### ON THE EVE OF ELECTION EVERYTHING POINTS TO DEMOCRATIC SUCCESS

#### STATE TICKET HAS A WALK-OVER

#### JUDGE COOK A WINNER

#### The Reports of Disaffection Wildly Exaggerated by Professional Bolters.

The Democrats of Christian county are ready for the political battle that will be waged next Tuesday. It has been many years since they were so determined and confident. The issues were never more clearly drawn. There is nothing to prevent any Democrat from supporting the ticket, and there is every reason why no Democrat should in any way lend his aid to the enemy.

Whatever differences may have existed in time past in the ranks, nobody this year could refuse to support the ticket for any reason except that he is at heart a Republican. The man who at this election votes the Republican ticket and claims to be a Democrat is, to put it very mildly, a man of guile. The Democratic ticket stands for patriotism, progress, prosperity and peace. It's platform is built of the time-tested Jeffersonian principles. The nominees are men of ability, integrity and experience. The Republican ticket is made up of political mongrels. It is led by a figure-head candidate, selected because he was unknown and had a hard, and several renegade Democrats are included in the list. Its platform is one of platitudes and hypocrisy, and the pardon of assassins is one of its main objects. The Republican campaign has from the start been one of misrepresentation and falsehood, and its hired orators have spewed calumny and slander from one end of the state to the other. Following the cue of Col. Belknap himself, they have sought to hold up the grand old commonwealth to ridicule and contempt, as a place not fit, profitable or even safe to live in, and to vilify the Democratic administration.

All these things the Democrats of Christian county and the Democrats of all the other counties know, and they are united as perhaps they never have been before and resolved to save Kentucky from the clutches of these partisan office-seekers, greedy grafters and political plunderers. Personal preferences or disappointments in the matter of local candidates have been forgotten for the sake of principles. The great Democratic rally of last Saturday, one of the largest this region has ever known, foreshadowed more plainly than words can tell what the Democracy of Christian county intends to do. It aroused the people to a full understanding of the duty that lies before them and every Democrat went to his home with a quickened sense of his obligation. If any disaffection amounting to anything ever existed it has disappeared. In a few precincts one or two persons have been found who may not vote the straight ticket, but there are Republicans who, for one reason or another, will cast their ballots for the Democratic candidates, and when the count is made it will be found that Democratic bolters are very few.

In Hopkinsville there is a tiny coterie of politicians, nominal Demo-

crats, who are in active cooperation with the Republicans and are trying to harm the Democratic ticket as a whole or in part. These three or four young men have always been doubtful quantities when it comes to voting and have been known as chronic bolters. They have been seeking to spread the report that there is much disaffection among the Democracy. They are finding it difficult, however, to deceive the people—because the evidences of harmony are plain to everybody—and are only succeeding in gaining the contempt of good Democrats, and winning an unpleasant notoriety that they will not be able to live down soon.

The Republicans are using them only as tools and respect them no more than Democrats do. Naturally the Democrats of Christian county are indignant at the effort of these young fellows to make them repudiate the pledge they took in entering the judicial primary. Every man who voted in the primary is, as everybody knows, in honor bound, to support the nominee. The Christian county Democrats are men of character. They will be true to their obligation. The rumors of disaffection here have been wildly exaggerated, and the same is true of Calhoun and the other counties in the district.

One hundred and sixty-two citizens qualified to vote during the three days of supplemental registration. Eighty-five of these were Democrats, and seventy-seven Republicans. The Democrats are highly pleased.

Chairman West and his able assistants have done splendid work organizing the Democrats of the county. Every precinct is reported to be in fine shape.

The Hon. Larkin T. Brasher addressed an enthusiastic crowd of voters at Crofton, Wednesday, filling Senator C. J. Bronston's appointment.

Hon. A. O. Stanley will speak in Webster and Union counties this week.

The Owensboro Messenger says \$1,000 has been left at its business office to wager against \$500 that the Democratic state ticket will win in next Tuesday's election.

The Republican state central committee, by a vote of eight to twelve, decided that J. Sherman Cooper is not the governing authority of the party in the Eleventh congressional district. This action was a decided victory for Dr. W. Godfrey Hunter. An effort to try the case on its merits was voted down. The result of the committee meeting was a decided victory for Dr. Hunter over Mr. Edwards.

**Saves Two From Death**  
"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviand, of Armonk, N. Y., "but, when all other remedies failed we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by L. L. Elgin and C. K. Wily. Trial bottles free.

### COMING ELECTIONS CAPT. C. C. CALHOUN

WILL BE HELD IN ELEVEN STATES.

Seven of Them Will Elect Full Tickets—Big Municipal Fight On.

Elections will be held in eleven states Tuesday, Nov. 3. Full state tickets are to be voted for in Kentucky, Massachusetts, Rhode Island, Maryland, Ohio, Iowa and Mississippi, while in New York and Pennsylvania, Nebraska and Colorado a justice in the upper courts, regents of the state university, or minor state officers are to be chosen. Municipal officials are to be selected in Greater New York, San Francisco and Salt Lake.

The Prohibitionists have a ticket in all the states except Colorado, the Socialists in all except Nebraska and Colorado, the Populists in two states

EMPLOYED BY FIVE OTHER STATES.

Anxious to Secure Valuable Services to Collect War Claim.

Despite the many outrageous stories told concerning him in the present campaign, Capt. C. C. Calhoun, the well known young Lexington lawyer, is still devoting his time to the collection of war claims. Since he was successful in collecting Kentucky's big claim the officials of other states have been trying to secure his services.

In a letter to Mr. S. W. Bedford, Capt. Calhoun said that he had been employed by five other states to collect claims against the government. He said he had also received other offers but he is now too busily employed to accept them.

### LARGEST CROWD EVER AT AUDITORIUM ENTHUSIASTICALLY GREETED BECKHAM

#### GREAT FIRE

Sweeps Wholesale District in Paducah.

PADUCAH, Ky., Oct. 29.—Fire which started at 11 o'clock last night in M. Livingston's grocery, spread through the wholesale district.

At 2 o'clock a lucky shift in the wind, coupled with desperate work by the fire department, resulted in the flames being brought under control. The total loss is estimated at \$250,000, divided as follows: M. Livingston & Son, \$75,000; H. Well & Son, \$60,000; Michael & Bro., \$75,000; Lang Bros., \$6,000; R. G. Terrell, \$8,000; Lagomarsino Hotel, \$10,000.

The shifting of the wind resulted in the saving of a part of the Lagomarsino hotel. The losses are partially covered by insurance.

SWEEPING DEMOCRATIC VICTORY ASSURED.

#### DISCLOSURE IS MADE

Gov. W. O. Bradley Wanted to Engage With Capt. Calhoun.

(Special to New Era.)

LOUISVILLE, Ky., Oct. 29.—In a speech made to a crowd that filled every part of space in the auditorium last night, Gov. Beckham delivered a final blow to the pretensions of the Republicans who have attacked the Calhoun war fee. He read a letter that ex-Gov. Bradley wrote to Capt. Calhoun offering his services in collecting the claims and a letter from Cl. Walter Forrester, Gov. Bradley's assistant adjutant general, in which Col. Forrester said he had investigated the claim, but at no time thought it possible to collect more than \$100,000. He said he was certain Gov. Bradley's administration would have paid a contingent fee of 25 per cent for the collection of the claim. More than 6,000 people went to the auditorium, but at least 1,000 could not get inside the doors. The governor was given a magnificent ovation when he appeared on the stage, and his speech created a most favorable impression.

From Paducah to Leitchfield probably 15,000 Democrats heard Gov. Beckham speak yesterday. Many heard the governor and Senator McCreary at Paducah before breakfast. After addressing 2,000 people the special train pulled out over the Illinois Central. Stops were made at Kuttawa, Dawson Springs, Nortonville, Greenville, Central City, Beaver Dam and Leitchfield. Enthusiastic crowds greeted the speakers at all points. At Kuttawa former Congressman W. J. Stone announced that he was for Beckham and the entire Democratic ticket. The special train will leave this morning over the L. & N. to Junction City, touching at Richmond, Winchester and on to Catlettsburg.

#### SHOULD CELEBRATE

The Completion of the T. C. to Hopkinsville.

The indications are that the Tennessee Central will be running trains from Hopkinsville to Nashville by the middle of next month or the first of December. The finishing touches are now being put on the road. The completion of the road should be made the occasion of a celebration here.

#### Confessions of a Priest.

Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder and general debility, get Electric Bitters. It's guaranteed by L. L. Elgin and C. K. Wily. Only 50c.

Telephone Wooldridge & Co., and try a load of "Daniel Boone" coal before laying in winter supply. You will use no other.

