## OUR COURTESY

In presenting these "Home Town Facts," the Methodist Missionary Society had two objects in view. The first object was to give publicity to the church work, past and present, of Murray, in the truly missionary spirit and not from a narrow sectarian view.

On Christmas Sunday we had the very great honor of holding the first real union service held in Murray in the past twenty-five years, when the farewell service was given to our beloved missionary, Miss Alice Waters. Each church did its part in that service, and each church has been invited and heartily responded to this second endeavor to do real missionary work by presenting their work for Christ, OUR Saviour, to the public.

For the past several Sundays the attendance at the four white Sunday schools in Murray has averaged about 1,300. This evidences that a great deal of home missionary work is being done by somebody.

An endeavor was made to get a report from each of the country churches but this was only partially successful.

Letters were written to every missionary who has ever gone from Calloway county into the foreign fields, irrespective of creed, urging them for a presentation of their work through this paper. Though written to early in January only one response has been received up to this time from the foreign field, and only one from the home workers. These are presented elsewhere in this issue.

Calloway now has Miss Alice Waters in China; Miss Cordelia Erwin, in Korea; Mrs. Luelia Houston Reddo, in Japan, and Rev. Chas. Neal, in Mexico, and five in the home mission work.

In our borders we have twenty-five Methodist churches, 21 Baptist, 12 Churches of Christ, four Presbyterian, one Christian and one Adventist, sixty-four white churches in all, and five or more negro churches. Blood River church is more than 100 years old, and is reported as the first church in the purchase.

Believing a laborer is worthy of his hire, the second reason is now presented. We have endeavored in our local work to merit the reputation, which has been given us, of being good business women. No advertisements were solicited on a basis of charity nor with the appeal "to help the church." We simply offered our advertising space as a business proposition, that of being the best advertising medium ever offered you at the price. Our advertisers are either married to women or had women for mothers and know that all women read advertisements about as religiously as they do their Sunday School quarterlies. If you doubt this

statement just place one line in the most isolated section of the Ledger next summer offering five cents each for tobacco worms and note the result. A large number of our advertisers voluntarily increased their first contracts, and many unsolicited orders were sent in. All of which goes to show that the business men of this vicinity know that the Methodist women put more than one oyster in a bowl of soup at a church "sociable."

So much kindly support has been given us, beginning with the Ledger's owner, who gave us this issue, such manifest interest has been shown that we believe the whole community feels that it is "our" paper, not "their" paper.

We beg that you will patronize those merchants who have cared enough for your patronage to at least thus publicly invite you to their stores. We women can't vote for the candidates whose announcements appear in this issue, but if our husbands don't they will not get any Methodist chicken for thirty days following the election.

We again earnestly thank each one who has assisted by advertising, articles, cooking receipts, hard work, the editor for the gift of his office to the "dear things," subscriptions, or even a kindly word or thought.

### THE MANAGEMENT.

The publisher of the Ledger asks that the advertisers give this issue of the Ledger a careful inspection. Not that the publisher is in any measure responsible for the matter contained herein, but from a mechanical viewpoint we invite and challenge a comparison with any other weekly publication in Western Kentucky. This issue of the Ledger demonstrates its ability to handle any character of work and guarantees unto advertisers thoroughness and competency in mechanical arrangement. This issue has been executed along with our regular weekly paper and the usual run of job printing. Look over this paper with a critic's eye and accept this as an invitation for your patronage.

O. J. JENNINGS.

Miss Cora Graves.

For the past 12 years Miss Cora Graves has been a missionary in the mountains of Kentucky and Tennessee. In the counties of Wolf and Breathitt she taught school, did the work of Bible reader and conducted the Sunday schools, walking seven miles across the mountains, and once in the fall, when leaves covered the trail, getting lost and wandering for hours till a searching party found her just at dark.

In east Tennessee she was connected with an orphanage and industrial school for years; spent one year as a community worker in West Va., but gave that up and is back at work in Kentucky in Leslie county, where there is not a church house outside of Hayden, the county seat. At present she is supported by the Central Presbyterian church of New York City.

She teaches school, visits the homes, reads and prays with the women, works with the children, nurses the sick—in fact, does anything that her hands find to do in the way of uplift work or that will honor her Lord and Master and advance His cause.

## Methodist Missionary Society

About thirty-two years ago, and during the time Rev. G. W. Evans was pastor, the first woman's society of the Methodist church of Murray was organized and was known as The Ladies' Aid. Mrs. B. L. Grogan, who has long since passed into the "great beyond," was the first president. There was a membership of between sixteen and twenty, nearly all of whom have passed away; Mrs. R. S. Coleman, Mrs. Eldridge Banks, Mrs. Sam Bynum and Mrs. Josie Holt being among the few that are still with us. Truly their "good works do follow them," for out of their efforts has grown a work among the women of the church that is far reaching in its influence.

The work of this first society was entirely local, and all the money raised by them was used to assist in the erection of the old frame church—the first Methodist church built in Murray. This society continued its work until 1890, when an organization was formed by our general conference for the women of Methodism. This did away with the Ladies' Aid, and the organization was known as the "Home Mission and Parsonage Society." A few years later the name of our local society was changed to conform to the rules given by the general conference. Mrs. J. R. Schroeder was made president. Through the efforts of the society an appropriation from the conference fund was secured to help purchase our first parsonage, the house that is now owned by Mr. Dick Langston.

For the next few years we have no record of any work other than the payment of dues and local charity until the building of our new church in 1902. About that time, owing to the heavy local need, the work was divided, the local branch again taking the name of "The Ladies' Aid." \$500 was raised by them to be used in the church building, \$500 more was put into the carpet and other furnishings.

In April, 1914, our first foreign missionary society was organized by Mrs. S. C. Dobbins, district secretary. Twelve members were enrolled and Mrs. J. A. Edwards was made president. In June of that year the society entertained the Woman's Annual Missionary Conference, this being their silver jubilee. Misses Cordelia Erwin and Elizabeth Claiborne, missionary candidates, were present.

In 1906 this society had a membership of 36, this year being Miss Alice Waters' furlough. We had her with us. Our sympathies were aroused by the story she told us of a little Chinese girl she had rescued from slavery and had placed in her school and given the child her name. Our society assumed the responsibility of her support and education for the following eight years, at which time she had grown into womanhood and married a Christian man. In 1810 Mrs. Susan Waters, mother of Miss Alice, was made a life member of our society.

After the building of the new parsonage the home for the societies gave a furnishing shower which amounted to about \$30.00.

The home department also furnished lights and fixtures for the church to the amount of about \$90.00. They also spent \$900.00 on the windows of the church and parsonage. In 1912 the amount raised by the foreign department for dues and specials was \$850.00. The home and foreign were separate departments

until 1912, when the women's board united them under the name of the Woman's Missionary Society.

The Woman's Board of Missions of the M. E. Church South reported at their last board meeting, May, 1914, follows:

In the past quadrennium there has been an increase of 2,078, auxiliaries, 44,76 members, 17,013 adults, 27,063 young people and children. The foreign department has an increase of \$177,082.60. The home department \$28,000.

We have 125 missionaries in the foreign field, 324 native helpers. We have 109 deaconesses and home missionaries. Fifty deaconesses and 28 city missionaries have been consecrated and accepted during the quadrennium.

We have 13 schools in the mountains and on the coast; two schools for friendless and unfortunate girls; one colored industrial school; one school on the Mexican border, and at Kansas City we have the Scarritt Bible and Training School for missionaries and workers.

Miss Lockie Rankin, the first missionary to be sent to the foreign field by our mission board, went to China in 1878. She is still living in the work.

In our conference the work has not grown by leaps and bounds as we desired, but there has been a steady increase in membership and funds, and we believe there is a deeper interest in the work of missions than ever before. We feel the need of deeper consecration and more earnest prayer, as this is the secret of success—the golden key that unlocks God's store house.

MRS. JACK BEALE, JR.

The Juvenile Missionary Society of Murray M. E. Church South, was the first foreign missionary society in Murray and was organized by Mrs. G. H. Martin, district secretary of Paris in 1901, with 20 members. Among these charter members were Misses Minnie Banks, May Phillips, Ruth and Eula Whitnell, Sally Brown, Martha Brown, Maggie Edwards, Ruth Dale; Messrs. Amos Downs, and Roy Edwards. Miss Maude Whitnell, now Mrs. J. D. Sexton, was the first lady manager.

At that time the building of the Laura Haygood Memorial (Soo Chow, China) was in progress.

## Home & Foreign Missionaries

SHANGHAI, CHINA, Mar. 14, '15.

MY DEAR FRIENDS: More than two months have passed since I said good-bye to my Murray friends and embarked for my China home.

A long voyage was between me and my work. The five days overland and the twenty-six days sea voyage were finally over, and on the rainy, windy morning of February 4th, we found our steamer anchored in the broad Yangtze river, at the mouth of the Huang pao, twelve miles from Shanghai.

Our steamer weighed anchor at midnight, but we waited till 9:00 o'clock the next morning for the steam launch to bring the outgoing passengers from Shanghai.

As Shanghai is to be my field of labor from now, I returned the next day to look for a house in which to locate my work and myself.

I finally found a house that will accommodate two day schools, a kindergarten and also serve as a home for two teachers, three Bible women and myself. It has also a chapel and a reception room for women that will seat at least one hundred women. We opened our work here on Monday of this week. We have in attendance more than forty pupils in the school and kindergarten. In the first and only meeting for women we have had our chapel was full. My prayer is that this will be a center of light and that many souls may come here to know our Saviour.

As we have not been here at work quite a week, of course I can not give you definite results of work, but I hope in time to come to be able to write you of many souls born into the Kingdom of God as a result of our labors here.

Most faithfully,  
ALICE G. WATERS.

TAMPA, FLA., Mar. 7, 1915.

Tampa, with its population of 65,000, nearly half of whom are foreigners, may indeed be considered a field for missionary effort. And when we consider its rapid growth, from 5,000 in 1900 to 65,000 in 1915; its commercial importance and possibility for continued rapid growth, it seems indeed an important field.

In Tampa, as no doubt in all home mission territory, the missionary feels quite forcibly the opposition of the heedless, unpatriotic, unchristian spirit of those who stand ready to turn the profligate tendencies of those who enter our open gates into a means of gains, offering them low amusements and low morals and ideas. So we sometimes wonder if, even in foreign lands, it is not an easier task for christianity to impress itself upon the mind.

Often there seems to be no going forward, and we just must, having done all, stand and be faithful. We know the power of God's word over sin and the human heart, so in the Sunday school, the day school and the

### Fewer and Better Churches Needed.

The American farmer is the greatest church builder the world has ever known. He is the custodian of the nation's morality; upon his shoulders rests the "ark of the covenant," and he is more responsive to religious influences than any other class of citizenship.

