ONE DOLLAR A YEAR

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY MARCH 25 1904

VOLUME XXXIV, NO. 24

CHRISTIAN COUNTY SWEEPED BY A HEAVY WINDSTORM.

Great Damage Was Done to Farm Buildings and Fences South of the City.

OVER FIFTY TOBACCO BARNS DESTROYED

Two Persons Are Reported to Have Lost Their Lives and a Third Victim of the Hurricane Lost His Ear.

LOSS AGGREGATES THOUSANDS OF DOLLARS.

The worst wind, rain and thunder storm which has visited this section in many years swept over Christian county Tuesday afternoon between two and three o'clock. The damage already reported will amount to thousands of dollars and as many telephone wires are down, especially in the districts where the damage was greatest, when full details are known the amount will likely be greatly increased. While the damage to barns and other buildings is enormous the damage to crops will probably be still greater as there is no telling how many thousands of panels of fencing were blown away by the gale. A tobacco barn is worth from \$350 to \$750.

In Hopkinsville the damage was very slight there being no buildings of any consequence wrecked. A chimney on the residence of Mr. Alex Warfield, on South Virginia street, was struck by lightning and knocked off but no further damage was sustained by the building nor was any one injured.

Telegraph messages state that in Southwestern Kentucky hundreds of buildings were swept away and several persons were injured. Heavy hail around Paris killed young lambs. Throughout Southern Indiana and Ohio the waterfall was so heavy that it caused many railroad washouts and submerged houses in the lowlands. Two men were killed by lightning near Vincennes. Heavy damage is reported in and around Paducah, Benton, Mayfield, Guthrie, Kusselville, Adairville and elsewhere.

The telephone wires are down along the Clarksville pike where the wind did its worst and only comparatively meager details could be secured from this section. The wind passed from west to east and covered almost the entire territory from this city to the Tennessee line. It was accompanied by a terrific downpour of rain and almost incessant thunder and lightning. No damage whatever has been reported from North Christian by the wind but the rain was very heavy and the roads were badly washed. Telephone reports from the following places give details.

Casky.
The large scale house near the depot was tilted and moved slightly. Mr. S. G. Rickman lost a large barn, which was blown down and completely wrecked. A large crop of tobacco was housed in the building, but it was bulked down and it is thought it was not greatly damaged. Two large trees standing near Mr. Rickman's house were blown down but fortunately fell in such a direction that they did no damage. Mr. W. E. Warfield had two barns unroofed. Mr. Dan Whittaker lost two barns. Mr. Petty had his barn blown down, and two wagons loaded with tobacco were completely ruined and some machinery badly damaged. The fencing throughout this neighborhood was heavily damaged.

Church Hill.
The wind was very high here, and the downpour of rain very heavy. Mr. E. D. Jones was probably the heaviest loser. He had a barn blown down and a stable partially wrecked, besides losing nearly all his fencing. The barn contained a threshing machine and five drills. The threshing was badly damaged but the drills caught the falling timbers and sustained them. The stable contained a

buggy which was torn up. Mr. E. B. Lyle had a barn unroofed and badly creened and the tobacco contained in it was badly injured by the rain. Mr. J. W. Ford also had a barn unroofed. All the farmers in this neighborhood sustained heavy damages to their fences.

Julien.
It is reported here that Mr. Ike Cayce lost a barn from the wind of yesterday, but the wires are down and the report cannot be verified. A barn belonging to Mr. Joe Ledford was razed and the tobacco therein was badly damaged by the rain and by being scattered by the wind.

Herndon.
The wind here was very high and accompanied by heavy rain and terrific thunder and lightning. The Louisville and Nashville depot was unroofed and fences generally were blown down.

Newstead.
The wind was high but no buildings have yet been reported blown down. Fences were considerably damaged however. The downpour of rain was very heavy and washed the roads badly in some places.

Crofton.
The wind here was not exceptionally high but the rain fell in sheets and as a result the roads suffered considerably from washing. Reports have been received from other sections throughout this section as here.

Pembroke.
Considerable alarm was felt over the storm which passed over this place. No damage was done here but farms in the surrounding sections suffered heavily. Mr. Bob Chilton, Mrs. Wakefield, Dr. Joe Barker, and Rev. Mr. Cheek had barns blown down and their contents more or less damaged. It is reported that a negro man was killed in the barn of Rev. Mr. Cheek but the wires are down and it is not known for certain whether the report is true or not, but it is generally credited here.

Besides these, barns were demolished on the farms of Isaac Garrott, Emmett Fields, John D. Morrisou, Robert Chilton, Jr., Mr. Kelly and a number of others, and Mr. John C. Willis' windmill was also destroyed. Wash Hooks, colored, was stripping tobacco in one of these barns and when the wind came up he ran out. A falling timber struck him a glancing blow on the side of the head and cut off one of his ears. The Jameson and Garrott tobacco factory was unroofed as were a number of other buildings here, and many outbuildings in the city were blown down.

Clarksville Pike.
The full force of the wind seems to have struck the farms lying along the Clarksville pike, and the heaviest loss was sustained there. Dr. W. G. Wheeler lost three large barns and the tobacco contained in them was badly damaged by the rain. He estimates his damage at \$2,000 at least. Mr. R. F. Rives, Mr. F. B. Lacey, Mr. J. J. VanCleve and others lost barns, but all telephone wires are down and particulars can not be learned. It is feared that when communication is again established it will be learned that the loss was even greater in this section than is now reported.

Mrs. M. A. Mason lost a barn and windmill. Mr. James Medley lost two barns. Mr. R. F. Rives was damaged at least \$900 by the loss of two barns, a hay shed and large amount of hay and a machine house containing several machines. Tom Garnett

Leavell Bros., Upshaw Buckner and Ford Bros., are also heavy losers on account of having barns and other buildings and fences more or less damaged.

Howell.
A terrific wind visited this section. Two barns are reported to have been razed, one of them belonging to Mr. Tyree Nuckles. A negro woman is reported to have been killed in a barn which was blown down. A negro school house near Garrettsburg was blown down, but fortunately no one was in the building.

Fairview.
The wind which passed over this section Tuesday afternoon was very high but as yet no buildings have been reported as blown down. Fences were considerably damaged, however. The rain was very heavy and damaged roads a great deal.

Guthrie.
The severest wind and rainstorm passed over this section at 3 o'clock Tuesday afternoon that has been witnessed for years, doing considerable damage. Six large tobacco barns and miles of fencing were razed. Telephone poles were blown down, cutting off communication from several points.

Telephones Down.
Telephone connection could not be had with Lafayette, Bennettsburg, Bell, any of the points mentioned, will probably swell the already large amount of damage reported as a result of the storm.

Clarksville.
The storm damage in this region was serious, many farm buildings being demolished. A Mrs. Boyd was killed and her child injured as a result of a barn in which they had taken refuge being blown down.

Nashville.
Trinity Methodist church, northeast of the city, was destroyed by a windstorm Tuesday afternoon between 2 and 3 o'clock. The storm began about 2:30 o'clock and raged furiously for about fifteen minutes. Chimneys were blown down and many buildings were slightly damaged in the city. The church appears to have been in the path of a cyclone whose fury exceeded that of the storm which visited the city and which appears to have been general throughout Tennessee.

The damage to the farms of South Christian from the storm of Tuesday afternoon is now estimated at from \$40,000 to \$50,000. A full list of the destroyed barns and other outbuildings, fencing and damages to residences and other buildings by being unroofed and exposed to the heavy rain will never be known and if such could be obtained it might swell the amount to even more than these figures. The barns and outbuildings and fences in South Christian are nearly all of the very best and the loss will fall very heavily on the planters just at this time.

