A Good Demand For All
Grades.--Report Of
Inspectors.

The offerings last week were some larger than last week, but the quality was rather poor and a great deal of tobacco is showing in bad condition.

The market was very active and all grades were in strong demand. Prices for all grades of hogs were higher and all beef under good was also stronger.

This was especially true on low and common leaf, which was from \$4.00 to \$4.50 higher. As the weather is dry and warm there is no prospect of any planting until a good season, and then the planting will be small, as the plants are not yet large enough to transplant.

BROKER'S STATEMENT.
Broker M. D. Boleas writes to the New Era in reference to the local tobacco market as follows:
The demand for all grades continues strong, with large private sales. Hogsheads are firm as deliveries are falling short one-third of contracts. The dry weather prevents handling and plants from growing, and planting will be three or four weeks later than usual with seasonable weather. Usually one-third of the crop is planted at this time.

ON GRAVES
OF VETERANS

The annual custom of decorating the graves of the Confederate dead was observed on Saturday, the 19th of May, falling this year on Sunday.

For the first time since the organization of the Ladies Memorial Association there were no special ceremonies.

The members of the Red Meriwether Bivouac met at Mayson's Hall at three o'clock where bouquets had been provided for each man. There was an unusual quantity of exquisite flowers sent to the hall and to the cemetery where they were made into garlands and designs by members of the Ladies Association.

The monument had its customary decoration of large and small flags; the graves of veterans lying in family lots were marked by small ones, several of Federal veterans; receiving United States flags.

After a prayer by Rev. E. S. Carter and floral tributes had been placed about the monument, all these graves were visited and decorated by members of the Bivouac.

"He lives in fame who died in virtue's cause" and they who survive the troubled years of '61 to '65, honor themselves by going year after year and

"With uncovered head salute the sacred dead,
Who went and who returned not."

At a meeting of the Red Meriwether Camp, a resolution was passed specially inviting Mr. John O. Latham, of New York, who is in the city visiting his mother, to attend the decoration of the monument, which stands as a monument to his generous nature and love for his country and the lost cause, as well as a sentinel over the unknown Confederate dead. This invitation was presented by a committee from the camp. Mr. Latham, unfortunately, was not well and could not be present.

MRS. ELMER FLEMING, of Minneapolis, Minn., writes from 620 Polk street, N. E.
"I have been troubled all my life with catarrh. I took Peruna for about three months, and now think I am permanently cured. I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail."

Mrs. C. Nickel, Hebron, Neb., writes: "I suffered from weakness for ten years. The least exertion caused me pain in the middle of my chest and difficulty in breathing. When I would wake in the night my heart would palpitate so that I often could not sleep. I took Peruna and now I can do all of my work easily without getting short of breath."

"Peruna is the best medicine for me. It strengthens my nerves. It is just what I need. As long as I use Peruna I do not know anything about weakness."

"I have never found a medicine that makes me feel so strong and vigorous as Peruna. I shall always keep Peruna in the house. It ought to have a place in every home."

"The longer I use it the better I like it. I would not give your book, 'The Life of Life' away for any price if I could not get another."

Nervousness is due to bloodlessness of nerve centers. To enrich the blood is to cure nervousness. Diseases of the nervous system call for more blood and better blood. Peruna answers this call by giving the system a perfect supply of pure red blood. Thus it is that Peruna is a natural tonic. It does not temporarily stimulate the nervous system, but permanently invigorates it. Peruna regulates the supply of blood to the various parts of the system. When one part has more blood than it ought to have, another part is deprived of its natural supply of blood. This sets up all sorts of functional irregularities so common to people who spend much time indoors. Peruna cures these affections by regulating the supply of blood and giving to each part of the system exactly that portion of the blood to which it is entitled.

By producing a natural appetite, correcting digestion and regulating the supply of blood in the system, Peruna removes the cause of a thousand and one maladies very common in warm weather.

The fatigue and languor of hot weather is directly due to impoverished blood. This condition prepares the way for the advent of almost any disease. Peruna protects the system against the ailments of summer by fortifying it with a regular supply of the best blood.