The farmers of this nation have built 120,000 churches at a cost of \$750,000,000, and the annual contribution of the nation toward all church institutions approximates \$200,000,000 per annum. The farmers of the United States build 22 churches per

day. There are 20,000,000 rural Church communicants on the farm, and 54 per cent of the total membership of all Churches reside in the country.

When the Savior would warn us of the one supreme rival of God in the hearts of men, he did not name pleasure or power or atheism or infidelity. He said: "Ye cannot serve God and mammon." And the truth of this world realizes, it habitually uses the word "Almighty" in but two connections, "Almighty God" and "almighty dollar."

When our Lord was upon the earth, one of the staple topics of his teachings was stewardship.

The above is a picture of Mr. Gus Thomas, of Mayfield, Graves county, Ky., who is a candidate for the democratic nomination for Judge of the Court of Appeals from the First Court of Appeals District in Kentucky, the primary election being held on Saturday, August 7, 1915. In his behalf it is urged by his many friends and acquaintances that inasmuch as it is conceded, that he is qualified for the office, his candidacy should receive the endorsement of the democratic voters, especially in this end of the district. It is urged with great plausibility, that the democrats from this portion of the district have never held this office by election in times of peace for, but 14 years, during the 123 years that the state has been admitted into the Union; nor have they held, but only four inferior state offices, and for only one term each, during that entire time. His friends therefore argue, that at this time when the people select the candidate, there would be no wisdom in forsaking a home candidate, and vote for some other. Mr. Thomas has always been a consistent and working democrat, and for 25 years has been a member of the Methodist church, having 23 years ago married the daughter of a Methodist minister, the Rev. W. M. Patterson, who spent 8 years in the Republic of Mexico as a representative of that church in that benighted Republic.

## Among the Clubs of Murray

The School Improvement League of Murray was organized by Mrs. W. S. Swann in the year 1909, with Mrs. Fannie N. McElrath as president. The succeeding presidents were Mrs. J. H. Coleman, Mrs. G. C. McClarin, Mrs. J. P. McElrath and Mrs. J. H. Coleman at present.

The purpose of the organization, as the name implies, is to bring school and home into close touch, and to improve school conditions by co-operating with the teachers and by assistance in a financial way.

Since the organization of the League, several hundred dollars have been paid out of the treasury for the betterment of the school. We feel it worth while to make mention of some of the things we have been able to accomplish. The school building has been refurnished with window shades, the campus has been improved, in addition to having the ground cleaned, the League was instrumental in having effected a drainage on the east side, twice at considerable expense, we have added to the apparatus for the laboratory, the wages of an assistant janitor were paid during a part of one winter, through the league a splendid Art Exhibit was brought to the town. With the proceeds of this exhibit pictures were bought for each room of the school building. Then through the combined efforts of the Womans' Club and the League, the school building has been made a social center for the patrons and pupils. The young people enjoyed the evenings socially and we believe a greater spirit of loyalty to the school has been aroused.

During these years, Mrs. Chas. P. Weaver, State Organizer of School Improvement Leagues, and Dr. Lillian South, State Bacteriologist, have been with us. Mrs. Weaver gave helpful talks on education, and Dr. South three most splendid health lectures. Since time and space are limited, it is impossible to tell of all the splendid work done by the League.

Our organization is not so large in numbers as it should be, and we feel that it will not have reached the standard we have before us, until all the patrons, at least all the mothers, are interested. For, after all, it is our interest leading to helpfulness that counts the most.

In the Fall of 1907, the As You Like It Club of Murray, was organized by Mrs. O. J. Jennings, the nucleus of the present Womans' Club, formed. Although in this organization the study was purely cultural, the social element emphasized. Yet during its first year, no civic tasks were accomplished. Under the Club management, Murray had its first official clean-up day, and by its energies over 60 volumes were added to the Circulating Library.

It is a noteworthy fact that of the charter members of the organization still residing in Murray, with the possible exception of two, all are working at the present in some department of the Womans' Club.

After about a year of club activities it was decided that selfish pleasure was not a sufficient cause to justify an organizations existence, a vision of possibilities and earnest desire to serve actuated a change of name and program, and the Murray Womans' Club came into existence.

In 1910 the Club federated recognizing that co-operation with one of the greatest beneficent forces in the land, would result in their own and their community's advantage. In 1913 it was decided to increase the clubs scope and efficiency by making it departmental, and three new

departments were added. During the five years of its federated life, the Murray Womans' Club has been responsible for many worthy enterprises. It has brought lecturers who have discussed civics, sanitation and economics.

It has furnished two art exhibits for the pleasure and profit of the community. It has purchased and distributed hundreds of tracts on prevention of Tuberculosis, the danger of the fly as a disease carrier, etc.

It has circulated health bulletins attempting to get before the citizenship the wonderful work done by other State Boards of Health. Over one hundred pamphlets on economics have been sent out in the country. It has offered its service to Mayor and Council, and its hearty co-operation to the School Board.

Members of the Club at stated times have conducted a story-telling hour for the children, and for two years it was the Auspicious Society for an excellent Lyceum Course.

At present the Womans' Club of Murray has a membership of 61. The years have brought a steadfastness of purpose, a wider range of vision, a stronger hand of fellowship.

The key word of 1914-15 is Education. The Alpha department are interesting themselves in the social life of the school, and in co-operation with the School Improvement League, are devising and chaperoning entertainments for the school building. They have also made a gift, of about 75 volumes to the School Library.

The object of the matinee musical is to disseminate musical culture and create a public sentiment that will demand music as a part of the Public School Curriculum.

The aim of the Economic department is personal efficiency, efficiency for the girl and boy in the home, with school credits, looking to the establishment of an economic department in the High School.

The Mothers' Department of the Womans' Club raised funds and furnished and are maintaining the Rest Room for Women in the court house. Besides this public work, they have a child study course. Their motto is, "Wiser mothers, healthier, happier, finer babies."

Committees on health, civic, moral sanitation etc., are made up from members of each department and through them specific policies are carried out.

The chairman of health secured the co-operation of the Murray medical force, and free medical inspection has been conducted at the school, careful records kept, and the club has sent out reports to parents, and why? Why the Womans' Club with its slogan, "not for selves alone?" Because we have heard the call of service and we would "scatter our rose-buds while we may," old time is still a flying.

The general organization, known as the "United Daughters of the Confederacy," was founded by Mrs. Caroline Merriweather Goodlett, in 1891 the idea of bringing together the various organizations of Confederate women into one great body, being her inspiration. She was a native of Kentucky, born in Todd county, where she lived until after the war. Throughout that clash of arms, she spent thousands of dollars in supplying the wants of the Confederates. She was a skilled horsewoman, and this accomplishment enabled her to serve the Confederates in securing information for which purpose she often entered the Federal lines. She died October 16, 1914, at the age

of 81, mourned as the "Mother of the U. D. C."

The object of the organization is memorial, historical, benevolent, educational and social—to honor the memory of those who served and those who fell in the service of the "Confederate States"—to protect, preserve and mark places made historic by Confederate valor, and to collect and preserve the material for a truthful history of the "War between the States." Our organization intends that a true history of the titanic struggle of 1861-65 and the cause leading up to it, shall be properly placed before the American people, so that generations yet to come, may know that their ancestors, were neither rebels nor traitors, but martyrs to constitutional liberty.

It maintains fourteen scholarships in the most prominent colleges of the states, one which is valued at one thousand dollars.

It has Divisions in twenty-three states, and Chapters in thirty-four, extending from Boston to San Francisco, and thence to Mexico City, and has members

ship of one hundred thousand. I know of no larger patriotic organization in America. Who would not be proud to be a member of such a body? Along monumental lines our interest now centers in our proposed monument on the field of Shiloh. This is not to be a monument to any one state but a monument to the Confederate army which belongs to every Southern state and whose glorious history is the proud heritage of the whole south, and is a part of the great history of the whole United States, and cannot be separated from it. The monument will cost fifty thousand dollars, thirty-one thousand, of which has already been raised. This great work had its beginning in the "Shiloh Chapter" at Savannah, Tenn., a small body of patriotic women who undertook this "work of love" alone. The general organization soon caught the vision, and realizing that what a stupendous task it was for only one chapter, proposed that it be built by the entire organization. Thus it is "distinctively our own," and therefore appeals to

monument in Arlington National Cemetery June 3, is such a recent thing that it will not be necessary to mention, further than to say that it will be remembered as one of the most important events that has transpired in the epoch of American history—was presented by our President General and received by Woodrow Wilson for the United States Government, a monument presented by the "vanquished to the victors!"

The "J. N. Williams Chapter, U. D. C." of this place, was organized May 4, 1904, at the home of Mrs. Effie Gatlin by Mrs. Annie Schroeder and Mrs. W. S. Swan, (then members of the Paducah chapter) with the following members: Eunice E. Oury, president; Mrs. Ambrie Conner, vice-president; Rowena Williams, recording secretary; Mrs. Annie Schroeder, corresponding secretary and treasurer; Mrs. W. S. Swan; Alice Linn Boyd; Mrs. Mary E. William and Mrs. Mabel Shipley. During the time we have enrolled fifty-four, and lost by death and dimitt, seventeen, giving us now a membership of thirty-seven. We named our chapter for J. N. Williams, commander of the "H. B. Lyon Camp, U. C. V.," a brave soldier, who left an arm on the field of Gettysburg, and who has recently been honored with a commission as Colonel on the staff of Gen. Bennett H. Young. The J. N. Williams chapter has the distinction of putting on foot a movement by which the general organization hopes to purchase and maintain the home of Robt. E. Lee, which stands in the Arlington National Cemetery.