In North Christian the wind did no damage but the rain was even heavier in that section than here. The roads, most of which are not metalled, are badly washed and a number of bridges were swept away by the waters. The river here was never known to rise more rapidly and before the flood began to subside the waters had overflowed the banks in many places. It began to recede however before any damage was done.

County Clerk John P. Prowse had a very narrow escape from possible

drowning while returning from Crofton Tuesday afternoon after the rain had ceased falling. He was riding horseback and attempted to cross a small bridge about three miles from this city. The stream was greatly swollen and just as Mr. Prowse's horse had gotten fully on the bridge it began to give away. The horse made a leap and managed to gain the bank before the structure was swept away. The sudden spring of the animal badly wrenched Mr. Prowse's back but he is able to be on the street. At the crossing of the Madisonville road with the L. & N. railroad the water was so high that it was within a few inches of the track and when Mr. Prowse rode through it the depth was so great that the horse barely managed to get through without swimming.

Old Mother Nature has never been improved upon—sometimes she needs a little assistance over hard places though.

But when we assist her, the nearer we keep to her own methods and processes the better.

Sometimes the digestive organs need help; we have indigestion. Pepsin is what nature has selected to do the work of digestion in the stomach; hence, the best help to indigestion is pepsin. The pleasantest and most beneficial way to take pepsin is with pure port wine; as combined in Walther's Peptonized Port, and sold by Ray & Fowler.

NEW COUNTY JAIL

SHOULD BE BUILT ON MODERN LINES

A Special Committee Will Make Report at April Term of Court.

The question of building a new jail will be settled soon by the fiscal court of Christian county. A committee composed of County Judge Fowler, County Attorney Anderson and Justices Buckner and Williamson has been looking into the matter and will make its report to the April term of the court.

The present prison is about as bad as that sort of building could be. It is antiquated, unsanitary, not half large enough and lacking in most every feature that a jail could be commended for. It is too be hoped that the court will appropriate a sufficient amount to build the kind of prison that will eliminate these evils. It is understood that the jail committee will recommend that either an entirely new building be erected upon another site, or that the present jailer's residence be remodeled into one wing of a jail to be built where the old one stands. The people of the county will applaud the action of the court in doing away with the miserable old prison house and having a new one next to W. S. Davidson. Has out houses and stable. MILLIONS FOR A NEW STOMACH

One of the greatest American millionaires once said to his physician, "A million dollars, Doctor, for a new stomach," and then the sick man groaned and turned away. One of a man's greatest pleasures is that born of a keen appetite, vigorous digestion and a good dinner, and this belongs to many a good fellow who is living on small wages, but the rich man without a stomach has to forego the good things of the table because his stomach rebels. Without a healthy stomach and a good digestion, our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. In this condition man is prey to the germs of influenza, consumption, malaria and all the ills that he is heir to. Consumption can be treated by natural methods which are as close to nature as possible.

Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood this disease, and after a long period of experiment discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It gives no false stimulation because it contains no alcohol and no narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. Instead of a cod liver oil, against which the already sensitive stomach will declare open rebellion, this tonic has a pacifying action upon the sensitive stomach and gives to the blood the food elements the tissues require. It maintains the patient's nutrition by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion, and in this way fever, night-sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria, and it builds up the tissues and puts on healthy flesh.

When the druggist says he has something that is "just as good" as Dr. Pierce's Golden Medical Discovery, he says so because he hopes to make a better profit, but his own mixtures have not stood the test of long experience nor had the success that Dr. Pierce's medicines have had.

RECEIVER IS APPOINTED FOR T. C. RAILROAD.

On Application Filed By Contractors Who Claim a Balance of \$44,000 Is Owed Them.—Suit Entered at Kingston, Tenn.

HAS NO EFFECT UPON OPERATION OF ROAD.

A press despatch from Knoxville, Tenn., says:

"Upon application of M. N. Elkan & Co., of South Carolina, sub-contractors, in a suit filed in the chancery court of Roane county, at Kingston, Tenn., today, W. J. Oliver, of Knoxville, was appointed receiver for the Tennessee Central railroad extending 300 miles from Harriman, Tenn., to Hopkinsville, Ky., by way of Nashville.

"Elkan & Co. sue for a balance of \$44,000, which they claim is due for extending the road from Emory Gap to Harriman. The bill charges that road has failed to fully pay the Callahan Construction company of Knoxville, for building the line between Lebanon and Nashville, and also that it has failed to pay W. J. Oliver & Co., contractors, of this city, about \$300,000, balance said to be due for building the road from Nashville to Hopkinsville. The bill also charges that there are many other liabilities, aggregating more than \$2,000,000, and that the road is unable to liquidate them. It is also set out that the Callahan Construction company and W. J. Oliver & Co. are proceeding by separate suits in Davidson and Montgomery counties, Tennessee, to enforce their contractors' liens by separate sale of portions of the road.

"The bill filed today seeks to preserve and sell the road as an entirety from Harriman to Hopkinsville, and also to obtain property for the contractors who built the road. The receivership is now effective. The receiver was named by Chancellor J. W. Speed, of this city."

So far the receivership has had no effect, says the Nashville American, upon the operation of the Tennessee Central railroad, the line continuing to be operated by the same officials as heretofore. The local officials were asked in regard to the matter, and expressed the opinion that the receivership proceedings practically amount to nothing. The company has had litigation with a number of contractors and sub-contractors, and the officials characterize the steps taken by Mr. Oliver as a grandstand play. They feel certain that the matter will be adjusted within a few days.

PENSION RULING

Commissioner Ware Makes

An Important Change. He has promulgated the most important pension ruling issued in a long time. It directs that beginning April 13 next, claims for pensions under the general act of July 27, 1890, those who are over 62 years old shall be considered as totally disabled on infirmities creating, ordinarily, half inability to perform manual labor, and shall be entitled to an additional \$8 for each month over sixty-five years, to \$8 for each month over sixty-eight years, to \$10 for each month over seventy years, and \$12 usual allowances at higher rates continuing for disabilities other than age.

MONTH'S TRIAL FREE

Breathe Hyomei Three or Four Times Daily and be Cured of Catarrh.

Mr. L. L. Elgin, one of the most reliable business firms in Hopkinsville, has seen many instances of the remarkable power of Hyomei to cure catarrhal troubles and other disorders of the respiratory organs.

Results in this treatment have given him so much confidence in Hyomei that he will give a month's trial with the positive understanding that if at the end of that time a cure is not effected or enough relief gained to warrant a continued use of the treatment for a while longer, the money will be refunded.

Hyomei is the only treatment for catarrh that has ever been sold under a "no cure, no pay" plan, and the only one where a month's trial treatment is free unless it cures.

Hyomei is not a pill or liquid. Just breathe it through the nasal inhaler that comes with every outfit, and benefit will be seen from the first day's use. Breathe in this way, the health-giving Hyomei penetrates to the minutest air cells of the lungs, and drives catarrhal germs and poisons from the system.

The complete outfit costs but \$1, and extra bottles of Hyomei may be obtained for 50c.

Remember that if Hyomei does not cure you after a month's trial, Mr. Elgin will refund your money and the treatment will be absolutely free.

A life saved by FOERG'S REMEDY

the great blood purifier

Read this grateful letter from a prominent Kentuckian

Princeton, Ky., Feb. 4th, 1908.
I wish to state for the Foerg Remedy Co., of Evansville, Ind., that I believe their great blood purifier, known as Foerg's Remedy, the great blood purifier, saved my brother's life some ten years ago. He was troubled with a blood disease, and it seemed he could get no relief until he took Foerg's Remedy same as manufactured by this company. After taking five bottles he was entirely relieved of his trouble, and when he died some five years ago he was entirely well of that disease. I also took two bottles as a blood purifier and was much benefited.