There is an hour that comes when our past life will probably pass before us in retrospect, and we will have to look back and see a life spent in selfish amusement, (times 8000) and a last hour that will strike through our soul sharper than the dagger with which Virginius slain the tyrant. And I think Macbeth; the agitation and rioting through which we have lived, and the death of our life, and the slaying as Macbeth did. PLANS ARE ARRANGED

For the Great Good Roads Convention.

Committees Appointed-- Will Be a Gigantic Event.

From Friday's daily. The initial steps toward taking care of and entertaining the thousands of guests expected at the good roads convention, July 10th and 11th, were taken last night in a mass meeting at the city court room. Mayor Dabney was elected chairman and Geo. R. Gary, secretary.

COMMITTEES APPOINTED.

Messrs. Forbes, Chandler, Long, Bess and Maccham, organized the good roads convention. The committee appointed a subcommittee to visit upon the local court and ask the appropriation of a sufficient sum to carry out the conditions of the National Good Roads Association. Messrs. Geo. O. Long, Forbes, Chandler, Duffy and Maccham, constitute this committee. This committee was also instructed to appear before the Board of Public Works and ask their co-operation. The place of record will probably be the scene of operations here just beyond the bridge on Cox Mill road and was selected on account of its accessibility.

About fifteen or twenty special machinery will be here, and a number of the most prominent experts in road building in the whole country.

Following is the executive committee appointed by the mayor, which committee is given general supervision of the entire enterprise and is empowered to appoint all other auxiliary committees, such as arrangement, reception, entertainment, transportation, etc.: M. O. Forbes, Geo. O. Long, R. E. Cooper, J. T. Wall, F. W. Dabney, P. C. Chandler, W. T. Cooper, R. E. Chandler, G. D. Dabney, Geo. R. Gary.

Work has been actively begun, for there is no time to be lost. A great deal has to be accomplished in a very short time, for Hopkinsville will witness one of the largest gatherings of her history and the people interested here should be not only accommodated, but royally entertained.

Another mass meeting will be held Monday night next, after which the personnel of the various auxiliary committees will be made public.

Judge Chandler will call the fiscal court together at once, and everything promises to move smoothly and swiftly along without hitch or halt.

WHY NOT?

Hopkinsville, May 30, 1901. Editor New Era:

On the fourth day of July, 1776, the declaration of freedom and independence was made. All nations and peoples now recognize the wisdom of that declaration. On the fourth day of April, 1901, the great court of Christian country (in obedience to the will of the people as expressed at the polls) declared that on and after the first day of July, 1901, the township in said county should be free. The wisdom of this measure will soon be acknowledged by all. Now why not have a celebration of these two important events, on the 4th of July, in the form of a "County Barbecue" at some suitable place to which the whole county would contribute and everybody come? Let us join hands and let us get up an old-fashioned barbecue such as was popular in our granddaddy's day. Why not?

PRICE PAID IS \$150,000

Hillman Land Transferred To St. Louis Parties.

What Purchase May Mean To Trigg And Lyon Counties.

The bidding for record in the Lyon county clerk's office of the deed of Mr. B. M. Leonard to Mr. John W. Harrison, Trustee, of St. Louis, conveying to him all the Hillman land lying between the Cumberland and Tennessee rivers in Lyon and Trigg counties, marks an epoch in the history of Lyon county, and from it, no doubt, will start a new era of prosperity that will develop all the resources of that country known as "Between the Rivers," and add materially to the welfare of the whole county, says the Louisville Times of Tuesday.

ABOUT 50,000 ACRES

The deal embraced large bodies of fine farming lands and all the farms and acre lands that belonged to the Mammoth, Centre and Patton families, consisting of one hundred and ten different tracts, all being estimated at from forty-five to fifty-five thousand acres.

Mr. Leonard purchased the whole body of lands from Mrs. Mary A. Hillman and the other heirs of the late Daniel Hillman, for \$100,000 cash, and sold it to Mr. John W. Harrison, Trustee, for \$100,000 cash, both trades being completed the same day. Mr. Leonard had held an option on all the property for some time and engineered the deal through.

Mr. Harrison, who is himself a multi-millionaire, is one of a party of capitalists of St. Louis who have recently bought all of the Grand River property for about five hundred thousand dollars. Grand River will come to the front again on a more solid foundation, and the purchase promises operating the farms and erecting large wire and rail plants and other manufacturing.