It also had a part in building the Morgan monument in Lexington, Ky., and the Arlington monument of which we have already made mention. It contributes each year to the following memorial and educational funds: Shiloh, Camp Beauregard, the Kentucky Room at Richmond, Va., and the Hindman scholarship. We have also contributed our "mite" towards the Confederate Home at Pee-wee Valley. Our Chapter has been represented at various state conventions, and was once honored by furnishing the state historian for the Kentucky Division, which position was filled by Mrs. W. S. Swan for two consecutive years—at the expiration of her term, a State Educational Committee was created to supplement the historian's work, and

she was elected its first chairman which place she has filled two years. We pay each year not only our chapter dues, but also state and national. In addition to the above, we have, during our organization, bestowed 85 Crosses of Honor—these little bronze emblems are of little intrinsic worth, but invaluable for what they represent, for they tell of valor not surpassed by Balaklara or Thermopylae. General Stephen D. Lee in one of his last messages said: "I urge

monuments to the Confederate soldiers, first, for the sake of the dead; but most for the sake of the living, that in this busy, industrial age, these tablets and stones to our soldiers, may stand like great interrogation marks to the soul of the beholder. We must not overtax posterity, by expecting those who come after us to erect memorials to the heroes whom our generation was unwilling to honor." Our Historian General says: "It is now regarded as a stigma of reproach to that town or city where no monument has been raised." Realizing the truth thus elo-

quently expressed, and fired by that patriotism which prompted its organization, the J. N. Williams Chapter decided that Calhoun must have a monument, and immediately set to work to build it. The Statue of Liberty in New York harbor stands with a flaming torch in Liberty's hand, so that all the world may see by the aid of her light, as it illumines the waters. We want our monument to be a patriotic lighthouse throwing the light of history and truth on the events of the war between the states to the generations yet unborn in Calhoun county. This mem-

orial will cost twenty-two hundred and fifty dollars, half of which has already been raised—we had hoped to have the full amount in and to have realized its completion by the third of June, and we believe we could have done it but for the European war and the cry of "hard times." The statue of Robt. E. Lee, which will adorn the canopy over the drinking fountain, will be made in Italy—but on account of the war, this part of the work will necessarily be delayed; how-

## An Appeal to the Voters.

TO THE VOTERS OF CALLOWAY COUNTY:

In announcing myself as a candidate for re-election to the office of Representative, subject to the action of the Democratic primary Aug. 7, 1915, permit me to express my sincere thanks and appreciation to you for the confidence and trust you placed in me in electing me to this office in 1913. Though I was elected for a term of two years I have only been permitted to serve you 60 legislative days in an official capacity. During that time I gave to you my best efforts. There was not an hour that I lost away from my post of duty, and in that short period of time I feel that I was instrumental in accomplishing some things which are beneficial to the people of this county as well as to the state at large.

The 1914 Legislature has been rightfully called the "economizing legislature." Fewer appropriation bills were passed by this legislature than by any previous legislature in the history of the state, though we had many members who would be extravagant with the state funds, there were a majority of us who believe in rightfully using the funds of the people. I was a member of the appropriations committee and was instrumental in defeating the Panama exposition appropriation bill which had passed the senate, and had it passed the house and been signed by the governor, fifty thousand (\$50,000.00) dollars of your money would have been taken from the treasury to San Francisco to be used on what is known as the Kentucky building for the purpose of benefitting the wealthy few who will go to San Francisco this year.

I made a straight fight for an amendment to relieve the people of the system of "double taxation" and for the first time in the history of the state this amendment was passed by the house of representatives. Though the amendment, with the bill, was killed in the senate, I am of the opinion that our efforts were not in vain; but that the time is soon coming when this bit of justice will be meted out to the people by both houses of the general assembly.

I stood for all measures pertaining to temperance and made a stringent fight for the bill which, had it passed, would have given you the privilege of saying whether or not intoxicating liquors would continue being made and sold in the state. I was in favor of the so-called "pistol toting bill" which makes it a heavy fine, jail sentence and disfranchisement for two years on the first offense for carrying concealed deadly weapons, and make it a felony on the second offense.

If you return me to the legislature I shall do my utmost to secure the passage of all measures heretofore mentioned which failed to pass the 1914 legislature, and in addition to these I purpose to stand for a general revision in the financial system. By such revision the burden of taxation will rest upon all classes of people according to their ability to pay.

Thus the persons who hold tangible property, farms, houses, lots, etc., will be relieved to some extent, and the ones who hold intangible property—money, notes and etc., will be forced to pay their share of the taxes.

I believe in amending the pres-

ent fish and game laws. I have reference especially to the fish laws.

I believe in making the disposal of mortgaged personal property for the purpose of fraud a felony.

I believe in better schools. Give us better trained teachers and place the schools as near to each child's door as is practicable and we shall have a greater commonwealth.

If you believe me to be honest and a hard worker; if you believe that I have the interest of the great common people at heart; if you believe that my experience in the 1914 legislature better fitted me for legislative duties; if you believe that I would labor for your interest as I promise you that I will do, then I earnestly solicit your vote and influence.

Most respectfully,

Your servant,

T. R. JONES.

Baptist Meeting.

The spring meeting begins at the Baptist church next Sunday—April 18th. Bro. M. E. Staley will aid in the meeting.

Bro. R. H. Barton will have charge of the music. The new Scholfield-Alexander song book—Immanuel's Praise—will be used. Bro. Barton desires to meet all who will help in the singing, at the church on Friday night the 16th, to practice some songs for the meeting. A cordial invitation is extended to all who sing and love good music to come out and help in the singing. All who have old-fashioned Holy Ghost religion and believe in praying for sinners are earnestly requested to join with us in praying for an old-time revival in Murray.

The third Sunday is also mission day in Murray Baptist Sunday School. Every member is urged to be at Sunday school that morning. Services during the week will be at 3 p. m., and 7:30 p. m. A cordial, hearty welcome is extended all who will come to the meeting. "Come thou with us and we will do thee good."—H. B. Taylor, Pastor.

Browns Grove.

The voice of the plowman with other spring birds is again heard as he plods the freshly turned furrow behind the toiling team. Mr. and Mrs. Clyde Kesterson visited relatives in Graves county Sunday.

Luther Adams, a very enterprising farmer, is nearly done planting corn.

Wm. Smith, better known as Uncle Billie, whose house was burned sometime ago, has rebuilt and moved into it.

John Hunter and family visited Mrs. Hunter's father, J. C. Murphy, near Vulton Creek last Sunday.

The bond issue for road improvements is being discussed and discussed. Wish our editor or someone else would enlighten us that we might vote intelligently on the question. (It is the purpose of the Ledger to give this question much consideration before the election, and we believe that we can present facts sufficient to cause every thinking man to vote for the bond issue.—Jennings.)

J. Duncan and family visited W. R. Singleton Sunday.

Aunt Mary Black is not expected to live, being very low of the infirmities of age.

J. L. Singleton is in bad health having a case of stomach trouble.—Billie.

Dyspepsia is America's curse. To restore digestion, normal weight, good health and purify the blood, use Burdock Blood Bitters. Sold at all drug stores. Price \$1 the bottle.

For Sale.—Two good work mules, 6 and 7 years old; 1 good work and saddle horse. Will sell for good note, 6 per cent twelve months.—L. Y. Woodruff.

## Sheriff's Sale.

By virtue of judgement directed to me, which issued from the clerk's office of the calloway circuit court, in favor of B. F. Schroeder, against R. W. Howard and Giles McCauston, I, or one of my deputies, will, on Monday, the 26th day of April, 1915, between the hours of 1 o'clock p. m. and 4 o'clock p. m., at the court house door in Murray, Calloway county, Kentucky, expose to public sale, to the highest bidder, the following property, to-wit: much thereof as may be necessary to satisfy plaintiff's debt, interest and costs, to-wit:

One blue jack about 14 1/2 hands high, levied on as the property of Giles McCauston. Terms: Sale will be made on a credit of three, six, nine and twelve months, bond with approved security required, bearing interest at the rate of six per cent per annum from day of sale, and having the force and effect of an execution bond.

Witness my hand, this 7th day of April, 1915.

W. A. Patterson, S. C. C.

## Scratching Hens.

The scratching hen is the laying hen. In the spring they dig early and late—and then lay. In the winter they sit around moping. They become bilious and lazy because they get no exercise and once bilious they seldom recover until spring. And they are an easy prey to cholera and other diseases. B. A. Thomas Poultry Powders starts the liver. Feed it twice a week until they begin to sing and scratch, then occasionally. We sell it and guarantee it.—Sexton Bros.

Doan's regulants are recommended by many who say they operate easily, without griping and without bad after effects. 25c at all drug stores.

Mens' hats cleaned and made to look new at Mrs. Sale's. Prices reasonable.

Itching, bleeding, protruding piles have yielded to Doan's ointment. 50c at all drug stores.

Bring your Milans and Panamas to Mrs. Sale and have them cleaned and reshaped.

## Notice—Change of Road.

The citizens and residents of Calloway county are hereby notified that a petition will be filed before the Honorable L. A. L. Langston, judge of the Calloway County Court, on April 26, 1915, same being county court day, to change and alter the Murray and Calloway Town road as follows:

Commencing about three or four hundred yards from the Tennessee river, near the old cabin at the big gate, leading into Calloway Town ferry, and bearing to the left and leading directly north so as to stay on level land, and running directly north over the land of W. H. Finney to a point directly west of the north line of the south lot of Frank Schram, thence east over the land of W. H. Finney until it reaches the north line of Frank Schram's south lot as above stated; thence continuing due east of said line over the lands of Frank Schram and W. H. Finney equally to the Tennessee river. 4152

## Superintendent's Notices.

The contracts for building school houses will be let Saturday, April 17, at the superintendent's office. All parties wishing to bid on these buildings are requested to be present at 1:30. Be prepared to make bond before putting in bids. Plans and specifications may be seen by calling at the superintendent's office.

The census reports are coming in rapidly. Yet a few of the trustees have not called for census blanks yet. Remember the time is up April 30. The lists must be filed by the trustee in person or the census enumerator in person. The lists can not be mailed in to the clerk or superintendent. In taking the census include only children born on or before July 1, 1909, and exclude those born on or before July 1, 1895. Lucile Grogan, Superintendent.

## Letter Written on Day of Disaster.

Miss Elizabeth Parker of this place, sister of Ensign T. A. Parker, second officer on submarine F-4, which went to the bottom off Honolulu harbor, received a letter from her brother that the young man might possibly be alive, but these hopes vanished when, on opening the letter, its contents revealed the fact that the letter was written and mailed on the day of the disaster. In the letter Parker discussed his operations as a member of the crew of F-4 in and around Honolulu harbor besides many other things of more personal interest.

## LOCAL and PERSONAL

A son was born the past week to Dee Mitchell and wife.

E. H. Haley, of Memphis, was in Murray the past week mixing with friends and transacting business.

A daughter was born last Saturday to Pat Beale and wife, of Almo. Mrs. Beale is a daughter of Luther Jones, of this city.

Robt. E. Wood, of Louisville, Ky., state director of the Kentucky Good Roads Association, was in Murray Wednesday of this week.

Nat Ryan was called to Nashville, Tenn., the latter part of the past week to attend a directors meeting of the Southern Insurance Co.

Jeff Rowlett, Jr., has returned home after spending the winter in Florida. He went to Havana, Cuba, and witnessed the Johnson-Willard prize fight.

Senator Beckham and Judge and E. C. O'Rear will speak at the court house next Tuesday. Hear these brilliant Kentuckians upon the issue of state-wide prohibition.

J. D. Sexton and wife were the guests of his parents, J. M. Sexton and wife, of Stewart county, the latter part of the past week. They made the trip in an automobile.

Mrs. Neva Piper, of Russellville, Ky., Worthy Grand Matron of the Order Eastern Star, was in Murray the latter part of the past week and attended a meeting of the local lodge.