(Special to New Era.)

CHICAGO, Oct. 29.—The Rev. Ira Landrith, D. D., of Nashville, editor of the Cumberland Presbyterian, has accepted the general secretaryship of the Religious Educational association, and enters upon his duties November 1.

He was born in Texas in 1865 and received his collegiate and theological training at Lebanon, Tenn. Dr. Landrith is one of the leading men in the Cumberland Presbyterian church and has been prominent in Young Men's Christian Association affairs. He has also been the chairman of a citizens' committee of one hundred on municipal reform in Nashville.

#### HON. OLLIE JAMES

Will Marry Miss Thomas, of Marion.

FRANKFORT, Ky., Oct. 29.—It is announced today that the Hon. Ollie James and Miss Ruth Thomas, of Marion, will marry on December 2.

#### Death of Child.

(From Thursday's Daily.)  
The four-year-old daughter of Mr. and Mrs. L. L. Leavell, of the Beverly vicinity, died yesterday. The funeral will take place today.

Capt. Calhoun is a former Owensboro boy and has many friends and relatives here all of whom will be pleased to hear of his good fortune. When not engaged in collecting claims against the government he practices his profession of law in the courts of Lexington and Fayette county and he is rapidly pushing his way to the front as a successful lawyer.—Owensboro Inquirer.

#### THE POET-SCOUT

Capt. Jack Crawford at the Tabernacle.

The Florida Breeze says of Capt. Jack Crawford, the poet-scout, who will give unique entertainments at Union Tabernacle, for the benefit of the tabernacle fund, next Monday and Tuesday nights:

"In the afternoon came Capt. Jack Crawford in one of the most unique and at the same time, best entertainments that has ever come to the Chautauqua platform. He is a poet of no mean order by any means, a keen wit, a charming speaker, and withal a spirit as broad as the western plains from which he comes, and all these are combined to make his lecture, talk, sermon, entertainment, call it what you will, full of interest from start to finish, and not only of interest, but full of wholesome lessons as well. The young folks can hear him with profit, the old folks with interest, and all with pleasure. May he come often and stay long."

#### THE BURGOMASTER

Manager Holland has booked "The Burgomaster," the famous comic opera, to appear at the opera house on the night of Nov. 14. This is a higher class attraction than "The Governor's Son."

#### OMAR BROWN DEAD

PASSES AWAY AT HOME NEAR CROFTON.

(From Thursday's Daily.)

Mr. Omar S. Brown died last night at eight o'clock at his residence near Crofton of a complication of diseases involving his heart and lungs. He had been confined to his bed for nearly a month, and had been an invalid for nearly a year. Mr. Brown was one of the best known men in the county, and he a wide circle of friends. He was born January 13, 1832 and was educated in the common schools of the county and the Transylvania college at Lexington.

For years he was a successful school teacher, and was deputy sheriff of the county during the time his brother, the late Cyrus M. Brown, was sheriff. He also served the county three years as tax commissioner, and during his residence in Hopkinsville was a member of the board of trustees of the public schools as well as of South Kentucky College. He was married in 1866 to Miss Kate Davis, who died about ten years ago. His only child is Mrs. Andrew Sargent. Six years ago he was married to Mrs. Nannie Meyers Prowse, who survives him. Mr. Brown was a member of the Christian church. He was a son of the late Rev. Enoch A. Brown, who was a pioneer citizen of Christian, a minister of the gospel and representative in the legislature from this county. Funeral services will be held tomorrow morning at ten o'clock, and the remains will be interred in the Brown family burying grounds.

## FIFTY CENTS

## A MONTH

A small bottle of Scott's  
Emulsion costing fifty cents  
will last a baby a month—a  
few drops in its bottle each  
time it is fed. That's a small  
outlay for so large a return of  
health and comfort.

Babies that are given  
Scott's Emulsion quickly re-  
spond to its helpful action.  
It seems to contain just the  
elements of nourishment a  
baby needs most.

Ordinary food frequently  
lacks this nourishment; Scott's  
Emulsion always supplies it.

We'll send you a sample free upon request.

Results of Indigestion

Absolutely removed by the use of  
DR. CARLSTEDT'S  
GERMAN LIVER POWDER

Money refunded if you are not pleased  
with results; has cured thousands—  
why not you?

Mr. E. H. Hackett, a prominent merchant  
of Morehead, Ky., was a sufferer for years from  
constipation and indigestion, and was prevailed  
upon to try Dr. Carlstedt's German Liver  
Powder by one whom he had done great good.  
He gave it a single trial, when he began to feel  
better at once. Troubled with piles, Mr. Hackett  
was surprised to find himself cured of this  
most dreaded of bodily ailments. He is now  
a well man and does not use any medicine. If  
you are afflicted in this manner, give it a trial;  
it will cost you only 25 cents, and should it not  
prove so we say the druggist is authorized to  
refund your money.

There is more catarrh in this sec-

(From Saturday's Daily)

Mr. Virgil McKnight Nourse, a

## The PEARL OF The PENNYRILE

Hopkinsville, the capital of Christian county, has long borne the proud title of "The Pearl of the Pennyriple," but at no time in its history has the city been more deserving of the name than now. During the past decade and the last two years especially, the growth of the city has been remarkable, and the outlook for the good work to be kept up in the future is very bright indeed.

During the last two years at least \$250,000 has been invested in buildings for business purposes alone, and the cost of the new residences which have been erected or are now in course of erection will aggregate at least half that amount.

One of the largest and most important additions to the business section is the new plant now being built by the Acme Mills & Elevator Co. This company began business in 1897 with a mill having a capacity of 850 barrels of flour per day, but finding that on account of the growing demand for their products, an enlarged capacity was necessary, they let the contract for a mammoth five-story mill, to have a capacity of 850 barrels of flour per day, and bran, meal, etc., in proportion. This makes the total capacity of the old and new plants 1,200 barrels per day and one of the largest and most complete in the south. Two large elevators afford storage for 150,000 bushels of wheat.

Two of the finest buildings which have been built on Main street recently are those just completed by the First National bank and the Planters' Bank and Trust company, the two buildings costing \$35,000 each. Both buildings have stone fronts and are in every way fitted for the uses of a modern and well governed banking institution. The affairs of both of these banks, as well as the other two of this city, are in thoroughly competent hands, as is evidenced by the favorable reports issued at regular intervals.

The local lodge of Odd Fellows, Green River Lodge, No. 54, have built a magnificent home on the corner of Ninth and Virginia streets at a cost of \$20,000. The first floor is occupied by two large store rooms, the second floor by offices en suite and the banquet hall. The third floor is devoted entirely to the lodge room, and is one of the handsomest and most conveniently arranged in the state.

Situated on the same lot and separated only by a very narrow passageway is the home office of the Cumberland Telephone and Telegraph company, one of the largest and richest corporations in the South. This building is well calculated to be a companion for the Odd Fellows' home, inasmuch as the two are in direct contrast, but both are perfect types of the styles of architecture employed. The Odd Fellows' home is a massive, square-built building of red pressed brick and stone trimmings. The telephone building is a narrower building, with solid stone front and sloping slate covered roof. It is fitted with every convenience calculated to prove of benefit in carrying on the constantly increasing business of the company. The latest central energy or flash light system will be used.

The Louisville & Nashville Railroad company is now advertising for bids for the erection of a freight depot to cover half a square. The building will be of brick, with stone front, containing ample room for the handling of freight and offices for the local employees, and will cost \$18,000.

The work of remodeling the court house has just been completed at a cost of \$10,000. The interior of the courthouse was given special attention, and is now one of the most attractive and conveniently arranged in this section. The old-fashioned winding stairway has been replaced by a double flight of stairs ascending on either side of main corridor. All the corridors have been tiled, the walls whitened, the woodwork painted and varnished and nothing left undone which would contribute to the beauty or elegance of the interior. On the exterior the most important change is the addition of a new clock tower which greatly improved the general appearance of the building. The walls were also given several coats of paint.

Besides these buildings there are a number of others which will be erected in the near future and will add to the already beautiful appearance of the business section of the city.

The additions to the residence section have been equally as great. The local contracting firms have been rushed night and day in the work of building homes for the newcomers as well as the citizens. On all streets, no matter how insignificant, can be heard the sound of the hammer and saw.

One of the greatest benefits which has been vouchsafed the city in the last few years is the Tennessee Central railroad, which is now virtually completed. The grading for the roadbed is all done, and the track from Harrison, Tenn., to Clarksville, Tenn., is completed with the exception of the bridge over Cumberland river, and work on this is being rushed, and it will be ready for traffic in a few weeks. It is the present intention to begin operating the road on a schedule time about the first of December. This gives Hopkinsville three leading railroad systems, i. e., the Louisville & Nashville, the Illinois Central and the Tennessee Central.

