The Big Anderson Store.

"Keeping Everlast- ingly At It"

For the second time in three months the Bargain Record comes to you announcing purchases of stock that have added reputation to our store and given our friends new bargain opportunities. We are sometimes asked if we never tire of the endless work and worry incident to a real bargain-hunting business—don't you long for the quiet rest and the apparent ease of "a come if you want it" business. Of course we do, but "keeping everlastingly at it" is our motto and as long as there is a bargain in sight you can depend on it, we'll be on the spot and if there is a real bargain there, it'll be ours and when it's ours, it will be, as it ever has been—divided with our friends. We ask that you consider these prices carefully and remember that our guarantee of "satisfaction or your money back" is back of every one of them.

Standard Patterns.

We have secured the agency for the Standard Patterns. These patterns have long been sold by The Richards Co. and are too well known to some of you to need comment.

We propose to carry out our well known policy of "a thing that's worth doing at all is worth doing well," and will put in a complete stock—have it in a separate department—place it in charge of

Miss Addie Cox

whose duty will be to see that you get the pattern you call for without delay.

If you desire to see the Fashion Sheet send us your name and address on a postal card and we will mail you one every other month.

MISS FANNIE ROGERS.

Our friends will be glad to know that we have secured the services of Miss Fannie Rogers and her friends can find her in our Dry Goods room—where she will be pleased to see them at all times.

Remnants!

If

You want to get a real Bargain, something that is way down below its cost, you buy a remnant. We have arranged a regular remnant counter with nearly

A HAPPY CHILD

is one who grows, without interruption of health, from a baby up—except the inevitable diseases of children.

And Scott's emulsion of cod-liver oil has done more, in the 26 years of its existence, than any half-dozen other things, to make such children

It keeps them in uninterrupted health. It is food that takes hold at once, whenever their usual food lets go.

We'll send you a little to try, if you like.

PLANS ARE MATURING

For Big Good Roads Convention.

Enormous Crowd Expected—Everybody Should Help Make Success.

At the meeting last night in the city court room to arrange plans for the coming good roads convention, the committee reported the action of the fiscal court in appropriating the necessary funds for the building of the sample road and the court's decision to have this built on the Cox Mill road, the people living on this thoroughfare promising assistance in the way of teams and hands.

Plans were outlined and discussed for attracting and entertaining large crowds and it is probable that a monster barbecue will be given and perhaps a great industrial parade. At any rate it is determined to make it a wonderful event that will not only arouse and interest the people of this entire section on the paramount question of good roads but also impress them with the advantages of Hopkinsville as a trading point and Christian county the garden spot of the south.

This being a matter of supreme interest to church as well as state, all churches, benevolent societies and organizations of every kind are to be urged to lend a helping hand in the good work. A letter full of vim and enthusiasm has been received from President Moore, who has just closed a most brilliant meeting at Clarkdale, Miss., where in a stiff buckshot and blue clay soil they constructed a road that amazed every one.

He says above all things to appoint ladies on committees and get their help in the work, as they can accomplish wonders.

FISCAL COURT PROCEEDINGS.

Orders Made Pertaining To Free Pikes and Good Roads.

All the business of fiscal court Monday was in connection with free turnpikes and good roads.

It was ordered that the signature of the county clerk on the 150 turnpike bonds to be issued July 1 may be lithographed, printed or engraved.

As stated in the last issue of the New Era, \$1350, or as much of that sum as may be needed, was appropriated out of money derived from the sale of the bonds, to pay the expenses of holding the good roads convention and building a "sample good road" on the Cox Mill road near the city. Justices Long, Buckner and Major are named to disburse the appropriation.

Judge Custer and Justices Long and Buckner were appointed to receive money for the sale of the bonds and to disburse same. The order directing that the bond proceeds be deposited equally among the four local banks was rescinded and it was ordered that the money be placed in equal deposits in the City Bank and the First National Bank.

Impurities in the blood produced by digestive disorders must be driven out before hot weather sets in, otherwise sickness will appear at a time when a strong vigorous body is most needed. Prickly Ash Bitters will expell all impurities and put the system in perfect order. J. O. Cook.

