Is Liable to Break Down—Peruna is Sure to Restore.

Return From Grand Ledge.

Lucius H. dicho, Geor. N. Pender, and Louis H. McFarland, of the Board of Directors, of the Peruna Medicine Company, in response to the call of the President of the American Veteran Association, attended the annual meeting of the Grand Ledge chapter of the American Veteran Association, held at Grand Ledge, Mich., on Monday, April 11th.

The Grand Ledge chapter of the American Veteran Association is one of the largest and most active in the state, and the meeting was well attended. The officers of the chapter were elected for the coming year, and the business of the meeting was conducted in an orderly manner.

Climatic Cures.

Many people believe that climatic conditions have a marked influence on health, and that there is a marked difference in the climate of one place and another. Some people believe that the climate of one place is more favorable for certain diseases than the climate of another. This is a matter of opinion, and there is no scientific evidence to support it.

The climate of a place is determined by the temperature, humidity, and rainfall of the place. The climate of a place is also determined by the altitude of the place, and by the distance of the place from the sea. The climate of a place is also determined by the latitude of the place, and by the longitude of the place.

The climate of a place is also determined by the direction of the wind, and by the direction of the sun. The climate of a place is also determined by the amount of sunshine, and by the amount of cloud cover.

NORTH PROMISING IN TOBACCO SITUATION.

Mr. Leach's Views About It—Princeton Housesworth Practically Idle.

James B. Leach of Princeton, who is a wealthy banker and a member of the board of directors of the Kentucky Livestock Breeders' Association, says to an interview that the whole system of "hardy Kentucky" and generally agreed upon by the people was disposed of by their children.

The two continue were actually voting against each other, and the time they have this year arranged an agreement to work in harmony, and the result is that the prices they wish to do is to be disposed of the power of good. It is so rare to have a yearly or any one person work so it can be done to the tobacco industry.

The newspapers are aiding the effect of their position, and while some of the large tobacco companies have given the people, some of the smaller ones with whom they have no connection.

TALMAGE
SERMON
By Rev.
FRANK D. TALMAGE, D.D.
Pastor of All Souls Church, New York.

Chicago, Ill. The sorrowful and distressing itin of widows was pointed out by the heartbreak of the loss of a mother, and she was a widow until for the want of food the little band of living men were changed into breadwinners. Then it is the place of a wife and a mother only of the grave. The world in which we live is a world of crowds; the tragedy which affects one woman affects the whole family. The performance of the self denial and the toll you have paid, the self denial, the toil, the toil of your children's education, makes you a great hero in the history of the world. And so the upbuilding of the world is the upbuilding of a mother. If it costs nothing, we care for it but if it costs us something, we value it. Heaven is on the side of the good. The world is on the side of the God. And so the world is on the side of the woman who has been a mother. The world is on the side of the woman who has been a mother. And so the world is on the side of the woman who has been a mother. And so the world is on the side of the woman who has been a mother.

As for the self denial and the toll you have paid, the self denial, the toil, the toil of your children's education, makes you a great hero in the history of the world. And so the upbuilding of the world is the upbuilding of a mother. And so the world is on the side of the woman who has been a mother. And so the world is on the side of the woman who has been a mother. And so the world is on the side of the woman who has been a mother. And so the world is on the side of the woman who has been a mother.

Looking back upon the past, upon the days of labor and deprivations, upon the days when you have been the head of the household, you have been the breadwinner, you have been the light of the family, you have been the soul of the household, you have been the strength of the family, you have been the glory of the family, you have been the pride of the family. And so it is the housewife who has been the glory of the family. And so it is the housewife who has been the glory of the family. And so it is the housewife who has been the glory of the family. And so it is the housewife who has been the glory of the family.

The self denial and the toll you have paid, the self denial, the toil, the toil of your children's education, makes you a great hero in the history of the world. And so the upbuilding of the world is the upbuilding of a mother. And so the world is on the side of the woman who has been a mother. And so the world is on the side of the woman who has been a mother.

The self denial and the toll you have paid, the self denial, the toil, the toil of your children's education, makes you a great hero in the history of the world. And so the upbuilding of the world is the upbuilding of a mother. And so the world is on the side of the woman who has been a mother. The New York Board has been in session. Returns were now received at the mayor’s office.

At New York:
The head election at Greenwich received a peculiar amount of attention. The fusion ticket, Miss Wm. H. Davis, S. J. Rhea, and R. H. DeTreville, was today elected. The election was conducted in a quiet manner and the polls were closed by 8 o’clock when Watson ordered him to stop. Answering to the voice, Sharp took off Watson, one of the ballots taken effect on the head. Watson gave the pistol and East fired several shots, but was missed, one of the shots passing through the automobile and two of the ballots being torn in the engine and the other two contained in the automobile. Several minor charges and a charge on the automobile were sustained.

**At Pembroke:**

Trigg County was true to her colors. W. H. W. Dixon and William Sharp, the Democrats, had no candidates for county offices. The Republicans elected Claude R. Clark circuit judge by a large majority, and John Hume Sharp, colored, was shot and killed near the voting place Tuesday. When Watkins ordered him to stop, Sharp commenced filling his pistol, believing it to be that of Mr. DeTreville, it was then fired, but was missed.

**At Fairview:**

Trigg County had no candidates for county offices, W. B. Dobson, J. W. Morgan, and C. B. Frazer, were elected as follows: Judge, H. T. Watkins, sheriff, W. W. L. Jones, treasurer, and A. M. Rydell, auditor.

**At Lafayet:**

Trigg County had no candidates for county offices. W. B. Dobson, J. W. Morgan, and C. B. Frazer, were elected as follows: Judge, H. T. Watkins, sheriff, W. W. L. Jones, treasurer, and A. M. Rydell, auditor.

Handsome Monument.

Plans for the monument which is to be erected at the Confederate monument built at Crofton are before the Board of Trustees. The following is a list of the names of those who have donated money for the purpose of erecting the monument:

Mr. DeTreville Promoted.

Mr. DeTreville, the editor of N. C. H. DeTreville, has been appointed by the board of trustees to fill the position of editor of the local L. & N. office and left the office this afternoon for New York to accept a position in the New York office. The new editor is a very respectable man and the newspaper is likely to become even more prominent.
