THE MURRAY LEDGER.

VOL. 21, NO. 19

MURRAY, KENTUCKY THURSDAY, AUGUST 1, 1912.

HENDRICK FLAYS THE LILLIPUTIANS.

It was a pitiful contrast. Hon. John K. Hendrick towered above his little opponents like the mighty oak towers above the black jack sprout. The editor of the Ledger went to Paducah last Tuesday at noon in order to be present at the close of the joint speaking by the candidates for congress. It was our first opportunity to attend any of the speakings, and we are glad we availed ourselves of this opportunity. We believe every voter should acquaint himself with the ability and the qualifications of men seeking his suffrage before making his choice, and it was our pleasure to hear every word spoken by each of the four candidates, and we believe we heard with average intelligence. We believe we accorded each man due consideration and passed judgement upon a fair basis.

The most highly prejudiced man in the gathering, if honest with himself, will admit that it was the case of a giant in contest with lilliputians; a contest between a man of ability, brains and qualification and bigots and rank demagogues. It was pitiful, a comparison is absolutely odious. It was plainly demonstrated that Hon. John K. Hendrick is so much the superior of his opponents that to consider their candidacy in opposition to his candidacy is absolutely humiliating. What are you going to do in this contest? Vote your honest conviction and you can make no error.

RENOUNCES WILL

Widow of Shannon Walston Asks Court to Allow Her Dower Giving Her One Half of Estate.

By renouncing the will of her husband, Mrs. Belle Martin Walston chose to receive her dower in the estate of her husband, Magistrate U. S. Walston instead of the property bequeathed to her. The order of Mrs. Walston renouncing the will was made in the McCracken county court this morning. The will was probated several days ago. An administratrix has not been appointed, although in the document Mrs.

Walston is named as executrix without bond.

In his will Magistrate Walston left all of his estate except the real estate at Eleventh and Jones street, which includes the grocery and adjoining residence, to his wife and children. The real estate at Eleventh and Jones streets is left to his mother. A provision is made in the will whereby if Mrs. Walston marries again that her interest in the estate ceases and it shall be divided among the children. The will is dated August 15, 1902.

Magistrate Walston was considered a prosperous man and the value of his estate is valued at close to \$40,000. He was proprietor of a retail grocery and enjoyed a large trade. He owned

stock in the Paducah Banking company and was vice-president, while he owned stock also in the Turkey-Grocery company. Besides he owned considerable real estate in the city.

By renouncing the will Mrs. Walston seeks her dower, which will give her one-half of the estate and the remainder to the children.

F. G. Rudolph, public administrator, was appointed administrator of the estate of U. S. Walston this afternoon. His bond was fixed at \$10,000. Paducah Sun.

Don't Forget Your Ticket When You Go To Vote.

Here are the tickets. Not on the ballot just in this order but these are the tickets to be voted in Calloway county:

DENNY P. SMITH for G. Wells for re-appointment; for J. A. Edwards for postmaster at Murray.

ALBEN BARKLEY for K. Robertson for postmaster at Murray; L. Robertson for postmaster at Hazel.

Hon. JOHN K. HENDRICK for Congress and the People.

Will You VOTE or BE VOTED?

2,000 ACRES

Much Tobacco Pledged to the Association as Result of Big Picnic and Speaking at Almo.

The outlook for the success of the association in Calloway county looks brighter every day. As a result of the big picnic and speaking at Almo last Saturday more than 2,000 acres were pledged to the association. The officers and old members of the organization are jubilant over the result and it now looks like a greater per cent of the Calloway crop will be pledged than for many years. The farmers, even those who have not pledged for years, realize that unless the crop is pledged they can look for a return of the conditions existing previous to the organization. Between 2,500 and 3,000 people attended the picnic and heard

Capt. W. J. Stone and J. K. Keys present the matter to the farmers. Eager interest was manifested and after the speaking hundreds pledged their crops to the organization, many among the number who had never pledged before. It was a rally day and more tobacco was pledged than ever before at a single meeting.

Cannon-Moore Married.

C. T. Canon, for some time past connected with the Mayfield graded school system as an instructor, and Miss Emma Moore, were united in marriage at the home of the bride at Warrensburg, Mo., Thursday evening at 9 o'clock in the presence of a few friends. The ceremony was performed by Eld. S. B. Moore, pastor of the First Christian church at Warrensburg, and father of the bride. Rev. Mr. Moore was for some time pastor of the First Christian church in Mayfield.

