COMMERCIAL CLUB WILL BE FORMED NEXT MONDAY NIGHT.

Business Men To Meet At Moayon's Hall.—United Efforts Will Bring Manufacture Plants To Hopkinsville.

Above all things Hopkinsville needs an active business organization. The business men individually are enterprising and progressive, and with the proper sort of a commercial association the permanent prosperity of the city is assured.

Next Monday night at 7:30 o'clock there will be a meeting at Moayon's Hall for the purpose of forming a commercial club, and every citizen interested in Hopkinsville's future welfare is urged to be present.

"Our city is particularly well situated for manufacturing of nearly every kind," said a prominent business man today, "having the finest coal fields only a few miles north and a splendid agricultural country in the other three directions. Both are necessary for a factory town, as fuel must be plentiful, and cheap to sustain the plants and the farm products also sufficient to furnish food for the employees. There is no doubt as to the ability of Hopkinsville in furnishing everything necessary for the sustenance and comfort of any number of people at the lowest cost and with anything like reasonable freight rates. Fuel can be had here lower than in nearly any town in the United States. Now, what we should do

is to let the world know our situation and induce factories to locate here. Inquiries are made by factory owners nearly every day as to what inducements we can offer them to come here. We know that two large plants are now considering a change from their present locations and have expressed a desire to come to Hopkinsville, but there is no one to take the matter in hand and bring out what we can do for them. All realize the fact that Hopkinsville should at once have a commercial club or other business organization, properly officered and with good committees to attend to all enterprises offered and to look after the business interests of the city as a whole. Every citizen around us has a similar organization and we cannot afford to continue to allow them to capture business and enterprises that should come to us. Louisville has both board of trade and the commercial club, and each is doing a wonderful work for the city and we must follow suit and organize an association of our business men and go to work. Ours is a good city in every way, our people are happy and prosperous, and let's get more to come and join us."

WORDS OF WARNING

POOR FARMERS URGED TO STAY AT HOME.

Northwest No Place For Anyone Who Has Not Capital.

Every year farmers leave this section of the country for the Northwest, under the mistaken notion that they are to find a land of new delight. The people who live there know more about it. The following letter, which is written and sent under the auspices of the Western Labor Union, bears the imprint of truthfulness on its face, and it is commended to every poor farmer who thinks of bettering his condition by going to the Northwest:

Butte, Montana.

To Homeseekers and Working People of the East and Middle West:

The transportation companies and especially the Great Northern Railroad Company, is advertising extensively in the Eastern and Middle Western states, for the purpose of inducing homeseekers, settlers and working people to emigrate to Montana, Idaho, Washington and other northwestern states. Inasmuch as these advertisements are false and misleading in character, and nothing less than criminal in their effect, the Western Labor Union considers it a duty to state briefly the real industrial conditions in the West and the Northwest.

If the plain truth were known, there would be no incentive for settlers, homeseekers or working people to leave the West to improve their conditions.

There is not a desirable tract of unbroken land in the Northwest that will not require hundreds, and in most cases, thousands of dollars to make productive. The statement that the Northwest is a boundless tract of rich, productive and fruitful land open for settlement, and only awaiting the magic touch of the poverty-stricken farmer from the East to make it yield forth in abundance all the best products of the farm, is just as false as it is well-sounding. If the railroad officials who make these statements and advertise them, were given their just deserts, they would be considered as criminals and treated as such. Their advertisements will bring years of hardship, privation and suffering to those who accept them as truth, and (come to the West in the expectation of securing homes or employment.)

We have no desire to give a setback to the development of our country's resources. These resources are limitless to men of capital. But to the farmer without means, and the laboring man, there is not the slightest inducement to come west.

In Butte, in the Cripple Creek district, in the Copper River, in British Columbia, on the Pacific coast, and in the agricultural communities everywhere in the West, there are hundreds and thousands of idle men. If the West afforded such exceptional opportunities to homeseekers, settlers and working men, these able-bodied and industrious people would not be found in hundreds and thousands begging for a chance to make a living.

Do not believe these flattering statements about the West; they are deliberate lies, malicious and criminal in effect, and spread by the transportation companies for the purpose of increasing the earnings of their roads. To add a few grossly untrue statements to their already large list of lies, these railroad companies are willing to take your last money for tickets, and leave (perhaps with families), homeless and without resources in a country already overrun with idle labor.

DANIEL McDONALD, President Western Labor Union.

CLARENCE SMITH, Sec'y and Treas., Western Labor Union.

NECK STRETCHED

CAR PORTER LYNCHED IN COLORADO.

Assault On Aged Woman Charged.—Died Protest—Ing Innocence.

(Special to New Era.)

LA JUNTA, Colo., March 26.—W. H. Wallace, a negro sleeping car porter, was lynched at 8 o'clock last night in a corner of the court house square, being hanged to an electric light pole by a mob of 4,000 people, who had been hunting for him all day. After the hanging the body of the negro was riddled with bullets.

Mrs. Henrietta Miller, aged 67 years, going from Los Angeles, Cal., to Denver to visit relatives, was assaulted in the Santa Fe railroad yards here last night by a negro porter on a Pullman running between Denver and La Junta.

