CLAIMED MEN WOULD BE MOBBED
IF TAKEN TO CHRISTIAN COUNTY.

Attempt Made in Indiana To Override The Requisition Of Gov. Beckham. Sensational Scenes In Sullivan.

PRISONERS BROUGHT HERE TO JAIL LAST NIGHT.

From Tuesday's daily.

Barrel Willey, John Woodruff and Francis Drake, charged with the murder of Deputy Sheriff Robert H. Coffey at Empire, were brought to the city last night from Sullivan, Indiana, by Chief Special Agent John B. Harlan, of the Louisville & Nashville railroad, and his brothers, T. J. and H. C. Harlan.

There were numerous sensational features connected with their arrest. Five men are now in jail awaiting trial for the Coffey murder. Besides the new prisoners, Jim Will Anderson and Guy Reynolds are in custody here. The latter was arrested in Illinois two months ago.

Willey, Woodruff and Drake, on whom track the detectives have been for some time, were captured over a week ago by Special Agent Jeff Harlan on warrants issued on indictments found by the Christian county grand jury charging them with murdering Mr. Coffey. Two of them were arrested on the street and the other at home. As the prisoners refused to accompany the officers to this city, application was made for a requisition. Sullivan is a strong hold of the union miners, and friends of the prisoners gathered around the hotel where Mr. Harlan and another officer were stopping, and for a while it looked as if they would be mobbed, but the crowd was finally dispersed. The next day, the sheriff, yielding to the importunities and threats of friends of the men under arrest, released the prisoners. Wednesday Mr. John B. Harlan arrived at Sullivan with Gov. Beckham's requisition.

The men were again arrested and Mr. Harlan secured the signature of the circuit judge of the district to the requisition papers which Gov. Beckham had already indicated. Arrangements were made to convey the men to the railroad station in a wagonette which had been backed up at the rear door of the jail, when habeas corpus proceedings were instituted. The petition for a writ of habeas corpus was remarkable. It set forth six alleged causes to show why the prisoners were illegally restrained of their liberties, the last of which follows:

"That the petitioners, nor either of them, cannot have a fair and impartial trial of said charge against them in Christian county in said state of Kentucky, and if they are returned to said state for trial they will be given no trial at all, but will be subjected to mob violence for the reason that they are each of them members of the United Mine Workers of America and that a great prejudice exists against all members of said organization amongst all the inhabitants and citizens of said county and that if they are returned to said state of Kentucky they will be granted no trial at all but will be subjected to death by mob violence, as above stated."

The case was tried yesterday and the circuit judge dismissed the habeas corpus proceedings and turned the prisoners over to the Kentucky officers.

On the way to the train with the men, the officers were subjected to every insulting name and term of opprobrium that a crowd of two thousand union miners and their friends could hurl at them. A primary election was in progress and the streets were crowded. Several efforts were made to break down the conveyance in which the prisoners were seated. Insults were also offered the officers at Evansville last night by a large party of union sympathizers. The families of Willey and Woodruff accompanied them as far as Madisonville, and Frank Smith, a representative of the Mine Workers' Union, and John W. Lindsay, their attorney, came here with them. Chief Harlan was assisted at Sullivan by his three brothers and Messrs. J. T. Barnett, H. B. Wright, and Porterland Charles F. Baker, special officers.

NEGRO MURDERER
LYNCHED BY MOB.

Ernest Bewley Taken From Jail And Strung Up At Brandenburg.

BRANDENBURG, Ky., April 30.—(Special.)—Judge Lynch held court here today. Early this morning, a mob hanged Ernest Bewley, colored.

At two o'clock the jail was surrounded by a number of determined men, and Bewley was taken from his cell and quietly lynched.

The victim murdered Harvey Dowell and the crime was cold-blooded.

The Vote For Queen.

Miss Beards still leads in the contest for carnival queen, with 1173 votes. Miss Elizabeth Morris received 909 votes, making her total 7. Miss Rosamund Frankel has received 61 votes. A few scattering votes were cast but no other material changes were made.

