He was alone in the buggy driving a very spirited horse, and just as he crossed the railroad in that neighborhood some one fired a pistol five times. Schaffner-Richardson.

Mr. William Francis Schaffner and Miss Virginia Frances Richardson plighted their troth at the altar of the Baptist church Wednesday afternoon. The wedding was one of the handsomest ever solemnized in the city, and was witnessed by a large assemblage of relatives and friends. The ceremony was impressively performed by the Rev. Dr. Charles Harris Nash.

A canopy of green leaves and vines was draped above the altar, and the bride and groom were given the traditional kiss at the residence of Mr. Stephen Trice, and the night before a dinner was given by Mr. and Mrs. John B. Trice. The bride is a daughter of the late James Richardson, a prominent citizen of Christian county. She is a sister of Mrs. Walter Williams of this city and of the late Col. Frank B. Richardson. Mr. Speed's Lecture.

For years the world of culture has been busy studying books, music and art; today it is beginning to see and feel that behind all of this work of man lies the world of Nature. Everywhere there is the desire to know more of the great outdoors, but people have been deterred by the feeling that it is too deep, and that it requires technical training. They fail to realize that the only requisite is the judicious use of their God-given faculties; that they have only to begin now to enjoy the wide fields and shadowy woods.

LIVELY SCRAMBLE

FORTHREE VACANT CIRCUIT JUDGESHIPS.

Polk Laffoon After Nunn's Bench.—Asher Garuth is Mentioned.

(Special to New Era.)

FRANKFORT, Ky., Nov. 6.—The elevation to the appellate bench of three circuit judges makes as many vacancies for Gov. Beekham to fill before January 1 next, and speculation is already rife here as to whom he will appoint. The appointments will be for one year. Already the governor has since he has been in office had the appointment of seven circuit judges in the state, five to fill vacancies and two new ones in the Louisville district, and these vacancies increase the number to ten.

The vacancies caused by the election will be in the Fourth, Eighth and Thirtieth judicial districts. Judges T. J. Nunn, W. E. Settle and Henry S. Barker. These most prominently mentioned this early for the appointments are the Hon. Polk Laffoon, of Madisonville, to succeed Judge Nunn; the Hon. B. W. Bradburn, of Bowling Green, to succeed Judge Settle, and the Hon. Asher G. Garuth, of Louisville, to succeed Judge Barker. There will likely be several others recommended for the places, especially from the Louisville district.

The change of the political complexion of the court of appeals makes five new officials for that body to be elected. Four of these places, that of reporter, sergeant, tipstaff and janitor are now held by Republicans and one, that of deputy sergeant, by a Democrat, Mr. Jas. Smith, of Harrison. Mr. Smith has been sergeant of the court and will likely be again promoted to that position. Nor reporter the candidates now are John W. Ray, of Bardwell; Murray B. Hubbard, of Lanes; and Hardin H. Herr, of Louisville. There will likely be others. Mr. Ray, of Bardwell, and Taylor, county, is a candidate for assistant sergeant.

Masterpiece of Eloquence.

Last night, in the presence of one of the largest gatherings ever assembled in the hall of the Young Men's Christian Association, Hon. Henry Watterson, of Kentucky, delivered his famous lecture on Abraham Lincoln. It was a masterpiece of eloquence and frequently during the delivery of the lecture, the feelings of the audience mounted to the highest pitch of enthusiasm. As the graceful figure of the eloquent son of Kentucky appeared in full stature before the audience he was greeted with loud and prolonged applause. In the audience were many of Atlanta's foremost citizens. All professions were represented and the audience itself, representing every phase of political thought, was a splendid ovation to the speaker.—The Atlanta Constitution.

Mr. Watterson will deliver this great lecture at Holland's opera house next Wednesday night.

ELECTION NEWS.

NEW YORK, Nov. 6.—At the Republican congressional headquarters it is stated that the Republicans certainly have twenty-six majority in the house, with ten districts in doubt, three of which they claim. Odell's plurality is 11,302.

WITH RESULT ARE STANLEY'S FRIENDS

Former Hopkinsville Man Elected With Hundreds of Votes to Spare.

(Special to New Era.)

