Jury in Marshall Circuit Court Could Not Agree in the Famous Griffith Case.

Benton, Ky., April 9.—Being unable to agree after considering the case for 43 hours, the jury in the case of Mrs. Lucy Griffith, under indictment for the poisoning of her husband, Edward Griffith, was discharged at noon yesterday by Circuit Judge William Reed. The jury stood equally divided, six for acquittal and six for conviction.

The jury received the case Saturday afternoon at 5 o'clock, but after several ballots retired Sunday the jurors in company with the deputy sheriffs attended Sunday school and the church services. Yesterday morning at 10 o'clock the jury reported and announced that they were unable to agree. Circuit Judge Reed sent them back to their room until noon, when they reported that they were hopelessly deadlocked.

The trial of Mrs. Griffith was continued until the third day of the July criminal term. Her bond was reduced from \$1,000 to \$3,000. Mrs. Griffith appeared unaffected when the jury reported its inability to agree.

A prudent mother is always on the watch for symptoms of worms in her children. Pale-ness, lack of interest in play, peevishness is the signal for White's Cream Vermifuge. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Price 25c per bottle. Sold by Dale & Stubblefield.

Card of Appreciation.

We take this method of thanking the many friends and neighbors for the many kindnesses shown us and our daughter, Edna, during her long illness. Our friends at home and our friends and new made friends in Murray have been so kind to us and our afflicted daughter and sister that words fail us when we endeavor to express our appreciation of the many kindnesses. We also desire to say, and we believe without fear of contradiction, that Calloway county and the city of Murray is blessed as no other.

county and city in this state in having in our midst the Mason, Evans & Keys hospital. We honestly believe without this institution and the skill of these men that our dear daughter and sister would now be a corpse, whereas she is on the high road to recovery. May the richest blessings attend each of you and yours is our prayer. J. L. Cleaver and family.

Fortunes in Faces.

There's often much truth in the saying "her face is her fortune," but its never said where pimples, skin eruptions, blotches or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25c at Dale & Stubblefield.

The Christian Church.

Services at 10:45 a. m. and 7:30 p. m.

The morning sermon: "Burdens bearing and Burden Sharing."

Evening sermon: "The Sin of Achan."

If the membership will only break their general custom and visit the church Sunday morning, instead of desecrating the Lord's Day, we will guarantee to keep them awake and interested for at least one sermon. All are invited.—South Hawkins, Minister.

Please Pay Up.

All persons indebted to me for shop work are notified that they must come forward at the earliest date possible and make settlement either by cash or good note. Please give this matter attention as I must have the money due me for work. O. T. Weatherford, Almo, Ky.

Large Crowds Attended Demonstration

The agricultural train arrived here last Tuesday evening at about 6:30 o'clock and spent several hours in the city, and while here was visited by hundreds of people from both city and county. Demonstrations were made at the cars and lectures delivered at both the court house and opera house which were attended by crowded houses. Owing to the fact that the hour was late and the crowd large some disappointment was expressed regarding the demonstration.

MISS HALE

Well Known Mayfield Lady and Daughter of Maj. Hale Passes to Her Final Reward.

A shadow of sadness was cast over Mayfield Thursday evening when it became known that Miss Annie B. Hale was dead.

The end came at about six o'clock at the home of her parents, Maj. and Mrs. H. S. Hale, at the corner of Ninth and Broadway. Her death came as a distinct shock to her many friends in Mayfield and Western Kentucky, many being unaware of the seriousness of her condition. About nine days ago, and during the illness of her father, Miss Hale became ill with pneumonia. While her many friends were deeply anxious as to her condition each day, they did not realize that her condition was so critical and that the end could be so near.

Miss Annie Hale was born in Mayfield on January 31, 1868. At the age of twelve years she united with the Christian church in this city, and has since been one of its most active and consistent members. Indeed, her life has been given over to the great work of the church and its various societies and her presence and service will be missed very much.

She was also one of the leaders of the Women's Club and that of the United Daughters of the Confederacy.

She has served for sometime as a secretary of the District Sunday School Association of the Christian church, and her work extended over eight counties.

Besides a father and mother, Miss Hale leaves a sister, Mrs. E. O. Lovett, of Houston, Texas; and four brothers: N. A. Hale, W. Lindsay Hale, Henry S. Hale, Jr., and Theodore Hale. Mayfield Messenger.

Miss Hale was a niece of Mrs. N. T. Hale, Mrs. E. S. Diuguid and Mr. H. B. Scott, of this city, and visited here often where she made many friends.

Settlement Notice

Notice is hereby given that all persons holding claims against the estate of Elizabeth Williams, deceased, are hereby notified to present same to me properly proven on or before July 1, 1912, or be forever barred from collecting same. And all persons indebted to said estate by note or account must come forward in same time and make settlement. R. G. Williams, Adm. 4t

Some sickness to note, Rufe McCollom's little boy is sick but is some better at this writing.

Mrs. Jessie Ezell is on the jury list.

Mrs. Weather, of Texas, sister to Uncle George Dulaney's wife, is visiting in our town.

Rev. Rufe Riley preached to a large and attentive audience last Sunday eve at the Baptist church, subject, "Water Baptism."

Joe Bell, of near Backusburg died last week, he ate a hearty supper and was dead in a few minutes, heart trouble supposed to be. His remains were interred in the Wyatt grave yard.

The old river was on a boom last week, and there is a bridge across Daymond creek that is in bad shape, one end is about gone, broke in two in the middle just

ready to swing off when just a little repairing would mend it now and save the county \$40 or \$50 to build another.

But from some cause it seems that the West side of our county is not receiving much attention. Pierce Glasgow, merchant at Backusburg happened to a painful accident last week, he was hauling goods from Mayfield and his horse broke a trace chain and he got out to fix it got his finger hung in the link and his horse started and tore the end of his finger off.

John Bridges has a very sick boy.

Uncle Tee Edwards age about 71 years married Miss Delia R. Ford last week.

A. B. Fulton has bought the stock of goods from T. J. Treas and will move the stock of goods in home and he will stand behind the counter this year instead of driving old hook.

The writer happened to the perambulating through the west side of our county last week and what do you think he found. Mud, mud, mud, nothing but mud from ankle to breast deep and our roads are in the worst shape imaginable. It's a shame and a pity on old Calloway the fix our roads are in, its high time our citizens were waking up to the situation. The public roads from every village where there are R. F. D. or Postoffices, should be graded and graveled, and the public roads leading into our county seat should be graded and graveled.