LARGE FURNACE

Mr. Harrison says his people will erect a large furnace somewhere on the Hillman property and build a railroad from Grand River to their furnace. It may be pushed on through, crossing the river and connect with the new railroad at Odell, or it may be built on beyond the river to Tennessee Ridge. At any rate, there are wonderful possibilities lying before the capitalists who are investing their money in these enterprises and the people who live in a section that has been greatly neglected. This property is extremely rich in mineral, timber and farming lands, and when developed, between the rivers will be the garden spot of Lyon county.

HOW IT IS DONE.

GOING TO OKLAHOMA.

Two More Christian Citizens Will Leave in The West.

From Monday's daily. Mr. A. C. Richards and son, Mr. John Richards, left this morning for Shawnee, Oklahoma, where they will locate. They are good citizens, and, while regretting their departure, the New Era wishes them great prosperity in their new homes.

ACCORDING TO THE PRESS DISPATCHES.

Within the next ten days the work of settling the Indian lands in the Kiowa, Comanche and Apache reservations will be completed. The allotting agents are not to believe that the protests of Lone Wolf, the Kiowa chief, who is now in Washington to protest the opening of the country to settlement will prevail anything.

TOBACCO MARKET.

Offerings Liberal But Prices Were Irregular.

The Planting Season Puts Everybody In Good Humor.

From Friday's daily. The tobacco market this week, under liberal offerings, opened at fairly steady prices, but weakened and became irregular.

REJECTIONS LARGE.

The rejections were large, as there was no cause apparent for lower prices, and holders were firm. The good rains this week made a much needed planting season. As a result from twenty to twenty-five per cent of the crop was planted, and but for the smallness of the plant the percentage would be considerably larger. Among the visitors on the local market, this week were E. D. Christian of New York, and W. H. Cummings, of Brooklyn.

PETER POSTELL.

The Morgansfield Sun says: "Peter Postell was once a slave, but he died wealthy and respected. It isn't because of their color that the negroes are not respected more, but because of their manner of living. Any man, regardless of color, can command the respect and esteem of his fellowmen, and he who fails to do so should consider himself a failure. It is not his color or previous condition of servitude. Not only our colored citizens emulate with pride the life of Peter Postell, but many of the whites as well."

BROUGHT GOOD PRICES.

Twenty-fifth Annual Grange Sale Was a Big Success.

The Church Hill Grange sale was a great success Friday, as usual. A large crowd--between 1500 and 2000 people--was in attendance, and a bountiful dinner was served in front of Grange Hall.

Every pen was fitted with stock and all brought good prices. The weather was all that could be desired until 3:30 o'clock, when it commenced to rain, and dispersed the crowd.

A committee from Hopkinsville were present in the interest of the good roads convention to be held here July 10-11.

VENERABLE CITIZENS

Have Answered The Summons Of Death.

Mr. Benj. S. Campbell Passes Away--'Squire Whitlock Dies.

From Saturday's daily. Mr. Benjamin S. Campbell passed peacefully away at 2:30 o'clock this morning. His life had been hanging by a thread for several weeks.

He was universally beloved, and his long life was a lesson in nobility, generosity and good deeds. His chief characteristic was that supreme virtue, love of humanity, and all who knew him felt the sweet sincerity of his affection for many years to come. He was an earnest and perfect type of Christianity as a mortal man may attain. A devoted follower of the Master, he held religion above everything else, and faithfully and conscientiously, no matter how great the sacrifice, he carried out His precepts and followed His example at all times.

Mr. Campbell was born, reared and passed his entire life in Christian county, his father being a pioneer citizen. He was born September 15, 1811, near Beverly and was educated in the county schools. His early life was spent on his father's farm. He came to Hopkinsville and engaged in the mercantile business, and was for years one of the city's most progressive business men.

The firm of Campbell & Horner, occupying the store room on the site of the First National Bank, was a leading dry goods establishment. In 1850 he purchased a fine farm of eight hundred acres on the Canton pike and there the remainder of his life was spent. His wife was Mrs. Maria Starling Campbell, who died four years ago, and who was one of the most excellent women in the county. Their married life was a beautiful example of domestic happiness, and their home was one of the most hospitable in this region. Three children survive. They are Capt. N. Campbell, of Henderson, Mrs. Mary Campbell, of Owensboro, and Mrs. Jane C. Moore.

