TOBACCO MARKET.

Monthly Report Of Inspectors.

Weed In Good Condition And Found Ready Sale.

Reports received from the board of inspectors for the tobacco market during May show the sales of the weed for the latter part of the month to have been largely made up of French tobacco and lugs.

MANY PRIVATE SALES.

But little fine leaf or choice selections appear to have been disposed of on the regular public sales of the warehouses, but a large percentage of our fine product is being sold privately.

There was little doing in the loose tobacco market, as all purchased in that state has been delivered, so that the bulk of the business is likely to continue to run on. Everything reliable for the foreign market brings satisfactory figures and it is disposed of readily, as the demand exists in excess of the supply. About 40 per cent of the next crop is planned.

INSPECTOR'S REPORT.

The report of the inspectors for May shows the receipts for the past month to be 2,800 bbls., as compared with 2,700 for the same time last year; receipts for year, 7,000 as compared with 10,800 last year; sales for past month, 2,125, as compared with 2,500 last year; sales for year, 5,471, as compared with 6,234 last year; shipments for past month, 1,735, as compared with 1,838 last year; shipments for year, 5,091, as compared with 4,800 last year; stock on sale 3,390, as compared with 4,008 last year; stock sold 1,777 as compared with 2,594 last year; stock on hand 5,047, as compared with 5,955 last year.

FROM DAY TO DAY.

QUEEN CEREONY.—Announcement is made that Prof. George D. Heron, the Christian Scientist, whose separation and divorce from his wife caused a stir in religious circles has married Miss Orlene Reed, his disciple and affinity.

PROF. GEORGE D. HERON.

He donated \$50,000 to establish for him a chair of Applied Christianity at the College of Cincinnati, Iowa. The ceremony was unique. Prof. Heron made a speech, telling the guests, among whom were Edward Markham, author of "The Man with the Hoe," Richard L. Galliano, the English poet, that they had been invited to hear the announcement of his wedding.

"My friends, we intend to live together hereafter as man and wife," he declared. This sentence was repeated by Miss Reed. They considered this their marriage ceremony.

Prof. Heron has around much opposition lately by his radical views on sociology and religion. He is an eloquent speaker and forceful writer on his chosen subjects.

HIS BUNNIE'S SUCCESS.—One of the most readable and popular of new books in the Hopkinsville public library is "The Holmes of Navarre" which stands pre-eminent among the literary successes of the year. Its author, Miss Bertha Runkle, is only 23 years old. It is related that she has taken a complete course at Harvard without entering the university. She accomplished it in this way: When her brother entered Harvard she began at home the same studies, procuring the same books and covering the same amount of ground

every day. At night she mailed him the results of her work, went through all his examinations and passed without conditions. The college professors, in course of time, became acquainted with the circumstances, and were so deeply interested when the next year was resumed that they examined the young woman's papers themselves and declared that she had passed with flying colors. So that she virtually has won the Harvard degree of B. A.

THOROUGHLY INVESTIGATED.

Will Be Allegations Of Dr. McCormick.

VISIT OF INSPECTOR.

State Inspector Henry D. Hines, of Bowling Green, was in the city Saturday, spending the day at the asylum. He stated to a reporter that at the proper time the charges brought by Dr. E. B. McCormick, the former superintendent, who was removed for immorality, would be thoroughly investigated.

Dr. Hines has communicated with Judge E. B. McCormick requesting him to present his allegations in the form of an affidavit. He also asked for the names of all persons who may know any of the facts in the case.

The inquiry says: "Dr. McCormick telephoned to Hopkinsville Saturday for a copy of his report to the board, which contains all of this information. He will receive it tomorrow when he will prepare the required affidavit and submit it to the inspector."

"The charges will be very specific and will demand more attention than did the original report to the board of asylum commissioners."

About Sunday the 9th to Wednesday the 13th many electrical storms, with rain and possible violence, will most likely occur. The annual June showers are naturally to be looked for from this time until near the end of the month, but storms of wide extent and dangerous intensity are quite likely at the centers of the Volcanic and Mercury periods, as shown in the storm diagram and on the days mentioned above. Showery, unsettled weather is probably into the reactionary disturbance due from the 15th to 18th, the moon being in perigee on the 14th, at greatest north declination on the 15th and at noon on the 16th; very warm, muggy weather will prevail at this time and heavy rain storms will visit locally.