The wedding came after a courtship of many months, and was not altogether a surprise to their many friends. Miss Moore has, up to a short time ago, been instructing classes in music in this city. She returned to her home at Warrensburg several weeks ago, and a short time thereafter Mr. Canon went to that city to take a special course in a summer normal.

The happy couple reached Mayfield Friday evening, and are at home to friends at the residence of Judge and Mrs. J. E. Robbins, Mayfield Messenger.

\$2000 REWARD

I will give \$2000 to any man who will guess who will be postmaster at Murray, Hazel, Dexter, Hardin, if John Hendrick is elected to congress August 3rd.

I will give 15 cents reward for the man who will guess the man who will be postmaster at Murray, Hazel, Dexter, Hardin, if either Barkley or Smith is elected. Can't give so much as it is not so hard to guess.

\$50 reward to the person who will bring me an honest man who will say John Hendrick is not honest. \$150 reward for the man who is honest and reliable who will say he is not qualified.

15 cents for the man who will say that Smith is not honest. Not so hard to guess.

15 cents for the man who will say Barkley is not qualified. Not so hard to guess.

Honest John Hendrick. Denny P. Smith (?)

Qualified John Hendrick. Alben Barkley (?)

Notice above Hendrick's has all the qualifications for a congressman. The other two are deficient in one or the other.

There are just two essential qualifications for a congressman.

1st. He must be honest.

2nd. He must be qualified.

Has Denny P. Smith both of these qualifications? Some say not.

Alben Barkley both of these qualifications? Hardly any one says he is qualified.

Has John Hendrick both of these qualifications? He is both honest and capable.

Then what are you going to do? Vote for a man partially qualified or a man fully qualified?

Now you see who is forging to the front, don't you. Hendrick is gaining each day. The pie hunters are not so big-headed and blustering now.

The people hate pie hunters.

See the clique around town squirm under the load they have to carry.

I knew those delegates who went to the Louisville convention were after something; and were going to fool us some way. Notice they voted against Ollie James and for McCreary. They were supposed to be representing Calloway county people. See how they represented Calloway county. Not one of them are for John Hendrick and I am glad they are not. He don't want them.

Yours truly,

A Reward.

BOSH ABOUT BARKLEY

Some fellow said in the presence of quite a crowd some few days ago that he was for Judge Barkley because of his attitude on the local option question, and forthwith began to spout off a lot of stuff about what Mr. Barkley had done toward the enactment of the present county unit law.

The best way to find out how a man stands upon any question is to examine his past record. Judge Barkley hails from McCracken county, one of the very few counties in the state which permits licensed saloons. He has served McCracken county as county attorney and is now serving that county as its county judge. How came Mr. Barkley to be elected to these offices? You will readily answer by the votes of the people. Correct you are. The voters of McCracken county are friendly to the liquor business or they would vote out the saloons. You say of course that is also correct. Then when and where did you ever before witness a liquor people voting into office any man who is opposed to their interests? Don't you call such stuff the rankest sort of rot? It is not.

Then a little further, and possibly we can find out just how much Mr. Barkley had to do with the passage of the present county unit law. The day the McCracken county democratic convention was held Mr. Barkley was just compelled to go out to a little barbeque somewhere and orate for the occasion and failed to attend his county convention and lend his influence toward the adoption of a resolution declaring for the county unit law. As a result McCracken county's delegation to the democratic state convention, of which Mr. Barkley himself was a member, voted first, last and all the time against the plank in the platform declaring for the county unit law. How is that for a record on local option?

Watch For The Buzzards.

A bunch of political scavengers from Paducah, Mayfield, and elsewhere are to be shipped into Calloway county this week in endeavor to create a false impression regarding the congressional race. Barkley and his gang-of Paducah henchmen are moving heaven and earth in endeavor to stem the terrible defeat in store for the nice young man from McCracken. Watch for these political buzzards and politely inform them that you can read and write and that your eyes are opened to the true situation as well as some other fellows and that you have decided to VOTE and NOT TO BE VOTED. Keep your weather eye on them, some are here at this time and have been here several days.

PLAIN, OLD HONEST JOHN.

WINSTON CHURCHILL EXPLAINS ADMIRALTY PROGRAM. BUT MADE EXCELLENT PROGRESS IN THE WEST.

