim to the bitter end.

Harry Jones, our clever depot agent, left Wednesday at noon for Benton, his former location, to again assume the position as operator at that place. Mr. W. C. Spellings, the Benton operator, will have charge of the Hazel depot. Hazel News.

PRIMARY LAW

Synopsis of Bill of Vital Importance Which Became Law of State on March the 5th.

Following are the main features of the compulsory primary election law, which became effective with the approval of Gov. McCreary on March 5:

It does not apply to school trustees, nor to trustees of towns of the fifth classes, nor presidential electors, but does include United States Senators. Primaries are to be held on the first Saturday of August in each year for the purpose of nominating candidates to be voted for at the ensuing November election. But nominations by political parties to fill vacancies at special elections to be held at some date other than the regular November election are to be made as determined by the governing authorities of the parties. If a vacancy occurs within seventy days before the regular November election, the party governing authority may also in this instance determine the manner of nominating. Should a nominee die within seventy days of the election, his party may select the method of naming his successor.

The law applies to those parties which at the last presidential election polled at least 20 per cent. of the total vote cast, and therefore effects only the Democratic and Republican parties.

Any person may become a candidate in the primary who files, at least thirty days before the primary, the required nomination papers, signed by not less than three per cent. of the total vote of his party in the district or county in which he is to run, except that in districts having more than one county, such per cent. of the votes in half the counties only is required, and in Railroad Commissioners' districts said per cent. is required in only one-fourth of the counties. For State offices, only two per cent. of the voters of at least ten counties are required. Before his name is placed on the primary ballot, a candidate must sign an agreement to the effect that he will not withdraw if nominated, and that he will qualify if elected at the November election.

The County Clerk is required to publish the names of all the candidates not less than twenty days before the primary.

Both parties nominate their candidates at the same identical time and place, the same officers conducting both. The officers are to be divided the same as at regular elections, with respect to political affiliation, and are named by the county Board of Election Commissioners.

The voter must announce his party to the officers, whereupon the clerk issues him the ballot of his choice.

The returns are canvassed by the same Board.

The State bears all the expenses, precisely as it does in regular elections.

Almo, Ky.

As I have not seen a letter from Almo for some time thought I would give you a few items:

With the exception of bad colds health is good.

We regret the death of one of our oldest and best known citizens, Mr. Frank Stroud, whose remains were interred in the Temple Hill cemetery March 2.

J. H. Keys, who has been to New York City in the interest of the Dark Tobacco Association, is at home again.

J. M. Ines has returned from

Louisville, where he went to buy spring goods.

C. E. Hatcher, the well known stock man of our vicinity, has shipped several car loads of hogs and cattle from this place recently.

Will Hatcher has sold his place to Prof. Dean and will build again in north Almo.

Rev. W. O. Hargrove and Tom Lamb have traded farms. Bro. Hargrove has moved to Almo, and Bob Lynn has moved to the farm he now owns.

The cheap sale that has been going on at Beach & Smith's store is closed, but people are still coming to our town just the same.

The E. L. Jones Lumber Co. is enlarging their building in order to better handle their trade. They have bought a new hearse and now carry a complete line of coffins and caskets.

The Almo band, under the instruction of Prof. Dean, is improving nicely.

Glad to see our little town coming to the front.

Katzenjimer.

CORN CLUB

County Superintendent of Schools Urges Calloway Boys to Enter Corn Growing Contest.

Knowledge is power in agriculture as well as any other field of human endeavor. Parents, why not begin now, and let your children profit by your own mistakes and experience? Agriculture and domestic science is being taught in almost every state in the union. Why not Kentucky? Why not Calloway county?

While our teachers are studiously applying themselves, making the proper preparations for teaching these subjects, let's begin to help them now by a little experimenting at home. Probably no phase of the work is easier to begin with than the Boys Corn Clubs. In last week's issue of one of the county papers a call was made for entrance to the corn club and already the superintendent has received a number of names as applicants.

Boys, get busy. Costs you nothing. Ten bushels of seed corn will be furnished each county free of charge by the department of agriculture. If the proper interest is manifested on the part of our young farmer friends, the county superintendent will try to arrange for more seed this year, and allow each boy to plant one acre, provided he will cultivate it according to instructions from the department in charge.

Rules governing entrance are not so strict this year, as boys from 10 to 18 will be allowed to contest, even younger, if they desire, and are able to do the work. As an incentive to better efforts, the state offers a diploma of honor to the boy growing the best acre of corn, also a free trip to Washington city. The county prizes were worth winning last year, and we hope to be able to do even a better part this year.

Boys, send your name, age, address and the name of the school district in which you live to Miss Lucile Grogan, County Superintendent, Murray, Ky.

Many Driven From Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by Dale & Stubblefield.

C. E. Hatcher, of Almo, Now With Murray Land Company.

C. E. Hatcher, the well known Almo citizen, has associated himself with the Murray Land Co., of Murray, and is now listing farm and town property for sale through this fast growing agency. Mr. Hatcher is one of the county's most substantial citizens and is well acquainted throughout the eastern and northern sections of the county. Property owners who are desirous of selling or buying real estate of any character are invited to see Mr. Hatcher, and are assured that courteous treatment will always be accorded them. He is empowered to list, and also to sell the property at present listed with this company for sale, which embraces over one hundred choice pieces.

KENTUCKY SENATE PASSES BILL TO RESTRICT ALCOHOLIC BEVERAGES.

PROPOSE A NEGRO COLLEGE

House Kills Bill Seeking Appropriation to Buy School Books for Indigent Parents.

Frankfort. A bill by Senator Cooper of Carter county, amending section 2567 of Kentucky statutes, by prohibiting the sale in local option territory of any kind of beverage that contains any alcohol was passed by a vote of 25 to 3, after the adoption of an amendment offered by Senator Eaton of Paducah, excepting from the operation of the act the sale of beverages for the sale of which the United States does not require payment of a retail liquor dealer's special tax.

To Buy Davis Birthplace. The senate passed, by the vote of 27 to 0, the bill introduced by Senator R. M. Salmon of Hopkins county, appropriating \$7,500 for the purpose of aiding in the purchase of the birthplace of Jefferson Davis, at Fairview, in Todd and Christian counties, and for erecting thereon a proper and fitting memorial.