People do not become interested in these subjects until failing health or a distressing outbreak of the skin reminds them sharply of their ignorance. Is it any wonder then that so many become the easy prey of vampires both inside and outside the medical fraternity, and too often find a tragically early grave, where a little common sense knowledge would have shown them the means of recovery and spared their lives. Know thyself!

AND HERE'S THE REMEDY
Forewarned is forearmed—let this warning sink deep in—obtain from us or from your druggist a trial quantity of the Remedy—test its efficiency the first time you have the opportunity, so that you may know for yourself and become an enthusiastic convert to the virtue and strength of our marvelous blood remedy—from then on you will refuse to be without it until your cure is effected. Why take chances? Why procrastinate a single day? Act now. Price \$1.00 per bottle, six bottles for \$5.00.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is so realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Lawyer Critchlow of Utah has the defects of a ready witness before the investigating committee. Explaining the defeat of Thatcher for the senate he said the apostles sent around word that "it is the will of the Lord that you vote the Republican ticket this time." Then Senator Smoot's smile tapered off into a scowl.

PUSHING THE WORK

FIRST SHIPMENT TO THE WORLD'S FAIR.

Others Will Follow Rapidly.
—Tobacco to Be Sent In April.

The first carload of Kentucky exhibits for the World's Fair has been shipped to St. Louis. It was the exhibit of the Kentucky Institute for the Blind and is consigned to the palace of education.

From now on the shipments of Kentucky exhibits will be rapid. The tobacco shipment will not be made until April. At the same time the exhibits of women's work, paintings, sculptures, relics, books of Kentucky authors, music by Kentucky composers, etc., will be forwarded. Apples and pears for the fruit exhibit are now in cold storage at St. Louis.

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 140 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by R. C. Hardwick.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be ward off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by L. L. Elgin.

Cancer Cured BY Blood Balm

All Skin and Blood Diseases Cured

Mrs. M. L. Adams, Fredonia, Ala., took Botanic Blood Balm which effectually cured an eating cancer of the nose and face. The sores healed up perfectly. Many doctors had given up her case as hopeless. Hundreds of cases of cancer, eating sores, suppurating swellings, etc., have been cured by Blood Balm. Among others Mrs. B. M. Guernsey, Warrior Stand, Ala. Her nose and lip were raw as beef, with offensive discharge from the eating sore. Doctors advised cutting, but it failed. Blood Balm healed the sores and Mrs. Guernsey is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone pains, ulcers, offensive pimples, blood poisons, carbuncles, scrofula, risings and bumps on the skin and all blood troubles. Druggists, \$1 per large bottle. Sample of Botanic Blood Balm free and prepaid by writing Blood Balm and Co., Atlanta, Ga. Describe trouble and special medical advice sent in sealed letter. It is certainly worth while investigating such a remarkable remedy, as Blood Balm cures the most awful, worse and most deep-seated blood diseases.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all drug stores.

Painless, Natural Childbirth.

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She owes it as a duty to her unborn babe, and to herself, her duty to her unborn babe is to use every means within her power to aid his entrance into the world. Baby cannot help himself in this ordeal, therefore mother must. He has a hard enough time after his arrival, so let us make his coming easy. His health in after life depends greatly upon the manner of his coming. Would you have your child a cripple, or would you have him a tower of strength? A famous surgeon in Vienna is devoting his life-work to the cure of little helpless cripples, deformed by birth; do not allow your child to become a cripple.

Mother's Friend

is a liniment which will forestall any possibility of accident at birth; that is, it relaxes all the abdominal muscles and tissues, pain, and so assists nature that when baby comes he starts out in life with a constitution well able to fight life's battles, and to bloom into strong pure manhood that is the comfort and delight of every true mother's heart. One dollar is the price at all drug stores. Send for our book on "Motherhood." It is free.

LED HERMIT'S LIFE

MRS. ULRICH LIVED BY HERSELF.

Diamonds and Many Valuables Found Hid About

Lafayette, Ky., March 28, 1904.—Friday night Mrs. Ellen Ulrich was found dead on her farm near this place. She was a widow living by herself and the exact time of her death is not known.

A negro went to her house Friday morning and could not find her, but she was in the habit of leaving home and there was nothing thought of her being gone, but Friday evening the same negro went back to her house and again failing to find her went and notified Mr. William Lacy her brother, of her absence, and a search was immediately instituted for her and Friday night about eight o'clock she was found dead in a cow lot about one hundred yards from the house. Near by her was a bucket partly filled with milk and it is supposed she went out to milk her cow Thursday evening or Friday morning and expired suddenly of heart failure.

She had one son and two daughters, all married and living at a distance, and for the last decade or longer she had lived the life of a hermit not even allowing a woman to live on her place and she had no very near neighbors. There were sixteen dollars, some diamonds and other fine jewelry found between her beds, and besides these there were other very costly articles in her house and why she had never been robbed is a mystery.

She owned a lovely home and kept everything about her house in the best of repair, but her house being off of the road and nearly surrounded by woods made it a lonely, solitary place. She was a daughter of Mr. John Lacy, deceased, and was about seventy-three years old. Her funeral was preached Sunday at one o'clock by Rev. Pate pastor of the Baptist church at this place. They left Sunday evening with her remains for Louisville where the interment took place.

COLLINS-RICKETS.

Mr. Will Collins and Miss Ella Rickets were joined in matrimony Sunday morning at Madisonville. The ceremony was performed by the Rev. Mr. Gatlin. Mr. and Mrs. Collins arrived in the city Sunday afternoon. They will make their home in Cadiz. The bride is the handsome and attractive daughter of Mrs. Carter.

SEATED IN BUGGY

Mr. Shepherd and Miss Freeman Are Married.

Mr. John W. Shepherd and Miss Buena Vista Freeman were married Sunday by Rev. W. F. Cashman. The couple drove up to the minister's gate and had the ceremony pronounced while seated in their buggy. After being married they drove to the groom's farm on the Clarksville pike where they will reside. The groom is a popular planter. The bride is the pretty and talented daughter of Mr. and Mrs. R. D. Freeman, of this city.

It is dangerous for one to take patent medicines of unknown composition.

When a person is really sick the best course is to call a physician. Often times, however, a person is run down and out of sorts, without being actually sick.

At such times a good common sense digestive tonic is usually all that is needed. Such a tonic is Walther's Peptonized Port, which you can get at Ray & Fowler's or Jas. O. Cook's. It consists simply of pure port wine and pure pepsin. The first gives you new blood, new life; the second prompts a perfect performance of the digestive functions.

THE HAND OF DEATH

RESTS HEAVILY ON FARMER'S FAMILY.

Two Members Victims of Pneumonia and Three Ill. —Reaper's Visits.

(From Tuesday's Daily.)

Roy White, aged eighteen, died last night of pneumonia at his home six miles from the city on the Russellville road. His father died of the same disease Saturday, and three other members of the family are seriously ill with pneumonia.

Mrs. Fannie Carter died Saturday night at her home in the Church Hill vicinity of consumption, aged sixty years. She was the estimable wife of Mr. Paul V. Carter and the mother of Messrs. Will and Thomas Carter. She was a consecrated Christian and a member of the Baptist church. The interment took place Monday near Herndon.

The remains of Mrs. Moore, who died Sunday at the residence of her son, Mr. W. H. Moore, on South Virginia street, were taken to Pembroke Monday where the funeral took place. Mrs. Moore was seventy-three years of age and was beloved by a wide circle of friends.

