SHERIFF FINED

Graves Official Must Pay While Ex-Sheriff Is Acquitted.

The case of Sheriff R. B. Wallace, charged in 14 counts of receiving or collecting for taxes not listed was called Thursday afternoon and the defendant failed to plead. On motion of Commonwealth's Attorney R. L. Smith Judge Bugz assessed a fine of \$100 each in four cases and ordered the other ten cases filed away, and they are not to be re-docketed unless Mr. Wallace violates section 4067 of the Kentucky Statute, which prescribes that the sheriff shall not receipt for taxes on property not listed or certified to by the county clerk. The agreed fine of \$400 is in the nature of a compromise.

The case of the Commonwealth against J. N. Harris, former Sheriff of Graves county, charged with embezzlement, was called Thursday afternoon in circuit court. A jury was secured at 2:30 o'clock and the trial entered into. After hearing all evidence Judge Bugz gave preliminary instructions and Mr. Harris was acquitted.

Better Watch This Guinea.

Monday evening a young man named Butram, who lives at Benton, boarded the Whiskey Dick train for Fulton. He was en route to Paducah, and fell asleep soon after his departure from Fulton. He says that he dreamed he got off the train at Mayfield and went to the east side of the square where he found some money. He awoke before the train reached Mayfield and the dream appeared so vivid to him, he got off here, instead of proceeding to Paducah, and came up town looking for that money he had seen in his dream. He went to the east side of the square, and first looked close around a garbage can in front of Vail's drugstore. He found no money there and then moved down the pavement a few steps to the next can, which stood in front of Horner's restaurant. There he found \$7.75 that had been dropped carelessly beside the can. He seemed amazed at his dream and its realization, and told quite a gathering of men about it on the streets. Some of them listened to the details of the dream with doubt, while others are still puzzled. — Mayfield Messenger.

Helps a Judge in Bad Fix. Justice Eji Cherry, of Gillis Mills, Tenn., was plainly worried a bad sort on his leg had baffled several doctors and longed for all remedies. Additional Contracts Awarded.

At the regular monthly meeting of the county committee of the tobacco association held last Monday additional prizes con-

tracts for the 1912 crop were awarded Outland Bros., Murray, and J. W. Hill, Kirksey. The application of E. Tarry, Dexter, for a storage contract was rejected. A committee was also appointed at this meeting to investigate the reported sale of association tobacco by persons who had pledged same to the organization and if found that contracts were being violated civil and criminal proceedings will be instituted against the violators.

Escapes An Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough now." Quick and safe, it's the most reliable of all throat and lung medicines. Every bottle guaranteed. 50 cents and \$1.00. Trial bottle free at Dale & Stubblefield.

New Methodist Pastor.

In speaking of Rev. Pickens, who comes to Murray as the pastor of the local Methodist church, the McKenzie Banner says the following high compliment: "There has never been a pastor of any church in the town who has been more highly esteemed and beloved than has Brother Pickens. This appreciation has been shown not only in his own congregation, which is the largest in McKenzie, but has been manifested by the members of every other church as well as by people who do not hold church affiliations. Not only as a pastor and preacher is he so well liked, but as a neighbor, and in every sense, as a true Christian character, is he loved by the people of McKenzie and community. He has always been found to stand firm for the right on every question that affects the moral and religious welfare of the state and nation; and he assumes such position in his pleasing way as not to offend the most pronounced opposition. As a neighbor, we will regret to give up Mr. Pickens and his appreciated family who have endeared themselves to the people of this community and formed strong ties of friendship for the people of McKenzie and community."

Mrs. Dabney Dead.

Mrs. Rachael Utterback Dabney, wife of Judge John C. Dabney, died at her home in this city Tuesday afternoon at 2:30 o'clock.

Mrs. Dabney, whose health had been frail for several months so that she was unable to get on her feet, and then only for short distances, was taken seriously ill about six weeks ago, and since that time she had been confined to her bed. And though her weakness steadily increased and she suffered many times, yet she bore her trials with wonderful meek-

ness and Christian fortitude unfailingly to the end.

