# WEEKLY NEW ERA.

ONE DOLLAR A YEAR

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY FEBRUARY 19, 1904

VOLUME XXXIV, NO. 18

## A Matter of Health

There is a quality in Royal Baking Powder which makes the food more digestible and wholesome. This peculiarity of Royal has been noted by physicians, and they accordingly endorse and recommend it.

ROYAL BAKING POWDER CO., NEW YORK.

## PEACEFULLY DR. E. P. RUSSELL SINKS TO REST.

End Came at 11 O'clock Tuesday Night In Sanitarium at Evansville.---Funeral Thursday and Interment In Hopewell Cemetery.

(From Wednesday's Daily.)  
Dr. Ephraim P. Russell is dead. The sad news spread rapidly in the city this morning and was received everywhere with expressions of sorrow. For several days the life of the esteemed physician had been hanging as by a thread, and the regard in which he was held by people in all walks of life was evidenced by the constant inquiries concerning his condition and the genuine regret manifested when it became known that there was no hope for his ultimate recovery.

Dr. Russell had been in Dr. Walker's sanitarium at Evansville, Ind., for a month, undergoing treatment for senile gangrene, the immediate cause of which was, it is supposed, a knife cut he made while removing a bunion from the little toe of his left foot. He had been confined to his room at his residence in this city several weeks and early in January underwent an operation, his entire toe being amputated. The condition was not, however, relieved by the operation, and to prevent a further spread of gangrene, it was regarded necessary to remove a part of his left leg. Dr. Russell while in the Confederate army was severely injured by a gunshot wound in his left leg, the circulation being impaired by broken blood vessels and made susceptible to blood poison, and it was feared that this disease would end his life, while surgery might prolong it. He was taken to Evansville and on February 9 his leg was amputated above the knee. He stood the operation well, and his family and friends felt there was a good chance for him to get well. Unfavorable symptoms soon developed and for a week it had been known that the end was a question of but a brief time.

Dr. Russell passed peacefully away last night at eleven o'clock after having been unconscious about twenty-four hours. His devoted wife and his son-in-law, Mr. Ford L. Wilkinson, were with him in the sanitarium when the end came.

Though Dr. Russell had been a resident of Hopkinsville less than a decade or years, he was widely known and universally respected. He was a gentleman of the old school with a heart resplendent with those attributes which make a noble character. All who knew him any degree of intimacy unite in praise of his blameless life, his integrity and good citizenship, and will never cease to cherish and revere his memory. He loved his fellowman and drew to himself the admiration and affection

of all with whom he came in personal contact. He was a skilled physician and enjoyed an extensive practice, and the good he accomplished while following his profession in saving lives and restoring health and cheering homes is beyond all estimate.

It is a peculiar coincidence that Dr. Russell's death was somewhat similar to that of his son, whom he loved so greatly and whose untimely end was a terrible shock to him. It will be remembered here that Jack Russell, one of the most popular journalists in Kentucky, died, like his father, in a hospital after his left leg had been amputated above the knee. The young man, who was serving as a soldier in the Philippines, had been wounded in a battle with bolo men.

Dr. Russell was born Sept. 21, 1844, and was a native of Todd county. He was in the Confederate army, having enlisted in 1861 in Breckinridge's Escort as a second lieutenant. He also served in the Second Kentucky and the Eighth Tennessee regiments. He was wounded several times, and in three different battles, at Chickamauga, London and Bristol. He was a member of Ned Meriwether Camp, U. C. V., having joined August 8, 1898.

He was a brave and gallant soldier, and distinguished himself on several fields of battle by deeds of heroism in the face of the enemy. For nearly a year lay in a hospital, suffering from partial paralysis due to his wounds. After the war he studied medicine and, after living a short time in Philadelphia, practiced his profession with continuous success in Elkton and Todd county. He was first married to Miss McReynolds who died about fifteen years ago. Two children, Mrs. Ford L. Wilkinson, of this city, and the late Jack Russell, were born of this union. Some time after moving to Hopkinsville, Dr. Russell was married to Miss Green Henry, to whom and to his daughter, Mrs. Wilkinson, the sympathy of the community is extended. The deceased was a Christian and a member of the Christian church of this city. The remains will be brought to Hopkinsville this afternoon at 5:18 o'clock. Brief services will be held at the late residence on East Ninth street tomorrow afternoon at 2 o'clock, and the remains will be interred in Hopewell cemetery.

## MARK HANNA HAS ANSWERED DEATH'S CALL.

United States Senator From Ohio and Famous Politician Passes Peacefully Away After Illness of Two Weeks.

SENATOR M. A. HANNA.

(Special to New Era.)  
WASHINGTON, Feb. 16.—Marcus A. Hanna, United States senator from Ohio and one of the foremost figures in public life, died last evening in his apartments at the Arlington Hotel at 6:40 o'clock, of typhoid fever, after an illness of two weeks. He passed away peacefully and without pain after being unconscious since 3 a. m., at which time the first of a series of sinking spells came on, from the last of which he never rallied.

All the members of the family, with one or two exceptions, were at the bedside when the end came.

During the last hours life was kept in his body only by the use of the most powerful stimulants.

The end followed a sinking spell that lasted ten minutes, beginning at 6:30.

### Marcus Alonzo Hanna.

Marcus Alonzo Hanna, of Cleveland, U. S. senator from Ohio, was born in Lisbon, Columbiana county, O., Sept. 24, 1837, and moved to Cleveland in 1852, being educated in the common schools and at the Western Reserve college. He was employed in a wholesale grocery firm and later engaged in the iron and coal business in which he made a great fortune. His business interests were extensive and he was a director in several shipping companies, railroads, etc. He was active in politics and was elected chairman of the Republican National convention in 1896 and retained the office to the time of his death. He was one of President McKinley's greatest friends and closest advisers. He was appointed U. S. senator in 1897 and held the office continuously from that time on by reelection.

## WEALTH OF CHRISTIAN COUNTY AS SHOWN BY 1904 ASSESSMENT.

Recapitulation of the Real Estate, Personal Property and Statistics of Interest.

The recapitulation of the taxable property of Christian county has been completed, and the report will be sent this week to the state auditor. The state board of equalization will go over the books and make what charges they deem necessary. The board will notify the county clerk if any alterations are made and he will then make two transcripts of the books, giving one to the sheriff and sending the other to the auditor.

The lists show the total assessed value of lands to be \$5,024,890; town lots, \$2,812,280; property not subject to equalization, \$890,896; property subject to equalization, \$1,432,210; exemptions, \$287,436; total amount of taxable property, \$9,372,840.

Following are leading items in the assessment for 1904:

Amount of bonds, \$41,500; notes secured by mortgages, \$443,925; other notes, \$192,885; accounts, \$38,250; cash on hand, \$18,196; on deposit in bank, \$95,120; in other corporations, \$750; acres of land, 412,699; valuation, \$5,024,890; town lots, 2,432; value, \$281,280; thirty-seven thoroughbred or standard mares and

colts, \$8,000; common stock mare and geldings, 2,615; value, \$128,710; 4,049 mules and mule colts valued at \$213,065; 83 jacks, \$4,555; 31 jennets, \$400; 21 standard bulls, \$730; 85 thoroughbred cows, \$1,765; 5,682 common stock bulls and cows, \$75,295; 2,484 sheep, \$5,585; 14,882 hogs, \$65,090; agricultural implements, \$61,615; taxable products, \$1,440; vehicles, \$61,640; sewing machines, \$6,410; household and kitchen furniture, \$167,720; machinery etc., \$112,170; musical instruments, \$26,675; raw material for manufacturing, \$36,385; manufactured articles, \$9,025; libraries, \$9,125; diamonds, \$4,840; watches and clocks, \$5,555; jewelry, \$670; steam engines, \$12,220; liquors, \$9,150; number of stores, 181, valued at \$807,265; other property, \$51,270; males over 21 and legal voters, 7,362; children between 6 and 20, 6,862; pounds of tobacco raised, 11,154,400; tons of hay, 7,063; bushels of corn, 917,696; bushels of wheat, 401,485; bushel of oats, 23,971; acres of wheat, 87,593; acres of corn, 32,473; acres of meadow, 6,338; acres of woodland, 236,821; acres of tobacco, 14,467.

## HOUSE PASSES \$75,000 BILL FOR WESTERN ASYLUM.

Favorable Vote on the Appropriation is Taken.--Other Frankfort Matters of Interest.

(Special to New Era.)

FRANKFORT, Ky., Feb. 17.—The house today passed the bill appropriating \$75,000 for the enlargement of the Western Kentucky Asylum for the Insane near Hopkinsville.

The house passed a bill for the appointment of county boards of health. The house also passed the Newcomb bill providing for a pro rata distribution of the school funds, and a bill providing that all packages of baking powder sold in the state shall be labeled, stating the contents.

The senate passed the bill regulating the practice of medicine in the state, the measure being an agreed

one by physicians representing the different systems of medicine practiced in Kentucky.

The bill providing that national banks report to the state board of valuation and assessment as to state banks for taxation was also passed. Resolutions were adopted providing for afternoon sessions of both houses from until the final adjournment.

Chairman Thomas Drewry, of the committee of municipalities, favorably reported to the house the bill by Senator George to return to the viva voce system of voting in Kentucky, instead of using the secret ballot system.

## POPULAR COUPLE WED AT HOTEL LATHAM.

Mr. Thomas B. Crawley, of Cadiz, and Miss Wilmoth Pace, of Herndon, were married at the Hotel Latham here Wednesday afternoon. The ceremony was pronounced by Rev. T. D. Moore, of the Christian church. The groom is a son of Mr. and Mrs. A. B. Crawley, a prominent farmer who lives near Cadiz, and is a popular young man. The bride is a daughter of Mr. and Mrs. W. B. Pace, of Herndon, and is a very attractive and talented young lady.

### Escaped an Awful Fate.

Mr. H. Haggins, of Melbourne, Fla., writes: "My doctor told me I had consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption induced me to try it. Results were startling. I am now on the road to recovery and owe it all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung disease by L. L. Elgin and Cook & Higgins, druggists. Price 50c and \$1. Trial bottles free.

### CASTORIA.

Bears the Signature of *Dr. H. H. Haggins*

That we will put in  
this sale at 15 per Ct. Reduction.

Come and see what you can save.

**F. A. YOST & CO.**  
207, S. Main Street.

## BY UNKNOWN MAN

### YOUNG WOMAN ASSAULTED AT GARRETTSBURG

#### Hair Pulled Out and Clothes Torn By a Burly Scoundrel.

(From Saturday's Daily)  
Mrs. Boyd Organ, the young wife of a prominent Garrettsburg farmer, was brutally assaulted last night by an unknown man. About 8 o'clock she stepped from the door of her residence into the yard and was suddenly seized by a burly man and dragged several yards. She struggled to free herself and the brute pulled a part of her hair from her head and tore some of her clothes from her body. Her screams brought her husband to her aid and her assailant escaped, as the lady, clinging in her fright to Mr. Organ, prevented immediate pursuit. Later the community was aroused and a search instituted, but the miscreant was not discovered. An effort is being made to secure bloodhounds. Mrs. Organ, owing to the darkness, was unable to tell anything of her assailant's appearance.