The bill provides that not exceeding \$300 of paid amount shall be used in the purchase of the ground and not exceeding \$1,800 for the purpose of erecting the same. The remainder of the sum—\$4,900—is to be used in constructing a monument or a memorial hall.

Salmon, Eaton and Brock spoke in favor of the bill.

College for Negroes. The bill by Senator Eaton of Paducah, appropriating \$10,000 for buildings and land of the West Kentucky Industrial College, for Negroes and \$2,000 annually to maintain it.

Other Senate Bills Passed. The senate passed the following additional senate bills, which were called up for passage by the rules committee:

A bill by Senator Huffaker of Louisville, prohibiting rules for physicians and midwives in regard to the care of infants' eyes, so as to prevent blindness.

A bill by Senator Graham of Grayson county, amending section 4224 of the Kentucky statutes, so as to exempt fair associations from paying license on certain concessions.

Bills of Senator Mark Ryan of Louisville, providing for an additional judge of the circuit court of Jefferson county, and making changes in the old law so as to conform to the new number of judges, were passed when the senate reconvened. The measures had been introduced by the Louisville Bar association. Another bill by Senator Ryan, prohibiting unlawful leasing, selling, exchanging or giving away street car transfer tickets was passed. The bill provides a penalty of from \$5 to \$50 for violation of its terms.

A bill by Senator Durham of Franklin county, designating the method of selecting a person to act in the absence or disqualification of county judges.

A bill by Senator Eaton of Paducah, providing for bail for defendants arrested on indictment, when death is suspected to have resulted from poisoning or other illegal cause unknown.

A bill by Senator Glenn of Eddyville, requiring railway companies to stop all passenger trains at any station where any state penitentiary is located.

A bill by Senator Scott of Edmonson county, authorizing the investigation and hearing of any body, when death is suspected to have resulted from poisoning or other illegal cause unknown.

A bill by Senator Glenn of Eddyville, requiring railway companies to stop all passenger trains at any station where any state penitentiary is located.

A bill by Senator Hite of Harknessburg, providing for the payment of two of his measures through the senate. One seeks to prevent the use of the word "bank" or "trust" as part of any name or title by any person, firm or corporation except such as are authorized under and comply with the law relating to banks or trust companies, and the other looks to the creation of a commission to prepare a register of the blind of Kentucky and investigate their condition and report on the expediency of the establishment by the state of industrial training schools for the blind.

Other bills passed by the senate at the afternoon session in most cases with little debate and few dissenting votes, were the following:

Convict Labor. The bill of Francis Douglas, permitting the Board of Prison Commissioners to accept less than the contract price for the labor of inexperienced convicts, passed the House by a vote of 50 to 18. Under the system of transferring hardened criminals from Frankfort to Eddyville and Eddyville to Frankfort, it often occurs that some of the convicts at the Frankfort penitentiary are deprived of pit-saw labor that has become efficient. It is said.

SCHOOL APPROPRIATIONS.

So amended as to provide that if any of those connected to an official capacity with the state university at Lexington, the Western Normal school at Bowling Green, or the Eastern Normal school at Richmond expend money not in the Treasury of their respective institutions, or that has not already been appropriated by the state, depending on a possible appropriation in the future to meet obligations, they shall be fined and sentenced to jail, the bill appropriating \$50,000 for the state university, \$25,000 for the Eastern Normal school, and \$25,000 for the Western Normal school, passed the house 73 to 1.

Representative A. H. Stamper of Wolfe county voting no. W. H. Shanks of Lincoln county offered the amendment following a speech by Representative Keller, in which he declared that the Western Normal school management had overreached itself by spending about \$70,000 over the amount appropriated to it two years ago. He said the institution should "live within its means."

Judgment is Upheld. The judgment of the Clay circuit court was upheld in the case of John A. Geary against George McCreary. McCreary recovered judgment for \$15,000 damages against Geary for personal injuries received while drilling a machine at an oil well.

The court sustained the decision of the Jefferson circuit court in the case of H. H. Pontich against the National Foundry & Machine company. Pontich sought to have an accounting, claiming that H. H. Freer, majority stockholder of the company, had paid themselves money to which they were not entitled. The court decided for the company.

Read Bill Recommended. The bill of Representative Harry J. Meyers of Covington, a companion measure to the Bosworth good roads bill, was recommitted until Tuesday, when it will be taken up with the Bosworth measure.

Free Sugar Bill. Representative Atherton offered a resolution, which was adopted, ordering the Underwood excise bill deferred in the national house of representatives, and calling upon Kentucky's representatives in congress to support it. The senate rules committee offered a recommendation, which failed to receive the necessary majority, providing for night session of the senate.

Penalizing Policemen and Firemen. Among other measures to come up this week are those of Charles Knight of Louisville, doing away with the present system of penalizing policemen and firemen in that city and providing for a new system whereby each policeman will receive \$30 a month. Under the present system pensioners are paid on a sliding scale. The bill of Representative W. A. Perry of Louisville, enabling that city to vote for a bond issue of \$2,000,000 for sewers and that of Representative Knight, were introduced.

School Books for Indigent. After long discussion on the bill of Representative B. S. Wilson of Rowan county, appropriating \$250,000 annually to be used in the purchase of schoolbooks for the children of indigent parents, the measure was killed in the house by the vote of 57 to 24.

Champ Clark Incident. Samuel Walton Forge, representative from Todd county, after the "anti-pass" bill had been disposed of, arose to a point of personal privilege, explaining that he had read in a morning paper where some of the house members had construed his motion to table the motion of Representative Howell to lead Speaker Clark of the national house of representatives as a "stupid attempt" on his part to "snub" Mr. Clark. He said nothing, having been influenced purely by the fact that a great volume of business is confronting the house. He said he held Mr. Clark in the highest regard and that he believed he was acting as Mr. Clark would have done under similar circumstances.

Daughter Kills Parent. Hopkinsville. Irvine Carce, aged 55, a prominent farmer, was shot and instantly killed last evening by his 21-year-old daughter Olive in a fit of temper. Carce pursued his daughter with a chair, threatening to kill her. She seized a pistol and fired twice, the second bullet striking a vital spot. Irvine Carce, Jr., aged eighteen, was wounded in the wrist by the first shot from the revolver while he was trying to prevent his father from striking his sister.

