ONE DOLLAR A YEAR.

HOKINSVILLE, CHRISTIAN COUNTY KENTUCKY, FRIDAY, APRIL 25, 1908

VOLUME XXXI, NO. 28

## INEXCUSABLE

And Unprovoked Assault  
Made By J. D. Ware.

DR. PINER HIS VICTIM.

Fined \$100 And Sentenced  
To Ten Days  
In Jail.

HE IS STILL AT LARGE.

From Saturday's daily.

J. D. Ware, who attempted to murder yesterday afternoon, Dr. W. K. Piner, yesterday afternoon, appeared by attorney before City Judge Campbell this morning and entered pleas of guilty to carrying a concealed deadly weapon and to using profane and indecent language.

TEN DAYS IN JAIL.

He was fined the limit to both offenses—\$100 for his indecent language and \$100 and ten days in jail for carrying a pistol.

His lawyers stated to the court that the fine would be paid at once or repaid. As yet, however, the judge has not ordered the fine to be paid.

It is understood that a warrant for Ware's arrest charging him with assault with intent to kill will be issued this afternoon.

Dr. Piner came to the city yesterday morning to deliver the sermon at the funeral of the late J. B. Richards.

Accompanied by friends he went to the Louisville and Nashville railroad station shortly after 5 o'clock to take the 5:37 o'clock train and return to Bowling Green. He entered the waiting room, and as the seats were occupied, he stood about four feet from the door talking with Dr. T. L. Bacon.

They had been conversing about church matters a few moments, when Ware made his way rapidly through the crowd on the platform to the waiting-room.

DREW A REVOLVER.

As he stepped through the open door he drew a revolver from his pocket and walked briskly to where Dr. Piner was standing, holding the weapon at his side. He wheeled and stood face to face with the doctor.

Ware's appearance in the room was the signal for much commotion. Women screamed and a number of people rushed wildly from the apartment. In a loud voice Ware exclaimed: "Yes, yes, I've been hunting for you."

Dr. Piner stepped behind Dr. Bacon and laid his hand on the latter's shoulder. In calm tones he said: "Ware, I have no gun, and no means of defense."

"Well, I'll give you one," replied Ware, thrusting his left hand into his coat pocket, as if to produce another weapon. At this moment Dr. J. B. Richards, Dr. F. G. Gentry and Mr. James A. Redford, who were standing near the door, rushed forward and seized Ware.

At this moment Dr. Piner and Dr. Bacon proceeded to the south end of the platform, where they waited until the arrival of the train a few minutes later and Dr. Piner left the city.

SUMMONED TO COURT.

Ware refused to give up his pistol, but slipped it back into his pocket. As he left the waiting room he was met by Officers Hearn and Wilkins, who summoned him to appear in the city court this morning at 9 o'clock. When he was taken by the police he was warned he would be held in jail until he had paid the fine.

Ware entered a back and was driven first to his office then home.

Police Searching For a  
Smooth Swindler.He Said He Was Representing a Nash-  
ville Firm.A smooth "con" man worked Postell's  
grocery for a \$10 check. He got \$10 on  
it at Hotel Latham and quietly left town.

HIS LOOKS.

The slick little game was worked Tuesday. A well-dressed man, who is described as 5 feet 8 inches tall, weighing 180 pounds, clean shaven, about 30 years of age and wearing a dark blue overcoat, entered the grocery and introduced himself to Peter Postell, Jr., G. N. Butler, representing Oakes, Webb & Co., of Nashville, Tenn. He said he was traveling in place of Nathan E. Martin, the regular foreman who was ill at his home in Galtree. Postell ordered a small bill from the man, and to secure the usual cash discount gave him a check for \$10, covering the amount of goods purchased.

That evening Butler, who was registered at Hotel Latham as G. W. Belcher, tendered the check, which he had endorsed with the name of the Nashville firm, in payment of his bill, and obtained \$10 in change. He left the city on the 10 o'clock night train, having bought a ticket here for Evansville.

SEEKING FOR HIM.

Chief Matthews is making every effort to locate the swindler. Two warrants are out for him, one charging him with obtaining money under false pretense and the other with forgery.

MAY ALTER POSTAGE STAMPS.

Federal Authorities Discuss Changing  
The Design.

The question of changing the design of the regular issue of postage stamps is under consideration at the postoffice department. Third Assistant Postmaster General Madden says it is probable that the name of the person will be printed under the head borne on the stamps.

Another serious consideration is that the date of birth and death of the person may be printed under the name, and that the design also bear an inscription giving the year of issue of the particular series of stamps.

KENTUCKY WHISKY.