To cure dyspepsia or indigestion it is no longer necessary to live on milk and toast. Starvation produces such weakness that the whole system becomes an easy prey to disease. After a trial lasting ten days, Jim Merical and John Black, charged with murdering Deputy Sheriff Robert H. Coffey on October 28, 1901, during the miners' strike at Empire, were acquitted.

The argument in the case was completed Thursday afternoon and after brief deliberation the jury returned a verdict of not guilty.

The following citizens composed the jury: G. U. West, W. I. Seates, Ephraim King, W. H. H. Ray, Ed Radford, Tom Carmack, Marion West, F. M. Dulin, John White, J. T. Stegar, J. C. White and Richard Leavell. Five speeches were made for the defense and three for the prosecution.

## FRANCHISE IS SOLD FOR \$301.

A telephone franchise was sold by City Clerk C. S. Jackson at the court house door Fri. afternoon and was bought by Mr. E. B. Tyler, of the Ideal Construction company of Lima, Ohio, his bid being \$301.

The bidding was spirited between Mr. Tyler and Mr. Herron, of Chicago.

Mr. Herron would bid in large amounts, but every time Mr. Tyler would raise him one dollar and the franchise was finally knocked down to him.

The board of council will hold a called meeting tonight either to ratify or reject the sale as made.

## PROMINENT CLARKSVILLE MAN PUTS A BULLET IN HIS HEART.

(Special to New Era.)

CLARKSVILLE, Tenn., Oct. 23.—Mr. Percy Smith, one of the most prominent and popular young men in this city, committed suicide at 8:30 o'clock this morning. He left home apparently good health and spirits went to his office in the McCrae building and locked the door. Sitting at his desk, he unbuttoned his waistcoat and shirt, placed the muzzle of a 32 colt revolver over his heart and pulled the trigger. Persons in neighboring offices heard the shot, and being unable to force the door, entered the room through a window and found him dead. Mr.

Smith was thirty years old and leaves a widow, formerly Miss Myrtle Moore, of Nashville, whom he married two years ago. Despondency over business reverses caused the deed, it is supposed. He was local representative of a St. Louis commission firm. The funeral will take place tomorrow afternoon at 2:30 o'clock, conducted by the Elks lodge.

John A. Welch, formerly a Baptist preacher, killed himself with a revolver at his home near this city today. He was fifty years old. Alcoholism unbalanced his mind.

### Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restful nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c. At all druggists.

### Cures Winter Cough.

J. E. Gover, 101 N. Main St., Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got for her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c. 50c. \$1. Sold by Anderson & Fowler.

# STANLEY SCORES THE SPLITTER.

Has No More Right to the Proud Name of Democrat Than a Mulatto Has to That of White Man.

## YOUNG CONGRESSMAN'S BRILLIANT SPEECH.

Heard By a Large Audience at the Courthouse and Arouses Much Enthusiasm.—Tells About the Platform of Each Party and Exploits Belknap's "Monkey Business" Methods.

The Hon. A. O. Stanley, of Henderson, representative in congress from the Second Kentucky district, addressed a large and enthusiastic audience at the courthouse Tuesday night. Many ladies graced the occasion with their presence. The speech was a powerful arraignment of the Republican party and a rousing appeal to true Democrats to do their full duty at the polls next Tuesday.

### Introduced by Mr. Bush.

Mr. Stanley was felicitously presented to the audience by Judge Charles H. Bush. The brilliant young congressman has been engaged in hard campaigning several weeks, speaking twice a day and traveling many miles to fill his appointments, but all signs of fatigue were away when he entered upon the discussion of the issues before the people and he was never more eloquent or convincing. After gracefully acknowledging the pleasure and pride he felt in coming back to the old home he left as a barefooted boy now being so highly honored by the people he loved, and paying a handsome tribute to the Democrats of Christian county for their never-wavering courage and fealty, he said that he had heard of an ugly report that the Republicans were industriously circulating to the effect that somebody somewhere had somehow gotten "sore" and was going to bolt. He said he had been denouncing the rumor as applied to Democrats as a malicious lie, for he knew of old the mettle of the Christian county Democrats. Year in and year out, under the most adverse circumstances, the brave and loyal Democrats of Christian county had been fighting in political battle a foe as black and malignant as ever was faced on a field of carnage. All these years their "scutcheon" was without a blot, their honor and integrity unimpaired; and so he branded as a miserable slander that any true Democrat would refuse to support the entire ticket.

### "Mulatto" Democrats.

As for that fellow who would split the ticket, voting sneakily in one instance for a Republican and then staining a part of the Democratic ticket with his cowardly stencil, he had no more right to claim to be a Democrat than a mulatto has to be a white man. No man, he proclaimed, having any regard whatever for his sacred honor would, after going in the Democratic primary last May and thereby pledging himself to support the nominee, cast a ballot for the Republican candidate. In the eyes of all decent people how could any such person be regarded other than a political prevaricator and a cowardly skulker? This sort of fellow, it will usually be found, is in politics for revenue only, and, failing in his own aspiration for some office or appointment, is following the dirty trail of Bill Owen and working for the Republicans for the graft and pay they have to give such cattle.

Mr. Stanley made a strong appeal to the real Democrats to present a solid front to the enemy and give their vote and their influence to the party of the white man, the taxpayer, of law and order.

### Only Truth Needed.

He said he was not going to lie about the Republicans,—he didn't

have sufficient imagination. He referred to the claim of the Republicans that the Democracy of the state is making the race without a platform, and said that the platform of the Democratic party is eternal; has been in force since a Democrat penned the Declaration of Independence, and needs not to be renewed every time the people of the state elect a governor. He read from the national platforms of 1896 and 1900, and asked if they were not sufficient. No effort was made to present an exhaustive argument of the issues of the campaign, but such that were taken up were handled with ability.

The platform of the Republicans, he said, is a mask of a band of plundering politicians that must be renewed each year. "Say that we have no platform if you will, but some of the leaders of your party deserves to, and will, occupy a scaffold. Read from the platform adopted by Democrats in national convention assembled in 1896 and again in 1900. Freedom of speech, freedom of the press, freedom of conscience, equality of all citizens before the law, a reaffirmation of faith in the Declaration of Independence. Are they not broad enough for a candidate for governor to stand upon? Touch one plank in any Democratic platform and, like a thousand golden harps in tune, they will all respond in perfect harmony.

"Thank God that the Republicans of Kentucky did frame a platform at their last convention. In the fourth plank of that platform they say they are opposed to assassination—and I am mighty glad they did for we never would have known it otherwise. A little further on, that document says they are in favor of punishing assassination 'within our borders.' They were particular to say that, or some fool might have misinterpreted them and got hold of some fugitives who are hanging around the state of Indiana. But parties ought to be consistent in framing platforms. The previous one framed by them endorses the patriotic course of W. S. Taylor, and this can not be reconciled with a denunciation of assassination.

### Monkey Business.

"You ask a Republican what he is for, and he will say, 'Belknap and business.' They have left a word out. It should be 'Belknap and monkey business.' There are several kinds of business men. There is the fellow who has three shells and a pea under one of them. The fellow who bites is fleeced, but that is business. Belknap made \$400 out of a railroad company by shipping guns and saying that it was wagon materials, but that is business. It is more important to have an honest man than a business man at Frankfort. I am in favor of sending all the dishonest rascals to Frankfort, but there is another place for them than the gubernatorial chair. And, in the name of peace, I would rather have a Republican governor proficient in anything else than in the art of smuggling firearms. Belknap says that gun story is a campaign lie, but if it is what made him plead guilty and pay a fine of \$1,000?

"The Republicans try to make stock of Beckham's pardon record,

## A FAMILY REMEDY.

Pe-ru-na in Use in Thousands of Homes.

Congressman H. Henry Powers, of Vermont, writes from Morrisville, Vt.:

HON. H. H. POWERS.

"Peruna I have used in my family with success. I can recommend it as an excellent family remedy and very good for coughs, colds and catarrhal affections."—H. Henry Powers.

John L. Burnett, Member of Congress, Seventh Alabama District, writes: "I take pleasure in testifying to the merits of your Peruna. At the solicitation of a friend my wife used it, and it improved her condition generally. It is a remarkable remedy. I can cheerfully recommend Peruna as a good, substantial tonic, and a very good catarrh remedy."