She was knocked down by a blow on the head, and after a struggle with her assailant, was choked into insensibility.

When she regained consciousness, after an hour later, she crawled to the station and gave an account of the assault and a description of her assailant.

Wallace was tracked by bloodhounds and was identified by his victim.

Eight assaults have occurred here in the past few months and it is believed that all were committed by one man. Mrs. Miller's condition is critical.

FORMER CITIZEN

Died Among Friends At El Dorado, Ark.

Editor Kentucky New Era:

On Sunday evening March 24th, 1902, John W. Hays died at his home in the town of El Dorado, Union County, Ark. He was born in Hopkinsville, Ky., and lived there until after the war, then removed to Waco, Tex., thence to this county about sixteen years ago. He was highly educated, was loved and honored by all who knew him, and was true to his friends and faithful to the church to which he belonged. He at one time was clerk of the county in which you lived and afterwards practiced law in your town. If he has any friends or relatives in your town tell them that he died among friends and was well cared for.

Respt. yours,

J. F. Farnell.

LAWYER PATRICK FOUND GUILTY

(Special to New Era.)

NEW YORK, March 27.—Albert T. Patrick, lawyer, was last evening convicted of the murder on the evening of September 23, 1900, of the aged millionaire reclus, Wm. M. Rice.

The penalty under the statute is death in the electric chair.

A scant three hours of deliberation at the close of the trial prolonged for nine weeks and replete with sensational interest, sufficed to enable the jury to reach their verdict. The issue of the trial establishes the charge that Patrick conspired with Mr. Rice's valet, Charles F. Jones, to obtain possession of the aged Texan's estate, estimated at seven million dollars, and that Jones killed his employer by the administration of chloroform at the direct instigation of Patrick.

DAVE GOES FREE.

NOT GUILTY OF MURDER—INC WILSON.

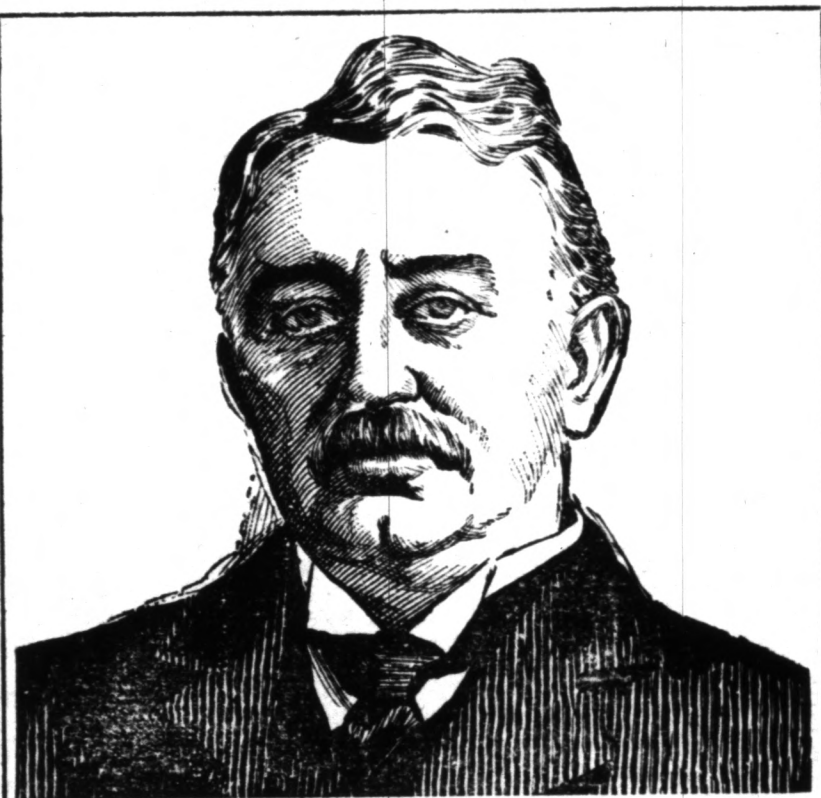

Thought His Own Life Was In Jeopardy When He Shot.

After brief deliberation, the jury in the case of Henry Davis charged with the willful murder of Jerry Wilson brought in a verdict of not guilty.

The trial of the case was begun on Tuesday. It was argued Wednesday afternoon by Commonwealth's Attorney Howell, for the prosecution, and Attorney John Feland and J. T. Hanberry for the defense.

The evidence, substantially, was as follows: At Good Hope Church, Hinesville, where a colored religious jubilee was in progress, Davis and Abe Allen engaged in a duel, seventeen shots being exchanged. Allen skipped out. Members of the congregation at the church chased Davis. Some, it was testified, cried "Hang him." As Davis bounded over a fence somebody shot him in the back. He continued his flight with a large number of negroes at his heels. Jerry Wilson, who was at the head of the pursuers, cut at Davis several times with a knife, slashing his clothes. Davis suddenly stopped, swung around a sapling and fired a bullet through Wilson's heart, killing him instantly. A few days later Davis surrendered to Corner Allenworth.

The jury believed that Davis regarded himself in danger of death and great bodily harm when he shot Wilson, so they cleared him.

CECIL RHODES, THE SOUTH AFRICAN COLOSSUS.