(Special to New Era)

LOUISVILLE, March 28.—The boom in Kentucky whiskey has come in— and the price of all kinds of whiskey has advanced materially within the last week. Dealers are unable to supply the demand and speculators are now buying heavily of the crops of 1902, 1903 and 1904, as well as young goods. Some goods are selling for \$1 a gallon. The present market is due to an agreement entered into by the independent whiskey manufacturers of Kentucky and the distillers and warehouse company, a branch of the American Distilling company of America, the gigantic liquor trust. The parties agreed not to make more than 25,000,000 gallons last year. All the plants of the trust are now running full tilt, but the company has adopted a policy not to overproduce. The independent men are also determined not to flood the market and the prospects are that for the next few years an unprecedented era of prosperity will mark the production of all Kentucky made whiskeys.

NOMINATES FUNSTON FOR PRESIDENT

Rev. Charles Harris Nash Puts Him On  
The Here Ticket.

Dr. Charles Harris Nash, pastor of the Baptist church at Hopkinsville, and one of the most forceful preachers in Kentucky, has been spending a few days in Louisville, renewing old friendships.

In a conversation with a reporter for the Times Dr. Nash announced Gen. Fred Funston for President on the hero ticket. He said he came to this conclusion, however, with a mental reservation that there is a very thin difference between a hero and a fool these days. He said that if Funston had been killed there would have been an outcry that it served him right for his foolishness.

Dr. Nash is an old graduate of the Southern Baptist Theological Seminary and has a host of friends here who have watched his success with pleasure and pride.—Louisville Times.

RIGHT UP TO DATE.

(Casson's Plaster is Pain's Master.)

These are days of records and the healing of records. Casson's Plaster, for quickness of action and thoroughness of cure, has no records to beat in the world. Casson's Plaster, always the best, always the leader, is today better than ever. It sticks to the skin but never sticks in the cracks. It marches on.

The people not only want to be cured but cured quickly—and Casson's Plaster does it. Coughs, colds, hiccups, asthma, bronchitis, liver and kidney complaints, and other ills approachable by an external remedy, yield to Casson's Plaster as to a hot iron. Neither Belladonna, Stramonium, or Opium plasters are to be compared with Casson's. People who have once used the merits of Casson's Plaster have no use for any other external remedy.

More than 6,000 physicians and druggists (and a thousand times as many non-professional persons) have called Casson's Plaster one of the few (if) home remedies that can be trusted.

Fifty-five highest awards have been made to it in competition with the best known plasters of Europe and America. Better proof of its merit is inconceivable. Be sure to get the genuine.

APPEAL TAKEN.

From Monday's daily.

City Judge Campbell this morning issued a capias committing J. D. Ware to jail for ten days to satisfy the judgment in the case against him for carrying a concealed deadly weapon. His attorneys took an appeal to the circuit court, and an order was issued staying further proceedings and transferring the case to the higher court.

Saturday's Bowling Green Times-Journalists:

Dr. Piner does not desire to talk for publication about Dr. Ware's assault on him yesterday at Hopkinsville, but his hundreds of friends here are extremely indignant over the cowardly assault made upon him.

"They are giving him every sympathy and encouragement and helping him in every way they can to bear the indignity with the true spirit of a Christian and a gentleman."

TRUST ADS

Not Allowed a Place in Mr. Bryan's Commerce.

Mr. Bryan will give no publicity to the octopus in his paper. In a circular, he says:

"Trust advertisements will not be received, and the proprietor reserves the right to decline any other advertisements deemed by him to be undesirable."

The issue of April 12 will be the first to contain advertisements, at which time the paper will be enlarged to twelve pages. Mr. Bryan gives his guarantee that the circulation will be 100,000, if it falls below that number for any issue, a proportionate discount will be made for advertising matter in that issue. The rate will be 50 cents a line; no discount for time or space.

Mr. Bryan will not allow advertisers to select positions on any page, but if they are tractable and make contracts he will give due consideration to their desires.

WILL BRING RESULTS.

What experienced business men regard as a good advertisement is one which tells in a clear, straightforward and common sense way about articles that people want. Such an advertisement if put in a newspaper like the New Era, which has a large and steady circulation throughout the community, will always bring satisfactory results.

COUNTY COURT ORDERS.

## AGUINALDO TOOK OATH OF ALLEGIANCE

Revolution Expected To End At Once.

Filipino Governor Surrenders With Staff and His Men.

(Special to New Era)  
MANILA, April 8.—Aguinaldo today took the oath of allegiance to the United States.

This is believed to insure the speedy end of the rebellion.  
Gen. Aguinaldo with his staff and men surrendered. Gen. Guzales was the insurgent governor of the Manila Province.

