DATE FIXED

FOR COUNTY SCHOOL EXAMINATIONS.

Persons Desiring County School Diplomas Should Take Notice.

The examination for graduation in the county schools will be held on Friday and Saturday, Jan. 30-31, 1933. A general average of 75 per cent is required in the common school branches: Spelling, reading, writing, arithmetic, grammar, composition, geography, physiology, history of the United States and Kentucky, and civil government. The state superintendent has just informed me that we may hold this examination at three different places in the county, if it is desirable to do so. One examiner going to each. I should be very glad, indeed, if teachers having pupils ready for graduation would notify me immediately, in order that proper arrangements may be made. The county superintendent will hold the examination in her office on the days mentioned above. Katie McDonald, Co. Supt.

THE COLORADO LEGISLATURE.

(Special to New Era.) DENVER, Jan. 22.—The house has a warlike aspect. The Democrats hold it by force, though there has been no session today. A pair of reverses lie on every desk. There is fear of a raid by Wolfert men.

Smallpox.

There are four cases of smallpox near Paducah, Tenn., the first station south of and about two miles from Guthrie. The victims are negroes and hundreds of negroes visit them before the nature of the malady was known.

This is the third epidemic in that neighborhood.

NEW STAR ROUTE

To Lead From Hopkinsville to Laytonsville.

On February 11th a new star route will be put in operation in Christian county. It will go from Hopkinsville to Laytonsville, thence to Brimley, a new postoffice recently established between Laytonsville and Fairview, thence back to this city, the route to be carried on Tuesday, Thursday and Saturday of each week.

A feature which will prevail in the service of this route is that it will to a certain extent partake of the nature of the rural free delivery system. The persons living along the route may have their mail left at their doors instead of at the postoffice by merely placing a box or other receptacle at their gate. The construction of this box is not made compulsory as on free delivery routes and nothing is said about collecting mail; neither does the carrier go provided with stamps, money orders, registry receipts, etc. The government is now advertising for bids for carrying this route.

It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for consumption. Its several tests have been on hopeless cases of consumption, pneumonia, hemorrhage, pleurisy, bronchitis, thousands of whom it has restored to perfect health. For cough, colds, asthma, croup, hay fever, hoarseness and whooping cough it is the quickest, safest cure in the world. It is sold by J. O. Cook, L. L. Elgin, K. W. Wylie, Anderson & Fowler, who guarantee satisfaction or refund. Large bottles 50c and \$1.00, bottles free.

YOUR UNCLE SAM

WILL FURNISH RURAL MAIL BOXES FREE.

And He is Also Contemplating Employment of Women For Carriers.

A special to the Sunday Cincinnati Enquirer says:

The postoffice department has decided to furnish every farmer, at its own expense, with an official letter box, which, being the property of the government, will be protected against theft by the lawful authority of the federal law. Thus in future, on the rural free delivery routes, mail matter will be safe. Hitherto they have paid about \$20 apiece for the mail boxes, of pattern prescribed by the postoffice department, but the receipts will cost them nothing when the plan of ownership by Uncle Sam goes into effect.

Another Departure.

Another new departure is likely to be the employment of women on rural routes.

Already a few mail carriers of the gentler sex are in the service, at the customary \$50 a month, and they have been found very satisfactory. The work they are obliged to do is not severe or arduous, except occasionally in stormy weather, and the official form of light gray, cut to fit the figure, neatly, is noticeably becoming.

The carriers are obliged to furnish both horse and wagon at their own expense, but are permitted to transport passengers, as well as to carry unmailable packages and other odds and ends, so that they can a good deal of extra money. Incidentally they are news agents and newspaper distributors, and thus, with multiplied activities, they derive an income from quite a variety of sources.

Money For the Asylum.

State treasury checks for sums aggregating \$115,000.00 were sent this afternoon to the three asylums for care of the insane. The money represents the allowance for the quarter, beginning January 1, and ending March 31. Of this amount H. C. Welbeck, treasurer of the central asylum at Lakeland, will receive \$50,875.64; George L. Shanklin, treasurer of the eastern asylum at Lexington, will receive \$35,387.37, and L. H. Davis, treasurer of the western asylum at Hopkinsville, will receive \$28,736.99—Frankfort dispatch.

REFUSED BAIL

H. M. Simmons Must Remain in Jail.

(Special to New Era.)

BOWLING GREEN, Ky., Jan. 22.—Circuit Judge W. B. Bradburn refused H. M. Simmons, who was arrested and held in jail, to bail. Simmons is the son of the late H. M. Simmons, who was very much against the parents' trial. They had been at out for some time. Both were among the best known in the city. Simmons' trial will come up at the April term of court.