The two-year-old son of Mr. and Mrs. Roy Cayce, Jr., died Saturday at Beverly of paralysis.

Mrs. Lucy Davenport, aged seventy-five, died of pneumonia Friday near Sinking Fork.

Mrs. Ellen Bass died this morning at the residence of her mother, Mrs. Georgia Hickman on Sixteenth street. She had been an invalid for many years, having been stricken with paralysis about fifteen years ago. She was sixty-one years of age and a daughter of the late Dr. L. B. Hickman and widow of the late Dr. John Gray, of Todd county. She was a sister of Mrs. E. M. Flack, Mrs. J. P. Thompson and Mrs. W. T. Tandy of this city, and Mr. Baylor Hickman, of Louisville. Mrs. Bass was a lady of many splendid traits of character and superior mental qualities. Funeral arrangements have not been completed.

SECTION FOREMAN COX KILLED ON ILLINOIS CENTRAL BRIDGE.

Crosstie On Which He Was Sitting Struck Abutment, Knocking Him Into River.—Skull Was Crushed and His Body Was Mangled.

Mr. W. M. Cox, a section foreman on the Illinois Central railroad, was knocked from a work train at the third trestle from this city on the I. C. yesterday afternoon and instantly killed. He was sitting on a crosstie which was being distributed along the track by the crew of the train and in crossing the bridge he was either struck himself, or the end of the tie was struck and he was knocked off, the tie falling with him. On the bridge there was blood showing where he struck and also blood on a large stone under the bridge. The body fell into the river and it was thought that he was drowned, and it was so reported but when the body was recovered last night about nine o'clock by Agent Sherwood and a crew of men it was found that there was a large hole over the right eye exposing the brain and that both legs were broken and it is thought his neck was also broken but no careful examination of this was made. The accident occurred about 3:30 yesterday afternoon and the body was not recovered from the river until nearly nine o'clock last night. Diligent effort was made from the time the accident occurred but all trials proved futile until the body was finally caught with a grabhook by Mr. Will Hayes. It was found about seventy-five yards from the trestle.

The unfortunate man was about forty-five years of age and was the son of Mr. J. D. Cox, of Henderson. He lived at Cerulean where a family survive him. The body was taken to Corydon this morning where it will be interred this afternoon.

GOV. BECKHAM PASSES ON SEVERAL BILLS OF IMPORTANCE.

Approves Measure For Fourth Class Cities to Refund Indebtedness.—Vetoes Thorne County Act and Change of Names of Asylums.

(Special to New Era.)
FRANKFORT, Ky., March 24.—Gov. Beckham today approved the following bills: Providing tax of fifty cents a barrel on blended or rectified whisky; increasing salary of prison guards to \$75; allowing cities of fourth class to refund bonded indebtedness. He vetoed the following bills: Changing the name of lunatic asylums to hospitals; the Thorne county bill; providing two assistants to the attorney general; providing only three bystanders can serve on a jury. He vetoed parts of the bills appropriating money for the Frankfort and Eddyville prisons.

FRANK MESSIE IS STILL OUT IN THE HOLLAND AND MASSIE CASE

The jury in the case of Frank Massie and Ed Holland, charged with complicity in the Pembroke murder, has as yet failed to reach a decision. It is probable that the case against Ed Moseley, charged with the same offense, will be continued until the June term of court.

James Lewis and James Jones, the negroes charged with breaking into the store of David Smith at Fruit Hill last fall and taking a large amount of goods, were arraigned yesterday in circuit court and plead guilty to the charge. The case was given to the jury and a verdict was returned fixing their punishment in the penitentiary for two years.

(From Wednesday's Daily.)
The joint trial of Frank Massie and Ed Holland, charged with complicity in the Pembroke murder, was brought to a close today and the case was given to the jury. The argument was begun yesterday afternoon, a speech of Attorney Robt. Lanier, colored, for Ed Holland, and Judge Chas. H. Bush for the prosecution being heard. This morning Attorney John Feland, representing Frank Massie and Commonwealth's Attorney Denny P. Smith closed the argument.

Luke Crick has brought suit against D. A. Wilbert for \$250 damages, alleging that the defendant unlawfully cut cross ties on his land. A restraining order was issued to prevent the defendant from further cutting of ties on the land until the case could be settled.

Mr. Larkin T. Brasher has renewed his appointment as trustee of the Christian county as previously by law. No amount of interest was paid. The bondsmen are W. D. R. Brasher, J. E. C. H. Bush.

MARKET LOOKS UP TUESDAY AND THURSDAY SALES RESUMED.

The loose tobacco sales at the warehouse of R. M. Wooldridge & Co., showed so much more strength this week that it was decided to again inaugurate the regular Tuesday and Thursday sales. According to this plan the second sale of the week was held at this warehouse this morning. Between 75,000 and 100,000 pounds were sold at each of the sales this week and prices were strong each day with leaf in special demand at an advance of from 25c to 50c. Lugs ranged from \$2.00 to \$2.50. From this time on sales will be held regularly each Tuesday and Thursday.

The English "Society for the Prevention of Consumption" presided over by the Prince of Wales, was recently addressed by Sir William Broadbent, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case. There is no such thing as inherited consumption. There may be local weakness which tends to consumption, but the germ has absolutely to be planted in that weak spot before consumption can ensue. This ought to comfort thousands of people who have "weak chests" or "weak lungs." They are not foreordained victims of this dread disease. All that is needed to bid absolute defiance to this deadly scourge, is to be able to strengthen the weak lungs, and build up a strong body. The answer to this need is found in Dr. Pierce's Golden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off, and the weak organs are nourished into perfect health, which defies germs of every kind. People given up by doctors, emaciated, bleeding at the lungs, with obstinate lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is a strictly temperance medicine containing no alcohol, whisky or other intoxicant.

Miss Bettie Thomas has returned to Hopkinsville after a visit to relatives in South Clarksville. She was accompanied by Miss Nellie Thomas who will make a short visit to relatives in Hopkinsville before returning to her home in South Clarksville. —Clarksville Times-Journal.

ABOUT THE WAR IN FAR EAST.

(Cablegram.)
ST. PETERSBURG, March 24.—There is no truth in the report that the Japanese have crossed Talung Pass or have had successful engagements on land with the Russians. Renewed reports of an engagement between the Japanese and Russian fleets on March 18 are sent out from Tokio and Yokohama, in which it is stated that one Russian battleship was sunk. The Japanese casualties are placed at seven, but there is no information as to the condition of the Japanese fleet, and the reports are not confirmed from any source.

SHOT HIS WIFE AND BROTHER.

(Special to New Era.)
LOUISVILLE, Ky., March 24.—Enraged by the sight of his wife held in the embrace of his brother Francis, Felix Dumas, a machinist, shot and dangerously wounded wife and brother, and to use his own words he "shot to kill."

The shooting occurred at Felix Dumas' home, 2105 Eighteenth street at 9:15 o'clock last night. Felix Dumas, who did the shooting, is in jail charged with malicious shooting and wounding.

The Proper Thing.

The Owensboro Inquirer says: Auditor Hager has done the proper thing in calling off Tax Ferret Lucas. There ought to be some way of reaching money for taxation, but it can not be done by going after the banks for deposits. It would bring ruin to the banking interests and injury untold to the entire community. The tax rate in the cities is from two to four per cent and the burden arising from the assessment to the banks of bank deposits would be appalling.