FLORIDA GOVERNOR IN ANANIAS CLUB

CLARK SAYS HE WAS ONCE INTERESTED IN LANDS.

DEFENDS HIS OWN ACTION

Governor Intimated that Congressman Was Working in the Interests of Western Railroads at Fight on Everglades Shanks.

Washington. Representative Clark of Florida made a sensational attack on Governor Gilchrist in the house today. It was in reply to a reported interview from the governor, in which he is alleged to have expressed surprise at the attitude of Representative Clark in the Everglades investigation.

Said Clark: "It remains for the governor of Florida—God pity the state—to travel all the way from Tallahassee to Washington to insinuate that now I am working in the interests of the western railroads. I brand that as a malicious, gratuitous and unqualified falsehood."

Mr. Clark said that Gilchrist, before he was elected governor, had made a business of land exploitation.

"It is the conduct of senseless and stupid," he said, "that I'm trying to bring to the honor of my state. And yet the governor of my state says that in attacking the thieves I am attacking the state of Florida. If that is so, let help Florida."

Referring to Mr. Gilchrist as "this little puppet governor," Mr. Clark said he rested his case with the people of his own district and felt certain of the result. He was applauded as he took his seat.

Gov. Gilchrist was here to testify in the Everglades investigation.

ATLANTA HAS A SENSATION

Mysterious Shooting in Fashionable Section Stretches City.

Atlanta, Ga., "God knows I am innocent," exclaimed Mrs. Daisy Ulich-Ope, after her release on bail pending a hearing on the charge of assault with a dangerous weapon, for young husband, Eugene H. Ope, prominent contractor, who was mysteriously shot at their handsome Eleventh street home.

While the doctors at St. Joseph's infirmary are endeavoring to save the life of the seriously wounded husband, the police are searching for more facts to support their theory that the crime was committed by the wife.

"Did your wife shoot you?" asked a policeman, after breaking down the door of the room and finding trace on the bed.

"It begins to look that way," the wounded man replied.

As furnishing a possible motive, the police are said to have discovered that Ope recently had his life insured for \$25,000, naming his wife as the beneficiary.

DROP BOMB FROM BALLOON

Italians Use Dirigible in Fighting the Turks in Tripoli.

Tripoli. For the first time in history a dirigible balloon has been used for fighting purposes by the Italian army in actual war. The great airship floated far out over the desert and the aviators were able to get a good view of the Arab position. When the dirigible left camp the warships in the harbor fired a salute.

Afterward a second dirigible was sent into the air and the two, working in unison, sailed over the enemy's camp at Zaur, dropping bombs on routes. It is reported that many were killed and injured by the explosives.

Cop Foss Mossant. New Orleans, La.—Miss Louisa and Marie Mossant, sisters of the late John H. Mossant, were presented with a six-ounce gold loving cup which was presented by the Latin-American colony of New Orleans for the aviator, who was killed near Harahan, La., Jan. 1, 1911, when his machine fell from a great height. Gen. Francisco Alfaro, head of the colony, made the presentation at St. Charles hotel.

Smokers Breathe Easier. Frankfort. Ky.—Cigarette smokers in Kentucky inhaled easier when the senate, by a vote of 24 to 6, defeated a bill designed to prohibit the sale of cigarettes in this state.

Administration Accused. Washington. The postoffice department was a target for prominent speakers at the eighth annual convention of the National Association of Attacks on the executive order which prohibits the appeal of government employees to congress or congressmen in passing affecting laws and working conditions were made by Samuel Gompers, president of the American Federation of Labor, and Representative Lloyd of Missouri, a member of the house committee on postoffice and post roads.

HARD QUESTION FOR MOTHER

Inquisitive Little One Bought Information That Has Puzzled the Wisest of Men.

Four-year old Dorothy, lying in a thoughtful mood, wished to know what she would be when she grew up. Her mother told her she would be first a young woman, then perhaps a married woman, an old woman, a grandmother and a great-grandmother.

"And after great-grandmother, what?" Dorothy inquired.

"Then you will die. Your soul will go to heaven to live forever, and the rest of you will be put under the grass and flowers."

"Oh!" said Dorothy, and asked no more questions at the time. When her mother was addressing her for the first time, and the story of the figure stood uncovered, Dorothy said eagerly:

"Mother, will you show me just what part of me will go to heaven to live forever and what goes under the flowers?"—Lippincott's Magazine.

WHAT'S THE ANSWER?

She—Is he rich?
He—He's been married three times.

Mixed the Orders.
A local doctor once sent his man, with a box of pills to a patient, and a hamper containing six live pullets to be left at the house of a friend. Unluckily the messenger bungled over his grand, and took the hamper to the patient and the pills to his master's friend. Imagine the consternation of the patient on receiving along with the fowls the following prescription:

"Two of these to be swallowed every half hour."

Her Idea of a Chicken Farm.
Every little actress in New York has a "Long Island chicken farm." A well-known leading lady recently decided to follow the way of her sisters. She secured a lease on a good bit of property and then sought out a reputable poultryer.

"I want," she said firmly, "a flock of sand hens and—less firmly—"a thousand roosters."

Retort to the Point.
Dr. Mary Walker, who long dressed in men's attire, had been lecturing in a certain small country town. As she walked along the main street one afternoon an impudent urchin called after her:

"Say, are you the Mary that had a little lamb?"

"No," answered Dr. Walker, "but your mother had a little jackass—Lippincott's Magazine."

FROM THE NORTH COUNTRY

Where the Winters Are Cold and the Snows Deep.

Writing from the vicinity David Hiram made famous, a man says that he was an habitual coffee drinker, and although he knew it was doing him harm, was too obstinate to give it up.

While in this condition Grape-Nuts food was suggested to me, and I began to use it. Although it was in the middle of winter, and the thermometer was often below zero, almost my entire living for about six weeks of severe exposure was on Grape-Nuts food with a little bread and butter and a cup of hot water, till I was well enough to make Postum my table beverage.

After the first two weeks I began to feel better and during the whole winter I never lost a trip on my rail route, frequently being on the road 7 or 8 hours at a time.