The Volcanic storm period extending from the 20th to the 26th will bring the culmination of the June solstice storms. For a number of days there will be a repetition of intense and vivid electrical storms, with showery, heavy and showery weather. Some narrow localities will have too much rain and local floods; but immediately after we pass out of the June rains it will be found that the greater part of the country is short of moisture, and general rains will be needed to mature the crops in most central, western and northern sections.

A GENTLE HINT.

In our style of climate, with its sudden change of climate—rain, wind and sunshine often intermingled in the same day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boecher's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death by the use of three or four doses. For cough, consumption, hemorrhages, pneumonia, severe coughs, croup, or any disease of the throat or lungs, its success is simply wonderful, as your druggist will tell you. COMMENCE TO GRIND.

Wheels Of Justice Are Revolving.

Grand Jury Impaneled And Strong Charge Was Delivered.

From Monday's daily.

The June term of Christian county court began this morning with Judge Thomas P. Cook, of Murray, on the bench.

The session was opened at ten o'clock with prayer offered by Rev. Francis Lee Cook, pastor of the First Presbyterian church.

The grand jury was impaneled as follows:

J. B. Dade, T. H. Bennett, J. R. Keen, J. R. Foster, J. M. McQueen, J. H. Johnson, W. H. Stinson, M. B. King, John Parker, J. G. Childress, W. G. Fox, J. F. Leacy.

Judge Cook's charge was exceptional, strong and exhaustive. Tomorrow petit jury will be made up. The appearance docket is lighter than usual, only eight-one suits having been filed, but about five hundred and fifty cited cases will receive attention.

The most important criminal case is that of the commonwealth against Robert Morris, charged with the murder of Marion Henderson near Carl last Christmas eve. This is set for the 7th day.

John Wilson, who was cleared at the last term of court of the charge of murdering Alex Wright, will be tried for maliciously shooting Pink Wright.

Four weeks.

The term will continue four weeks and it is believed that the docket will be well cleaned up. The first week will be consumed in trying commonwealth cases.

JUNE WEATHER.

The following is Rick's weather predictions for June:

June will come in at the culminating stages of a storm period, which begins the last days of May. Full Moon at the extreme south declination on the 2nd will intensify electrical storms, but will cause a drift of atmospheric tides from the north, and bring down over the country a marked change to cooler immediately after the close of the storm.

A return of storm conditions will appear on and reaching the 4th to 6th, showers resulting from the falling barometer and higher temperature on those dates. Rising barometer and cooler, fair weather will be the natural order behind the disturbances of this period, lasting progressively from about the 6th to the 8th.

The regular Volcanic storm period extending from the 8th to the 13th, leads fully into June solstice perturbations, with a Mercury disturbance also central on the 12th. Moon is on the celestial equator on the 9th, and this being coincident with an annual crisis of electric disturbances, thunderstorms, and much lightning and continuous lightning will illuminate the evenings and nights for days in succession.

CAPT. STONE HURT.

Ex-Congressman In a Collision During Memphis Parade.

The Paducah Democrat states that during the big parade in Memphis, ex-Congressman William Stone, of Kentucky, was knocked from his horse and slightly injured. The horse of the veteran next to him became unmanageable and ran into Capt. Stone's mount, the collision resulting in the accident.

The ex-Congressman's friends will be pleased to know that, while painful, his injuries are not serious.

BOY KILLS COMPANION.

Juvenile Murder Case Near Bennetts Town.

One Child Shoots Down Another Without Provocation.

Near Bennetts Town Saturday afternoon, a boy named William, aged eleven years, was shot and instantly killed by Walter Hampton, aged twelve. The deed apparently was wanton.

LITTLE WITNESS.

The only eye-witness to the murder was Sherman Killbuck, who is nine years old, and a brother of the child who was killed. He testified before the coroner's jury that he and his brother had gone to young Hampton's home and asked him to go with them to hunt wild strawberries. The three boys started walking down the road and had proceeded only a few yards when Hampton asked them to wait for him a few minutes as he had forgotten something at the house. He returned holding a pistol in his hand, which he aimed at William, and without a word, fired. His victim fell dead with a bullet in his heart.

Annie Crimes, colored, testified that she frequently had seen Hampton with the pistol, which belonged to his mother, and had heard him shoot it in the yard.