GOOD CITIZEN GONE

**SQUIRE COLEMAN DIES
AFTER LONG ILLNESS.**

Squire James T. Coleman, a prominent planter and for many years one of the most influential and valuable citizens in the Bennettsville vicinity, died Wednesday after a protracted illness of paralysis. He was born March 8, 1839, and was the son of the late J. W. Coleman, a pioneer citizen who came here from Virginia and was of English descent. He was twice married. His first wife was Miss Jennie Pollard who died in 1879. He was married Oct. 17, 1882, to Miss Mary Hugh Cooper. Ten children, six by his first marriage and four by the second, survive him. Mr. Coleman was formerly a justice of the peace and was a staunch Democrat. He was a lifelong Christian and belonged to the Methodist church. He was a member of the Church Hill Grange.

FILIPINO PRESIDENT IS KILLED.

T. C. RAILROAD MAY GO UNDER THE HAMMER.

**Outlook Is Not Bright, According to a Nash-
ville Despatch.--L. & N. May Buy
Part of New Line.**

NASHVILLE, Tenn., March 21.--
The affairs of the Tennessee Central
railroad are in a very complicated
state, so much so, indeed, the prop-
erty is likely to be sold at an early
day. It is understood there is a
floating debt of something like \$2,-
000,000, and much of this is pressing.
The creditors have been after the
company for months and the St.
Louis capitalists who have been be-
hind the enterprise are reported to
have grown tired of putting up.

The road, it is claimed, has not
paid operating expenses, and besides
the money borrowed to make needed
extensions in the mineral regions in
the Cumberland mountains other
money has had to be raised to make
up the deficit from operation. Yes-
terday Receiver Oliver who is in full
charge of the road, was authorized
to issue \$75,000 in receiver's certi-
ficates, the proceeds to be used in pay-
ing employees and other claims which
cannot be avoided.

When the company failed to get
the million-dollar subsidy voted the

road by the city of Nashville its
troubles began. This money, it is
said, would have tided the road over
until its backers could have found a
profitable sale for it. The legality of
the subsidy was attacked, however,
and there is no telling when the
courts will pass finally on the ques-
tion. In the meantime the road is
likely to be sold, but if the Louis-
ville and Nashville or the Nashville,
Chattanooga and St. Louis lines
should buy it the subsidy would be
null and void.

Well informed railroad men say
the road is certain to go under the
hammer, and when it does the Illi-
nois Central will buy the division ex-
tending from Hopkinsville to Nash-
ville and the Southern the eastern
division, from Nashville to Harri-
man.

The complications into which the
company has fallen is believed to
stop any further extension of termi-
nal facilities in Nashville and which
were estimated to cost half a million
dollars.

SUITS FILED FOR BACK TAXES AGAINST BANKS

**Brought By Auditor's Agent Lucas.--Judge
Hager Repudiates the Action of
His Subordinate.**

Frank A. Lucas, as revenue agent
for the state at large, has filed suits
against all the banks in Christian
county, except the First National
bank of this city, for back taxes.
The suits, which came by express to
County Clerk Prowse, are as follows:
Three suits against Bank of Hop-
kinsville for five years taxes on the
following amounts and for the fol-
lowing years, 1900, \$281,453.24; 1901,
\$277,167.56; 1902, \$426,121.91; 1903,
\$249,809.00; 1904, \$302,299.72
City Bank for year 1900, on \$244,-
568.49; 1901, \$239,507.88; 1902, \$264,-
356.32; 1903, \$207,008.88; 1904, \$242,263,-
63.

Planters Bank & Trust Co., 1902,
\$166,964.75; 1903, \$181,477.85; 1904,
\$180,328.48.

Planters Bank, 1900, \$99,782.33;
1901, \$104,148.25.

Farmers & Merchants Bank, Pem-
broke, 1900, \$64,878.54; 1901, \$80,874.98;
1902, \$92,822.76; 1903, \$78,926.85; 1904,
\$59,508.62.

Bank of Pembroke, 1901, \$78,535.94;
1902, \$86,160.19; 1903, \$58,885.12; 1904,
\$49,183.81.

Pembroke Deposit Bank, 1900, \$36,-
699.50.

Bank of Lafayette, 1900, \$17,746.62;
1901, \$30,289.22; 1902, \$21,007.32; 1903,
\$31,346.58; 1904, \$28,454.94.

In speaking of the filing of these
suits throughout the state Mr. Lucas
says:

"I have filed three suits against
each bank, the first to tax the value
of their deposits as their property,
the second to require them to pay
taxes on it as bailee in possession,
and then the bank to recover off the
depositor as is provided for in Sec-
tions 4023 and 4032 of the statutes.
The last suit is intended, should
the court hold the property to be
that of the depositor, to require the
bank to list it for tax as is required
of all persons having property of
others in their hands on September
15 of each year, in the name of the
real owner. This property, if worth-
less, or notes between individuals,
would be taxed as shown in two
ways. As it is goes untaxed. I
think it my duty as revenue officer

for the state to prevent this unjust
method if possible. These suits in-
volve the payment of state and
county taxes for the last five years
on about \$45,000,000 of property an-
nually. The taxes on this will
amount to about two and a quarter
million dollars."

State Auditor Hager has notified
the four auditor's agents that the
wholesale filing of suits for the col-
lection of taxes against persons and
corporations, and without the con-
sent of the auditor of public accounts,
must stop. He has also given official
notification of his repudiation of the
action of Auditor's Agent Lucas, of
Paducah, in filing a number of suits
against banks in the western part of
the state requiring them to list de-
posits for taxation.

Mr. Hager states that Lucas' com-
mission as agent of the auditor has
expired and that if it had not he has
no power to file suits without the
consent of his principal.

The present auditor's agents were
appointed under the new revenue
law, by former Auditor Coulter, for
a term of four years. The appoint-
ments were made only two years be-
fore the expiration of Coulter's term
and the question was raised during
the recent session of the legislature
as to whether he had the right to
make appointments for a term ex-
tending beyond his own continuance
in office. A bill was introduced al-
lowing the present agents to continue
in office the remaining two years for
which they were appointed, but pro-
hibiting the present and future audi-
tors from making appointments to
extend beyond their term of office.
The bill passed only one house.

Stole a Buggy.

Sunday night some one stole a
buggy belonging to Mr. H. E. Allen
which was standing in the street at
his residence on North Clay street.
The thief pulled the vehicle down
Clay to Second street and up to the

freight train blocked his passage and
he left his prize standing in the street
and a colored man who knew the
buggy came along and recognizing it
took it in charge and returned it to
Mr. Allen.

Talmage Sermon

By Rev.
Frank De Witt
Talmage, D.D.

Los Angeles, Cal., March 20.—In these times of worldwide military activity and when soldierly qualities are everywhere discussed this sermon on the ideal Christian soldier is peculiarly appropriate. The preacher chooses as his text II Timothy II.3, "Endure hardness as a good soldier of Jesus Christ."

What is war? "War is hell," once bluntly said William T. Sherman. War is a river of blood flowing into a river of blood. War means sickness and death, widowhood and orphanhood, mangled bodies, devastated harvest fields and pauperism. War is a mortal grapple when nation says to nation, "My quarrel with you cannot be settled but by fighting, and now we will see which of us two is the power to crush the other," and then they put their armies in the field commissioned to kill one another. War is a grave trench dug with bayonets. It is the heavens deluged with countless tears. It is man with clinched fist and flaming eye—man with an artillery wagon for a carriage and with the surgeon's operating table for a couch. War! It is the most brutal, the most fiendish, the most terrible, the most blasphemous of the ages. We have the right to hate it with an intense hatred and to pray that the Prince of Peace may give us more antipathy to it and a more intense horror of the awful suffering and death that it entails.