When the history of Africa's development is written Cecil Rhodes' name will be conspicuous. He was largely instrumental in breaking the power of the native tribes and in placing the British flag over Bechuanaland and other immense tracts. He developed the diamond mines of Kimberley, organized the Transvaal, and was a potent factor in shaping through Joseph Chamberlain the British policy that forced the Boer republics to take up arms.

(Cablegram.)

CAPETOWN, March 26.—Cecil Rhodes is dead.

The famous colonial statesman whose ambition and ability won him the title of Napoleon of Africa, passed away this afternoon.

The end was expected. He had been extremely ill for several weeks. He experienced a bad heart attack yesterday evening from which he did not rally as he had done from previous attacks of this nature. At midnight he was weaker than at any time during his illness. Oxygen was administered to the patient and he was frequently tapped for dropsy.

His friends entertained little hope for his recovery. He rallied early this morning, however, and took some nourishment.

Later he had a sinking spell and died this afternoon.

Cecil John Rhodes was born at Bishop's Stortford, Hertfordshire, England, July 5, 1853. His father was a preacher. Young Rhodes went to South Africa for his health, took to diamond mining, ultimately

NORIEL CAPTURED FREEDOM OF CUBA

REBEL GENERAL IS PRISONER OF WAR.

(Cable.)

MANILA, March 26.—Noriel, the only insurgent general with the exception of Malvar, still in the field, has been captured by Lieut. Frank E. Bamford, of the Twenty-eighth Infantry. A major, a captain, a lieutenant and five men who were acting as a bodyguard to Noriel, were captured with him. They have been held as prisoners of war.

There is some reason to believe that one member of the bodyguard is Gen. Malvar in disguise.

Noriel has been one of the recognized leaders of the insurgents since 1899. He was captured on his way to the coast while endeavoring to escape. He admits that the insurrection, as such, is over, and intimates that the remaining leaders are fleeing, as they do not command enough men to warrant surrenders commensurate with their rank.

TOBACCO MARKET

LOCAL CONDITIONS ARE SATISFACTORY.

Fight Of The Trusts.—Report Of The Inspector.

The offerings on the tobacco market this week were 90 hhds. and consisted mostly of leaf tobacco, leaf in high order and of nondescript kinds, and taking into consideration the condition of the week the prices realized were as a rule satisfactory to sellers.

While there is some apprehension as to the order of tobacco by some, the more experienced dealers in the trade have no fears, as they say tobacco showing soft order is perfectly usual, having much more body than sweet, will stand the apparent moisture and show to much better advantage in a few weeks than at present time, and will come out of the sweat in perfect condition. The inquiry this week seemed to be more general than heretofore, and when a sound hhd. suitable for export trade made its appearance, it found bidders in the export buyers. The steamers took most of the soft tobacco at satisfactory prices. Only a few hhds. of lugs were offered, and they were very common, bringing from 4 to 4½¢. The trade is watching with much interest the fight between the Imperial Tobacco Company of England and the American Tobacco Company of this country. Mr. Macdonald, the financial representative of the Imperial, has opened headquarters in person at Richmond, Va.

His plans of course are not yet known, but apparently they intend to buy their tobacco on this side direct from the producer instead of the London and Liverpool markets as they have done in the past. Should they adopt this plan, which is doubtless their object, the strip mill in the West have been robbed of their market, and will be compelled to abandon making purchases on their own account, or prize their tobacco for the American break markets, which some stemmeries have already decided to do this season.

STRIKING PAPER

FOR JUBILEE HAS BEEN RECEIVED.

Great Event Will Be Lavishly Advertised All Over This Region.

The Elks' Jubilee will be extensively advertised within a radius of fifty miles of Hopkinsville. A large shipment of strikingly handsome paper has been received from the Don-

aldson Lithograph Company of New-

port, Ky., and this will be generously distributed where it will do the most good throughout this region.

In a few days billboards, dead walls, and fences all over the county will be bright with Jubilee pictures, posters and bills.

The Elks have arranged to print notices of the great carnival on the backs of all envelopes furnished by the business men of the city. Thousands of envelopes bearing these attractive announcements have been mailed out of the city in the last day or two.

This has always been a favorite way to boom big events, and the merchants are glad to co-operate in this plan with the Elks. There could be no reason why any public spirited citizen should object to having the advertisement on the back of his house's envelope, and by the end of the week it is likely that nearly every letter that goes out from the city will carry the person to whom it is addressed a cordial invitation to attend the Jubilee. The announcements are worded as follows:

"Six White and Purple Days; Elks' Jubilee Street Fair and Carnival; Hopkinsville, Ky., May 18, 19, 20, 21, 22, 23, 24. The Jubilee's Greatest Gala Event! 20 Big Shows; 20 Electric Theatre, Ferris Wheel, Glass Blowers, Streets of India, Vandeville Shows, Poses Plastique, Moving Pictures, Hindoo Magicians, Trained Animals, Temple of Illusions, Mysterious Miss Jones, The Wild Children, Brass Bands, Streets of Cairo. 25-Free Attractions! 25."

The affirmative won.

The junior debating society discussed the question, "Resolved, That the U. S. government should own and control the railroads, telephone and telegraph lines of the U. S."