The majority of the Hon. A. O. Stanley in this district is 388. The vote by counties follows: Stanley's Majority 387
Counties Majorities

Hancock 40
Henderson 171
Hopkins 50
McLean 316
Union 1038
Webster 548
Totals 4713 387

Stanley's majority, 388. Estimated—three precincts missing. The Democrats are well pleased with the result. Mr. Stanley's friends are especially delighted, for, while he devoted almost his entire time to work for the Democratic nominees in districts other than his own, his majority is a flattering one.

NOTE IN THIS COUNTY.

One Democratic and Republican Magistrate Are Elected.

THE RETURNS IN DETAIL.

Apathy and indifference in the Democratic ranks coupled with hard work by the Republican bosses gave, on the face of unofficial returns, a Republican majority of 387 votes in Christian county Tuesday. The greatest interest centered in the Fourth and Eighth magisterial districts where exciting races for justices of the peace were run. In the former, Squire Leslie O. Garrett, Democrat, was elected by 137 votes, defeating Henry F. Moore. In the Fifth district, James M. Clark, Republican, was elected by 287 votes. In the North Christian district the Republicans had workers in every precinct who kept their business. The party managers are jubilant over the outcome. The fiscal court will have four Republicans and four Democratic members, with County Judge Fowler to cast the deciding vote in the event of any question. Republican leaders joyfully assert that Judge Fowler may be depended on "to vote right"—as they express it.

The city of Hopkinsville, which usually gives a Republican majority of 350 votes, went Democratic by seven votes. Unofficial returns from all of the twenty-eight precincts give Nunn 2,040, Darby 2,506; Stanley 2,021, Slack 2,868. Darby's majority in the county is 816 and Slack's 827. Judge Nunn carried the First appellate district with all ease and Mr. Stanley is elected congressman by a flattering majority.

The Democratic ticket easily won in Tennessee. Judge Birdsell is elected to succeed Speaker Henderson.

New York Republicans elected Odell governor by about 9000 majority.

Indiana remains Republican by 60,000 majority.

Georgia elected solid Democratic delegation of congressmen.

Colorado probably elected Peabody, Republican, governor by small majority but election is close.

Delaware, as a result of the election, will have a deadlock in the senatorial contest.

Illinois went Republican.

California is very close and returns are few.

Florida went Democratic without opposition.

North Carolina is Democratic by 65,000.

In Maryland, five Republicans and one Democratic congressmen were elected.

The Democrats swept the state in Texas.

Only Democrats were elected in Arkansas.

Alabama Democrats elected all the congressmen.

Pennsylvania elected Pennypacker, (Rep.), governor, and the Democrats elected two and possibly three of the thirty-two congressmen.

Wisconsin went Republican by 35,000.

Connecticut elected a full Republican ticket.

Minnesota Republicans carried the state by 35,000.

West Virginia elected probably all Republican congressmen.

THERE STOOD

OLD KENTUCKY.

DEMOCRATS NOBLY DID THEIR DUTY.

4 APPELLATE JUDGES.

Ten Democrats and One Republican Elected to Congress.

HERE'S WHERE WE CROW.

(Special to New Era.)

LOUISVILLE, Ky., Nov. 6.—The result of the election in Kentucky yesterday was a sweeping victory for the Democrats, and as a result all the Democratic candidates for appellate judges were elected by handsome majorities and all the Democratic nominees for congress were victorious except in the rock-ribbed Eleventh, where the majority seems to have been reduced by several thousand votes.

The election was quiet in all parts of the state and the voting generally was light. The slump in votes was more noticeable, however, in the strong Republican localities.

In the First appellate district Judge T. J. Nunn, Democrat, of Madisonville, was elected over P. H. Darby, Republican, by a large majority, the vote in the district being light and little interest manifested, especially in the strongly Democratic First congressional district.

In the Second district the Courier-Journal's figures show that Judge W. E. Settle, Democrat, of Bowling Green, leads Judge B. L. D. Guffy about 2,000 votes. This figure will be reduced somewhat by later returns, but Judge Settle believes his majority will not be under 1,800.

In the Louisville district, Judge DuRelle, the Republican incumbent, was defeated by Judge Henry S. Barker, Democrat.

In the Sixth appellate district, Judge Thomas H. Payne, the Democratic incumbent, was re-elected over W. G. Dearing, Republican.