Peruna Cures Catarrh. Half the ills of life are due to catarrh and catarrhal derangements. Peruna is the only internal, systemic catarrh remedy known to the medical profession. Peruna cures catarrh wherever located. Peruna is not a guess nor an experiment—it is an absolute, scientific certainty. Peruna has no substitutes—no rivals. Insist upon having Peruna. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. And granting, for the sake of argument, that he has issued the pardons they charge him with, still they hold the record. Beckham has never pardoned a man before he was convicted, and their champion, W. S. Taylor, issued several of that kind to members of the gang that murdered Gov. Goebel."

### Effective Speech.

Mr. Stanley's address was punctuated with applause. He is a natural orator, magnetic and forceful and the speeches he is delivering during this campaign are thoroughly effective and vote-winning.

### Maryland! My Maryland!

So long as Mr. Roosevelt continues president there will be the menace of social and political equality between races. That there is or can be a distinction, neither the negro nor Mr. Roosevelt appears able to realize. The issue, permitted to slumber by the wise conservatism of Mr. McKinley, has been reawakened by his successor, with the result of creating in the negro a hope of conditions which have never yet existed without compassing the degradation of both races and the destruction of the government and nation in which they are found. That Mrs. Roosevelt has deliberately set at work such forces is not to be given credence. That they have been set at work by his act is not to be questioned or denied. Whether he fails to realize their potency for evil or is willing to leave the deluge for the future, provided only he is re-elected to a second term, is a matter that affects him solely. The issue that touches the life of every man whose destiny is cast in the South is whether the ills that have been put on foot shall be suffered to continue until they bring with them their own inevitable consequences.

When Mr. Roosevelt made Booker Washington his guest at luncheon he saw in it nothing more than a courtesy to a man who in every respect, except the taint of blood, is fully his equal. The negro race, almost to a man, saw in it the promise of an impossible social equality and the wiping away at one stroke of the centuries of progress that stand between it and the white race.

In appointing the negro, Crum, to office over the head of the senate and the protest of the property holders of Charleston, Mr. Roosevelt may have been impelled by the same quixotic purpose of defending the weak against wrong which did not exist that is said to have actuated him in

## ATTEMPT TO KILL PRESIDENT DIAZ.

PORFIRIO DIAZ, WHO WILL BE PRESIDENT OF MEXICO FOR THE SIXTH TIME.

General Porfirio Diaz long since declared that he would never again consent to serve as president of Mexico, considering that his long service entitled him to rest. But he has been named by every party in the country and has finally yielded to the public demand. Consequently he will be re-elected. His next term will be his sixth as chief executive of Mexico.

GUANAJUATO, Mexico, Oct. 28.—(Special)—Elias Tosecano, a released murderer, fired five shots at the street car containing President Diaz, his staff and guests. Tosecano has a bad criminal record. The theory of a deliberate attempt to assassinate the president seems to be highly probable. The would-be assassin is now in prison.

exceeding his constitutional authority in the case of Minnie Cox.

Granting that in each instance his motive was the best, the attendant results have been disastrous. The negro has forgotten that he is but little more than a century removed from barbarism. Booker Washington, who recognizes that neither act

of the president nor constitutional amendment can give civilization and all that it demands, is suspected by his own people of enmity to their welfare. A negro is as good as Mr. Roosevelt, therefore every negro is as good as every white man. Higher education, the intermarriage of races, the recognition of

social equality, have replaced the desire for industrial education and the determination to gain an honest livelihood by the only means for which the negro is rightfully fitted. If the negro were without power, the problem would be of little more importance than the Indian question. But the party to which Mr. Roosevelt belongs gave him in the days of reconstruction the power of the ballot. In Kentucky, outside of one congressional district, the negro today constitutes four-fifths of the total votes cast for Republican state and national candidates. No election is secure until the evil weight of his influence is met by equal number of votes from those upon whom fall the full responsibility for the present and future welfare of the state. The negro votes as a unit without regard to the principles at stake, the issues involved, the woe or weal which must come to Kentucky through the establishment or failure of policies. Corrupt and corrupting he stands the constant foe of an honest ballot and the government of the state by the children of the men who made it and have kept it what it is.

The Democrats of Maryland have realized their danger. Their platform is based not on hostility to the negro, but on the self-defense of the white.

Throughout the South, the men of the higher race have taken matters in their own hands, and the negro, though in overwhelming numbers, has been made to know that the men of the white race, having created, guarded and preserved the state government, will not surrender its control to a people without knowledge of its traditions, conception of its meaning, or understanding of its purposes. Their verdict has been accepted by the supreme court of the United States without question, and the attempts made to overthrow it by zealots of the Crumacker ilk have ended with their own confession of defeat. The battle has been won in the South. The fight must now be made in the border states, in which southern sentiment and the blood of the Anglo-Saxon predominate. Maryland has already sounded the keynote. Kentucky cannot avoid the issue if she would. The ever growing menace of an increasing and increasing corrupt negro population forbids it. Louisville Times.

These facts are all in the favor of the man or woman with weak lungs, even when disease has a strong grip on them.

Many a person living in health to-day has the lungs marked by the healed scars of disease.

Dr. Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate, deep-seated coughs, bronchitis, bleeding lungs and other conditions which, if neglected or unskillfully treated, find a fatal termination in consumption.

"I had been troubled with lung disease and pleurisy for a number of years and the trouble had almost become chronic," writes A. S. Egan, of Howe, Ia. "I had several kinds of medicine from different physicians without much benefit. At last wrote to Dr. R. V. Pierce and got his advice, and began using his 'Golden Medical Discovery.' I have used twenty-five bottles. When I commenced taking it I had no appetite, my system was completely run-down, and no ambition to do anything. Now I feel better than I did before I got sick. Have a good appetite and am able to do my work. I sincerely recommend Dr. Pierce's Golden Medical Discovery to all who are afflicted as I was."

## CALLOWAY COUNTY DEMOCRATS ARE IN LINE AND WILL GIVE BIG MAJORITY FOR ENTIRE TICKET

GRAND OVATION FOR JOSEPH FOLK FOR GOVERNOR.

JAMES ON BREATHITT

Fully Five Thousand People Heard the Addresses at Murray.

(Special to New Era.)

MURRAY, Ky., Oct. 27.—The largest crowd that ever attended a political rally in Calloway county greeted Gov. J. C. W. Beckham in this city yesterday. It was the biggest and most successful meeting of his swing through the First congressional district. Not less than five thousand people heard the governor and Congressman James, and by some the crowd was estimated at from 8,000 to 9,000.

Such enthusiasm was never before known here.

The Democracy of the county is in line, and will give the entire ticket an oldtime majority. There are three thousand Democrats and eight hundred Republicans in the county. The normal Democratic majority is twenty-two hundred.

When the train stopped the speakers found between 1,500 and 2,000 men on the platform. A brass band, Company L. of the Kentucky state guard and four hundred men on horseback acted as an escort to Gov. Beckham and Mr. James, who led them from the station to the courthouse. Bells rang, horns were blown and flags were unfurled from dwellings and business houses. Men and women alike cheered for Beckham and he was given a splendid welcome. The crowd wanted to hear a Democratic speech before noon, and N. B. Hays, nominee for the office of attorney general, consented to speak. He held the crowd for nearly two hours, but the voters did not leave. They waited patiently until 1 o'clock, when the governor and Mr. James appeared in the courthouse yard.

Gov. Beckham was introduced by Mr. Zeb Stewart, and he spoke earnestly on all the questions involved in the present campaign. He took Col. Belknap to task for a statement which he made in his opening speech at Munfordsville. The speaker read this sentence from the speech of the Republican nominee: "With us now lies the responsibility of making this state a fit place for our sons and daughters to live in." The governor paid a high tribute to the commonwealth and to her men and women. He said Col. Belknap's statement was an insult to Kentucky people and that he was not ready to accept the statement of any man who would declare that this state was not a fit place in which to rear children.

Mr. James spoke for nearly an hour, and closed his address by an appeal to Democrats to rally to the support of Beckham and to Thomas P. Cook, the Democratic nominee for circuit judge in this judicial district. He declared that the Democrats should see to it that Cook was re-elected over James Breathitt, of Christian county, who had recommended and voted for negroes for public offices. He said that Breathitt had sought to have a negro installed as the steward of the Western Asylum for the Insane at Hopkinsville.

J. W. Gilbert, chairman of the Democratic campaign committee of Calloway, says this county will give an increased majority for the Democratic ticket this fall, and both Gov. Beckham and Mr. James are confident that his prediction will prove correct.

J. W. FOLK, ST. LOUIS' YOUNG CIRCUIT ATTORNEY.

Joseph W. Folk, circuit attorney of the Eighth judicial district of Missouri, is at present the idol of St. Louis. He has broken up one of the most corrupt gangs of politicians the country has ever seen, and has sent many of them, including some very wealthy men, to prison. He was born in Tennessee thirty-three years ago.