Levy a tax heavy enough to do this work in three or four years and the citizens could go to town with their marketing and tobacco with some satisfaction, as it is, it takes about all day to go 8 to 12 miles and the result is, a good many stay at home on account of the bad roads.

Other counties grade their roads why not old Calloway be up with her sister counties. We hope this will be the last winter we will have to drag through so much mud when we go to our county seat.

Ovis Beach, wife and daughter visited his son, Ovis Beach near Browns Grove last Saturday and Sunday.

COURT GRIND

April Term of the Calloway Circuit Court Convened Here Monday by Judge Hanbery.

Judge J. T. Hanbery, of Hopkinsville, convened the regular April term of the Calloway circuit court here last Monday at about 9 o'clock. Mr. Jas. Allensworth, also of Hopkinsville, is assisting Judge Hanbery in the capacity of commonwealth attorney, the regular Commonwealth attorney, Denny P. Smith, being at present engaged in actively canvassing the district in the interest of his candidacy for congress.

The grand jury was empaneled soon after the court was convened and is composed of the following well known citizens of the county:

Leonard Paschall, E. O. Crawford, Coleman Alexander, John A. Hopkins, Jr., Tom M. Taylor, Tom Beaman, J. W. Beaman, John R. Hale, John Vance, Walter Crisp, R. O. Bazzell, Gilbert W. Blakely.

The petit jury was empaneled in the afternoon and the cases docketed for the present term were entered into. This jury is as follows: Tom J. Brinn, Jas. R. Moore, G. W. Chapman, Wm. Clark, Mont McCuiston, Charles W. Milstead, Noah Parks, Geo. A. Wilson, O. T. Foster, C. R. Lee, Jas. U. Lassiter, B. C. Griffin, Brooks Stubblefield, W. S. Shoemaker, Tom Morris, D. N. Moody, R. L. Houston, Connie J. Hubbs, J. W. Swann, J. F. Johnson, Claud Dailey, J. C. Denham, Charley Watson, H. V. Kennedy.

The first case of importance called was the commonwealth vs. Arthur Curvan, charged with robbing a Mr. Wallace some several months ago of about \$200 in money. The jury returned a verdict of guilty and the young man was sentenced to the reformatory school until he was 21 years of age.

Quite a number of cases have been disposed of during the week and the business of the term is being rapidly expedited.

A Log On The Track

of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Eake Electric Bitters quickly to overcome the cause by tuning up the stomach and curing the indigestion. Michael Hesseheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50c at Dale & Stubblefield's.

Card of Thanks.

We take this method of expressing our heart felt thanks and gratitude to the many friends and neighbors in Murray and in the country for their kindness and sympathy shown us during the great sorrow and bereavement in the loss of our dear wife and mother. May the God of love and mercy bless them through life, and at last save them all in heaven, is our prayer.—W. R. Broach and children.

W. G. Love Passes Away.

W. G. Love passed away at his home on West Price street early last Saturday morning after a lingering illness of stomach troubles. He has been in declining health for some time, and while much apprehension was entertained concerning

his state of health, still his death came as quite a shock to his family and friends. The immediate cause of his death was apoplexy. He was about 60 years of age and had been a resident of this city for many years. He engaged in the photograph business here until about three years ago when he was compelled to give up the business on account of health. He is survived by a wife and one child. The burial took place Sunday afternoon in the City Cemetery.

Notice to Debtors.

I have written personal letters to parties, whose post office could be ascertained, whose notes I found in A. L. Barber's papers; but so far have had but few responses. This, now, is final notice before putting these matters in the courts for judgment and collection.—W. F. Peterson, Administrator A. L. Barber, dec'd.

We are having a few spring showers to live things up. Mud, well yes; there is mud to let. The Tennessee is still rising, and some people are predicting a high rise.

A small child of Mrs. Emma Kimbro died a few days ago of pneumonia.

Eugene Seawright's children have been sick, but are better at this time.

Sam Buoy is up after a spell of pneumonia.

Born to the wife of W. L. Underwood, a ten pound boy.

Tom Steel contemplates moving to Knight to engage in the mercantile business.

Boss Laycock built a barn the past week.

This mud makes us wish for the Jefferson Davis Highway, and by the way we do not think a better route could be found from Murray to Tennessee river. And another advantage is the abundance of good gravel to be found along the Pine Bluff and Murray road. We would like for the directors of the above highway to consider this route and see if we are not correct.

Tom Tinker.

Killed By Wagon

Noble Kirk, a well known young man of the river section of the county, was thrown from a mule while engaged in driving a four mule team hitched to a wagon heavily loaded with hay and the vehicle passed over his body, crushing out his life. He was a son of Tom Kirk and a son-in-law of R. C. Mohandros. The terrible accident occurred last Monday near Newberg. The burial was in Palestine grave yard Tuesday.

Saved Leg of Boy

"It seemed that my 14-year old boy could have to lose his leg, on account of an abscess caused by a bad bruise," wrote D. F. Howard, of Boone, N. C. "All remedies and doctors treatment failed till we tried Backusberg's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c Dale & Stubblefield.

100,000 JAPANESE LIVING IN MEXICO

IT IS SAID THEY ARE VETERANS OF RUSSIAN WAR.

ARE STUDYING THE COUNTRY

\$32,000,000 Has Disappeared From Mexican Treasury, \$100,000 Paid to Brothers' Madero Without Voucher.

New York. The Mexican commission, which has opened headquarters at the Waldorf to disseminate information concerning Gen. Pasquale Orozco and his revolution against President Madero, announced that an official statement on the Magdalena Bay lease will be issued next Wednesday.

It became known during the day that Secretary Juan Prieto Quinonez of the commission had telegraphed to Gen. Orozco for certain facts and full authority to make use of his information in the coming statement.

"As to this fishing grant the Japs have called about, it may be nothing more than has been held by other governments for years," said Secretary Quinonez. "But, mind you, we do not know that they have made public anything concerning that grant."

There are over 100,000 Japanese today in Mexico. They are very military in their carriage, and, as they swarmed to Mexico, shortly after the conclusion of the Japanese-Russian war, we are confident that they are veterans of that campaign. They have obtained a very accurate knowledge of the topography of our country.