The affirmative won.

A very exciting game of basketball was played in the gymnasium Saturday night by the two teams of young ladies.

The young ladies secret society had a short meeting Saturday evening.

The senior base ball team has made arrangements to play several match games in the near future.

The "Saragosa" tennis club has finished a nice new court in the edge of the campus.

The "Aetna" tennis club has begun work on its court.

Since the weather is favorable for the cadets to drill on the campus, they are being instructed in extended order drill.

Two more instruments have been added to the S. K. C. string band.

The Kodak club has received two new members this week.

Mrs. A. C. Kuykendall and Lieut. Anderson have returned from a visit to her father in Nashville, who has been quite ill.

After the fact there was a chaise contest in which Misses Patty Bartley and Ione Soyars, who were among the town girls invited, tied for the prize, a box of dainty note-paper.

The guests were then taken to the gymnasium, which had been tastefully arranged. The refreshments served were oranges with whipped cream and vanilla wafers. The remainder of the evening was spent in playing games.

One of the most delightful programs we have ever had, each one having carefully prepared her number.

It is very encouraging to have our teachers take so much personal interest in our work. This interest as shown by Misses Newman, Drake and Kades is largely the secret of our success.

Invitations were sent around Saturday by the girls of Mrs. Edmund Harrison's and Miss Newman's tables to be present in the chapel that evening.

One of the most delightful programs we have ever had, each one having carefully prepared her number.

It is very encouraging to have our teachers take so much personal interest in our work. This interest as shown by Misses Newman, Drake and Kades is largely the secret of our success.

Invitations were sent around Saturday by the girls of Mrs. Edmund Harrison's and Miss Newman's tables to be present in the chapel that evening.

Miss Newman, in her clever way, had gotten up a farce, The Elks of Youth, Misses Georgia Rushing, Josie Garrett, Elizabeth Wilson, Katie Hoge and Myrtle Golladay took the parts.

After the farce there was a chaise contest in which Misses Patty Bartley and Ione Soyars, who were among the town girls invited, tied for the prize, a box of dainty note-paper.

The guests were then taken to the gymnasium, which had been tastefully arranged. The refreshments served were oranges with whipped cream and vanilla wafers. The remainder of the evening was spent in playing games.

Our 1902 Way.

It has been our custom to wait till the end of each season to cut the price on Clothing that was carried over from the former season.

In this way we depended on making the price so cheap that a customer would buy whether he needed a suit or not and lay away for a future use. We are going to adopt a new plan for 1902 and one that we know will appeal to all frugal buyers and at the same time do away with the time-worn saying that "nothing is cheap that is needed for the future." So we are going to start the season with a cut sale on carried over suits in men's and boys. These suits are elegant, fine worsteds and cassimeres—the finest goods we have in the house and there is nothing the matter with them except they were carried from last season and that means they must go. We have placed these suits on a counter to themselves and have cut the price all the way from 25 to 50% and we dare any man who needs a spring suit to come and take a look at them.

Values That

Convince.

From our stock in which bargains abound, we have picked out three that we think will convince you that our claim to the leadership in value giving is an established fact. We enclose three samples and ask that you consider them carefully, take them where you will, compare the quality and price, and if our reputation suffers, then it's our loss and you've learned that we have been fooling you a long time. Sample No. 1 is a fine pure wool worsted, as good as the best. It comes in men's and boys' suits. It happened this way—Oh, well, it's the same old story and you don't care how we got them, but they are worth \$10.00 a suit anywhere in this wide, wide world. We sell the men's suits at \$7.50 and the boys' at \$6.50. Six styles to select from.

Sample No. 2 is the finest sheer India Linen, full yard wide, a good value at 25c. As long as 2,000 yards will last at 12½c.

Sample No. 3 is a beautiful quality Dimity, fifty different patterns to select from. You'll not find the same patterns elsewhere. Regular price 12½c. Choice of fifty patterns for 8½c.

Money Back

Insures Satisfaction.

In every department from cellar to garret of the "Big Store" there's not an article sold that does not bear the positive guarantee of satisfaction. We turn the "calcium light of common sense" on every transaction. We know that a dissatisfied customer will never return to give us a second trial and we know just as well that a thoroughly satisfied customer will never think of any place but the old store, where everything is marked in plain figures, and every article is sold to everybody at the same price, where, when you've bought an article, if when you get home it does not look or fit just right, you are at perfect liberty to bring it back and there will be no haggling, no trying to make you take something "just as good" when it don't suit you, but your money back if you want it insures satisfaction.

Lace Curtains.

We bought a manufacturer's line of sample lace curtains. They were never carried on the road but used in the New York office and are consequently fresh and clean. We bought them at 80% of their value and will sell them the same way.

A 3½ yd curtain, 54 inches wide, worth \$1.50 for \$1.00.

A fine lace curtain, 3½ yds long and 54 inches wide, worth \$3.00 for \$2.00.

Four yd lace curtains, worth \$4 for \$3.

Point D Spray curtains, worth \$5.00 for \$4.00.

The finest lace curtains, worth \$10.00 for \$7.50.

Curtain Swiss, worth 15 and 20c for 12½ and 15c.

