FOUR WORRYING NORTH CHRISTIAN FARMERS.

Ferocious One Just Captured Was the Head Of the Family.

Mr. J. E. Parsons, of Hawkins Christian county, was here last week exhibiting a large gray wolf which he had captured. The animal was caught by the toes of the right hind leg in a steel trap, and would have gone away had not Mr. Parsons discovered it when he did. The animal was a large specimen, weighing about eighty pounds, and is very ferocious. Mr. Parsons informs us that there are four others, two old and two young ones, at large at their tract. It is quite possible that the animal indicates they can be heard howling at times and people are missing sheep and pigs in large numbers. Every effort is being made to capture them. They first gave evidence of their presence in the neighborhood about a year ago. Their tracks have been seen in the vicinity of Durgandale, Hopkinsville and other points, which indicates that they travel over

GOT WEDDING OUTFIT

Checks, He Gave Were
Worthless—In Jail and
Has Confessed.

On January 1, a nice appearing and well dressed young man, seemingly about twenty-five years of age, bought a bill of goods amounting to \$55.55 from E. Tanner on Ninth street and a bill amounting to \$30.00 from the John Mayan company in each instance giving in payment a check on the Planters Bank & Trust company signed J. E. Fleming. Saturday he secured \$8.00 worth of goods from Bassett & Company and had almost completed a deal for \$16 worth at J. T. Wall & Co. on the same plan.

WORTHLESS CHECK.
Mr. Jesse Burrus, who waited on the young man at Bassett & Co.'s, became suspicious of the check after his customer had left the store and he took the check to the bank where he was told it was no good. He then started on a hunt for the man and at last found him in the store of Mr. Wall where he had bought \$18 worth of goods giving a check for \$20 and was to get the change in money. Mr. Burrus notified Mr. Wall of his experience and Mr. Wall then called up the bank over the phone, and received the reply that J. E. Fleming did not have that much money in the bank. The stranger then left saying he would arrange the matter. Mr. Burrus going out with him and securing the goods he had sold.

In a short time the stranger again went into Bassett's store and showed Mr. Burrus an order purporting to be from J. E. Fleming stating that the bearer was his brother, W. P. Fleming, and that he had the authority to sign checks with the firm name of J. E. Fleming & Brother. Mr. Burrus referred him to Mr. Bassett who allowed him to again leave the store with the goods.

NOTHING DOING.
He then went again to Mr. Wall, but Mr. Wall was suspicious of the signature to the order, which corresponded exactly with that of the check, and refused to allow him to have the goods. After leaving Mr. Wall's store the stranger immediately left town.

Upon investigating further the merchants found that the checks were forgeries, and Messrs. Jesse Burrus and Frank Cartwright and Sheriff Davis went to the home of the Fleming brothers, near Beverly, where they learned that the man had been in their employ last summer and had been paid off with a check from which it is supposed he copied the signature. It was also learned that his name was Howard Meschman, a son of Doc Meschman, living about three miles from town on the Antioch road.

They failed to locate their man Saturday night or Sunday but last night Sheriff Davis and Mr. Cartwright went to the home of his father and arrested him. The goods were all found in a trunk and were brought to town. The prisoner confessed to Sheriff Davis that he committed the forgeries.

WEDDING OUTFIT.
In making his purchases he bought anything in stock, though, wherever possible, he selected men's furnishings. He claimed in every instance that he was buying his wedding outfit.

JOHN A. TWYMAN GOES TO REWARD

VETERAN CITY ENGINEER
ANSWERS SUMMONS.

DIED SATURDAY NIGHT

Result of Being Totally Para-
lyzed Last Friday
Afternoon.

City Engineer John A. Twyman died Saturday night about nine o'clock, having never regained consciousness after the stroke of paralysis he received Friday afternoon.

SORROW GENERAL.

General sorrow is felt on account of his death. He was one of Hopkinsville's best known and most highly esteemed citizens and had long been identified with the community in a most useful way.

Mr. Twyman had been in poor health for over a year. He had not

been well, in fact, since a fall he sustained twelve or fifteen months ago from the city wagon. Recently he had passed through a severe attack of bronchial pneumonia, but had about recovered when he was totally paralyzed, as stated in Saturday's New Era.

