MURRAY, KENTUCKY, THURSDAY, NOVEMBER 21, 1912.

DAMAGES

Toy Henry Awarded \$12,000 in McCracken Court

Loss of Leg in Murray Basis of Damage Suit.

Toy Henry who was run-over by an N. C. & St. L. railway train here in Murray several months ago while in the employ of the company as brakeman, has been granted a judgment for \$12,000 damages. Mr. Henry is a former Calloway boy and is a nephew of Rob Lee, of this city. The Paducah Sun says of the case:

Twelve thousand dollars is the amount of damages awarded Toy Henry against the Nashville, Chattanooga & St. Louis railway for the loss of his left leg by a jury in the McCracken circuit court. The jury returned the verdict Saturday at noon. Henry filed suit for \$50,000.

The arguments in the case were completed late Friday afternoon, and the jury was permitted to go for the night. The jury took the case Saturday morning at 9 o'clock when court convened, and retired to the jury room. Once the jury reported inability to agree, but at noon they agreed upon a verdict. The case developed into one of the prettiest legal battles that has ever been fought in the circuit court. Henry was represented by S. A. Anderson, of St. Paul, Minn.; J. R. Grogan, and W. M. Oliver, of Paducah. Attorneys Wheeler & Hughes, of Paducah, and Coleman & Wells, of Murray, represented the railroad.

The suit may be appealed but it is said that this is doubtful.

His Lines Are Mixed.

Col. J. M. Cole, one of the ring leaders of the G. O. P. What was in Calloway county, was here Wednesday night. Mr. Cole has cut politics and is now selling oils, axle grease, tobacco dusters, stock food, etc.—Livingston Banner.

INSTITUTE

Calloway Farmers Hold Interesting Two Days Meeting.

Organize By Electing Officers, and Will Meet Monthly.

A meeting of the Calloway County Farmers' Institute was held in the auditorium of the Murray High School building the 13th and 14th, last week.

The attendance was about sixty farmers. The interest manifested was noticeably much greater than at any of the Farmers' Institutes held here.

The meeting was called to order by Prof. Clayton at 10 a. m. The state law provides a permanent organization for twelve months. Mr. Clayton called for the election of a president and secretary to serve for one year. L. Y. Woodruff was elected president and Leonard Wilson secretary. The state law also provides for the election of one delegate and several alternates to the State Farmers' Institute, which will be held somewhere in the state this winter.

The following delegate and alternates were elected: L. Y. Woodruff, delegate; Kent Rogers, D. B. Lassiter, Geo. Overbey, Leonard Wilson, Will Nanny Guy Farley, Autry Wilson, I. T. Crawford, Ryman Jones, alternates.

It was also decided by a unanimous vote to hold meetings each month. The president appointed a committee of five to name the time and place for the first meeting and to arrange a program, all of which they will give notice through the papers. The meetings will likely be held in different parts of the county, providing the people desire it. Any section that would like to have the meeting held in its midst can notify the secretary.

There will be many things of great importance to the farmers of Calloway discussed at these meetings. When you get interested in these meetings and care to have any subject of general interest discussed, write the secretary.

A petition was last week filed in Trigg county court asking the court to call an election to take the sense of the voters of Trigg county upon the proposition to issue bonds to the amount of \$150,000 for the purpose of raising money to build gravel roads in the county. The petition will lie over until the regular county court in December for final action. The petition asks that the election be held on Saturday, the 25th of January, 1913.

The bonds will bear interest at the rate of 5 per cent, and will run for twenty years. It will take a two-thirds vote to carry the proposition.

200 Hogheads.

With a little over 200 hogheads of tobacco left at the local warehouse of the Planters' Protective Association, the last sales of the 1911 crop are near at hand. The Association hopes to dispose of the remainder in about ten days or two weeks and prepare for the receipt of the 1912 crop. About three-fourth of the tobacco now on hand consists of leaf.

So far this week about 150 hogheads of tobacco, all leaf, have been sold. The prices ranged from 7 1/2 to 12 cents per pound. Sales are being made every day at the local salesrooms.—Paducah Sun.

TEARING ROBBERY GIRL KILLS MOTHER

TRAGEDY OCCURS ON SPEEDING PENNSYLVANIA TRAIN.

