His Fate is Death

Frank Meriwether, Whose Brutal Blows Crushed Victim's Skull, Takes His Place in the Company of the Condemned Murderers.

TRIALS OF FOUR NEGROES ARE CONTINUED.

(Franklin Daily) — The jury in the case of Frank Meriwether, charged with being one of the principals in the murder of the unknown man near Pembroke, is still considering the evidence in the case. The trial is expected to continue for several days.

The trial of Frank Meriwether is one of the most important cases in the county, and all who are interested in the outcome of the trial are anxiously awaiting the result.

The defense attorney, Mr. B. J. Crabtree, has presented a strong case in behalf of his client. He has shown that there is no evidence to connect Frank Meriwether with the murder.

The prosecution attorney, Mr. C. W. Had franK, has tried to prove that Frank Meriwether was present at the scene of the crime.

The jury has been deliberating for several days, and it is expected that they will return a verdict soon.

At the conclusion of the case, the judge will instruct the jury as to the law applicable to the case, and the jury will then retire to consider the evidence and render their verdict.

The trial has been a long and difficult one, but the court has taken all necessary precautions to ensure a fair and impartial trial.

The trial is expected to continue for several more days, and the court has made arrangements to accommodate all who wish to attend.

and decided to wear out the winter by going back to school. I was a bit of a wild child, and I couldn't stay out of trouble. Someone was always pushing me down the stairs, or I was knocking over a crucifix. There was a lot of family pressure to get a meal and a place in the world, but I just couldn't seem to settle down.

That day it was a real challenge. I had to complete a project for the church. That day I was expected to teach a class. I was not supposed to misbehave, but I was not very good at that. I had always been a bit of a troublemaker. When I entered the classroom, the doors were locked and there were no signs. I knocked on the door and heard a noise. I went in and found the children drawing pictures on the walls. I was not supposed to do that.

The next day I had to deliver a sermon in church. I was not very good at that either. I had always been a bit of a troublemaker. When I entered the church, the doors were locked and there were no signs. I knocked on the door and heard a noise. I went in and found the minister standing at the pulpit. I was not supposed to do that.

DEATH ON GALLAROS FOR CHAS. FINCH.

Jury Had Deliberated For Hours—One Man Was At First In Favor Of Life Sentence. Motion For New Trial Will Be Asked.

From Saturday's Daily—The verdict of the jury in the case of Charles Finch, charged with murder and assault with intent to murder, was received this morning at the bar.

We, the Jury, Find the Defendant, Charles Finch, Guilty As Charged in the Indictment and Fix His Punishment at Death.

(Signed) Z. C. BARNES, Chairman.

WE ARE OF THE OPINION

We are of the opinion that the evidence in this case does not warrant a verdict of the death penalty, and that the punishment of the defendant should be reduced to imprisonment for life.

Mr. F. Holm, a witness for the prosecution, testified that he was present at the scene of the crime and heard the defendant confess to the murder.

Mr. J. W. Blakey, a witness for the defense, testified that the defendant was under the influence of alcohol at the time of the crime.

Mr. T. W. Long, president of the company, testified that the defendant was not a good employee and had been discharged the day before the crime was committed.

The defendant, Charles Finch, was 28 years old and had no prior criminal record.

There was no evidence of self-defense or any mitigating circumstances.

The defendant was sentenced to life imprisonment.