J. R. Brant stated that about three-quarters of an hour after the killing he found the dead child, face downward, in the road in a pool of blood, and turned the body over and wiped the blood from the face. Horace Moss' testimony was similar to that of Brant's. The jury returned the following verdict:

"We the jury summoned and sworn by the Coroner of Christian county, do look into the case of the death of William Killbuck, aged eleven years, and from the evidence that he came to his death from a pistol shot in the hands of Walter Hampton, the ball taking effect just over the apple of the left breast. We further find that the shooting was done intentionally, June 1, 1901, about 4 o'clock p. m., near Bennetts Town."

RUN AWAY.

Coroner Allenworth, who held the inquest early Sunday morning, made an effort to arrest Hampton, but found that the lad had run away. Officers are on the boy's track.

JUDGE WINFREE NOMINATED.

Will Make Race For County Judge On Fusion Ticket.

From Monday's daily.

The committee of ten named May 20 by the fusion convention, consisting of Folk Gansler, T. H. Major, Alex Gilliland, Jno. Buckner and John Chapin on behalf of the Republicans, and Walt Radford, Geo. Y. Green, O. M. Mascham, Geo. E. Gray, Wm. Parker for the Democrats, to nominate a candidate for county judge met today in the county court room and unanimously decided the nomination to Judge W. F. BROKER BOALES' REPORT.

From Friday's daily.

Editor New Era:

The market opened with largest offerings of the season. Tons were irregularly easy on breaks, resulting in large rejections, many of which sold privately afterwards. It is estimated that three-fourths of the crop is now in warehouses. The season is now in progress and promises to close three months earlier than usual. Planting is estimated at fifty to sixty per cent. Weather cold and dry and plants small.

Visitors this week: W. H. Cummings and son and E. D. Christian, New York; Mr. Alf Haller, Bremen, Germany.

WOMAN.

IS LIKE A DELICATE MUSICAL INSTRUMENT.

In good condition she is sweet and lovable and single life is a joy to her. If she is out of order or unstrung, there is discordance and unhappiness. Just as there is one key note to all music so there is one key note to health. A woman might as well try to play without a key note as to live without health. The organs that make her a woman are weak or diseased. She must be healthy inside or she can't be healthy outside. There are thousands of women suffering silently all over the country. Mistaken modesty urges them to silence. While there is nothing more admirable than a modest woman, health is the first importance. Every other consideration should give way before it. Bradfield's Female Regulator is a medicine to women's ills. It is a safe and delicate way to get rid of all the troubles of the month, nervousness, headache, backache and general weakness. You will be astonished at the result, especially if you have been experimenting with other so-called remedies. We are not asking you to try our medicine, but to try it. He Leaves The Entire Estate To His Widow.

NO FIGURES GIVEN.

The will of Peter Postell, colored, was probated in county court this morning.

He leaves his entire estate to his widow, Pauline, whom he names as his executrix and requests that she be permitted to qualify without bond.

In the event of her marrying, he directs that the estate be divided among his heirs according to the laws of Kentucky.

He signifies that it is his desire that his business be continued as it was during his life and that his son, Peter Postell, Jr., remain at the head.

The document is attested by R. M. Anderson and L. O. Craven.

THE FOUR'S.

Charles Spurgeon once said that there were three great enemies to man—"dirt, debt and the devil." He might have added one more and included dyspepsia. The evil results of this disease could hardly be exaggerated. Its effects are felt in mind and body, and are as far reaching as the effects of the curse that was laid on the Jackdaw of Rheims which was cursed in "cavorting and debauching and sleeping in standing and sitting and lying." The good effects of Dr. Pierce's Golden Medical Discovery are most marked in aggravated and chronic cases of dyspepsia. It enables the stomach glands to secrete the necessary quantity of digestive fluids, and this in turn removes that craving or gnawing sensation or "burning" feeling, forms of indigestion. It tones and regulates the stomach, invigorates the torpid liver and gives the blood making glands keen assimilative power. "Golden Medical Discovery" cures ninety-eight per cent of those who use it. Dr. Pierce's Pleasant Pellets are superior to all other laxative medicines when the bowels are obstructed.

Beautiful Lady.

May or may not be the meaning of the word belle. But many women know (and others are daily learning) how excellent a thing for a woman is to be a belle. It is a fine, smooth, elegant, and all of quick and kindly feeling. Try one and we shall not need to tell you how much it will do for you. On the face skin of the genuine one the more redness, freckles, and blotches disappear. JOHNSON & JOHNSON, Manufacturing Chemists, New York.