"It's an ill wind that blows no man any good." And the wind that blew the ship ashore laden with matting consigned to Arnold Constable & Co., of New York, was no exception to the rule. The covering to the rolls got slightly damp, but the matting was not injured. The whole cargo was thrown on the underwriters' hands and sold under the hammer. We were there and got fifty pieces and can sell good cotton warp matting at 19c, worth 25c; the best worth 35c for 25c; China matting at 10c and 15c and an extra heavy quality at 19c. You're the one to get the good of this wind.

MILLINERY! MILLINERY!

Ours is the only Millinery in this section who goes to New York every season. Everything that's NEW in New York is found here. We have no rent, no extra expense, to pay in this department, so we can sell Millinery much cheaper than we could if we were not running this department in connection with our other business.

SUPPLEMENT.

VETERANS TO MEET

FORREST'S CAVALRY TO HOLD REUNION.

Point Either in West Kentucky Or Tennessee Favored.

An order has been issued from Memphis for a reunion of Forrest Cavalry Corps, of the Confederate army, to be held at some point in West Tennessee or Southwestern Kentucky, next fall.

There are a number of the survivors of the famous command in Christian county, among them Mr. Charles F. Jarrett and Mr. M. H. Nelson, Sr., and all local ex-Confederates are interested in the reunion.

Whether any effort will be made to secure the reunion for Hopkinsville has not been decided. Padonah and Fulton will bid for the honor of entertaining the old heroes.

The official order is as follows: "Headquarters Forrest's Cavalry Corps, Memphis. Greatly regretting his inability to attend the reunion of Confederate veterans at Dallas, Tex., the major general commanding directs me to say that, notwithstanding the annual reunion of Forrest's Veteran Cavalry corps for the purpose of organization, etc., will be held next fall at some point to be hereafter designated in West Tennessee or Southwestern Kentucky.

"Yet appreciating the courteous recognition of the corps by Gen. J. B. Gordon, commanding the United Confederate Veterans, and duly mindful of the cordial invitation of the Texas reunion association, he urges we attend the Dallas reunion as an organization.

"CHARLES W. ANDERSON, Assistant Adjutant General."

Obituary.

On January 7, 1902, at 4 p. m., the death angel visited the home of Mr. and Mrs. J. W. Harrison and wafted from earth to heaven the spirit of Mrs. Harrison's beloved mother, Mrs. A. V. Watkins, wife of Major W. J. Watkins, formerly of Virginia.

She lay in the balance of life three days. An angel came each day until the third day when she fell asleep in his arms. She was seventy-one years of age, and a devout member of the Baptist Church. Two children survive her—Mrs. A. R. Brandon, of Trigg county, and Mrs. J. W. Harrison, of Herndon, Ky.

Paralysis caused her death. We loved her, yes, we loved her. But angels loved her more. And they have sweetly called her. To yonder, the shining shore. The heavenly gates were open; A gentle voice said "come!" And, with farewell unspoken, She calmly entered home.

MARCONI'S PLANS.

LEFT TODAY FOR NEW YORK.

He Will Soon Be Ready For Work At Cape Breton Station.

(Cablegram to New Era.)
HALIFAX, N. S., March 25.—Sig. Marconi left for New York today. He has decided on Table Head, fifteen miles from Sydney, as the location for his Cape Breton station.

Marconi informed the officials that electric flashes from trolley wires would interfere with his system. A meeting of the council was called and a resolution passed that for five years the town would prevent any trolley system from being operated within one-third of a mile from the station. Marconi stated that the station would be completed within three months.

SEAT GIVEN TO MOSS

"Little Giant" Loses Contest By Vote Of 137 to 127.

(Special to New Era.)
WASHINGTON, D. C., March 25.—When the house of representatives was called to order at noon today the galleries were thronged with people who had gone thither to hear the final argument in the Moss-Rhea contested election case, to hear John Rhea's closing speech in his own behalf—and they were well repaid for going. Rhea made a great speech and was often cheered, especially during his impassioned climax.

Rhea severely arraigned Moss, speaking of him as a "miserable thing who turned Republican a week before the election to secure office."

At two o'clock the vote was taken and Rhea was unseated by a party vote.

The vote stood: Moss, 137; Rhea, 127.

Moss was immediately sworn in.

Given \$1,000.

The suit of Griffin Jesup's administrator against the Louisville & Nashville Railroad Company for five thousand dollars damages was decided yesterday; the jury returning a verdict which gave the plaintiff \$1,000. ATTORNEY GENERAL KNOX'S RULING.

Public Lands In Porto Rico Belong To Uncle Sam.

(Special to New Era.)
WASHINGTON, D. C., March 25.—A decision by Attorney General Knox holds that the public lands in Porto Rico formerly belonged to Spain, and by virtue of the treaty of

DAVID BREMNER HENDERSON.

Paris now belong to the United States. The opinion was rendered on the request of the secretary of the interior for a ruling as to whether the so-called public lands of Porto Rico were ceded as crown lands to the United States by Paris treaty or remain the property of Porto Rico as state lands.

SAM JONES BEGINS A REVIVAL IN TABERNACLE AT NASHVILLE.

(Special to New Era.)

