Cook Majority Seventy Three

Official Count of Vote in Each of The Counties Has Been Completed By Democratic Committee

BUSH'S MANAGERS' REVOLUTIONARY MEASURES

Illegally And In Violation of The Party Rules They Have Removed Three District Committeemen And Put Bush Men In Their Places to Canvass Returns.

(From Wednesday's Daily.)

The official count of the vote of the counties in the Third judicial district in the race for the Democratic nomination for circuit judge has been completed.

Judge Cook wins by seventy-three majority.

The majorities follow:

County	Cook	Bush
Christian	408	615
Trigg	408	408
Callaway	277	3
Cook's majority	73	

The rule of rule policy that has characterized the fight made by Mr. Bush's managers to secure for him the nomination for circuit judge in the Third district has found further expression in revolutionary measures executed yesterday in Lyon and Callaway counties and in line with previous action in Christian county.

The Bush faction has seized control of the district committee by arbitrarily removing from office three of the four committeemen and putting in their places men who favor the nomination of Mr. Bush and have been active in the effort to compass Judge Cook's defeat.

STEP NO. 1.

It will be remembered that on April 23, at a meeting of the Democratic county committee, the Bush men succeeded in removing George V. Green from office, by voting against him proxies obtained to use in naming election officers, and made George E. Gary, an active Bush supporter, chairman.

This high-handed procedure caused much indignation, but for the sake of harmony the friends of Judge Cook and of Mr. Green declined to have the full committee reassemble and the action of April 23 rescinded.

It was given out by the Bush managers that Mr. Gary had been made county chairman in order to give Mr. Bush representation on the district committee, which is composed of the Democratic chairmen of the four counties comprising the judicial district.

STEP NO. 2.

Yesterday in Callaway county the Bush leaders had Glen Whittemore, district committeeman, appoint three members of the county committee to replace the three who had been removed. The action of the committee was to replace the three who had been removed by the Bush managers.

STEP NO. 3.

In Lyon county, similar action was taken by the Bush contingent. There was nothing to contest in the vote of the county. No irregularities were claimed. But M. T. Boughner, who happened to be a supporter of Judge Cook, was summarily put out of his office as chairman of the county committee, and N. E. Wiley, a Bush man, was made chairman. This was done after vacancies on the committee had been filled to suit the Bush managers.

STEP NO. 4.

The district committee has been called to meet next Friday at Eddyville "to canvass the vote."

The action taken in these cases was illegal, and in direct violation of the party law. It is invalid and void, and bound to be disregarded by the party authorities.

The party rules provide that—

"Whenever a vacancy occurs in any of the county or legislative district committees, the same shall be filled by the Democrats of the precinct after ten days' notice, duly signed by the chairman and secretary of the county committee, as to the place of holding said meeting for said purpose shall have been posted."

It is provided that—

"If, after notice as aforesaid, there shall be no election held in any precinct, then the state central committee of the district, on the recommendation of the chairman, or in the event he does not act, within ten days after a failure of election, on recommendation of a majority of the committee of the county, fill such vacancy by the appointment of a Democrat of such precinct."

No such notice had been made to fill vacancies, and the party law was utterly disregarded.

The rules provide that the chairman may be removed for cause, but in depositing the three county chairmen in order to put Bush sympathizers in their places no cause for removal was shown.

The Bush managers are apparently laboring under the impression that the district committee makes the final count of the vote. This is not the case. In the event of a contest, the party rules provide—

"That wherever there are two or more persons claiming to have been nominated to any office by the Democrats of a congressional, railroad or judicial district of the state, it shall be the duty of the state central committee to investigate said conflicting claims, determine who is justly entitled to said nomination or make such orders as will result in the proper settlement of said dispute, and the finding of said committee shall be binding upon contestants for said office."

Whatever may be the plans of Judge Cook's antagonists, they should know that the state central committee will, in the case of a contest, investigate the matter.

It is not for a moment to be believed that the great majority of the Democrats who supported Mr. Bush are in sympathy with the revolutionary tactics of his managers. They are on perilous ground and in danger of disrupting the party in this section, and the good Democrats should call a halt on them before it is too late.

The Democratic county committee today completed the canvass of the vote of Christian county in Saturday's primary election. In the judge's race, Mr. Bush received 186 votes and Judge Cook 1071 votes. In the commonwealth's attorney, Mr. Duffy received 1485 and Mr. Smith 855. The vote by precinct follows:

Precinct	Judge	Commonwealth's Attorney
Hopkinsville	1071	1485
Concord	19	72

MEACHAM CASE

Primary Petition to Be Re-submitted.

The court of appeals has filed with the clerk of the court the following order in the Meacham injunction petition for a re-hearing, which was withdrawn on April 29 by the plaintiff without objection.

"The court being sufficiently advised, it is considered that the order withdrawing the motion and petition herein is set aside and the case is resubmitted on the motion and petition for a re-hearing."

The order is an unusual one and has caused speculation.

The general belief is that the petition was resubmitted because the court wants to make itself clear on the points involved.

At eleven o'clock Monday the Christian County Medical society held a short session in the county court room. The city court room being occupied by the court on account of the repairs in progress on the courthouse.

The attendance, on account of this break in the announced program was not large, and the reorganization of the society and the adoption of a new constitution and by-laws were postponed. The committee appointed at the last meeting was continued, and every physician present was asked to solicit and urge the attendance of every member upon the meeting to be held June 5 at 10 o'clock in the office of Dr. B. F. Eager.

As stated in letters written to each physician the meeting to be held is a specially important one, and it is earnestly desired that each member will make a note now of time and date and place of meeting, and arrange affairs in such a way as will enable each to attend. Temporary officers were elected pending reorganization.