A TIMELY RESCUE.

Pioneer Works Hard Only To Be Shot Down By Indians.

There is nothing more thrilling than to see Buckskin Bill leading his cowboys and scouts to the rescue of the bested pioneer, who is surrounded by Indians, fighting desperately to save his doomed wife and children. The unerring crack of a white man's rifle is echoed by a yell of terror from the astonished redskins, who finally gather up the remains of the decimated band and another battle, hotly pursued by the daring scout and his intrepid followers. It is a scene that leaves a lasting impression on the mind, and gives a true idea of life in the far west before civilization was carried there by such men as Buckskin Bill. Those who attend the monster wild west exhibition here Wednesday, May 14th, will see this in all its vividness, and many other things besides.

NEW HEAD OF
THE U. S. NAVY
IN HARNESS.

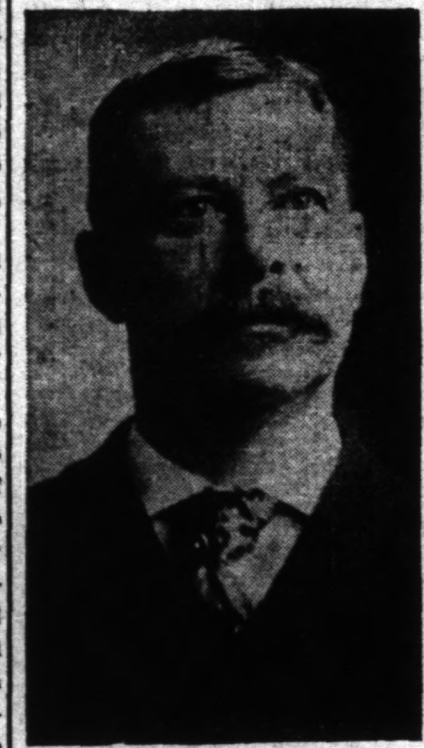

WILLIAM H. MOODY ASSUMES OFFICE.

HE'S VERY STRENUOUS.

He Will Bring Vigor and New Ideas to Department.

(Special to New Era.)

WASHINGTON, D. C., May 1.—William H. Moody, of Massachusetts, who succeeds Secretary Long of the Navy visited the department today and made the acquaintance of

WILLIAM H. MOODY.

the officials preparatory to assuming active charge of his duties. Through his service in congress Mr. Moody is well known among naval men and in government circles generally and those best acquainted with him express the opinion that he will bring into the department new vigor and many new ideas.

The new secretary was born in Newbury, Mass., in 1853. He was graduated from Phillips Andover Academy in 1875 and from Harvard University in 1876. He is a lawyer by profession and was District Attorney for the Eastern District of Massachusetts from 1880 to 1886. He has served four terms in congress and retired from that body with a splendid record.

SENT PETITIONS

Asking Durbin To Revoke Requisitions.

A press despatch from Sullivan, Ind., states that citizens and miners of that place sent three petitions to Governor Durbin requesting him to revoke the requisitions for the return of Barrel Willey, Francis Drake and John Woodruff, charged with murdering Officer Coffey, to Christian county. Durbin, however, took a different course from the one he followed with the Goebel murder suspects.

MURDER CHARGED

AGAINST NEGRO MINER AT EMPIRE.

Killed Boy Whom He Accused Of Insulting His Wife.

Will Gracey, aged thirty, and Jennell Woodbury, aged sixteen, were the principals in a tragedy at Empire Tuesday night.

A woman was at the bottom of the trouble. Woodbury was shot and instantly killed. His breast was torn open by a load of buckshot, the wound being large enough to run a man's fist in. Gracey escaped.