War is an international curse. But though war is an awful international curse there have been occasions when men have entered the army and have gone to the battlefield from conscientious motives. There have been cases, as every student of history knows, when it has become a sacred duty for the defense of the home for the patriotic citizen to take up arms. Christ himself recognized the fact when he said, "I came not to send peace on the earth, but a sword." So it has come to pass that his followers have at times, with sore reluctance, but under a stern sense of duty, engaged in war. Unhappily, too, they have been found in hostile camps, as in our own civil war, when good Christians conscientiously followed the Confederate flag, as others equally conscientiously followed the Union flag. A conspicuous illustration was that of Leonidas Polk, the bishop of Louisiana, whose pure Christian character none could deny. He was so gentle and kind in his private life that when one of his black slaves was dying he was just as tender to him as if the black man had been his own flesh and blood. On the night on which the humble slave closed his eyes in death the good bishop said, "Tom, is there anything else I can do for you?" The answer was: "Yes, massa. If you will only lie down by me on the bed and put your arm around my neck, and let me put my arm around your neck, as we used to do when boys lying under the green walnut trees, I think that I could die more easy." So the great southern minister and leader lay down upon his slave's cot and held his black servant in his white arms until the white angel of death came down and took the soul from beneath the black skin. Surely such a man of God as Bishop Polk was not cruel or malevolent. Yet at the bugle blast of war he donned the soldier's uniform. As a lieutenant general of the Confederate army he was shot at Pine Mountain, Ga., June 14, 1864. He was shot only a few hours after he had confirmed into the Episcopal church some of his brother officers.

When Good Men May Fight. It is proper and right at certain times and seasons for good men to go to war, if they go with the right motive. The qualities which go to make up a good and a brave soldier are those which should characterize a good Christian. The courage and self sacrifice and devotion to a righteous cause which have been displayed in the field are needed in the Christian's daily life. Therefore, Paul aptly and powerfully uses the figure of my text for a gospel comparison. He is practically saying to young Timothy: "Look upon your Christ as a great leader and general. Enlist in his service. Implicitly obey his orders. Charge in Christ's name if the order is given you to charge. Do sentinel duty and trudge weary marches if that is your order. Be ready to fight on battlefield, or starve in trench, or suffer in hospital, as duty may command." All young people are delighted with a military parade. Let me in this sermon recount for you how a gospel soldier should obey Christ's bugle call.

What does it mean to be a gospel soldier? First and foremost, to take the oath of enlistment. The difference between an army and a mob, the difference between a collection of men governed by one brain, ruled by one voice, directed by one order, and a lot of men running hither and thither like a flock of sheep, or frightened, stampeding cattle, doing as they will, is the difference between the oath of enlistment and no oath. Before a man takes the oath of enlistment he is a free man. After he takes the oath of enlistment he is no longer an independent individuality. He is a soldier, subject to the soldier's orders, and is liable to be shot if he deserts or disobeys his superior officers. The oath of enlistment practically says: "I will, if necessary, let others do my thinking. I will go where I am told to go, and do what I am told to do." The oath of

enlistment is more binding than bands of steel. I well remember the time that I took the oath of enlistment in the United States army, and the transformation in my life which immediately took place on account of that oath. The Spanish-American war had broken out. At that time I was living in Chicago, and was chaplain of one of the largest regiments in Illinois. As soon as war was declared, the colonel telegraphed Governor Tanner, placing our whole regiment at the service of the state. What to do I knew not. My duty to my church and to my family required me to stay; my duty to my country called me to go.

The Divine Commander. Worried and fretted by these conflicting duties, I was harrowed by day and could not sleep by night. But no sooner did I enter the exposition grounds at Springfield, Ill., where we encamped, no sooner did the mustering officer tell me to raise my right hand over the open Bible and take the oath of enlistment, than all worry and doubt and trouble faded from my mind. Why? One minute before I took that oath of enlistment I was free to do as I would. One minute after I took that oath of enlistment I was a United States soldier, subject to the orders of the president of the United States.

What is true in reference to the English soldier or the French soldier or the American soldier is true of the gospel soldier. You cannot do effective service as a soldier of Jesus Christ unless you publicly give to him your oath of enlistment. And when you once do give that oath then you are no longer your own master. Then you are in exactly the same position toward your divine commander as was Captain Clark toward his earthly commander. After he had brought the Oregon on her famous trip from the Pacific ocean around South America's southernmost cape, up past the coast of Brazil, Captain Clark immediately went into the first United States port he could find and telegraphed President McKinley. "The Oregon has arrived safe and is awaiting orders." So when you become a Christian soldier or a Christian sailor you must first take your oath of enlistment and then always be "awaiting orders." In the public church aisle and by the table of the holy communion you give open testimony of your purpose to surrender your will to the divine will. You must say, "I am ready, O Christ, to do what thou wilt have me to do, and go where thou commandest me to go."

The Gospel Soldier. What does it mean to be a gospel soldier? To be assigned to some distinct part of some distinct command in the great Christian army, following the standards of Jesus Christ. To have an individual place reserved for you in the gospel ranks, where you are to fight for the church militant, as each private American soldier during the civil war had a place reserved for him in the ranks, whether he belonged to the cavalry or the artillery, the infantry or the engineering corps. As a military organization of a great aggregation of individuals, so the success of the army depends upon that military organization being divided and subdivided and divided again by orderly arrangement. The individual, the private soldier, must have his distinct place just as the general or the colonel or the major or the captain has his place.

Let us study for a moment the construction of an American army. Take, for illustration, that which followed Sherman to the sea. There were in that host about one hundred thousand men. These one hundred thousand men were divided first into three parts, each commanded by a major general. Generals Schofield, McPherson and Sherman respectively charged the right wing, the center and the left wing of that army. Then each wing and center was again divided into corps, under such leaders as Generals Logan, Howard and Kirkpatrick. Then these corps were again subdivided into divisions, and these divisions again into brigades, and these brigades into companies, and each private soldier was assigned to a distinct company, the letter of which was marked on his hat and the number of the regiment marked upon the lapel of his coat.

Each American soldier always had a distinct place reserved for him in the ranks where he was supposed to fight. Sometimes in battle an American soldier might get separated from his company. During the two days' fighting before Santiago an American lieutenant saw a colored trooper of the Tenth cavalry fighting by the side of his white men. When the lieutenant asked the black man why he was there he replied, "I have lost my command, and so, sir, if you will, I would like to fight in your company." The permission was given. That night, when the colored soldier was about to hunt up to give him a note to his captain to prove that he had been in battle and not skulking in the rear. The next day, when going over the field hunting for his dead and wounded, this same lieutenant found upon the bloody field the same colored trooper, mortally wounded. The colored soldier beckoned to the lieutenant to lean over him. Then the dying man whispered: "Take that note and give it to the captain of L troop, Tenth cavalry, Lawton's division, and tell him that I tried to report to my company, but could not find him. Give him that paper and say yes, 'tis true.' A United States soldier always has an individual place reserved for him in the ranks where he is expected to be and expected to fight."

A Gospel Warrior's Duty. The United States soldier must be able to answer roll call in a certain company, of a certain regiment, of a certain brigade, of a certain division, of a certain corps. So the gospel soldier must have a distinct place in

which he has his name upon the muster roll of the church militant. There should be no "free lances" in the gospel army, no guerrilla bands. Guerrilla ranks are filled up for the most part with iconoclasts and anarchists and cutthroats. But the gospel soldier must be a regularly enlisted man, detailed for work to some one Bible class, to some one Sunday school, to some one prayer meeting, to some one church. A gospel soldier is a Christian who obeys orders. How can you obey Christ's orders unless you have taken your individual place in the gospel ranks of Christ's great army, called the church?