"As to the Magdalena Bay situation, it will be depicted by our citizens generally, and our good friends in the United States are thus enlightened. Under the law of Mexico, sovereignty over territory cannot be transferred to any foreign power. It is doubtful that even Madero would attempt that."

When President Diaz resigned his office there was \$32,000,000 gold in the treasury in Mexico. Within six months' time that money was almost entirely gone, and Mexico had not one single dollar to show from its expenditure. But Mexico does know where part of it went.

Upon the abdication of President Diaz a commission was appointed to adjust any and all claims that might be pressed against the new government. The law specifically required that documentary evidence must be offered in each case to establish a claim. In every instance this was done, with the one notable exception of the claim of Donato Madero, the president's brother. He presented a bill for the most of some \$200,000 for alleged expenses he had incurred during the operation of the revolution, and that sum was paid him through Madero's influence without the presentation of one single voucher.

LOVED HUSBAND TOO MUCH
Tired Husband Went to Court, but Got No Relief.

Chicago. Too much display of affection by Mrs. John Rockinger toward her husband, brought the couple into the court of domestic relations. Rockinger told Judge Goodson that his wife was uncontent to care him and listen to his repeated declarations of love at home, but she followed him to his office. Not only did she interfere with his business, but her continued display of affection became very tiresome to him, declared Rockinger. So he left her and their two children. Mrs. Rockinger asked that her husband be forced to return home.

"All I ask of you," said Judge Goodson, "is to see that he does not care for your children, and that you do not interfere with his business by following him around. If the other man, a husband ought to join his wife as much as possible."

STABBED TO DEATH BY WIFE

Wife of New York Sporting Writer Kills Husband With Scissors.

New York. Walter Snyder, wealthy and widely known in the sporting world as editor of sports of the Times, was stabbed to death in his suite in the fashionable apartment house known as the Hotel Marlborough, a woman, who is identified as Mrs. Snyder, and who, with a baffling calmness, found that the man was killed with a pair of scissors held in her hand, is locked up charged with homicide.

Senator Smith Has Fight.

Washington. Senator Marcus A. Smith of Arizona, was the principal in a fight with a negro elevator conductor in the New Elbert House. Senator Smith, it is said, wanted to ride down on the elevator, while the negro conductor on finishing his upward trip.

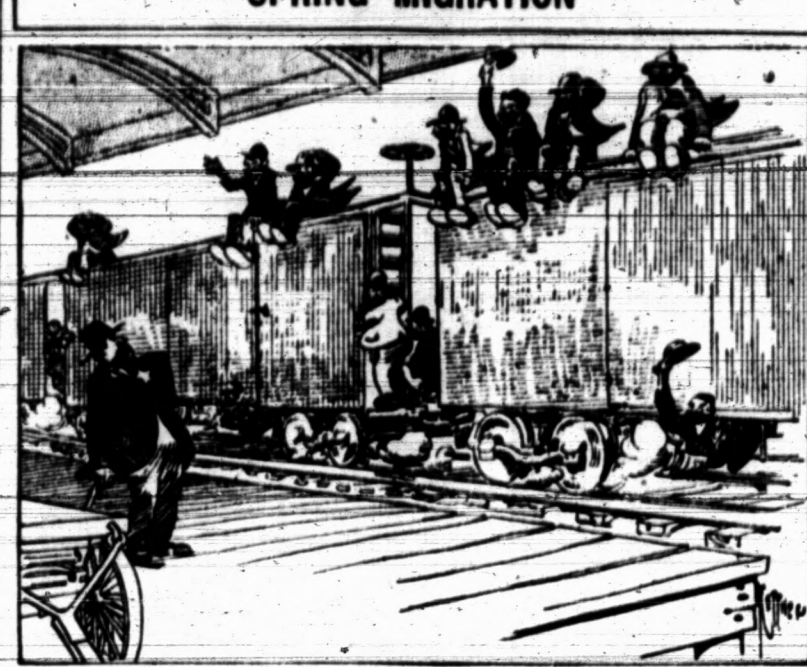

Col. E. C. Smith, the proprietor, admitted that there was an encounter in the elevator. The newly elected Arizona senator, it is said, gave the negro a severe beating.

Would Die for Suffrage.

Kansas City, Mo. Two suffragettes in England hope to be killed and hanged, or later that will be the result, of a strike of the Universal Church here. The strike of the Universal Church here, in its address to the Equal Suffrage Society.

"First starvation in prison, and means that will bring martyrdom," these English women declared, and would count death but a trifling inconvenience. It is a price any one of them would be glad to pay, if it would advance the cause.

EXPORTS OF COTTON GOODS ON INCREASE

GROWTH DURING LAST FEBRUARY FULLY 50 PER CENT.

HIGHER PRICES PREVAILING

During February Total Value of Cotton Exports of \$3,000,000—Returns for Year Will Probably Make a New High Record.

Washington. Exports of cotton manufactures from the United States in February this year were 50 per cent larger than in February, 1911, the total value being practically \$3,000,000, against \$2,000,000 for February a year ago. During the eight months ending with February the total was \$24,200,000, against \$16,000,000 for the corresponding period last year, or an increase of 50 per cent.

This is taken to indicate that exports of cotton manufactures for the full fiscal year ending thirty days hence, will be greater than for any year in the history of the country except 1905 and 1906, when exceptionally high prices were made because of an abnormal demand from Manchuria.

Higher prices are largely responsible for the increase this year. The total quantity of cloth exported during the past eight months was 202,000,000 yards, valued at \$20,200,000, while during the first eight months of 1906 the total was 152,000,000 yards, valued at \$15,200,000. Gain in exports of cotton cloth was particularly marked in the case of China. That country took 6,000,000 yards of American cotton cloth in last February, as compared with 4,000,000 in February a year ago. Exports to the Philippines also more than doubled.

TO ELECT FEDERAL JUDGES

Representative Neely Proposes Constitutional Amendment.

Washington. A constitutional amendment, providing for the election of federal judges by popular vote, was introduced by Representative Neely of Kansas. The resolution, which would require the approval of two-thirds of the members of the house and senate and the ratification by the legislatures of three-fourths of the states, in the Union, would amend section of article 3. This section of the constitution authorizes the president to appoint federal judges for life. His appointments are subject to review by the senate.