ST. JOSEPH, Mo., Oct. 27.—(Special.)—Prosecuting Attorney Folk, of St. Louis, formally announced his candidacy for the Democratic nomination for governor of Missouri at one of the largest political meetings ever held in this city.

## ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health.

One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

Col. J. J. Henry, grand chancellor, has prepared his report and it is now ready to be presented to the grand body when it is called to order. During the past year numerous lodges have been instituted and all are in excellent condition.

### Chamberlain's Cough Remedy.

No one is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by L. L. Elgin.

If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by L. L. Elgin.

## SUPPORTS TICKET.

### Judge W. H. Yost Comes Out For Gov. Beckham.

Judge William H. Yost, of Greenville, has written a letter to the Democratic campaign committee announcing his intention to support Gov. J. C. W. Beckham and the entire Democratic ticket at the coming election. Judge Yost is one of the best known and highly esteemed lawyers in the state and was particularly prominent in the past few campaigns when he was on the stump for Palmer and Buckner, John Young Brown and J. R. Hindman. He was also one of W. S. Taylor's counsel in the contest before the legislature. Judge Yost is attorney for the union miners of Hopkins and Christian counties, and gives as one of his reasons for supporting Gov. Beckham that he has proved himself the friend of the union laboring man.—Courier-Journal.

### Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by L. L. Elgin.

## MOVEMENT ON FOOT

TO PUT STATE FAIR ON A PERMANENT BASIS.

BILL Will Be Introduced To Get \$150,000 From the Legislature.

The Kentucky State Fair association has started a movement to establish the fair on a permanent basis through an appropriation of \$150,000 to be made by the legislature. A bill for this purpose will be introduced at the session of 1904. It is desired to locate the fair at Louisville. As it is believed it would be better supported, but it may go to Lexington, which is prepared to offer 150 acres of land for its establishment.

The recent failure of the fair at Owensboro, which showed a decided deficit, has not discouraged the promoters, who say this was due entirely to the fact that the town was too small. Secretary L. L. Dorsey has secured data from other states which will be used in forming the plan for the Kentucky fair.

### The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Texas, writes July 19, 1899: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. ### Millionaire's Poor Stomach.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millions are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people and they suffer for worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists.

### Brought to Asylum.

Deputy Sheriff Bob Rowland, of Bardwell, was in the city this morning en route to Hopkinsville to place in the asylum Mr. Jack Rogers of near Bardwell. Rogers' mind is unbalanced and he has a mania for killing horses and calves. He killed three of his own calves and one horse recently. It took six men to capture him yesterday.—Fulton Leader.

Trusting this request will find our overseers ready for inspection and with their roads in good order, I am, Yours truly,

## CORRUPTION FUND

MUST BE FOUGHT BY THE DEMOCRATS.

The Republicans Have Prepared to Perpetrate Numerous Frauds.

The Democratic state campaign committee is warning Democrats throughout the state to be on the alert to prevent the frauds which the Republicans have prepared to perpetrate in the election. As has been known for some weeks the Republicans have a larger campaign fund this year than ever before and it is their purpose to put this money into every precinct in the state just before the election. The Republicans have received big contributions from all the Federal office holders and have been materially aided by the National Republican committee which has sent thousands of dollars to the state to be used in buying votes and corrupting election officers. In addition all leaders of the Republican party will send federal employees and United States marshals to the polls at many places to intimidate and brow beat the Democrats and it is for this reason that the campaign committee desires all Democratic workers in every precinct in the state to be watchful and try to prevent the frauds wherever attempts are made to perpetrate them. Reports from the state show that the Democratic organization was never in better shape and Democratic leaders are confident that the plans of the Republicans will go for nothing if the Democrats do their whole duty.

The Democratic campaign committee is receiving numerous letters from various parts of the state telling of the action of Republican leaders in certain counties which have Republican sheriffs. With two members of the county election board of various counties, the Republicans are ignoring the law, and have refused to allow Democratic representation in the voting booths. In many voting precincts only Republicans have been appointed to serve as election officers, and the Democrats are allowed no voice in the procedure. The campaign committee has called on all Democrats to assert the rights given them by law, and to insist on a fair and equal representation at the polls.

## A Perfect Painless Pill.

Is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectually are DeWitt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills I have used gripe and sicken while DeWitt's Little Early Risers are simply perfect." Sold by R. C. Hardwick.

The voters when they cast their ballots on the third of November should remember these facts: The highest tax rate Kentucky ever had was under its only Republican administration. Under the same administration not only was the tax rate raised but the bonded indebtedness was increased \$500,000 and the school per capita was reduced. When the Republicans turned over the offices at Frankfort to the Democrats there was but little more than \$300,000 in the state treasury. As against these facts which no Republican can dispute taxation has been reduced under Gov. Beckham's administration, the school per capita has been increased, the entire bonded indebtedness of \$1,000,000 has been paid off and by the first day of December there will be in the treasury a million and a quarter. Which kind of a business administration are you going to vote for? Republican, which put the state in debt and increased the taxes, or Democratic which reduced the taxes and paid off the debt? ## HUNTING SEASON

OPENS ON FIFTEENTH OF NOVEMBER.

The hunting season opens in Kentucky Nov. 15th, and until that date no one is legally permitted to hunt, and it should be a part of every one's business, and sportsmen in particular to see that our game laws are not violated. It is just as much a violation of the law to take a dog out and "try him" even without a gun, as it is to shoot, and this pretext should not be allowed to murder young birds out of season. So let everybody take enough interest in the matter to see that all violators are punished, no matter who they are. Our sister state of Tennessee has recently passed a very stringent game law to protect game from non-resident hunters, and Kentucky also has a law against non-residents and the only thing now necessary is to see that everybody is punished who in letter or spirit is guilty of any violation.

Fatal kidney and bladder troubles can always be prevented by the use of Foley's Kidney Cure.

### Saved His Life.

J. W. Davenport, Wingo, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone and the other badly affected. I also had a lump in my side. I don't think I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is a wonderful medicine and I commend it to suffering humanity." 25c, 50c, \$1.00. ## RALLY WAS HELD

IN INTEREST OF THE SUNDAY SCHOOLS

Hopkinsville District Association Is Formed and Officers Elected.

The Sunday school rally at the Ninth Street Presbyterian church resulted in the organization of a Hopkinsville District Sunday school association, which is to be interdenominational, evangelistic in its purpose and up-to-date in its methods.

Officers were elected as follows: President, Mr. James H. Anderson.

Vice President, Mr. E. B. Bassett. Secretary, Miss Clara Bonte. Home Department Superintendent, Miss Daisy Rice.

Mr. T. C. Gebauer, field worker of the Kentucky Sunday School association, presided and delivered an address on "Three Links in Sunday School Work." Mr. Gebauer urged thorough organization, frequent conventions and united support on the part of the Sunday schools. He said that the enemies of youth were never so well organized as now and that their friends should organize to come to their rescue. He showed that in the Michigan state prison there are 904 convicts.

Ten of them attended Sunday school regularly in youth, eighty-five occasionally and 809 never. Keep your children out of Sunday school until they are fifteen years old, said Mr. Gebauer, and they may get in prison. Keep them in Sunday school until they are fifteen years old and they will be saved to serve.

The order submitting the case of Buck Thomas, col., charged with grand larceny and fixing a fine of \$100 was set aside and a bench warrant issued for the defendant.

So far this is the largest radish which has been exhibited.

Mr. Duffy is an able speaker and has many friends in Calloway which was evidenced by the flattering vote he received at the late primary election held May 9, and his work with us at this time in the interest of the Democratic party will not only bind closer to him his many friends in our county, but will make him many more.—Murray Ledger.

## DEMOCRATIC PRESS

DISCUSSES THE POLITICAL SITUATION.

Kentuckians Will Not Again Have to Submit to Republican Rule.

A vote for Belknap is a vote for a man who will pardon Taylor, Powers, Finley, Howard and God only knows how many more yet to be indicted. Dick Knott, through the columns of the Evening Post, has been abusing Gov. Beckham ever since the opening of the campaign because of the governor's alleged abuse of the pardoning power, but now he is very anxious to elect a governor who will issue pardons to the most heinous murderers Kentucky has ever had to deal with.—Hardinsburg Democrat.

Col. Belknap feels that he can open his barrel for this campaign without fear of losing out. Of course, he will not be elected governor, but under Democratic administration of affairs he knows it will take only a few months for his hardware business to make the money back for him.—Morganfield Sun.

