MORMON
PRESIDENTLorenzo Snow Passes
Away at Salt Lake.Seriously Ill Only One
Day.—Leaves Large
Family.(Special to New Era.)
SALT LAKE, Utah, Oct. 16.—Lorenzo Snow, fifth President of the church of Jesus Christ of Latter Day Saints, better known as the Mormon prophet, died unexpectedly at his private residence, the historic Beehive House, yesterday afternoon, after an illness that had been serious only one day. The immediate cause of his death was hypostatic pneumonia, superinduced by aggravated bronchitis.

President Snow leaves a large family, the members being scattered throughout the world. All have been notified of his death.

Lorenzo Snow was born in Mantua, Portage county, Ohio, April 5, 1816, and received a classical education at Oberlin College. He became a convert to Mormonism in 1840, and immediately began proselyting. Since then he has been one of the most active and prominent members of the church organization.

In 1860, during the agitation against the practice of polygamy, he was convicted of unlawful cohabitation and sentenced to three terms of six months each, but later he was released on a writ of habeas corpus. On Sept. 15, 1893, he was chosen President of the church, in succession to Wilford Woodruff.

ANOTHER RURAL ROUTE
Will Be Established in West Christian—
27 Miles Long.

Rural free delivery route No. 5 will be established in West Christian. About 100 heads of families will be served.

The length of the route will be twenty-seven miles.

Brain-Food Nonsense.
Another ridiculous food fad has been introduced by the most competent authorities. They have discovered the silly notion that one kind of food is needed for brains, another for muscles, and still another for bones. A correct diet will only secure a general good of the body, but it will sustain every other part. Yet, however good your food may be, its nutrients is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's Food-Flavor, the favorite medicine of the healthy millions. A few doses side digestion, stimulate the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at R. O. Hardwick's drug store. Get Green's Special Almanac.

NEW SURVEY.

The Louisville Times says: "Orville Englewood, Jr., of the St. Louis division of the Louisville and Nashville railroad, has completed a preliminary survey of a proposed new route around Baker's Hill, about twenty-five miles south of Nashville. The new line is on a sixty-six-foot-grade, and will be between six and eight miles in length. The distance will not be shortened much, but the grade will be greatly reduced. It is now the business grade on the entire system, requiring two hill climbs for all trains. This improvement is badly needed, and Mr. Englewood is a man who has been eminently successful. If upon further investigation no obstacles are encountered the road will be constructed without delay, provided the cost does not exceed \$100,000."

Working 24 Hours a Day
There is an end for those tireless hours—Dr. King's Kidney Pills. Millions are always busy during the day, but they do not know that the kidneys are the most important organs of the body. They are the filters of the blood, and if they become clogged, the blood is poisoned. Dr. King's Kidney Pills are the only remedy that will cleanse the kidneys and restore the blood to its normal state. They are sold at all drug stores.

WHO CAN BEAT IT?

Our old friend Ed Rose left as a seed sack of tobacco from his crop measuring nine feet eight inches high with twenty leaves correspondingly broad and heavy. If Christian or any other of the fine tobacco counties in the state can beat it, Mr. Rose will look up another plant.—Columbia Record.

COMMITTEEWill Hold Meeting Monday,
Oct. 21.Work Of Organizing
Against Trust Methods
Will Be Pushed.

The tobacco growers' convention held in Clarksville Oct. 5 adjourned to meet again Tuesday, Oct. 22. The chairman, by resolution, was authorized to appoint a committee of experienced farmers from the several counties in the Hopkinsville and Clarksville tobacco-growing districts to meet in Clarksville Oct. 21, to confer and formulate the plan for the general organization of the growers for the purpose of securing the advancement of the price of tobacco to its legitimate value and other matters of importance.

Chairman H. O. Fort has appointed a long list of committees from the following counties: Montgomery, Robertson, Dickson, county, Tenn.; Christian county, Ky.; Todd county, Ky.; Logan county, Ky.; Obion county, Ky.; Trigg county, Ky.; Caldwell county, Ky.; Crittenden county, Ky.; Graves county, Ky.; Henry county, Ky.; Stewart county, Ky.; Weakley county and Fulton county, Ky.

The Christian county committee men are as follows:
R. F. Roever, Bell; W. G. Browner, Pembroke; Ed King, Church Hill; Whitfield, Howell; George Biddle, John Day; Barker Jess, Patterson; John Childers, Hopkinsville; Ed Garrett, Pembroke.