English Status Grave.
New York. Araid to invest his money in England under present conditions, H. C. Stohart, of London, arrived on his way to the British Northwest. "I confess I'm a pessimist," confessed Mr. Stohart, "but one who understands conditions as they are now in England cannot be otherwise. The country faces a grave condition and every thinking man is preparing to save himself. As fast as I can dispose of my holdings, there I am investing them in America."

Mistreated Soldiers.

Washington. Fast facts—Orrin H. House, Philippine Scouts, has been dismissed from the service, after the recommendation of court martial, which was approved by President Taft. Charges: Elated against the officer alleged drunkenness, fighting members of his command to stakes without food and water, trying to run away to a tree on the edge of a stream so that the soldier was compelled to stand with one foot in water and a number of others, including that he struck, kicked and struck with the handle of a whip some of his fellow scouts.

Cruelty to Children.

Chicago. Investigators from the state's attorney's office raided the Hulls on orphan home, took Rev. J. H. Hudson, a negro, into custody and sent a children found in the institution to charitable institutions. Representatives of the "noble cause," who were responsible for the raid, say they will prosecute Hudson. He is charged with having beaten and otherwise abused the children, although he derived from \$30 to \$150 a day from their begging on the streets. It is alleged he was neglected.

WATER COVERING EASTERN ARKANSAS

CANNOT ESTIMATE DAMAGE TO LEVEES AND RAILROADS

RAILROADS ARE SUBMERGED

Levees Soaked From Continued Rains and Water Standing Against Their Sides—Upper Yazoo District in Fine Shape.

Memphis, Tenn. All the railroads out of Memphis running west through Arkansas had their tracks cut in two by the flood from the Mississippi river Sunday, and Memphis is cut off from direct railroad communication with Arkansas.

Other damage done by the flood that was loosed upon Eastern Arkansas when the levee gave way Saturday afternoon at St. Clair and Wynoke, was mostly upon houses and fences and other structural work, as repeated warnings to the people of the St. Francis basin of the gravity of the situation had led them to either ship their live stock away or to prepare to care for it with the flood surrounding it. The damage to the levee and the railroads cannot be estimated.

With the flood pouring in mighty torrents through two big crevasses in the St. Francis levee, on the opposite side of the river just above and below Memphis, the river at Memphis has been falling rapidly. Sunday afternoon at a quick, just twenty-four hours after the maximum stage of 42.5 feet was reached, the gauge registered a stage of 44.2 feet, a fall of 1.7 feet in twenty-four hours.

Lacoma Creek, the small levee district on the Arkansas side just above the mouth of White river, will be flooded, crevasses in that line having occurred at Lacoma and Henrico.

The crevasse above Moberly, in the White river front line of Arkansas, will flood all of Phillips county, leaving that point, but the water will lock some eight miles of backing up to Helena.

Water pouring through the St. Clair and Wynoke crevasses opposite Memphis has cut the Frisco, Iron Mountain and Rock Island tracks and work food that portion of the St. Francis basin south of the Rock Island tracks, some 500 square miles, but only about one-fifth of the basin.

The levee above St. Clair in Arkansas is holding, but workers are working a hard fight.

Maj. Dabney's line reports no trouble. The flood is becoming grave below him and hard work is needed in the Lower Yazoo district.

GOV. HOOPER WILL AID.

Sends Supplies and Subscribes \$500 for Flood Sufferers.

Nashville. Distress and suffering are becoming so alarming in the flood districts of West Tennessee that state and even national aid are becoming matters of absolute necessity. Although ill and unable to attend to affairs of state, Gov. Hooper felt constrained to take some action toward relieving the homeless in the valley of the Mississippi.

Through the adjutant general's department, an entire car load of tents, blankets, sacks, stoves and hospital supplies were shipped out to Memphis, some to be used there by refugees going into Memphis and the remainder to be sent to other West Tennessee points from Memphis.

GREENVILLE SAFE.

Working on Lower Yazoo, Levees to Strengthen Them.

Greenville, Miss. The levee board has a large force of men along the entire system, which in many places would be too low without topping to hold the water expected within the next ten days. Over 200,000 sacks have been sent by the levee board to points along the system during the past two days, and it is estimated that at least that many more will be out by tomorrow night.

The entire system is well manned, and all of the work will be in topping, many places having more than two feet of sack dirt on top of the levee. No weak places in the base of the levee have been uncovered and Mr. Shackelford predicts no sloughing.

GREATEST FLOOD EVER.

Weather Bureau Predicts Highest Known Stages All Along.

Washington. The weather bureau issued this flood bulletin:

The river situation is critical from Cairo to the mouth of the Mississippi. If the levees hold, the floods will doubtless be the greatest of which the government has record.

Considering only the water now in sight, and without any further heavy rains, the Mississippi river below Vicksburg will rise until the early part of May, and if the levees hold the river will reach about 52 feet at Natchez, 42 feet at Baton Rouge, 35.5 feet at Donaldsonville and 21.5 feet at New Orleans. Those figures are from 1 to 1.5 feet higher than any previous record.

Furnishes Rations.

Washington. President Taft directed the quartermaster general's department of the army to furnish rations to any sufferers of the Mississippi and Missouri river floods who are found to be in want.

A resolution is now before the house committee on appropriations which would appropriate \$250,000 at the president's disposal, to be used to furnish food to the distribution of army rations did not call for any special authorization by congress.

BACKACHE IS DISCOURAGING

Until You Get After The Cause

Nothing more discouraging than a constant backache. Lame when you wake. Pains pierce you when you bend or lift. It's hard to work, or to rest. You sleep poorly and next day is the same old story.

That backache indicates bad kidneys and calls for some good kidney remedy. None so well recommended as Doan's Kidney Pills. Grateful testimony is convincing proof.

Here's Another "Every Picture Tells a Story"

Mrs. O. W. Erwin, 308 Third St., Little Falls, Minn., says: "My body became so bloated I had to gasp for breath. Kidney secretions were in terrible condition and to bend my back was agony. Life was one constant round of suffering and I thought death would be a relief. I began using Doan's Kidney Pills and am today a well, happy woman."