The Merger Case.
The result of the railroad merger
case is encouraging to the public,
though the final test in the supreme
court may reverse the decision of the
lower court. What benefit, those who
travel on the railroads or use them
for the transportation of their goods
will gain, is also a question for the
future. The intention of the govern-
ment in commencing this suit was to
abolish a merger of competing lines
of railroad and thus prevent rates be-
ing raised beyond a reasonable rate.
Under the terms of the decision the
stock of the Great Northern, Northern
Pacific and Burlington railroads will
be returned by the merger com-
pany, to their original owners, but
will still have the railroads in the
control of Mr. Hill and Mr. Morgan
and their friends, and it is certain
that they will agree to maintain the
present rates, merger or no merger.
The fact is, the combination of these
competing lines of railroad took place
three or four years ago when Mr.
Hill and his friends secured control
of the stock of the Northern Pacific
and the merger company was organized
to continue that combination and
prevent anyone else obtaining it by
a hold over in Wall street by out-
siders through the purchasing of
enough stock in either of the rail-
roads to control either one or both of
them. With the merger company holding
a majority of the stock of the three
railroads such an attempt was
prevented.

The entire interest of the public
of the states through which the rail-
roads run is the reasonableness of the
rates on passengers and freight, and
this question is not settled by mer-
ger decision but rests on the action
of the interstate commerce commis-
sion as it has for years gone by. It
is therefore useless to raise the hopes
of the customers of the railroads in-
volved, by making them believe that
a great victory has been gained, ex-
cept the principle involved that com-
peting lines of railroads cannot be
merged.

The people of St. Louis are ambi-
tious to have both national conven-
tions meet in that city next year.
With the great Louisiana Purchase
exposition on its hands, St. Louis is
naturally anxious to do everything
possible to advertise it and draw
crowds. It seems to the promoters of
the exposition that it would be de-
cidedly appropriate for the conven-
tions to meet in St. Louis, and every
inducement will be offered to the
national committees of each party to
secure its convention.

The Republicans seem to have
doubts as to the advisability of hold-
ing their convention in the expo-
sition city. The exposition would be
advertised, to be sure, but they ask
whether the convention would not be
regarded as an exposition annex in-
stead of a great national assemblage
called to choose a presidential and a
vice presidential candidate and to
make a platform on which to appeal
to the people.

The difficulty of having the Demo-
cratic convention meet in St. Louis
will be the prominence with which
the name of ex-Governor Francis
Pickens, president of the exposition, is
mentioned as a presidential candi-
date. Then, too, Missouri is not doubt-
ful, there can be no political advan-
tage from going to St. Louis.

However, at the dedication cere-
monies this week, every St. Louis
man will be busy making capital for
St. Louis as a convention city.

Whiskey Medicines.
The temperance press is emphasizing
the danger to the home in the
use of "medicines" which are loaded
with whisky or alcohol. In this re-
spect, as well as the remarkable
character of their cures, Dr. Pierce's
medicines differ from other prepara-
tions. Dr. Pierce's Golden Medical
Discovery and Favorite Prescription
contain no alcohol, whisky, or other
intoxicant and are equally effec-
tive from opium, cocaine and other nar-
cotics. Every family should have a
copy of the People's Common Sense
Medical Adviser, sent absolutely free
on receipt of stamps to pay expense
of mailing only. Send 21 one-cent
stamps for the book in paper covers,

Sinking Fork Items.
When the green gets back in the
trees we wake up from gray air, blue
sky and glorious sunshine, drink
deep draughts of inspiration and
write to the paper.

The young people of Sinking
Fork are anticipating a very pleas-
ant event May 15, the recurrence of
their annual picnic. An interesting
literary program will be rendered.
Their meeting place is the usual one
among the rocks in the heart of the
woods.

—Messrs. Walter Wood and John
Underwood spent Sunday at the
home of Mr. G. H. Wood.

—Rev. J. U. Spruill filled Bro. Wit-

sive drumming and advertising trip.
They will work in the interest of
O'Brien Bros.

—Miss Eva Stephens spent last
Saturday with her sister, Mrs. Will
Wade.

—A party of young people are
planning a trip to Pilot Rock. The
fateful May 1 has passed, but while
the romantic interest may be less-
ened, the scenery is just as beautiful.
The Sinking Fork Sunday School
has secured new song books and
meet every Saturday evening at 7
o'clock for their practice.

—The X-Rays.
Recent experiments by practical
tests and examination with the aid
of the X-Rays, establish it as a fact

disease of itself, but that it results
from repeated attacks of indigestion.

CASTORIA
The Kind You Have Always Bought

THE WASTES OF THE BODY.
Every seven days the blood, muscles
and bones of a man of average size
lose two pounds of worn out tissue.
This waste cannot be replenished
and the health and strength kept up
without perfect digestion. When the
stomach and digestive organs fail to
perform their functions, the strength
runs down, health gives way and the
disease sets up. Kodol Dyspepsia
Cure enables the stomach and diges-
tive organs to digest and assimilate
all of the wholesome food that may
be eaten. Kodol is the salt which
rebuilds the tissues and protects the
health and strength of the mind and
body. Kodol cures indigestion, dys-
pepsia and all stomach troubles. It
is a mild and spring tonic. Sold by R.
C. Harwick.

Quick Arrest.
J. A. Guidice, of Verona, Ala.,

At one time he was unable to sit or

arrested further inflammation and
cured him. It conquers aches and
kills pain. 50c at L. E. Elgin and C.

MR. HAL SHARP
PASSES AWAY

A Well Known Citizen And a Descendant Of
A Noted Family.

(From Saturday's Daily.)
Mr. Hal Sharp died at noon today
at his home in this city. He had
been ill of Bright's disease and an
organic heart affection for a year,
and had been confined to his room
