CUMBERLAND SYNOD.

Interesting Session In Progress at Princeton.

The Kentucky synod of the Cumberland Presbyterian church convened for its annual session at Princeton on Friday night. The opening session was presided over by the retiring moderator, the Rev. Dr. McMillan, of Louisville. After the roll call, which showed a very large attendance of ministers and elders, the Rev. Dr. Webb, of Mayfield, was elected moderator. Dr. Webb is one of the brilliant young ministers of Western Kentucky. The Rev. Dr. Darby, of Evansville, Ind., secretary of the board of education, is in attendance and will address the synod. Dr. Darby is one of the originators of the movement for union between the Cumberland church and the Northern Presbyterian church. The beautiful new church at Princeton is artistically decorated, and the pastor, Rev. H. C. Temple, has made splendid provision for the entertainment of the synod.

Annual Meeting.

The annual meeting of the Kentucky Live Stock Breeders' association will be held November 12 at 11 a. m., at the Exchange Hall of the Board of Trade in Louisville. Officers will be elected and the place for the next fair selected.

The next fair will not be selected until every Kentucky town aspiring to be heard from Lexington has already offered free grounds and a committee fund.

Urging Attendance.

Secretary J. C. Van Pelt, of the commercial club, is sending out letters to the representatives and senators in Kentucky and the officials of the various cities and towns, urging them to attend the good roads convention at Lexington on November 18 and 19. In the letter Mr. Van Pelt presents some facts and comparisons for their consideration.

Child Better, Nurse Ill.

Duncan Jackson, the little son of Dr. J. B. Jackson, is much better today. His condition has been critical. Miss Margaret Campbell, of Chicago, a trained nurse who has been with the child, is seriously ill.

Don't fail to stamp under the rooster.

Names Added.

The supplementary registration which closed last night added sixty-four names to the list of Hopkinsville citizens who have the right to vote next Tuesday.

Very few persons stated their party affiliations.

Stamp right in the circle under the rooster.

To Elect Directors.

The stockholders of the Planter Hardware company will meet Monday at 10 o'clock at the Cooper building to elect directors. A full attendance is desired. The company's plans are all progressing favorably, and business will be established the first of the year with every assurance of success.

Every Democratic vote is needed. This applies to you.

"Redhead."

Mr. James Speed, of Louisville, will deliver his celebrated illustrated lecture "Redhead," the story of a Woodpecker," at Holland's opera house Friday, Nov. 8. Mr. Speed will come to Hopkinsville under the auspices of the public school. He is a delightful speaker and his theme is one that will entertain everybody who hears him. His particular mission will be to interest the citizens in the work the school is doing along the line of natural study. The pupils must have the tickets for sale tomorrow.

Republican prosperity means wealth for the few and poverty for the many.

President Roosevelt's definition of a sociologist will add one more to the literary curiosities of the day.

GREEN-FRUIT.

Popular Young Couple Married Wednesday Night.

From Thursday's daily.
Mr. Herbert McK. Fruit and Miss Isabel Green were married last night at 8 o'clock in the presence of only the immediate families of the contracting parties, at the home of Mr. Charles McDaniel, on South Campbell street. The regard of the young people for each other was patent to their friends but the announcement of their marriage will come as a surprise to most of their acquaintances, as it had been kept secret.

The groom is the elder son of Dr. E. N. Fruit, and is connected with the Bass Shoe Co. He is popular and highly esteemed and possesses fine personal qualities.

The bride is a niece of Mrs. McDaniel and has made her home with her aunt for several years. She formerly resided at Pittsfield, Ill. She is a charming and attractive young lady.

The ceremony was impressively pronounced by Rev. H. D. Smith, of the Christian church. Mr. Jesse Burruss and Miss Elva Hooser were the attendants.

Mr. and Mrs. Fruit will board with the family of Mr. McDaniel until the new year, when they will go to house-keeping on Virginia street.

The above signature is on the wrapper of each OWENS' FINE MIXTURE, the baby's friend from birth until he has his teeth. All druggists.

It is the duty of all Democrats to make Democratic nominations worth something. Vote for Nunn and Stanley.

There will be a full Republican vote in Christian county next Tuesday. What of the Democrats?

BELLE MEADE SALE

FANCY PRICES AT THE FAMOUS STUD.

Commoner Brought \$41,000.—Hopkinsville Stockmen Attend.

The name of Belle Meade is intimately woven into the fabric of American racing, and the final chapter in the history of this great stud near Nashville is being written today.