Foley's Honey and Tar for coughs and colds; reliable, tried and tested safe and sure.

### Chamberlain's Stomach and Liver Tablets Unequaled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says "Chamberlain's Stomach and Liver Tablets are, in my judgement, the most superior preparation of anything in use today for constipation. They are sure in action with no tendency to nauseate or gripe. For sale by L. L. Elgin.

#### To Preach at Franklin.

Rev. W. L. Nourse, of Hopkinsville, will preach at the Presbyterian church here regularly one Sunday in each month. Mr. Nourse has few superiors in the ministry. He is able, learned and eloquent. At present he is acting as supply for three other churches besides the one at this place, which makes it impossible for him to give more than one Sunday here. It is very much hoped by his congregation here that a little later he will be enabled to devote at least two Sundays to the Franklin church.—Franklin Favorite.

Foley's Honey and Tar cures colds, coughs, and prevents pneumonia. Take no substitutes.

#### Mysterious Circumstance.

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c at L. L. Elgin's and Higgins & Cook's drug stores.

A young man has been arrested for robbing the Boston public library. His defense is that he only took very old books, and no nice new ones at all. Some of the books he stole were musty things 300 years old—who wanted them, anyhow?

#### Have You Indigestion?

If you have indigestion, Kodol Dyspepsia Cure will cure you. It has cured thousands. It is curing people every day—every hour. You owe it to yourself to give it a trial. You will continue to suffer until you do try it. There is no other combination of digestants that digest and rebuild at the same time. Kodol does both. Kodol cures, strengthens and rebuilds. Sold by R. C. Hardwick.

Foley's Honey and Tar positively cures all throat and lung diseases. Refuse substitutes.

### A Certain Cure for Chills

Shake into your shoes Allen's Foot-Ease, a powder. It cures Chills, Frothing, Damp, Sweating, Swollen feet. At All Druggists and Shoe Stores. 25c. 54-4w

Get rid of those pimples. Dr. Thacher's Liver and Blood Syrup will do. The druggists know.

### Kodol Dyspepsia Cure

Digests what you eat.

## TYPHOID GERMS.

The microscope shows that in the blood of every person suffering from typhoid the little germs can be found as shown above. They are supposed to get into the water milk we drink. The germs multiply that one germ is capable of producing about one hundred trillion germs in twenty-four hours. That is why if they ever get into the water supply of a town they multiply so fast that nearly everybody drinking the water comes down with the disease. There are exceptions, however, and they are the persons whose health is perfect, whose blood is pure, and liver active. When the germs get into a healthy body they are thrown off with the other poisons. Recent Chicago statistics show that one-eighth of all the deaths in the past two years in that city have resulted from pneumonia.

The best advice we can give is to put the body into a perfectly sound, healthy condition. Be assured that you have rich, red blood and an active liver.

Many years ago Dr. R. V. Pierce, who is consulting surgeon to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., found certain herbs and roots which, when made into an alternative extract (without the use of alcohol), seemed to be the very best means of putting the stomach, blood and vital organs into proper condition.

This seemed to him as close to nature's way of treating disease as it was possible to go. For over a third of a century Dr. Pierce's Golden Medical Discovery has had a wonderful sale and the cures resulting from its use are numbered by thousands. It is a tissue-builder, better than cod liver oil because it does not sicken the stomach, or offend the taste. It strengthens or renews the assimilative or digestive processes in the stomach and puts on healthy flesh when the weight of the invalid is reduced below the normal.

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Pierce's Tablets cure biliousness.

## ILLINOIS CENTRAL

### OFFICIALS INSPECT THE TENNESSEE CENTRAL.

#### Leave Hopkinsville on Special Train and Go to Harriman, Tenn.

(From Saturday's Daily)

Prominent officials of the Tennessee Central and Illinois Central railroads were in the city yesterday and left on a special train to make an inspection of the new line. The presence of the Illinois Central men is regarded as significant. The party went from here to Clarksville and then proceeded to Nashville, going thence over the Eastern division of the road to Harriman, Tenn. Those in the party were: General Manager G. A. Clarke, Traffic Manager E. H. Hinton, and Chief Engineer J. W. McDonald, of the Tennessee Central; Assistant General Freight Agent F. E. Harwood, of Evansville, Ind.; Assistant General Passenger Agent C. A. Kniskern, of Chicago, of the Illinois Central.

#### A Cure For Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve—Frank Farmer, Bluff City, Ky. In buying Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure Witch Hazel. The name E. C. DeWitt & Co. is on every box. Sold by E. C. Hardwick.

### DeWitt's Early Risers

The famous little pills.

The cable takes the trouble to inform the world that "great commotion" has been caused at the Spanish court because Prince Louis Ferdinand, of Bavaria, dislocated "his finger." Of course, if he had only one we can understand the excitement, but otherwise we cannot fancy what words would be used to describe the effect on the court had the prince dislocated his neck.

#### An Early Riser.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, the never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. R. C. Hardwick.

A medicine for all the family, Dr. Thacher's Liver and Blood Syrup.

## FALSE RUMORS

### SPREAD ABOUT CASES OF SMALLPOX.

#### None at Jail, Asylum or Poor Farm.—Arrests to Be Made.

It has been persistently reported that there was a case of smallpox at the jail. This was started by the fact that a negro employed by Jailer Boyd had been stricken with a disease which closely resembles smallpox and which may so result after being more fully developed. However he is not at the jail and has not been for several days, as he had been discharged, but is at his home outside the city limits. The board of health has taken every precaution and has guaranteed the house.

A case of smallpox was found last week near Bolivar, when a negro employed by the Tennessee Central was taken sick. He was placed in the pest house north of town last Saturday and a further spread of the disease is not anticipated, as a general vaccination of all parties who had been exposed took place. Two men however, Tom and Ben Frasher, refused to be vaccinated, and this morning warrants were issued for their arrest under section 2055 of the laws creating the board of health which reads as follows: "Any person who shall fail or refuse after written notice from the local board or state board, to observe or obey the written request shall be fined not less than ten nor more than one hundred dollars for each day he so fails or neglects."

It has been reported also that cases of smallpox had been found at the asylum and also at the poor house. This report is false, the case reported at the asylum being merely a facial eruption of mild nature, and the report of the case at the poorhouse probably arising from the negro being carried to the pesthouse, the two institutions being located near each other.

No new cases have appeared at Crofton, and it is thought that by observing the usual precaution a further spread of the disease will be prevented.

#### Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 26th, 1902: "For 10 to 12 years I had been afflicted with a malady known as 'itch.' I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 bottle. Sold by Ray & Fowler.

#### When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by L. L. Elgin.

#### What Are They?

Chamberlain's Stomach and Liver Tablets. A new remedy for stomach troubles, biliousness and constipation and a good one. Price 25c. For sale by L. L. Elgin.

#### Women and Jewels.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. Price 25c and 75c.

## WALTHER'S PEPTONIZED PORT

is simply a combination of port wine and pepsin—it contains no drugs or chemicals. Doctors recommend it as a good, common-sense tonic; as a remedy for dyspepsia, indigestion and kindred ailments—for invalids, convalescents, old folks, nursing mothers, and debilitated people generally.

Two sizes, 50 cts. and \$1.00.

THE WALTHER PEPTONIZED PORT CO., PITTSBURGH, PA.  
For sale by

For sale by Ray & Fowler and J. O. Cook.

## Consumption Cured At Last

Dr. T. A. Slocum, the Great Chemist and Specialist Will Send Free, to the Afflicted, Four Large Samples of His Newly Discovered Remedies, to Cure Consumption and all Throat, Chest and Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than this offer. Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merit known, he will send his Complete Treatment, embracing four large samples, to any reader who may be suffering from coughs, colds, catarrh of the throat, chest and lung troubles or consumption.

Already this "New Scientific Course of Treatment" has permanently cured thousands of apparently hopeless cases. There will be no mistake in sending—the mistake will be in overlooking the generous invitation.

## Free to All

To obtain these Four Free Preparations that have never yet failed to cure, all you have to do is to write

Dr. T. A. SLOCUM, 98 Pine Street, New York, giving full postoffice and express address. The four FREE remedies will then be sent you at once, direct from laboratories, with full instructions for use in every case.

## Those Awful Headaches

Are sure indications of some form of stomach trouble, biliousness or a bad liver. Malaria will next overtake you. Don't risk it, and above all, don't take calomel or quinine—both are dangerous.

## HERBINE

has all their virtues—none of their deadly effects. HERBINE taken regularly will forestall headaches, put the digestive organs in perfect condition, head off biliousness, headaches, liver ills, keep you in good health.

TRY IT TO-DAY.  
50c a Bottle. All Druggists.

Sold by Ray & Fowler.

## MURDER CHARGED

AGAINST NEGRO ARRESTED IN THIS CITY.

Claimed He Was Accomplice in the Killing of Two Italians.

(From Saturday's Daily)  
Arney Peak, colored, was arrested here Wednesday night on a suspicion that he was wanted at Macon, Mo. on the charge of complicity in the murder of two Italians last Christmas eve. Last night Officer I. W. Glistrap, of Macon, arrived and identified the prisoner and left this morning with him. Peak claimed that he was present when the killing occurred but denied emphatically that he took any part whatever in it. Several other negroes are charged with the crime, all of whom are under arrest. Peak is eighteen years old and claims to have been born and raised here and as soon as the trouble occurred he returned to this city.

Another Case of Rheumatism Cured By Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplett, of Griggaby, Va., says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. For sale by L. L. Elgin.

## A. O. U. W. OFFICERS.

Readjustment of Rates Was Agreed Upon.

After two days spent at Louisville in discussion of the readjustment of existing rates and assessments in Kentucky, the grand lodge of Kentucky, Ancient Order of United Workmen, by an almost unanimous vote adopted the increase when the question was put to the delegates.

The following officers were chosen: Thomas D. Osborne, Louisville, grand past master workman; Samuel Bedford, Owensboro, grand master workman; Henry Watson, Mt. Sterling, grand foreman; Moses Glenn, Eddyville, grand overseer; J. G. Walker, Louisville, grand recorder; John A. Lyne, Henderson, grand trustee; John T. Hinton, Jr., Paris, grand guide; L. O. Bailey, Salyersville, grand inside watchman; William Long, Ashland, grand outside watchman; James Covington, Bowling Green, grand receiver; Thomas D. Osborne and J. G. Walker, of Louisville, and J. T. Simon, of Cincinnati, were elected representatives to the supreme lodge for the ensuing year.

At the conclusion of the election and installation of officers Thomas D. Osborne, grand past master workman, was presented with a gold watch and chain by the delegates in recognition of his past services.