MILLION DOLLARS

Wanted As Endowment
For Sayre College.

Prof. Couch Will Travel--
Personal Notes Of
Local Interest.

NOURSE.—The Committee on Higher Education of the Southern Synod of the Presbyterian church in Kentucky, has instructed Chairman W. L. Nourse, of this city, to communicate with the Northern Synod to formulate a plan to unite the interest of both branches in Kentucky looking toward endowing Sayre college with \$1,000,000. This is a college for the education of women. The meeting of the synods takes place in November.

COUCH.—Prof. R. L. Couch has resigned as principal of the female department of South Kentucky college to accept a more lucrative position, and not as commonly published, on account of his wife's health. He will represent the Winona Mills, of New York City, his territory being Arkansas, Indian Territory, Oklahoma Territory and North Texas.

LONG.—Mr. Stanley Long, son of Mr. E. B. Long, president of the City Bank, will graduate this week from the Columbia Law University at Washington, D. C., with the degree of Bachelor of Law.

BASSETT.—Frank Bassett is already receiving letters from applicants for clerkships at Frankfort addressed to "The Hon. F. H. Bassett, etc." He began talking to the voters two minutes after his nomination for Representative by the fusion convention, and in the last few days has distributed something less than a million cards containing his handsome likeness and the invitation to vote for him. He's a winner.

WILLIS.—Rev. E. J. Willis, of this city, addressed the South Kentucky Missionary and Sunday School Association at Owensboro last night. His subject was "Our Heritage."

RAY.—We hope to hear no more of the troubles of the officials of the Western Kentucky Asylum of the insane at Hopkinsville. Dr. William W. Ray has been appointed Superintendent, and is a gentleman of social standing and ability, fifty years of age. He enjoys a reputation of the finest order of professional ability. There is no politics in his appointment; he is familiar with the duties of looking after the unfortunate and promises—with every assurance of success, of restoring order out of chaos.—Oasis Record.

CREED REVISION.

Majority Report Adopted
By General Assembly.

(Special to New Era.)

PHILADELPHIA, Pa., May 27.—After adopting a compromise amendment to Section B, the Presbyterian General Assembly, after an exceedingly warm discussion in which the leaders of all factions took part, adopted the majority report on creed revision—amid great enthusiasm. The matter now goes to committee to be reported on next year.

In This City Next
Monday.

The Prohibitionists of Christian county are to hold a convention in this city on Monday, June 3, for the purpose of putting in the field candidates for the various offices.

THOUGHT TO BE DYING.

Judge J. O. Tully was called to Hopkinsville today by a telegram announcing the serious illness of his daughter, Miss Kate Tully, who was taken to the asylum there several weeks ago, says the Paducah Democrat. In addition to Miss Tully's other afflictions, she has a severe attack of pneumonia, and it is not thought she can recover. In fact, her death is momentarily expected.

Millinery Department!

Unfair Comparisons.

Some people compare every shoe with the best one they ever had regardless of price. This should not be. You should compare the service you get to the relative value in cost. Don't compare a 50c shoe or slipper to one that cost \$1.50 to \$2.00. This would be unfair to the dealer and you are apt to be disappointed.

Millinery Department

"It is said that a letter of introduction should not speak too highly of its bearer lest anticipation rise past hate to disappointment," and yet there are some people of whom you can not speak too highly. It is even so with our Millinery Department. We can safely say that our Millinery has given us more genuine reputation than any feature of our business. The reason is already knowing the end and we find ourselves with the largest stock of Millinery ever shown in this city. In addition to our own stock The Richards Co., had \$4,000 worth of Millinery. This entire stock must be sold in thirty days, or the last opportunity to sell it will be gone. To do this we have made cuts that will test your faith in us to believe.

Repairing Free.