It was about 7:30 o'clock in the evening when Gracey, carrying a shotgun charged with buckshot, appeared at the house where Woodbury boarded. There were several miners on the premises. Gracey accused Woodbury of going to the former's home in his absence and insulting Gracey's wife. Woodbury denied the charge. The angry husband raised his gun, but was prevented by bystanders from using it, and Woodbury ran into the house. Gracey was ejected from the place and went to the mine yard a short distance away. Woodbury, armed with a Winchester repeating rifle, soon followed him. Gracey renewed the accusation.

"Look here," said Woodbury, "I've never treated you wrong, you damned—"

The words were the last he ever spoke. Gracey brought his shotgun quickly to his shoulder and fired, and Woodbury fell dead.

Several miners tried to arrest Gracey, but he threw them off, ran into the woods and escaped.

Coroner Allensworth held an inquest over the body, and the verdict was as follows:

"We the jury, summoned by Coroner Allensworth to look into the cause of the death of Jennell Woodbury, find from the evidence that he came to his death from a shotgun in the hands of Will Gracey. Said gun was loaded with buckshot. The shot took effect in the nipple of the left breast, killing Woodbury at once. We further find that Will Gracey committed willful murder."

Next Meeting Here.

The next meeting of the Southern Medical Association will be held in this city.

Change Systems.

The public roads of Hopkins county will not longer be worked under the old system. A number of large road machines have been received by the county and are being tested near Madisonville. This means a great saving to the county and a much better system of public roads.

NEW SCHOOL LAWS.

BRIEF STATEMENT OF THE CHANCES.

Epitome Of Work Accomplished By The Last General Assembly.

The attention of the public and especially of school officers is respectfully called to the following brief statement of the changes in the school law, made by the last general assembly of the commonwealth of Kentucky:

1. The date for examination of applicants for common school diplomas is changed so that the examinations will be held hereafter on the last Friday and Saturday in January and on the second Friday and Saturday in May.

2. Hereafter the state will pay to county superintendents the portion of the state school fund due their respective counties as follows: 30 per cent in October, 30 per cent in November, and 40 per cent in December and 30 per cent in January—instead of 40 per cent in October as heretofore.

3. County superintendents are required to make bond in duplicate and file one copy in county clerk's office and one with state superintendent.

4. County superintendents are required to make their annual reports by August 1, instead of September 1 as heretofore.

5. The minimum salary that may be allowed county superintendents is changed from \$500 to \$600.

6. County clerks are required to forward a copy of the county superintendents' settlement when he resigns from office.

7. Trustees are allowed to levy and have collected taxes from year to year and keep the money in the treasury until enough is accumulated to build a new school house and they can do this without taking a vote of the district, or

8. Trustees may by a majority vote of the district levy taxes for three years at one time, or

9. Trustees may when authorized by a two-thirds vote of the district borrow a sufficient amount of money with which to build a new school house or to pay any debt against the district.

10. Teachers will not any longer be allowed to draw pay for attendance at the institute even if the institute be held while the schools are in session of course they must attend the institute.

11. When a number of citizens of any county, equal to twenty-five per cent of the number of votes cast at the last general election, petition the county judge, he shall direct the sheriff to have an election held at the next regular November election on the question of the collection of a county school tax in any sum named in said petition not to exceed fifteen cents on the hundred dollars worth of taxable property. The proceeds of such taxes to be apportioned among the county schools as the state fund is now apportioned—but cities of the 1st and 2nd class are excepted as are also such towns, villages or districts as are maintaining their own schools by local taxation, such as Hopkinsville, for instance.

12. What is known as the Denton Bill extends to graded schools, existing under special charters, the privileges of the general graded school bonds is concerned.

13. The county superintendent is required under increased penalties to have posted in the school houses in his county the circulars of information as to the manner of making appointments to the state college located at Lexington.

14. Teachers of schools or colleges that are preparing persons for teachers' certificates are made ineligible to serve as members of the county board of examiners.

15. The county judge is empowered to fill vacancies in the board of trustees of graded schools by appointment.

YOUNG MEN'S DAY

WILL BE OBSERVED HERE ON MAY 11.

Men's Meeting in Morning and Union Services in the Evening.