It is impossible for Kentuckians ever again to submit to Republican rule, and no better time will offer for all law abiding citizens to ally themselves permanently with the Democrats and help to keep the old state where she belongs—in the front rank. This is not merely a campaign of parties, but it is a campaign of the law-abiding element and order-loving white people of the state against the lawless element of the mountaineers and the ignorant negro vote, supplemented by a very small portion of the intelligent element of the state. In such a fight there ought to be no question of how every man who loves Kentucky should cast his ballot. Let us make the Democratic majority so large that we will never again have to contend with Republicanism.—Shelbyville Sentinel.

### A Love Letter.

Would not interest you if you are looking for a guaranteed Salve for sores, burns or piles. Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year but a box of Bucklen's Arnica Salve cured me. It is the best salve on earth." 25c at L. L. Elgin's and C. K. Wylie's drug store.

### A Large Apple.

Mr. A. M. Wallis brought to this office today an apple that probably exceeds in size anything in the fruit line ever seen in this city. It was brought to him by his daughter, Miss Cornelia, from Durango, Colorado, and weighed 15½ ounces and measured, both ways, 1½ inches. The apple was 98 hours on the way and doubtless lost somewhat in weight. Apples of its size sell in Durango at two and a half cents apiece, though there is no fruit grown nearer than Farmington, New Mexico, fifty miles from Durango, where the finest fruit of every variety is grown in abundance. Miss Wallis also brought with her a number of Indian idols, pipes, and relics of different kinds. The apple can be seen in the show window of the Moayan store. Mr. Wallis will cut and invite three or four friends to help him eat it.

### NATURE SPARES

The Stricken Rose From Grief. What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. The same proceedings will be gone through until all 1 premiums have been distributed. All holders of tickets must be present or some one with their numbers and the name and address of the owner. ## JT Wall & Co

Ollie James is an artist when it comes to making a burrah speech.

Gov. Beckham has developed splendidly in every way, and as a speaker he surpassed every expectation.

The outlook for Democratic success was never brighter than it is at this time, and all we have to do in order to win a decisive victory is to keep at work just as we have been and see to it that the full vote is gotten out on election day.

There is nothing for Democrats to do but vote the straight ticket from top to bottom. Next year will be presidential year and we want to be in line to help to elect a successor to Roosevelt.

#### Democrats Organized.

With the election less than a week off the Democrats of Kentucky are more confident of victory than ever before in the history of the party. The organization is superb and not a section of the state and county or a precinct has been overlooked and reports from everywhere indicate an increase in the Democratic vote. A glimpse at the state campaign headquarters in Louisville makes it apparent at once the amount of work that is being done there. Nearly forty stenographers are working night and day and a force of men is kept engaged constantly in sending out campaign literature and seeing to the mailing of thousands of letters every day. Various committees are also at work at headquarters. Some have to do with organization, others with the assignment of speakers and others with the answering of the mail. In fact the Democrats have done more work in this campaign than in any previous political contest in the state. Much of the credit of the splendid organization which has been made is due to "the boys in the trenches" and the men who make up the organization in the county precincts. In this campaign they have been faithful and active and should not cease in their work until the polls close on election day.

Much credit is also given to the state press which has done more work for the Democratic party in this campaign than ever before. The Democratic papers have used their columns to secure party success and the good which they have accomplished can not be measured or estimated.

Every Democrat in the state who has aided in the slightest in the work of organization should feel that some of the credit is due him and that he has contributed in large measure towards the success of the party.

The Democrats have met and answered all of the arguments of the Republicans while the Republicans have been unable to answer the charges which have been made against them from the beginning of the campaign until the present time.

The Democrats are being supported by the better element of the people while the main strength of the Republicans lies in the negro vote.

The Democrats have men of the highest honor and integrity conducting their campaign while some of those active in the Republican campaign do not bear such a good reputation.

The Democratic campaign committee desires to call on all of the Democrats to go to the polls on election day and vote themselves and see that their neighbors and friends are voted.

When the voice of the entire people has been heard the members of the committee are confident that it will give a majority for Beckham and the entire state ticket of not less than 25,000.

#### LIVE BIRD SHOOT

WILL BE HELD THURSDAY  
OF NEXT WEEK.

Open to All Who Wish to Enter.—Interstate Rules  
Will Prevail.

Thursday, November 5, commencing at 1 o'clock p. m., the Hopkinsville Gun club will hold a live bird shoot at their grounds on East Thirtieth street.

Contrary to the rule which generally prevails at the shoots held by the club of allowing only club members to participate, this event will be open to all who care to enter, the only charge being that made for the birds. The shoot will be governed throughout by the interstate rules and there will positively be no side shooting allowed. It will also be a handicap contest, the shooting being at from twenty-five to thirty yards rise and fifty yards boundary and the birds will be furnished from a set of five traps. There is also some talk of offering a medal to the best score made by a Christian county shooter, but this has not yet been definitely settled. According to the rules of a live bird shoot the marksman is allowed to fire both barrels at the bird and is counted a kill if either barrel kills it and is gathered within the fifty yard boundary. In clay-pigeon shooting only one barrel is allowed to the bird. It is supposed that each contestant will shoot at fifteen birds, although the number may be increased. As this will probably be the last shoot of the season and is something somewhat out of the ordinary as the targets will be live pigeons, a large crowd will doubtless witness the event.

#### NOW CLOSE AT HAND

(From Tuesday's Daily.)

The campaign for state officers will be wound up in whirlwind style this week by the Democrats. Scores of speakers are on the stump, and in nearly every county in the state the doctrines of the Democratic party and its position on state issues will be expounded.

The features of the week will be Gov. J. O. W. Beckham's final swing around the state on a special train and the big Louisville rally Wednesday night. The special train started this morning at 8 o'clock and the five remaining days of the week will be spent in visiting about forty points at which the shortness of the campaign has prevented the governor from speaking.

This morning the governor spoke at Horse Cave, Cave City, Glasgow Junction and Smith's Grove. This afternoon his itinerary includes Auburn, Russellville, Guthrie, Pembroke, Earlinton, Sebree and Madisonville. He speaks at Pembroke at 3:15 o'clock.

The rest of the trip will be as follows:

OCT. 28 VIA I. O.  
Morning—Paducah, Kuttawa, Dawson Springs.  
Afternoon—Nortonville, Greenville, Central City, Beaver Dam, Leitchfield.  
Evening—Louisville.

OCT. 29 VIA L. & N.  
Morning—Lebanon Junction, Mitchellburg, Junction City.  
Afternoon—Stanford, Lancaster, Richmond, Winchester, Salt Lick, Morehead.

OCT. 30 VIA C. & O.  
Morning—Louisla, Catlettsburg, Greenup.  
Afternoon—Vanceburg, Maysville, Augusta, Covington.

OCT. 31 VIA L. & N.  
Morning—Sparta, Worthville, Sulphur.  
Afternoon—Lagrange.

With Gov. Beckham on the train are Senator J. C. S. Blackburn, Senator James B. McCreary, the Hon. Ollie James, the Hon. Lewis McQuown and three newspaper men. The schedule calls for stops of about fifteen minutes at each place on the itinerary, though in several places at the close of the day's traveling the governor will make a more extended speech. Gov. Beckham will be the speaker at every point, and will be introduced by the different men accompanying him. The state central committee has been in correspondence with the chairman of the Democratic committee at each point where the special stops, and speakers will be on hand to address the crowds both before the arrival of the train and after its departure. The train will be run on schedule time, and the stops will be neither longer nor shorter than called for in the time card.

Since the opening of the campaign at Winchester September 5, Governor Beckham has been constantly on the stump. He has proved himself an able campaigner and is in as good physical condition as when he started out. Gov. Beckham's last speech will be delivered Monday at his home in Bardstown.

America leads the world in increases in population. In the centuries just passed we have outstretched the nations of the earth.

#### "CHARLEY'S AUNT"

KENTON CLUB.

Talented Young Amateurs  
Will Present the Noted  
Farce Here.

The second annual public entertainment of the Kenton Club will be given within the next few weeks and promises to be an event of the greatest interest. It will be the play "Charley's Aunt," one of the brightest and most novel of farces, and will take place at Holland's opera house.

Already rehearsals are in progress and when the play is presented it will have none of the imperfections that usually mar amateur performances. The best of local dramatic talent will participate. Among the young ladies who have clever roles are Miss Jean McKee, Miss Mary Graham Stirling, Joy Herndon and Annie McPherson. The male parts have been assigned to Mr. Ben Winfree, George Howell, Lawson Flaek, Wallace Kelly and Guy Stirling.

The Kenton Club is preparing to install a complete gymnasium in connection with its club rooms and the proceeds of the play will go towards purchasing the necessary equipment.