M. M. Clark and wife, of Fulton, former residents of this city, spent Sunday in Murray, making the trip in a car. Mr. Clark is engaged in the auto repair business and is doing well.

By order of the city council Friday of this week was set aside as "clean up" day and every citizen is invited and urged to give their entire premises a thorough overhauling upon that day. It went hurt.

The Almo lodge, W. O. W., will unveil the monument erected to the memory of Sovereign Dook Russell next Sunday afternoon. All Woodmen and friends of the family are invited to attend.

Elder A. L. Wilson, E. G. Burton and wife, Mrs. Cannon, Misses Small and Watts, of Mayfield, came over last Friday night in a car to attend the meeting in progress at the Waters street church.

There will be a special called meeting of the members and deacons of Coldwater church next Sunday—April 18th. The pastor is very desirous that all who can attend this meeting as it is one of importance.

A daughter was born last Friday to Prof. J. W. Jones and wife. Happy congratulations have been showered upon the proud parents, and naturally pupils of the high school have been enjoying the fatherly sympathy of their professor.

Thos. Rhea, of the northwest part of the county, aged about 70 years, died last Friday after a prolonged illness and was buried Saturday in the Goshen grave yard. He was a well known citizen and the father of Bert Ray, of this city.

Ed Brown, of this city, purchased the Bud Brown stock of merchandise at Brown's Grove last Saturday. Mr. Brown assigned recently for the benefit of his creditors and the sale was made by the assignee. The stock was purchased at 75 cents on the dollar.

The six months old daughter of Mr. and Mrs. Trease of Benton, died Monday night of this week after a several weeks' illness of meningitis. Mrs. Trease was Miss Mary Carter Stilley before her marriage and is well known here where she often visited at the home of her aunt, Mrs. Higgins.

Dr. Will Mason was called to Lebanon, Tenn., to attend the bedside of Jack Dycus, of this city, and who is a student of Castle Heights College. An operation was performed on the young man before Dr. Mason reached Lebanon and his condition remains very critical. He underwent an operation here last summer and is suffering of abscess and blood poison.

A. A. Jones has secured the contract for the erection of the Dr. Henslee residence to be erected on the lot just west of the Hale property. Work was commenced on the job this week. The residence will be a two story frame and one of the handsomest on the street.

Miss Hontas Guthrie, the nine year old daughter of Will Guthrie and wife, west of the city, happened to quite a painful accident last Saturday. She accompanied her father to the smoke house to fill a lamp with oil and while standing in the opening to the building the door was blown to by a strong wind, striking the child on the head knocking her unconscious and inflicting a painful scalp wound.

The victorious "Reds" were banqueted by the vanquished "Blues" in the basement of the Christian church last Thursday night, and about three hundred covers were laid for the occasion. The entertainment was strictly a "stag" affair and was one of the most enjoyable social events ever held in the city. The Ledger regrets that limited space this week prevents a more extended notice of the happy occasion.

The congregation of the Methodist church is making arrangements for the enlargement of the church property by the addition of a Sunday school room to be erected adjoining the church building on the west end. It will be a modern room with basement and equipped with every convenience. About \$1,500.00 was subscribed toward the fund last Sunday. The improvement will be made at the earliest date possible.

## Knight News.

The health of this community is very good at this writing with the exception of Captain Lax, who has been sick for several weeks past, and Mr. Sam Fox, who is still improving.

Bro. Henry filled his regular appointment Sunday at Hickory Grove at 11 o'clock a. m.

J. A. Patterson and family visited W. A. Patterson and family last Sunday.

Mr. Dave Bucy's family visited Walter Bucy Sunday.

There was a barn raising at L. P. Moody's last week. Those who attended report a big dinner.

One of U. S. boys was "laying on" River Rat in last week's issue of the Ledger, and it almost tickled us to death. We are like the negro that was kicked by the mule, just consider the source. He said that River Rat had better be getting away, but we can not afford to worry about things long passed, life is too short. He also spoke of our troubles—it has been hard on us as the corn crop was short down here last year.

Elwood Moody was called to Springfield, Tenn., last week on business.

Mrs. Alva McCuiston returned home about ten days ago from the hospital in Murray and is getting along fine.

W. B. Hodges sprained his ankle just about garden making time. He thought he was going to have to work. River Rat.

## Not Offended the Least Bit.

Blue Mountain, Ark., Mch. 29. O. J. Jennings, Murray, Ky. Dear Sir and Friend—I hope you will not in any way become offended by finding enclosed a check for \$5. to be applied on my subscription.

I read the "Old Reliable" with great interest, and note that she still stands for all improvements, progress and prosperity. With best wishes. Yours truly, J. F. MILES.

(Not the least bit sore about it, Jim; and would have acknowledged your favor earlier, but if you'll take a peep over this issue of the "Old Reliable" you'll appreciate how we've been dogged around the past two weeks by a bunch of Methodist gals. Glad you enjoy the paper, and your peg has been set forward to January 1916. Jennings.)

## District Convention This Week.

The twenty-third district convention of the Christian churches will be held at Hickman April

15-16, Thursday and Friday. This district is composed of the counties of Ballard, Calloway, Carlisle, Fulton, Graves, Hickman, Livingston, Marshall and McCracken.

"Social Features," Mrs. J. H. Coleman; "Our Young People," Mrs. Mayme Randolph; "What Shall We Teach the child," and "The Church School" Elder I. T. Green; "Faithful Stewardship," Mrs. Malcom Sale, are numbers on the program.

## Murray Route 5.

The farmers are very busy trying to get out a crop.

Mr. Polk Osbron has 7 acres of corn planted.

Mr. Bud Harmon is very low of heart trouble.

Mr. Amos Adams is on the sick list this week.

Mr. Quitman Paschal and wife visited relatives in this neighborhood Saturday, and Sunday—Humburg.

## Court Convened Monday.

The regular April term of circuit court was convened Monday morning by Judge J. T. Hanbery. The grand jury composed of C. O. Carson, Tom Steel, Dudley Johnson, Jesse H. Hughes, John W. Myers, W. E. D. Lassiter, H. D. Guerin, Frank Lax, W. L. Logan, B. C. Wells, John R. Dick, J. T. Mayfield was empaneled and instructed.

The petit jury was called and composed of D. C. Barnes, B. B. Denham, Hamp Curd, Jake Mayer, I. H. Adams, R. R. McCallon, C. C. Smith, Will Ward, J. A. Hopkins, Jr., J. C. Hale, G. P. Kline, Walter Hartsfield, Chas. H. Hale, D. R. Drinkard, Dick Ferguson, Lyman Jones, J. J. Williams, B. H. Grogan, W. M. Burken, E. F. Rogers, Roy Wells, C. W. McIntire, W. A. Baucum, J. I. Mayfield.

Quite a number of minor commonwealth cases have been tried and it is now believed that this docket will be completed by the

## latter part of the week.

The case against Lubie Veal, Jeff Shroat and Ethan Owen was dismissed. They were indicted upon a warrant charging intimidating a witness.

Court was adjourned at noon Monday and in the afternoon Judge Hanbery addressed the voters for a short time announcing his candidacy for re-election and was immediately followed by Denny P. Smith and James B. Allensworth, candidates for commonwealth's attorney.

A filled court room heard the speakers and close attention was given throughout. Judge Hanbery confined himself to a brief announcement and was followed by Mr. Smith in a speech of one hour. Mr. Allensworth spoke for an hour and then Mr. Smith followed in a fifteen minute rejoinder. Space this week forbids a further notice of the joint speaking.

## Is It a Crime to Substitute?

The largest merchant in the world, Marshall Field, made his millions by offering his customers—*Not What He Wanted—But What They Wanted*. It is a known fact that the merchant *Who Succeeds Best* is the one who *Strives Most to Give His Trade Exactly what They Want*. Consumers absolutely know that dealers do not offer them *Substitutes* out of solicitude for their welfare; are not only *Sure, but Certain* that no substitute is "Better" or "Just as Good." They know it is a product of a class of unscrupulous, low class firms who make a business of putting up imitation articles that frequently do not contain a particle of some original essential constituent.

They also know without being told that they do not get their money's worth, and that substitutes pay the dealer a large profit; otherwise he would give them what they ask for without question. Manufacturers of advertised articles rely upon their inherent merit and value, which lead those who try them to recommend them to others. No amount of advertising will pay unless the article advertised has this feature to back it up, and the great evil of substitution is, not the competition of price, but the fact that

Continued from Page 3.

ment to our old soldiers. With a feeling of consecration to our service, and the knowledge that our motives are lofty, our cause just and our efforts noble, the J. N. Williams Chapter will "look to the end."

"Furl that banner, true 'tis gory  
But 'tis wreathed around with glory,  
And 'twill live in song and story  
Though its folds are in the dust  
And its fame on brightest pages  
Penned by poets and by sages  
Shall go sounding down the ages  
Furl its folds though now we must."

—Eunice E. Oury.

In the year nineteen hundred-ten, twenty of Murays literary ladies realized that now in the flood tide of human endeavor and intellectual achievements, they must for the betterment of themselves and to help elevate the community form an organization known as "The Magazine Club of Murray."

A constitution, was framed and officers chosen. No officer serving in the same capacity two consecutive years.

Meetings were to be held the fourth Tuesday in each month at the homes of the different members taking it alphabetical-

ly. A fee of one dollar a year from each member and one dollar initiation fee from each new member for procuring magazines, enabling them to have the very best books; these are circulated through the club the members being allowed to hold each magazine three days.

After they have made the circuit they are turned into the library.

In nineteen hundred twelve they joined the federation putting them in touch with the state work, through which great knowledge and inspiration is gained.

Their first joy meeting, was given in summer nineteen hundred eleven where every body took part; the instrumental and vocal solos, the duets, the harp- and reports from magazines were enjoyed by all: and all went away feeling it was good to be there.

The Club has done a great part by sending the Magazines from the Library to homes and institutions where literature is limited; by so doing they hope to elevate and cause a desire for higher literature, that may stamp out the low which allures but to destroy.

In nineteen hundred-fourteen The Red Path Chautauqua Co., sent their seven days Chautauqua to Murray under the auspices of "The Magazine Club," which was a success from every stand point enabling the Club to secure them for the year nineteen hundred fifteen.

The object of the Club being to promote interest in Current literature to stimulate intellectual growth, by pressing forward toward the goal, it is endeavoring to do its part toward elevating the community.

—Mrs. C. A. Bishop.

The Arts and Crafts Club was organized Aug. 1912, at the home of Mrs. O. J. Jennings. Mrs. Lona Keys was the first president; Mrs. Bettie Beale second, and Mrs. Chas. Farmer the third and present president. The purpose of the club was to further, promote, advance and propagate fancy work of all kinds. This is not a new club, for Eve was the first member. She did not use banana leaves for the first garment, as Adam would have done.