Mrs. Dabney was born in Murray, Ky., Dec. 15, 1862; united with the Christian church and was buried with her Lord in baptism by Eld. J. W. Higbee in 1878; and was married to John Catlett Dabney Dec. 22, 1887. She leaves a devoted husband, sons and daughters and brothers and sisters to grieve over her departure, and to cherish her life and memory as something noble and good added to their own experiences. Her children are as follows: Preston Dabney, of Mississippi; and Misses Alberta and Jane Dabney, of this place. Her stepchildren are: Mrs. Homer Blane, of Cadiz, Ky.; Mrs. Claude Manning, of Denver, Colo.; Dr. A. S. Dabney, of Nashville, Tenn.; and Mat C. Dabney, of New York. Her sisters and brothers are: Mrs. B. B. Linn, Salt Lake, Tenn.; Mrs. O. A. Butterworth, Murray, Ky.; A. H. Utterback, San Angelo, Texas; J. R. Utterback, Brookport, Ill.; and C. S. Utterback, Paducah, Ky.

The funeral sermon at the home of the deceased was preached by Rev. F. M. Petty, and the remains were laid to rest yesterday afternoon in East End cemetery. — Cadiz Record.

Gets In Bad With Law.

Mayfield, Ky., Nov. 25. Cal Cloys, of near Farmington, was arrested and lodged in jail Friday night by Chief McNutt and round year—fifty-two weeks' is Policeman Roy Hamlett. The sues, and the fifty-second as officers had a warrant for Cloys, keenly anticipated and enjoyed which had been issued a few minutes previous, on a charge of disorderly conduct. The officers and Cloys were enroute to

the city hall when Cloys asked for permission to step into a restaurant on the east side of the square. It was discovered that Cloys had a pistol in his pocket and the officers relieved Cloys of the weapon after a few minutes scuffle. During which time the wife of Cloys was making an effort to get the gun from her husband's pocket. Cloys was lodged in jail and an old ten days sentence for carrying a weapon, the judgement having been taken about 3 years ago, was raised on him, he having never procured a pardon from the Governor. The trial for the last episode was set for Monday in the police court.

The sues, and the fifty-second as officers had a warrant for Cloys, keenly anticipated and enjoyed which had been issued a few minutes previous, on a charge of disorderly conduct. Will Not Be Prosecuted.

Four witnesses in the "night rider" suits, who were indicted by the federal grand jury at Paducah for perjury, will not be further prosecuted. An order from Judge Walter Evans, of Louisville, dismissing them was received today by Deputy United States Court Clerk Walter S. Blackburn. They are: Sam Cash, Bart Gray, W. J. Mitchell and Dr. J. B. Wadlington.

They were indicted here at the last April term of court for swearing falsely in "Night Rider" suits tried here. The order received says that District Attorney George DuRelle is unwilling to further prosecute the cases and on his motion the order dismissing them was made. This action is due to the settlement of the suit of H. M. Oliver against Dr. D. A. Amoss and others.—Paducah Sun.

Friend Wife in Curl Papers.

One Southern paper say: "Real love is the thing that makes it possible for a woman to kiss a man with a week-old beard, and for a man to look at a woman when her hair is in curl papers and see nothing but a halo."

As a rule we have always been willing to stand for anything as a definition in the "love" line, but never suspected anybody could be brutal enough to expect a fellow to take a "soak" at a lady auburned in curl papers, even if he did have a coat of Lexington Herald.

BY PRIMARY

Marion, Ky., Will Vote On Question of New Postmaster.

Marion, Ky., Nov. 23.—Marion, the county seat of Crittenden county and the home of Senator-elect Ollie James, is perhaps the first town in the country to positively arrange to hold a primary election for the purpose of selecting the man to be appointed postmaster when the Democratic administration goes into office. Not only have the Marion people decided upon this method of settling the question of who is to be postmaster, but Senator James has already declared that he will endorse the man receiving the most votes in the primary.