Mr. Campbell was a man of keen business insight. He was a director in the First National Bank, and his advice was always found sound in matters pertaining to the management of the institution. He began life with little of this world's goods, and amassed a comfortable estate. While no man took a deeper interest in advancing the prosperity of the county, in late years his influence had been particularly felt in religious work, especially in that of the Christian church, an officer of which he had been for many years. In all his enterprises, the old-fashioned idea of him for his own reward. He was generous in his donations for religious purposes of every kind. He was one of the projectors and a trustee of South Kentucky College, and very liberal in contributing to its support. He was quick to answer the cry of affliction wherever it came, and no worthy person ever appealed for aid in vain. His charity was unostentatious and no beneficiary of his was ever made to feel the sting of obligation.

'Squire Robert Whitlock, one of the oldest citizens and a well known farmer of Kentucky, died Thursday night. He was 80 years of age and his death was caused by infirmities incident to old age. He leaves a wife and two daughters. The interment took place yesterday afternoon in the Jas. Parrish burying ground near Oak Grove.

REV. CARTER RESIGNS HIS RECTORATE

On Account Of Health Of Children.

Has Accepted Call To A Church At Smithfield, Va.

From Monday's daily. Rev. Robert S. Carter, rector of Grace Episcopal church, stated Sunday that he would tender his resignation this afternoon to the vestry to take effect in June.

Causes Regret. This announcement is a source of general regret among the members of the church and the citizens of Hopkinsville as well.

Since coming here six years ago to assume the rectorship he has been greatly and universally admired and widely useful, and he has exerted a salutary influence in the community. His fine ability, liberal learning and genuine power of pulpit utterance has combined to give him a constituency beyond the lines of his denomination. Both he and his excellent wife have made a host of warm friends throughout this section, and there will be universal regret over their departure from the city.

Mr. Carter had several calls of a most advantageous sort since he has been rector of Grace church, but he declined them. It is only because the health of his children demand a change of climate that he has decided to resign.

Go To Smithfield. The call Mr. Carter has accepted is from the Episcopal church at Smithfield, Va. The vestry this afternoon will take suitable action in reference to the resignation.

DOES THE HANDSOME THING.

From Monday's daily. The fiscal court this morning appropriated \$1000 to be used in holding the good roads convention in this city July 10 and 11, and for building a mile of road by experts sent by the National Good Roads Association.

Tonight at 8 o'clock a mass meeting will be held at the city court room to take further steps in the matter of holding a good roads convention.

Everybody is invited and urged to be present.

AMONG THE POLITICIANS.

The friends of Capt. Ellis, of Owensboro, believe that he has an eye on a seat in the United States Senate, and if this is true and the short horses that are rearing and charging, trying to get into the race, can be tied in the back and give him the track, there are at least a half dozen candidates in the party district that are doubtful or have been going Republican, that can be counted again in the Democratic column--Hawesville Plaindealer.

The name of our present efficient Commonwealth's Attorney, Hon. Jno. T. Gray, is being mentioned in connection with the nomination for Railroad Commissioner at the expiration of Judge Dempsey's term. We understand that Judge Dempsey will not be a candidate for re-nomination, in which event we see no reason why Mr. Gray should not be a very formidable aspirant for the honor--Madisonville Hustler.

The chairman of the Republican County Committee of Hopkins county has issued a call for a meeting of the committee on Monday, June 3, for the purpose of selecting a date for holding a convention to nominate candidates for county offices.

There is a general desire among the Democrats of this district to know what Congressman Henry Allen's political plans are. The Morgansfield Sun says: Mr. Allen has not yet decided whether or not he will be a candidate for re-election. His inclination is not to again offer for congress but thousands of Democrats of the district want to send him back again. The sentiment that "when you get a good congressman it is best to keep him" is gaining rapidly in this district. The Sun should like to have him make the race for governor, but if he does not enter that contest we do not believe the district could do better than for its congressional representative.

Hon. Jas. B. Garnett, according to the Record, repudiated the interview representing his disgust of the profession, that we republished from one of our district exchanges last week. He states that the lofty bearing and superior qualifications of both the bar and bench have shown a steady improvement in all the years from his first observation of the workings of the courts, and his impression in reference to the matter is altogether different from the views expressed in the imaginary interview.