I wonder on in silence  
Till the moon is high in the sky.  
Thinking of the many people  
Who in time will say good bye;  
And how we all should lay  
Our lives at Jesus' feet.  
Till death doth claim us

because they would have been more practical as they are larger and the edges would have fitted better, instead she used the most fanciful leaf of nature, that of the fig tree. In pinning these together she secured the same effect that the woman of today achieves by eyelet embroidery, cut work and scallops. Every daughter of Eve is sure that when she commenced using skins for garments it was because she had thought of the possibilities of pyrography.

A fine is imposed on any member who fails to bring her needle work to each meeting, and it is also an unwritten law that if any member wishes to learn the work of another member that it shall be taught her. Thus it oftentimes happens that several are group- about one member learning a new crochet or other pattern.

The membership has been limited to thirty, because the meet-

ings are held in the homes of the members and this number is all that can be comfortably entertained.

This club has held two exhibitions of the State Exhibit in Arts and Crafts. The first was held in the home of Mrs. C. E. Dale for the club and invited guests, and the second was held in the school building during a session of the teachers' institute, and was visited by several hundred and much interest was shown.

This club was federated when first organized, and has always been a distinct and federated club. It refers with pride to its harmonious meetings and the perfect accord of its members. The club specializes on "club showers," and has given more and nicer, than possibly any other local club, and from the results obtained they seem to be more in demand and more popular than universal coupons.

### DOWN ON WATSON CREEK.

Way down in the backwoods,  
With only nature's noise,  
I grew, while I roamed up Wat-  
son creek.  
Just I, and a gang of boys.

'Twas I and Cousin Alvis's boys,  
Birt, Edd, Hubart, with Teddy  
to boot.

Then there was Eulis, and the  
Hargrove boys,  
Beyond the "Buzzard's Roost."

And Mills and Youngblood boys,  
up south,  
Down north were the Guiers  
and K.

And 'twas on the banks of Wat-  
son creek,  
That my little cottage lay.

On Sunday morn we'd always  
meet,  
To spend the day along the  
creek.

Pawpaw and Hickory were the  
whips we made,  
And rapping our jackets were  
the games we played.

With a nail stuck in a tobacco  
stick,  
We made our gigs the fish to  
prick.

And from tow sacks we made  
our seine  
The creek and ponds of fish to  
clean.

With sleeves rolled up and brown  
legs bare,  
We drove the fish into our  
snare.

But now and then a snake was  
found,  
And then we run our seine  
aground.

Then early in the afternoon,  
To the swimming hole we'd go  
too soon,  
And swim, and splash, and laugh,  
and play.

Until we'd all have chills next  
day.

And many a time we dared not  
dive,  
Lest our wet heads our parents  
spied.

And many an hour in the sun  
I've set.

Because my bushy head was  
wet.

And when we'd nothing else  
to do,  
We'd roam the bottoms through  
and through,  
Perchance we found an old bee  
tree.

The woods would ring with  
boyish glee.

To get an ax was the task of one,  
And plenty of rags to burn  
what fun.

With this outfit we were on to  
our job,  
And all set in the bees to rob.

We never stopped till our work  
was done  
And then we'd eat and have  
our fun.

We never cared for looks or  
money,  
As long as our hands were  
full of honey.

I remember one boy ate a bee,  
And the little bird is sweetly  
twittering.

And to this day he says, "'tis  
true  
His honey eating is ever  
through."

And many an evening we've  
whiled away,  
At a marvelous game we called  
croquet.

In truth we had a glorious time,  
When our boyhood was in its  
prime.

'Twas there we formed our lodge  
for boys,  
The famous B. U. O. A.,  
I wonder if all remember it,  
As its President does today.

Air castles, there by all were  
built,  
Of what we'd like to be,  
But what it took to make us that,  
Not one of us could see.

But, oh, what a change time has  
made,  
The great trees now give a  
useless shade.

For, though 'twas once our  
rendezvous,  
I fear our meetings are forever  
through.

For now the boys have gone to  
work,  
To see what they can do,  
Sometimes I see a few of them,  
Just once in a year or two.

And when I do I find too soon,  
He has on pegged topped  
pantaloon.

He's no more the lad on Watson  
creek,  
But a grown up gentleman,  
nice and neat.

But I never see any one of them  
That my mind does not recall,  
My life with the boys on Watson  
creek.

Where I loved them one and all.  
Now, some are married, some  
are dead,  
And some are gone away.

We'll meet no more on Watson  
creek  
On a beautiful, bright Lord's  
day.

—Lloyd W. Creason.

### THE LAST GOOD-BYE.

At eve when the golden sun  
Is lowering its shades for rest,  
And the little bird is sweetly  
twittering.

From the depth of its downy  
nest.  
And when the stars peep out  
From their hiding place on  
high.

I sit in silence and wonder,  
Who is breathing the last good-  
bye.

And wonder if its in the morning  
Of a life that's bright and fair,  
So pure, sweet and innocent,  
That nothing on earth can  
compare.

And if God in all his goodness,  
Is folding in his arms of love  
The idol of a happy home,  
To dwell with him above.

Or if its in the noon tide  
Of a life that's learned to love,  
The many worldly pleasures  
That's barred from the home  
above.

And strayed from the path of  
righteousness  
To follow the one of sin.  
And now at the gate of heaven,  
He can not enter in.

Or if its in the evening  
Of a life not lived in vain,  
Who to his many friends can say,  
On earth, I care not to remain;

As I'd rather live with Jesus  
In the home prepared on high,  
For all those that welcome  
The hour that brings the last  
good bye.

### PROMINENT MEN NOW USE TANLAC

Mayors, County and Circuit Court Judges Obtain Famous Medicine

Lexington, Jan. 14. "I have sold Tanlac since the beginning of its introduction in Lexington, to the mayors of a number of cities, county judges, circuit judges, and to many of the most prominent business and professional men in Kentucky," says Wm. E. Stagg, the Lexington druggist.

"The demand for the preparation has been phenomenal. In all of my twenty years' experience in the drug business I have never seen anything that equals it."

"In addition to the Lexington demand, Tanlac has been shipped from my store to Kansas City, Mo.; Colorado Springs, Col.; Denver, Col.; Memphis, Tenn.; Meridian, Miss.; Bonilla, S. D.; Pittsburg, Pa.; Jacksonville, Fla.; Louisville, Ky.; Tiffin, Ohio; Cincinnati, Ohio; Columbia, Tenn.; Palm Beach, Fla.; Phoenix, Arizona; Los Angeles, Cal., and many other points throughout the country that are too numerous to mention. You may rest assured that every city in Kentucky has, too, heard of Tanlac."

"I can only account for the great demand for this preparation by the fact that it is a good medicine. That is proven by the numerous statements from those who have tested the medicine in cases of catarrhal affections, or stomach, liver and kidney complaints, and are now convinced of its excellent merits. The public has not been slow to appreciate the Tanlac merit."

"Practically \$15,000 worth of Tanlac has been sold and distributed through my store within the past seventy days. Such demand is most certainly unprecedented."

"I take pleasure in commending Mr. Cooper and his very excellent preparation."

Tanlac, the preparation referred to, is now sold in Murray only by Dale & Stubblefield.

#### NOTICE

What Beale & Wells have to say to the public: We have just returned from the market with the most complete and up-to-date stock of goods we have ever had in our house, and our prices are always right. We were asked the other day why it was we never put on a special sale, and our answer was we always had one that they could always buy goods from us cheaper than any house in town. Come and see us, we need your money and you need our goods. We have the Baby Doll Slippers for children and anything you want for ladies. Come and see us, we will meet you with a smile and make you feel happy. — BEALE & WELLS.

#### Whole Family Dependent

Mr. E. Williams, Hamilton, Ohio, writes: "Our whole family depend on Pine Tar Honey." Maybe someone in your family has a severe cold—perhaps it is the baby. The original Dr. Bell's Pine Tar Honey is an ever ready household remedy—it gives immediate relief. Pine Tar Honey penetrates the linings of throat and lungs, destroys the germs, and allows nature to act. At your druggist, 25c.

### FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—right. Any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine, as this is the prescription sold under guarantee of money back if it fails to remove freckles.

#### METHODIST MISSIONARY

Continued From First Page

This first juvenile society took a share in this school. The last service given in the old Methodist church on Curd street was given by the juveniles with an Easter program.

As the society grows older the membership changes from year to year. Down to the present time there have been four or five different lady managers. At present Miss Novella Glasgow is lady manager. There are now 32 on roll, and two members, Misses Ruth and Frances Sexton, belong to the Golden Chain, which is an organization composed of Memphis conference young people who support Miss Elizabeth Claiborne, missionary to China.

#### Some Forms of Rheumatism Curable.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and chronic rheumatism, rheumatic headaches, sciatic rheumatism and lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially rheumatic pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is a medicine." Get a 25c bottle now. Keep it handy in case of emergency.

home we try to lose no opportunity to scatter the seeds of truth.

A young Cuban girl who wanted to buy some candy on Sunday expressed surprise when told by her teacher that it was wrong to buy such things on the Lord's Day. This girl has been attending the mission school and Sunday school for several years, and is a Christian. It seems as if she should have more thoroughly understood the teaching concerning the Christian Sunday. But in an atmosphere of worldly opposition the truths entered slowly.

It must indeed be by precept upon precept, line upon line, a spirit that will not yield to discouragement, "a faith that will not shrink," that these people learn Christianity.

Let every patriotic Christian heart pray for the power of the gospel in Tampa, for it is a needy field.

Sincerely,  
ROWENA WILLIAMS.

#### Man-Takes Own Medicine an Optimist

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating cold are optimists; they know this cough remedy will penetrate the linings of the throat, kills the germs, and opens the way for nature to act. You can't destroy a cold by superficial treatment—you must go to the seat of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.

#### "ONLY ONE BEST."

Murray People Give Credit Where Credit is Due.

People of Murray who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Murray people. Here's a case: J. T. Wells, Murray, Ky., says: "I still use Doan's Kidney Pills when I have kidney trouble and find that they do me good. Another of my family also took them. Although her condition was much worse than mine, Doan's Kidney Pills did her more good than anything else she ever tried."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Wells had. Foster-Milburn Co., Props., Buffalo, N. Y.

#### White Man With a Black Liver

The liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their liver becomes black because of impurities in blood due to bad physical states, causing biliousness, headache, dizziness and constipation. Dr. King's New Life Pills will clean up the liver, and give you new life. 25c at your druggist.

**Three of a Kind Ice.**—3 oranges, 3 bananas, 3 lemons, 3 cups sugar, 3 cups cold water, whites of 3 eggs, 1 cup boiling water.—Miss Mavis Houston.