The various churches of Hopkinsville will co-operate in a "Young Men's Day," on Sunday, May 11, under the auspices of the State Executive Committee of the Young Men's Christian Associations of Kentucky.

In the afternoon a men's meeting will be held in the Methodist church, to be addressed by Prof. H. K. Taylor, of Louisville, on the subject, "The Crisis of American Manhood." Prof. Taylor is a most interesting and able speaker, and the house should be packed with men to hear him.

In the evening all the churches will unite in a meeting at the tabernacle. This meeting will be addressed by Prof. Taylor, Mr. Henry E. Rosevear, State Secretary, and Mr. F. J. Wiebel, Assistant State Secretary, and Mr. John Lake, Secretary County Work Department of the State Committee.

There will be an interesting presentation of the Young Men's Christian Association movement, which, in recent years, has made such a splendid record in Kentucky in the cities, towns, colleges and railroad centers. Everybody is invited to this meeting.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was "Yellow Jaundice." He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Anderson & Fowler, L. L. Elgin, J. O. Cook and C. K. Wyly.

JOINED IN WEDLOCK

DR. BARKER AND MISS CAROTHERS MARRY.

Auspicious Union Wednesday Evening Of Popular Young Couple.

From Thursday's daily.

Dr. E. H. Barker and Miss Robbie Carothers were married Wednesday evening.

This announcement will be received with more pleasure than surprise by the friends of the popular couple, for the news of their engagement had been heard by society, though the date for the nuptials had been kept a complete secret.

The ceremony was performed at the residence of Mr. and Mrs. James B. Allensworth, relatives of the bride, on South Virginia street, in the presence of only the families and a few intimate friends. The Rev. H. D. Smith, pastor of the Christian church, officiated in an impressive manner.

Dr. and Mrs. Barker left for St. Louis and other places on their bridal trip, and will return to Hopkinsville in ten days or two weeks. The bride is the pretty and attractive daughter of Mr. Richard J. Carothers, of Lafayette, and the groom is a successful young professional man of sterling character.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Harland, of Armonk, N. Y., but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Anderson & Fowler, J. O. Cook, L. L. Elgin, C. K. Wyly. Trial bottles free.

SECRETARY NAMED CAUSES HEAVY LOSS OF MUCH DAMAGE

DIRECTOR ELECT HENRY H. ABERNATHY.

Commercial Club's Prospects Are Rosy—Much Work Ahead.

From Tuesday's daily.

An adjourned meeting of the directors of the Commercial Club was held at Moynihan's Hall last night for the purpose of electing a permanent secretary and fixing the salary for this office. Mr. H. H. Abernathy was elected and his salary fixed at \$10 a month.

The election of Mr. Abernathy will meet with general approval. He is widely popular both in the city and surrounding country and has had great experience in the various business interests of this section. He is well prepared for the work of the organization and will add much strength to the movement.

The directors discussed the question of securing the handle factory which has been located at Adams Station, Tenn., and it was decided to use every means possible to bring it to Hopkinsville. The secretary will probably be sent to Adams Station this week to see the operators of this factory and lay before them the advantages of this city.

The committee appointed at the last meeting to canvas the town for funds to prosecute the work of the club, reported \$600 already subscribed with prospects for a substantial increase.

Many have signified their intention of joining and by the next regular meeting of the club, on the second Monday in May, the membership will probably reach 100 or over.

There is unlimited work opening up before the organization and with the almost unanimous backing of the business men of the city, a bright and prosperous future is in store for the club.

All signs point to an era of prosperity and advancement in the city, and the business men who do not lend a helping hand at this time are certainly blind to their own interests as well as those of the town at large.