The true gospel soldier always considers the posts of danger the posts of honor. He wants to hear the singing of the shells, even though the martial song may have to be accompanied by his own death rattle. He wants to be as most of the soldiers were after they had enlisted for the Spanish-American war. Oh, how anxious the officers and privates alike longed for the front! They wanted to have a glorious part in the liberation of downtrodden Cuba. Some men had to die for that liberation. Then the brave fellows of the different regiments, by telegram upon telegram, sent to the governors and to the officials at Washington, practically said, "We are ready to go to the front—aye, to sacrifice our lives, if need be, in our country's service." So eager were these soldiers for dangerous service that when some of their colonels received the telegrams that switched them from the transports at Tampa to Jacksonville, Fla., there were sorrow and disappointment in many hearts.

Posts of Difficulty. Posts of danger and difficulty are always posts of honor in the United States army. And yet to hear some Christian soldiers talk you would suppose that the posts in Christ's army where there are difficulties are the posts to be avoided or deserted. Even some of the ordained ministers of Jesus Christ feel that way. "Oh," says a visiting clergyman, "I am so discouraged. Why, there has been nothing but friction and trouble in my church ever since I came to it. The people have fought and misrepresented every minister who ever occupied this pulpit, and they have been finding fault with and misrepresenting me. I am so discouraged. I wish God would find me another place." Well, my brother, I confess you are having a hard time of it. I confess that some churches have a bad record. I know of one church that for forty years has made its chief fame in breaking down its different ministers. One pastor after another has been destroyed in regular order as he came to its parsonage. One minister was so tantalized and attacked that under the persecution of its members he committed suicide. But, tell me, you who have been having a hard time in that church, do you not think you are getting along there as well as any one else could? "Oh, yes," you answer. "I know I am. In spite of three balking elders and two obstinate, fault finding trustees, we are taking in new members all the time. Never in the church's history has it been doing so much good." Then, my brother, instead of complaining about your lot you should be congratulated. Go ahead and do your work. God has honored you above all others. He has put you in a difficult position. Post of difficulty always post of honor.

Sunday school teacher, that is a tough class of boys you have. You came to me the other day with tears in your eyes. Some people may think I am talking about an imaginary case, but you know I am not. Those boys at times pester you so much that you have half made up your mind to give up the class. Do not do it. Those boys may seem to you as if they were dirty faces. They may seem to be ungovernable. But remember, O Christian soldier, if you desert your post now and leave those boys they will not obey the voice of another teacher. They will not come to church at all. You must be to those boys what Dr. T. J. Bernhardt is to the London newsboy, and Charles N. Crittenton is to the Florence Crittenton missions, and what Livingston was to Africa, and Carey was to India. The gospel heroes of the past have given up their all to win their victories. They labored, they slaved, they sacrificed themselves among the outcasts. "Go thou and do likewise."

A Fact to Realize. But there is another great fact which the good soldier of Jesus Christ should realize. The duties of the warrior performed are sometimes just as essential for God's work as duties rightly performed at the front. The work which is done by the commissary and the surgeon has sometimes a greater part to play in winning martial victories than the spectacular color sergeant has in leading the charge before the enemy's breastworks. What defeated Napoleon Bonaparte in his famous Russian invasion? No. The conqueror of Germany and Austria and Italy could have brushed those guns aside as he had done in former campaigns. It was the haversack empty of bread which made the "Little Corsican" run like a frightened hare toward home. It was Moscow in flames and his men with nothing to eat that made the French commander tremble before the stony glare of death. And yet to read some military biographers you might suppose the personal worth of a Grant, a Sherman, a Meade, a Hancock, was the cause of all the victories achieved by the northern armies in the civil war, and the mental powers of a Lee, a Longstreet, a Jackson, a Gordon, a Johnson, were the cause of all the victories of the southern armies.

The unrecognized heroes of the civil war have not had their due. The generals and the boys who fought at the front have been honored as they de-

served, but who has had a tribute of praise to give to the self sacrificing men who made it possible for the fighting soldiers to live and die at the front? I would sing the praises of the muleteers. I would sing the praises of the army officers who bought the shoes and the stockings and the trousers and the coats and the hats and the blankets and forwarded them and never let a dishonest dollar stick to their fingers. I would sing the praises of the ambulance corps, and of the soldiers who acted as nurses. Did you ever stop to think that in all the United States, from the Atlantic to the Pacific, there is not one, not even one, monument erected to an army surgeon? Many memorial stones for McPherson and Sherman, a magnificent remembrance to Grant, but not one monument for one surgeon. In all the United States not one monument erected to a mustering officer who stayed at home to fill up the ranks. Not one. In all the faithful paymasters who carried around the money so essential to the support of the soldiers' children at home. And yet those sacrificing deeds of the heroes of the civil war made it possible for their brothers in blue and in gray to stay at the front and fight on the picket line.

Unrecognized Heroes. Christian soldiers, who are the stay at homes? I have recounted these deeds of the unrecognized heroes of war for a purpose. I want to encourage you in your ordinary duties of life. It is not possible for every Christian to be a Chinese Gordon or a Havelock or a O. O. Howard or a Stonewall Jackson. It is not possible for all Christian soldiers to stand in the conspicuous places and win the plaudits of the Christian world. But remember that the humble private in Christ's army—she who as a mother living in the home, as a sister working behind the counter, as a daughter teaching school to support an aged parent or to give an education to a young brother—is in God's sight one of the essentials for his great army. You are the power behind the main line, making it possible for other Christian soldiers to fight in the open. Paul is saying to the soldier in the rear as well as at the front, to the inconspicuous as well as the conspicuous soldier alike, "Endure hardness as a good soldier of Jesus Christ."

And why should we all endure hardness as good soldiers of Jesus Christ? For two reasons. First, because it is possible for every private as well as for every officer to receive the highest of all soldiers' rewards. What is the highest? Yea, the very highest? We have read how the Duke of Marlborough was honored. Not only was he created a duke, but on account of the Blenheim victory parliament voted him the magnificent manor of Woodstock and his royal mistress gave him £1,000,000. We have read how Arthur Wellesley was raised to be Duke of Wellington on account of his victory at Waterloo. Lord Roberts, Viscount Kitchener were raised to the peerage for their services rendered to the British crown. But all these offerings and honors, these dignities and fame, given by a grateful country to faithful sons, will be as nothing compared to the greatest gift which is given to a Christian soldier. The gift which is the smile of approbation from a loving Divine Commander. The "Well done" which goes to the Christian hero of the name of Adoniram Judson. The "Well done" which is given to the humble servant girl and to the humble clerk and to the humble nurse and to the humble missionary.

The Soldier's Sacrifice. But why, again, should we all endure hardness as good soldiers of Jesus Christ? Because in so doing we are following his blessed example. He who spared not himself, but suffered freely for us, has the right to expect fortitude from us. From none of us he asks such service as he himself rendered to us. When the army of Alexander the Great was scaling a noted mountain pass the strength of the soldiers became exhausted. Many threw themselves upon the ground to die. The great commander saw the condition. He quietly dismounted from his war charger. He threw aside his heavy cloak. He lifted a private soldier's pickaxe, then vigorously went to work digging away at the ice. His soldiers saw him. They knew he was as tired as they. Then they jumped to their feet. By the power of a brave example they arose and went again to work, and again won a new victory. Christian soldiers, wherever we go, we can find our Divine Leader ahead. Our backs may ache, but he is carrying our burden of sin. Our feet may grow tired, but from his feet and hands and head and heart are flowing streams of blood. In hard times a soldier was said to have gathered an armful of pointing spears and pressed them into his own breast, that over his prostrate body his comrades might find a breach in the enemy's ranks and charge to victory. So over Christ's body we may win eternal life. And here and now upon the foundation stones of a Christian's mausoleum may we build that great "white temple of a Christian soldier's sacrifice."