"The constant martyrdom to me was a person could do the amount of work, and endure the fatigue and hardship as I did, on so small an amount of food. But I found my new ration so perfectly satisfactory that I have continued them—using both, Postum and Grape-Nuts at every meal, and often they comprise my entire meal."

"All my nervousness, irritability and insomnia have disappeared and health and natural sleep has come back to me. But what has been perhaps the greatest surprise to me is the fact that with the benefit to my general health has come a remarkable improvement in my weight."

"If a good appetite, good digestion, good eyesight, strong nerves and an active brain are to be desired, I can say, from my own experience, use Grape-Nuts and Postum." Name given by Postum Co., Battle Creek, Mich.

THE MURRAY LEDGER,

O. J. JENNINGS, EDITOR.

Published at the postoffice at Murray, Kentucky, for transmission through the mails as second class matter.

THURSDAY, MARCH 14, 1912.

ANNOUNCEMENTS.

We are authorized to announce Judge A. E. Robbins, of Mayfield, Graves county, Ky., as a candidate to represent the First congressional district of Kentucky in the lower branch of the United States congress, subject to the action of the democratic party.

We are authorized to announce Judge Allen Barkley, of Paducah, McCracken county, Ky., as a candidate to represent the First congressional district of Kentucky in the lower branch of the United States congress, subject to the action of the democratic party.

Now that the legislature has adjourned we move the speedy appointment of General Henry Lawrence, of Cadiz, to some kind of a job that the agony might be entirely over. O. Lord, it seems, just any old thing so it is a state job.

The state legislature forever put to sleep the anti-pass bill, and on the same day defeated the Bosworth good roads measure. The solons evidently consider railroad traveling on a free pass a better mode at present than via dirt roads.

From recent and repeated occurrences in Paducah we suggest that all persons from Calloway visiting the Western Kentucky metropolis should provide themselves with two Colts automatics, and the cash supply should be limited to car fare and a nickel for a schooner of beer.

One more session of Kentucky's legislature is history. A few commendable measures were enacted into laws while a much larger number that should have been made laws were defeated. The defeat of the bi-partisan prison commission bill, the corrupt practice act, the public utilities commission, and others, in the face of party pledges, will be no easy matter to explain away.

The members of the lower house of the state legislature have been insulted. We know this to be so because they have said so. The labor organizations of the state have adopted resolutions condemning the lower house for its refusal to pass the employers' liability law, and in resolutions declared that many members were under the influence of corporations and were using free railroad passes. Terrible thing to become offended over, now is it not? Who ever heard of a state senator or representative accepting a pass from a railroad or sending them out over the state to reward the peanut politicians with free trips to Frankfort for services rendered during elections? It is an outrage against the honor and dignity of our law makers and they should punish the offending laboring man of the state for less mistakes by ordering them to the penitentiary.

It is said that the lobby representing the tobacco growers was present at Frankfort during the defeat of the employers' liability bill. We wish to know before the state legislature adjourns some day if it is true that a lobbyist representing the tobacco growers was present in the defeat of the anti-pass bill when it was introduced. If these accusations are warranted by facts, which we will furnish both the representatives of the people and the tobacco growers, and we hope their constituency. The United States government says it some papers.

few years ago to prevent the newspaper publishers throughout the country from even accepting transportation in exchange for advertising space in their publications, and while the newspapers of the nation are not, in a direct measure, servants of the people still the law-makers of the nation realized their proximity to the common weal and now prohibits by law an exchange of commodities. If this action was warranted how much greater the necessity of having the direct representatives of the people in the state legislatures throughout the nation removed from the influence of corporations and corporate wealth. When Kentucky legislators voted to accept the free pass they put themselves on record as favoring legislation in the interest of the monopoly and against the people. The defeat of the public utilities commission and the fate of the employer's liability law is also legislation in favor of corporate wealth and directly in opposition to the common people.

John O. Churchill, the youngest brother of J. H. Churchill, of this city, died last Friday morning at his home in Birmingham, Ala., after a long illness of consumption. He was a native of this county and left here in 1898 and went to Dixon, Tenn., to attend school, where he was afterwards married. He was employed the past several years with a bridge construction company and only severed his connection with the company some few years ago. He is survived by a wife and four children, also four brothers, one of whom lives here and the others in Ft. Worth, Texas. The remains were brought to Dixon last Saturday for burial. J. H. Churchill attended the funeral and burial.

Card of Thanks.

We desire to take this method of extending our sincere thanks to the many kind friends and neighbors who so tenderly aided us in administering to the wants and needs of our dear mother, Mrs. Burnett Wilcox, during her fatal illness and death. Every kindness that could be shown was extended by these kind friends and neighbors, and while not within our ability to repay them we hope and pray that into their lives they will be as generous and blessed with the same character of loving friends. H. C. Callahan.

A CASH OFFER!

The I. C. C. is making a special anti-pass bill when it was introduced. If these accusations are warranted by facts, which we will furnish both the representatives of the people and the tobacco growers, and we hope their constituency. The United States government says it some papers.

A FAIR OFFER.

Your Money Back If You Are Not Satisfied.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. That's a mighty broad statement, but we mean every word of it. Could anything be more fair for you?

A most scientific, common-sense treatment of Rexall Orderlies, which are eaten like candy. Their active principle is a recent scientific discovery that is odorless, colorless and tasteless, very pronounced, yet gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, flatulence, griping or any inconvenience whatever. Rexall Orderlies are particularly good for children, aged and delicate persons.

If you suffer from chronic or habitual constipation, or the associated or dependent chronic ailment, we urge you to try Rexall Orderlies at our risk. Remember, you can get them in Murray only at our store. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold only at our store—The Rexall Store, Dale & Stubblefield.

Warning to Road Overseers.

On account of the great number of complaints that are being made to this office in regard to the condition of the public roads of the county, and also the fact that unless some of them are put in better condition, the rural route service on same will be discontinued, I am forced to warn you that unless the overseers and hands allotted to him proceed to put the roads in good traveling condition as soon as possible they will be proceeded against for failure to perform same.