FIRE WHILE HALF ASLEEP NORTH AND SOUTH MEET

Girl, Who Was in Berth, Killed Mother as She Entered—Was on Way to New York to Purchase Trousseau.

Philadelphia.—Mrs. J. Rape Myers, was shot by her daughter, Gladys Elizabeth Myers, in mistake for a robber, in a sleeping car on a Pennsylvania railroad train bound for New York. She died a short time later in a Trenton, N. J., hospital.

Miss Myers was on the way to New York to purchase a trousseau for her coming wedding to J. Blair Dillard of Salem, Va. She had a basket of jewels which she was taking to New York to have repaired and matched and when she heard her mother reentering the section after Mrs. Myers had gone for a few minutes to the dressing room, she took her revolver from under her pillow and fired, thinking a burglar was after the goods. She was half awake at the time.

Miss Myers made the following statement: "I was awakened by my mother, who informed me that she was going to the wash room and while she was absent I dozed off. I was suddenly awakened from my sleep by seeing the curtain parted and some one crawling into the berth. I always sleep with a revolver under my pillow and knowing that the porter had seen my jewelry, I pulled the revolver from under the pillow and fired and was horrified to hear my mother scream and see her stagger into the smoker, where I found her."

FIXES RATES FOR CANAL
Foreign Shipping Must Pay \$120 Per Net Ton.

The proclamation, made under authority of the canal act passed by congress in August, establishes a merchant vessel rate of \$120 per net ton of actual carrying capacity, with a reduction of 40 per cent on ships in ballast.

The provisions of the proclamation are as follows: "1.—On merchant vessels carrying passengers or cargo, \$120 per net vessel ton—each 100 cubic feet—of actual earning capacity.

"2.—On vessels in ballast, without passengers or cargo, 40 per cent less than the rate of tolls for vessels with passengers or cargo.

"3.—Upon naval vessels, other than transports, colliers, hospital ships and supply ships, 30 cents per displacement ton.

"4.—Upon army and navy transports, colliers, hospital ships and supply ships, \$120 per net ton, the vessels to be measured by the same rules as are employed in determining the net tonnage of merchant vessels.

14 KILLED, 90 HURT IN RAILROAD WRECK

FREIGHT CRASHES INTO EXCURSION TRAIN AT MANTZ, LA.

FIVE OF DEAD ARE WHITE

Fire Follows Wreck, and Three Coaches Destroyed—Brakeman Failed to Flag Oncoming Freight.

Baton Rouge, La.—Fourteen killed, four white women and two infants and nine negroes.

Ninety wounded, a dozen perhaps fatally, fifty being negroes and the others whites.

Three coaches and an engine destroyed by fire.

Such is the total damage done in a rear-end collision of a fast freight on the Yazoo & Mississippi Valley with a stalled double-headed New Orleans Woodville passenger train standing on a curve near Mantz, La.

But for the heroism of Engineer Rodney, of the freight, who climbed upon his burning engine and released a jammed safety valve, a boiler explosion would have added many more to the list of dead. Conductor Stinson, of the passenger train, organized the work of rescue and saved scores.

Brakeman Cunningham is charged with responsibility for the wreck.

It was five minutes before 1 o'clock in the morning when the excursion, a double-header, came to a stand on a sharp curve, while one engine, crowded with a steam head and a drowsy brakeman stumbled back along the track to give warning to the fast freight whined just behind.

There were seven coaches on the train, three in the rear filled with white people, four others in which negroes were packed and jammed like sardines—500 of them in four big excursion day coaches.

SCOFFERS.
Often Make the Staunchest Converts.

The man who scoffs at an idea or doctrine which he does not fully understand has at least the courage to show where he stands.

The gospel of health has many converts who formerly laughed at the idea that coffee and tea, for example, ever hurt anyone. Upon looking into the matter seriously, often at the suggestion of a friend, such persons have found that Postum and a friend's advice have been their salvation.

"My sister was employed in an eating-ern city where she had to calculate," writes an Okla. girl. "She suffered with headache until she was almost unfitted for duty."