**Iced Grapes.**—Wash and drain dry bunches of large ripe grapes, several varieties if possible, dip in beaten white of eggs, place in sieve so that they will not touch each other, sift powdered sugar over and put in a warm place to dry. Cherries may be prepared in the same way.—Mrs. C. H. Jagers.

**Charlotte Ruse.**—One pint pure

cream, 1 can grated pineapple,  $\frac{1}{2}$  envelope gelatin,  $\frac{1}{2}$  cup sweet milk,  $\frac{1}{2}$  cup sugar (more if desired); beat cream until stiff; beat whites of eggs until stiff, mix eggs and cream together, dissolve gelatin in the milk, place in double boiler, when gelatin is dissolved let cool before pouring into eggs and cream, mix well and sweeten to suit, put in the strained grated pineapple.—Miss Bernice Edwards.

**Pineapple Sunlight.**—1 pound of marshmallows, 1 pound can of pineapple, 1 quart cream; prepare the night before so the marshmallows will dissolve; add cream just before freezing.—Miss Bettie Beale.

**Apricot Ice.**—1 can apricots run through a sieve, 1 pint sugar, 1 pint sweet milk, 1 pint cold water, juice of 2 lemons, stir together and freeze.—Mrs. W. H. Graves.

### SALADS; DRESSINGS

**Oyster Salad.**—2 pound can oysters, 1 cup of nut meats, 4 tablespoons of celery, 4 crackers finely crumbled, a dash of cayenne,  $\frac{1}{2}$  teaspoon of salt, drain liquor from oysters, chop them, then add other ingredients, use mayonnaise dressing.—Mrs. Minnie Hood Jones.

**Chicken Salad.**—The lean of one nice chicken,  $\frac{1}{2}$  as much celery as chicken, one pound Malaga grapes seeded,  $\frac{1}{2}$  dozen medium size pickles, 1 cup of nuts, 2 tablespoons of sugar, salt and pepper to taste,  $\frac{1}{2}$  cups mayonnaise dressing; cut the chicken fine but do not grind; mix all the ingredients together and pour over dressing.—Mrs. C. H. Bradley.

**Cabbage Relish.**—2 cups cabbage, 6 pickles cut fine,  $\frac{1}{2}$  cup sugar, 3 tablespoons chopped onions, one

teaspoon salt, 1 can of pimientos, vinegar enough to cover.—Mrs. C. D. Holt.

**French Fruit Salad.**—2 oranges, 12 English walnuts, 3 bananas, 1 head lettuce,  $\frac{1}{2}$  lb. Malaga grapes. Peel oranges and remove white skin from each section. Peel bananas and cut in 1 inches, remove skins and seeds from grapes, break walnuts into peices, mix well and arrange on lettuce leaves. Serve with french dressing.

**French Dressing.**— $\frac{1}{2}$  teaspoon salt,  $\frac{1}{2}$  teaspoon pepper, 2-tablespoons vinegar, 4 tablespoons olive oil. Mix ingredients and stir until well blended. Few drops onion juice, if preferred.—Mrs. J. G. Glasgow.

**Apple Salad.**—One dozen chopped finely, one teacup English walnuts, juice of one lemon,  $\frac{1}{2}$  teacup sugar. Serve with baked chicken.—Mrs. Chas. Hood.

**Salad Dressing.**—Put in the dish you are to cook in 1 heaping tablespoon sugar, 1 heaping tablespoon butter, 1 heaping tablespoon mustard, 1 teaspoon salt. Smooth these to a paste and add one unbeaten egg. Beat all together well, add another egg, beat until smooth 1 small cup of vinegar, 1 cup of cream (or rich milk). Place in double boiler and cook until thickens—takes about 15 minutes. Add more sugar if you like. This is an excellent dressing.—Treva Cochran.

**Chicken Salad.** Stew a hen until tender, remove bones and skin, cut fine, chop as much celery as you have chicken, boil 12 eggs hard, chop the whites and add to chicken celery. Mash the yolks and add  $\frac{1}{2}$  cup melted butter,  $\frac{1}{2}$  cup of good vinegar and juice of one lemon, mix the salad with

this dressing, add salt and pepper to taste. Mix with fork.—Mrs. Jas. B. Hay.

**Oyster Salad.**—Drain liquor from one 2 lb. can of oysters, yolks of 4 eggs,  $\frac{1}{2}$  teacup cream, 1 tablespoon of butter, 1 teacup of vinegar, pinch of cayenne pepper, 1 tablespoon of celery seed, 1 teaspoon sugar, black pepper. Put all on fire, cook until thick. Add  $\frac{1}{2}$  rolled crackers and chopped cucumber pickle. When dressing is cool add oysters.—Mrs. T. D. Smith.

**Fruit Salad.**—1 can cube pineapple, one lb. marshmallow, five bananas. Cut pineapple, marshmallows and bananas in halves.

**Dressing.**—Yolk of one egg, 1 tablespoon sugar, 1 tablespoon water, pinch of salt, cook until thick. Beat the white of one egg and mix all with fruit.—Mrs. S. Higgins.

**Marshmallow Salad.**—Chop 1 lb. of marshmallows, pour over them one can of grated pineapple and let stand over night, then add to that  $\frac{1}{2}$  dozen sliced bananas,  $\frac{1}{2}$  lb. chopped walnut, 3 oranges (2 cut up) and  $\frac{1}{2}$  pint of whipped cream.—Mrs. J. T. Hughes.

**Baltimore Salad.**— $\frac{1}{2}$  lb. marshmallows, 1 can sliced pineapples,  $\frac{1}{2}$  lb. of pecans or English walnuts. Drain pineapple, cut in cubes, cut marshmallows in fine pieces.

**Dressing.**— $\frac{1}{2}$  teaspoon dry mustard,  $\frac{1}{2}$  teaspoon salt,  $\frac{1}{2}$  table teaspoon flour and melted butter, 1 table teaspoon of sugar, 1 table teaspoon of butter, 1 teaspoon vinegar and the beaten yolks of 2 eggs. Mix mustard, flour, salt and sugar, then add vinegar and yolks of eggs. Cook in double boiler, when thick remove from fire, and add butter and enough

## Murray Baptist Church.

By REV. H. B. TAYLOR, Pastor.

Murray Baptist Church was organized on Saturday before the Fourth Lord's day in May 1846. Elders I. P. Edwards, W. F. Vancleave, D. N. Dodson, R. M. Thomas, Wm. McLean and M. T. Span and Deacon S. R. McLean composed the presbytery. The constituent members were H. W. Harding, Sr. and his wife, Elizabeth Harding, Beverly P. Elliott, Wm. H. Covington, and his wife, Mildred Covington, Gilbert Harding and wife, Adah Harding, Tabitha Pitt, Frances Rowland, Sarah Curd and Wm. P. Guthrie. I. P. Edwards was the first pastor and Wm. P. Guthrie the first clerk. Wm. H. Covington, E. P. Elliott and Wm. P. Guthrie were the building committee. The 15th rule of decorum adopted by the church was as follows: "No negro slave shall be received into the church without the approbation of his or her master or mistress."

Wm. P. Guthrie and Gilbert Harding were the first deacons. From April 1851 to the present Murray Baptist church has considered "dancing," "unscriptural and unchristian conduct" and a sufficient ground for expulsion, if persisted in.

About 20 slaves were members of the church at various times.

The church has never had but five clerks: Wm. P. Guthrie served five months, H. W. Harding Sr. was clerk from September 1846 to March 1860. P. M. Ellison served from April 1860 to July 1889. T. A. Miller served from July 1889 to September 1891. J. H. Churchill was elected in September 1891 and is still clerk.

In the first 50 years of her history the church had only eight deacons. They were Wm. P. Guthrie, Gilbert Harding, Jno.

W. Ryan, Mathew Allen, W. H. Barton, H. W. Harding, Jr., E. H. Covington and Geo. W. Craig. P. M. Ellison and A. J. Holland were elected deacons but declined to be ordained.

Since January 1, 1897 W. G. Love, J. H. Churchill, W. T. Sledd, L. C. Jones, Barber McElrath, E. T. Dunaway, W. H. Graves, O. B. Irvan, A. B. Laster, A. J. Wilson, Tremon Beale, Lee Lucas and W. A. Key have been added to that list.

In the 69 years of its history the church has had 16 pastors. Five of the 16—Wm. Skinner, Judson Taylor, W. B. Dye, J. S. Edmonds and J. A. Hogan served from three to seven months each. Two of them—Uncle Billy Skinner and J. A. Hogan—died while pastors. One—J. S. Edmonds—was asked to resign

pastor twice—a total of about five years. T. H. Pettitt was pastor three times—a total of nine years. The present pastor has been pastor since January 1, 1897. Two Brethren, H. R. Puryear and Fleetwood Ball were called to the pastorate but declined. Brethren W. H. Williams and W. S. Roney were apparently invited to visit the church with a view to a call just before Bro. Edmonds was called but they both declined to come. During the present pastorate there have been 830 additions to Murray Baptist Church. The mission contributions have grown from \$21.00 in 1896 to over \$3700 in 1914. Murray Baptist church gives more to missions than all the other churches of all denominations in Calloway County put together. In doing that she does not neglect the poor and needy at home. She gives more to charity at home than any other church or any benevolent order in Murray. This is in harmony with the old saying: "The light that shines farthest from

The other two got work nearer home and resigned in a few months. Two others—T. H. Stamps and John Padgett served only one year each. J. S. Crawford and J. L. Perryman served less than two years each. J. L. Morton and Asa Cox served nearly four years each. N. S. Castleberry was pastor five years. Wm. McLean was pastor nearly eight years. J. A. Hogan was pastor twice—a total of about five years. T. H. Pettitt was pastor three times—a total of nine years. The present pastor has been pastor since January 1, 1897. Two Brethren, H. R. Puryear and Fleetwood Ball were called to the pastorate but declined. Brethren W. H. Williams and W. S. Roney were apparently invited to visit the church with a view to a call just before Bro. years ago, this fall, if God wills, as a missionary to Brazil. Miss Rowena Williams is a worker under our Home Mission Board among the foreigners in Tampa, Fla. Miss Oma Savage and Louise Beach are teachers in Mountain mission schools under our Home Board.

Murray Baptist Sunday School had an average attendance during February of 317. Their slogan for March is an average of 325 and for April an average of 350. They had 423 present the second Sunday in February—the largest Sunday School that ever gathered in Calloway County. If the home department and cradle roll were counted in their enrollment, the total enrollment of Murray Baptist Sunday School would be right at 600.