Secretary C. M. McWhorter, in notifying the committees writes as follows: "This is a question of highest importance to planters, whether they can get together on any sort of basis and organize for their own mutual benefit and protection against the exactions of all sorts of combinations. The only way to decide what to do is to get together and discuss the situation and formulate a plan and a full meeting of the committee is desired."

Pembroke Couple Wed.

From Friday's Daily.
Ollie Jones and Miss Laura Scott, of Pembroke, were married yesterday afternoon at the courthouse in Clarksville by Judge S. Smith.

MR. CAYCE'S POSITION.

Mr. Lucian M. Cayce has resigned his position with Forbes & Bro. He has been appointed agent for the Milwaukee Harvesting Machine Co. in Western Kentucky. Hopkinsville will be his headquarters.

Says He Was Tortured.
"I suffered each night from agony. I could hardly walk," writes E. Robinson, of Hopkinsville, Ill., but Bucklen's Arnica Salve completely cured them. "Ache in the muscles, sprains, bruises, cuts, sore throats, burns, boils, ulcers, hemorrhoids, and all skin diseases and pains. Cure guaranteed by Anderson & Fowler, J. O. Cook, L. E. Egan and G. K. Wyly, etc."

NEW BUFFALO BILL.

To Be Issued By The Treasury Department in Next Few Days.

Uncle Sam will issue in the next few days a \$100 greenback, which will be a novel "buffalo bill." The design for the new treasury note was drawn by a celebrated artist and student of animals, who is connected with the national Smithsonian Institute. Several weeks it was engraved by one of the most skillful artisans employed by the Bureau of Engraving and Printing. Its chief features is the representation of a buffalo to bill, with head and outstretched tail on a prairie of sage grass, in the position of pawing for food. The note has been so designed that about as much silver will show as is now, visible on the silver certificates of 1890.

Women and Jewels.

Jewels, candy, flower, man—that is the order of a woman's preference. Jewels form a magnet of mighty power to the average woman. They are the greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Roscoe's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is a cure for all, but a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at R. O. Hardwick's drug store. Get Green's Special Almanac.

WRITE "WHITE HOUSE"

Its Old Tricks.Tries To Break Up
Fusion Meeting.

CREATED A SCENE.

Effort To Stampede
Crowd Failed.

"HERE'S WHISKY!"

From Saturday's Daily.

A set of Ringsters, with shamless effrontery, tried to break up another fusion meeting in the county last night with only partial success.

The scene of the outrage was at Hinkleytown. A hall had been rented by the fusion men, and a number of these candidates on the Democratic Fusion ticket were present to attend the meeting. The chairman was definitely stated by the chairman that there would be no joint debate, and it was hoped that the meeting would be allowed to progress without disturbance.

Judge W. P. Winter, M. A. Littlefield, T. H. Major, and M. D. Boone had spoken in the interest of their respective candidates, Ephraim Poston, colored, had completed a stirring speech and Beverly Dabney, had begun an address. Dabney had spoken only a few minutes when John Poland, who is the

Ring candidate for senator against the Rev. D. S. Edwards, and was standing at the door with John Boyd to back him, interrupted the speaker and demanded to know whether a division of time would be given. He was informed by the chairman that only a fusion meeting had been arranged.

Several benches of the Ring, who had been scattered through the audience around and about the door, crying out invitations to the crowd to follow. A few boys accompanied them and, led by Poland, Boyd, Bob Lander, and Wyatt West, all went off and held a meeting of their own. It may be said to the credit of the colored Republican politicians that they were not in the hall and the speaking continued without further trouble, though some of the hangers on of the Ring on the outside kept crying out that there was plenty of whisky for all who wanted it.

"Come and get some good whisky," they shouted. "There's two gallons out here for you."

The audience that remained in the hall, however, was composed of orderly, decent citizens and were not tempted by the promise of liquor. The action of the Ring in trying to break up the fusion meetings in the county is doing that ticket very much more harm than good. It is arousing the disgust and indignation of people of all parties and will result in many voters supporting the Democratic Fusion ticket who had not heretofore intended to do so.

NIGHT OF TERROR AT
THE EMPIRE MINESBattle Fought in The
Darkness.

A MIDNIGHT ATTACK.

Over Two Hundred Shots
Were Exchanged.

ALL IS QUIET TODAY.

A battle in the darkness occurred Saturday night between the sheriff's posse who are doing guard duty at Empire and an attacking force of unknown men, presumably union miners.

Over two hundred shots were fired, and though none of the officers was wounded, all for a while were in a hot place. The attacking force was a band of about thirty men, and the miners of the mine in progress, three forms were seen skulking near the company's powder magazine. The guards fired on them and they fled.