NASHVILLE Tenn. March 24.—Eight thousand people heard Rev. Sam Jones at the Tabernacle last night and three thousand or more were turned away from the door of the big auditorium, being unable to gain entrance on account of the crowd that filled every seat and blocked the aisles, windows and door ways.

"If perfect sermons could have saved Nashville she could have had her wings long ago," said the evangelist in way of preface. "I want you to understand that I have not reformed as a preacher. I am the same Sam Jones I was when I preached in a tent here seventeen years ago."

"If Nashville can tolerate 900 saloons, the race-track and the gamblers for the year around and then turn up your nose to Sam Jones, you are the most depraved gang out of hell tonight."

Mr. Jones then began his sermon proper, taking as his text, "I thought

with his brother, George Croft. Both were bachelors. For several months Mr. Croft's health had been extremely bad and he had been very despondent over his condition. No other cause for his rash deed is suspected.

About eight o'clock he left the dwelling, and it was thought he had gone to the field to work. George Croft missing him for two hours instituted a search and finally found the body of his brother hanging from a beam in the stable. He had been dead for some time.

Coroner Allensworth, of Hopkinsville, held an inquest at noon. The victim of his own hand was a man of many fine traits of character, and his tragic end causes general sorrow.

er Henderson and will make a fight for control of the coming congressional convention. This means that for the first time since he was sent to congress by the Republicans of the Third District in 1882 Col. Henderson will find it necessary to contest with an aspirant for his seat. For ten terms the nomination has come to him by unanimous vote of the delegates, and only once or twice has there been the remotest indication of opposition.

REV. SAM JONES.

Mr. Jones made an earnest appeal to his audience to turn to righteousness, and in closing the people in the vast throng rose to their feet in answer to his query as to how many wanted a successful meeting, so God could be brought into the city and heaven into the lives of the citizens.

The Flat Lick Prohibition alliance has organized at Lafayette, with nearly one hundred members. The Rev. A. C. Dorris was elected president; J. H. Clardy, vice president; C. B. Fraser, secretary, and E. T. Stumper, treasurer. The organization is non-political.

Minister Accepts.

The Rev. J. S. Pate, recently of Baltimore, Md., who was called to the pastorate of the Baptist church at Little River and Lafayette, has accepted the charges. Dr. Pate will also preach one Sunday in each month at New Hope church, near Guthrie.

Revival Ends.

The revival meeting which has been in progress two weeks in the Methodist church at Trenton, conducted by Rev. Mr. Crowe, has closed. There were fifteen conversions.

Badly Scalded.

The five-year-old daughter of Mr. Douglas Chowning, of near Roaring Springs, fell into a tub of boiling water and was fatally scalded. All the skin was burned from the child's body.

Daniel At Pembroke.

Louis Spencer Daniel, formerly of South Kentucky College, will appear at the Pembroke opera house March 28 in "A Dream of Fair Women." He will be assisted by local talent.

Comes To Christian.

W. A. Dickinson, former county court clerk of Todd county, and formerly, will probably make "Pembroke" their home in the future. Mr. Dickinson will engage in the stock-breeding business there.

Arrested At Fairview.

(By Telephone.) FAIRVIEW, Ky., March 21.—Deputy Sheriff Charles Cartwright, of Ellettsburg, arrested Chas. Thompson, colored, at this place, this afternoon at 1 o'clock. He is charged with stealing harness from liveryman Fremde Tate of Hopkinsville.

Practically Starving.

"After using a few bottles of Kodol Dyspepsia Cure my wife received permanent relief from a severe and chronic case of stomach trouble," says J. R. Holly, real estate insurance and loan agent, of Macomb, Ill. Before using Kodol Dyspepsia Cure she could not eat an ordinary meal without intense suffering. She is now entirely cured. Several physicians and many remedies had failed to give relief. "You don't have to diet. Eat any good food you want, but don't overload the stomach. Kodol Dyspepsia Cure will always digest it for you." R. C. Hardwick.

NEW LIBRARY BOOKS.

Institution Keeps Up With Latest Successes.

In the March Bookman from the lists of best selling books, the six most in demand were:
The Light of Way, Gilbert Parker.
The Cavalier, Cable.
The Man From Glastonbury, Connor.
Lazarus, Catherwood.
Sir Richard Calmady, Malet.
The Crisis, Churchill.
All of these books have been in the public library for some time. The following new books have been added this week:
Mr. Wigger of the Cabbage Patch, Allen Hoag.
Audrey, (2 copies), Mary Johnston.
The Valley of Decision, Edith Wharton.
The Fifth String, John Philip Sousa.
The Siege of the Lady Resolute, Dickson.
Kale Bonnet, Frank R. Stockton.
Methods of Lady Walden, Mrs. Francis H. Burnett.
Circumstances, S. Weir Mitchell.
The directors of the library are having new catalogues printed. These will shortly be distributed and representatives will call on the citizens to sell season tickets.

For The Complexion.

The complexion always suffers from biliousness or constipation. Unless the bowels are kept open the impurities from the body appear in the form of unsightly eruptions. Dr. Witt's Little Early Risers keep the liver and bowels in healthy condition and remove the cause of such troubles. C. E. Allen, Albany, Ga., says: "I took Dr. Witt's Little Early Risers for biliousness. They were just what I needed. I am feeling better now than in years." Have your grip or diarrhea, or blotchy and sallow complexion. The very best pills. R. C. Hardwick.