Murray Baptist Church is not only interested in feeding the poor and looking after the bodies of men; and giving her thousands of dollars every year and sending out missionaries to save the souls of the lost at home and abroad; but she is also interested in training the minds of the young people. For years, almost single-handed and alone, she has done more to provide good literature for the young people of Murray and Calloway County than all other organizations in Murray and Calloway County put together. A free-reading-room and public library of some 700 or more volumes is kept open one-half day for six days in the week at a cost of \$300 to \$400 per year according to the number of volumes added each year. There are approximately 775 or 800 people in Murray and surrounding country, who read books out of this library. Incidentally it might be remarked that some public spirited citizen or citizens could not make a better investment of some of their funds, if they want to help the young people, than to give \$100 or \$200 to buy some new books for that library. They are

badly needed just now. Many young people are asking when we are going to get some new books.

Even the briefest history of Murray Baptist Church would not be complete without some mention of her annual Bible Institute. For 17 years this annual Institute has grown in influence and power until it now has the largest attendance of any distinctively denominational meeting of similar character that we know of in the south. Many who attend this annual meeting make bold to say that no chautauqua

REV. H. B. TAYLOR.

or lyceum or lecture course ever brings to any city the size of Murray or even to cities three or four times the size of Murray an equal array of talent to that heard from year to year on the programs of the Murray Institute.

At the request of the ladies of the Methodist church in Murray we have gladly gone through musty church records in order to be accurate in giving the above facts in the history of Murray Baptist Church. Much more might be said but this added testimony will suffice. The loyalty and steadfastness in standing by their convictions upon the part of the founders of the church and

their co-workers has made possible the notable success to which this generation has attained. Like the foundation of some great building, they are out of sight but must not be forgotten. Without the abiding blessing and favor of God, neither they nor we could have achieved, what God has wrought thro' us. To the many true and noble men, some gone to their reward, some transferred by the great Head of the church to other friends; to the host of faithful, devoted women (God bless them every one;) and to the loyal sympathetic band of young people the pastor makes grateful acknowledgment for all they have done to make possible our past history. May the heritage and history of the past be both an omen and incentive to greater tasks for the present and future.

## LADIES AID AND MISSIONARY SOCIETY—BAPTIST CHURCH.

By MRS. F. N. M'ELRATH.

This society was organized about thirty-five years ago, during the pastorate of Eld. Asa Cox, adopting the Constitution and By-Laws suggested by the Women's Missionary Union of the Southern Baptist Convention. Their first undertaking was to remodel the old frame meeting-house, and make it a little more worthy of the name. For several years, under different pastors, they worked spasmodically, trying in various ways to raise money for church expenses. They resorted to the popular methods of dinners, ice-cream suppers, bazaars and entertainment, in which they expended much energy and material and received very small returns in dollars and cents. During this period there was not much growth in grace. It was not until the coming of the present pastor, Eld. H. B. Taylor, that the members of the

## Omega Always Works the Same

Many brands of flour have excellence--occasionally. Omega is uniformly the best. It is made of the best plump, red, soft, Winter wheat, which is to be found only in a district of Southern Illinois. If the wheat is poor Omega is not milled, as only the best will be used. Omega always mixes, kneads and bakes in the same reliable way. Don't try to save those few cents a week but order Omega.

butter, 1 cup water, juice 1 lemon; cook all until thick; line pan with a good crust and brown, then add the beaten whites on top and brown. —Mrs. Herman Diuguid.

**Lemon Pie.**—Two lemons, 2 tablespoons sugar, 3 eggs, 1 cup of water, 2 even tablespoons flour, grate the rind and strain piece of lemon, stir flour up with water then add the sugar and beaten yolk, then the piece of grated rind. Bake with an undercrust, have ready when it comes from oven the whites beaten to a stiff froth with 4 tablespoons of sugar. Spread over pie, set in oven and brown as quickly as possible to avoid being leathery. —Mrs. Boyd Wear.

**MISCELLANEOUS.**

**Tomato Bisque.**—1 pint of rich milk, 1 pint tomato juice, 1 lump of butter size of an egg, 1/2 teaspoonful soda, salt to taste. Put milk on in double boiler and when boiling add salt and butter and thicken slightly. Add to this the pint of tomato juice to which has been added about one-half teaspoon soda.

**French Fried Potatoes.**—Cut potatoes into strips less than 1/2 inch in thickness, heat the crisco to the highest temperature, then drop in the potatoes. They will cook in 4 1/2 minutes, less than half the time it usually takes. —Mrs. J. Y. Mills.

**Spaghetti.**—Break spaghetti into small pieces, cook in salt water until tender. Take 1 cup of fat and heat 'till it smokes, chop 1 onion into that and let brown. One large can tomatoes, red and black pepper to suit taste; cook about 15 minutes, pour spaghetti into that and bake until brown. —Mrs. Herbert Wall.

**Pickled Peaches.**—Make a syrup of two quarts of best cider vinegar and six pounds granulated sugar. Place this in a kettle with a spice bag containing one tablespoonful of whole cloves and 1 pound of stick cinnamon. Pare the peaches, leaving in an

occasional stone for flavor. Cook peaches in syrup until tender, place them in glass jars, fill jars with the syrup and seal. —Mrs. Eula Hood Phillips.

**Marshmallows.**—2 cups sugar, 2 cups water, 2 tb. gelatin, 6 tb. cold water, well beaten white of 1 egg, 1/2 teaspoon cream of tartar. Method: Hydrate gelatin in cold water, dissolve cream of tartar in boiling water. Pour over sugar and cook until it spins a thread. Add hydrated gelatin and stir 'till dissolved. Pour gradually over the beaten egg, beat with a wooden spoon, add

flavoring, pour into tins lined with powdered sugar. Put a layer of powdered sugar on top, when firm cut into squares, roll cut edges in powdered sugar. —Miss Verna Robertson.

**Chocolate Creams.**—Beat the whites of 2 eggs to a stiff froth. Gradually beat into this a cup of confectioners sugar, flavor with 1/2 teaspoon of vanilla and work well. Now roll in buttered pans, let balls stand for one hour or more, put half cake of unsweetened chocolate in a bowl placed in a sauce pan of boiling water. When

## The Calloway County Fair

By M. D. HOLTON, Secretary.

That the possibilities of Calloway County as an agricultural and stock raising section might be better known, and for the promotion of a higher standard of excellence in the social, farm and business life of her people, The Calloway County Fair Association was organized in the early summer of 1910, the first fair held in October of that year. D. H. Thomas, W. A. Patterson, I. T. Crawford, T. A. Beaman, Joe Clark, Cons Frazier, E. H. Haley, H. W. Hills, E. S. Duiguid and Nat Ryan composed the first board of directors.

The grounds, situated just outside the city limits, south west, is a most ideal location for the purpose, the entire body of land consisting of about 40 acres, being covered with virgin forest trees, except the half mile race track which is said by race men and others who know, to be the best and fastest half mile track in the State.

Any kind of history of Calloway county and her various enterprises would be incomplete without mention of this as one of the most potent factors in the promotion and betterment of home and farm life, stock and poultry raising, truck gardening, and all other things pertaining to domestic affairs. It is here our people (the best on earth) come together in October of each year for social intercourse, recreation and general enjoyment, and were farmers, housewives, and stock raisers from all parts of the county and outside world come in contact in the exchange of ideas and discussing the different means and methods of making the home more attractive and the different branch-

es of farm work more profitable.

The present board of directors composed of T. A. Beaman, I. T. Crawford, J. H. Ellis, J. H. Futrell, Nat Ryan, R. T. Wells, Dr. P. A. Hart, E. H. Haley, M. D. Holton, Cato Wilcox and R. D. Simpson, are already hard at work planning arrangements for the coming fair on October 6-7-8-9.

The management sincerely requests the support and co-operation of the county's entire citizenship in making the coming fall meeting the greatest success of the organization's history.

Make it bigger and better is the word.

Mr. Ben Grogan is the Treasurer, and Mr. M. D. Holton is the Secretary.

There are two hundred and twenty-nine cities in the United States having each a population exceeding 25,000. Because in the city center the problems of labor, housing, sanitation, immigration, extreme poverty, and abnormal wealth, we have come to regard the city as the great problem of the nation. It was not so thirty years ago. Many of these problems have grown out of sudden industrial development, unattended by a corresponding development of municipal, social, and religious correctives.

Do you want to help some one hundreds of miles away? If you have no other means at your disposal, pray for him and do not forget that "the effectual fervent prayer of a righteous man availeth much."

The possession of money has kept many a man small. In God's sight it never made a man great.

## IN THE SHADOW

Geo. O. Galin.

In the shadow, sunless, brightless,

In the darkness, awful, lightless,

Pass the cynic and his brood.

And they pass with eyes unseeing,

Heads bent downward, hearts unfeeling,

Searing, wasting, teaching nothing,

But the mockery of virtue

And the hopelessness of hope.

Thus they pass on, ruining, blighting,

Those who live and those who dying

Love the cause that gave them birth.

How they glory in the blackness,

Showing things, themselves unseeing,

Causing tears, themselves unfeeling,

Fearing nothing good or evil,

Loving nothing great or small.

In the darkness of the shadow,

Sunless, lightless, and forever

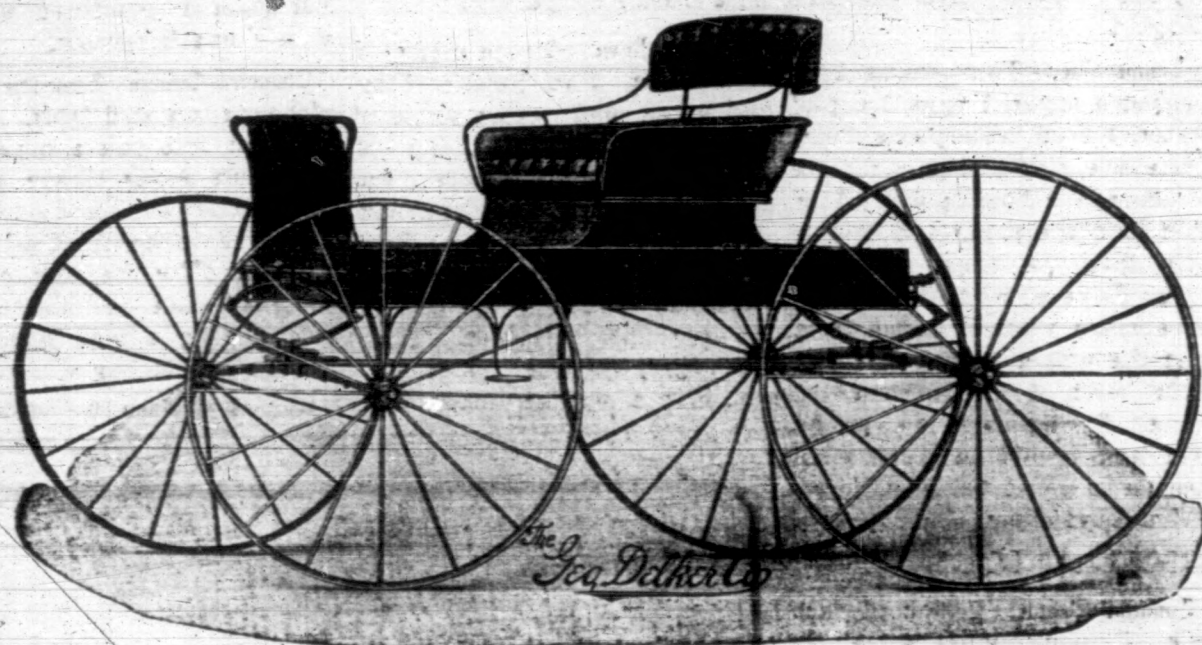

Never changing, gazing always

On the shadow ever darkening

On the dreams of priests and prophets,

On the things we hoped were true.