Belle Meade was founded in 1830 by Gen. William G. Harding, who during his lifetime brought the establishment up to the high plane which has been maintained ever since his death by his son-in-law, Gen. W. H. Jackson. The establishment has been the home and nursery of some of the male yachting and stake winners in the annals of the turf. Among the sires and gets can be named:

Prize, Bonnie Scotland, Ironclad, Enquirer, Loyalist, The Commoner, Lake Blackburn, Great Tom, Proctor Knott, Tammany, Egmont, Ironclad B., and others.

The sale is due to the enfeebled condition of the proprietor who is no longer able to actively supervise the stud.

There are 252 horses to be put upon the block, at an estimated valuation of over \$250,000.

The sale began yesterday and 147 head offered sold brought an aggregate of \$184,890, an average of \$126.30.

The seven stallions sold brought a total of \$53,500, an average of \$7,642.85, while the 136 broodmares disposed of showed a total of \$131,390, an average of \$958.46.

The commoner, Hanover's great son, was the star of the sale yesterday. After a battle royal between Capt. S. S. Brown, of Pittsburgh, and E. S. Gortner, of the Avondale Stud, Belle Meade's premier stallion was knocked down to Mr. Gardner for \$41,000.

Dr. M. W. Williams, Dr. Preston Thomas, Col. Leno H. McKee, Spillie J. E. Mosely, Mr. Charles Layne and other Hopkinsville people attended the sale.

If you live in the Fruit Hill or Louisville district don't fail to vote for the Democratic candidate for magistrate.

INTERESTING RACE

IN PROGRESS IN EIGHTH MAGISTERIAL DISTRICT.

Squire King Expects For Second Time to Defeat Mr. Clark.

At the time of election draws near interest increases in the race for magistrate in the eighth district, composed of East Groton, Bluff Springs, Dogwood and Baker's Mill. If there was ever doubt about the election of Squire Lee B. King it has, to a large measure at least, been removed by the withdrawal from the race of Mr. John M. Dulin, leaving the contest between Mr. King and his Republican opponent, Mr. James M. Clark. This is the second time these gentlemen have made. They were candidates for the office of magistrate in 1901, and Mr. King was elected by a majority of forty-six votes. This year it is his confident intention to roll up a much larger majority. Mr. King resigned the office of magistrate when he was appointed postmaster as the positions were not compatible, and his brother, Mr. Nick King, was appointed to succeed him. The Republican attorney-general ruled that the latter could only hold the office until the November election. As the office at which Squire King was postmaster had been abolished by the extension of the rural mail delivery service, he was left free to serve as magistrate and was unanimously nominated by the Democratic caucus at a convention held at Dave Smith's store. He has been making an active canvass and he and his friends feel sure of his election. He is splendidly equipped for the position and will look faithfully after the interests of his constituents. He is a man of wide popularity and is particularly fitted by his experience, intelligence and hard and progressive interest, he takes in county affairs to represent his district as a member of the Christian fiscal court.

Get to work.

Vote for Nunn.

It dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption.

Its several tests have been made on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by J. O. Cook, L. E. Egan, C. K. W. Y. L. E. Groat, J. O. Cook and Anderson & Fowler, who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

Vote for Stanley.

Vote for Garrott.

Every Democrat who votes next Tuesday is not voting for A. O. Stanley as an individual.

He is voting against trusts, monopolies and combines.

He is voting against a high tariff.

He is voting for Democratic principles, and he is voting for the man who will vote for these principles when he goes to congress.

He is voting for the nominee of the Democratic party—the party that stands for the rights of the great, common people.

Vote for the principles that Owsley Stanley represents.

MUCHLY MIXED UP IN TOBACCO CIRCLES

ALL SORTS OF WEATHER IN NOVEMBER.

Prophet Hicks Says Wintry Conditions Will Generally Predominate.

The summary of the weather forecasts for November, by Rev. I. E. Hicks, in Word and Work, is as follows: "The first storm movement for this month will be central on the 3rd and 4th. On and touching these days a rise in temperature, falling barometer, cloudiness and rain will pass eastward from western extremes to the Atlantic. Western and northern sides of this and all storm areas at this season, will most likely turn to snow, and the high barometer pushes in from the northwest behind the storm, high cold winds and freezing, clearing weather will succeed.

The second storm period for November will be central on the 9th, extending from the 7th to 12th. This is a regular Vulcan period, with moon at first quarter on the 7th, and on the 9th the barometer will fall. As we enter well into this period a marked change to warmer will move out of western parts, falling barometer will follow, and wide areas of autumnal rain will move eastward from about the 9th to 12th. These storms will reach the culminating stage about the 11th with possible lightning and thunder southward, all followed from the northwest by a change to snow, rising barometer and cold, clearing weather.

