**VANDALS RUIN STATUE.**  
NEW YORK, March 11.—The Brooklyn police are seeking for the vandals who stripped the Maryland statue in Stopped park of much of its adornment, expecting to sell it as junk. The monument was erected in honor of 400 men of Maryland, who, by laying down their lives in battle, saved the American army from defeat by the British.

GOOD WOMEN SEEK TO SAVE UNFORTUNATES.

The first steps were taken Monday afternoon in a movement which may result in great good to Hopkinsville.  
A committee of four Christian ladies being apprised of the case of Ruby Ashby, the thirteen-year-old girl who is an inmate of a house of ill-fame near the eastern limits of the city, and who has already attempted to take her own life in three different occasions on account of the degradation of her position, went to the house for the purpose of rescuing her.  
They took a carriage, but on reaching the neighborhood, failed to find a way of approach for the vehicle. Not to be daunted in their undertaking they went through the cemetery and, by climbing fences, reached the place.  
They were courteously received and, having explained their mission, sang a number of hymns, prayed with the inmates and talked to them in regard to the betterment of their condition. All of the unfortunates became very penitent and begged to be taken away and given respectable homes, expressing their willingness to do any kind of work, no matter how hard, so that it was honorable. The ladies did all in their power for the spiritual welfare of the women.  
Inmates of another house came in asked to be prayed for. The women in charge of one of the houses promised to close up and to secure other employment as soon as possible.  
The ladies returned to town and after seeing the proper authorities arrangements were made whereby Ruby Ashby will be taken from the house this afternoon and sent to Nashville where she will be placed in a house of refuge. It is probable that the good work, so auspiciously begun will be kept up and the other women provided for as fast as arrangements can be made.

CLARKSVILLE TOBACCO.

(Special to New Era)

CLARKSVILLE, March 12.—The shipments of tobacco from this place to New Orleans, where the hog-heads are stored on the levee to await shipment to foreign ports have been somewhat retarded for the time being by the alleged refusal of underwriters to give insurance on the tobacco stored on the New Orleans levee, owing to the fear that the levees may not prove safe. This detention will be only temporary, and will not seriously inconvenience this market, as the tobacco would not leave New Orleans for some time yet.

The Republican Record.

Representative Underwood, of Alabama, the Democratic whip and representative of the minority party on the committee on rules, gives out the following statement concerning the work of the recent congress:

Notwithstanding the increasing balance in the treasury and the enormous surplus now carried by the government in national banks, the Republican party made no effort whatever in this congress to reduce the tariff or the burdens of taxation. They made no attempt to pass effective tariff legislation. The house passed the Littlefield anti-trust bill, and the Republicans of the Senate by a strict party vote refused to consider it.

They made no attempt to pass legislation to give the Inter-State Commerce Commission additional powers to regulate railroad tariffs. They deprived 400,000 people in Oklahoma and 200,000 in Arizona of the right to govern themselves and to participate in the general government and they have failed to pass any legislation for the relief of the business interests of the Philippines.

At the beginning of the session the president emphasized the importance of doing justice to the Republic of Cuba by a reduction of the tariff taxes on commerce passing between the United States and the island and urged the passage of a reciprocity treaty to remedy existing evils. His party ignored the request.

The house passed a bill providing an educational test to immigrants coming into this country, so that American labor might be protected against the pauper labor of Europe. The senate struck the provision out of the house bill, and though the Republican party continues the legislation on the statute books that protects the great trusts from competition abroad, they have refused to enact legislation protecting the American workingman from the competition of the incoming pauper labor of Europe. Notwithstanding the fact that they were pledged to enact legislation to build an isthmian canal, and did pass a bill authorizing the president to commence the building of a canal either at Panama or Nicaragua, they have been unable to legislate up to the present time that this work may be begun.

They have repudiated the pledges made by their party platform and candidates. Many bills failed in the house and senate because in the house the Republican party, to take a partisan advantage, devoted its time to turning out a Democratic member from his seat without trial and without consideration, rather than devote its energies to public business; and in the senate on account of the long and continuous filibuster that has been kept up by Republican senators against the statehood bill.

TO SHIELD WIFE.

DR. DUNCAN WANTED TO PLEAD GUILTY.

Was Willing to Serve Sentence to Keep Facts a Secret.

Dr. Ellis Duncan repeatedly offered before his recent trial for shooting Bruce head to plead guilty and accept a light sentence as a means of saving his wife from humiliation. The facts of the case have just become known. Bruce head refused to remain of the stand, and District Attorney Haymaker also declined to agree to any such procedure. Hence it was that Dr. Duncan went on the stand as a last resort, making the facts as slightly incriminating as possible. All the time he told the prosecution that he could never be convicted, but that he wanted to save his wife's name.