FOUR BATTLESHIPS A YEAR IS FRUITING VERY POORLY

Effect of German Naval Law Would Be to Keep Four-fifths of Entire German Navy in Readiness for Instant War.

London.—Introducing a supplementary naval appropriation bill in the house of commons, Winston Spencer Churchill, first lord of the admiralty, declared the effect of the new German naval law would be to maintain nearly four-fifths of the Kaiser's entire navy in permanent commission, ready for instant war.

"Such preparation," said Mr. Churchill, "is remarkable, and, as far as I am aware, finds no example in the previous practice of modern naval powers."

The British shipbuilding program, Mr. Churchill then announced, provided for five battleships to be constructed next year and four battleships for each of the following four years.

Naming the ultimate scale of the German fleet, the first lord of the admiralty declared it would be "extremely formidable" and that it would be "very difficult" to maintain a fleet of the same size.

Mr. Churchill pointed out that the increased fighting power of Germany involved reorganization of the British fleet, and that the only way to meet it, he said, is "by cool, steady and methodical preparation over successive years."

YOUNG WOMAN BRUTALLY BEATEN

ESSIE CARTER, DAWSON, GA., AT POINT OF DEATH.

SEVERAL MEN IMPLICATED

Little Probability Victim Will Recover, and Three Men Said to Have Done Whipping May Face Trial for Murder.

Macon, Ga.—Essie Carter, the young white girl who was whipped at Dawson, Ga., by a party of prominent men, headed by W. S. Dozier, clerk of the superior court, is at the point of death at a hospital here. The probability is that the man who whipped her eventually will be tried for murder, as the attending physicians say the case is almost hopeless. There is scarcely an inch of flesh from her neck down that is not cut and discolored, and she cannot bear the touch of either, clothing or bandages.

Essie Carter was whipped because W. S. Dozier's 20-year-old son was infuriated with her and she refused to swear that she would never meet the young man again. Her story reads like the records of a Russian prison where the knout is used on women as well as on men.

"I love Vogt Dozier," she said, "and he loved me. Because he would not give me up, though I urged him to do so to please his father, the latter and his friends whipped me almost to death. Dozier and his friends carried me off in an automobile to a grove near Dawson. When they got me there they stripped me to the skin and, while four men held me, Dozier lashed me with a buggy whip. A negro chauffeur held the lantern so that he could see to whip me."

GOOD AND BAD IN REFORM SCHOOL

WON DELINQUENTS FOUND ASSOCIATED WITH CRIMINALS.

Board of Prison Commissioners Order Little Ones Sent Back to the Counties From Which They Came.

Frankfort.—Little children, who were not delinquents, and some of whom are no more than 8 years old, are housed in the State Reform School at Lexington by the State Board of Prison Commissioners on their visit there. In the school these children are necessarily herded with other children, degenerates and criminally inclined. The children who are sent delinquents have been sent there by county judges who found them charges on the county and wished to get rid of them.

The commissioners at once instructed Superintendent J. W. Milliken to make out a list of these children, and they will be sent back to the counties from which they came. The board found the school overcrowded, especially in the sleeping quarters, and steps were taken to relieve the congestion as much as possible until the new dormitory is completed this fall.

The board adopted a resolution prohibiting drinking of intoxicants by prison officials and employees while on duty and drunkenness on or off duty. They also put the ban on taking liquor into the prisons. They explained that this rule was announced in order that employees might know what to expect, dismissal being the penalty.

EXAMINING AN ATOM

By reference to Webster you will find that an atom is a something so small that it cannot be divided, and can only be seen by properly focusing upon it a powerful microscope. We will now adjust our microscope and look into the atomest atom that ever disported itself into thin air. This atom only appears weekly in this vicinity, and is seldom noticed because it is harmless. But the remarkable fact about this atom is that it takes itself seriously and has labeled itself the "Calloway Times." In blowing about through the atmosphere it sometimes attempts to get into our eye or under our toenail or somewhere, but it has never bothered us to any extent. Germs are dangerous but there is no harm in an atom. This atom not long ago raised a hullabaloo against the state politician. Oh, it was for Ollie James from who laid the rails. It was a bear-cat atom for awhile in championing Ollie's interests. For a spell the atom became SEVERAL atoms. It got into everybody's eyes and blinded them as to its real intentions. People thought it was for Ollie but to behold, BUT NOT SO and BUT. The head atomizer got out some specially hot atoms for Ollie, then took the train and went as straight to Louisville on a free pass—Well, maybe they don't charge an atom—furnished no doubt by the machine, and when it got there what was the first thing it did? Well, it had a cocktail and breakfast, then went to the convention hall and as quick as a wink VOTED AGAINST OLLIE JAMES. The man it had been championing for and that he had been used for championing.