For probably half an hour, almost continuous firing was kept up, and all the people in the neighborhood were greatly alarmed. During the rest of the night, up to daybreak, occasional shots were fired at the guards from members of the attacking party who were stationed on the hills surrounding the mine.

The situation about Empire is serious. Scarcely an hour or night passes that the report of a gun or the sound of a pistol is not heard, and the miners and their families are kept in a state of fear and excitement, dreading a possible outbreak. The presence of armed guards has relieved the situation to some extent. They are costing the county \$60 a day and their stay at Empire is indefinite.

The mine is being operated at its fullest capacity, and one hundred and thirty-five men are at work. They are not in the least in sympathy with the union and but for the menace of bullets from hidden foes, would be thoroughly satisfied with their condition.

KNIGHTS ESCAPED.

From Saturday's Daily.
Bad and Bert Knight, the union miners who are under indictment for kidnaping and malicious shooting and wounding with intent to kill, growing out of the assault from ambush on the Empire miners, narrowly escaped being captured yesterday. Deputy Sheriff Charles J. Barnes and a squad of guards who had been searching for the men surprised them in camp near the Hopkins county line. The brothers were surrounded and ordered under arrest. Though half a dozen carbines were covering them, the men sprang through the line of officers and ran like deer across the open line. They were pursued and could easily have been shot, but the guards were unwilling to kill or injure them by firing on them. The chase was finally abandoned.

JUST IN TIME.

Mr. D. H. Armstrong, who is farming on the Phelps place near the city, caught shelter from the rain Saturday by going in the barn. It was fortunate that he did so, for he discovered a blaze that in a few moments would have set fire to and destroyed the building. The fire was under the silo, and its origin is not known.

RENDERED SPEECHLESS.

John W. Carter Sustains A Stroke Of Paralysis.

From Saturday's Daily.

John W. Carter, of the grocery firm of Carter, Looker & Scarborough, of Clarksville, was stricken with paralysis while at his farm near Oak Grove, in South Christian, yesterday. Since the attack Mr. Carter has been regarded as speechless. His friends are very much concerned about his condition. Reports from him at noon indicate no change. Mr. Carter is about 50 years old.

PREVENTING
HESSIAN FLYMatter In Which Farm-
ers Are Interested.Discussion Of Best Meth-
od To Get Rid
Of Pest.

Now that wheat sowing is engaging the farmer's time, the best method of preventing the ever present Hessian fly should attract his attention. Bearing upon this important subject a late experiment station bulletin says:

In a good many states the ravages of the Hessian fly have been so discouraging that in large sections of the country sowing wheat has for a time had to be abandoned entirely in any part of the country it will soon disappear. But no one wants to get rid of the enemy to the wheat crop at the cost of not raising the crop for a number of years if it can possibly be helped, so it will be well for all farmers in places infested by this destructive insect to investigate and learn the best and cheapest method of getting rid of the fly.

On a farm infested with Hessian fly the combined experience of farmers who have investigated the subject would lead to the adoption of the following system. First, sow very early in the season all round the land to be put in wheat, a strip of land from ten to thirty feet in width, in wheat. If this is done early enough to get a good growth by time the crop is sown, the fly will deposit its eggs in the wheat on this strip, and as soon as the crop is sown this may be turned over, using a plow with a jointer that will throw the wheat and to the bottom of the furrows. This will destroy a large part of the worm. The strip may then be sown, if it is desired to do so, but without pulling up any of the buried wheat.

A good fertilizer that is easily soluble should be scattered, drilled in with the wheat, will stimulate the rapid growth so the wheat will outgrow the fly. If a large amount of manure is sown with the wheat, the soil preparation on strong land with fertilizers, then reduce the acreage. Sifts to make the best possible crop, not the largest acreage, and the chances are that the fly, if it attacks the crop, will do but little harm.

None of these directions are difficult to follow; they are taken from the experience and observation of practical farmers and are sure to bring success. We hope, therefore, for the sake of future immunity from a positive and wide spread disaster, farmers in all infested districts will put these suggestions into practice. As a better crop will be certain, and the cost little if any greater, there is no reason why all this may not be universally done.

Religious Notes.

The Rev. Len G. Broughton, of Atlanta, will hold a series of revival meetings, beginning Nov. 4, at the Baptist church. The week proceeding will be devoted to preliminary services, conducted by the pastor, Rev. Dr. Charles Harris Nash. Dr. Broughton is well known here, having held a remarkably successful meeting two years ago. He is one of the ablest evangelists in the country. He has just returned from England where he has been associated with the famous Rev. Dr. Meyer in important religious work.