Since Dr. Duncan was acquitted he has maintained the same absolute reserve that characterized his conduct after the shooting. To all inquiries he has responded that he has nothing to say; that it is his desire to have the facts forgotten as soon as possible. However, through his closest relatives, some of the inside details have become known.

In consequence it was decided to make every effort to induce head to remain of the witness stand, thus saving Dr. Duncan the necessity of testifying. J. B. Carter, brother-in-law of head, insisted on the latter's prosecuting the case, and head acquiesced in the arrangement. Dr. Duncan then offered to plead guilty though never for an instant conceding his guilt in any form and never doubting a speedy acquittal, and to accept a light penalty. He explained that he had a dread of the disagreeable details becoming known. Head persisted in his refusal and hence Dr. Duncan was forced to give the facts.

However, he had hopes, even when the party went to Pittsburgh for the trial, that the prosecution would acquiesce in the plans. But District Attorney Haymaker announced firmly that he would consent to nothing but a full hearing. The details have become known.

The paper is dated Jan. 17, 1888, but several codicils have been added at various times. A life interest in the two main street store rooms and the house and lot on Clay street, also the household and kitchen furniture are bequeathed to his wife. At her death this property is to be sold and divided equally among the surviving children. The balance of the property is to be sold and divided among his children.

The estate is estimated to be worth from \$30,000 to \$40,000 and Judge J. I. Landes is named as executor without bond.

Stoves Go Up.

Southern and western stove manufacturers held a joint conference at Chattanooga and decided to increase prices of all stove manufactured goods 10 percent on account of the scarcity of raw material.

Night Was Her Terror.

"It would cough nearly all night," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption and that it I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 68 pounds." It is absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at Anderson & Fowler, J. O. Cook, L. L. Elgin, C. K. Wyly drug stores.

Backs of Jett City are considering a proposition to form a temperance society.

COUNTRY GIRLS

WOULD BETTER STAY AT HOME.

Little Happiness For Poor Persons In A Big City.

Every year hundreds of country girls leave their homes and go to the city to try their fortunes. Those with college educations, fitted for teaching or trained for some special line of work, may fall into pleasant ways, but the unhappy majority serving in shops and factories, standing behind counters eight hours of the twenty-four, do not have an enjoyable life, by any means. Suppose they had remained at home in the quiet village, where they thought there was nothing to do and had taken up dressmaking as a trade, worked the garden, raised flowers or chickens, or studied bee culture and had gone in the society of the town where each one stands on his own merits and the lines of cast are not so closely drawn as in the city; would they not have been better off after all.

The country may lack the feverish glare and excitement of the city, but its pleasures are more wholesome and more enduring kind. The country girl earning her way in a village has more liberty than a saleswoman of the city store earning \$10 a week. The country girl gets her holiday whenever she wants it. She is not obliged to pay \$2 a week for car fare and luncheons or spend all her hours in noisy streets when the din of passing traffic makes it necessary to shout in order that she may be heard. She does not live in a cheap boarding house but sits at a table spread with a bountiful country fare, and when she passes down the street friends greet her on every side. Yes, the country-bred girl generally gets a bad bargain when she leaves home for the city. And the temptations of city life are greater.

Postmaster John W. Breathitt has  
received from the McKinley Me-  
morial association a limited supply  
of the certificates which have been  
prepared for distribution to contribu-  
tors to the monument fund as souvenirs  
of their participation in that enter-  
prise. The certificate is a beautiful  
work of art, on which is given an ex-  
cellent reproduction of Mrs. McKin-  
ley's favorite likeness of her hus-  
band, together with a picture of the  
McKinley home in Canton and of  
the white house. The wording be-  
low the illustrations is as follows:  
"This certificate is given to the  
contributor to the fund for the erec-  
tion of the national memorial at Can-  
ton, Ohio, in honor of William McKin-  
ley."

The supply in the hands of Post-  
master Breathitt is a portion of first  
edition of the certificates, and is sent  
here to induce those who have not  
yet contributed to do so. Those  
who have already identified them-  
selves with the movement will re-  
ceive souvenirs direct from the office  
of the association or through the local  
committees.

Work on Right of Way—  
Weather Delays Work  
on Road.