The deceased was seventy-five years of age, and was a native of Hopkinsville. He was a member of a pioneer family, and inherited sterling virtues from sturdy, Christian ancestry. He was a devoted follower of the Master, and a lifelong member of the Baptist church.

FAITHFUL OFFICER.
He was a civil engineer by profession, and had been engineer of Hopkinsville for many years. He was a capable, honest and faithful public official and discharged the duties of his position in a way that gave general satisfaction.

His good name, and was an important factor in her development, always active in promoting public improvements and laboring in every way possible to advance Hopkinsville's interests.

One son, Dr. John H. Twyman, of Tampa, Fla., who arrived in the city Saturday night, survives him. His wife and one other son died some years ago.

FUNERAL SUNDAY.
Funeral services were held Sunday afternoon at the late residence. After bible reading and prayer by the Rev. Dr. Charles Harris Nash, pastor of the Baptist church, the old fellow's lot, of which he was one of the first members, took charge of the services. The remains were interred in Hopewell cemetery.

EXCITEMENT OVER WILD-EYED RUMOR

THAT T. C. WOULD NOT
COME HERE.

GROUNDLESS REPORT

That Clarksville Branch Had
Been Bought and Local
Route Abandoned.

A rumor to the effect that the Tennessee Central had decided on grading to be stopped and the camps removed has gained a wide circulation throughout this city. Another feature which was generally added to the report was to the effect that the road had been merely making a bluff at making the city its objective point and had purchased the Clarksville & Graceland branch of the L. & N.

NOT TRUE.

In a conversation over the phone, Mr. Kennedy, who has charge of the camp of Robt. Russell & Co., stated that he had received no such orders or even an intimation of such and that he was sure the rumor was groundless.

The report was probably caused by one of the camps moving, the implements being loaded on the cars Saturday afternoon.

COMES BACK.

Mr. Kennedy says that this is the camp of R. H. Wright, and that on account of the bad weather here he has decided to concentrate his entire force on a contract near Nashville until the weather improves and then return here with his entire outfit and complete this section.

A Raging, Roaring Flood

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy cold water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctor in Oakland, Neb., Sioux City and Omaha, said, 'I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles.' Positively guaranteed for coughs, colds and all effort and lung troubles by Anderson & Fowler, J. O. Cook, L. L. Elgin and C. K. Wyly. Price 50c.

Buy at Dixon.

J. N. Calhoun, of Hopkinsville, has rented the tobacco factory of Bad Ramsey, at this place, and will buy the weed from our farmers.

The people of this section are glad to know that Mr. Calhoun has decided to do this as he bought tobacco here several years ago and he made a friend of everyone who whom he had dealings.—Dixon Journal.

The crowns of every nation The rich men, poor men and misers All join in paying tribute to DeWitt's Little Early Riser. H. Williams, San Antonio, Tex., writes: "Little Early Riser Pills are the best I ever used on any family. I unhesitatingly recommend them to everybody. They cure constipation, biliousness, headache, jaundice, malaria and all other liver troubles." R. C. Hardwick.

FELL IN A CELLAR

Mr. H. C. Easley, wife of Squire Easley, had the misfortune to fall backward into the cellar at her home on Ninth street last night, breaking her arm and suffering very severe bruises. Her injuries are not considered necessarily serious.

When she fell she was carrying a lighted lamp but fortunately she was extinguished, otherwise she would likely have been badly burned.

A Scientific Discovery.

Kodol does for the stomach, that which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, resting the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. R. C. Hardwick.

INJUNCTION AGAINST PRIMARY IS REFUSED BY JUDGE CANTRILL.

Petition Dismissed and an Appeal is Granted.—Victory
For the People.

FRANKFORT, Ky., Jan. 7.—Holding that State Executive Committee Chairman Charles M. McEacham has no personal, political, pecuniary or legal right involved in the action of the Democratic state executive committee in calling a primary election for May's next for the selection of nominees for state offices, Circuit Judge Cantrill dissolved the temporary restraining order granted to prevent the committee from taking such action, refused the injunction sought, and dismissed the petition.