The statement to which Mrs. Seamon refers was given on March 5, 1909 and was as follows: "I had been suffering considerable for about a year with a weak and aching back and pains across my kidneys. It was hard for me to bend over and I simply could not do any lifting. I knew that my trouble came from disordered kidneys and when Doan's Kidney Pills were brought to my notice, I decided to try them. The first few doses relieved me, the pain gradually ceased and my back

grew strong. Doan's Kidney Pills did me a great deal of good and I am glad to endorse them."

COURT DECIDES ON LOCAL CASES

HIGHEST U. S. TRIBUNAL PASSED
UPON ACTS EFFECTING KEN-
TUCKY CONCERNS.

AFTER ALLEGED INCENDIARIES

State Fire Marshal and Deputies
Have Several Indictments Re-
turned Against Suspected Par-
ties—Pension Next August.

Frankfort.—White yet pending, a more definite ruling involving the state recording law and the national bankruptcy act were de-
cided by the supreme court in Wash-
ington that have state-wide impor-
tance to the people of Kentucky. In
the first, that of O. G. Holt, trustee
for the Davis Kelly company, bank-
rupt of Louisville, against the Cru-
cible Steel company, the court held
valid an unrecorded chattel mortgage
secured by the steel company against
subsequent creditors because none of
the latter has secured a lien on the
mortgaged property.

In the second case, that of H. H.
Loving, trustee, against the American
German National Bank of Paducah, it
declined jurisdiction to review the mat-
ter to the United States circuit court
of appeals on being asked for an op-
inion.

Warning to Creditors.
The Crucible Steel case drew from
Justice Van Devanter an interesting
discussion of the Kentucky recording
law. He sustained the interpretation
of it made by the court of appeals in
the case of Wicks against McConnell,
district and will make tentative as
he indicated would be welcomed. In
this case the ruling of Judge Evans
court is reversed and that of the
United States circuit court of appeals
sustained. The supreme court in-
forms creditors of bankrupts that to
be too late or to lack diligence in
filing liens is disastrous. The deci-
sion will be of great importance all
over the country.

The Paducah Case.
In the Paducah case, the United
States circuit court of appeals asked
this question:
"Under Section 243 of the bank-
ruptcy act has this court the power to
revoke a decree of the district court
allowing a prior lien on the bank-
rupt's estate claimed under Sections
2487 and 2499 of the Kentucky
statutes?"

The supreme court an-
swered: "No."
The American German National
bank had filed claim on notes aggre-
gating \$10,000 against the Sears-
Ullman Saddlery company in the
bankruptcy court, and Judge Evans
had ruled that the bank held a lien
on the bankruptcy. He denied review
and Loving appealed to the circuit
court of appeals, which, doubting its
jurisdiction, asked the above ques-
tion.

After Alleged Incendiaries.
Frankfort.—As a result of the ac-
tivities of State Fire Marshal Bos-
worth and his deputies several indict-
ments have been returned against al-
leged incendiaries. Through the ac-
tivity of Mr. Bosworth indictments
have been returned at Paducah
against four men charged with burn-
ing a storehouse for the insurance.
Other cases are pending at Lancaster,
Mayesville, Paintsville and Pikeville.

No Pensions Until August.
No pensions will be paid to con-
federate soldiers or widows of sol-
diers until August. Under the law
granting pensions to the old soldiers
their claims for pensions must be
passed on by the county court of the
county in which the applicant lives
and then must be approved by the
pension board at Frankfort. This
board is composed of the governor,
the auditor and the secretary of
state. The application blanks, which
must be filled out by the applicants
for pensions, must be sent out by
Commissioner Stone. Claims will be
paid after this year in February, May,
August and November.

Prison Commission.
A meeting of the prison commis-
sion was held in Frankfort to hear
applications for parole and trans-
fer. The board has not yet met for
two months on account of the illness
of Commissioner McCutchen, who
has now fully recovered and will be
at the meeting.

Horse Market Good.
Little sales are not heavy on the
local market, but quite a large num-
ber of mules and horses are changing
hands.

Frankfort Notes.
Governor Boone has appointed
T. J. Cooper a justice of the peace in
Adair county to fill a vacancy. The
governor has appointed also J. W.
Collins police judge of Jenkins in
Letcher county.

The board of equalization, April 1,
will hear any protests which counties
in the seventh appellate district may
have to make to tentative ratings. The
board also will make tentative ap-
praisements of counties in the third
district, and will remain in session
until previous district are heard.

many counties escape.
Tentative assessments were made
by the board of equalization of
the counties comprising the sev-
enth district, many of the coun-
ties being accepted for their assessed
valuation as returned by the county
assessor. The following were ac-
cepted: Bell, Clark, Clay, Knott,
Knox, Lee, Laurel, Leslie, Letcher,
Perry and Wolfe. The following
were given raises: Boyd, 15 per cent
on lands and 5 per cent on town lots;
Breathitt, 25 per cent on lands and 10
per cent on lands and 5 per cent on town lots;
Harlan, 12 per cent on lands; Lawrence,
son, 3 per cent on lands; Lawrence,
son, 5 per cent on lands and town lots;
Magoffin, 10 per cent on lands and
town lots; Martin, 4 per cent on
lands; Menifee, 10 per cent on lands;
Montgomery, 5 per cent on lands;
Morgan, 8 per cent on lands; Owsley,
son, 5 per cent on lands; Powell, 10 per
cent on lands and 10 per cent on
town lots; Whitley, 15 per cent on
land and 15 per cent on town lots.

To Entertain Business Men.
Arrangements for the reception to
be tendered the party of 125 business
men of Cincinnati, members of the
Commercial association of that city,
who will visit Frankfort on April 22,
have been made by Mayor Polsgrove,
following a visit here of Carl De-
honey, secretary and manager of the
Cincinnati organization.

The special train carrying the Cin-
cinnati party will arrive in Frankfort
at 1 o'clock p. m. Monday, April 22,
and will remain here an hour and a
half. The excursionists will be ac-
companied by Weber's party, who
will parade from the depot to the
operahouse, headed by the band.
At the operahouse addresses of
welcome will be made by Governor
McCrory, Mayor Polsgrove and oth-
ers, followed by talks by members of
the Cincinnati party. Many promi-
nent men of the Queen City will be
aboard the train, including Mayor
Hunt, and possibly Governor Har-
mon of Ohio.
A feature of the entertainment at
the operahouse will be showing of
moving pictures and stereopticon
views illustrative of Cincinnati, and
the rendering of a musical program.