It is the duty of the overseers to see that the roads over which they have supervision are kept in good traveling condition, and the smaller bridges in good repair. Every able bodied male citizen of the county, over 18 and under 60 years of age except licensed ministers of the gospel, and citizens of incorporated towns, are required to work the public roads at least two days in a week for three weeks during the year, and more if strictly necessary. The rural route carriers of the county are petitioning this court to have the law enforced, and I am taking this method of giving the overseers and hands fair warning. I sincerely trust that you will see the urgent necessity of prompt action in this matter, and that no one will have to be prosecuted for failing in his duty. Very respectfully, Thos. W. Patterson, J. Appointed State Pension Examiner.

Frankfort, Ky., March 13.—Captain W. J. Stone, of Kentucky, was today appointed State pension examiner under the Confederate pension bill, which has just passed the legislature.

From Wenoka to Tecumseh, Okla.

Wenoka, Ok., Feb. 20, 1912. Editor Murray Ledger. If you will give me space in your valuable paper I will give you a few jottings from this place.

The people around in this part of Oklahoma are as nice and clever as can be and the doors of emigration are always open and I know we have as good country as is on the globe. Although we made a failure on corn last year we made a fine cotton crop and the people got a good price. Big efforts are being made for a large crop again this season.

Farming is the order of the day. Some in our section of the country are nearly done breaking and will plant corn in ten or fifteen days if the weather is favorable.

We have had but little rain in a long time, but I must say the good Lord has not forgotten us yet. He has caused a cloud to form over this part this morning and we are having a good rain, the thing we need just at this time.

Well, there are just a few Kentuckians in this part and they all love to be close together for the old adage is, 'birds of a feather will flock together.'

Say, I must tell you about our trip over to Tecumseh. I received a letter from Mr. Tom Falwell and family, of Tecumseh, Okla., extending to Mr. Billie Knight and myself an invitation to come over and take dinner with them on last Sunday, the 18th, so we went. Leaving Wenoka at 9 a. m. and getting to Shawnee at 10 a. m.

There we took a street car over to Tecumseh, a distance of six miles, arriving about 11 a. m. Tom had gone to the station to meet us but we got off two blocks north of the station and near his house. So we went over to the house and were met at the door by Mrs. Falwell who welcomed us in and pleasantly entertained us till Tom came in. That was in a short time. So we all had a nice time. About 11:30 o'clock there came seven fine young ladies and two nice young gentlemen who had been invited to come and take dinner. They being strangers to us Mr. Falwell took the floor and in his nice ways conducted the parlor exercises and for a short time we all were jolly. Then came a sound from the dining room and then myself, Mr. Knight and the other two gentlemen were invited to walk in to dinner and Tom was sent back to the parlor after three of the prettiest girls there was in there, and to save my life I don't see how he could tell, but he made a selection somehow. There were three came in and sat down and I must say before the eight of us was as nice a table as I ever saw dressed with many good things to eat, and all eat hearty and enjoyed dinner very much. After dinner was over Mr. Falwell entertained the crowd for a while with his way of telling their fortunes. All was jolly.

Say, Tom, I think you must have told some of them the truth. We all would like to see the 18th of Feb. come again if we could have a good time with all again. Tom, you know Billie says all girls look nice to him. You know the girl that sat to his left Sunday night. He says there is no one he would marry about the moon when a Knight would do as well. He says he can't leave here for he knows he has a heart as big as the moon. Ha, ha. We all knew what a wagon tire is for, but we don't know what McIntire is for, and Billie says he is going to get him a typewriter. So I guess he can write by the light of the moon. Young ladies, be cheerful. Billie wants a job in Mr. Crutcher's store too. If he gets a typewriter he can keep books. I can say again we appreciate our visit and the hospitality that was shown to all and may the richest blessings rest forever. John, Tom and I rehearsed

MONROE A. THOMAS

REAL ESTATE EXCHANGE

To My Friends and Patrons in Murray and Calloway County:

I want to say to all parties desiring to list their property with me to do so as early as possible. This is a great advantage to both buyer and seller, and gives one more time for advertising. Anyone can sell and buy now, to get and give possession in the fall. Parties doing this can often times get property they so much desire.

I do not promise that I can sell every piece of property that might be placed in my hands for sale, but all property listed with me for reasonable prices and time will put forth every honest effort possible to effect a sale.

All parties desiring to buy or sell town or county property, would be pleased to have you call on me. Would appreciate your coming in and talking with me along this line of business, whether you list with me or not. A hearty welcome and courteous treatment to all.

Thanking all parties having already and will list their property with me.

I wonder who this jack-leg photographer is that is doing so much puffing and blowing about his long years of experience and he being the only man in the county who had attended a Photographer's School. Wonder if he is so green that he thinks he can cram off such stuff as that on the public. I am real sorry for the fellow that don't know the difference between a three day's demonstration where he has to look over another fellow's shoulder while the other man does the work. I have heard this same fellow pop off before, that is what's the matter with him now. I am very doubtful whether this same fellow would know a photographers school should he meet one in the road. Have you ever noticed that you never hear a real first class, unimpaired workman of any kind, bragging about what he can do. BRAY MARKS THE PICTURE.

NO WOMAN CAN PASS HER LAST SPRING'S HAT FOR A 1912 MODEL.

Were the styles of this year not vastly different from those of a year ago, still would it be impossible to pass a hat of last year's vintage as a 1912 product. In this season's hats the materials and colorings are new—the way trimmings are employed are different—the whole effect is more cheerful and becoming. All of this year's hats have more trimming, more silk, more flowers, and the hats are more beautiful. See for yourself. What we have to show is altogether new and different.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

The next regular meeting of the Commercial Club will be held Monday night, 18th, at the club rooms. Every citizen is urged to attend this meeting. Officers for the ensuing year are to be elected and other matters of importance to the city are to be brought before the meeting for discussion. A full attendance should be present at this very important meeting.

Mrs. W. K. Brown died at her home in this city on North Curd street Sunday morning at about 8:30 o'clock, after a very brief illness following child birth. Her death was one of the saddest that has occurred in this city in many years, and came as a shock to the entire community. She was a daughter of Mrs. Mattie Acree of Hazel, and was married to Mr. Brown some several years ago. For the past several years they had made their home in this city where Mrs. Brown won many friends. She was about 32 years of age and is survived by her husband, mother, three sisters and one brother, F. F. Acree, of Harlan, Ky. The funeral services and burial took place Monday afternoon, with interment in the Hazel cemetery.