Ninety-Eight Per Cent

There is a fascination about big profits to a business man. But the conservative and cautious trader prefers to have the lower per cent of interest and the larger per cent of safety in his investments. There is no business man who would not consider it a sound proposition to invest in an enterprise in which absolute loss was impossible and offered ninety-eight chances in a hundred of a rich profit. The statistic of cures effected by Dr. Pierce's Golden Medical Discovery show that ninety-eight per cent of cases of "weak lungs" can be absolutely cured. Almost if not all forms of physical weakness may be traced to starvation. Starvation saps the strength. The body is just as much starved when the stomach can not extract nutrition from the food it receives as when there is no food. "Weak lungs," bronchitis, asthma, catarrh of the throat, etc., are all due to starvation. "Golden Medical Discovery" supplies that medicine in its most condensed and assimilable form. It makes "weak lungs" strong by strengthening the stomach and organs of digestion, which digest and distribute the food and by increasing the supply of pure blood.

HORRIBLE DEATH

Of Little Child At Kelly, Saturday.

An 8-year-old child of Thos. Brasher, of Kelly, died Saturday of intestinal infection. An operation performed too late to save his life resulted in the removal from his bowels of a ball of 108 worms, five to nine inches in length, most of them alive.

Guthrie Baptized.

The whole business portion of Guthrie yesterday was under water from the recent rains, and people were compelled to use carriages to and from the stores. Red flags were hung on all four railroad entrances to stop trains until the roads could be examined, as the water was so completely over them for about a mile each way from town that it could not be determined whether the rails were in place or not. Much damage has been done to town and personal property.

Dangerous If Neglected.

Burns, cuts and other wounds of the face to heal properly if neglected and become troublesome sores. De Witt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury De Witt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Hartly, Yanketown, Ind. "After using many remedies, I tried De Witt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. R. C. Hardwick.

WOODS IN NORTH CHRISTIAN ON FIRE.

Barns, Fences And Growing Wheat Have Been Destroyed.

From Tuesday's daily.

Forest fires in North Christian and in the edge of Hopkins have destroyed property to the amount of \$15,000. The heaviest losses are to Wm. Jackson, barn filled with tobacco; Carlos Melton, dwelling and outbuildings; Benj. Ligon, barn of tobacco; Wilson Jennings, barn and much fencing; George Wright, house, James Auenough, 1,000 cross ties and 5,000 rails. Twenty or more farmers lost their fences and growing wheat in many fields was ruined.

Goos Free.

The examining trial of Della Dickerson, colored, charged with having her illegitimate infant child held in the county court this morning, and she was released from custody, the evidence not being sufficient to hold her to the grand jury.

Like a Drowning Man.

"Five years ago a disease the doctors called dyspepsia took such a hold of me that I could hardly go," writes George S. Marsh, well known attorney of Knoxville, Tenn. "I took quantities of pills and other medicine but nothing helped me. As a drowning man grabs at a straw, I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only medicine which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and one which gives no stomach trouble. R. C. Hardwick.

Sir E. W. C. Edwards, Sentinel.

The new officers were installed by Past Eminent Commander Jno. B. Galtbreath.

GOOD ADVICE.

The most miserable beings in the world are those suffering from Dyspepsia and Liver Complaint. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Constipation, Palpitation of the Heart, Heartburn, Water-brash, Grawling and Burning Pains at the Pit of the Stomach, Colic, Skin, Cough, Hoarseness and Disagreeable Taste in the Mouth, Coming up of Food after eating, Low spirits, etc. Go to your Dr. and get a bottle of AUGUST LINGER'S 75 CENTS. Two doses will relieve you. Try it. Get Green's Special Almanac. R. C. Hardwick.

TWO BIG GAMES

One Here And One At Clarksville, Tenn.

The South Kentucky College baseball team will play the Southern Presbyterian University at Clarksville May 8th and Mooney School of Franklin, Tenn., in this city on May 10th.

The college club has played three games with local clubs and has been victorious in each. The boys are doing good, hard, systematic work and are confident of victory, despite the fact that Clarksville has a team of considerable reputation, having defeated Vanderbilt and several other strong teams this season.