Mr. O. M. Laing, purchasing agent  
and assistant general manager of the  
Tennessee Construction company,  
contracted with the Cumberland  
Tie & Lumber company for 85,000 ties  
for the Hopkinsville line. The ties  
will be cut along the Tennessee Cen-  
tral line to Hopkinsville, and in the  
Clarksville district.

Right of Way Agent D. R. Carpen-  
ter, is in the city. He is hard at  
work securing rights of way through  
the country.

The inclement weather has caused  
a stop-up on all railroad work along  
the Tennessee Central line, says the  
Lead-Chronicle. The railroad men  
are complaining a great deal about  
the weather, and have had few good  
working days since the winter set in.  
Work will be resumed as soon as the  
weather will permit.

Principal Bridge Contractor R. L.  
Oliver, of the Tennessee Central has  
removed his office from Nashville to  
Clarksville. Mr. Oliver will hereaf-  
ter make the city his headquarters  
on account of its central location be-  
tween Hopkinsville and Nashville.  
Mr. Oliver says the bridge work over  
the entire line between the two cities  
has been sub-let, and will be pushed  
to completion.

cident late Monday afternoon. While  
chopping a tree a limb rebounded  
and struck him about the head, tear-  
ing one of his ears completely off and  
badly lacerating his scalp.

## BLOODHOUNDS GIVEN A TRIAL.

Efforts Made to Track Thief Who Broke In-  
to a Meathouse.—Animal May Be  
Purchased By City Council.

(From Tuesday's Daily.)  
Sunday night a thief entered the  
meat house of Mr. B. W. Harned,  
on South Walnut, and secured six  
large sides of meat.

No clue was left and as all efforts  
on the part of the police had heretofore  
been fruitless for the capture  
of such thieves, Chief Armstrong  
made arrangements with Chief of  
Police Josh Taylor, of Morganfield,  
for the use of his two bloodhounds  
to be used in tracking the culprit.  
The dogs, in charge of Officer Snod-  
grass, of Morganfield, arrived at 4:30  
over the Illinois Central, and were  
taken at once to Mr. Harned's resi-  
dence.

The trail was almost immediately  
scented by King, the large male,  
and he led the searchers in an almost  
direct line to a cabin near by. This  
was searched but the meat was not  
found. The dogs were again put on  
the trail and went to another cabin  
in Sharp's field and thence down  
in town and to a cabin back of  
South Main street, but the meat was

not located. The dogs were then ta-  
ken back to Mr. Harned's and fol-  
lowed almost exactly the same trail  
as before until after seven o'clock  
when they were pulled off, and the  
chase abandoned.

The dogs, one of which is a spotted  
male named King, and the other a  
dark-brown female named Dixie, are  
both fine specimens of their breed  
and have established quite a reputa-  
tion for tracking down criminals.  
Only last week they were the means  
of locating Allen Melton who killed  
his daughter and sister-in-law near  
Morganfield.

A deal is on foot for the purchase  
of Dixie by the board of council for  
this city. She is of the finest breed  
and has already been bred to King,  
and the pups will therefore be of the  
very finest strain. The possession of  
such a dog, the police believe, would  
greatly help in capturing the gang of  
petty thieves which now infests  
Hopkinsville.

## FELT LIKE 30 CENTS WRECK ON L. & N.

WHEN HIS CONSCIENCE  
HURTHIM.

Mr. E. M. Sherwood, local agent  
of the Illinois Central railroad, has  
received an anonymous letter con-  
taining thirty cents conscience  
money. The letter is as follows:  
Station Agent, I. C. R. R.,  
Hopkinsville, Ky.

Dear Sir:  
Enclosed please find 30 cents in  
stamps in payment of fare for a six-  
year-old girl which the writer car-  
ried with him from Hopkinsville to  
Oranville and return without a ticket.

The envelope was postmarked  
Beech Grove, Ky., and dated March  
7, 1903, but beyond this there was no  
mark to tell whence it came.

Yours, etc.

Ben Meyers, his friend, was seri-  
ously injured, sustaining a broken  
arm and being badly injured about  
the head and face.

Conductor W. S. Bramwell, for-  
merly a citizen of Hopkinsville, was  
about three months, was painfully  
bruised by jumping from his train.

Mail Agent James Nolan was bad-  
ly bruised.

About one hundred passengers  
were aboard the train, and though it  
is considered a miracle, none of them  
was injured, though all were given a  
rude shake-up.