the other part following Smith away. This appointment proved a distinct disappointment to Barkley, as Columbus has two of the largest voting precincts in Hickman county. It had been claimed all the while that Hickman county would go almost solidly for Barkley. In order for him to remain anything like a factor in the race it is now necessary for him to poll almost every vote in this county. With Columbus a criterion, the vote of Hickman county is badly split. Possibly with the Clinton precincts for him, Barkley may succeed in carrying the county by two hundred and fifty votes. This slight majority, however, will put him entirely out of the running.

With Corbett clearly outdistanced and Barkley breathing heavily in third place, Hendrick and Smith the two leading candidates are pacing along easily, side by side. Both are holding in reserve their strength to use in the final dash next week that will determine the winner of the First District Congressional Marathon.

One thing is certain, the name of the nominee will be either Smith or Hendrick. Barkley, the splendid young man, has to all appearances thrown away his opportunity. He is beaten.

The candidates spoke in Carle county today. At Arlington this afternoon John Hendrick received a great ovation. Smith also came in for his share of the applause. Fulton Leader

THE PEOPLE ARE ON

The ringsters who are holding out to the tail end of the collapsed Barkley boomlet are still raving about over the country saying "you must vote for Barkley to beat Smith." "Smith must be defeated. It would never do to send a man of his type to represent this district in Congress." Oh, no, but last fall you thought Denny was the works," and you attempted to make the people think he was the bear-cat to lead you. Why? Because Denny was in touch with the Frankfort ring. He was in position to get PIE for the local ring. Previous to that time de gang, headed by G. Wells, denounced him as a felon and wanted him sent to the penitentiary. Now G. is for

should be elected to congress a vacancy would be the result and under the new state law a primary election must be called at the expense of the tax payers and which would cost from \$5,000 to \$10,000 to fill the office and that these men asked and begged the people to give them. Is this not a rank injustice to the people? Should the tax payers be made to pay such a burden merely that the whims and fancies of some chronic office-suckers be satisfied? These are matters for serious consideration, and in the future the voters of this county should demand of every man seeking their suffrage that he give assurance that he is going to be satisfied with the office that he seeks at the time, at least until the expiration of term to which he was elected has expired.

- If a congressman can have no guy in who shall be postmasters in his district, why is it dear ATOM, that Allen Barkley has had so many promises to give postmasterships to his henchmen? Does he expect to violate these promises as he has all other promises he ever made to the people who elected him county judge? We think that is his intention, for of all the demagogues

ness for Kentucky Alben Barkley for his ability heads the list. Why, oh why, dear Alben, did K. "take to the woods" for Barkley and Jim Edwards for Smith if they had not been expecting the endorsement of these men for postmaster. Are they riding all over the country for fun? Do they love their country so, and is their patriotism so exalted that they will spend two months "free gratis for nothing." No, Billie, you are simply trying to fool the people once more as you did when you ran it hell bent agin the machine and then took a trip to Louisville and voted exactly opposite to your newspaper views. How aint you one-helluva-cuss to be talking about any man's "innocence."

Politics is a strange proposition after all. A month ago Judge Barkley, a splendid young man of McCracken county had the congressional race almost won. He had made a thorough canvass for two years, had played a strong card with secret societies, sought their big meetings and was always there with one or two friends posted to call on him at the proper moment for speech. Now it seems that he played his hand a bit too strong or it develops that at least two of his opponents are also members of these orders and have modestly refrained from mixing politics with fraternalism. The result is that these members are

representing any effort to "vote them" as sheep. When the shake up comes there will be some surprises in store. No man has any lead pipe hold on the vote of a secret order. If such were true there would be a mad rush to join. A thing like this always reacts in a campaign. Fulton Leader.