KIDNEY TROUBLE RELIEVED IN TWO HOURS. A SPEEDY CURE

I derived so much benefit from the use of Dr. Kilmer's Swamp-Root that I believe it will be most important for the public to know of its worth.

Last November I was suffering severely with kidney and bladder trouble. The burning pain was terrible. I sent to you for one trial bottle of Swamp-Root. It relieved me in about two hours. After taking the small trial bottle, could feel no more pain, so purchased one fifty-cent bottle of Swamp-Root. After taking the contents have not felt one pain from the kidneys or bladder since.

You are at liberty to publish this testimonial should you wish to.

Yours very respectfully,
W. H. WARREN,

Prove What Swamp-Root Will Do For You

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention this paper. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Man may be the noblest work of God, but only blind love can make a woman think he looks like that.

Why suffer under the curse of Dyspepsia when Garfield Tea can remove it?

New Commandment.

Senator Penrose, apropos of President Taft's anti-monopoly message, said the other day, with a smile:

"In the past we were forbidden to put our trust in riches, but now we are forbidden also to put our trust in trusts."

Romance of the Rail.

It was on a Pullman car. The man who traveled for gentleness had succeeded in working up a conversation with the lonesome-looking young woman. He leaned over her and breathed in her ear:

"Peaches, I'm taking a little trip to New York. Don't you want to go along?"

"Sir," she said, "you are going too far!"

But she didn't object to accompany him as far as Schenectady.

Humorous Trust.

The savage chief held a glittering spear near the captive missionary.

"Do you like this?"

"His tone was not facetious, but the captive was undismayed."

"Well, if you ask me—"

He glanced at the weapon, the probability of which was not comforting.

"It goes against my stomach!"

Unfortunately, however, the captive was in a locality where there is no market for humor, and the end came soon.

Too Thin.

"The greatest curiosity I ever came across in the course of a long experience," said the first broker, "is a man who comes into our office every day, watches the ticker like a hawk for five hours, and pays cash for everything he buys."

"I can beat that by a mile," replied the second broker. "A man came into our place a while ago and started to trade actively in Reading and Union on a five-point margin. He had \$50,000 when he began. In six months he had \$50,000. Then do you know what he did? He put his money into first mortgage bonds—and quit."

The first broker looked almost dazed. "I hate to do it," he murmured, "but I've just got to. You're a liar!"—Puck.

REBELS MARCH ON CITY OF MEXICO

FEDERALS WILL PUT UP FIGHT

OUR AMBASSADOR ASKS MARINES TO PROTECT LEGATION.

Diaz Will Return in Event of Intervention—Situation at Mexican Capital Is Serious.

Washington, Four rebel divisions, cautiously advancing for the crucial trial of strength with the Madero forces, are closing in on Mexico City, according to advices to the state department.

Fear that the outcome may prove disastrous to Americans in the capital city, has quickened the ambassador to send an urgent appeal to Washington for aid to protect the legation and similar action, upon the advice of Ambassador Wilson, has been taken by the representatives of other foreign countries.

Surrounding the city at various points along the lines of march of the advancing columns are bodies of federal troops ready to attack the invaders, but the effect on the advance is unknown, as is also the strength of the rebels.

The latest estimate of the number of rebels on the march, however, as reported to Washington, is 3,000 troops. The most formidable rebel division is that under the command of Miramón, which was organized in the state of Mexico itself. At present the army is almost under the very eaves of the capital city.

Marching from the south is another detachment of 500 rebels under the command of Zapata.

DIAZ WOULD RETURN.

Would Lead Force in Event of American Intervention.

Pavia, Former President Porfirio Diaz and his son have just returned from Nica. When they received the correspondent of the International News Service in their apartment at the Hotel Ansonia, the former president said:

"I shall be 82 years old next September. Nevertheless, I will go to Mexico with a force of 10,000 men. I will never go back in mere political capacity, or as president, but in case of need I would return as a simple soldier, if I were not wanted as a general. My sword will always be at the service of Mexico, just as it was when an attempt was made to make Maximilian emperor."

"All armed intervention," he said, "is an invasion by foreign powers, and that would bring me back. An invasion by a foreign power, under any pretext whatever, would make the Mexican people rise as one man to repel invaders. Men and women would fight and the country could put a couple of millions in the field. The mountains would help our men withstand the enemy."

TO VOTE ON LIQUOR QUESTION

Ohio Citizens Will Also Pass on Woman's Suffrage.

Columbus, O.—Far-reaching changes in the organic law of the state will be submitted to the voters of Ohio next fall for their adoption or rejection. In the nine weeks of deliberation by the constitutional convention since January 9 four important propositions have been approved for submission.

Chief among the amendments so far prepared was one giving women full and equal enfranchisement with men.

The liquor license proposal adopted will limit the traffic to one saloon for 500 population, prohibiting brewery-owned saloons and preserving all existing local option laws. Leaders of both the temperance and liquor organizations have asserted they will not oppose the approval of the proposal by the electors.

GOVERNMENT ASKS \$700,000

Amount Is Claimed as Result of Sugar Customs Undervaluation.

Philadelphia, Pa.—It was said that sugar refining companies alleged to be involved in customs irregularities brought to light here recently by a federal grand jury have been notified that they owe the treasury department \$700,000 in duties wrongfully withheld, and that unless the amount is paid forthwith proceedings will be brought in the United States courts to recover the money. The claim of \$700,000 is said to represent only a small part of the losses the government is alleged to have sustained, but that the statute of limitations prevent the recovery of a larger sum.

TRY TO SAVE RICHARDSON

Friends Believe Death of Condemned Man Will Kill Mother.

Paducah, Ky.—Relatives of William Richardson, sentenced to death for killing John Vieth, will petition Gov. McCreary to commute the sentence to life imprisonment on account of Richardson's aged parents. His mother is blind, and it is believed that if he dies in the electric chair a complete nervous breakdown will kill her.

Kills Baby and Self.