Conviction in Laidle, McIntosh and Johnson Cases Causes Motion.

The attorneys in the Laidle, McIntosh and Johnson murder cases at Madisonville have filed motion for a new trial. The verdict of the jury was that the defendants were guilty of manslaughter, and fixed their punishment at two years in the penitentiary. The motion includes twenty-four reasons why a new trial should be granted, and among the reasons the following affidavits are prominent.

The affidavits, R. G. Sisk, W. E. Oates and E. R. Sisk, state that they and three other jurors in this case, Willey, Benton and McGee, were, during the deliberations of the jury, in favor of acquittal of defendants on account of a reasonable doubt of them having been proven guilty and were of that opinion when the verdict was agreed to and returned. That they agreed to said verdict as a matter of and by way of compromise with contending factions on the jury. A. B. Sisk, Roland G. Sisk, Wm. E. Oates, Attest, J. F. Gordon.

"Subscribed and sworn to before me by A. B. Sisk, Roland G. Sisk and Wm. E. Oates, June 2, 1901. D. W. Gastin, C. N. O. Q."

Court has adjourned and Judge T. J. Kane, who presided in the case, left for Princeton where court convened yesterday. Sentence has not been passed on the defendants, and they are in jail awaiting the next term of court.

PLEASANT EVENT.

Mr. and Mrs. Whit Radford's paternal home at Howell was thrown open to Mrs. Margaret Mason's Music class Thursday afternoon. The beautifully decorated parlors and spacious hall were well filled with a music-loving audience who knew a rare musical treat was in store for them. The exercises opened with an earnest prayer by Rev. Vaughan. The programme was a varied one and carried out in a manner to give great satisfaction.

Mrs. Mason's work in music last year both at Herndon and Howell speaks for itself, and the outlook for next fall is very promising.

THE DON'T "KNOCK" ORDER.

The Don't Knock Order has been organized in the East. It is the successor to the Buffalo of "knocking down" fame but is unlike that greater crowd. The purposes are set forth as follows:

Section 1. To overcome the members the deplorable habit of speaking ill of our fellow-citizens known as "knocking"—and by precept and example trying to induce others to do the same.

Sec. 2. To better the social and moral condition of mankind by a true devotion in its members to the cause of charity in its broadest sense.

Sec. 3. To keep the Golden Rule ever in the minds of its members.

Sec. 4. To bind its members together in a social and fraternal manner.

The question, "Are you a Buffalo?" has changed to "Are you a Knocker?"

The evil results of "knocking," which is a colloquial word signifying to "back bite," "speak ill of," etc., was evidently the incentive that led to the founding of the order.

It is the purpose of the society to repress the reprehensible habit of "roasting" people, talking behind their backs. The penalty for each violation was placed at a penny, but many are inclined to think that it is entirely too small a fine.

As yet no provision has been made for the admission of women members. This will be attended to however, and it is believed that organizations will spring up in the country villages where the venomous tongue of the gossip is at work in so many cases with such dire results.

Whether the small penalty for violations would stop the wagging of the gossip monger's tongue or not remains to be tried. It would certainly tend to break up the pestiferous habit.

The organization of new clubs of "Don't Knock" is in progress, and will be heard of throughout the city.

A habit persisted in, it is said, has become a chronic disease. This is true of "roasting" people. Join the "Don't Knock" order.

SCHOOL DAYS ARE OVER.

Thirteen Graduates From South Ky. College.

Exercises Of Unusual Interest Mark Closing Of Term.

From Thursday's daily.

The first exercises of South Kentucky college were held last night at Holland's Opera House. A large crowd was present and an excellent program was given.

The musical numbers, which were rendered by Misses Florence Elgin, Myrtle Holman, Annie Faxon, Nan Long, Kate Faxon, Rowena Wall, Willie Long, Moore, Donald O'Carney and Fritz Fallenstein, were greatly appreciated.

The salutatory by Mr. W. T. Price was creditably conceived and gracefully delivered.

The class history and class prophecy by Misses Mary Aden and Lillian Bush, respectively, were specially attractive features, both teeming with happy references and the valedictory delivered by Miss Willie Jackson was appropriate and interesting and well received.