OWENSBORO CITY BONDS

(Special to New Era.)

OWENSBORO, Ky., Jan. 22.—Messrs. F. T. Gunther and John G. Delker, members of the city council, are in Cincinnati negotiating for the sale of city bonds amounting to \$250,000. The bonds are to be floated for the purpose of furnishing funds to install a system of waterworks here to be owned by the city.

GERMAN SHIPS

SHELL SAN CARLOS AND FIRE IS RETURNED

(Cablegram.)

MARACAIBO, Venezuela, Jan. 22.—Fire was again opened yesterday on the fort at San Carlos, three German warships, supposed to be the Panther, Vinteta and Falka, being the aggressors. The fort returned the fire, the Venezuelan gunners proving themselves experts. About 1 o'clock in the afternoon an explosion occurred in the fort. Indian fishermen escaping from the scene of the battle said the German shells had set fire to the village of San Carlos, behind the fort.

ZINC TRUST

With Fifty Million Capital is Being Formed.

(Special to New Era.)

JOPLIN, Mo., Jan. 22.—A \$50,000,000 syndicate, composed of New York capitalists, is said to be forming a trust of all the producing mines in the Missouri and the Kansas zinc and lead districts. Agents have been working quietly for the past six months in the zinc region, and have secured options on over \$12,000,000 worth of mining property.

AN OPEN LETTER

IS SENT TO A GREAT MANY TOBACCO RAISERS.

A Tobacco Growers Convention to Be Held in Clarksville.

Mr. Charles H. Fort, president of the Clarksville Tobacco Growers' association, has addressed an open letter to the farmers of Christian, Logan, Todd and Trigg counties. In part he says:

"Our association will meet in Clarksville on the Saturday, January 21, and I earnestly urge that these counties be well represented on that day. Congress is now in session, and the association, which is a systematic and thorough canvasser, is carrying on a campaign to get every man in the several districts to sign a petition to congress, asking that the tax be taken off tobacco, thereby enabling the producer to sell his tobacco in any way or manner he chooses. This would open up a new and larger demand in the southern states directly from the producer's hand that would broaden, stimulate and enrich the industrial growth. We are anxious to get our association thoroughly organized, and in good working shape, in order that we may be able to co-operate with other associations throughout the tobacco growing states.

"Our association is now just a year old, and we feel very much encouraged over the growth it has made, and we stand ready to co-operate with any other association in promoting our interests."

All tobacco growers who can do so should attend this convention. They can succeed without organization; the buyers are organized; and therefore the farmers should be.

Sale of Leaf Tobacco.

The commissioner of internal revenue says that a farmer in one of the Western states, asked if a farmer in another state could sell him, without paying the tax, tobacco which he had raised, while another person states that he had tried to purchase some leaf tobacco for his own use from a leaf dealer who had refused to sell it to him and advised that he could not sell tobacco to consumers.

To the inquiries made, the commissioner advised that a farmer or grower may sell leaf tobacco of his own raising to any person without restriction as to the quantity sold or as to the business of the person who desired to buy the tobacco, but that the purchaser is not privileged to resell the tobacco unless he should be engaged in the business of a registered dealer in leaf tobacco or a manufacturer of tobacco or cigars. It was further advised that a dealer in leaf tobacco must confine his sales to other leaf dealers and to manufacturers, and to persons who purchase leaf tobacco in packages for export exclusively, and who actually export the same.

Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green of Lancaster, N. H. "No remedy helped me until I began using Elmer's Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Elmer's Bitters are just splendid for female troubles; that they are a grand tonic for weak, run down women. No other remedy can take its place in our family." Try them. TROUBLE IN ISLE OF PINES

AMERICANS MAY RESIST CUBAN AUTHORITY.

Say They Are Forced to Pay Unreasonable Taxes and Receive No Benefits.

(Cablegram.)

HAVANA, Cuba, Jan. 22.—Three hundred American citizens, property owners and residents of the Isle of Pines, are preparing to resist forcibly, if necessary, any further exercise of sovereignty there by the Cuban government.

Formal demand has been made upon Minister Squires for the protection due to American citizens on American territory, and Mr. Squires is conferring with President Palma. American residents on the island say they own and operate more than two-thirds of the land there. They assert that the Cuban government is levying oppressive and unlawful taxes in the Isle of Pines and spend the proceeds in the Isle of Cuba. Administration of justice in the Isle of Pines is said to be unreliable. The protesting Americans say they have settled in the island with their families and mean to stay. Before investing their money in the purchase and improvement of real estate they received official assurances that the Isle of Pines was territory of the United States. They refuse to pay further taxes to Cubans, and ask that steps be immediately taken to establish a government in the island under American authority.