The election will be held on Saturday, January 3, and the office of former State Senator P. S. Maxwell, in the court house yard will be the voting place. Senator Maxwell, J. I. Clement, G. N. Cruce and Anthony Murphy have been selected as the officers who will conduct the election. The voting will be secret ballot and the order in which the candidates' names come on the ballot will be chosen by lot.

All known Democrats and those who will become Democratic voters by the time of election in 1913 will be allowed to vote for postmaster.

Busy With Tax Payers.

Sheriff Jordan's office is daily becoming more and more busy as the time draws near for state and county taxes to be paid. Taxes not paid by the last day of November, which this year will be on Sunday, and therefore not available as a day of payment, will be increased by the considerable penalties prescribed by law.

It seems to be a trait of humanity to defer paying taxes as long as possible and therefore the last few days before the time expires is always a time of great activity in the sheriff's office. This year will be no exception to the rule, although a large part of the tax payers have already paid their assessments.

Married in Fulton.

Thursday afternoon at 5 o'clock Miss Mary Chapman was united in marriage to W. D. Smith at the home of the officiating magistrate, R. T. Milner, State Line Street, South Fulton. The young couple drove to the city in a buggy from their home near Murray and soon after the marriage ceremony was performed left on the return trip to their home. — Mayfield Messenger.

Former Calloway Preacher.

Converts at the North Twelfth Street Baptist church will brave the chilly waters of the Ohio river Sunday afternoon when they will be immersed at the foot of Broadway by the pastor, the Rev. K. L. Chapman. The new members of the church have been received during the two weeks revival, which closed last night. — Paducah Sun.

"Bob" Will Run.

R. C. Butterworth, the big merchant of Farmington, was in today shaking hands with his many friends, and stated to a Messenger reporter that he would announce for sheriff in due time. — Mayfield Messenger.

Candidates for sheriff and jail are putting neck and neck in Graves county thus far. They are being elected candidates announced for each office.

WELL DESERVED

The Praise That Comes From Thankful Murray People.

One kidney remedy has known merit.

Murray people rely upon it. That remedy is Doan's Kidney Pills.

Murray testimony proves it reliable.

Mrs. S. J. Pool, Pool St., Murray, Ky., says: "Used to suffer very much from kidney trouble. For years I was unable to rest at night and in the morning I would be all tired out. This would make me nervous and caused headaches. My sight was blurred and I would often become dizzy. When I stooped I had sharp twinges in the small of my back. In 1908 I heard of the excellent results obtained from Doan's Kidney Pills, so I got a box and used them as directed with good results. Since then I have used Doan's Kidney Pills whenever I have feared a slight return of kidney trouble coming on me and they have kept the pains away. It gives me great pleasure to recommend such an excellent remedy as Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's, and take no other.

SYMPTOMS OF CONSUMPTION

Yield to Vinol.

The medical profession do not believe that consumption is inherited, but a person may inherit a weakness or tendency to that disease.

A prominent citizen of Evansville, Ind., writes: "I was ill for five months with pulmonary trouble, and had the best of doctors; I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

Vinol soothes and heals the inflamed surfaces and allays the cough. Vinol creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary disease.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

DISARMING THE BEE.

The honey of commerce is the product of a creature with a passion for work in the fore part of him and a red-hot stiletto in the rear. He is industrious enough to be written down in the books of the proverbs and he is ill-tempered enough to make even children respect him. He might be described as a cross between a steam engine and a carpet tack. An English aristocrat—which is society language for a bee—has been experimenting with bees for a number of years with a view to producing a worker that you can stroke and tease and rob with impunity, the characteristic of the ordinary bee which assures him room according to his size having been removed, says the Toledo Blade. He says, this Englishman, that his labors have been crowned with success. He has developed a species of bee that will suck the nectar from every nodding flower as assiduously as the old-fashioned bee. But he will not get on the high horse. He will not draw his knife on you. He is as stinging as a Penrose investigation of the Oil Trust. We're not certain whether we'd care to have this unarmed bee supplant the present rough-riding style of bee. We've come to have a fondness for the pictures of those beemen showing colonies swarming over their persons as other folks permit their offspring to swarm over them. And we're sure the beeman would miss those pictures themselves.