No. 51 was twenty minutes late,  
and received orders to pass local  
freight No. 74, north-bound, at Ran-  
kin and not to pass that station until  
3:30. At 3:24 the passenger reached  
Rankin, passing the station at a high  
rate of speed, six minutes ahead of  
the orders. The freight was 300 yards  
from the switch, preparing to enter,  
obeying the order to wait in the Ran-  
kin switch until No. 51 passed. In  
three minutes more the track would  
have been cleared by the freight.

The freight engineer saw the passen-  
ger coming and stopped his train,  
while the freight crew jumped from  
the train. The engineer on the pas-  
senger saw a collision was inevitable  
and reversed his engine, but had  
checked the speed but little when  
his engine crashed into the freight,  
completely wrecking both engines  
and the mail and baggage car.

Division Superintendent John  
Logston, of Evansville, was in Hen-  
derson when the wreck occurred,  
and as soon as the news reached him  
he went to the scene on an engine.

He returned there with the sleeper  
and day coach and the injured train-  
men.

Bohnan was taken to his home at  
Evansville.

## A NARROW ESCAPE.

BRAKEMAN CAME NEAR  
BEING KILLED.

Fell While He Was Making a  
Flying Leap to Board  
His Train.

William Herndon, a brakeman on  
an L. & N. freight train, came peri-  
lously near being killed here yester-  
day afternoon.

The accident occurred just before  
the southbound passenger train was  
due. Herndon was standing on the  
platform and gave the signal to the  
engineer and made a leap for the  
steps as the train pulled by. On ac-  
count of the crowd, however, which  
was standing on the platform he  
failed to notice a large baggage truck  
which had been pulled into place at  
the edge of the platform, and he  
struck this and was hurled from the  
train. By the merest accident he  
fell in such a manner that the wheels  
did not strike him, otherwise he  
would have been crushed to death.

As it was he suffered two severe  
scalp wounds and was bruised in sev-  
eral places.

The injured man was carried to  
Dr. Jackson's office where his wounds  
were attended to and he is now rest-  
ing easy. Mr. Herndon had been  
running as extra conductor for some  
time and this was his first trip out  
as brakeman. His home is in Earling-  
ton.

L. & N. May Enter Atlanta.

The Louisville & Nashville rail-  
road, it is said, may soon be running  
its trains into Atlanta. The acqui-  
sition of the Atlanta, Knoxville &  
Northern by the Louisville & Nash-  
ville, with some connections, will  
give it a line from Cincinnati to At-  
lanta. The Nashville, Chattanooga &  
St. Louis Railway holds a lease on  
the Western & Atlantic, and it is  
thought probable that the Louisville  
& Nashville will go into Atlanta  
from Marietta over that line.

The Louisville & Nashville is mak-  
ing extensive improvements on the  
Atlanta, Knoxville & Northern. The  
roadbed is being heavily ballasted  
for fast trains.

The Fast Mail.

On next Thursday evening the  
doors of the opera house will swing  
open for the great scenic production  
of Lincoln J. Carter's "Fast Mail."

The railway has often been used by  
the dramatists, but never before to  
such an extent as in Carter's famous  
play, "The Fast Mail." A freight  
train with fourteen cars, a lighted  
caboose and a full-sized locomotive  
with engineer and fireman, crosses  
the stage in a most realistic and  
noisy manner, while later in the play  
a great Mississippi river steamboat,  
with bells and whistles and engines  
in full operation, moves in and ex-  
plodes with terrific force. The com-  
pany is a most efficient one and there  
is a great deal of fun to go with the  
sensational effects. A special car for  
the scenery is used, and every detail  
is carefully looked to in stage pro-  
duction of the play.

## The New Era's Daily Short Story. The Collector of the Port

(Original.)

On the coast of South Carolina lived  
during the first decade after the civil  
war Colonel Jim Blithers. When peace  
came Colonel Jim became collector of  
customs at the little seaport town in  
which he lived.

"We shall see," said the old man,  
"whether these thieves shall continue  
to beat the United States as they beat  
the Confederacy. I propose, sub, to  
see that the government gets its honest  
dues, sub, or my name's not Jim Blith-  
ers."

As no goods were ever received at  
the collector's custom house, it was not  
difficult to make good his words, but  
he drew his salary regularly and paid  
continually of the (imaginary) ef-  
forts that were constantly being made  
to get goods at the port without the  
payment of duties.

About ten years after the close of the  
war, and when Colonel Jim had been  
running the custom house the greater  
part of that time without catching a  
single smuggler, up comes yellow Jack  
from the tropics and passes all cus-  
tom houses on the southern coast with-  
out reference to the vigilance of any  
collector.