Our shoe shop is always at the service of our customers to repair all shoes free of charge. Our shoes are sewed with the best silk that money can buy, but dew and mud will rot the best of thread and when our shoes rip all we ask is an opportunity to repair them. Don't wait till the shoe is ripped all over before coming back, but come before the shoe is too far gone to repair neatly. A shoe that is kept properly sewed and pegged will last fully twenty-five per cent longer. We have a good reliable shoe-maker—one who is always at his post—and all we ask is that you extend to him the same courtesy that you do to the man at the mill, i. e. first come, first served.

The enormous size of The Richards stock, coupled with the largeness of the season forces us to make deeper cuts than we would have done had we gotten the stock a month ago. There is not an article in The Richards stock that is not cut at least one-fourth off the regular price and many of them to a more fraction of the original price. For instance there is a lot of Childrens Rubber Gossamers that are worth \$1.50 each—they are slightly damaged—we'll sell them at 25c.

We Are Up Against It...

There was \$1,000 worth of Ladies and Misses Kid Gloves in the Richards Co.'s stock. This is more kid gloves than is necessary for a New York house to carry. They are

GOOD ROADS CONVENTION

Secretary Gary has written to Gov. Beckham requesting him to announce by proclamation the convention to be held here July 10 to 11 under the auspices of the National Good Roads Association, and to appoint vice presidents from all of the counties in the State.

A gigantic industrial, agricultural and floral parade will be an attractive feature of the great occasion.

A ball and reception will take place at Hotel Latham.

At the meeting of the executive committee tonight, committees of ladies will be appointed to assist in making the floral parade and ball and reception events of unusual interest.

Gov. Beckham has been invited to be present and take a prominent part in the ceremonies. Many nobles will be in attendance.

The fiscal court has appropriated \$1200 to be used in paying the expense of the convention and in building the mile of model road. Much more money will be needed and the city council will be asked to make a liberal donation. The city will be benefited immensely, and it is believed that the council may be depended on to do the handsome thing.

The executive committee having the general arrangements for the convention in charge consists of the following prominent business men:

M. O. Forbes, Geo. O. Long, Chairman, Vice President.

Geo. E. Gary, Secretary.

E. B. Bassett, F. W. Dabney.

NORTHWESTERN LIBRARY ASSO.

The Northwestern Library Association is composed of nearly 200,000 book buyers, including governors, legislators, judges, college professors, teachers, professional and literary persons, private individuals, parents interested in their own intellectual or in the education and culture of their children, united for the purpose of buying books direct from publishers at wholesale prices.

It is a constantly increasing organization to prevent living outside the large cities.

It saves from 50 to 80 per cent of the usual cost of all books and library supplies.

Lebanon, Tenn., Sept. 18, 1909.

I take pleasure in recommending the Northwestern Library Association as a reliable institution and one which is very beneficial to its members in enabling them to get books and other articles at wholesale prices.

GOOD TIME FOR GRAFTERS.

Some Of The Visitors At Memphis Charged Unreasonable Prices.

A number of the people who went to Memphis Monday to attend the Confederate reunion have returned home. Some of them would have had a pleasant visit but for the extortion practiced by hotel keepers and other grafters. At good hotels \$5 a night for the privilege of sleeping on a cot was demanded. A gentleman from the county says that he was with great difficulty that he and his wife were able to get anything to eat, and when they sought a night's rest at a hotel they were told a room would cost them \$20.

CROP CONDITIONS.

Weekly Report issued by Kentucky Weather Bureau.

The temperature averaged decidedly below the normal during the week, and frequent showers occurred. The rainfall was beneficial and resulted in decided improvement in some localities but the low temperature and lack of sunshine checked the growth of vegetation generally. Wheat has improved, and is looking quite promising. There is some complaint of the Hessian fly in a few localities in the central portion of the state, and it is heading rather slow. Tobacco setting has commenced, and the weather has been favorable for this work, but in many localities, the plants are small and scarce. Corn is being cultivated, but is growing rather slowly on account of cool weather. Apples are dropping badly, but other fruit is doing well. Strawberries are ripe but are not as good as usual. Gardens are late. Irish potatoes are doing fairly well. Oats have improved in many sections, but are not generally very promising. Out worms are reported to be very numerous and in many sections are doing a great deal of damage.