Newt Atkinson, S. K. C.'s star twirler, has just returned from Cairo, Ill., where he pitched for Paducah against that city's team. He is in good shape to do all the work the team needs, and to their satisfaction.

Robinson, the other half of S. K. C.'s battery, is thoroughly competent to hold all balls that pass the bat.

The game with Mooney will be of great interest, and will be the first of a number of big games the college has booked to play at home this season.

What's Your Face Worth?

Sometimes a fortune, but never if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin, all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only at Anderson & Fowler, L. L. Fowler, J. O. Cook, C. K. Wyly.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boesche, a celebrated German Physician and was known to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and Lung troubles of the severest kind, removing, as it does, the cause of the affection and leaving the parts of the system healthy and sound. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which is rapidly increasing sales every season. Two million bottles are sold annually. Boesche's German Syrup was introduced in the United States in 1888, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75c. Get Green's Special Almanac. R. C. Hardwick.

Wants Others To Know.

"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to endorse them for I think when we find a good thing we ought to let others know it," writes Alfred Helms, Quincy, Ill. They never disappoint. Sure, safe pills. R. C. Hardwick.

Ely's Liquid Cream Balm

is an old friend in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh, who are used to a stimulant in spraying the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75c. At your druggist or Ely Brothers, 65 Warren St., New York. Will mail it.

LIGHTNING'S WORK IN THE COUNTY.

Two Men Were Badly Injured—Stable Consumed—Stock Killed.

From Tuesday's daily.

Considerable damage was done in South and West Christian by lightning yesterday.

At Oak Grove, a telephone wire connecting with P. C. Saller's store was struck. William Ladd, the salesman, and J. C. Clayton, a citizen, were in the store. A great peal of thunder accompanied the lightning, and the flash that filled the room was that of dazzling brilliancy. Mr. Ladd was hurled with great force across a stool and very painfully injured. Mr. Clayton was knocked to the floor with even greater violence and rendered unconscious. At the last report he was in a helpless condition as if paralyzed.

During the same rain storm, lightning struck the stable of the Luckett Wake Tobacco Company at Gracely, burning the building and all its contents, including a valuable mare, sixty barrels of corn and a quantity of hay. Another blooded mare was knocked down, but not seriously injured.

A fine shorthorn registered cow, belonging to Dr. Jno D. Clardy, was struck by lightning on his farm at Newstead and instantly killed.

Don't Start Wrong.

Don't start the summer with lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it hangs on through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, of Groveton, N. H. "I never found anything else that acted so safely and quickly." R. C. Hardwick.

AT CHURCH HILL

DETAILS OF WORK OF THE INSTITUTE.

All The Sessions Were Interesting And Highly Profitable.

From Tuesday's daily.

At the farmer's institute held at Church Hill last week under the direction of Commissioner of Agriculture I. B. Nall, Dr. John D. Clardy was unanimously elected chairman and J. A. Browning secretary, after which there was a prayer by F. M. Pierce and music.

Mr. W. G. Fox welcomed the institute in well chosen words and was replied to by Hon. I. B. Nall at length. Mr. A. H. Wallace read an interesting paper on "Status of farming compared with other occupations." Senator R. C. Crenshaw, being absent the question was passed and "Insects injurious to crops" was taken up and Prof. H. Garmann read an able paper. Answering questions, he suggested that farmers spray tobacco after planting with Paris Green and slacked lime. On the subject of "Culture of Flowers," Mrs. J. R. Caudle and Mrs. R. H. Boyd read good papers giving their practical experience.

Miss Mattie Browning beautifully sang "Hello! Central Give Me Heaven."

Mr. W. H. Adams read a paper on "Soil Fertility" and prefaced his essay with the remark that his paper was addressed to the young man who was willing to put his hand on the plow handles and never "look back." The question was discussed by J. M. Adams, J. B. Walker and C. S. Coleman.