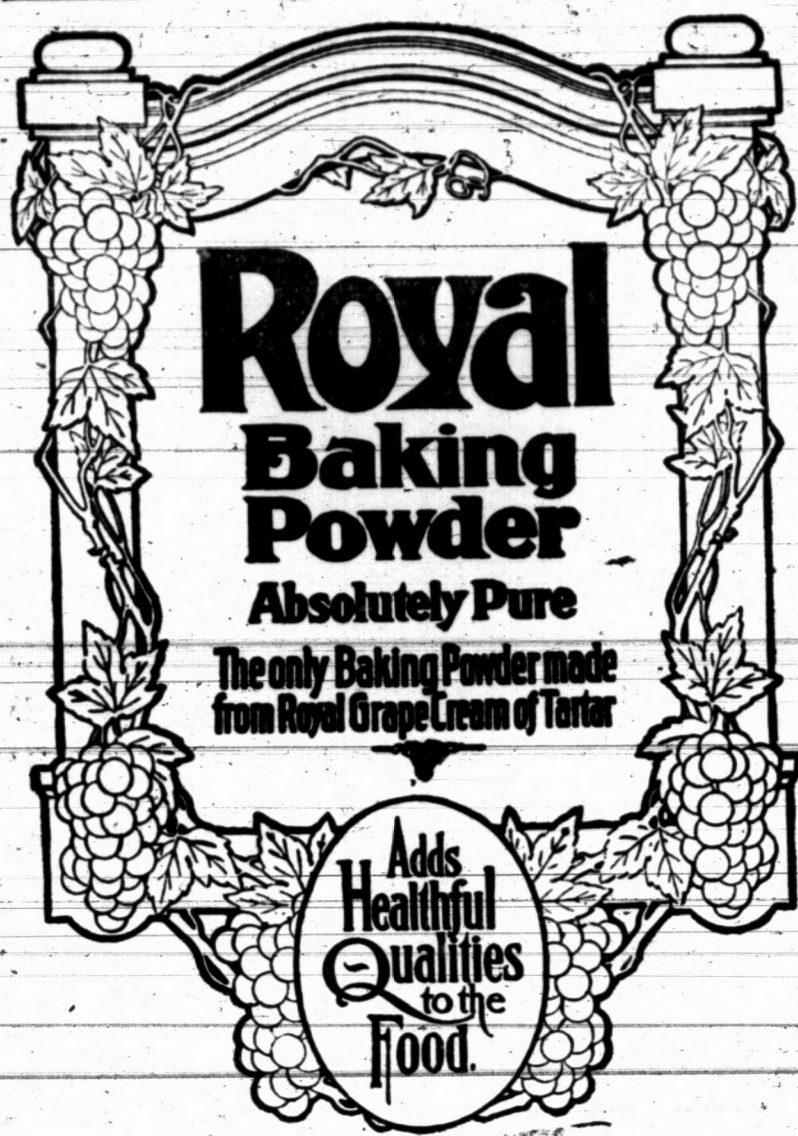

"After reading Postum she quit coffee and tea and in a few days she was entirely free from headache." (Tea is just as injurious as coffee because it contains caffeine, the same drug found in coffee.) "She told me, he had the same experience."

"My father and I have both suffered much from nervous headache since I can remember, but we scoffed at the idea advanced by my sister, that coffee was the cause of our trouble."

"However, we finally quit coffee and began using Postum. Father has had no more headache now. In four years due to a severe cold, and I have lost my headaches and sour stomach, which I am now convinced came from coffee."

"A cup of good, hot Postum is satisfying to me when I do not care to eat a meal. Cereals and meats cannot be located in a new country and I feared I would not be able to get my favorite drink, Postum, but I was relieved to find that a full supply is kept in the store."

A BALDHEADED WOMAN

Shorn of Her Crown of Beauty, Loses in Love and Marriage.

Hair is certainly most necessary to woman. Who could love and marry a baldheaded woman? What charms could one array to offset such a disfigurement.

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Murray there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens loses color, falls out and baldness commences unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will only use the right remedy. We have the remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "93" Hair Tonic is not an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of a hundred cases, where it received a thoroughly hard, impartial, and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see about this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store. The Rexall Store. Dale & Stubblefield.