"I tell yo', sub," said the collector, "it  
behoves me to be mo' watchful than  
ever. Taking advantage of the demo-  
cratization existing along the coast, smug-  
glers will swam 'bout ev'ry po'te."

One day a schooner appeared in the  
harbor and dipped anchor about two  
miles from the custom house. From  
her foremast she flew a yellow flag and  
from her peak the stars and bars of the  
late Confederacy. Colonel Jim looked  
out of his office window, and when he  
saw the beloved ensign he forgot his  
duty and dipped anchor about two  
miles from the custom house. He took  
up sail and anchor with remarkable  
haste, but as there was no wind she did  
not budge. The propeller came nearer,  
and the collector saw flying from her  
peak the perpendicular stripes of the  
United States revenue flag. The reve-  
nue cutter bore down on the schooner  
and sent a boat aboard. The Confed-  
erate and sick flags had meanwhile dis-  
appeared. Then a boat came ashore  
with a man in uniform in the stern  
and amidst the captain of the Rob-  
ert E. Lee.

"Are you the collector?" asked the  
officer of Colonel Jim.

"Yes, sub, I have that honor."

"Well, then, I want to introduce you  
to Bill Jensen of New London, the  
slippered smuggler on the Atlantic  
coast. He's been running goods ashore  
in casks and has landed quite a  
go."

The buried goods were never found  
since they had been received and run  
off by a confederate. Captain Jim re-  
tained his position, but finally died of  
the fever his fellow townsman heaped  
upon him.

### WAS IT SUICIDE

#### Police Draw Conclusion in Pennell Case.

(Special to New Era.)  
BUFFALO, March 13.—Mrs. Arthur Pennell, who was injured and her husband killed during an automobile ride in Buffalo, died last night without having regained consciousness.

The Buffalo police now declare: That Arthur K. Pennell murdered Edwin L. Burdick.

That Pennell deliberately planned to kill himself and wife when his automobile crashed over the twenty-foot precipice into the stone quarry.

That this attempt at a double tragedy is an open admission of guilt.

That there was no death pact between Pennell and his wife.

That Mrs. Pennell was ignorant of the awful fate her husband had in store for her.

That they (the police) will not look further for Burdick's murderer.

The police today gave strict orders that under no circumstances were the remains of Pennell to be shown to any one.

#### Banks Will Lose Half on Missing Man.

(Special to New Era.)  
FRANKFORT, Ky., March 12.—L. B. Weisenburgh, owner of the Royal Mills, and an extensive dealer in grain, has been missing since Monday.

Weisenburgh left notes held by Frankfort banks amounting to \$50,000, endorsed by Dudley Blanton, his partner. To the notes are attached warehouse receipts covering, it is estimated, about 90,000 bushels of wheat. About 20,000 bushels are stored in Weisenburgh's elevator. A warrant has been sworn out for his arrest.

The banks will lose only fifty per cent of the loan. No trace of Weisenburgh has been found.

#### Resolutions of Respect.

We, your committee on resolutions of respect on the death of Brother Past Grand D. J. Hooser, respectfully submit the following:

Whereas, God, the all-wise father and ruler of the universe, has called to his heavenly home our esteemed and worthy brother, D. J. Hooser; and

Whereas, we deplore with sorrow the bereavement befallen the family of our departed brother, who was initiated into the order at the institution of Green River lodge No. 54, Sept. 19th, 1848, and being its first

treasurer, has ever been a zealous and active member, true to the principles of the order and always advocating what he deemed its betterment and upbuilding. Therefore be it

Resolved, That in the death of Brother Hooser Green River lodge has lost a true and faithful Old Fellow, whose memory will ever live. And be it further

Resolved, That we extend to the bereaved family of our departed brother our heartfelt sorrow and condole with them in this their sad bereavement; and be it further

Resolved, That in his respect to his memory, which we will ever cherish, that our charter be draped in mourning, and his brother members wear the usual badge for thirty days, and that these resolutions be spread on our minutes, a copy sent the family and a copy be furnished for publication.

### NO BETTING

#### On Horse Races at the State Fair.

The executive committee of the Kentucky State fair yesterday adopted the premium list for the fair of 1903, which will be held at Owensboro September 21 to 28. It was decided that no horse racing with betting will be permitted at the fair.

A resolution was adopted authorizing President L. L. Dorsey to write the petitioners that horse racing would not be permitted and that the purpose in having the Owensboro Business Men's club to rehabilitate the half mile track there was only that novelty races might be run as attractions. Automobile races, an ostrich race, mule races and like amusements will be made a feature of the fair. It is expected that this action will quiet the protestations of the ministers and others who are opposed to racing.