## Relief in One Minute.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds, and Croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. R. O. Hardwick.

## ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and had circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and tuning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## DUDLEY.

By S. C. MERCER.

Hang old Christ Church with purple,  
The colors of a king,

In honor of the kingly soul  
Which hence has taken wing;

In consolation's labor  
He fell—his Lord's behest—

So evening skies are purple clad  
When goes the sun to rest.

Paul's Bishop—"Blameless, Vigilant,  
Wise, Patient, apt to Teach."

Careless of fame or fortune,  
All men he longed to reach;

"Of Good Report 'mongst those Without;"  
Pure, Genial, Loyal, True,

Thus, "Brother Man," God's Bishop  
Toiled, preached and sowed for you.

Duke Guilford and young Lady Jane  
Dudleys of English name

Fell 'neath the headman's bloody axe,  
With glory, not with shame.

For crowns and orders melt as wax,  
And earthly rank is smoking flax.

Their cis-Atlantic kinsman—  
Kinsman in worth and mind,

The Servant and the Lover  
Of God and human-kind

Through the Dark Valley humbly went  
Serene, undaunted, confident,

Forgiving and forgiven,  
Changing earth's withering laurel crown

For the amaranth crown of heaven.  
Thus through the land, toiled, preached and sowed

The manliest of men  
The seeds of truth, and from his dust

Shall spring his like again;  
New Dudleys—'tis the Master's pledge—

Shall at his voice arise,  
For his immortal spirit speaks

To earth from Paradise,  
And the purple robes of other kings,

Such force a good example brings,  
Shall glorify the skies.

Melrose, Ky.

## Cures Rheumatism and Catarrh—Medicine Sent Free.

Send no money—simply write and

try Botanic Blood Balm at our

expense. Botanic Blood Balm (B. B.

B.) kills or destroys the poison in

the blood which causes the awful

aches in back and shoulder blades,

shifting pains, difficulty in moving

fingers, toes or legs, bone pains,

swollen muscles and joints of rheu-

matism, or the foul breath, hawking,

spitting, droppings in throat, bad

hearing, specks dying before the

eyes, all played out feeling of cat-

arrh. Botanic Blood Balm has

cured hundreds of cases of 30 or 40

years standing after doctors, hot

springs and patent medicines had all

failed. Most of these cured patients

had taken Blood Balm as a last re-

sult. It is especially advised for

chronic deep seated cases. Impossi-

ble for any one to suffer the agonies

or symptoms of rheumatism or cat-

arrh while or after taking Blood

Balm. It makes the blood pure and

rich, thereby giving a healthy blood

pure and rich, thereby giving a

healthy blood supply. Cures are

permanent and not a patching up.

Sold at drug stores, \$1 per large bot-

tle. Sample of Blood Balm sent free

and prepaid, also special medical ad-

vice by describing your trouble and

writing Blood Balm Co., Atlanta,

Ga. A personal trial of Blood Balm

is better than a thousand printed

testimonials, so write at once.

## MIND UNBALANCED

AND "DIXIE" WILSON ENDS HIS LIFE.

Cut His Throat Friday at a Hotel in Paducah.—Died Two Hours Later.

Friday at Hotel Lagormarsino in Paducah, A. L. Wilson, better known as "Dixie" Wilson, formerly of this city, where he was in the confectionery business for years, cut his throat while temporary insane, and died two hours later. The remains were brought to Hopkinsville for burial. The Paducah Sun says of the suicide:

Wilson doubtless went about the deed with deliberation. He took a piece of the hotel stationery, and started to write a last note. He began it thus:

"To whom it may concern. This is my last line that I write."

This did not seem to suit him, and turning the paper over, he wrote this on the other side:

"To the public.

"I am not guilty as charged by some of the people of Paducah.

Those who find this, please notify my wife at Hopkinsville, Ky., (Annie Wilson) my brother, John F. Wilson. I am not guilty, but it was a concocted scheme of a few of my enemies. So good bye to my friends.

Very Resp.

A. L. Wilson.

"Please notify my house, Lynch &

Co., St. Louis."

On the margin of the paper was the address of his brother, "John F. Wilson, Brownwood Texas."

Mr. Lagormarsino wired them at once.

Wilson had been traveling into or out of Paducah for many years. He was formerly a whiskey drummer, and later a cigar drummer. He lived at Hopkinsville, Ky., for many years, but several years ago came here and had since made this his headquarters, not living, it is alleged with his family.

When he first left Hopkinsville it was not known what had become of him and quite a sensation was made of his disappearance, until he was found here.

He was a very large man, weigh-

ing probably 250 or 300 pounds, and this was the first trip he had made for the St. Louis house, which is a wholesale whiskey firm. He was at times very dissipated, but was popular with all who knew him.

This afternoon Wilson was for a time conscious, recognizing some of his friends who called at the hotel to see him.

Wilson was forty-three years old, and had besides his wife, two or three children.

## SUFFERINGS OVER.

**PROF. GOODWIN DIES IN JEFFERSONVILLE.**

Heart Trouble the Cause.—Former President of South Kentucky College.

Prof. Alexander Campbell Goodwin, formerly president of South Kentucky college and for the last five years superintendent of public schools in Jeffersonville, Ind., died Monday night 9 o'clock at his home,

PROF. A. C. GOODWIN.  
222 West Front street, in that city. Organic heart disease was the cause. He had been ill since last October.

Prof. Goodwin was widely known in Kentucky and Indiana as an educator. For nearly ten years he was in charge of the female seminary at Owensboro, going there from this city. From 1878 to 1882 he was superintendent of schools in Clarke county, Ind.

At one time he was the Democratic nominee in Indiana for state superintendent of public instruction.

Prof. Goodwin was born in 1837 at Charlestown, Ind. He was of striking appearance. His father was Campbell Goodwin. Prof. Goodwin's wife, who is a daughter of Mr. and Mrs. M. P. Alpha, of Charlestown, Ind., survives, with two daughters, Misses May and Virginia Goodwin.

## CASE AFFIRMED.

(Special to New Era.)  
FRANKFORT, Ky., Feb. 17.—The court of appeals today affirmed the decision of the Christian county circuit court in the case of the Continental Insurance Co. vs. Dauliel.

## Death Was Sudden.

Miss Sarah Miles died suddenly on Saturday night at the home of her brother-in-law, Mr. S. R. Boyd, of heart failure. She was seventy-three years of age and a sister of Samuel Miles, proprietor of a Chicago hotel.

Miss Miles had been ill of grip several days. A large circle of friends mourn her death. The interment took place Sunday.

## MEETING IS CALLED

OF THE SECOND DISTRICT COMMITTEE.

Congressional Nomination to be Discussed.—Plans of the Republicans.

C. M. Meacham, chairman of the Democratic committee of the Second congressional district has issued a call for the committee to meet in Henderson at 1 o'clock next Tuesday, February 23, to take action in the coming congressional race. Congressman Stanley has no opposition for a renomination.

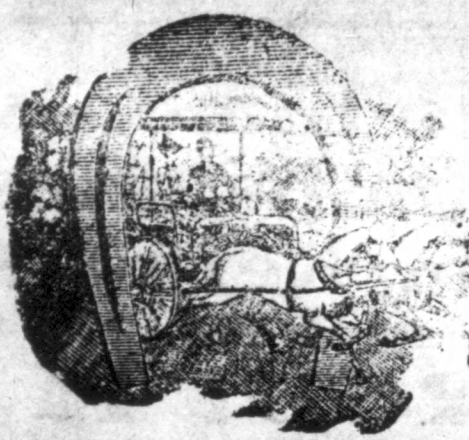

Collector Franks, of this district, says John W. Yerkes will be re-elected Republican national committee man from Kentucky. "The state delegation will go to Chicago instructed for Roosevelt," said he. "Men who are not for Roosevelt will not be sent. Judge James Breathitt, of Hopkinsville, and R. W. Slack will go from the Second district, and both will be instructed for Roosevelt."

## Naughton-Foley.

Mr. Thomas Naughton and Miss Annie Foley were joined in the holy bonds of wedlock Tuesday at 11 a. m., at St. Peter's and St. Paul's church on East Ninth street. The ceremony was impressively performed by Father Thomas A. Murray, of Russellville. The bride is a highly accomplished and attractive young lady whose former home was in Milwaukee, Wis. The fortunate groom has a wide circle of friends here who will join the New Era in extending to him and Mrs. Naughton congratulations and good wishes. The happy couple will reside at 827 Brown and Second streets.

## MAY SECURE RELIEF

MR. COOPER HOPEFUL OF FAVORABLE ACTION

Mr. Yerkes in a Position to Aid the Growers of Tobacco.

Mr. R. E. Cooper, who represented the Hopkinsville tobacco board of trade in the committee from the Guthrie Tobacco Growers convention, believes that there is a good chance of the farmers obtaining the relief they are seeking. The committee, which was composed of Mr. Cooper, C. E. Barker, of Pembroke, C. P. Warfield, of Clarksville, and Charles H. Fort, president of the Tobacco Growers association, was most courteously received by the sub-committee of the ways and means committee and given an intelligent hearing. The Hon. John Dalzell is chairman of the committee. The committee was shown that the trusts were crippling the great tobacco industry through the instrumentality of the existing laws and that producers were suffering in consequence. The arguments were especially effective as the committee desired to secure the repeal of the Democratic measure.

There are four bills pending in congress to afford relief to the tobacco growers, but all of them are framed on different lines, and it was thought inexpedient to seek to harmonize them in a composite measure.

The members of the committee seem to be impressed with the statement made by the representatives of the tobacco growers, and favored relief, provided it would not cut too great a whole in the revenue. The question of revenue will be referred to Commissioner John W. Yerkes, and Mr. Yerkes has expressed great interest and sympathy in the movement, and has promised to do all in his power to aid the cause. Secretary of Agriculture James Wilson was also seen and assured the gentleman of his deep interest and support.

It is hoped that the report of Commissioner Yerkes will show that the proposed measure of relief will not materially affect the revenue, in which event a new bill will be introduced in congress granting free trade and liberty of action in the sale of leaf tobacco unstemmed.

Tobacco is the only farm product raised in this country that is operated with a tax, and the farmers are simply seeking relief from a legalized system that is made burdensome by the manipulations of the trust.

## Married at Courthouse.

(From Wednesday's Daily)  
Mr. Floyd Fletcher, of Currant, Caldwell county, and Miss Fya Fuller, of Kelly, were married this morning in the office of County Clerk Frowse by Judge W. T. Fowler.

## Ground Hog Captured.

(From Tuesday's Daily.)

There seems to have been some misunderstanding among the ground hog family about the date on which they should come out and decide whether or not winter was broken, for on last Sunday a ground hog appeared on the earth at the farm of Mr. Monroe Boyd, near the county poorhouse, and incidentally placed his foot in a steel trap and was held

fast. Mr. Boyd brought the animal to the city this morning and sold it to Mr. George Kolb at Hardwick's jewelry store, who placed his purchase in the show window, where it has attracted the attention of all passersby. The ground hog is a full grown specimen and is in the pink of condition. His fur is long and slightly tinged with gray. The head is small and the claws long and pointed. Ground hogs are terrific fighters and unless odds are very heavy against them they will nearly always fight

their way out. On account of the shortness of their legs they can not run fast, and, recognizing this fact, they always fight when attacked.