To this judgment the attorneys for Mr. McEacham excepted, and prayed an appeal to the court of appeals, and was granted. This action of the circuit court removes all restraint from the committee, and it can and will proceed to perfect the details of the primary to be held on the date mentioned.

The appeal from the ruling of Judge Cantrill will be filed today in the office of the clerk of the court of appeals, and an effort will be made to secure its advancement and early hearing.

Mr. McEacham says the case will be taken to the court of appeals and that other suits probably will be filed different parts of the state by candidates who oppose the primary. The Democratic Executive committee will meet in a few days to hear the report of its subcommittee and to make arrangements for the primary.

Who Are The Eight Thousand?

[By W. W. Smith, A. M., L. L. D.]
The second edition of "Who's Who in America," (from the press of A. N. Marquis & Co., Chicago) contains 1,000 pages of brief biographies, without eulogy, criticism or comment, of such persons now living in America as have become noted as factors in the progress and achievement of the age. "Endeavor has been made," say the editors, "to include all Americans of more than local note in all lines of useful effort." No name is inserted or omitted for financial considerations; the book is sold on its merits.

With a view to determining what effect education of the various grades has had on success in life, effort was made to ascertain the school training of each of these men and women "of more than local note" and 7,532 on their United States list were thus educationally classified.

According to the best estimate we can make from the latest census returns there are in the U. S. 40,785,000 persons over 21 years old. These are divided educationally about as follows:

Class 1. Without school training.....4,682,488
Class 2. With only common school training.....32,393,951
Class 3. With common and high school training.....2,165,337
Class 4. With college or higher education added.....1,071,301

Now the question is, how many of the eight thousand distinguished citizens of the United States on the "Who's Who" list came from each of these classes.

The 4,682,488 of class 1 furnished 7.31
The 32,393,951 of class 2 furnished 808
The 2,165,337 of class 3 furnished 1,071,301 of class 4 furnished 6,788

It thus appears:
1st. That an uneducated child has once chance in 100,000 of attaining distinction as a factor in the progress of the age.

2d. That a common school education will increase his chances nearly four times.

3d. That a high school training will increase the chance of the common school boy twenty-three times, giving him eighty-seven times the chance of the uneducated.

4th. That a college education increases the chances of the high school boy nine times, giving him two hundred and nineteen times the chance of the common school boy and more than eight hundred times the chance of the uneducated.

It is a surprising fact that 7,532 "notables" thus gathered, 4,810 proved to be full graduates of colleges.

From the nature of the case it can not be claimed that these figures are exact, but they are based upon the most reliable government statistics and the necessary estimates have been made with care. It is also true that other circumstances contributed to the success of the college trained men, but after all reasonable allowances are made the figures still force the conclusion that the more school training a child has the greater his chance of distinction will be.

From Wednesday's daily.
Mr. John McCarley and Miss Minnie West went to Nashville this morning and were married this afternoon at 4 o'clock in the parlors of the Tulane hotel. Rev. Dr. Hall performed the ceremony.

The groom is a son of Mr. J. S. McCarley and is a popular and highly respected young man. He has been connected with the hardware department of Forbes & Bro. for a number of years, and his business ability is of a high order.

The bride is the daughter of Mrs. Sarah E. West, and sister of Councilman Jas. West, Dr. P. E. West, and Book C. West. She is a most attractive and intelligent young lady and is very popular among a wide circle of friends.

Mr. and Mrs. McCarley will return tomorrow night and will board with Dr. and Mrs. Jno. W. Harrod on East Ninth street.

BOY IS A BURGLAR

Robert Tucker, a white boy about 14 years old, broke into J. L. Tobin's mercantile, tailoring establishment, last midnight, and robbed the cash drawer of \$2.25. He was arrested by the police this morning and coolly and indifferently confessed his guilt. All the money was recovered but a quarter which he had spent for a barlow knife. He was remanded to jail by Judge Bell and his examining trial set for tomorrow.

Hunter Free.

Nothing in It.

Division Engineer Blanchard, of the Hopkinsville branch of the Tennessee Central, said this morning that there was nothing in the rumor that the Hopkinsville branch of the T. C. would not be established. The work along the proposed line is being pushed with all possible speed, and with few exceptions every mile between Clarksville and Hopkinsville is covered by sub-contractors—Clarksville Leaf-Chronicle.