No report has been sent to the War Department from Gen. MacArthur concerning the alleged friends in the disposition of Government supplies in the Philippines. He has, however, been advised that such a publication has been in the United States and requested to send the facts.

Owing to the peculiar conditions prevailing in the Sulu Archipelago and the island of Mindanao, the Philippine Commission has decided to organize a departmental government covering all of the islands south of the Visayas. A uniform general provincial law is impossible of application in the extreme southern islands on account of the necessary debarring of the Moro from self-government except in cases where they have shown allegiance to Spain, the Sultanate, and become subjects of the United States and for the further reason of the multiplicity of races and tribes in Mindanao and the diversity of interests. The commission will appoint a department Governor having authority to negotiate with the Sultan Dato and to act as a direct representative of the commission. The commission left for the various posts in Mindanao.

## ALL POISONED.

O'Daniel Family of Eight Made Deathly Ill.

Rough On Rats Or Paris Green Mixed With Meal.

Mr. J. D. O'Daniel, his wife and six children ate bread made of poisoned meal Friday and all became deathly ill.

Very Sick  
Dr. Russell was summoned and worked for several hours with the family before they were relieved. All were effected with extreme nausea. Mr. O'Daniel, who has charge of the shoe repairing department of the Bass Shoe Company says that he found a greenish substance mixed with the meal. He thinks it was Paris Green or Rough On Rats. The stuff was thrown away and not analyzed. How the poison got in the meal Mr. O'Daniel is unable to explain. He fears it was put there by some enemy, but, if that was the case, he has no idea who the guilty party could be.

No Light  
Dr. Russell was shown no further light on the matter. He says the eight members of the family were not noticeably poisoned, but he did not examine the meal, and does not know what kind of poison it contained.

The O'Daniel family live on O'Neal Avenue, and are highly respected people.

Mrs. Marie Landrum, wife of John W. Landrum died of consumption at her home in Mayfield at an early hour Tuesday morning. Her husband and two children survive her. The funeral was from the Mayfield Christian church yesterday at three o'clock. Mrs. Landrum was one of the most popular women in Mayfield and her death is a loss to that community. She was a sister of Mrs. Gus Stevens of this city and Mr. Walter Hale, formerly of this city.

At this season the housekeeper must look specially after the baking powder. As she cannot make good cake with bad eggs, no more can she make cake that is light, delicious and dainty with inferior baking powder. Royal Baking Powder is indispensable for the preparation of the finest food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., which expert bakers say is unobtainable by the use of any other leavening agent.

The "Royal Baker and Pastry Cook" containing over 100 most practical and valuable cooking recipes—free to every patron. Send postal card with your full address.

There are cheap baking powders made from cheap materials, but they are not "Royal Baking Powder" and they are not safe for the family. Send postal card with your full address.

## RAILROADS GRANT A GENERAL REDUCTION IN RATES.

Applies To And From Chicago And All Mississippi And Ohio River Points.—Official Notification Received By I. C. Agent Sherwood.

## BUSINESS MEN OF THE CITY ARE DELIGHTED.

From Wednesday's daily.  
The reduction in freight rates which Hopkinsville merchants have so long been seeking is assured, and the oppressive tariff now in effect will be abolished this month.

NOTIFIED TODAY.  
Mr. E. M. Sherwood, local agent of the Illinois Central Railroad Company, was officially notified this morning that a new line of freight rates had been adopted and would be operative on and after April 15.

The reduction is sweeping, including nearly all classes, and varying from two cents per cent to fifty cents. The rates apply to and from all Ohio and Mississippi river points and Chicago. There is a general reduction on all class rates to most points. Some of the special commodity rates from Chicago, Louisville, Owensboro, Evansville, Henderson, Paducah, Cairo, Cincinnati and Memphis is shown in the following reductions: Nails and all iron and steel articles, 11 cts per cwt.; stores and hollow ware, 12 cts per cwt.; seeds of all kinds, 17 cts; jellies, preserves, etc., 28 cts; coffee, 8 to 10 cts; peaches, lemons, etc., 10 to 15 cts; canned goods, 15 cts; molasses, rice, sugar, and heavy groceries from New Orleans and Memphis, 15 cts. The business men in the city are rejoicing over the relief that the new schedule of rates affords. They have tried for years to secure a more equitable tariff, but heretofore their efforts have proved useless.

## NIGHT SHIRT USED A CLUB

Used As Rope By Asylum Inmate.

His Dead Body Was Found Hanging From A Window Bar.

Columbus Jolly, aged twenty-five, committed suicide last night at the Western Kentucky Asylum for the Insane. It was his third attempt to end his life.