Cause of Delay.

Miss Katie McDaniel, superintendent of county schools, received the following communication from Frankfort this morning:
The delay in shipping the census supplies is due to the fact that the blank paper for the printing was lost in shipping and has not reached the printer. As soon as it is received the supplies will be printed and shipped to you. I regret the delay very much, but is unavoidable.
H. V. MCKENNEY,
Supt. of Public Instruction.

Lawrence For Speaker.

Editor Henry Lawrence, the popular representative in the general assembly from Trigg county, is in the city today on his way home from the capital. He will probably be a candidate for speaker of the next house. "He has already announced as a candidate for re-election to the house."

Coughs Don't Breathe.

Coughs, colds, croup, grip, bronchitis, whooping cough and lung troubles are quickly cured by One Minute Cough Cure. One Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It soothes and quiets the mucous, draws out the inflammation and removes the cause of the disease. Absolutely safe. Acts at once. "One Minute Cough Cure will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and was relieved by the first dose. It has been a blessing to all my family." R. C. Hardwick.

NEWS OF THE WEEK

FIRST SHIPMENT OVER CADIZ RAILROAD.

Report of the Inspectors.—Some Other Notes Of Interest.

R. E. Cooper & Co. have received the first shipment which has reached this city over the Cadiz railroad. The bill of lading is a copy of the form used by the I. C. except that the name of the road is changed. The shipment was a car load of tobacco, 14 hogheads, from J. W. Hancock & Co. The weight was 24,500 pounds and the rate 11c per cwt from Cadiz to Hopkinsville, the Cadiz road getting 6c and the I. C. 5c. The bill was signed in due form by Noah Smith, Agt. Mr. Green Champlin, the efficient bookkeeper for Cooper & Co., expects to have the bill of lading handsomely framed and hung on the wall of the office, as a souvenir of the first lot of tobacco received from Cadiz which did not have to be brought at least ten miles of the way in wagons.

The inspectors report for the week ending March 19, follows:
Receipts for week 466 hds. Receipts for year 2666 hds. Sales for week 39 hds. Sales for year 210 hds. Offerings for week 42 hds. Rejections 12 hds.

Pho Pembroke tobacco buyer have, since our last report bought about three-quarters of a million pounds more tobacco, making a grand total for the year of just about 6,000,000 pounds, says the Journal. Just at this time the factories are full from bottom to top, and still it comes.

The largest amount of tobacco that was ever purchased in Cadiz in one season has been bought this year by White & Co. and J. W. Hancock & Co. and is now being delivered by the farmers, not only of this county, but of adjoining counties, to their factories here. They have bought about two million pounds, and for the past three weeks the streets have been crowded with wagons going to both factories.—Cadiz Record.

On one and a half acres of ground Miss Gertrude Fowler, of Richmond, unaided and with her own hands, raised 1,800 pounds of tobacco last year, which she sold for \$7.40 and \$2.75. M. Craig, of the same neighborhood, cultivated twelve acres which produced 18,000 pounds of the weed.—Madisonville Hustler.

BOUQUET FOR BELL

Carrollton News Says He Is A Daisy.
The Carrollton News says: Webb C. Bell, of Hopkinsville, was in town last week and Col. Seabrook took him in charge and introduced him to our people. He is a most eloquent gentleman and popular with his people. He spoke here as a candidate for railroad commissioner in his district. If he makes the race he will surely win, as those people could not select a better man.

Great Crops.

The year 1902 promises to be a great one for crops. Unless weather conditions prevent all the indications point to a great production of the principal form of staples this year.

BERRIES ARE COMING

Crop One Of The Largest Ever Known.

It is expected that this year there will be one of the largest strawberry and vegetable crops ever known in the South. Early vegetables are already being sent to market and strawberries are in bloom in the truck farming belt of Mississippi. Strawberries, it is announced, will be started north from Northern Louisiana and Southern Mississippi next week. Already some of the Hopkinsville grocers have strawberries for sale.

Reports carefully gathered from the principal fruit and vegetable centers seem to indicate that there has been considerable increase in the acreage this year, and, while the season is somewhat backward, a prosperous year's business is expected. The express companies are getting things in shape, and putting on extra men to handle the large business. They expect the best business in the strawberry line this year of many years previous.

All plans for the jubilee are in good shape. The committees are working faithfully and enthusiastically and the success of the undertaking is assured if the enterprising business men give it their hearty cooperation.

Mr. Ben Lippard, chairman of the invitation committee of the Elks' state reunion committee of Louisville lodge of Elks, has sent out invitations to all the lodges in the state to attend the state reunion in Louisville in June, and urging them to send a list of delegates as soon as possible.

Under the new laws members of the lodge are required to pay six months' dues in advance before being able to take part in the lodge meetings.

Henderson lodge of Elks is on a boom, and has just added to their membership Mayor Powell; the city attorney, sheriff and other prominent men. Next Friday night ten other leading citizens will be initiated.

NEW ERA'S TRIP

OCCUPIED BY PROMINENT MERCHANTS.