A novel experiment is being made  
in a big London hotel, and the Eng-  
lish newspapers are wondering  
whether it will be a success. Tele-  
phones are to be put in the various  
rooms, connected with a central ex-  
change. If London keeps on at her  
present rate it will not be many years  
before she catches up with villages  
in this country in the matter of con-  
veniences.

According to Secretary of Agricul-  
ture Wilson, Sir Thomas Lipton  
buys horses and pigs in Chicago,  
shipping the horses to Ireland, where  
he trains them and sells them in  
England as "Irish jumpers," while  
he selects the thin pigs and cans  
them as "Irish bacon," which he  
also sells in England at a big profit.  
If Sir Thomas were not an Irishman  
he would be a Yankee.

After a blind man who was struck  
by a street car in Homestead, Pa.,  
recovered consciousness, he found  
that his sight had been restored by  
the jar. The embarrassing part is  
that not only will he probably fail in  
a suit for damages against the street  
car people, but the company will  
more than likely send him a bill for

**BEST IN THE WORLD**

WITHOUT A RIVAL  
OR A PEER  
IN THE CURE  
OF DISEASE  
Life Plant

stands peerless  
and alone as  
the sovereign  
remedy for the speedy and perma-  
nent cure of Rheumatism, Catarrh  
and all diseases of the blood.

Miss Mary Mumby, Urbicville, O.,  
says:  
"I had rheumatism, very painful, limbs  
and feet so badly swollen that I could not  
wear my shoes. Tried various remedies  
but could get no relief until I was in-  
duced to try Life Plant. When I had  
taken one bottle the swelling and pain  
were all gone and have not returned. I  
feel decidedly better every way. Cannot  
say too much for Life Plant."

NO CURE NO PAY is our guaran-  
tee. It is the most certain cure for  
diseases of the blood on the market.  
If you feel badly why not take a  
bottle, just the thing to tone up the  
system.

## HERE'S HEALTH FOR YOU.

**DR. J. H. McLEAN'S  
LIVER & KIDNEY  
BALM**

**YOUR LIFE**

depends on the proper action of  
your liver and kidneys. They  
are the servants of the body—if  
they get out of fix, your whole  
system is soon poisoned and death  
will result. Are your liver and kid-  
neys in perfect condition? If you  
are not sure—write for our free  
booklet "Sound Sense"—it tells  
you how to recognize disease in  
yourself. Do not neglect this. A  
little care and study now may add  
twenty-five years to your life.

If you know that your liver and  
kidneys are out of order, stop ex-  
perimenting and buy a bottle of  
Dr. J. H. McLean's Liver  
and Kidney Balm today—it  
will cure you.

At Your Druggist's  
If he doesn't sell it, send us \$1.00  
and the name, and we will express  
you a bottle, charges prepaid.

surgical services rendered.

A European scientist thinks that  
radium exists in large quantities in  
places where the earth, the sky and  
the water have a violet hue. He ex-  
pects to make a large fortune by  
seeking out these places. Is there  
something in the ancient fable about  
a pot of gold at the end of the rain-  
bow, after all?

In the report of a hospital for in-  
sane Indians in South Dakota it is  
stated that the noble red man is es-  
pecially liable to melancholy. This  
is attributed to the change in his  
manner of living, from barbarism to  
civilization. It is noticed also that  
numbers of Indians are developing  
domestic infelicities, for which they  
seek a remedy in the divorce courts.  
Even civilization has its great draw-  
backs.

The appalling increase of railroad  
accidents and loss of life from that  
cause have impressed the Interstate  
commerce commission with the  
necessity of more stringent legisla-  
tion on the subject. It is difficult to  
see how mere legislation can make  
reckless managers less reckless or  
impart more intelligence to incom-  
petent employees.

## \$100 Reward, \$100.

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is Catarrh. Hall's Catarrh Cure  
is the only positive cure now known  
to the medical fraternity. Catarrh  
being a constitutional disease, re-  
quires a constitutional treatment.  
Hall's Catarrh Cure is taken inter-  
nally, acting directly upon the blood  
and mucous surfaces of the system,  
thereby destroying the foundation of  
the disease, and giving the patient  
strength by building up the constitu-  
tion and assisting nature in doing its  
work. The proprietors have so much  
faith in its curative powers that they  
offer One Hundred Dollars for any  
case that it fails to cure. Send for  
list of testimonials.

Address F. J. CHENEY & CO.,  
Toledo, O.  
Sold by all druggists, 75c.  
Take Hall's Family Pills for con-  
stipation.

## Nearly Forfeits His Life.

A runaway almost ending fatally,  
started a horrible ulcer on the leg of  
J. B. Orner, Franklin Grove, Ill. For  
four years it defied all doctors and  
all remedies. But Bucklen's Arnica  
Salve had no trouble to cure him.  
Equally good for burns, bruises, skin  
eruptions and piles. 25c at Cook &  
Higgins and L. L. Elgin.

## A Matter For Farmers to Consider Carefully.

Our correspondent from Hender-  
son, Ky., writes us lots of wagons  
heavily loaded with tobacco stalks  
daily pass through the streets of this  
enterprising town. The clever farm-  
er's tie the stalks together with wire  
in big bunches like kindling and in  
this way make loads of over twenty-  
two hundred pounds net of tobacco  
stalks on one single wagon.

A load of tobacco stalks bring the  
same price as a load of timothy hay  
on this market. This is a good thing  
for our farmers who get about noth-  
ing for their tobacco from the greedy  
trust.

We hear Messrs. E. M. Flack &  
Co., are buying tobacco stalks at  
this place.

## ANNUAL COUNCIL

WILL BE HELD HERE ON  
MAY 15.

Bishop Dudley's Successor  
Will Be Chosen at the  
Meeting.

The successor to the late Bishop  
Thomas Underwood Dudley will  
probably be selected from among the  
clergy at the head of parishes outside  
of Louisville, according to the opin-  
ion of six of the laity and clergy of  
the Episcopal church interviewed by  
a reporter for The Herald last night.

So far no one has been prominently  
mentioned for the position, and it is  
not likely that the name of his suc-  
cessor will be announced prior to the  
meeting of the Episcopal church  
council on May 15. These annual  
councils are attended by three of the  
laity and the pastor of each of the  
twenty-five parishes in the diocese.  
The meeting of the council of this  
diocese will be held at Hopkinsville  
this year.

The delegates to the council will  
be elected on the day following Eas-  
ter Sunday.—Louisville Herald.

## To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tab-  
lets. All druggists refund the money  
if it fails to cure. E. W. Grove's sig-  
nature is on each box. 25c.

## PERSONAL

(From Friday's Daily.)

Mr. Tom Torian, of Florida, is in  
the city.

Miss Isabel Nash has returned  
from Elkton.

Mrs. W. C. Taylor, of Clarksville,  
is a guest of Mrs. W. A. Adeock.

Mr. J. Rogers Barr left this morn-  
ing for Lexington.

Mrs. James D. R. Carpenter, of  
Nashville, and A. W. Pyle, of Hop-  
kinsville, visited Mrs. J. H. Rose  
this week.—Pembroke Journal.

Miss Mary Goldthwaite left this  
morning for Mexico where she will  
visit the family of Mrs. Bertha  
Gant. Later she will be the guest  
of relatives in Texas and will not re-  
turn to Hopkinsville until May.

Miss Mamie Massie went to Mad-  
isonville this morning.

Mr. and Mrs. J. H. Dagg left this  
morning for Henderson to visit Mrs.  
Dagg's parents.

Mrs. Virginia Jones, of Madison-  
ville, is a guest of Mrs. M. J. Under-  
wood, at Mrs. John L. Brashers' on  
South Campbell street.

Mr. Hugh Wood and Master John  
Barr returned to Lexington this  
morning; and Mrs. J. Rogers Barr  
and son, Rogers, will leave this eve-  
ning for that place. They came down  
the first of the week to be present at  
the Chavanne-Wood nuptials, and  
have been the guests of Mr. and Mrs.  
Hunter Wood.

Miss Annie Buckner, who had been  
the guest of Mr. Hunter Wood's fam-  
ily for several days, left this morning  
for her home in New Providence,  
Tenn.

Miss Addy Belle Hardin, of War-  
ren county, and Miss Lillian Gary,  
of Potter College, Bowling Green,  
are visiting Mr. and Mrs. G. E. Gary.

# SEVEN REASONS WHY FOLEY'S HONEY AND TAR

is a Household Favorite Everywhere for

Coughs, Colds, Croup, Bronchitis, Pneumonia,  
Grippe and all other Throat and Lung Troubles

- 1 It quickly stops coughing, tickling in throat, difficult breathing  
and pain in the chest and lungs.
- 2 It immediately relieves the spasms of Croup and Whooping  
Cough and effects a speedy cure.
- 3 It contains no opiates or other poisons and can be given with  
safety to children and delicate persons.
- 4 It contains no harsh expectorants to strain the lungs or astrin-  
gents to dry the secretions and cause constipation.
- 5 It prevents Pneumonia and Consumption, strengthens the lungs  
and cures LaGrippe and its after effects.
- 6 It will cure Consumption and Asthma in the early stages and  
give comfort and relief in the most hopeless cases.
- 7 It is pleasant to take and at once produces a soothing and  
strengthening effect on the lungs.

## A Severe Cold For Three Months.

The following letter from A. J. Nusbaum, of Bates-  
ville, Ind., tells its own story: "I suffered for three  
months with a severe cold. A druggist prepared me  
some medicine, and a physician prescribed for me,  
yet I did not improve. I then tried FOLEY'S HONEY  
AND TAR, and eight doses cured me."

## A Chattanooga Druggist's Statement.

Robert J. Miller, proprietor of the Read House Drug  
Store, of Chattanooga, Tenn., writes: "There is  
more merit in FOLEY'S HONEY AND TAR than in  
any other cough syrup. The calls for it multiply won-  
derfully and we sell more of it than all other cough  
syrups combined."

## Lion Coffee States of America

The greatest nation in the world is the greatest consumer of coffee.

### Lion Coffee

is the standard beverage of every state and territory of the Union. It's pure—that's why.

Always in 1 lb. air-tight, sealed packages, ensuring freshness and uniform quality.

## HAD PRIVATE KEY

AND SPENT NIGHTS OUT OF CELL.