On and touching the 15th and 16th low barometer, rising temperature and wide areas of renewed rain, turning to snow generally in the north.

Watch, first for warmer, pleasant weather then for cloudiness and rain, then for shift of temperature to wind with snow, then for high barometer, cold, northerly gales and cold clearing weather.

One of the marked storm periods of the month falls in and near the center of a mercury period. This Vulcan period covers the 19 to the 23. Low barometer and warmer will enter in general rainfall rain will lead to snow and sleet—look for sleet—and snow and sleet will be attended and followed by a change amounting to a cold wave.

This period will come to its crisis about the 22 and 23.

On and touching the 26 and 27, cloudy first weather, resulting from the mercury equinox, will grow into decided autumnal storms of rain, wind and snow. In all northern sections look for heavy sleet. High barometer and warmer will enter from the northwest and change to quite cold will follow these storms.

Let all outdoor work be in good shape for winter storms and weather before this time. Frost and freezing will penetrate far into the south, along with high barometer behind these storms.

As the month goes out a storm period will be in its first stages; it will be turning warmer in the west, with falling barometer and other indications of approaching storms. This period will culminate in the opening days of December.

But little time remains before the November, leading to November 4th, out this is ample time for a routing vote if each Democrat will do its duty in going to the polls next Tuesday.

Go yourself, and if your neighbor has no way of going take him to the polls Tuesday. Let every Democrat constitute himself, for one day, a committee of one to look after, and work for, the best interests of his party.

IMPORTANT CHANCES ARE MADE.

Wooldridge & Co. Will Sell Loose on Floor.—Other Notes.

Several changes of importance have been made in local tobacco circles.

Mr. Nat Galtier has retired from the warehouse, firm of Galtier & West, and is now in Texas with his son, Nick. The business will be moved Nov. 1st from the present quarters on Ninth street to the New Enterprise on Twelfth and Railroad streets. The firm name will be James West & Co.

Mr. Gus K. Stevens has become associated with Mr. M. H. Tandy and the firm name is now Tandy & Stevens. These gentlemen will move from their present location in the Central Warehouse, formerly conducted by H. H. Abernathy & Co., on Ninth street, to the Planters' as soon as the latter is vacated by West & Co.

R. M. Wooldridge & Co. are the first to announce their intention of adopting the new method, which has proven so successful in Clarksville and elsewhere, of selling tobacco loose on the floor at public auction. Some of the other warehousemen say they think probably this move is a good one but they will await further developments before adopting it.

R. E. Cooper & Co., on Main street, Wm. H. Cummings' Sons & Co., on Elm street, Tandy & Fairleigh, on Campbell street and at the Rock bridge stonemason on North Main, J. H. Nelson & Son, on the L. & N. railroad, will remain as before and are expecting to do an extra good business this season.

The plant of the R. T. Martin Greenhouse Tobacco Manufacturing Co. has all been received and installed in the building owned by J. H. Eggleston, on North Liberty street. This firm has already commenced manufacturing the celebrated Greenville tobacco and expects its business here to greatly exceed that formerly done at Greenville.

The Hopkinsville Tobacco Manufacturing Co. has recently greatly improved its facilities for manufacturing "Old Joe" and "Red Duke" smoking tobaccos by the addition of a new building on the corner of 11th and Main streets.

Mr. I. F. Campbell, president of the company, now spends all of his time on the road in the interest of this firm.

DISRICT MEETING. DR. BRIGGS' KNIFE

TEACHERS ASSOCIATION AT OWENSBORO.

Program of Interest Arranged—Low Rates on the Railroads.

The Second Congressional Teachers association will meet at Owensboro on Friday and Saturday, November 28th and 29th.

Local committees have been at work for some time; the program is to be replete with good things from leading educators of every county in the district; a speaker of national reputation will be secured for a Friday evening address after which a banquet will be tendered the visiting teachers by the local city and county teachers.

Favorable rates have been secured at the different hotels and a rate of one and one-third fare on the certificate plan, has been secured on all the railroads.

The committee on school display will be glad to receive any class of work from any of the private or public schools of the district. These should be sent in at least a week before the meeting so that they may be effectively arranged for exhibition.

No pains will be spared to make this a memorable meeting. It will be the first meeting of the association in Owensboro and the various committees and the local teachers cordially invite a large attendance of teachers from all parts of the district.

T. C. SURVEYORS

Remove Their Camp to West Fork to Work.

The engineering corps of the Tennessee Central Railway company, which completed the location of the line to Hopkinsville last Friday, on Saturday removed their camp to West Fork, where they will be at work for at least thirty days, making several changes in the survey.