J. H. Anderson & Co., and J. T. Wall & Co. Furnish Good News.

Two leading business houses are advertising a large part of this impression of the New Era, and what they have to say is of great interest and importance.

Two full pages are given up to J. H. Anderson & Co., whose heart to heart bargain talks to their customers will be eagerly studied.

This great establishment is really six stories under one roof. Every department is complete with the newest stocks just replenished from the eastern and foreign markets. You can't afford to fail to carefully read every word of the big advertisement of this firm. It will keep you interested by the crispness of its news and result in saving money for you.

J. T. Wall & Co. use a whole page to attractively set forth a record of their splendid bargains in spring and summer goods. Their clothing and furnishing stocks are larger and better in every respect than ever before, and Mr. Wall, by a clever business coup, which he tells about in his ad, is enabled to offer some exceptionally low prices.

Nature "makes all things beautiful in their time." Every one of life's seasons, when life moves on Nature's lines, has its own charm and beauty. Many women dread the period when they must experience change of life. They fear that face and form may suffer by the change, and that they must learn to please those whom they love. The value of Doctor Pierce's Favorite Prescription in the trials of woman's life lies in the fact that it assists Nature, it preserves the balance and buoyancy of the mind and sustains the physical powers. Many women have expressed their gratitude for the help and comfort given by "Favorite Prescription" in this trying period. Its benefits are not passing but permanent and conduce to mental happiness as well as physical strength.

Cadiz Line Comes To The Front With a Wreck.

The "most disastrous wreck" in the history of the Cadiz railroad occurred Monday. The train was behind time and in order to pull into the terminal according to schedule it was running at a very high rate of speed. In going around a sharp reverse curve the baggage car trucks left the track. Fortunately this was the only car derailed. The wrecking crew was ordered out immediately, but the track was not cleared for about twelve hours and traffic was greatly delayed. There were no trains yesterday morning at all.

(Special to New Era.) FRANKFORT, Ky., March 24.—Gov. Beckham today vetoed the bill authorizing ex-Sheriff Butler, of Allen county, to sue the state for money stolen during the war. He signed a number of bills.

Gov. Beckham vetoed the "Anti-Docking" bill. He gave in full reasons for the action, explaining that it was a question of sentiment and business and he decided in favor of the latter.

He approved the law adopted to regulate investment and debenture companies doing business in the state. It requires a deposit by the company, before organization, of \$15,000, which must be left with the state treasurer to protect investors.

FRANKFORT, Ky., March 26.—The Farris registration bill is missing. It was probably stolen during the closing hours of the legislative session. The theft of a bill is a felony and an investigation of the matter will be made by the Franklin county grand jury at its April term.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for free circulars.

Mrs. Frank W. Dabney was favored by fortune in the drawing for the prize, a beautiful pin, and Mr. Dixon Kichen captured the booby—a black cat.

BOTTLE BABIES

Bottle babies are so likely to get thin. What can be done? More milk, condensed milk, watered milk, household mixtures—try them all. Then try a little Scott's Emulsion in the bottle.

It does for babies what it does for old folks—gives new, firm flesh and strong life. You'll be pleased with the result. It takes only a little milk to make baby fat.

Well, Scott's Emulsion is the best.

Bring Your Own Ability.

If one brings the ability, the world will provide the opportunity. Soon or later, if we go the right way about it, the world gives us a fair rate of exchange for ourselves. But of course, much depends on how we place our goods on the market.

Gifts in themselves are not enough. We must know how to manage our gifts. More than half of success lies in the proper management of our gifts. Of course, there are people who work success, without gifts, or effort, or any thing; idle makelimits, who seem to think the world is in debt to them for honoring it with their presence, thriftless camp-followers in the battle of life a strange race of men and women, at whom one can only look with curious wonder.

LIQUOR AT TRENTON

CASE OF MUCH INTEREST TODAY.

Complicated Affair Which Will Have Hearing At Elkton.

This is the day set for the hearing of the indictments against saloonkeeper Cyrus Greenfield and the Democrat says that nearly every man in the Trenton neighborhood will witness the trial in Elkton.

These indictments have just been caused of much comment by every one who is familiar with the history of the whiskey question in Trenton from the beginning.

For the past 20 odd years, says the Democrat, the town has been wrought up over this subject but it has been most intense since January 1901, when the business men of the town in a mass meeting determined to have open saloons in preference to the blind tigers. The result is we have an open saloon which has been in business since last summer. The saloon was granted city and government license, but the clerk refused county license, and this is the cause of the recent trouble. The people in favor of the saloon have been trying to get the courts to decide whether the saloonist was entitled to the county license, but for three terms of circuit court it has been postponed for first one reason and then another. This will come up again this term, but according to the docket, not until after the indictment cases which were found at the last term of court.

Now the action which has received so much severe criticism seems to be that the county attorney and the prohibitionists are pushing the indictment cases so strongly; when case out of court which would settle whether or not the defendant in the indictment cases has the right to conduct a saloon in Trenton.

Strikes a Rich Find.

So other medicine can take its place in our family." Try them. Satisfaction guaranteed by J. O. Cook, C. K. Wylie, L. E. Egan, Anderson & Fowler.