"Corn Culture" was then taken up. J. B. Walker recommended careful selection of seed, thorough preparation and shallow cultivation. M. V. Owen recommended to plow deep at first, then shallow cultivation. Some discussion on subject followed. Commercial fertilizers was called. Prof. Scovell who was on the program could not be present. Mr. Smith of Shelbyville, said that twenty years ago 5,000 lbs of fertilizer was used. Ernest Steger recommended to use fertilizer with good judgment.

On the subject of grasses and clover, J. J. Garrett and G. H. Stow read papers which were interesting and instructive. Mr. Garrett said parties of tobacco would kill clover. These papers brought out some discussion by several persons.

W. R. Brumfield being absent F. M. Pierce discussed gardening which he said depended on good land, good fencing and good seed.

J. C. Gray read a splendid paper on Cow Peas and Soja Beans. Prof. Garmann said at the experimental station they put wheat land in peas and Soja Beans cut the hay and the land improved.

The institute then closed for the day.

On the following day the institute was called to order by Chairman Clardy and was opened with music and prayer.

Concerning commercial orchards, G. N. McGraw said orchards pay better than any other crop and gave figures to establish the assertion. His paper was replete with statistics. Several persons present discussed the question. J. W. Ford made a short talk and Hon. I. B. Nall made a good address on the subject. Mr. Nall did not think our lands could afford to undertake a commercial orchard, but we could and should grow a bountiful supply of fruit.

The road question was then taken up. J. R. Caudle read a paper which was full of information, giving his experience in road beds, also in building turnpike roads. Road Supervisor T. J. McReynolds said he had no paper on the subject but came to learn all he could. Mr. J. B. Walker said what work was done should be done well. County Judge Fowler made a good talk on the subject, saying that we must build good pikes. All our branches, he said, were bridged. He was in favor of good roads and would use his influence for them.

Chairman Clardy made a talk on the subject, giving his experience in building and keeping up turnpike roads. M. V. Owen and others made short talks.

After dinner the institute was called to order by the chairman and there was music. The road question was taken up. T. J. McReynolds, supervisor, said he would grade the Cox Mill road and crush the rock if the farmers would hand rock. It is understood they will do this.

Mr. J. M. Adams made a good talk on the subject of tobacco culture, giving his manner of operation. R. C. Gray read a good paper on this subject.

Wheat and its enemies was discussed by R. F. Rives and J. W. McLaughlin in interesting and instructive papers.

Mrs. J. V. Under and Mrs. C. S. Coleman read splendid papers on Poultry which received much applause.

Household Economics was called. Mrs. T. G. Gaines read a paper on this subject, which was highly appreciated, judging from applause.

How to induce immigration was called, and as Prof. Killebrew was not present the chairman called on Col. Nall, who made a good talk on the subject, saying he was sending out circulars and doing all he could with his facilities to induce immigrants to come to Kentucky.

Some valuable citizens had located in Taylor county as a result of this Stock Feeding which was sent by Prof. May the A. & M. College Lexington. This was a splendid paper one which should be published by every paper in the state, so they

THE HUMAN LOTTERY

"Ah, if only I were beautiful how happy life would be."

Many a fortune made has said this as she looked into the mirror. For beauty is a treasure which cannot be bought. It is a gift from God, and it is a gift which women should prize above all else.

DOG JUST ANGRY

BECAUSE THE MADSTONE DIDN'T STICK.

A Christian County Man Makes A Pilgrimage To Paducah.

From Tuesday's daily.

Edgar Sharber, of near Hopkinsville, Christian county, is one of those who believe in the efficacy of a "madstone."

A dog supposed to be mad, and undoubtedly somewhat angry, judging from its actions, bit him Sunday on the right leg.

He journeyed as soon as he could get a train all the way to Paducah to have Capt. Joe Fowler's madstone applied, and while the poison was doubtless willing to be extracted, Edgar remained here nearly all day yesterday trying to get it to stick to his wound. Finally he was convinced that the dog was not mad, or the stone would have adhered, and left for home greatly relieved in mind.

So far as could be learned, every body is satisfied except the dog, who got killed—Paducah Sun.