President L. L. Dorsey is opposed to racing at fairs and says that he is supported by the experience of the county fairs which have always found racing to be disastrous to the best interests of the fair, financially and otherwise.—Courier-Journal.

#### Cost of Prosecution.

Circuit Clerk A. C. Burnett has compiled the following table showing the actual cost to the state of Kentucky in prosecuting John S. Thomas for the killing of Alfred Bridges in Trigg county last year, which is about the average cost to the state in prosecuting every similar case: Jury that tried him, \$200; jailer for boarding him, \$103.30; witness fees, \$109; circuit judge, one week's salary, \$57; sheriff's fees, \$12.30; commonwealth's attorney, one week's salary, \$10; circuit clerk's fees, \$5; county judge, holding examining trial, \$4; total, \$564.60.

## MR. CALHOUN DEAD.

HE PASSED AWAY AT HIS HOME TODAY.

### Had Long Been Engaged in Tobacco Business—Confederate Veteran.

(From Thursday's Daily.)

James N. Calhoun, corner of Tenth and Campbell streets, departed this life this morning about seven o'clock.

Mr. Calhoun's health had been failing for a number of months but with indefatigable industry and energy he kept at his business—putting up tobacco at Fulton, Ky., until very recently.

Mr. Calhoun was born in Sumnerfield, North Carolina, about fifty-seven years ago. At the outbreak of the civil war he entered the Confederate army with a regiment from Virginia and fought gallantly until the close of hostilities in 1865. He came to Hopkinsville in 1869 and was married to Miss Bradley in 1870. He leaves three children, Clifton Calhoun, Mrs. Eunice Thompson, and Susie Calhoun. He had been in the tobacco business many years, beginning with the late Mr. Wallace Ware and afterwards with Mr. Dudley Ware and recently with Mr. Frank W. Dabney.

Mr. Calhoun was faithful and painstaking, kind and considerate with men, reticent, but decided in his opinions, and a devoted husband and father. He was a good neighbor and his opinions upon affairs were those of a fair-minded gentleman. No man seemed to love his home more than he, and his spare moments were spent with his family. He did not connect himself with the church but died in hope of life eternal.

#### Picture of Kentucky Building Will Be Published Saturday.

(Special to New Era.)  
LOUISVILLE, Ky., March 12.—Plans for the Kentucky building at the St. Louis world's fair have been redrawn according to ideas of the building committee, but the original design of the architects has not been departed from to any great extent.

The picture of the building will be published Saturday in the Kentucky New Era, together with a complete description of the plans. It is announced that the building alone will cost \$30,000, and it will be a new 'New Kentucky Home' that every Kentuckian who visits St. Louis may well feel proud of.

### THE FLOOD

#### NEW ORLEANS, March 12.—

The flood situation along the Mississippi river is constantly growing worse. At New Orleans the river is very near the record mark and is slipping over the levee in spite of all efforts to keep it back. At Memphis a stage of thirty-eight feet is expected by Sunday, with a possibility that the river may go higher. Thousands of acres of land in Missouri are inundated and at Caruthersville there is a serious break in the levee.

## ANARCHIST PLOT TO SHOCK THE WORLD WITH WHOLESAL CRIMES.

The Czar Postpones His Visit to Rome On This Account.

### MUSTER LARGE FORCE.

(Cablegram.)

ROME, March 12.—It is stated today that the Czar has postponed his projected visit to Rome, which was to have occurred in the late spring, because the police here have received information that anarchists have decided to muster a large force of their clan in Rome and perpetrate wholesale and world-shocking crimes.

The Czar, it is further stated, has also yielded to the influence of Austro-Hungary which deems it very wise from a political standpoint to keep Italy and Russia apart, as such a friendship would bode no good for the Dreihund, the triple alliance of Germany, Austria and Italy.

NICHOLAS II, CZAR OF RUSSIA.

### Tobacco Sales.

While the sale of loose tobacco on the floor, held this morning at the warehouse of R. M. Woodbridge & Co., was not as large as the one held last Tuesday, the grade was better and prices ranged as high or higher than at any time this season. About 100,000 pounds were offered, and the bidding was very spirited. Prices ranged as follows:

Common lugs, \$3.75 to \$4.75; good lugs, \$3.75 to \$5; common leaf, \$5 to \$5.50; medium leaf, \$2.50 to \$7.50; good leaf, \$7.50 to \$9.