We are glad to print the reply of a reputable surgeon of this city in the statement of Dr. MacKenzie of Johns Hopkins with regard to operations upon the throats of children. The discussion of such topics in the public press is useful and to be welcomed. More frank publicity than ever before is being given to the treatment of disease and the prevention of it. For this a good deal of credit is due to such men as Dr. Woods Hutchinson, who, orthodox enough in his medical, surgical and hygienic creed, is shockingly unorthodox in regard to the exposure of the facts concerning the science of medicine, says the Syracuse Post-Standard. In this he has given offense to a good many other practitioners by refusing, as one of the spectators says, "to help them preserve the illusion that medicine is a mystery, and that revelation of its secrets is, on the one hand, treason to the medical hierarchy, and on the other, full of peril for the ignorant recipients." The people can stand a good deal more information than the tradition of the medical men allows them, and benefit by it, too. Ignorance isn't safety. Ignorance is what keeps patients away from real doctors and sends them to sharp ones.

Widows have been debarred from teaching in the public schools of Pittsburgh. Why does not seem to be clearly understood from the popular indignation reported against the order. It may have been on the general principle of Mr. Well's immortal advice to "beware of widows."

MANIAC FRIGHTENS LOS ANGELES

CARRYING INFERNAL MACHINE, CLEANED OUT POLICE STATION.

WAS FELLEED WITH "BILLY"

Detective Scattered Dynamite and Prevented Disaster—All Prisoners Were Removed From Prison.

Los Angeles, Cal.—Armed with an infernal machine containing enough dynamite to destroy an entire city block, a bottle of nitro-glycerine and a .45-caliber revolver, a masked maniac took possession of the central police station and held it for more than an hour, while hundreds of occupants of the building and those for blocks around, panic-stricken, sought safety in distance.

When Detective James Hosack knocked the man unconscious with a leather "billy" after slipping with a dynamite stick, the infernal machine was automatically ignited, but Detective Samuel L. Browne grabbed the box, with its fuse sharply spluttering, and hurled it into the street. Sticks of high power dynamite scattered over the pavement, while hundreds of spectators stood apparently paralyzed by fright. Through a freak of chance there was no explosion, and Browne continued kicking the sticks of dynamite and jumping on the fuse until he had broken the connection and extinguished the fire.

After Davis had held complete possession of the station for nearly an hour and a half a plan was devised by the detectives to trap him.

While Secretary Snively carried on the conversation with the maniac Detective Hosack slipped from the outer room, which was at Davis' back, and struck him on the head with a blackjack. The infernal machine dropped and Detective Browne grabbed it.

Davis reached in his coat pocket and Hosack hit him again, and he tumbled to the floor unconscious. The bottle of nitro-glycerine and the revolver were in Davis' inside coat pocket, toward which he had reached.

As Davis had said, his left hand was attached to the mechanism of the infernal machine, and its withdrawal ignited the fuse, but the quick work of Detective Browne prevented the sparks from reaching the explosive. There were sixty half sticks of dynamite and an expert said it was no per cent and that there was enough to blow up a city block.

Chief Sebastian, who had a brief conversation with the man and realized that he was in earnest, ordered the street roped off for a block either way and took steps to have the 100 prisoners in the city jail removed.

There were not enough patrol wagons to remove the prisoners from the jail to the Doyle Heights prison and two street cars were sent for.

Hamilton, Bermuda.—President-elect Woodrow Wilson a lively dispute with an American photographer which almost led to the exchange of blows. I can take care of myself in these things." He came here especially to avoid photographers.

ALLEN GETS FIFTEEN YEARS

He Is Found Guilty of Second Degree Murder.

Washington, D. C.—Siding Allen, leader of the gang which shot up the Carroll county court at Hillsville last March resulting in the death of five persons, was found guilty of murder in the second degree for the killing of Judge Thornton L. Massie. The jury fixed the penalty at fifteen years in the penitentiary.

The jury deliberated twenty hours before reporting its verdict. Wesley Edwards, nephew of the slain judge, who was captured with Allen at Des Moines, September 14, remains to be tried.