The Democrats won out handsomely in the congressional races, and the so-called doubtful districts are doubtful no longer. Ollie M. James, in the First; A. O. Stanley, in the Second; John S. Rhea, in the Third; D. H. Smith, in the Fourth; Swager Sherley, in the Fifth; D. Linn Goode, in the Sixth; South Trimble, in the Seventh; G. G. Gilbert, in the Eighth; J. N. Kehoe, in the Ninth, and F. A. Hopkins, in the Tenth, had easy victories.

Vincent Boring, the present Republican representative from the Eleventh, was re-elected by a largely reduced majority.

Kehoe's majority in the Ninth is a surprising one and will hardly go under 2,000. Rhea's majority in the Third will be about 1,000. Sherley has over 2,000 in the Fifth.

The congressmen re-elected are D. H. Smith, who had no Republican opposition; D. Linn Goode, South Trimble, G. G. Gilbert, J. N. Kehoe, Vincent Boring.

John S. Rhea was awarded the certificate of election two years ago, but McKenzie Moss contested and was awarded the seat. Irwin, the defeated Republican candidate in Louisville, is a member of the present congress. James, Stanley, Sherley and Hopkins have had no congressional experience, but are all able men and will reflect credit on their districts and their state.

SOME RUSTIC SIGNS DIES OF WOUNDS

EAGERLY WATCHED BY WEATHER ORACLES

Various Forecasts For Coming Winter.—Goose Bone Lore.

Now is the time of year when the

rustic signs of the coming winter are eagerly watched by weather oracles. In each community there is generally one who is so positive in his forecasts that he is looked upon as the official prognosticator and respected accordingly. It is not unusual that any such oracle over-estimated the weather very far. In fact, one is used to hearing him, when the matter is called up afterward, point with pride where he hit the mark, plumb in the center in such a respect. His memory is always infallible as to results, other memories to the contrary notwithstanding. To be sure it is logical that minds not devoted to technical study of the weather should grasp the subject less accurately.

There are a number of signs that are considered fallacious. Among these are the groundhog, the goose bone, corn shucks, birds and trees. For predicting the weather of the winter season the goose bone enjoys a distinction parallel with that of the groundhog for telling spring conditions. A likely goose is selected in the fall—a young goose, born in the spring of the same year. The goose is killed and eaten, but the breast bone is carefully saved and picked and scraped clean. Then it is allowed to dry, when the weather prophet closely scans it for indications. It will be found that the breast bone, when held up to the light, shows various shades. In places it will be dark, in others light. The preponderance of shade is taken to foretell the weather. Plenty of white in a goose bone is supposed to forecast a mild winter, while much dark presages a hard winter.

Some oracles have become so scientific that they profess to tell just how the weather will be in different months by dividing the goose bone into different sections, starting from the bottom. The relative amount of dark and white in each section is made the basis of their forecasts for the respective periods that the sections represent.

Among the signs adhered to by many are these: When birds and badgers are fat in October look for a cold winter. A month that comes in good will go out bad.

If it rains much in October there will be a corresponding amount of wind in December. The wind and weather at the equinox will fix the proportions of good and bad weather, wind and calm during the winter.

Frosts and winds in October augur a mild January and February. If a goose walk east and fly west good weather is due.

The negro fired once at the boy, when young Atwood emptied a load of No. 4 shot in the negro's right breast.

SUFFERING OVER.

MRS. HOWELL GOES TO HER REWARD.

Mother of Commonwealth's Attorney Passes Away Near Julian.

From Wednesday's daily.

Mrs. Elizabeth Howell, the venerable mother of Commonwealth's Attorney William R. Howell, died this morning at four o'clock at her home near Julian, after a protracted illness. Death was caused by paralysis. She was 77 years of age.

Mrs. Howell had many friends in this city and the news of her death causes them and, indeed, everybody who knew her well, great sorrow. She was a noble Christian woman.

The deceased had received an excellent education which was supplemented by wide reading and she took much interest in current topics. Her facility of expression made her a delightful conversationalist. She loved her home circle above all else, and never permitted anything to interfere with her duties to it. Her beautiful Christian life will live as a legacy in the memories of those with whom she had come in contact.

Funeral services will take place at 10 o'clock tomorrow morning at the Concord church, and the interment will be in the Howell family burying grounds nearby.

It was decided to do business in the Cooper building. Two large and commodious storerooms, including the corner quarters now occupied by Waller & Rogers, will be used. This arrangement will give the company the benefit of the Illinois Central switch right at its doors.