MISAPPREHENSION.

Quail May Be Sold as Usual This Year.

A great many people have a mistaken idea to the effect that the legislature passed a bill forbidding the sale of quail in this state. It was the open season for quail shooting (November 15 to January 1). This bill failed to pass the senate, thus there is nothing to forbid the marketing of quail in this or other cities of the state. This will be very agreeable news to country people who reap a considerable revenue from the sale of the quail they shoot.

BOARD OF TRADE

For Ensuing Year Elected At Clarksville

The tobacco board of trade met at Clarksville Monday and elected the following officers to serve for the ensuing twelve months: President, J. C. Kendrick; first vice president, J. C. King-Stamps.

Sunday evening, Oct. 26, at 6:30 o'clock quite a number of relatives and friends assembled at the home of Mr. and Mrs. J. E. Stamps eight miles west of Hopkinsville to witness the marriage of their oldest daughter Miss Minnie to Clyde King, eldest son of Mr. J. R. King. The bride is one of the most beautiful and accomplished young ladies of the Little River vicinity. She was being comely attired in white. The groom is a highly respected young man. The beautiful ceremony was performed by J. A. Armstrong of Potter Bible College, Bowling Green, Ky.

The young couple received quite a number of handsome and useful presents as follows:

Mrs. Jack Graves, tea set; Mrs. John Dougherty, counterpane; Mrs. John Gray, pair lace curtains; Mrs. E. H. Hoyer, berry bowl; Mrs. Lawrence Gray, pin tray; Mrs. Hatch McRae, table cloth and three handkerchiefs; Mrs. Laura F. Burris, preserve dish; Mrs. J. E. Stamps, table damask and napkins; Miss Mabel Stamps, sister of bride, table scarf; Miss Inez Bowles, two salad bowls; Miss Ella Masie, pair of towels; Miss Addie Daumon pair of towels; Miss Marion Burris, ice cream servers; Mr. E. H. Gray, lamp; Mr. John Gray and Eliza Dougherty, silver water pitcher; Mr. Eliza Dougherty, basket of fruit; Mr. Henry Miller, salad bowl; Mr. Arthur Bowles, medalion.

BOUND HAND AND FOOT

With muscles drawn and throbbing with pain, and joints swollen, stiff and tender, the rheumatic patient is as helpless and dependent as though bound hand and foot. No disease causes such intense suffering, such sharp, nerve-racking pain as Rheumatism, and this unfeeling monster, unless checked, crushes the strength and hope of its victims.

When the system becomes infected with Uric Acid and other like poisons they are absorbed into the blood and lodged in the muscles, joints and nerves. Then with the assistance of an electric shock, pain begins to shoot through the muscle or joint affected, which often swells and inflames, and becomes tender, feverish and sore. Unless treated, the blood Rheumatism grows steadily worse, finally causing the shrunk muscles, immovable joints, a shaky nerve, and the invalid's chair or crutches. The cure of Rheumatism can never be complete or permanent until the acid blood has been purified and the system cleansed of all poisonous matter. S. S. S. does this promptly and surely, because it is a perfect blood medicine, and an antidote for the irritating acid, that causes Rheumatism.

S. S. S. purifies and invigorates the pointed, stagnant blood, and when a free, healthy circulation is again established, the gritty, corroding particles are washed out of the joints, and the longed-for relief comes and the cure is permanent because the cause has been removed and nothing remains in the blood to produce another attack.

Preacher Thought the Man Had Struck His Little Boy.

(Special to New Era.)

PADUCAH, Ky., Oct. 28.—An altercation occurred early last night between the Rev. G. W. Briggs, pastor of the Broadway Methodist church, and T. J. Garr, proprietor of the Inn, a fashionable boarding-house, in which Mr. Garr was stabbed and badly wounded. The principals to the combat refused to make a statement, but the facts came out.

Mr. Briggs and his family are boarders at the Inn. The preacher's eleven-year-old son, Waverly, was out in the kitchen teaching Mrs. Garr, calling her "Betsey," etc., when she called her husband to make the child get away. Mr. Garr is said to have told the child to go upstairs to his parents and run toward him. The boy, in fleeing, struck the stairway and stunned his head. Mr. Garr picked him up and carried him upstairs.

The boy's cries attracted the father, who ran out of his room and asked what was the matter. It is said the boy replied that Garr hit him, and Mr. Briggs asked Garr: "Did you hit my boy?" It is said that the preacher answered that he did not, and the question was repeated a second time. Garr is said to have answered again in the negative, when the alleged father struck Garr. A fight ensued, and in the heat of excitement Mr. Briggs drew a pocket knife and stabbed Mr. Garr, it is said by eye witnesses, in the latter was fleeing down the steps.