Hon. W. R. Howell, Commonwealth's Attorney, is dealing out even handed justice to the violators of the law. He has very much the appearance of a gentleman destined to represent the Second Congressional District in the next Congress. Mrs. Howell came down with the Colonel, and they are being entertained by Hon. and Mrs. R. A. Burnett--Owlsville Record.

SALOONS CLOSE AT ELEVEN.

No Games Of Chance Where Liquor Is Sold.

Work Of Changing And Readopting Ordinances Is Completed.

After July 1st, the saloons must be closed at 11 o'clock at night, except on Saturday when they may remain open an hour longer, and no game of chance may be played at any place where liquor is sold.

ORDINANCES PASSED. At a special session of the city council ordinances, embracing the foregoing provisions, were passed. For about three months City Attorney Crockett, acting under the instructions of the council, has been at work going through the records and codifying and arranging for publication in book form all the ordinances passed, repealed or changed by the council during the past six years. From time to time, meetings of the council have been held in order to adopt the ordinance or by sections. The work has been completed. For the most part, the changes have been unimportant.

The law in reference to closing the saloons has been modified to provide that it shall be unlawful for any saloon-keeper or any person either directly or indirectly in the liquor business to sell or give away any spirituous, vinous or malt liquor in any quantity whatever to any person after the hour of 11 o'clock at night, except on Saturday, when the saloons may remain open until 12 o'clock.

After the doors are closed, no person shall be allowed to enter. Persons having stores in front of the saloons will be permitted to do business in the scope after the saloons are closed, but will not be allowed to sell or give away any liquor either in the saloon or store.

NO GAMES. Regarding games, the law provides that no billiard, pool, horse or polo shall be kept, or cards, roulette or dice, or any other game of chance played for amusement or otherwise in any room or adjoining room owned or controlled by any saloon. The fine for violation is \$15. These ordinances all go into effect on July 1, 1901.

AN ACCOMPLISHED CUBAN

Eulogizes Peruna as an Efficacious Catarrh Cure.

Gonzalo De Quesada, Secretary of the Cuban Legation in Washington.

Senator Quesada, Secretary of the Cuban Legation in Washington, is an orator born. In an article in The Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Estaban Theatre, Matanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotion. I never have witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to The Peruna Medicine Company, written from Washington, D. C., Senator Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh." Address The Peruna Medicine Co., Columbus, O., for a free copy of "Summer Catarrh." This book treats exclusively of diseases peculiar to hot weather, is profusely illustrated and should be in the hands of every person suffering with any form of summer catarrh.

Peruna does not operate upon the system as a local remedy. It operates as a system as the usual remedy does. It is not a local remedy. It gives tone to the weakened nerve centers, and thus gives tone to the mucous membranes that line the various organs of the body.

Catarrh is always located in some mucous membrane. Catarrh is a flabby condition of the blood vessels of these membranes. Peruna gives tone to these vessels and restores them to their natural elasticity.

Miss Martha Whitcomb writes from Greenville, Mich., the following: "When I began your treatment I had catarrh of the head, nose, throat, stomach and pelvic organs. I was troubled with headache and spitting, caught cold very easily, and almost constant headache. My stomach was all out of order, I did not sleep well, and was more tired in the morning than when I retired. I had backache and was very nervous. In fact, the catarrh had permeated my entire system, and I almost despaired of getting well."

"I wrote you for advice and you advised Peruna. I began to gain right along, and am now well. My parents praise Peruna very much. As for myself, I can't speak well enough of it. I am well and happy and enjoy my life as I never have before. I cannot remember when I have felt as well as I do now."

Congressman J. H. Rankin, of Alabama, one of the most influential members of the House of Representatives, in a letter written from Washington, D. C., gives his endorsement to the great catarrh remedy, Peruna, in the following words: "Your Peruna is one of the best medicines I ever tried, and no family should be without your remedy. As a tonic and a catarrh cure I know of nothing better."

Address The Peruna Medicine Co., Columbus, O., for a free copy of "Summer Catarrh." This book treats exclusively of diseases peculiar to hot weather, is profusely illustrated and should be in the hands of every person suffering with any form of summer catarrh.