Hawley-Thacker.

The Denison, Texas, Herald says: A happy union was formed on New Year's evening at the residence of Mrs. L. T. Kretzinger, No. 921 West Gandy street, when Miss Mae Thacker and William S. Hawley assumed the sacred vows that united them in the holy bonds of wedlock. It was a very quiet marriage and will create a ripple of pleasurable surprise when the news shall have reached the respective former homes of the contracting parties.

The groom is a son of Rev. G. W. Hawley, a Methodist minister of Humboldt, Neb. He came to Denison about eight months ago and at once secured a lucrative position in the Katy car service department under Superintendent A. D. Belhard. He is a young gentleman of sterling worth and wide popularity and has a legion of friends in Denison who rejoice with him in his new happiness and the wisdom of his choice.

The bride is the daughter of Mr. and Mrs. William M. Thacker, prominent and well-to-do people of Princeton, Caldwell county, Ky., and is a pretty, attractive and talented young lady. She combines a sweet disposition and joyous nature with rare Christian graces. At her home she was exceedingly popular and greatly admired in the society circles of her region.

NOT DISCOURAGED

WORK WILL BE RENEWED
IN OIL FIELD.

Now Three Hundred and
Five Producing Wells
in State.

The companies formed to develop the oil fields of Christian county are not discouraged over the failure to bring in the well on the Otton farm, near Crofton, and it is understood that operations will be pushed in the spring when favorable weather sets in.

Three years ago oil wells were unknown in Kentucky. Today there are existence 305 producing wells within the boundaries of the commonwealth. The amount of capital invested in the production of oil in Kentucky exceeds \$5,000,000.

The counties wherein wells are located and the number are: Knox, 100 wells; Wayne, sixty; Bath, 100; Powell, two; Estill, four; Morgan, three; Cumberland, five; Clinton, two; Floyd, twenty-five, and Knott, two.

One gusher in Cumberland county, tested a few days ago, shows a producing capacity of 3,300 barrels a day.

The wells in Knox county produce from ten to 1,400 barrels each a day, those in Wayne from ten to 150; Bath, ten to twenty-four barrels.

Reports received from the field indicate activity. Eleven companies, in addition to the Standard and Dymion Oil companies, have been organized during the past few months, including the following oil and gas companies: Licking Valley, Licking River, Eastern Kentucky, Caney Creek, Clinton, New South Kentucky, Central, Knox, Cumberland, Somerset, Geary and Appalachian.

Mid-year Meeting

Today's Courier Journal says: The executive committee of the Kentucky Press Association will meet at the Willard Hotel Friday at noon in order to complete arrangements for the business session to be held on January 27. The members of the committee are Mr. Louis Landrum, of Lancaster, chairman; D. B. Wallace, Warsaw; T. C. Underwood, Hopkinsville; E. A. Gullion, Newcastle, and Charles F. Hart, of Morgantown. Messrs. H. A. Sommers, Harry McCarley and Robert W. Brown, former presidents of the association; Mr. Thomas G. Watkins, the president, and Secretary Morningstar will meet with the committee and perfect the programme and other arrangements for the business session.

HE USED KEROSENE

TO START FIRE AND WAS
BADLY BURNED.

Young Will Clark Met With
Accident of Serious
Character.

From Wednesday's daily.
Will Clark, the twelve-year old son of Mr. William Clark, manager of the gas works, was badly burned yesterday morning at his home near the gas plant.

He was making a fire and to get the blaze started more quickly he used kerosene with which his hands, arms and legs were terribly burned.

He is resting as well as could be expected but his injuries are of a very serious nature.

Talking Through the Body.

To talk through a human body—or a row of human bodies, for the matter of that—is one of the weirdest of the electrical feats. If a telephone wire be severed and the two ends be held by a person, one in each hand, but far apart, it is quite possible for two individuals to carry on a conversation through the body of a medium as readily and as distinctly as if the line had been properly connected.

To Select Fair Site.

The Kentucky Livestock Breeders' Association will meet January 16 to decide upon the location of this year's state fair. Louisville, Lexington and Owensboro are applicants for the fair, and each is expected to offer a guarantee of at least \$10,000. Louisville will probably have a fund of \$20,000.