New York, (Girl), because she had been forced to stop nursing her baby, a physician having ordered artificial food, she worried Mrs. Rose Strauss that she took the three-month-old child in her arms and flung herself, with him, from the roof of a tenement house. The sound of their bodies striking the steps flagged a yard in the year attracted the attention of the neighbors. Running out, they found the mother, still breathing faintly, lying some distance from the ledge. About three feet away lay the baby, dead.

HEALTH FOR THE CHILD.

The careful mother, watching closely the physical peculiarities of her children, soon learns that health is in a great measure dependent upon normal, healthy, regular bowel action. When the bowels are inactive, loss of appetite, restlessness during sleep, irritability and a dozen and one similar evidences of physical disorder are soon apparent.

Keep the bowels free and clear and good health is assured. At the first sign of constipation give the child a teaspoonful of Dr. Caldwell's Syrup Pepsin at bed-time and repeat the dose the following night. If necessary, you will find the child will quickly recover its accustomed good spirits, and eat and sleep normally.

Dr. Caldwell's Syrup Pepsin is far preferable to salts, cathartics and purgative waters which are harsh in their action. Syrup Pepsin acts on the bowels easily and naturally, yet discomfiting, and causes no griping or discomfort. Its tonic properties build up the stomach, liver and bowels, restoring their normal condition.

Druggists everywhere sell Dr. Caldwell's Syrup Pepsin in 50c and \$1.00 bottles. If you have never tried this remedy, send for a sample to Dr. W. B. Caldwell, 201 Washington St., Monticello, Ill. He will gladly send a trial bottle without any expense to you whatever.

Acme of Laziness.

A story is told of a man who held the Kansas record for laziness. As he was too lazy to do anything at all, his neighbors finally decided to bury him alive. They laid him in the bottom of the wagon and started for the cemetery. On the way they were met by a man who asked what they were doing with that man.

"He won't work, and he has nothing to eat, so we are taking him to the cemetery to bury him alive," was the reply.

Touched with pity, the stranger said:

"Friends, I have a sack of corn here that he is welcome to."

Hearing this, the lazy man raised his head long enough to inquire:

"Is it shelled?"

"No, it isn't, but—"

"Drive on," interrupted the doomed man, as his head disappeared from view.

Shot With a Knife.

Years ago in a stock performance of a famous old melodrama, the villain, Charles Wolcott, suddenly discovered that he had left his revolver in the dressing room. In much confusion, he fumbled in his pocket and found a penknife which, he figured, would do just as well for the bloody deed. Imagine his consternation when, after plunging the blade into the hero's breast, that player failed to change his face and screamed at the top of his voice: "Heaven forgive you! I'm shot."

His Preference.

Winkley gazed at the new triplets with fatherly pride, but not a little apprehension in his eye, nevertheless.

"What are you thinking, dear?" asked Mrs. Winkley, softly.

"Nothing, dear, nothing," he said, falteringly, "only don't you think that the way for us hereafter to build up our little family on the installment plan?"—Harper's Weekly.

Counterfeiter Gets Stiff Sentence.

William Pink, a Brooklyn, N. Y., dealer in drugs, was sentenced by the New York Court of Special Sessions, to imprisonment in the penitentiary for four months, for counterfeiting the bank note of the United States, in violation of the penal law.

The Carter Medicine Company detected the counterfeit before any quantity of the spurious goods had been placed upon the market. In sentencing Pink, Judge Deuel laid special stress upon the injury done to the public when a remedy so well known as Carter's Little Liver Pills is counterfeited and put on the market. He imposed the sentence not only as the proper punishment of the offender, but in order to deter others from the commission of like frauds in the future.

The Very Best Make.

In the course of an after-dinner speech in praise of woman, Samuel Untermyer, the New York lawyer, said in Pittsburgh:

"A commercial traveler remarked the other day to a storekeeper: 'Make yourself a Christmas present of a cash register. It will keep strict and accurate account of all you receive, and all you disburse. It will show what you have paid what you squander, what you spend foolishly and what you spend wisely, where you should stretch, what you waste and how you waste it.'"

"But," said the storekeeper, "I've already got a cash register which does all that and more."

"Whose make is it?" asked the salesman, frowning.

"God's make," the storekeeper replied, and with a smile at once reverent and grateful he nodded toward his handsome wife seated in the cashier's cage."

"WHY SHOULD I USE CUTICURA SOAP?"

"There is nothing the matter with my skin, and I thought Cuticura Soap was only for skin troubles." True, it is for skin troubles, but its great mission is to prevent skin troubles. For more than a generation its delicate emollient and prophylactic properties have rendered it the standard for this purpose, while its extreme purity and refreshing fragrance give it all the advantages of the best of toilet soaps. It is also invaluable in keeping the hands soft and white, the hair lustrous and glossy, and the scalp free from dandruff and irritation.

While its first cost is a few cents more than that of ordinary toilet soaps, it is prepared with such care and of such materials, that it wears to a wafer, often outlasting several cakes of other soap, and making its use, in practice, most economical.

Cuticura Soap is sold by druggists and dealers everywhere, but the truth of these claims may be demonstrated without cost by sending to "Cuticura," Dept. L, Boston, for a liberal sample cake, together with a thirty-two page book on the skin and hair.

No Chance About It.

"I'm awfully sorry it happened," apologized the abject young man, after the stolen kiss.

"Happened?" she exclaimed. "Happened! That is worse than the kiss! If you didn't have it in mind when you asked me to stroll away back here in this quiet corner of the conservatory I shall be offended, after all!"—Judge.

A BALD-HEADED WOMAN.

Shorn of Her Crown of Beauty,
Loses in Love and Marriage.

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Murray, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split and come out. They do not shampoo their hair often enough, or too often. They use soaps and preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement but we will back it and prove it with our own money. We will return your money if you do not find that Rexall's 93" Hair Tonic is an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles, that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial, and practical test.

We want you to try Rexall's 93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall's Remedies in this community only at our store—The Rexall Store. Dale & Stubblefield.

Church Destroyed by Fire.

Jackson, Tenn., March 8.—The building of the First Methodist church here was practically destroyed by fire last night. The pipe organ and most of the furniture were entirely consumed. It was a two story structure with the auditorium and pastor's study on the second floor. The building and furnishings originally cost about \$25,000 and the trustees carried a total of \$10,000 insurance.