WILL GO TO PHILIPPINES.
Rev. Dr. George Ford Postecost, one of the most noted members of the American ministry, has resigned the pastorate of the Yonkers New York church, of which he had charge, and will go to the Philippines under the auspices of the Presbyterian church for the purpose of organizing the religious work of that denomination at Manila.

Dr. Postecost had many devoted friends here where he formerly resided and was married. He is a brother-in-law of Mr. Carrie Arnold. He visited relative here several months ago and preached at the First Presbyterian church and Union Tabernacle.

NOT E. P. CROWE
In reference to the item that has gone the rounds of the press stating that Rev. E. P. Crowe, who was dismissed from the Louisville Methodist Conference for getting intoxicated, had gone from bad to worse and that his wife was suing for divorce, Rev. Chas. R. Crowe, of Pembroke, sends the New Era the following statement which we are delighted to give publicity:

"I do not doubt the fact of some Mrs. Crowe suing for divorce, but the parties are no relation of our family. 'My brother is at Mayfield, Ky., editor of The Plowshare—a new paper just started (monthly magazine)—his wife and family are with him, and a divorce has never been thought of, and he has lived a good life since his trouble at conference. I have written statements to this effect from his pastor and friends."

Sept. 27, 1899. Miss Oora Willard.WILL HAVE PROTECTION.
Men Will Be Allowed To Work For Their Families.

The scene of war seems to have been transferred from Hopkins to Christian county. The miners at Empire have been fired into and several men have been wounded. A state of terror reigned and it became necessary to send armed men under a sheriff to protect the men while they are at work. The officers are now affording the protection necessary for the mines. Indictments have been returned against several who are charged with firing on miners while they were at work. Men who want to work in that county are assured that they shall have proper protection while laboring for a support of themselves and family.—Madisonville Graphic.

TICKET IS
CERTIFIED.Nominations In All But
One Ward.Conservative Men Who
Stand For Clean, Hon-
est Government.

The Democratic city ticket has been certified to the county clerk by the Democratic city committee as follows:

FIRST WARD
Lloyd W. Whitlow
SECOND WARD
John B. Galbreath
THIRD WARD
James West
FOURTH WARD
Lucien E. Davis
SIXTH WARD
J. B. Jackson
SEVENTH WARD
J. Joy Duncan.

The candidates in the Sixth and Seventh wards were nominated in primary elections held Oct. 3. In the other wards there were no contests, and the candidates were named by the Democratic committee. Capt. Whitlow's candidacy was not subject to the action of the party as he had been petitioned to make the race by citizens of all political faiths, but he was found altogether acceptable by the committee and his name will go on the ballot under the rooster. No nomination was made in the Fifth ward, which is Republican by a large majority. The Democratic ticket is composed of men who are devoted to the best interests of the city in the line of economy, conservation and good government, and every citizen having the welfare of Hopkinsville at heart should be glad of the opportunity to vote for them.

JURY IS
COMPLETEDAll Are Men From Bour-
bon County.

Challenged By Defense.

—Powers Has
Funds(Special to New Era.)
GEORGETOWN, Ky., Oct. 14.—The jury in the Ogle Powers case was sworn this morning. It is said that none of the jurors are Republicans. All are from Bourbon county.

The present term of the court will last only two weeks longer, and as the former trial of the case took more than a month, just how the case can be finished in the allotted time is not clear, as each side claims to have more witnesses than before and that it will take each step in greater detail. Night sessions will be held.

Early in the month, and, in fact, within a day or two before the case was called, it was known that Powers was in desperate need of funds to provide for his defense. Word has since been received by near friends of his to rest easy on that score, and it is thought that a wealthy personal friend agreed to stand the expense. Powers' counsel are R. O. Kirkendall, of Louisville; Judge Jere R. Morton, of Lexington; Judge James O. Sims, of Bowling Green; John W. Douglas, of Owensboro; James B. Fennell, of Georgetown, and R. L. Faulkner, of Barboursville.

For the commonwealth appears the district prosecuting attorney, Robert Franklin, T. O. Campbell, of New York; John K. Hendrix, of Paducah; Victor F. Hendrix, of Georgetown, and former judge Ben Williams, of Frankfort.

Two of the fugitive Goebel suspects, John Powers and Barry Howard, have been located in Harlan and Ball counties, respectively, but the Commonwealth is advised that their arrest at this time would be useless, as the county judges would release them, as was done when Powers was arrested in Knox county.

The defense, continuing the dilatory tactics adopted when the case was first called, this afternoon filed a motion challenging the entire jury, asserting that all are Democrats and were emancipated unfairly.