### Novel Argument Introduced at the Trial of Lawrence Willis.

A unique feature was introduced in defense of Lawrence Willis who was convicted at Cadiz Friday of complicity in the murder of Lieut. Johnston and sentenced to life imprisonment. While confined in jail Willis saw the key in the jailer's hand and from memory he fashioned a mold out of wood in which he poured melted lead and made a duplicate which worked perfectly. It is said the metal was furnished him by a negro and that the key was a perfect counterpart of the original in every way, although the prisoner had never had the genuine key in his hand. It was also claimed that after the officers had retired for the night he would unlock the door and looking it after him, would go where he pleased, always returning before morning. He never allowed any other prisoner to accompany him. The key was exhibited in court and the defense introduced the testimony to show that had he been guilty he would have escaped at the first opportunity.

Throughout the entire trial the prisoner was composed and was always dressed in the height of fashion and elegance. An appeal will probably be taken.

## BASEBALL NOTES.

The baseball magnates of the K. I. T. league will meet in a few days to decide what clubs will be in the league this season.

The prospects for a baseball team in Clarksville this coming season are not bright at this time and unless new blood is infused into the sport and some definite action is taken soon, it seems safe to say that Clarksville will not be in the 1904 Kitty league.—Clarksville Leaf Chronicle.

The management of the Hopkinsville team confidently asserts that Gill Edwards will wear a local uniform next season.

"Kid" Ogden, captain of the Henderson team last season, is critically ill at a hospital in Henderson.

Paducah has signed Ben Nippert, of Cincinnati, as a catcher. He played last year in the Texas league.

Manager Frank Bancroft, of Cincinnati, is quoted as saying that Charlie Dexter would greatly strengthen the Reds, and that he is willing to trade Catcher Billy Bergen for him. Bancroft's speech may mean that Tebeau will not be able to secure Dexter as manager of the Louisville.

## MADE DEFENDANT

IN SUIT FOR ONE THOUSAND DOLLARS.

Charged That Bridge Built by Supervisor McReynolds Damaged Property.

A suit for \$1,000 damages has been filed here in the name of the Commonwealth of Kentucky and Mary Jane Cannon against T. J. McReynolds and Polk Cansler. The petition charges that while holding the office of county road supervisor, Mr. McReynolds caused a bridge to be built over Sherrell's creek on the Greenville road. It stated further that the bridge was so built that when the creek rose the water was forced by it out of its regular channel and overflowed a tract of land belonging to Mary Jane Cannon and damaged it to the amount asked for, by washing away the fences, soil and filling the land with gullies. Mr. Cansler is made a party to the suit on account of his being bondaman for Mr. McReynolds.

## NOTICE TO PROPERTY OWNERS AND OWNERS OF MONEY

Are you satisfied with the property you own? If not, why don't you sell it? You can't? We can! Are you satisfied with the returns you are getting on your money? If not, why don't you buy, or loan on paying property? We can!

**A Word About Our Plan.**  
To Sell—As soon as your property enters our catalogue, it is put on the market to sell, not merely filed away in our office, but attractively advertised, and the sale of it pushed to a close. It is selling, not cataloguing your property that does you good and helps us.

**To Buy—**When you come to us to buy property, your wants, if we cannot from our extensive catalogue instantly fill them, go into the market in such a way as to find just what you require.

**To Rent—**We pay special attention to matching the property to the tenant and the tenant to the property so as to procure satisfaction and permanency.

**To Loan Money—**There are two cardinal points to loans, namely: Security and Profit. Land is from its nature the best surety there is. We take care of the titles and the profits in a most particular and careful manner.

We have a co-operative system by which we are prepared to be in direct and prompt communication with all the property markets and real estate agencies in the United States; and your property, if you want to sell or let; your requirements, if you want to buy or rent; your money, if you want to loan, goes into the market of the country, not the county.

Call and see us, and we will give you a practical demonstration of our efficiency.

Temporary office with Hunter Wood & Son, Hopper Building, Mansfield & Co., Land Brokers. J. W. MANSFIELD, Manager. dit&wit.

## BODY BURIED

"Dixie" Wilson's Remains Interred in Hopewell.

The body of A. L. "Dixie" Wilson, who committed suicide in Paducah Friday night, was brought here yesterday afternoon over the Illinois Central and buried in Hopewell cemetery. Simple services were held at the grave, and notwithstanding the disagreeable weather a number of friends attended the burial. From his actions and conversation for several days previous to his death it is certain that he was demented, his hallucination being that some one was spreading detrimental reports about him and seeking to ruin him. His friends in Paducah say that he had no foundation for this belief other than his disordered mind.

## REAPER IS ACTIVE

SEVERAL DEATHS IN MACEDONIA VICINITY.

Prominent North Christians Have Answered the Dread Summons.

(Special to New Era.)  
MACEDONIA, Ky., Feb. 15.—Mr. James Hart died of dropsy on February 13, at the home of his son, Mr. Frank Hart, at Horace, Ky. He had been a sufferer for several years. Mr. Hart was a life-long Democrat and a member of the Baptist church. Five children survive him—four daughters and one son. We extend sympathy to the sorrowing ones.

Died—of congestive chill or paralysis, Mrs. Pinckney Parker. She was seized by a severe chill on February 10 and soon became unconscious and in a short time expired. She was the mother of Curtis C. Parker, who preceded her to the Land Beyond only seven months. The body was interred in the Joseph Collins burying ground on February 11.

The remains of Mr. Dick Nave, of Mississippi county, Arkansas, were brought to Hawkins, Ky., on February 10th., for burial. He died on Sunday, February 7th. This was Mr. Nave's former home, and he had many friends and relatives throughout this section, all of whom mourn his departure.

Of heart failure, Mrs. Mary Lantrip, of this neighborhood, died Sunday night, February 7th, after a three weeks illness. She was seventy-four years of age and was the widow of the late Thomas Lantrip.

Quite a number of our citizens have the "Illinois fever" and some of them will move to that state if they succeed in selling their real estate here.

Mr. James McCarroll, of this place, is suffering from partial paralysis.

Mr. D. E. Fowler returned to his home in South Christian Sunday.

### Appointed General Attorney

Under a published order, effective Feb. 8, General Manager E. A. Clark, of the Tennessee Central Railway company, has appointed W. D. Witherspoon, a member of the Nashville bar, general attorney for that company.

### Move to Hopkinsville.

Mrs. Sarah Cason and family, of Little River, will move to Hopkinsville about the first of March, where they will make their home in the future, and in order that Miss Nellie can be with them, as in the early part of the year she accepted a position with J. H. Anderson & Co., of that city.—Fairview Review.

## KENTUCKY HOME

At World's Fair Is Fittingly Dedicated.

The Kentucky building on the World's Fair grounds at St. Louis was dedicated with appropriate exercises Saturday afternoon. The special train bearing the members of the legislature, state officials and members of the Kentucky World's Fair commission arrived in St. Louis at 11 o'clock Saturday morning. The party was shown over the grounds and given luncheon at the administration building. In the absence of Gov. Beckham, Lieut. Gov. Thorne, in behalf of the commonwealth, made the speech of acceptance when the building was formally turned over to the state by President Ford, of the commission. At night the ceremonies were concluded with a banquet given at the Missouri Athletic club by the Kentucky Society of St. Louis.

## Take Courage!

If you are naturally not as strong as your more fortunate sisters, and for this reason experience dread rather than joy at the prospect of becoming a mother, take courage and assurance from this fact: Mother's Friend is meant for you, and by its use you may pass through that glorious martyrdom which is yours by divine right with no more discomfort than that experienced by those who by nature are possibly more adapted for the role of motherhood.

### MOTHER'S FRIEND

is a liniment of proven merit, and its great worth can be no better attested to than by the countless strong and healthy children who through its kindly offices have entered this world unhandicapped by any deformity or weakness. It is a liniment which by external application acts upon the abdominal muscles and permits of a painless parturition.

# TALMAGE SERMON

By Rev. FRANK DE WITT TALMAGE, D.D.,  
Pastor of Jefferson Park Presby-  
terian Church, Chicago.

Los Angeles, Cal., Feb. 14.—In dealing with those mysteries of religion that are beyond human understanding and which many find a stumbling block to belief the preacher in this sermon urges their acceptance by faith as the first essential step toward elucidation. The text is 1 Timothy III, 16, "Great is the mystery of godliness."

Ignorance is a stunted scowling dwarf, she will ridicule the helping hand of knowledge, which she is too short of stature to reach. As an iconoclastic wail of the street she will hurl derisive missiles at the big square windows of the temple of wisdom, whose walls she is too puny to topple down. "Come," said an aristocratic but very ignorant woman of London to her guest, "come into the front room. I want to show you a poor, crazy, deluded and yet harmless old man. He seems to have an intelligent face, but there he sits in the corner just across the street hour after hour, day after day, and week after week, blowing soap bubbles with a clay pipe, blowing soap bubbles." Who was the frivolous hostess who was patronizingly asking her guest to laugh at the old man who seemed to find enjoyment in blowing a few soap bubbles in Leicester square, London? Not one person of this generation ever heard of her name. Who was the poor, silly old man of intelligent face, with a puny clay pipe, blowing soap bubbles? He was Isaac Newton, whose skull housed the greatest brain of his time. He was Isaac Newton, laboring intensely, unrelentingly, day and night, the laws of the refraction of light, for which investigations and discoveries he was to be honored by scientific societies all around the world. It is never safe to take public opinion as a guide in estimating men or things. Shallow critics often assume a sapient mien and in supercilious tones deride the wisdom they cannot comprehend. A snuffed owl with spectacles on nose may seem in a museum as an emblem of wisdom, but the winged denizen of the forest hooting in the darkness is no feathered oracle.

**Footprints of Truth.**  
How often have the pure white garments of wisdom been bespattered and befouled by blatant, bombastic ignorance. How often has the philosopher and the truth seeker been taunted with his failure to solve the problems of the universe! He does not know everything; no man more conscious of the fact than he. But should he on that account desert the fountain of wisdom and refrain altogether from drinking at the Plerian spring? Should the scientific student be so discouraged at his limitations as to destroy the telescope because it does not reach the limits of space? Should he throw away his microscope because it does not magnify enough? Is he to burn out with senseless passion eyes that are not omniscient and wreck his ear drums because they fail to detect remote harmonies? Isaac Newton, himself the greatest philosopher of his time, was one of the humblest of men. At the end of his life he said: "I know not how I may appear to others. As for myself, I seem to be like a schoolboy playing at the foot of the sand dunes, gathering here a white shell and another there a white shell, while the great sea of knowledge lies all unexplored before me." Because a man does not know everything, that is no reason why he should despise the "temple of wisdom." Because he is ignorant, that is no reason why he should be a fool or a misanthrope. That is no reason why he should be a fool or a misanthrope. That is no reason why he should be a fool or a misanthrope.

**Mysteries of the Gospel.**  
There are two purposes for this sermon. The first is to talk about some of the great mysteries of the gospel. I would show you that about every church altar there are great Appalachian ranges, great towering mountain peaks of mysteries. So high they are that the mind of man cannot attain to them, yet each bears the mark of divine certitude, the mark of the cross is stamped upon them as the Mount of the Holy Cross in Colorado bears the sign of the cross. To this sign we bow and believe, even though we cannot understand. Peter could not understand; John of the Apocalypse could not understand; and Paul, beholding them, exclaimed, "Great is the mystery of godliness." What those mighty intellects could not grasp must be a mystery to us until it is fully explained beyond the grave.