HOME IN LYON.  
Jolly's family lives in Lyon county. He was committed to the asylum June 18, 1901. His body will be shipped to his old home for burial.

About two weeks since he tried to hang himself with a rope made from the sheets on his bed, and was frustrated by an attendant. A few days ago he made another effort to kill himself the same way.

The physicians in charge took the precaution of having him removed into a room containing only a bed and heavy covers which he could not tear, and his clothes were taken away from him when he went to bed.

At day-break this morning when an attendant looked into Jolly's room, he found the body of the unfortunate man hanging from an iron bar in the window. The inmate had looped one arm of his night shirt around his neck and tied the other to the bar. He had strangled himself to death by bracing his feet against the wall and pulling against the improvised rope about his neck.

HUNG SEVERAL HOURS.  
Life was entirely extinct when the ghastly discovery of the hanging form was made. The body was cold and stiff and he had swollen in a few hours.

NEXT MONDAY NIGHT.  
The Chicago Concert Club Will Appear At Opera House.

Just as Thatcher needs no introduction to the public; his name and fame are already known throughout the entire country—east, west, north and south—and his reputation as an artist of the first rank becomes more firmly established with each succeeding season. As a concert tenor he stands today with no superiors and few, if any equals. Not to have heard the matchless voice of this favorite artist is to have missed a rare pleasure. The cultivated musician, the ordinary music lover, and even the individual with little or no "taste" for music, are all delighted and charmed by the superb singing of this sweet-voiced, silver-throated tenor.—Nashville Banner.

Mr. Thatcher with his matchless violinist, Mr. Frederick McHenry, and excellent pianist, Miss Kertin, will give a concert at the opera house Monday night, April 8.

Mr. J. H. Disto is president of the company.

A Fireman's Close Call.  
"I stuck to my engine although every joint ached and every nerve was racked with pain," writes O. W. Bolander, a locomotive fireman of Burlington, Iowa. "I was weak and pale, without any appetite and all ran down. As I was about to give up I got a bit of Electric Bitters and after taking it I felt as well as I ever did in my life." Weak, sickly, rundown people always gain new strength and vigor from their use. Try them. Sold by Anderson & Fowler's. O. Cook's L. L. Elixir's, O. K. Wylie's drug stores will guarantee satisfaction or refund money.

KENNEDY KERNELS.  
Kennedy, Ky., April 2.—Tobacco plants are up and looking well, the rainy weather has prevented the farmer doing much work recently, but several have planted corn and have been getting the ground ready for tobacco.

Mrs. Mamie Potter, of Bowling Green, is visiting the family of her father, Hon. Jas. A. McKenna.

Miss Daisy Price, of Bowling Green, is the guest of Miss Alvie Smith.

## FINE SHOWING IN MARRIAGE.

Made By The Local Tobacco Market.

What Monthly Reports Show—Prospects Are Unusually Good.

Reports received from the board of inspectors and warehousemen of this city show the tobacco market to have been strong and active during the past month, with prices ruling in the "seller's" favor much of the time, as was shown by the small percentage of rejected tobacco.

STeady ADVANCE.  
There has been a steady increase in prices, as there was reasonable demand for handling the weed much of the time, and the planters have taken advantage of this in getting their crops ready for delivery. There has been a big demand for all grades of the weed, but especially for the better ones, which are much sought after by agents and others having large orders to fill abroad. There has been considerable activity in the loose tobacco market, as the weather is seasonable for delivering the weed loose. Tobacco used for manufacturing is in demand. There has been a flattering increase in the volume of business done, and the year promises to be one of the most successful in the history of the market. The local brokers and agents representing foreign houses are liberal buyers, and are everything put on the breaks suitable to their wants and at the very stiff as before.

INSPECTOR'S REPORT.  
The monthly report of the inspectors for March shows the receipts to have been 1,388 hogsheads, as compared with 9,610 hogsheads for the same time last year; receipts for the year, 5,005 hogsheads, as compared with 4,880 hogsheads last year; sales for past month, 366 hogsheads, as compared with 1,017 hogsheads last year; sales for the year, 335 hogsheads, as compared with 1,795 hogsheads last year. Shipments for past month, 917 hogsheads, as compared with 208 hogsheads last year; shipments for the year, 3,344 hogsheads, as compared with 1,346 hogsheads last year. Stock on sale, 5,754 hogsheads, as compared with 3,893 hogsheads last year; stock sold, 246 hogsheads, as compared with 1,566 hogsheads last year; stock on hand, 1,190 hogsheads, as compared with 4,918 hogsheads last year.