The situation is becoming serious and an expedition is likely to be sent by President Palma to enforce collection of taxes.

The exact status of the Isle of Pines has never been officially determined at Washington, but the Havana government regards it as a political division of Cuba, though the treaty of Paris doesn't make mention of it as such, for which reason many people from "the states" claim it passed to the United States to be held as Porto Rico and the Philippines are held.

Lafayette News.

Rev. Mr. Pate filed his appointment at the Baptist church on last Sunday.

Mr. Irwin Fraser has given up his position with Loecker & Beasley, Tex., where he has accepted a position in a mercantile house with S. B. Wood.

We congratulate Mr. Wood on upon securing the services of a gentleman who possesses such sterling business qualities as does Mr. Fraser.

Mrs. Ellen Laych Ulrich is on a visit to her daughter, Mrs. Nellie Gilliland, at Wheeling, W. Va.

Miss Beattie Phillips has returned to her home in Murray after a two weeks' visit to the Misses Boyd.

Miss Christine Miland, who has been visiting friends here, left for Dover last Sunday.

Mr. Wilber Carothers has completed his new dwelling near his brother's residence.

Mr. Jim Clardy has accepted a position with the People's Telephone and moved with his family to our town. We gladly welcome them as citizens.

Mr. Clark Bagdale has sold his interest in the tobacco factory here to E. R. Bopard and has moved to Hopkinsville.

We are glad to learn that Mr. Ervin Brandon, member of the firm of Brandon & Co., is pleased with the unusual interest taken in him by the young ladies with their sweet smiles upon greeting him. Perhaps he thinks it's only the turning over of a new leaf, it being the new year, but he probably doesn't remember the new horse he bought. The young ladies all wish to be the first winner in taking a ride.

We are glad to learn that Dr. Stowe's family, who have had a siege of fever, all are convalescing.

A GREAT TREAT

Is in Store For the People of This City.

Everybody in Hopkinsville will learn with genuine pleasure that that prince of entertainers, that king of the lecture platform, Ex-Gov. Robert L. Taylor, of Tennessee, will lecture at Holland's opera house on the night Friday, February 2.

The thousands who have heard Gov. Bob Taylor's beautiful melody, "The Fiddle and the Bow," or his charming rhapsody, "Love, Laughter and Song," will attest his merit as an entertainer. He has scattered more sunshine and created more laughter among the amusement-loving people than any man who has graced the platform within the memory of the present generation. His ideal of an evening's entertainment is to amuse an audience with song and story and picture, and the portrayal of character—to hold up the mirror to human nature, and to light the temples of thought with windows of fun. To him "music is the wine of the soul," and "there is a melody in every sunbeam, a sunbeam in every melody."

CONFESSION

OF A PRISONER BALKS A JAIL DELIVERY

Prisoners at Owensboro Had Plotted to Overpower Their Jailor.

(Special to New Era.)

OWENSBORO, Ky., Jan. 22.—A daring plan for a wholesale jail delivery was frustrated Tuesday by the prompt action of Jailor Ashby and Deputy Jailor Howard. Now, four of the ringleaders are in irons and three others are in darkened cells. The plan proposed was to overpower Deputy Jailor Howard and kill him if necessary, to get the keys to the prison. The attempt was to have been made when the jailer served the prisoners their breakfast. The scheme was hatched by Tom Taylor, assisted by Irvin Tolley, Luke Ray and Dink Wilson, the last three being negroes.

Before time for action arrived one of the prisoners called Mr. Ashby and confessed to him the plan proposed for a wholesale delivery. Conveying the information to Deputy Sheriff Howard both officers prepared themselves for the planned attack. Going to the second story of the prison, where the desperate prisoners were confined, Howard forced the negro Tolley to come out. Sullenly this prisoner submitted to be placed in irons, and then the whole plot came out. The prisoner acknowledged that had their plans not been discovered, the thirty-two inmates of the jail would have been given their liberty.

THE OPINION

Of Chief Justice Burnham in Meacham Primary Case.