The second purpose of the sermon is the practical side. It is to remind you that, though we now "know only in part," that part is sufficient for all the great purposes of salvation and redemption. It is to prove, as E. H. Chapin puts it, that "although we see through a glass darkly, we do see something," and that that "something" is sufficient if we welcome it as a gospel handmaid to lead us into perfect peace and to lead us to that throne of God where each can say, "I shall know even as also I am known."

The mystery of the Trinity: How can there be three persons and one Godhead? There is One and One and One. That is an inexplicable mystery. I must be very careful. I wrote a dear ministerial friend to me when I was preaching a series of sermons upon the Holy Spirit—"You must be very careful not to convey the false idea to your people that there are three distinct and separate thrones in heaven." It is a mystery to be reverently

accepted beyond the power of the human mind to understand, and that it should be so is not strange, for God himself has declared, "As the heavens are higher than the earth, so are my thoughts than your thoughts." We cannot explain the personality of God any more than you can tell why the grass grows or the sun shines. But we do feel and know that, like the grass and the light, the Trinity of the Godhead is a great divine fact. And, furthermore, we do feel and know that as God the Father lives, so Christ was born into this world not only to save us from sin, but also to prove that God the Creator is a God of love. Mystery, mystery! A high, deep, impenetrable and overpowering mystery! Yet the mystery of the Father, Son and Holy Spirit is a fact revealed to us, to be accepted by faith and bringing to all who so receive it a message of joy and peace.

**A Mystery Essential to Peace.**  
Consider how near this conception of Christ, the Divine Son manifested in human flesh, brings the Deity to us. If we did not have the manifestation of God's love in Jesus Christ, how would we worship? Even the lowest forms of religious truths cannot exist in the heart of man without some kind of an incarnation. I said some years ago in India to a Buddhist priest: "You do not believe that these hideous idols of wood and clay and stone have any divine power? You do not believe that these bearded eyes and that horrible grin and that twisted body is a god? You know you do not. Why, I could knock him down with my hand. I could crush him with the heel of my foot." "Oh, yes," answered the priest, "What you say is true. We intelligent leaders of the east do not believe those idols are gods. But the common people cannot conceive of a spirit God as our prophet has revealed him to us. So we give the common people a god of clay and wood, which they can see and touch." Brother, our God has sent us Jesus Christ in the flesh. He came as a revelation of God. He came so that our finite minds might grasp the infinite. He came to show us that God could suffer as we suffer and be tempted as we are tempted, yet be without sin. He came as a God of never ending love. Mystery! Mystery! Yet it is a mystery we all need, a mystery we should all accept. It is a mystery essential to our peace.

**Mystery of the Trinity.**  
Thus the mystery of the Trinity means simply this: God the Father comes to us and says: "To explain to you all things, my child, would be to get before you what you could not comprehend. Your mind is too weak to grasp it, any more than a little child in his father's laboratory can understand or grasp the chemical principle of the adhesion of the basic elements. But if you see the Godhead veiled by a human form, if you see the Spirit of God animating a being like yourself, if you come in contact with the divine perfection, active in human environment, you will then have a glimpse of the glory of the Godhead and realize something of the supernatural mystery of Father, Son and Holy Spirit. All this I will show to prove that I am God, the Loving Father, and ye are my children." Today we find the Trinity a mystery. But, though a mystery, deep and high and overpowering, it is a mystery so simple that a little child can reverence the majesty of the Father, can realize the love of the Son and can yield to the influence of the Holy Spirit. Great and yet beautiful and simple is the mystery of godliness in Jesus Christ.

The conflicting doctrines of God's omnipotence and man's free agency are an inexplicable mystery. Yes, we know that God is infinitely greater than man. We know that the Creator, who holds the seas in the palm of his hand and at whose touch the volcanoes smoke and the earth trembles and whose voice is the voice of the storm, has supreme control over the creatures he has made. He can say to man, "Go, and he goeth; come, and he cometh; do this, and he doeth it." But, though God the Omnipotent is truly all powerful, I know I can resist his will. I know, as a free agent, I can raise my hand or lower it. I know that I can clinch my palm with hate or have the open palm of love. I know I can walk across this pulpit to the right or to the left. I know I can choose between right and wrong. Free, free, free am I, gloriously free! A mystery—a great unfathomable mystery! With God the Omnipotent I am still man, the free agent.

**Harmonizing Creeds.**  
These two conflicting facts are true, but who can reconcile them? Therefore, after we have once accepted this mystery we can harmonize all Christian creeds at the foot of the cross. With it we can take down the bars of sectarianism and call all members of the different Protestant churches our brothers and our sisters. "How can you do that?" says some one to me. Simply enough. After this mystery—this great fundamental mystery—is once granted the question of the manner of your service and the church in which you will worship is determined by the aspect from which you view your relation to God. If I begin to argue from God down to man, I become a Calvinist. If I say to myself, "I know God is omnipotent; I know he can foresee all things; he can save me if he will, I know," then I naturally go into the Presbyterian church. But if I say to myself, "I know I am free agent; I know I can accept or reject my Heavenly Father," I go into the Methodist church. Then, instead of arguing from God down to man, I argue from man up to God. It is simply the difference of putting the emphasis of my creed upon God's omnipotence or man's free agency. Yet, though I was born a Calvinist and have been baptized in a Calvinistic

church and have received my theological education in a Calvinistic seminary, yet today I feel just as much at home in the Methodist church as I do in the Presbyterian. I could just as logically be a member of a Methodist conference as I am now a member of a Calvinistic presbytery.

**A Difficult Task.**  
The harmonizing of the two doctrines—God's omnipotence and man's free agency—is a task that many have attempted in vain. But it is a glorious mystery that should make of believers brothers and sisters at the foot of the cross. Therefore, my Christian brothers, if you are living in a small country town do not make the mistake of trying to run in that village five or six different churches when there are only enough inhabitants to support one. Do not try to run a Congregational church and a Methodist church and a Lutheran church and a Baptist church and an Episcopal church and a Unitarian church. Do not keep on continually talking about "my church." All Christian churches ought to belong to you and you to them. The difference of Protestant creeds is merely one of extra emphasis upon some one of God's great attributes. Remember hereafter that you ought to be able to worship God just as devoutly and earnestly before a Methodist altar as at an Episcopal chancel or as in a Presbyterian pew. God has many good shepherds. These sheep are all fed by the same Divine Shepherd, although at times they are separated from each other by the sectarian fences built by man's creed and by infinite ignorance. "Other sheep have I which are not of this fold" applies as much to the Protestant church across the street as to my own chapel.

The mystery of why God ever let sin come into the world: It is an inexplicable mystery. It is a mystery the more inexplicable because, from a human standpoint, if there had been no sin then there would have been no need of a place of future punishment. But, after we have once accepted the belief that a loving God had allowed sin to come into this world for a purpose which we cannot fathom or analyze, then we find that some of the most beautiful sacrifices of Christian heroes and heroines have been inspired from this source to overcome the awful and eternal effects of evil. If there had been no sin there would have been no Moccasins and Whippies and Judsons, no Careys and Taylors, no Williams and the missionary fields trying to save the ignorant, brutal and cannibalistic savages from the awful degradation of their lives. If there had been no sin there would have been no Catherine Booths as "angels of light" laboring among the London slums, no Howards among the prisons, no Wilkesses to reach out rescuing hands from the Young Men's Christian associations. If there were no sin there would be no such saving work for us to do for Christ as we can owe and all now perform in his name.

**Need of Christ's Love.**  
Furthermore, if there were no sin there would be no "Saviour" as we picture him. What does the word "Saviour" mean? It means a rescuer. In a physical sense it means the strong swimmer who breaths the waves and goes out beyond the life lines to bring in the drowning brother. It means the fireman who climbs the ladder and amid the breathless silence of the onlookers plunges into the flames and brings out the unconscious man and woman and carries them to safety just before the crooked walls totter and fall. It means, in a physical sense, a Henry M. Stanley heading into the African forests to save an Emin Pasha or a Captain Schley heading his ships northward to save a Greely and a Melville. If there is no danger, then there can be no Saviour or rescuer. And because the eternal results of sin are so great, therefore, the divine love of Christ's sacrifice is brought forth in the brighter contrast. We are not marveling today why the human craft was allowed to be stranded upon the rocks of sin, but we are marveling the fact that on account of our impeding the waves and wreck the gospel lifeboat is flung out and the gospel lifeboat is being pushed through the raging, surging, stormy seas.

We cannot explain why sin was ever allowed to come into the world. But after we accept its advent as a fact, then the cross, on account of our eternal danger, can become our all in all. Before the sainted Gotthold we may say death: "For my own part my soul is a hungry and thirsty child, and I need Christ's love and consolation for my refreshment. I am a wandering and lost sheep, and I need him as a good and faithful shepherd. My soul is like a frightened dove pursued by a hawk, and I need his wings for a refuge. I am a feeble vine, and I need his cross to lay hold of and wind myself about. I am a sinner, and I need his righteousness. I am naked and I need his holiness and innocence for a covering. I am in trouble and alarm, and I need his solace. Simple and foolish am I, and I need the guidance of his Holy Spirit. Am I arraigned by Satan at the divine tribunal, he must be my advocate. Am I afflicted, he must be my helper. Am I persecuted by the world, he must defend me. When I am forsaken he must be my support; when dying, my life; when moldering in the grave, my resurrection." Why did God let sin come into the world? We cannot understand it. But after we have accepted the fact that the good God has allowed sin to come into the world for a purpose, then, on account of the eternal danger threatening us, we see as never before glorious justifications: both human and divine. We see on account of salvation from sin how Christ's blood will not only lift us above the angels, but

new, through Christ, we may become part of God himself. A mystery! An unfathomable mystery! Yet a mystery which makes heaven blaze with triumphant and far reaching light.

**Mystery of the Resurrection.**  
Mystery of the resurrection: How is the transformation between earth and heaven to take place? We know not. We cannot explain. The more we study it the deeper becomes the mystery. But though the resurrection is a mystery, though we cannot by human reason understand how these poor bodies of ours can be so transformed that they will live forever, we can when reason halts proceed under the higher guidance of faith and accept the assurance of the Scriptures, that "this mortal shall put on immortality," and that "if our earthly house of this tabernacle be dissolved we have a building of God, a house not made with hands, eternal in the heavens." How can this body which we lay in the grave, giving it over to corruption, ever be revived? We do not know how, but we believe God and exclaim in triumph with the patriarch, "I know that my Redeemer liveth, and at last he shall stand upon the earth, and after my skin, even this body, is destroyed, then, without my flesh shall I see God." Nor are we left exclusively to the assurance of the Scriptures as a hint of a transformation so significant as to be encouraging. The other day my little girl brought to me a paper box, in which she had confined a caterpillar. This caterpillar had wrapped itself up in a cocoon. The cocoon looked exactly like a shroud. After awhile the caterpillar will emerge from that cocoon transformed into a beautiful butterfly. You cannot explain that transformation. Neither can I. Shall we witness the wonderful process of the caterpillar's metamorphosis from worm to butterfly and yet refuse to believe that God can, if he will, transform the physical body into a heavenly body?