The day's journey ended at Madisonville, where a rally was held and several thousand cheered the speakers. After leaving Munfordville short stops were made at Horse Cave, Cave City, Smith's Grove, Russellville, Auburn, Guthrie and various points on the Louisville & Nashville up to Sebree, Webster, county. The governor spoke in eight counties and is well pleased with his first day's work and gratified at the enthusiasm manifested by Democrats along the route. The train left for Paducah last night, from which place the special will travel up the Illinois Central today.

How a Hobo Was Exposed in  
Clarksville.

(Special to New Era.)

CLARKSVILLE, Tenn., Oct. 27.—A new scheme to test the genuineness of the appeals made by alleged maimed and disabled beggars who daily pass through this city was tried in the police court. Two men, Robert King and Joe Sullivan, were arrested for vagrancy and each pleaded his inability to work on account of being crippled. King was first examined and one arm was found badly twisted and perfectly stiff. A physician was called in and King was asked to submit to chloroform. This he willingly did and as the drug took effect the muscles of the arm relaxed and it was found to be sound. It was not necessary to try the plan on Sullivan. They were each fined \$20 and went to the rock pile.

#### ELKS' TALK-FEST.

The Elks had a talk-fest last night which was enjoyed immensely by everybody who was fortunate enough to be present. The beautiful club rooms were a scene of gaiety from nine o'clock until nearly the biggest hour of the night, and there was something doing all the time. The orchestra furnished delightful music and there were impromptu speeches, funny stories, practical jokes, roasts, songs and toasts in endless variety. A substantial collation was served and ample justice was done to it. The social session was the first of a series that the Elks will give.

## A MONTH

A small bottle of Scott's

will last a baby a month—a  
few drops in its bottle each  
time it is fed. That's a small  
outlay for so large a return of  
health and comfort.

Babies that are given  
Scott's Emulsion quickly re-  
spond to its helpful action.  
It seems to contain just the  
elements of nourishment a

Mr. E. H. Hackett, a prominent merchant

constipation and indigestion, and was prevailed  
upon to try Dr. Carlstedt's German Liver  
Powder by one whom it had done great good.  
He gave it a single trial, when he began to feel  
better at once. Troubled with piles, Mr. Hackett  
was surprised to find himself cured of this  
most dreaded of bodily ailments. He is now  
a well man and does not use any medicine. If  
you are afflicted in this manner, give it a trial.

## The PEARL OF The PENNYRILE

Hopkinsville, the capital of Christian county, has long borne the proud title of "The Pearl of the Penny-rile," but at no time in its history has the city been more deserving of the name than now. During the past decade and the last two years especially, the growth of the city has been remarkable, and the outlook for the good work to be kept up in the future is very bright indeed.

During the last two years at least \$350,000 has been invested in buildings for business purposes alone, and the cost of the new residences which have been erected or are now in course of erection will aggregate at least half that amount.

One of the largest and most important additions to the business section is the new plant now being built by the Acme Mills & Elevator Co. This company began business in 1897 with a mill having a capacity of 550 barrels of flour per day, but finding that on account of the growing demand for their products, an enlarged capacity was necessary, they let the contract for a mammoth five-story mill, to have a capacity of 850 barrels of flour per day, and bran, meal, etc., in proportion. This makes the total capacity of the old and new plants 1,300 barrels per day and one of the largest and most complete in the south. Two large elevators afford storage for 150,000 bushels of wheat.

Two of the finest buildings which have been built on Main street recently are those just completed by the First National bank and the Planters' Bank and Trust company, the two buildings costing \$35,000 each. Both buildings have stone fronts and are in every way fitted for the uses of a modern and well governed banking institution. The affairs of both of these banks, as well as the other two of this city, are in thoroughly competent hands, as is evidenced by the favorable reports issued at regular intervals.

The local lodge of Odd Fellows, on River Lodge, No. 54, have built a magnificent home on the corner of Ninth and Virginia streets at a cost of \$20,000. The first floor is occupied by two large store rooms, the second floor by offices en suite and the banquet hall. The third floor is devoted entirely to the lodge room, and is one of the handsomest and most conveniently arranged in the state.

Situated on the same lot and separated only by a very narrow passageway is the home office of the Cumberland Telephone and Telegraph company, one of the largest and richest corporations in the South. This building is well calculated to be a companion for the Odd Fellows' home, inasmuch as the two are in direct contrast, but both are perfect types of the styles of architecture employed. The Odd Fellows' home is a massive, square-built building of red pressed brick and stone trimmings. The telephone building is a narrower building, with solid stone front and sloping slate covered roof. It is fitted with every convenience calculated to prove of benefit in carrying on the constantly increasing business of the company. The latest central energy or flash light system will be used.

The Louisville & Nashville Railroad company is now advertising for bids for the erection of a freight depot to cover half a square. The building will be of brick, with stone front, containing ample room for the handling of freight and offices for the lo-

cal employees, and will cost \$18,000. The work of remodeling the court house has just been completed at a cost of \$10,000. The interior of the courthouse was given especial attention, and is now one of the most attractive and conveniently arranged in this section. The old-fashioned winding stairway has been replaced by a double flight of stairs ascending on either side of main corridor. All the corridors have been tiled, the walls whitened, the woodwork painted and varnished and nothing left undone which would contribute to the beauty or elegance of the interior. On the exterior the most important change is the addition of a new clock tower which greatly improved the general appearance of the building. The walls were also given several coats of paint.

Besides these buildings there are a number of others which will be erected in the near future and will add to the already beautiful appearance of the business section of the city.

The additions to the residence section have been equally as great. The local contracting firms have been rushed night and day in the work of building homes for the newcomers as well as the citizens. On all streets, no matter how insignificant, can be heard the sound of the hammer and saw.

One of the greatest benefits which has been vouchsafed the city in the last few years is the Tennessee Central railroad, which is now virtually completed. The grading for the roadbed is all done, and the track from Harrison, Tenn., to Clarksville, Tenn., is completed with the exception of the bridge over Cumberland river, and work on this is being rushed, and it will be ready for traffic in a few weeks. It is the present intention to begin operating the road on a schedule time about the first of December. This gives Hopkinsville three leading railroad systems, i. e., the Louisville & Nashville, the Illinois Central and the Tennessee Central.

## PROMINENT CLARKSVILLE MAN PUTS A BULLET IN HIS HEART.

(Special to New Era.)

CLARKSVILLE, Tenn., Oct. 28.—

Mr. Percy Smith, one of the most prominent and popular young men in this city, committed suicide at 8:30 o'clock this morning. He left home apparently good health and spirits went to his office in the McCrae building and locked the door. Sitting at his desk, he unbuttoned his waistcoat and shirt, placed the muzzle of a 32 colt revolver over his heart and pulled the trigger. Persons in neighboring offices heard the shot, and being unable to force the door, entered the room through a window and found him dead. Mr.

Smith was thirty years old and leaves a widow, formerly Miss Myrtle Moore, of Nashville, whom he married two years ago. Despondency over business reverses caused the deed, it is supposed. He was local representative of a St. Louis commission firm. The funeral will take place tomorrow afternoon at 2:30 o'clock, conducted by the Elks lodge.

John A. Welch, formerly a Baptist preacher, killed himself with a revolver at his home near this city today. He was fifty years old. Alcoholism unbalanced his mind.

## Every Democrat to His Duty!

The day for the state election is drawing near. Only next week the people of Kentucky will be called upon to elect a governor and state officers for the ensuing four years, members of the most numerous branch of the legislature and one-half the members of the senate. In addition to these there are judges of the circuit court, commonwealth's attorneys and various local officers to be chosen. It is an occasion of much moment to the people of Kentucky, involving as it does their political status for the next four years and having a remote bearing upon the presidential election in the coming year. If the Democratic party shall carry the state by such a majority as will indicate beyond a doubt that the party differences which once placed it in a minority are healed, and that harmony directs its councils, it will give encouragement throughout the union to the Democrats who have been contending against odds, and inspire them with similar energy and harmony necessary to success.

The state campaign which is drawing to a close has been vigorously and effectively conducted. As far as popular opinion has manifested itself there is every assurance of an old-fashioned Democratic victory. Past discussions have been healed, there has been a general reunion of those whose convictions of right or policy separated them for a time, and as to those who still remain out of the Democratic ranks, have been more than replenished by accessions from the opposite party. In no boasting spirit, therefore, the Courier-Journal believes in the prediction that the Democratic state ticket will be elected by a majority which will put at rest all doubt as to where Kentucky stands in the present year and where it may be counted on for the next and many coming years.

But while, pending the actual result, there is every prospect for a successful issue which will put at rest all doubt as to the political status of Kentucky, it behooves the Democracy to relax no effort in the pending contest.