Will Keep Rooms.
It has been generally settled that
the Kentucky State Historical society
will retain its present quarters in the
new capitol instead of being moved
to the old capitol and a sign of relief
went up from the members of the
society, who insist that the new capitol
is the proper place for their col-
lection of valuable historical relics.
When it was proposed to move the
Historical society to the old capitol
there was a storm of protest and the
members of the capitol commission
had a lively time listening to argu-
ments in favor of the society keeping
its present room. The society won
largely through the governor, who
took the position that the society
should be allowed to keep its quar-
ters.

To Hold Teachers' Institute.
The annual teachers' institute for
the teachers of the four counties of
Jossamine, Franklin, Scott and Wood-
ford, will be held in Frankfort this
evening and promises to be one of the
most important and most interesting
that has ever been held in this dis-
trict. Prof. J. W. Ireland of Stanford,
one of the best known educators in
the state, will be in charge of the in-
stitute, and his success in conduct-
ing institutes at other places in the
state is assurance of the success of
this one. He will be assisted in his
work by Prof. T. J. Coates, the state
inspector of rural schools, who will
add much to the interest of the
meeting.

Capitol Notes.
The governor granted a pardon on
the jail sentence imposed on L. B.
Jones in Warren county on a charge
of carrying concealed a deadly
weapon. He was fined \$25 and given
a sentence of 10 days in jail.
The board of equalization will hold
its first real meeting to begin mak-
ing the tentative ratings in the coun-
ties of the First and Seventh dis-
tricts. The board will act on the
counties in those districts first, and
will give every county a chance to
be heard on the raise, if a raise is
made. The secretaries of the board,
who have been working for several
weeks, have the necessary data on
which the board will act, the figures
showing whether or not a county is
paying its fair share of the taxes.

Summer Season's Handicaps.
The warm season always brings
with it one drawback to the business
of Frankfort in the shape of the nu-
merous excursions that are run to
the larger cities on Sundays. Local
people waste considerable money in
this way, while many of them, not
themselves in purchasing the neces-
sities of life in order to take in the
rides.

Seeks Congressional Nomination.
Reports received from Frankfort
indicate that a new candidate soon will
enter the race for the Democratic nomi-
nation. It is stated that George E.
Stone of Louisville, formerly of Cassio
county, will be a candidate, and that
he may be the only opponent that
Starrs Helm, the present congress-
man, may have. Friends of Mr. Stone
are pressing him to enter the race and
it is said by Starns Helm that he
will not have any serious competition
that Mr. Stone will announce.

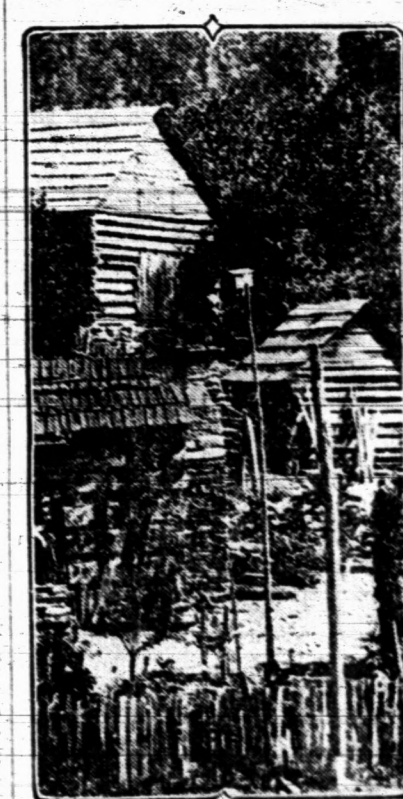

PRIMITIVE PEOPLE

Something About Inhabitants of
Blue Ridge Mountains.

Are Direct Descendants of Scotch and
Irish Who Came to America in
Colonial Times—Primitive Mode
of Living Still Exists.

Hillsville, Va.—The peaks and gulches
and underbrush of the Blue Ridge
mountains have formed an effective
barrier against modern progress
around the western ends of Virginia,
West Virginia and North Carolina and
the eastern ends of Kentucky and
Tennessee.
The mountaineers of that district
are direct descendants of the Scotch
and Irish who came to America in
colonial times. Their language closely
resembles that used in Virginia in
Queen Anne's time. And sprinkled
freely through their drawing jargon
are expressions one finds in Shake-
speare. In their isolated life runs a
strain of the romanticism of the old
Scotch Highlands, the fatherland of
most of them. They are today the
purest type of American colonists to
be found in the nation.

There are whole counties without
railroads, telegraphs, telephones or
even churches. What roads they have
follow the course of a stream up the
"holer," over the divide and down the
next "holer." They simply ford the
creeks and in bad weather they do not
travel at all.
Hospitality is the law of the land. It
is considered sacrilege to charge a
minister for board or room and, al-
though they have but little to offer,
you are welcome to a good share of
what they have. A Sunday school
worker in these hills within two
months was charged exactly fifty
cents for board, room and washing.
He was treated to enough fried chick-
en, country butter, milk, eggs and
vegetables and slept on enough com-
fortable beds to satisfy any ordinary
traveler for some time to come.
The student of folk-lore will find
these songs descended straight from

Original, Unimproved and Unimproved, N. Y.
Blue Ridge Mountain Home.

the original English of years ago.
They are ashamed, however, of these
songs and will not sing them before
company. They are sung with ac-
companiment by banjo, violin or dul-
cimer.
The mountaineer has played many
parts before the American public—as
moonshiner, as feudist and as the un-
gainly, but lovable, type of which Lin-
coln was so good an example. It is
interesting to note that per capita the
mountains of eastern Kentucky and
Tennessee supplied more soldiers to
the ranks of the Union army than
any other part of the Union, and that
during the Revolutionary war the
same people took down their muskets
and did royal work freeing the col-
onies from the British.

FIND BALCONIES IN POMPEII

Every House in the Newly Un-
covered Street Has an Elaborate

Rome.—A feature of great interest
in the "Street of Abundance," which
was brought to view in Pompeii a few
days ago, is that every house has a
balcony.
Heretofore, in all Pompeii only one
balcony had been discovered, and it
was supposed that the Pompeians did
not indulge in this very Italian way
of taking the air.
The balconies now found are most
elaborate, with columns and much de-
coration. They bring the old life and
old civilization much nearer to our
own and render it more understand-
able.