**Marvelous Transformations.**  
We see marvelous transformations in the natural world taking place all around us. We cannot explain them. Shall we therefore refuse to believe them? Pick up in your hand, if you will, a common chestnut. It has within its simple shell a soft substance, which looks for all the world like a lump of hard flour pressed together. Yet in that simple substance in miniature is every known part of the chestnut tree. Within that shell is the root, the bark, the branch, the leaf. If that simple nut can change into the branches of the wide spreading tree, may not we believe that our physical bodies, under the divine chemistry, may undergo an equally wondrous change which we cannot comprehend any more than we can tell how or when the transformation is to take place? A mystery, a mystery! How do we go down mortal and come up immortal; go down corrupt and come up incorrupt? Yet it is a mystery we cannot explain. It is a mystery which promises each one of us a personality and an individuality in the eternal mansions. Grand, glorious, hopeful and blessed is the mystery of the resurrection.

I have preached this sermon on mysteries because I want young people, and especially young men, to fully realize that there are some statements in the Bible that they should accept in faith, though they may never fully understand them in this life. Oh, man, if you are not ready to accept some facts about Christ and salvation you cannot understand them; you are like a foolish man trying to comprehend the Atlantic ocean with a sewing girl's thimble or like a little child peevishly sulking because you cannot understand the laws of gravity. God is too big for your finite mind to compass. Heaven is too large a place for you in your study to take apart and put together again as a little girl might play with her doll house.

**Accept Christ.**  
I preach this sermon also for an inspiration. There is in our gospel enough of the plain and practical to lead us to Christ. Beyond that there are mysteries, and we do not deny it, but in those very mysteries there are truths to which some sense deep within our nature responds with a certainty as strong and as impregnable as the certainty that we derive from our sense of sight and touch. The existence and presence of Jesus are no mere phantasy to his people. It is a living, actual presence as real to them and as recognizable as the presence of a wife whose footsteps you hear and recognize in the darkness, though you cannot see her form. They are conscious that he is near them, as you would be conscious of the nearness of a beloved son in your pew this morning, even if you did not see him enter.

Brother, sister, for many years troubled with mysteries, wash your eyes today in the "water of life" and look and live. Accept Christ as your Saviour and then leave all the inexplicable mysteries to be explained to you in a better world. "We now see as through a glass darkly," yes, but thank God, we can see enough to perceive the pardoning love of God in the face of Jesus Christ.

## REPORTED JAPANESE HAVE WON BIG VICTORY, CAPTURING TEN AND SINKING FOUR SHIPS

Land Army of 19,000 Men and Will Try to Drive Czar's Forces Across the River—Latest News From the Scene of the War.

LONDON, Feb. 15.—(Cablegram.) 1,800 men of their army by the sinking of a transport. The Japanese have seized six Norwegian colliers under charter to a Russian naval contractor. Japan threatens reprisals for the sinking of a merchantman by the Russian warships without giving the crew an opportunity to surrender. Japan has demanded of the foreign men-of-war the surrender of the Russians given refuge after the loss of the two warships off Chemulpo. The French warship has adjusted its responsibility by agreeing to take the men to Shanghai and then parole them, with the understanding that they shall not proceed north. The Russians at Port Arthur seized from a British steamer and have thrown into prison at Port Arthur one hundred Japanese refugees. Japan has asked the United States to intercede with Russia for the release of the prisoners. There is every indication that Russia will reply favorably to the note of Secretary Hay to localize the war strike Russia in an effort to drive the Czar's army across the Yalu river. The Japanese are said to have lost 1,800 men.

## IMPORTANT CASES ARE SET FOR NEXT TERM OF CIRCUIT COURT.

Circuit Clerk Clark and his deputy Capt. T. E. Lawson, have been kept busy during the last few days making up the docket for the February term of court which convenes on Feb. 27th. The docket, as made up, shows that there are one hundred and twenty-five appearances divided as follows: Seventy-one equity cases, forty-seven common law and seven appeals from the lower court. The cases against Ernest Brumfield and Guy Reynolds, charged with complicity in the murder of Deputy Sheriff Coffey, at Empire, is set for the fifth day of the term. Brumfield has not yet been apprehended and a bench warrant has been issued for him. Reynolds is now at liberty under bond. The cases against Frank Sherman, Ed Holland, Bill Garrett, Ed Moser, and Frank Massie, the five negroes, who are charged with complicity in the murder of the unknown man near Pembroke, and who were not tried at the special term, are set for the nineteenth day of the term. The argument for a new trial for Charles Finch, who was convicted of complicity in the Pembroke murder at the special term and sentenced to be hung, will be heard on the thirtieth day.

## Doings In Society

A society event of unusual interest was the china wedding anniversary of Mr. and Mrs. George E. Gary, which was happily celebrated Saturday evening at their residence on South Virginia street. Mr. Gary and his accomplished wife, who was Miss Florence Hardin, a Bowling Green belle, were united in the holy bonds of wedlock February 14, 1884. Time has dealt gently with them both, and after twenty years of married life, they are as buoyant in spirit and, indeed, almost as youthful in appearance as when they first plighted their troth. Mrs. Gary is frequently supposed by strangers to be an elder sister of her lovely young daughter, Miss Lillian. Two children have blessed their home, Miss Lillian, who is a student at Potter College in Bowling Green, and Addie Belle, a bright and pretty five-year-old daughter. The reception Saturday night was a delightful affair. The guests mingled in pleasant intercourse through the beautifully decorated room, and viewed with admiration the attractively displayed collection of handsome presents, the large number of which attested the esteem in which the popular couple are held. Many of the gifts came from friends who reside in other cities, and were accompanied by a shower of letters and telegrams of congratulation. Elegant refreshments, prepared by a professional caterer, were served in the flower-bedecked dining hall. The loaves were molded in the shapes of fruits and, appropriate to the occasion, the cakes were in the form of hearts.

At the next meeting of the Athenaeum, which, as usual, will be held in the ordinary at Hotel Latham, the literary program will include papers by Mr. Frank Rives and Maj. E. B. Bassett.

The men of the Baptist church will give a banquet early in March. Rev. Dr. C. H. Nash, the pastor, will preside and there will be a number of speeches by prominent Kentucky orators on topics of interest. Corroborated by prominent Kentucky orators about two hundred persons will be laid.

## JAWBONE OF MURDERED MAN FOUND NEAR SCENE OF THE TRAGEDY.

A portion of the jawbone of the unknown white man who met such a tragic death near this city in November last, was found near the scene of the crime this week, says the Pembroke Journal. The find was made by Wm. Hammon, who lives in that vicinity. The jawbone had been buried near an old stump, and had apparently been uncovered by dogs or hogs.

**Sunday School Lesson**

**Matt vii, 1-13; Golden text, Matt vii, 12 --- Commentary prepared by Rev. D. M. Stearns.**

**Lesson vii, 1st Quarter, Feb. 21.**

[Copyright, 1900, by American Press Association.]

After the healing of the paralytic, who came down through the opening in the roof, the order of events seems to have been the call of Matthew and the feast given by him in his own house, then a visit to Jerusalem and the healing and discourse at Bethesda (John v). We recently had the record of a Sabbath day at Capernaum, the healing at Bethesda was on a Sabbath day, and now the cornfield incident and the healing of the withered hand in today's lesson are both Sabbath day events. Note also the healing of the blind man in John ix.

Why all these Sabbath day doings when they so stirred and angered the Jews? Probably for the same reason that Hezekiah destroyed the brazen serpent which Moses had made. The children of Israel made an idol of it and burned incense to it. When the Lord Jesus was on earth the Sabbath day was a Jewish idol, they worshipped it rather than Jehovah, and the Lord of the Sabbath was seeking to draw them to Himself.

Dr. Weston says that the Sabbath was the Jewish national flag and that by it they claimed a peculiar relation to God as their Creator, Redeemer and rest. They were thinking of their national honor rather than the honor of their God and His word. The bone of contention on this occasion was that, passing through cornfields on the Sabbath day, His disciples had plucked and eaten ears of corn. The Pharisees said it was not lawful to do so. The Lord Jesus justified His disciples on four grounds—the example of David, the law of Moses, the testimony of the Spirit through the prophets (Hos. vi, 6; Mic. vi, 6-8) and His own authority as Son of Man.

Professing to honor the Sabbath, they had no Sabbath stillness in their souls, but full of evil purposes they go their own ways, and their own desires and speak words out of their own hearts. Contrast Isa. lviii, 13. They did not understand the significance of either the Sabbath or sacrifice; hence our Lord said, "Go ye and learn what that meaneth, I will have mercy and not sacrifice" (compare verse 7 and chapter ix, 13). The design of both Sabbath and sacrifice is not that men should do but that they should be. The first Sabbath sets before us man in the image of God, resting in and enjoying the works of God, with which He shall come again (Matt. xxiii, 37-39).

**OWENS' PINK MIXTURE**

**FOR CHILDREN**

Makes teething easy, regulates the bowels and stomach, stops crying, causes summer complaint.

Mrs. W. W. Owens of Owensboro, Ky. says: "Our baby was teething away, crying, and we were all miserable. We gave him up to three physicians, but they could not control him. I then gave him Owens' Pink Mixture and he was all right in a few days. It saved our baby."

**W. P. Winfree & Knight, REAL ESTATE**

The season of the year when people want to buy real estate is at hand and we invite those who want to buy or sell to consult this column. We have excellent facilities for conducting the business and will advertise the property put into our hands free of charge, and will furnish prospective customers conveyance to look at property without cost to them. Come to see us if you want to sell, it costs you nothing if you fail.

Mil property with 8 or 10 acres of land, 8 dwellings, one store house with good trade established, blacksmith shop and postoffice with daily mail delivery. In a fine agricultural section with a good local custom. Capacity of 50 barrels of flour per day. Thoroughly equipped short system roller mill. About 4 miles from railroad and no other mill within four miles. A splendid chance for investment. Will sell at a bargain. Good reason for selling.

A nice farm of 111 acres of land, 80 acres in timber, good 5 room dwelling, outhouses, stable, tobacco barn; within 5 miles of Hopkinsville, fine truck farm.

A fine productive farm of 185 acres in one of the best neighborhoods in Christian county, about five miles from Hopkinsville and quarter mile of railroad station. New dwelling of six rooms and hall, new barn and large stable, two good cabins, good cistern, fine orchard and about 20 acres in timber; balance in fine state of cultivation.