The prosecution announced that it would next take up another indictment against the prisoner, that charging the murder of Commonwealth Attorney William M. Foster.

Until the case of Sidney Allen is disposed of, nothing will be done in the case of his nephew, Wesley Edwards.

Brauer Plan Loses.

Spokane, Wash.—The Brauer plan for a million-dollar corporation for direct cooperative marketing of farm products was voted down by the National Grange after a sharp fight. In place of the Brauer plan the grange endorsed a plan for state and national "bureaus of information" as the first step toward cooperative marketing of farm products. By this plan each state grange will establish a bureau, which subordinate granges will keep informed as to marketing conditions.

FOR TRADE AUTONOMY

Principle of Industrial Unionism Decried by Federation.

Washington, D. C.—After a debate that lasted all day, members of the radical wing of the American Federation of Labor were defeated by a vote of nearly two to one in their attempt to have the federation adopt the principle of industrial unionism in place of its policy of trade autonomy. Two hundred and forty-nine delegates voted against the minority report of the committee on education, which favored the principle of industrial unionism, and 142 voted in its favor.

The voting strength of the convention, based on membership in representative bodies, was 1,000 against the minority report and 500 for it. After the minority report had been defeated, the majority report in favor of the continuance of trade autonomy was adopted by acclamation.

MARK GRAVES OF CONFEDERATE DEAD

HEADSTONES PLACED ON 22,401 GRAVES IN LAST SIX YEARS.

BERRY'S WORK IS COMPLETE

Arkansas Alone of Commission Appointed in 1906 by Congress Lives & Reports Quest for Missing Places of Comrades.

Washington.—So far as an earnest and careful search by one of their own leaders on the field of battle can assure, every Confederate soldier and sailor who died in a Northern prison and was buried nearby now lies beneath a headstone or a monument of marble. Gen. James H. Berry, ex-senator from Arkansas, the only surviving member of the commission entrusted by congress with this task, has just reported the completion of his work to the secretary of war.

The suggestion that the national government mark these long-neglected graves came originally from the late President McKinley in the course of one of his speeches delivered in the south and took form in an act of congress of March 9, 1906. This appropriated \$200,000 for marking the graves and created a commission to do the work. In the past six years two commissioners, ex-Representative James H. Berry of South Carolina and Gov. Oran M. Roberts of Alabama, have passed away and it has remained for Gen. Berry, one of the few living Confederate generals, to carry out the work.

Gen. Berry's report will be transmitted to congress. It shows that the general found and marked by headstones and tablets the bodies of 22,401 Confederate dead, including all positively known to fall within the terms of the act. In every case where it was possible, each of these graves was marked with a white marble headstone, similar to those placed over the graves of the Confederate dead, including all positively known to fall within the terms of the act. He is going to offer an amendment to the legislative, executive and judicial appropriation bill making former presidents life members of the house of representatives, with right to introduce bills and take part in the discussion, but not to vote, each to have an annual salary of \$17,500.

Worth Three Times a Diamond.

Nearly all the emeralds mined to-day come from Colombia. And, in spite of the supposed higher value of diamonds, the emerald is the most precious of gems. Carat for carat, a flawless emerald would bring perhaps three times the price of a flawless diamond in the jewelry market. It is the starburst of precious stones, is credited with producing the first emeralds, but the Oriental emerald is not identical with the modern gem, as it is a variety of the ruby, of green color and extremely rare.

NOT AFRAID OF THIS MOUSE

Copyright by Universal Pictures Corp., N. Y.

Nobody thinks of jumping on a chair at the sight of this little mouse—in fact, one can sit in perfect calmness on the floor-stocking. The embroidery is done on the finest silk stocking with mouse-colored silk and the effect is very natural and rather startling at first glance.

IN VELVETEEN AND CORDUROY MADE A Dainty TEA TRAY

Continuation That Deserves the Popularity Which It Has Been Unhesitatingly Accorded.

Not every one can afford frocks of silk velvet, so velvet was made in a variety of shades. It is lovely, and gives practically the same effect as silk velvet when made up. Velvet and corduroy are used to fashion many smart frocks for street wear.