Fights Maniac on Bridge.
Youngstown, O.—Attached by Vasile
Melein, who had escaped naked from
the city hospital at 4 o'clock the other
morning, Roy Clark, who was on his
way to work, had to battle with the
maniac on the bridge. The maniac
or over the bridge street, subject to
the Mohonka group, a distance of 100
feet. Melein was found lying almost
dead from exhaustion.

YOUNG WIFE SAVED FROM HOSPITAL

Tells How Sick She Was And
What Saved Her From
An Operation.

Upper Sandusky, Ohio.—"Three years
ago I was married and went to house-

keeping. I was not
feeling well and
could hardly drag
myself along. I had
such tired feelings,
my back ached, my
sides ached, and I could
not eat or sleep. I had
headaches, too, and
became almost a ner-
vous wreck. My doc-
tor told me to go to a hospital. I did
not like that idea very well, so, when I
saw your advertisement in a paper, I
wrote to you for advice, and have done as
you told me. I have taken Lydia E.
Pinkham's Vegetable Compound and
Liver Pills, and now I have my health.

If sick and tired women would only
know enough to take your medicine, they
would get relief."—Mrs. BESSIE H. STAN-
BERRY, Route 6, Box 18, Upper Sandusky,
Ohio.
If you have mysterious pains, irregu-
larity, backache, extreme nervousness,
inflammation, ulceration or displace-
ment, don't wait too long, but try Lydia
E. Pinkham's Vegetable Compound now.
For thirty years Lydia E. Pinkham's
Vegetable Compound, made from roots
and herbs, has been the standard remedy
for female ills, and such unquestionable
testimony as the above proves the value
of this famous remedy and should give
every one confidence.

WHEREIN DADDY WAS WRONG

Tommy Resented Injustice Done to
Saw, After He Had Proved
Its Tempt.

Mr. A. . . who was planning to
build an outdoor sleeping porch at the
back of his house, had an expensive
new saw sent home from a hardware
store. He left his office early the next
afternoon, with the intention of get-
ting the porch well under way before
dinner, and as he was very much in-
terested in doing the work himself, he
donned a pair of overalls and went off
in good spirits. An hour or so later
he came tramping into the house, his
face dark with exasperation, and flung
himself down in disgust.

"That new saw I bought isn't worth
a cent," he stormed. "Why, the thing
won't cut butter!"
His small son Tommy looked up in
wide-eyed surprise.
"Oh, yes, it would, daddy," he said,
earnestly. "Why, Ted and I sawed a
whole brick in two with it just this
morning!"—Harper's Magazine.

Extra Inducement.

Cohen, the clothier, followed a cus-
tomer out to his buggy.
"That's a pretty fine horse you are
driving," he commented approvingly.
"Yes, he's a good one."
"How much would you sell him for?"
"Seventy-five dollars."
"Mein Gott! Is he silk lined?"
Everybody's.

Not only say the right thing in the
right place, but far more difficult still,
leave unsaid the wrong thing at the
tempting moment.—Sala.

WANTED IT ALL FORGOTTEN

Willard's Plea for Closed Incident at
Least Had Merit of Perfect
Straightforwardness.

The minister had been invited to
dinner, and five-year-old Willard was
warned that he must use his "Sunday"
manners at the table. As the plate of
potatoes was passed to him, after
everyone else had received a helping,
Willard emptied the contents onto his
plate. His mother, blushing, put back
a greater part of the potatoes.
"Hug," said the little fellow, when
upon he was immediately sent to bed.
The next morning Willard sat oppo-
site his mother at breakfast. The look
on his mother's face soon told the boy
an unusual atmosphere was surround-
ing the family meal, and he became
suspicious that he was the cause.
"Well," he said, looking his mother
straight in the eye, "you got me to
get sore about it. You got me, didn't you?"

Convenient Code.

Frank I. Cobb used to be a reporter
in Detroit and knew intimately a for-
mer governor of the state of Michigan,
who was renowned among other
things for his ability as a free-hand
sweeper.
One night Cobb was dining with the
governor and his family. A mes-
sage came in to tell the host that
one of his pet political schemes had
just been defeated through the hun-
ging of a lieutenant. The old man
ripped out a string of dark blue ones.
"Now, pa," said his wife, "you prom-
ised me you would quit cursing."
"Marie," said the ex-governor, "I'm
not cursing—this is just the way I
talk!"—Philadelphia Saturday Eve-
ning Post.

Filipinos Dislike Autos.

The reckless and insolent automo-
bilist is hated the world over. In the
Philippines, where most of the auto-
mobilitas are foreigners, and where
the natives have been used to loiter
comfortably in the roads after the
fashion of easy-going southern coun-
tries, the automobiles have long been
a grievance, and failing to secure of-
ficial regulation, the Filipinos have
adopted the practice of rolling big
boulders into the roadway as a hint
not to turn corners at a breakneck
speed.

Poor Fellow!

Something the Matter, Anyhow.
Little Harold lives in Broad Ripple.
His mother got him ready for bed
one cold night, and to be sure, he
would be warm enough during the
night she took extra precautions. Re-
lates the Indianapolis News.
After she had put on his little fuzzy paj-
amas she tucked him carefully in be-
tween the wool blankets. Then to
make doubly sure she got a hot water
bottle for him—and the youngsters
was apparently as snug as could be,
with only his little nose sticking out
from beneath the covers.
When his mother had finished the
tucking job she turned down the
light. Soon the entire family was in
bed. But Harold is like most young-
sters. He loves his mother, and wishes
lots of attention. So in his child
mind he figured out a way to get her
to his bed.
"Mamma," he wailed, "I'm cold!"
"Nonsense, son," replied the moth-
er, but she never made a move to go
to his bedside, and to be sure,
The little boy tried the opposite.
"Well, I'm too hot, then," he yelled.

Denied the Allegation.

"You are being trodden under foot,"
howled the campaign orator. "You
are surrounded by neurotics—there is
a paralytic standing at your very el-
bow." "Stop right there," yelled Pat, "stop there. There's not a
par—por—there's not one of them
there fellows in the whole crowd. Me
and Mike don't associate with such
blondin' turners."

Nothing disappoints some women
more than to find that a scandal isn't
after all.

Better a strong prejudice than a
weak conviction.