A splendid farm of 800 acres in one of the best sections of Southern Kentucky; fine red clay foundation. It has on it a good comfortable dwelling house, cistern, ice house, 3 cabins for hands, 2 tobacco barns with capacity for 40 acres tobacco, fine young orchard; in one mile of depot on one railroad and 8 miles from depot on another. Good schools and churches convenient. Plenty of water and timber. Will be sold at a bargain.

612 acres in tract, 400 acres in cultivation, ground lies very level and is a very rich soil.

Produced last year 75 bu. corn per acre, 24 bu. wheat per acre, and 1,000 lbs. of tobacco per acre.

Steam heat, electric light, hot and cold running water, and telephone in every room. Reached via Memphis and the Illinois Central's fast morning cars, with a single change, on same train en route at Memphis, into through sleeping car to Gulfport. Send for illustrated folder describing Gulfport and the hotel.

**HOT SPRINGS, ARK.**

Direct Pullman Sleeping Car Service via Memphis. Send for book describing this most interesting of health and pleasure resorts.

**Croup**

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

**Over-Work Wakens Your Kidneys.**

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, will soon realize it. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Write to Dr. Kilmer's Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

**Perfect Confidence.**

Where there used to be a feeling of uneasiness and worry in a household when a child showed symptoms of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. L. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by L. I. Elgin.

**Brain-Food Nonsense.**

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. Price 25c and 75c.

**One Minute Cough Cure**

For Coughs, Colds and Croup.

## ACCEPTS THE CALL

The Rev. Francis Lee Goff will sever his ministerial relations with the First Presbyterian church of this city within the next few days. He has accepted a flattering call from the congregation of a flourishing church in Eustis, Florida, and, with his family, will leave for his new field of labor next week.

## SEATS NOW ON SALE FOR THE RECITAL.

### Bonds For Sale.

Safe, sound and profitable. Walter F. Garnett & Co., 101½ Main St., Hopkinsville, Ky. d&t

### Better Than Gold.

"I was troubled for several years with chronic indigestion and nothing could be done for me," writes F. J. Green of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by L. L. Elgin and Cook & Higgins.

What Mr. W. H. Sweeney, of Kirkmanville, Ky., has to say about

## Hardwick's Stock Medicine

I used one pound of Hardwick's Stock Medicine on two head of stock—one a mule that was in a very bad shape, and I had tried several things and failed to do her any good. After using about one-fourth of a box of Hardwick's Remedy she was entirely cured. It brought worms from both and they are now cured. I never saw stock pick up and fatten so fast as they did after using Hardwick's Remedy.

This Jan. 28, 1904.  
W. H. SWEENEY,  
Kirkmansville, Ky.

We guarantee every package of our Stock Medicine, and will refund the cash for every box that fails to give satisfaction.

Good for Horses, Cattle, Sheep, Hogs and Poultry.

R. C. Hardwick.

## NORTH CHRISTIAN COUPLE WEDDED.

Mr. Robert H. Fears and Mrs. Annie Hickey were married at the home of the bride at Carl Sunday, the ceremony being pronounced by Rev. Mr. Powell. The parties are middle aged and have both been married before. They are among the prominent citizens of North Christian and a host of friends wish them happiness. The groom is a brother of Mr. E. P. Fears of this city.

In some of the Swiss valleys the inhabitants are all afflicted with goitre or "thick neck." Instead of regarding this as a deformity they seem to think it a natural feature of physical development, and tourists passing through the valleys are sometimes jeered by the goitrous inhabitants, because they are without this offensive swelling. Thus a form of disease may become so common that it is regarded as a natural and necessary condition of life. It is so to a large extent, with what are called diseases of women. Every woman suffers more or less from irregularity, ulceration, debilitating drains, or female weakness, and this suffering is so common and so universal that many women accept it as a condition natural and necessary to their sex. But it is a condition as unnatural as it is unnecessary. The use of Dr. Pierce's Favorite Prescription strengthens the delicate womanly organs and regulates the womanly functions, so that woman is practically delivered from the pain and misery which eat up ten years of her life—between the ages of fifteen and forty-five. "Favorite Prescription" makes weak women strong and sick women well.

### Beverly Brevities.

BEVERLY, Feb. 17.—The farmers are burning plant beds, though very few have sold last year's crop.

Prof. Cherry has begun the spring term of school here with a large attendance.

Mr. and Mrs. Aubrey Major entertained a number of their friends Feb. 13.

Misses Litha Huggins, Emma and Florence Major visited this neighborhood Saturday and Sunday.

Miss Mattie Stegar spent several days with Miss Athyle Cayce.

Miss Nona Word returned from a visit to her aunt, Miss Mary Garrett. On Monday evening a valentine drawing was given by Mr. and Mrs. Howard Major. The fun was very much enjoyed by the merry party.

Mrs. G. V. Donnell and little son, of Lebanon, Tenn., are visiting friends and relatives in this vicinity. Mrs. B. G. Gunn and two children who are visiting Mrs. D. H. Kimberling, will leave in a short while for Virginia where she will make her home.

Mr. W. A. Gray's family has recovered from the measles.

Miss Julia Bridgewater's visitor, Miss Gossett, has returned to Clarksville, much to the regret of many.

The great American trouble is indigestion, largely a result of the great American habit of hurry.

Hastily swallowed meals are probably the greatest cause of indigestion.

The stomach is given more than its share of work and is weakened. The first thing to do in correcting the trouble is to stop fast eating.

The next thing is to take a good digestive tonic to strengthen the digestion and enrich the impoverished blood.

Such a tonic is Walther's Peptonized Port, a simple combination of pure pepsin and good port wine, to be had at Ray & Fowler's and J. O. Cook's.

Small size 50 cents; large size \$1.00.

### Howell Notes.

HOWELL, Ky., Feb. 17.—Captain Darwin Bell has returned from Hopkinsville, and has been quite unwell for several days.

Mr. C. K. Fleming is rejoicing over the arrival of twin grandchildren. They are the children of his son who resides near Pembroke.

Miss Lillian Giles entertained a few of her friends last evening.

Miss Barbara Adcock, of Church Hill, will give a class recital with her music pupils Saturday morning.

Mrs. Gresham spent a few days last week with her daughter-in-law, who is at Herndon ill of measles.

Rev. T. V. McCaul, of Richmond, Va., who is attending the Baptist theological seminary at Louisville, visited the Rev. H. C. McGill this week.

## PERSONAL

(From Thursday's Daily.)

Mr. Henry Seales, of Clarksville, is a guest of Mr. and Mrs. William H. Cummings, Jr.

Mrs. Lizzie Evans left this morning for Bowling Green, to visit her daughter, Mrs. Edgar Cayce.

Mr. T. M. Jones left this morning for New York to purchase spring goods. He will be absent three weeks. (From Wednesday's Daily.)

Mrs. A. S. Johnston left yesterday morning to join her husband in Birmingham, Ala., where they will make their future home.

Mr. M. F. Foley, of Milwaukee, is in the city, having come to attend the Naughton-Foley marriage.

Mr. and Mrs. Frederick A. Wallis, of New York City, will arrive in the city tomorrow morning to visit the family of Mr. A. M. Wallis at Hotel Latham. They will return to New York next Monday.

Mr. S. L. Shirley, formerly with the L. & N. here, is in the city in the interest of two of the big railroad systems in his capacity of soliciting freight agent.

Judge Polk Cansler and Mr. W. A. P'Pool have returned from Oklahoma.

(From Tuesday's Daily.)

Mr. F. K. Jones, special examiner of pensions, left this morning for a week's stay in Hopkinsville.—Owensboro-Inquirer.

Miss Hattie Hale returned to her home in Hopkinsville this morning after visiting Mrs. C. E. Jennings.—Paducah News-Democrat.

Mr. N. H. Vaughn, representing the Scranton school, is in the city at the Hill House.

Mr. C. B. Matthews and wife, of Louisville, will arrive in the city today to visit Mr. and Mrs. J. A. Barbee on West 18th street.

Mr. J. A. Barbee is expected home today from a business trip to Mercer Station.

(From Monday's Daily.)

Miss Kate Harrison has recovered from an attack of the grip and today resumed her school work at Bethel Female College.

President William H. Harrison, of Bethel Male College, Russellville spent Sunday in the city.

Mr. Harry Maxwell Bryan, of Louisville, is here to spend a few days with relatives and friends.

Miss Ida Brumfield left yesterday for Garyville, La., where she has accepted a position as bookkeeper and stenographer for a large lumber company.

Mr. Jas. M. Greene left this morning for Racine, Wis., and will go from there to Dallas, Texas, where he will make his future home.

Mr. Victor Armistead who has been connected with Hopper & Kitchen for some months past, left last night for Montgomery, Ala., where he has accepted a position in a large art store.

Mr. Henry Stuart, of the Madisonville Hustler, is in the city visiting his brother, Mr. Will Stewart.

S. Klein and H. Bohn have gone to Henderson to purchase the Oberdorfer & Co. bankrupt stock.

Dr. George N. Campbell is here for a few days, after a trip in the South, before returning to Toledo.

Miss Annie May Brasher left Sunday for Longview, where she will take charge of a school.

Gib & Garner's Wild Goose Liniment cures rheumatism and neuralgia—TOUCHES THE SPOT—at druggists. deod&w

## WAR IS FELT HERE

### PRICE OF FLOUR IS TWICE ADVANCED.

### Local Mills Running Night and Day.—Big Wheat Crop Probable.

Results of the Russo-Japanese war are being felt in Hopkinsville. During the last week flour has advanced twice, the last rise being 30c and the retail price now being \$5.50 per barrel for patent flour and \$5.10 for the second grade. Meal is 60c per bushel and bran is \$20.00 per ton. Notwithstanding these prices the wheat market is very firm, a slight increase in price being reported nearly every day, and the probabilities are that flour will go still higher. The local mills are having no trouble in disposing of their output, the Acme and Crescent running night and day. Although it is still rather early for reliable forecasts as to the wheat crop this year, it is already being predicted that this year's crop will be a record breaker both in quality and quantity.

Just where the price of wheat will stop now seems to be a matter of uncertainty. The price will largely depend on the outcome of the war between Russia and Japan. If the war continues for six months it is the opinion of the grain men that the price of wheat will go to \$1.25, thereby making the retail price of flour about \$8 per barrel. Should there be a cessation of hostilities between the two nations there would doubtless be a decline in the prices of grain.

**Advice to Young Husbands.**  
If you are a husband, and as such soon expect to become a father, take heed. Before you can realize your fondest dreams it is necessary that great suffering be borne by her whom you love better than yourself; you would do anything in your power to alleviate her suffering, would you not?

**Mother's Friend**  
A liniment of unquestioned value in pregnancy, will wonderfully ease the ordeal through which your wife must pass; it is easily within your power to procure it; surely it cannot be other than your duty to do so. One dollar per bottle at all drug stores. Our valuable book, "Motherhood," is free to all who ask.  
Bradfield Regulator Co., Atlanta, Ga.