Plain colors are more frequently used for the velvet models. They are effectively trimmed with fur, metallic lace, Persian or tapestry embroidery.

Velvet does not adapt itself so successfully to draping as do the softer velvets, so the skirts are usually plain or with pleated insets.

The bodices are jumper effects, with gimpes of lace or chiffon. Corduroys in the soft-finished qualities are extensively used.

Frocks and coat suits are developed of this material and seem to find a ready sale.

The two-tone corduroys in brown and tan, blue and black and white are especially favored.

BLOUSE

This is a smart little blouse to be worn with a costume skirt. It is in soft chiffon tulle, with embroidery on the shoulders, center front straps and cuffs. Two deep folds are made from the shoulders to waist each side. Materials required: 1 1/2 yards 42 inches wide.

Vogue of Moire.
Moire is being used extensively for suits this fall, as well as for trimmings. There are several classes of moire, including the moire antique, the moire velours and the regence.

The latter denotes the ribbed weaves as applied to the moires. The changeable and chameleon effects are shown in the moire quills as often as the plain. The taffeta moire has a beautiful but not too sharply defined wavy effect which makes it very desirable. This fabric has almost ousted the changeable taffeta.

The KITCHEN CABINET

HOUSEHOLD HINTS.

When grinding bread or cracker crumbs through the meat chopper, tie a paper bag over it. It prevents the crumbs from scattering. When the bag is full empty it into a dish and proceed as before.

Here is the way one busy mother writes to her three children away from home: By using a piece of impression paper she makes three copies of her letter, as she will say the same thing to each. Then if she wants to add a little personal note at the end of each, she does so. In this manner they all get a letter at one sitting.

A good idea for one who likes to write interesting letters is to make notes on the envelopes of unanswered letters, jotting down things from day to day that will be interesting, then when the time comes for the letter, the suggestions will help, as one is so apt to often leave out the most important item of all.

A window shade which can be rolled up or down makes a good door for pantry shelves that have not been provided with doors.

COMPANY DISHES.

A most appetizing salad is the following: Rub the inside of a salad bowl with a cut clove of garlic. Put into the bowl a half teaspoonful of salt, a few dashes of red pepper and two tablespoonfuls of vinegar. Stir well, then add six tablespoonfuls of olive oil. Beat until thick. Crumble into the dressing enough Romaine lettuce to make a tablespoonful, then pour it over crisp lettuce. Serve very cold.

Baked Eggplant With Cheese.—Cut the egg plant into slices a half inch thick, and let stand in salt water for an hour or more. Dip the pieces in fine crumbs, then in beaten egg, then in crumbs and fry in deep fat. Make a white sauce and put thick slices of egg plant in a baking dish alternating with the white sauce and grated cheese. Use plenty of sauce and cover the top with cheese. Bake until brown.

Tomatoes Stuffed With Mushrooms.—Cut the tops from eight tomatoes and remove the seeds and soft part; then allow some of the juice to drain off, and dust the inside with salt and pepper. Add a very little onion juice and mix with the juice of the tomato. Add this juice to half a pound of fresh mushrooms and cook slowly with a little butter. Season and fill the tomato cups with the mixture. Cover with buttered crumbs and bake.

Fried Cauliflower.—Boil cauliflower until nearly done, then drain. Sauté in oil and mix two tablespoonfuls of flour with a little water and a dash of salt. Beat the whites until stiff and add the yolks and beat. Dip the pieces of cauliflower in the egg mix, then fry in a deep fat, draining when done. Sprinkle with salt and serve hot.

Parasol Fritters.—These are delicious. Grate enough baked parsnips to make a pint, add two beaten eggs, a pint of flour and a pint of milk, two tablespoonfuls of baking powder and a teaspoonful of salt. Fry in deep fat.

Consistency.—“Wife, take that dime novel away from Tommy.” “Then he’ll set up a howl.” “Then take him to the picture show at the corner. Good film today; ban-dits robbing a stage coach.”

Sense of Touch.—“I think, sir, that you are sitting on my hat.” “Is yours a soft or a hard hat?” “It is a soft hat, sir.” “Then I am not sitting on it.”