The origin of the fire is not known, but it followed a service at the church, where a missionary conference for the Jackson district has been in progress.

It was planned to build a new and more commodious house of worship in the near future, and the fire of last night now leaves no other alternative for the congregation.

The Men Who Succeed

As heads of large enterprises are men of great energy. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitter will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50c at Dale & Stubblefield.

Gee whiz! Look at the ignorance this Junk Dealer displays about photo schools. No wonder he is turning out such bum work of the 1876 type. Why, they are advertised in every photo journal. On page 23, in the "Studio Light" its been running for 4 years, it is sent free to professionals, he might fool them and get one by writing for it and post up. It is headed The Eastman School of Professional Photography, described elsewhere. It is funny a fellow persists in advertising his ignorance.

What We Never Forget

according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures proves its merit. Unrivaled for piles, corns or cold-sores. Only 25c at Dale & Stubblefield's.

A good treatment for a cold settled in the lungs is a Herck's Red Pepper Porous Plaster applied to the chest to draw out inflammation, and Ballard's Horehound Syrup to relax tightness. You get the two remedies for the price of one, by buying the dollar-size Horehound Syrup; there is a porous plaster free with each bottle. Sold by Dale & Stubblefield.

The Coughs of Children

They may not cough today, but what about tomorrow? Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. This cough medicine is especially good for children. No anodynes. No alcohol.

Many a child is called dull and stupid when the whole trouble is due to a liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pile, sugar-coated, will do such excellent work of good. Ask your doctor.

Eastman School of Photography.

Said to be the largest manufacturers of photo goods in the world, have millions of dollars, keepers in search of new ways and new things, they hold their schools in the largest city of each state. They have 5 experts, one in each branch, to show and teach the new ways and things that have been discovered. They teach only professional photographers. Last year at Nashville I met such men as Thuss Moody and Corbett. They are as high as the schools at one time. I attended the school before that at Louisville. Now anybody with enough brains to fill a simlin can see the benefit of such work. The fine pictures I am making now are not the results of my own efforts alone, but by the aid of these schools. I would be turning out a low grade of pictures nearly as bad as the Junk Dealer, but now I am having a better trade than when I had a partner, and many thanks to the public.—Lassiter.

MORE THAN SKIN DEEP

MORE THAN A SKIN IS NEEDED TO CURE PILES PERMANENTLY. Don't be disappointed if you fail to get a lasting cure of piles with salves. The cause of piles is more than skin deep. It is sluggish, flabby veins—pockets filled with thick, bad blood.

HEM-ROID, a tablet tonic remedy, is taken inwardly, acts on the circulation and cures all kinds of piles thoroughly.

Millinery Opening March 20.

We have just opened up one of the most up-to-date lines of millinery ever brought to the town. These goods were bought by an experienced milliner and are of the very latest styles and patterns. We will have our opening Wed. March 20th and cordially invite your inspection of our goods. Thanking you for the liberal patronage accorded us last season and soliciting a share of your trade in the future, we are, yours to serve, MURRAY MILLINERY PARLOR, Miss Ruth Humphreys, Manager.

THE BEST PROOF.

Murray Citizens Cannot Doubt It

Doan's Kidney Pills were used. They brought benefit. The story was told to Murray residents.

Time has strengthened the evidence. Has proven the result lasting. The testimony is from this locality.

Miss Cora Graham, 1301 Jefferson St., Paducah, Ky., says: "Doan's Kidney Pills were indeed effective in my case. I had suffered intensely for a long time with my back and sides and, although I tried everything I could think of, nothing did me any good. I had several people say that Doan's Kidney Pills were excellent for what ailed me, so I decided to give the remedy a trial. I am glad I did so for the relief was speedy and gratifying. I have no hesitation in saying that Doan's Kidney Pills are the best kidney remedy I ever used." (Statement given February 7, 1908.)

RE-ENDORSEMENT.

When Miss Graham was interviewed on January 30, 1912, she said: "I have had no occasion to use Doan's Kidney Pills or any other kidney remedy since they cured me some years ago. You are at liberty to use my statement as heretofore."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name Doan's—and take no other.

The high art Junk Dealer says I am trying to cram bosh down the public when I talk of my long experience. Why, 10 years after I commenced making pictures I found this same fellow in the clouds on Tennessee river. I sold him his first little tin type outfit on a credit, and got my money about 6 years later when I came to Murray and helped to make the money. Why, the man that was trying to starve him then, is now making his samples and saying, "sick him Billy, I am afraid I won't get my rent." When Lassiter commenced making better pictures for \$1.50 per dozen than the other fellow was getting 5 and 6 dollars for, then he was awfully like a frozen snake, thaw him up and he's ready to stick his fangs in you.

D. F. West has sold his house and lot to T. B. Freeman for \$850. Mr. Freeman is a prominent farmer formerly of Murray route 4. He has moved into his new home, while Mr. West and family are now occupying the George Kelley residence.—Hazel News.

Broom Corn.

This is a good farm product that can be raised here with good success. There is more money in it than there is in a wheat crop. Will give you the cost of the crop I raised last year on three acres:
Breaking ground twice \$ 3.00
Ordering and planting 1.50
Plowing corn 4.50
Cutting seeding and spreading 15.00
Total \$24.00

I got off of my 3 acres 1,065 pounds of brush. The tons of stalks I turned under I can't tell you anything about but I assure you I more than got my money back that I was out for cultivating the crop. So you see the most of the crop is turned under making your land better every year. Any land that grows good sorghum will grow broom corn, but the best brush grows on land with gray soil.

Prepare your ground as you would for sorghum. Plant from the 10th to 25th of June. Rig your planter to plant from 75 to 80 seed to the rod, clean seed with no husks in them, then you want have to thin. Harrow the corn a few days before the seed comes up in order to get a start of the weeds, then you want have to hoe it, for it grows very fast and is soon ahead of the weeds. The corn should be tilled and cut by the time the bloom drops from the seed: haul to the shed or barn: take the seed off: spread to cure.

Any one wishing good clean seed direct from Missouri see me, as I have ordered some from my brother, and will let you have

them at what they cost me, which will be about 10c or 12c per pound. A pound will plant about an acre.

Good self-working corn is selling for \$200.00 per ton.