Why Should a Chicken Lay a Soft-Shelled Egg?

Because, Willie, the chicken don't know how to create a hard-shelled egg unless
it has some food with lime in it.

So chicken-raisers often provide limestone gravel, broken oyster shells or some
other form of lime.

Let the chicken wander free and it finds its own food and behaves sensibly.

Shut it up and feed stuff lacking lime and the eggs are soft-shelled.

Let's step from chickens to human beings.

Why is a child "backward" and why does a man or woman have nervous pro-
stration or brain-lag? There may be a variety of reasons but one thing is certain.

If the food is deficient in Phosphate of Potash the gray matter in the nerve cen-
tres and brain cannot be rebuilt each day to make good the cells broken down by the
activities of yesterday.

Phosphate of Potash is the most important element Nature demands to unite
albumin and water to make gray matter.

Grape-Nuts food is heavy in Phosphate of Potash in a digestible form.

A chicken can't always select its own food, but a thoughtful man can select suit-
able food for his children, wife and himself.

For the Season of 1912

**We Shall Offer for Public Service Five Magnificent and
Grandly Bred Stallions and Three Champion Jacks.**

1st. **SPRAGUE PATCH** by the worlds champion Dan Patch, 1:55. Dam Princess Beatrice by Billy Sprague, she is the dam of three with records better than 2:15. Sprague Patch is a splendid individual, standing 16 hands high, weight 1100 lbs. He is a horse of fine disposition, his first crop of colts are coming yearlings this spring, and a finer lot has never been seen in this vicinity, as they are fine individuals with a world of natural speed and are commanding prices as weanlings of \$150 to \$250.

2nd. **ALGERIAN** Trotter 2:19 1-4, trial 2:13 half mile track. By the Bondmans the sire of Colorado E. the worlds champion three year old trotter 2:04 3-4. That Algerian is a race horse and a trotter of very high class is very evident and he is proving himself a sire of the highest class and after the season in the stud he and Sprague Patch will be placed in the hands of a competent trainer to give them very low records.

3rd. **BRADEN GENTRY** Sired by John R. Gentry 2:00 1-2, the former champion pacer and also a great sire. Braden Gentry is a beautiful dapple bay and one of the handsomest horses in the state. He is 16 hands with a wonderful burst of speed and it's no guess as he has already proven himself a great sire.

4th. **MASON'S HAMLET** A beautiful 5 gaited saddle stallion sired by Artist Joe, who was a great show horse. Mason's Hamlet is a beautiful black with great style and finish. That he is a sire of show horses has been proven as two of his get won at Mayfield fair in 1911.

5th. **FAVORITE COOK** Trotting stallion, a son of the famous Capt. Cook. He is a beautiful chestnut sorrel 15-3. He is a very handsome horse with a disposition that is unexcelled, he has proven himself a great sire as his colts are exceptional roadsters with great style and finish.

6th. **NAPOLÉON 743** Champion Jack of the state, he has never been defeated in the show ring winning first at Nashville, Tenn., state fair and at Louisville and he is a sire of blue ribbon winners, his weanling colts sell for \$100 to \$125. We have now at our barn a yearling by him that we have refused to take \$160 for.

7th. **PARAGON, JR.** The champion Jack at the tri-state fair at Memphis. He has proven himself a great sire as his colts sell for big prices as weanlings.

8th. **CARMACK 2211** A 5 year old, sired by an imported jack. As good blood as there is in the United States. He is a very fine big black jack, it would be hard to find his equal anywhere as there is few like him and he has proven himself a great breeder as his colts have topped the market.

We wish to thank our friends and patrons for their liberal patronage for the season of 1911 and we cordially invite continuance for 1912. We are prepared to take care of mares from a distance. Why not breed to the best? We claim for our horses and jacks that they are the best bred in America, and we believe people who spend their money for breeding purposes are entitled to the best their money can buy. We do not claim for our stock more than they are entitled to and we know that breeders make money when they breed to them. It may cost you a few dollars more but the result is worth many times the expenditure. Breed to the best stock available, and we know we have the best blood in Western Kentucky.

W. L. WHITNELL, MURRAY, KY.

YOU RISK NO MONEY

Our Reputation and Money Are
Back of This Offer.

We pay for all the medicine used during the trial, if our remedy fails to completely relieve you of constipation. We take all the risk. You are not obligated to us in any way whatever, if you accept our offer. Could anything be more fair for you? Is there any reason why you should hesitate to put our claims to a practical test?

A most scientific, common-sense treatment is Rexall Orderlies, which are eaten like candy. They are very pronounced, gentle and pleasant in action, and particularly agreeable in every way. They do not cause diarrhoea, nausea, flatulence, griping, or other inconvenience. Rexall Orderlies are particularly good for children, aged and delicate persons.

We urge you to try Rexall Orderlies at our risk. Three sizes, 10c., 25c., and 50c. Remember, you can get Rexall Remedies in this community only at our store. The Rexall Store, Dale & Stubblefield.

And still it rains! farm work is somewhat behind. The recent rains have done considerable damage in regard to fences and wash of lands. Quite a number of plant beds are washed and ruined in all these parts.

Enoch Sherman spent two or three days in Mayfield the past week.

Ozark Humphreys was at Crossland last Saturday.

Floyd Lockhart and hands worked the road last Friday.

S. P. Jones has been on the sick list for some time, but better at present.

Bowden Swann says the high water was plenty high for him.

Greely Ford and family visited Bethel Paschals' last Sunday.

Prince Hart was a pleasant caller at Harris Grove last Saturday.

James Orr is preparing to erect some wire fences right soon.

Regular preaching day last Sunday at South Pleasant Grove with good attendance.

Farmers in general are done stripping tobacco and are delivering same.

I notice in the columns of the Ledger where the Fiscal court has done away with the road and bridge commissioner and now in charge of the magistrates. We are hoping they can and will make more improvements on the roads and bridges, for they are more holy than righteous.

I know.

Tonic— Alterative

What is a "tonic"? A medicine that increases the strength or the tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your doctor about it.

Bilious attacks, sick headaches, indigestion, constipation, skin eruptions, these are some of the results of an impure blood. Ask your doctor if he endorses Ayer's Pills in these cases. The dose is small, one pill at bedtime. Made by the J. C. Ayer Co., Lowell, Mass.
