McManus Garners' Band Fixed As Only a Force In Open.

In the trial of McNamars' Garners against O'Farrell's Band for an assault, O'Farrell's Band was found fixed as only a force in open.

The trial was held in the Circuit Court of the County of Daviess, in which the assault took place, and the jury returned a verdict of not guilty in favor of O'Farrell's Band.

The trial was much contested, and the evidence was taken by the court, and the jury deliberated for several hours before returning their verdict.

EDWARDS CLEARED.

NOT GUILTY OF VIOLATING FORCE ORDER.

General Edward W. Edwards, commander of the Confederate Army in this state, was arraigned in court today on a charge of violating the force order, but was found not guilty.

The charge was brought by the Union Army, alleging that Edwards violated the force order by his actions.

The court heard testimony from both sides, and found Edwards not guilty of the charge.

The Quality Of a Buggy
SHOWS IN ITS USE!

If the Quality of a Buggy is to be known, even on a
long journey, it must be determined by the use to which it
is put. To find out if you have a buggy that is built for
safety, comfort, and convenience, try it for a day or two.
Is it easy to drive? Does it go up and down hills with
ease? Is it stable and safe when cornering? Is it quiet
and comfortable for passengers? If you answer yes to
these questions, your buggy is of the quality the buyer
should insist on.

NARROW ESCAPES
OF PANGANBEN FROM SERIOUS INJURY.

Mr. William H. Panabeng, who was injured at the
center of the county, while driving a team, has
been sent to the hospital in Paducah, Ky., for
treatment. The accident occurred while he was
returning from the county seat, when his team
kicked him in the face, causing injuries which
are serious. The injured man is expected to
recover.

JUDGEE, BOOMING

Will be Pushed from Head-Quarters.

The work of building the Judgell, a new town
at the head- quarters of the military post,
will be pushed with increased energy. The
town will be laid out on a grid system, with
main streets running north and south, and
sidewalks on both sides. The town will be
connected with the military post by a
paved road, and the homes will be built
with brick and stone. The town will be
completed within the next six months.

A period of high water and early
spring has caused the Mississippi River
to rise to unprecedented levels. The
fluctuation in water levels has
caused the town to be flooded,
and many homes have been
destroyed.

We have received the following
information: The Mississippi River
is expected to reach its peak
elevation of 61 feet above
mean sea level by the
end of next week. The
flood waters will
continue to rise,
and the town
will be
completely
flooded.