The directors elected are as follows: E. D. Jones, J. A. Spithall, R. T. Stowe, J. R. Caudle, C. S. Jackson, L. G. Sallee and M. A. Mason.

The attendance was large. About eighty of the stockholders were present, and practically all were represented in person or by proxy.

EVERY WOMAN!

Housekeepers, wives, mothers, every woman who has the care of a family or household, has at one time or another spells of backache, nervous weakness, sick headache and disorders in the digestion, caused as a rule by domestic worry, overwork, irregular meals or habitual constipation. To all women who suffer in this way, we say:

TAKE Prickly Ash Bitters IT CURES.

It performs a marvelous transformation. The tired, weak, despondent, pale and bloodless victim is soon a strong, healthy, happy woman, with rosy cheeks and cheerful spirit.

Prickly Ash Bitters is not a disagreeable, nauseating medicine as the name might indicate. It is pleasant to the taste, mild yet powerful in its cleansing and regulating influence on the vital organs.

BUT LITTLE DOING WILL BEGIN WORK

RECENTLY IN THE TOBACCO MARKET.

Monthly Report of Local Conditions, Sales and Receipts.

Reports received from the board of inspectors show that there has been little doing on the tobacco market for several weeks past, but little of the old crop has been left on the breaks, and that of the inferior grades, so the market will be quiet from now on until the new crop begins to move, and the receipts of that will be small until after the new year opens. During the past few days 100 hogsheads were disposed of privately, mostly of medium leaf. The warehouses have gotten rid of most of the inferior lots of the old crop, which was not in demand, and are ready to receive the new crop as soon as it begins to move.

There is nothing doing on the loose tobacco market, as the dealers seem afraid of coming in contact with the trusts and combines that are seeking to control the market. The new crop is all in the barns now and cured. In quantity it is not over two-thirds of the crop of 1901, and a large percentage of it will be short leaf tobacco.

Local brokers report some business still in their line. The inspectors' report shows receipts for October to be five hogsheads as compared with 30 for the same time last year; receipts for the year 11,810 as compared with 12,400 last year; sales for past month 388 as compared with 488 last year; sales for 1901, 11,810 as compared with 11,867 last year; shipments for past month 978 as compared with 980 last year; shipments for the year 12,729, as compared with 13,756 last year; stock on sale 945, as compared with 823 last year; stock sold 1,457 as compared with 758 last year; stock on hand 2,300, as compared with 1,581 last year.

ANNOUNCES PLANS

DR. BRIGGS GIVES UP HIS PULPIT.

Will Take the Lyceum Platform and Do Temperance Work.

The Rev. Dr. George Waverly Briggs has given the following statement to the press:

In response to inquiries, not only from the newspapers, but from my friends in Paducah and elsewhere, I desire to say that it is my purpose to devote the coming year to lecture, evangelistic and temperance work. The Southern Lyceum Bureau, of Louisville, will have control of my lecture work, while all temperance work will be under the auspices of the state prohibition committee. My home will be in Paducah, where people have endeared themselves to me in a way never to be forgotten. And I desire to add that any service I can render this city at any time as a clergyman or a citizen will be a labor of love.

Yours very truly, G. W. Briggs.

Paducah, Ky., Nov. 8, 1902.

The Paducah News says: It is understood that he will retire from the Memphis conference of the Southern Methodist church following the conference which meets this month at Paris, Tenn. During the three years of his local pastorate he has become one of the most prominent citizens of Paducah. As a pulpit orator and in all the attributes which go to make up a successful and conscientious clergyman he has no superior in Kentucky.

Dr. Briggs has already won a reputation as a lecturer, and his friends are predicting a bright future for him on the platform, now that he will be able to devote more time to his lyceum engagements. . . .

It was authoritatively learned this morning that the affair of Monday night between Rev. G. W. Briggs, pastor of the Broadway Methodist church, and T. J. Garr, proprietor of The Inn has not been dropped by the city and county authorities. Within the next two or three days Mr. Garr, Dr. Briggs, and all persons knowing anything about the affair, will be summoned to appear before Police Judge D. L. Sanders to answer questions. This preliminary examination will not be held in public in the police court, but after the principals and witnesses are heard it will be decided what kind of a warrant shall be issued. A trial in the city court will follow.