In overruling the motion for the docketing and advancement of the appeal in the Meacham primary injunction case in the court of appeals yesterday, Chief Justice Burnham gave the following reasons for the court's action:

"The time for the trial and decision of appeals in this court are regulated by sections 735 and 736 of the civil code. The court has uniformly held that under these provisions of the code, appeals do not stand for trial until the transcripts are filed twenty days before the beginning of the term except by the consent of all parties in interest. This construction is abundantly fortified by section 836 of the code. For these reasons the motion to docket and advance is overruled."

This postpones the hearing of the case or even its being docketed until the April term of the court.

MAKING THE TRACK

ON CLARKSVILLE DIVISION OF T. C. R. R.

Over Four Thousand Tons of Material For Hopkinsville Division En Route.

(Special to New Era.)

The work of laying the rails on the Clarksville division of the Tennessee Central railroad began this morning at Back Creek, eleven miles this side of Nashville, and will be pushed from that point towards Nashville and Clarksville, says the Times-Journal.

Forty-four hundred tons of steel rails and other material for the Clarksville and Hopkinsville division are now en route to Clarksville.

PUSHING WORK.

(Special to New Era.)

CLARKSVILLE, Tenn., Jan. 20.—D. McLaren, general manager of the Tennessee Construction company, said this morning that work on the Tennessee Central was being pushed all along the line, but especially so in Davidson county. The road must be completed in that county before March 27 or forfeit, according to an agreement with the city, the million dollars which was subscribed. A force of about 1,800 men is employed between Nashville and Clarksville, and Mr. McLaren thinks the road will be completed by June 1. The grading will be completed by April. The location of the Tennessee Central freight yards seems to be unsettled, and unless some concessions are made by the county in the disposal of the county jail property they will not be located at the corner of Spring and Main streets, as heretofore announced. The passenger depot will be built at this point.

It is understood the county desires to sell the jail property for a considerable large enough to construct a similar building. This the railroad company claims would be an exorbitant price. Since the jail matter came up it is understood the railroad officials have been looking round for another location and have several in view.

LEG WAS BROKEN

DR. LEWIS BARKER HURT IN RUNAWAY.

Horse Became Frightened and Physician Was Thrown From Buggy.

From Tuesday's daily.

Dr. Lewis Barker, a well known physician, of near Kennedy, Ky., was badly hurt this morning in a runaway. Dr. Barker was driving down an incline near Hesleytown, Ky., when the horse became frightened and ran away from him. The animal got under his control, and he was thrown out. Both bones in one leg were broken by the fall, and he was badly bruised on the head. The animal continued to run for some distance before being stopped. The buggy was demolished, the animal finally breaking loose from it.

Full particulars of the accident were not known at Kennedy, but it is not thought that the injuries are fatal.

A WOLF

While serving on the board of supervisors recently, Mr. Gabe Campbell became very much exercised over the description another member of the board gave of the ferocious pack of wolves which have been causing so much trouble in North Carolina. Shortly after returning to his home a few days since he heard his flock of sheep come tearing across the field bleating as if they were in great danger. Mr. Campbell at once secured his gun, secured himself and waited for them to pass. The sheep continued their headlong flight past his hiding place and then the watcher saw a large dark animal pursuing them. He took careful aim and fired, but upon investigation found that he had not killed a large wolf as he supposed the animal to be, but a black sheep belonging to one of his neighbors.

Don't say wolf to Mr. Campbell unless you are prepared to scrap. How's this? We offer One Hundred Dollars reward for any case of catarrh that can not be cured by Hall's Catarrh Cure. F. J. LUCKY DISCOVERY

PROBABLY SAVED MANY HUMAN LIVES

Hopkinsville Accommodation Had Quite a Narrow Escape

The pluck of two small boys prevented a serious accident seven miles beyond Springfield Monday night, which would probably have resulted in the loss of several lives.

At the point indicated the Hopkinsville accommodation train was dinged by the late mentioned train. These boys, while waiting for the train, which they knew would soon come, and signalled it down. Had the train struck this rail at full speed, a serious accident would certainly have followed. With care the train pulled slowly over the broken rail, after putting out signals to stop any train that followed, and when Springfield was reached telegrams were sent notifying all trains of the danger. The track was at once repaired.

The names of the boys were not learned here, but they will be rewarded for their deed.

ALLENSWORTH WITHDRAWS FROM JUDGE'S RACE.

Thanks Friends For Promised Support, But Says Circumstances Prevent Him From Remaining In Contest.

To the Democrats of the Third Judicial district of Kentucky.