—Thought.

### MURRAY BAPTIST CHURCH.

Continued from Page 27.

society grasped the higher ideal of spiritual culture, and loyal service in the Master's kingdom. New life was imparted to the meetings. All money-making schemes were gradually abandoned, the pastor having shown them "a more excellent way," and the purpose and aim of the society was now to develop the christian graces in individual lives, and to extend the blessings of the Gospel to those who had not yet heard the story of redeeming love. It became in truth a missionary body, giving one-third of all money received to Missions. With this new vision of the work, came increased spirituality in the meeting. The devotional exercises were emphasized, and interesting studies of the mission fields engaged in. There are no dues exacted from any one, but the privilege of bringing in free-will offerings is constantly set forth. Such is the society which now has a strong hold upon the ladies of the church. As the older ones fail in strength and can no longer be active, the younger ones rise up to take their places. The character of the work, as outlined by the constitution, embraces keeping in order the house of God, visiting the sick a needy, and inviting people to the Sunday school and other services of the church. In these things they can truly be an aid to the pastor and deacons of the church. The social feature is also cultivated in welcoming strangers, and bringing into close touch all who are interested in the same great cause. The missionary spirit also prevails. One meeting in each month is devoted entirely to missions. At this meeting there is carried out a well prepared program, consisting of readings from the Home and Foreign Mission Journals, and

appropriate leaflets furnished by the Southern Baptist Publishing House. Earnest prayers are offered too, and songs of praise, in which the ladies heartily join, and the spiritual uplift is felt by all. The other three meetings, called work meetings, are spent in sewing on quilts for donations to missionary boxes, and garments for needy people near by, with short devotional exercises. Boxes to frontier missionaries, outfitting entire families, have been sent frequently. Also boxes of bedding to Mountain schools, Louisville Training School, and Orphans' Home. Two special offerings for Missions are made each year, one at Christmas time for China, and one for Home Missions in March, at the close of the Week of Prayer and self-denial. These offerings have steadily increased in amount from year to year. The ladies are learning something of the blessedness of giving, and the spiritual strength gained from these devotional meetings can hardly be estimated. There have gone out from this society two missionaries, one to the foreign field—Miss Louella Houston (now Mrs. Beddoe) who is now stationed in South China, and Miss Rowena Williams, who is working among the Italians in Tampa, Florida. It is remarkable that during the last twenty years, only two members have been lost by death—Miss Mary Holland and Mrs. Maude Churchill. Recently the society has adopted what is known as the circle plan, dividing its membership into neighborhood circles, each circle having its own officers, and all the circles meeting at the same time. Once a month for the missionary meeting, all the circles meet together, furnishing the program by turns. This arrangement has greatly increased the enrollment, enlisting many who had not heretofore attended the meeting, and it is believed

that the efficiency and consecration of the members will be increased proportionately.

The Baptist Young Peoples' Auxiliary of the Murray Baptist church was organized at the instigation of the pastor.

The purpose of this organization is the development and training of young christians for efficient service in the church. It also aims to provide some wholesome recreation.

The officers are as follows: Hugh M. McElrath, President; Henry Smoot, Vice-President; John Mayer, Secretary; Mrs. Zeph Conner, Jr., Organist. The Treasurer of the church, Treman Beale, and the pastor, H. B. Taylor, have corresponding offices in this organization.

The regular meetings are held on Sunday evenings, just before the regular church services.

The first book in the study course, just completed, is "Training in Bible Study." The quarterly prepared by the S. S. Board of the Southern Baptist Convention for young people's work, is now being used, which provides Bible, Mission, Doctrinal, and Devotional lessons for each month. Also daily Bible readings are arranged, which are used by quite a number of the members.

The enrollment is about 60. The attendance and interest are encouraging. The readiness with which the young people engage in the work is very gratifying.

Social meetings are held quarterly. At these meetings there is a short literary and musical program, and then entertainment with various games and contests.

These meetings have proved very enjoyable, and have a tendency to elevate the social life of the young people.

It is believed that this organization will add greatly to the efficiency of the church in all its activities.

# Springtime - Spring Goods

AT LAST it seems that we are to have some real spring weather and everyone's thoughts naturally turn to spring Wearing Apparel. The purchase of material for your Spring Dresses should be a matter of careful selection. You want to be sure that the style is correct, and you should be positive that you get the utmost value.

Claims, unfortunately, are not always actualities. Disappointments frequently follow close on the heels of a hurried purchase. In view of these things it is important to remember that we always stand back of every claim that we make for their quality and service; and also vouch for the high character of La Porte Dress and Wash Goods Styles. In these splendid lines we offer you all in the way of real quality you could ask for; in addition, that style and smartness demanded by the most discriminating dressers is also a certainty. The offerings of our Silk Dress and Wash Goods departments appeal to all women who are critical enough to want the best, keen enough to recognize the best and economical enough to appreciate the full value of a dollar. We go out of our way to insure absolute satisfaction and never consider a sale complete until this result is accomplished.

Quality after all is what you are concerned about when dress materials are selected. This is as it should be and it is the vital secret of our Dress Goods department's success. Service and dependability is what we demand of the mills and it is what we invariably guarantee to you. In again calling your attention to the ideals of this department of our store, we desire to impress upon your mind the fact that La Porte styles and qualities always satisfy. When you are ready to select the material for a gown, a frock, a dress or costume for any occasion, come and see how satisfactorily we can satisfy your requirements. Our Dress Goods customers say that this is a safe store for the reason that money paid on any purchase is always on deposit until they are perfectly satisfied with their purchase. You do not expect to buy a new dress every month, and when you do you ought to have the assurance that it is beyond commonplace, that is, stylish without being ordinary. Discriminating women who in past seasons have found it to their advantage to choose Dress Goods in this store say that La Porte Dress and Wash Fabrics are as exclusive in style as they are in quality and service.

This characteristic again emphasizes the supreme value of our advance showing of Summertime Styles. If you demand suitable Dress Materials for any kind of wear, something that is beautiful in weave, print or coloring, as well as being exceedingly serviceable, we urge you to visit our store and make selections. Remember that this is Murray's Exclusive Ladies' and Childrens' Store. We can supply all your needs in the Millinery line and in our Ladies' and Childrens' Low Shoes and Pumps we do not hesitate to say that we have the most complete line that is shown in Murray. The same Guarantee goes with every pair of our shoes; they must prove good or its no sale. If there is anything that is new in the ladies' and childrens' wear you will always find it here, and our prices are always the lowest on the same quality of goods. And we want to remind you that our entire Spring Offerings are made in the good old U. S. A., and we feel that we have the right to urge the people of Murray and Calloway county to buy their goods in Murray, or at least give your home merchants a look before going away from home to do your shopping. We are in a position to know that we can save you money on your spring bill. Yours to lead in that that is new,

### WHAT AND HOW TO COOK.

Continued From Page 29

melted drop little balls in it, taking out with a fork. It will take half an hour to harden the chocolate. — Lena Pitt.

**Baked Apples with Raisins**—Pare and core apples, fill cavity with raisens 1/2 cup of butter to each apple. Cover with hot water and bake. Serve with whipped cream. — Miss Mildred Dunn.

**Baked Apples**—A dozen nice red apples (cored), fill center with a preserve, then cover the tops with butter and sugar, bake. After done and ready to serve spread with whipped cream, garnish each with a cherry—Mrs. Bert Sexton.

**Russian Tea**—Juice of 2 lemons, 2 cups of water, 2 cups sugar, 1 quart of water over 2 cup of tea leaves (1/2 black, 1/2 green tea), let steep. Pour over lemon juice,

and sugar, add another pint of boiling water on the tea leaves, drop the lemon peels in this, let stand 2 minutes then add to the lemon and tea mixture. Make several hours before using, drain off the top for use. If too strong add more water. — Mrs. J. D. Rowlett.

**Grape Juice**—One gal. grapes, (stemmed), 1 qt. water, cook as for jelly, then strain. To one quart of juice add one pint of sugar, let it come to a boiling point for ten minutes, then bottle. — Mrs. W. J. Beal.

**Boiled Ham**—Cover ham with water, add 1 pt. of vinegar, boil 3 hours, remove from fire, remove skin and cover ham with prepared mustard, using almost 1/2 bottle. Put in pan with some of the water in which it was boiled, adding a little more vine-

gar. Bake 1 hour before taking from oven, cover with one cup of brown sugar and brown. — Mrs. Barber McElrath.

**Baked Fish**—Wash and rub with salt, dredge with flour, put a little butter in baking pan, when it begins to brown put in fish, add one cup of water cover and put in oven, turn when brown; if necessary add a little water; garnish dish with slices of lemon. — Mrs. Chas. Smith.

**Flank Beef Roll**—Flank beef 3 or 4 pounds, rub with salt, pepper and tablespoon of vinegar, spread thick with dressing made either of macaroni well cooked, or a nice dressing of any kind. Roll up and tie with a cord at each end. Put in buttered pan and when brown cover with boiling water and continue to cook for about two hours. When tender thicken for gravy and serve with tomato sauce. — Mrs. J. T. McElrath.

**Baked Ham**—Clean ham nicely, place in vessel large enough to cover with cold water, add two cups of sugar, let boil 4 hours, when done remove skin, sprinkle with sugar over top. Set in hot oven and let bake about 20 minutes. Fine for an Eastern ham. — Mrs. Asher Graham.

**How to Preserve a Husband**—Be careful in your selection; do not choose too young; when once selected give your entire thoughts to preparation for domestic use. Some insist on keeping them in a pickle, others are constantly getting them into hot water; this may make them sour, hard and sometimes bitter. Even poor varieties may be made sweet, tender and good by garnishing them with patience, well sweetened with love and seasoned with kisses. Wrap them in a mantle of charity, keep warm with steady fire of domestic devotion and serve with peaches and cream. Thus prepared, they will keep for years.