WAYS OF USING POTATOES.
Potatoes, besides being a wholesome and nutritious vegetable, is a welcome addition to many dishes.

Potato Cake.—This cake is especially nice, and the potatoes keep it moist and fresh. A fine cake for the cake box or one nice to carry on trips or picnics.

Take two cups of sugar, add two-thirds of a cup of softened butter; add the yolks of four eggs, well beaten, two cups of flour sifted with two cups of baking powder and a teaspoonful of cinnamon and nutmeg; then add a half cup of sweet milk or water, a cup of hot mashed potatoes which have been mixed with two squares of grated chocolate. Add a cup of walnuts. Beat well and fold in the whites of four eggs. Bake in loaf of layers. If baked in layers, put together with the following icing:

Boil together a cup of granulated sugar, seven tablespoonfuls of water and three-quarters of a teaspoonful of vinegar. Cook until a thread forms, then pour over the whites of two eggs well beaten; beat until cool enough to spread.

Potato Muffins.—Dissolve a compressed yeast cake in a half cup of cool water, add a teaspoonful of sugar, two well beaten eggs, a cupful of mashed potatoes, three-fourths of a cup of lard and butter melted, two cups of salt, a half cup of sugar, a cup of water and the yeast. Beat all with enough flour to make a batter that drops from the spoon. Set the mixture in a warm place to rise and when light add flour as for rolls. Knead lightly, let rise again, then roll into biscuits about a quarter of an inch thick. Place one on top of the other with butter in between, and allow to rise again, then bake in a hot oven.

Smelled a Gaffer.
A Boston clubman recently returned from a visit to New York city. In discussing his trip one of his friends asked him whether he had a policeman in his pocket. The clubman hesitated for a moment, seriously questioning his friend’s sanity, when the latter added: “I didn’t know whether you could be there a week without some gaffer or other getting into your pocket.”

Why He Wept.
At a reception one night, says the Woman’s Home Companion, a loud young man was invited to sing. Desultory applause followed, and he responded with a vociferous rendering of “My Old Kentucky Home.”

The hostess was passing among her guests, beaming at the success of her entertainment and sure that everybody was having a good time, when suddenly, to her surprise, she came upon a middle-aged man but slightly known to her, who was weeping silently but bitterly in a secluded corner. Thinking that his heart had been touched by the old song, she asked sympathetically: “Why do you weep? Are you a Kentuckian?”

“No, madam,” he replied. “I am a musician.”

A FRIEND’S ADVICE.
Something Worth Listening To.

A young Nebr. man was advised by a friend to eat Grape-Nuts because he was all run down from a spell of fever. He tells the story:

“Last spring I had an attack of fever that left me in a very weak condition. I had to quit work; had no appetite, was nervous and discouraged.”

“A friend advised me to eat Grape-Nuts, but I paid no attention to him and kept getting worse as time went by.”

“I took many kinds of medicine but none of them seemed to help me. My system was completely run down, my blood got out of order from want of proper food, and several very large boils broke out on my neck. I was so weak I could hardly walk.”

“One day mother ordered some Grape-Nuts and induced me to eat some. I felt better and that night rested fine. As I continued to use the food every day, I grew stronger steadily and now have regained my former good health. I would not be without Grape-Nuts, as I believe it is the most health-giving food in the world.”

Curious Russian Law.

Russia has a law which to outside observers seems almost to put a premium on theft by which stolen goods become the property of the thief if he can prove that he has had possession of them for over five years. In the thieves’ market—which is, of course, licensed by the police—goods that admittedly have been stolen (more than five years before) are openly offered for sale, and the place is a veritable mecca for the light-fingered gentry and their enterprising friends, as also for the more honest members of society who secure many a tempting bargain.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health destroying.

We personally recommend, and guarantee, Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to a more vigorous and healthy activity.

Rexall Orderlies commonly assist in relieving constipation, even in cases when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in a normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember you can obtain Rexall Remedies in Murray only at our store, The Rexall Store, Dale & Stubblefield.