Fellow Democrats: Sometime ago at the solicitations of numerous petitioners and personal appeals from my friends, I tacitly agreed to make the race for the nomination of Judge of the Third Judicial district. Since that time the many assurances of assistance from Democrats all over the district, and especially Christian county, have been very encouraging and gratifying to me. However, I find that my professional duties and my obligations to those dependent upon me are such that I feel called upon to withdraw from the contest. In doing so I desire to most sincerely extend my thanks and lasting gratitude for the most generous support that has been offered me, especially from my home county and friends among whom I have been so intimately associated both professionally and socially. No matter what the future may have in store for me I shall always remember the support that I have received with the most sincere appreciation. It having been many years since Christian county has furnished a circuit judge, I desire to say now that should some worthy Democrat from this county seek this nomination I hereby pledge him my loyal support. I remain sincerely your obedient servant,
JAS. B. ALLENSWORTH.

EPISCOPALIANS ELECT BISHOP IN MISSISSIPPI DIOCESE.

Rev. Arthur Seldon Lloyd Succeeds the Late Bishop Thompson.

(Special to New Era.) JACKSON, Miss., Jan. 21.—The Episcopal clergy of the state were here last evening for the purpose of electing a successor to the late Bishop of Mississippi, the late Bishop of Mississippi, a long-time friend of Bishop Thompson, delivered the memorial address. After the address the ministers present retired to an antechamber, where they balloted for a bishop. The Rev. Arthur Seldon Lloyd of New York, secretary of the church mission board, was elected. Mr. Lloyd is a native of Virginia, and is said to be one of the ablest ministers in the Episcopal ministry in this country.

Unconscious From Group.

During a sudden and terrible attack of cramp our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of Dr. Williams' Pink Pills was administered and repeated often. It relieved the swelling and inflammation, cut the mucus and shortly the child was resting easily and speedily recovered. Dr. Williams' Pink Pills cured the child's throat and lung troubles. One Minute Cough Cure cures the throat and chest and enables the lungs to combat pure, health-giving oxygen to the blood. R. C. Hardwick.

NEWEST TALE Regarding I. O.'s Extension In To Nashville.

(Special to New Era.) CLOVERPORT, Ky., Jan. 21.—A report says the Illinois Central is making surveys with a view to building a through line from Indianapolis to Nashville, crossing this portion of Kentucky from north to south.

A Scientific Discovery.

Kodol does for the stomach what which it is unable to do for itself, even when but slightly disordered or overloaded. Kodol supplies the natural juices of digestion and does the work of the stomach, restoring the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. R. C. Hardwick.

AGUINALDO HAS A SCHEME.

(Special to New Era.) WASHINGTON, Jan. 21.—Secretary Root has transmitted to congress a petition from Aguinaldo, former insurgent leader, urging measures of relief for the betterment of conditions in the Philippines. He suggests a treasury loan of \$20,000,000 and a credit of \$20,000,000 to be used in the development and improvement of Philippine agriculture. He also offers a plan for the establishment of a bank under supervision of the insular government.

Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded; for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate and bowels to "regular" motion, matter, cleanses the system and absolutely cures constipation and sick headache. Only 50c at J. O. Cook, L. L. Egin, C. K. Wyly, Anderson & Fowler drug stores.

MASTERPIECE

Mr. Charles O. Prowse, of this city, has recently finished a study in pen and ink drawing which so far is his masterpiece. The subject is the head of an Indian warrior, and is done in brown. It is full life size and reflects great credit upon the gifted artist. The drawing is now on exhibition in the window of Hardwick's drug store.

A BIG SUIT FILED BY THE HOME TOBACCO WAREHOUSE.

Injunction Against Louisville Combine, and Also \$35,000 Damages.

(Special to New Era.) LOUISVILLE, Ky., Jan. 21.—The Home Tobacco Warehouse company today filed a suit in circuit court that has created much stir in local tobacco circles. The Home company wants \$25,000, claiming to have been damaged that much by the refusal of the Louisville leaf tobacco combine to admit their concern to do business in the tobacco exchange, and it also asks for an injunction prohibiting its further exclusion from the exchange. The combine, which consists of eight warehouses, will make a stiff fight in the court.

One Hundred Dollars a Box
is the value H. A. Tidale, Summer-ton, S. C., places on Dr. Williams' Pink Pills. He says: "I had the piles for many years. I tried many doctors and medicines, but all failed except Dr. Williams' Pink Pills. It cured me." It is a combination of the healing properties of Witch Hazel with an antiseptic and emollient; relieves and permanently cures hemorrhoids, itching and protruding piles, sores, cuts, bruises, excoriated skin and all skin diseases.—R. C. Hardwick.