A wound was made just under Garr's left shoulder about an inch and a half long. The wound was in the shape of a crescent. Mr. Garr was assisted to his room, and Dr. J. G. Brooks was called. He examined the wound and pronounced it serious. He thought the blade had gone into the hollow near the kidney.

Mr. Briggs quickly left the boarding-house and could not be found by the newspaper men. However, he told intimates friends that he understood Mr. Garr to say he did hit the child both times he made a reply, and as a father, felt he was doing his duty in resenting the assault made upon his child. Since learning his mistake, Mr. Briggs is said to be greatly grieved and humiliated. He says he does not remember drawing the knife.

No arrests were made, but witnesses have been summoned to appear in court today. Mr. Briggs will also be summoned.

Mr. Briggs is one of the most prominent ministers in the Methodist church, south. He is an eminent lecturer, and before coming here was located at Memphis, Tenn., and at Owensboro, Ky.

Mr. Garr came from Bowling Green three months ago. He is resting well.

PADUCAH, Ky., Oct. 28.—No charge has yet been preferred against Rev. Dr. Briggs. It is likely he will be charged with willful malicious cutting. He surrendered to the proper authorities today and was released on bond.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running ear, or "inverted" hearing, and when it is entirely closed, deafness results, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever; in cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

PROSPECTS BRIGHT

FOR THE ELECTION OF L. O. GARROTT.

Let Every Citizen Who Favors Him Do His Full Duty.

The race between Squire Leslie O. Garrott and Mr. Henry F. Moore for the office of magistrate in the fourth or Longview, district, is one of great interest, and all indications point to the election of Squire Garrott by a flattering majority.

His election is certain if the citizens of the district who want him to be magistrate will only go to the polls next Tuesday and do their duty by voting and working for him.

County Judge Fowler recently ordered an election in the district, claiming that Squire T. J. McReynolds had vacated the office on accepting the position of road supervisor. The Democrats do not believe that any vacancy exists, but, unwilling to take any risk in the matter, have had Squire Garrott's name placed on the ballot. Their action met with general approval, for Squire Garrott is one of the best liked and most influential men in South Christian and enjoys the esteem and confidence of all who know him. A man of intelligence and superior business capacity and good common sense as well as education, honest, independent and having valuable experience as a member of the fiscal court, his qualifications for the office to which he aspires are of the highest order. These facts are well known throughout the district and he will be voted for not only by the Democrats but by many Republicans. The district is composed of the precincts of Longview, Longview, Gordonfield and South Pembroke. It is understood that in the event that Squire Garrott wins his race, Squire McReynolds will at once give up the office of magistrate.

If Mr. Moore, who is a former Democrat, should chance to win, litigation will follow, for Squire McReynolds is confident that he can legally hold both the office of magistrate and road supervisor.

Democrats Have Hopes of Winning a Majority in the House.

Next Tuesday, November 4th, elections in forty-two states will be held. Three hundred representatives to the fifty-eighth congress, says the Glasgow Times, are to be elected which, added to the four already made up by Maine, two by Vermont and two by Oregon, make a total of 388 members, twenty-nine more than the membership of the present house. The territories, including Hawaii, are to elect each its delegate and Porto Rico is to select its commissioner on the same day. Twenty-three states will elect legislatures, which will select United States senators; twenty-one states will elect full state tickets; eleven will elect minor officers, while constitutional amendments will be voted on in many.

The turnout of thirty senators will expire March 3, 1909. Of the thirty senatorial seats to change eighteen are Republicans and twelve Democrats at present. Of these Democrats have been re-elected to far and one Republican. In addition to the Delaware and Michigan will elect legislatures, which will be called upon to select senators to fill the vacancies in the legislature, the Democrats would have to gain eleven Republican senatorial seats in order to get control of that body. They have already gained one of these seats in the successor of Mr. Deboe, of Kentucky, and other states in which the Democrats will win Republican seats are Nevada, where Representative Alexander will succeed Senator Quinn, and in North Carolina, where Senator Pritchard's chance of return seems slim.

In the house the Republicans have a majority of forty-one, holding 199 out of a total of 387 seats. The next house will be increased by twenty-two members, making it necessary for either party to elect 191 members in order to control. The Republican hope of success is based on holding most of the old districts and carrying a portion of the new ones, which would give them a working majority. The Democrats, however, expect to win back some of the districts which changed complexion in 1906, 1908 and 1900.