Say, who would make us the best Congressman? Who is the best QUALIFIED man? John K. Hendrick. You KNOW it. Well, what in the devil and ton-walker do any of us mean by even THINKING about voting for anybody else. There is NOT A MAN in Calloway county who will not say that of the four candidates John K. Hendrick is the best man to represent us and that he will use all the ability and energy that he possesses in

the people's interest. Is this a time to send amateurs to battle? Don't we need men of ABILITY at Washington? Don't we need HONEST men there? Are we voting to simply get an endorsement for a favorite for SPITTOON-CLEANER or STAMP-LICKER? Is that the idea? NO. Then let's do the clean thing and the best thing for OURSELVES by voting for John K. Hendrick Saturday.

The Lyon county Herald and the Princeton Leader are striving very hard to convince the voters of Lyon and Caldwell counties that Denny Smith was the onliest and originalist county unit man in the state, and lays credit to Smith for its adoption by the democratic party and the passage of the present county unit law. That's what we call adding insult to injury. Might as well tell us that the devil established the christian church and appointed Jim Edwards and J. Wells first deacons as to endeavor to convince anybody that Denny Pea had anything to do with the county unit law. We've heard Denny Pea accused of a very other thing possible in connection with liquor but this, and we'll bet there are not less than forty-nine boudlers in his judicial district that will testify to the truth of our statements.

The Clinton Gazette says, "its custom for a candidate for congress to go out and promise post-offices to fellows, in order to get their support and make men hustle for votes." Well, its "custom" that is a species of bribery and ought to be heavily taxed upon by the voters' qualification and merit ought to govern in the selection of candidates for congress. The "custom" of trickery, bribery, machine, political scheming and blinding the voters.

are for Hendrick, when it is known all over the district that the chief fagelman for Alben Barkley is none other than Gus Singleton, Friedman, Keller & Co.'s political gynaestants.

Who is so interested in the election of Barkley that on the flimsiest technicality he prevented John Hendrick's own son from registering to vote in this primary. Barkley is not the paragon of purity that the Atom would have folks believe, as certain saloon men in Paducah can testify if they would.

You read "some recent work of the game" in the Ledger last week, didn't you? You rather ought somebody would reply to that in the Atom didn't you? Well, they didn't and why? Because it was gospel truth and they couldn't get away from it. Now, people, it's up to you. If you want to perpetrate this crew power, you have the opportunity by voting for either Barkley or Smith.

IS 100 YEARS OLD.

These western faces were the front of the building. Behind them in the front yard was a small square of land, the brew-house and other outbuildings. Stoughton was finally taken down in 1780 and a different plan of arrangement then became possible. Still the same lot was used, 863 square feet, placed on a line with Hollis and it also faced the west.

In 1811, however, another dormitory being needed, it was voted in the first year of the decade to erect a new building to be used to erect a new college for the habitation of students on the site of old Stoughton Hall." and Mr. Lowell and Loammi Baldwin were appointed to select a site and to draw the plans and superintend the erection of the building. If this plan had been carried out it would have effectually blocked the development of the present building.

Fortunately better counsels prevailed, says the Harvard Graduate Magazine. On March 11, 1811, Mr. Baldwin presented a plan for the new college building. The plan was approved by a committee appointed to contract for the erection of the new college be re-

Most of them wore vivid, gilded handkerchiefs on their heads; some were garbed in wide trousers which extended only to the knees, and others were half-naked. One man wore a yellow turban.

According to the testimony, the men were shipped in India, signing papers which stipulated that they were not to have any shore leave unless upon express permission of the captain. All said that the men had been deceived when these papers were signed, as they understood

RECORD OF JERSEY FARMER

Philadelphia.—Father to 26 children and never a word with his wife, is the enviable record of Joseph Hinchman, 87 years of age, who resides on his farm at Merchantville, N. J.

Mr Hinchman told how he had raised 26 children, all of whom he had adopted, and who grew up to be valuable citizens.

Mr. Hinchman said he adopted the first of these children when he was only 26 years old. At that time he was driving his milk wagon. He became associated with Mrs. Nancy Ann

MAN SET HENS IN HIS COFFIN

North Adams, Miss.—When Edward D. Pomeroy was buried the other day in the little mountain town of Buckland in a coffin that he made with his own hands, a strange tale made by the old man to a doctor to save his life for two weeks came to light.

"Can't you keep me alive two weeks?" asked the ill man, anxiously.

"Why do you want to live just two weeks?" asked the doctor.

"Well, you see," he replied, "I have six hens setting in that coffin and I'd rather not disturb them until they're hatched."

But Pomeroy died on a new nest were found for the hens.