The diplomas were awarded by Rev. H. D. Smith to the following graduates:

Myrtle Holman, A. B., Kentucky.

Lillian Bush, A. B., Kentucky.

Zenobia May Blades, A. B., Kentucky.

Orel Olaney Moore, A. B., Kentucky.

Eugene William Ray, A. B., Kentucky.

William Thomas Price, A. B., Kentucky.

Joseph Gast Galtier, A. B., Kentucky.

Mary Laura Aden, B. S., Tennessee.

Willie Ray Jackson, B. S., Kentucky.

Evelyn Louise Carter, B. S., Tennessee.

Annie Wheeler Faxon, B. S., Kentucky.

Laurie Langley Wadlington, B. S., Kentucky.

Robert Howe McGaughey, B. S., Kentucky.

After the entertainment, a delightful social hour was enjoyed on the college campus by the young people.

FORMER HOPKINSVILLE GIRL'S SHARE IN A VAST ESTATE IS OVER TWO MILLION DOLLARS.

Miss Ollie Tyson, Of Todd County, One Of Eighteen Heirs To \$40,000,000 Left By Her Uncle In Australia.

From Thursday's daily.

Miss Ollie Tyson, a Todd county girl who formerly lived in this city, is reported to be one of the eighteen heirs to an estate estimated at \$40,000,000.

Miss Tyson's share in the fortune is, therefore, a little matter of \$2,222,222 and a little over 21 cents.

It is not often that one hears of people who own millions of dollars being sought after to take charge of their wealth but here is case in point.

Only last week attorneys were looking everywhere for heirs to the vast property and have at last succeeded in locating them. Miss Tyson is the only one in this region. The others, including a brother, are in the West. A few years ago Miss Tyson, who is about twenty years old, resided on Seventh street in Hopkinsville. She is rather petite and a pronounced brunette. She is a relative of the Reese family, whom she visits every few months, and with whom she made her home while living here. She is an orphan. Her fortune comes from her uncle, John Tyson, of Australia, who died leaving an estate, as estimated above, worth a cool \$40,000,000.

According to press dispatches John Tyson was a shrewd Scotchman who emigrated to Australia when the gold fever broke out in the 40s. He bought a large tract of land and established a ranch. His natural integrity, combined with an element of good luck, enabled him to increase his possessions each year until his wealth was more than \$20,000,000. He never visited his native land, and never wrote home, living a secluded life.

About a year ago he died intestate. He was unmarried, and had no relatives living in Australia. An investigation by the authorities at his home in Scotland revealed the existence of three heirs who came to America several years ago. One of these heirs, it has been learned, was the father of Miss Ollie Tyson.

MAY PULL ROGERS OFF.

Talk of Running Judge Breathitt Against Mr. Bassett.

A local correspondent writes as follows to the Louisville Times:

The complete success of the fusion movement in Christian county, which makes the outcome very doubtful from a Republican standpoint, has thoroughly alarmed the Republican ring. The number of Republicans who will vote the fusion ticket is estimated at from 500 to 1,000, and as even 500 will defeat them they are seriously considering a plan to take James F. Rogers off the ticket for representative and put Judge James Breathitt, their ablest leader, in his place. This show of weakness and flight is greatly encouraging to the fusionists.

SALOON MEN TO PROTEST.

Not Pleased With Recent Action Of City Council.

The action of the city council in the matter of closing the saloons at 11 o'clock p. m. and putting a stop to playing is not liked by the bar keepers.

The saloon men will hold a meeting tomorrow evening to discuss the subject and pass resolutions. The city council will be asked to repeal the ordinance, as they argue that the ordinance is class legislation and in conflict with the Kentucky statutes.

One Fare Round Trip.

From Points Within 100 Miles To Good Roads Convention.

Judge James Breathitt, Chairman of the Transportation Committee of the Good Roads convention, in receipt of a communication from Assistant General Passenger Agent Kelland, of the Illinois Central railroad, announcing that the road will offer a rate of one fare round trip from points within 100 miles of Hopkinsville on account of the big event July 10 and 11.

Under this arrangement tickets at this rate are authorized from stations on the Evansville district from Flournoy to Grayson, Louisville, and on the Louisville and Memphis division from Louisville to Landfield, and on the Owensboro branch.

Tickets will be sold July 9 and 10 on the trains arriving July 11, limited to July 13 for return.