On the contrary, the buoyant spirit of the many evidences of approaching victory let the campaign be pressed in every precinct and county in the state, as if the result depends on one particular locality or in divisional votes. Over-confidence is quite as dangerous a lack of confidence. The man who wins in life, as in politics, are those who fight as if there were imminent danger of losing. Let the work be not only zealous, but systematic. Organization is the weapon which wins in politics as well as in war. The time is short and the season favorable for work. The stake is worth it. It is a contest of principles. It is the Democratic principle which lies at the foundation of the republic and the state. It gave birth to Kentucky and has made her great among states in the virtue of her people and the prosperity with which she abounds. Therefore let every Democrat in the broad confines of the state be alive to his duty from now until the polls close on the 3rd of November, and he will have the proud satisfaction of having personally contributed to a victory which will add new honor to Kentucky and the Democracy. ## PROBLEM OF RACES HOMEOPATHS MEET ANNUAL ELECTION

DISCUSSED BY JOHN TEMPLE GRAVES.

Separation the Solution. Suggests State Governed By the Negro.

John Temple Graves, the noted Southern orator and editor of the Atlanta News, and whose lectures here were greatly enjoyed by Hopkinsville audiences, delivered an important address in Louisville Tuesday night on the race problem.

Mr. Graves started with the proposition that the races are not and cannot be equal; that even though the negro be in the majority, he will never be allowed to govern the white man by ballot.

"He is an unequal competitor," said he, "with a superior race." To remedy this, doing justice at the same time to the black man as well as to the white, Mr. Graves said that separation would alone suffice.

As to the methods of separation of the races, Mr. Graves discussed many of the schemes that have been from time to time proposed, and showed their impracticability from one cause or another. He eliminated the deportation and colonization of the negro from the possibilities as being too expensive and requiring too much time.

He proposed, as a solution, the sovereign state, governed and controlled by the negroes, with every office from judge of the supreme court to that of county coroner filled by negroes. He suggested certain territory, either in Texas, Lower California or Louisiana, as the best suited from the standpoint of climate for the purpose. He proposed that in this state alone the negro has the right of suffrage, and that his right of suffrage be confined to this state alone.

In his plan was included the privilege of sending representatives and senators to congress, and in every way allowing this state the same rights as are guaranteed to other states, save the right of franchise, which, he believes, should be limited in this state to the negro.

Mr. Graves did not discuss as fully as was expected the social conditions in the South brought about by the negro question, but he dwelt with some force upon the restless condition there which results from the violations of the law by the negro.

Mr. Graves said that a memorial embodying the suggestions for a sovereign state would be introduced at the next regular session of congress and he urged the citizens of Louisville to consider the grave responsibility upon them and promote the plan suggested.

SOUTHERN MEDICAL ASSOCIATION IN SESSION.

Reports Show Steady Advancement All over the Country.

The Louisville Courier-Journal says:

Physicians from every state in the South gathered at the Galt House yesterday morning to attend the opening of the twentieth annual session of the Southern Homeopathic Medical association. There were nearly fifty members of the association in attendance when the meeting was opened by Dr. George S. Coon, of this city, the president, and by this morning it is thought the number will have been swelled to over 100 by the arrival of other members yesterday afternoon and last night.

Among those who were present during the morning session was Dr. E. H. Pratt, of Chicago, who announced that a new homeopathic hospital would be built in connection with the Chicago Homeopathic Medical college, which will cost over \$400,000. Prof. Dewey, of the University of Michigan, reported the completion of a new college and hospital at Ann Arbor, which are among the finest institutions of their kind in the West. Dr. Reilly, of Fulton, Mo., made a brief talk in which he outlined the present efforts of the homeopaths of Missouri to secure an examining board of their own. He also announced that a chair of homeopathy has been created in the University of Missouri and that a professor will be appointed at the opening of the school next year. Dr. Reilly recently compiled a directory of homeopathic physicians for Missouri showing that there are now over 50 in the state.

Dr. Halman, of Arkansas, told of a new medical law for his state, under which the homeopathic physicians have their own examining board.

One of the pleasing features of the morning session was the address which was delivered by Dr. Coon, of this city. The address was on the medical profession and the men who did so much to advance the cause of homeopathy.

Many interesting papers on technical subjects were read by members, and the meeting will close this morning after the reading of several more papers. The session has been one of the most successful ever held. Louisville was selected as the place for the meeting next year.

The following are the officers elected: Dr. Willis Young, of St. Louis, president; Dr. J. H. Baldwin, of Jeffersonville, Ind., first vice president; Dr. W. A. Bayes, of Knoxville, Tenn., second vice president; Dr. J. T. Bryan, of Louisville, Ky., treasurer; Dr. J. E. Mann, of Louisville, Ky., recording secretary; Dr. Lizzie Gray Gutberly, of St. Louis, Mo., corresponding secretary; Dr. J. W. Kitchbaum, of Danville, Ky., Dr. H. L. Lott, of Louisville, Ky., Dr. F. L. Jewett, of Lexington, Ky., Dr. D. Saunders, of North Vernon, Ind., and Dr. W. F. Armstrong, of Henderson, Ky., board of censors.

Yellow fever was the main topic of discussion yesterday. It was agreed that the mosquito is the only means of transmission of the disease and that the way to prevent the spread of the plague is to prevent the mosquito from having access to the patient with the fever. Dr. C. E. Fisher, of Chicago, and Dr. Payne, of Atlanta, led in the discussion. Papers on technical subjects of interest to the medical profession were read.

## Concert.

There will be a concert at Highland Chapel, just east of the city limits on the Russellville pike, Friday night, Oct. 30th. The proceeds are to be given district No. 20 for the benefit of the school library. Admission, adults, 15c; children under 13 years, 10c.

OF K. OF P. GRAND LODGE OFFICERS.

Widows' and Orphans' Home Question.—Grand Chancellor Henry's Report.

The grand lodge of Knights of Pythias in session at Lexington, Wednesday elected Joseph Covington, of Bowling Green, to succeed Col. J. J. Henry as Grand Chancellor.

The full list of newly elected officers follows:

Joseph Covington, Bowling Green, Grand Chancellor.  
William F. Shuerman, Carrollton, Grand Vice Chancellor.  
J. W. Carter, Owensboro, Grand Keeper of Records and Seal.  
Jule Plummer, Newport, Grand Keeper of Exchequer.  
T. G. Stuart, Winchester, Grand Prelate.  
M. R. McLean, Covington, Grand Master-at-Arms.

George B. Young, Louisville, Grand Inner Guard.

O. H. Pollard, Jackson, Grand Outer Guard.  
W. C. Quinby, Dayton, Supreme Representative.

The advisability of building a Knights of Pythias widows' and orphans' home was discussed. There is a handsome sum in the treasury available for such a purpose. Several speeches were made for and against the building of the home at this time, and finally a motion was put and carried to lay the matter on the table until the next meeting of the state grand lodge. The selection of a site for the proposed new home was left in the hands of a committee composed of W. C. Quinby, of Dayton; Thomas P. Satterwhite, Jr., of Louisville, and L. H. Davis, of Hopkinsville.

The next annual meeting of the state grand lodge will be held at Franklin in October, 1904.

The report of Grand Chancellor Henry was submitted to the lodge.

It is full of interesting facts and figures.

District conventions were held from May 14 to June 9 at Shelbyville, Danville, Grays, Winchester, Maysville, Newport, Worthville, Henderson, Hopkinsville and Bowling Green. At all these meetings the grand chancellor was accompanied by Grand Keeper of Records and Seal J. W. Carter. A synopsis of the proceedings of each of these conventions is also given in the report.

New lodges were instituted during the year at the following places: Shannon, Oakwood, Mays Lick, Wheatcroft, Morehead, West Liberty and Filmore. Several of these lodges have more than doubled their membership since they were instituted a year ago.

The widows' and orphans' home fund is shown to be in a healthy condition. On September 30, 1903, the cash on hand was \$1,689.20. Since that time \$6,877.53 has been added to the fund from various sources, and

the total is now \$7,566.83. Of this amount \$6,000 has been invested and there was a deduction of \$205.61, leaving cash on hand \$1,361.22. The investments have been made with various trust companies in different cities of the state and, in addition to the above investment of the past year \$9,000 had been previously invested, making a total of \$10,361.22 now in this fund.

Strong words are used in speaking of the uniform rank, especially in view of the fact that the supreme lodge will meet in Louisville in 1904. There are now fifty companies in the state with a membership of 2,500. It is suggested that this membership will probably be doubled before the meeting of the grand lodge in Louisville in 1904.