CO. D IS INSPECTED SHOT IN THE DARK

BY MAJ. HOWE AND COL. GAINES.

Made Good Showing and Will Doubtless Secure Appropriation.

WOUNDED AND ROBBED AT CERULEAN

American Express Agent the Victim of a Night Prowler.

Major Edgar Howe, of the Twenty-seventh Infantry, stationed at Fort Sheridan, Ill., and Col. Noel Gaines inspected Co. D at the armory Saturday night, as provided by the Dick military law. The inspection was very rigid, the uniforms and equipment of the soldiers being subjected to the most careful scrutiny. Maj. Howe had the company appear in heavy marching order just the same as if they were under orders for a heavy march in actual warfare. He had them unroll their blanket rolls and show everything contained in these and their haversacks. Everything was as neat and orderly as a new pin and while the officers are not allowed to express an opinion it was evident that they were fully satisfied with the showing made by the company. What few remarks they did make were to the effect that not only were the inspecting officers well pleased with the condition of the equipment but also considered Co. D as one of the best in the state. It is almost a certainty that the report made will be so favorable that the company will be entitled to the appropriation provided for companies passing the required inspection.

(Special to New Era.) BOWLING GREEN, Ky., March 21.—Col. Thomas J. Smith, commander of the Third regiment, Kentucky State Guards, died today at his residence in this city. Bright's disease was the cause of death.

Owing to Col. Smith's death, the command of the Third regiment will devolve upon Lieut. Col. Henry, who is second in command. Col. Henry's qualifications eminently fit him for the position.

KENNETH M. DONALD TO BE ARCHITECT OF ASYLUM ADDITION

The building committee, appointed by the board of commissioners for Western Kentucky Asylum for the Insane for the building of the new additions at the asylum, met Saturday afternoon and after receiving propositions from the different architects accepted the propositions of Mr. Kenneth McDonald of Louisville, Ky., for the plans and specifications.

Mr. McDonald has almost a national reputation as an architect and has had considerable experience in the building of insane asylums. Mr. McDonald will have associated with him in this work, Mr. Jas. L. Long, the architect of this city. Mr. Long will have daily supervision of the work and will inspect all materials as they are brought in the grounds, and pass on all work done. Mr. McDonald will personally inspect the work every ten days during the progress of the building.

The plans and specifications will be submitted to the building committee within the next two weeks and when adopted, the committee will at once advertise for bids for the work. The building committee is composed of Superintendent Dr. Milton Board, President F. M. Quarles, and Commissioners Bush, Carroll and Johnson.

Body Taken to Louisville.

The remains of Mrs. Ellen Ulrich, who died suddenly Friday at her home in the Lafayette vicinity were taken to Louisville for interment Saturday. Mr. and Mrs. Blackman accompanied the body. Mrs. Blackman is a daughter of the deceased. Mrs. Gilleland, a daughter of Mrs. Ulrich, and her husband, Mr. R. M. Gilleland, of Wheeling West Virginia, arrived in the city last night, and Mr. J. C. Ulrich, of Denver, Col., a son, is expected today. Mrs. Gilleland, not knowing the remains had been taken to Louisville, left this morning for Lafayette.

With a pistol wound in his left arm, C. L. Layman, agent for the American Express company at Cerulean Springs, Trigg county, is at the Illinois Central hospital at Paducah. The News Democrat says: The wound was inflicted by a burglar, presumably a negro, who robbed the office at Cerulean of \$200 early Saturday morning. Route Agent Charles Abbott, of this city, has gone to the scene to aid in capturing the thief. Mr. Layman was brought here in the afternoon.

He is suffering great pain, his arm being badly swollen. The bullet, fired at close range, entered the biceps, above the elbow and flattened against the bone. It was removed with some trouble.

When seen by a News-Democrat reporter, at the hospital, Mr. Layman said:

"I sleep in the office at Cerulean Springs, which is in the I. C. depot and away from the town proper. I came back to the station about 1:30 o'clock this morning and went to bed in the front room. I had hardly laid down when I heard a noise in the back room. I jumped up and started for my revolver, which was in the rear room, when in the darkness I bumped into the robber. He fired once, striking me in the arm and then ran.

"As soon as I could strike a light I made an examination and found that he had forced an entrance to the money drawer and stolen \$200. The room was badly disarranged and it may be that something else was taken, but of that I am not certain.

"I believe from the glance I had of the man that he was a negro. He had evidently been in the building some time."

As soon as possible Mr. Layman had his wound dressed and then came here.

Route Agent Charles Abbott, of the American Express company, returned this morning from Cerulean Springs, where he had been working on the robbery of the express office there Saturday, but immediately left the city again. It was stated at the local office of the American, that the burglar did not secure anything besides the \$200, which he took from the cash drawer. Everything else of value in the office has been accounted for.

C. L. Layman, agent at Cerulean, who was shot in the arm by the burglar, is still at the I. C. hospital in this city. He is suffering considerably from his wound, but is doing as well as could be expected.

Some interesting developments are expected in the case within the next few hours, although no arrests have been made as yet. It is said that Mr. Abbott has struck some clews and he thinks he will be able to locate the guilty man before long.

It is thought here that the robbery was not the work of a professional but an amateur burglar, probably a negro.—Paducah News-Democrat.

Passing On Bills.

Gov. Beckham has approved two senate bills as follows: The bill making depredations on or misappropriation of goods in possession of a common carrier a felony, punishable by confinement of from one to five years in the penitentiary, and the bill making the punishment for bank robbery from two to twenty years in the penitentiary.

Measures vetoed were the Brown bill, authorizing the payment of county clerks for recording the school census and paying them two cents a name therefor, and the Hearne bill, assessing an annual license of \$50 on itinerant vendors of drugs and nostrums.

Happy, Healthy Children.

Any child can take Little Early Risers with perfect safety. They are harmless, never gripe or sicken, and yet they are so certain in results that robust constitutions requiring drastic means are never disappointed. They cannot fail to perform their mission and everyone who uses De Witt's Little Early Risers prefer them to all other pills. They cure biliousness. Sold by R. C. Hardwick.

A great discovery is announced which promises to be "of immense benefit to the South." Cotton stalks, heretofore thrown away, can be manufactured into fine linen paper, alcohol, celluloid, smokeless powder, fertilizers and many fabrics. A large establishment for the conversion is to be established at Houston, Texas.

The Name Witch Hazel.

The name Witch Hazel is much abused. E. C. DeWitt & Co., Chicago, are the inventors of the original and only genuine Witch Hazel Salve. A certain cure for Cuts, Burns, Bruises, Eczema, Tetter, Piles, etc. There are many counterfeits of this salve, some of which are dangerous, while they are all worthless. In buying Witch Hazel Salve see that the name E. C. DeWitt & Co., Chicago, is on the box and a cure is certain. Sold by R. C. Hardwick.

The senate bill to submit to the people an amendment to the constitution to return to the viva voce system of voting becomes a law, the signature of the governor not being required.

Cured Consumption.

Mrs. B. W. Evans, Charwater Kan., writes: "My husband lay sick for three months and the doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Sold by Ray & Fowler.

Working Overtime.

Eight-hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c at L. L. The Best Cough Syrup.

S. L. Apple, ex-Probate Judge Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, and \$1.00. Sold by Ray & Fowler.

"Do It Today."

The time-worn injunction, "never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure. It has done before in thousands of entirely hopeless cases of lung trouble. New trial bottles, 25c; regular, 50c. All druggists.

GARROTT GETS LIFE SENTENCE.

Verdict Returned After Jury Had Deliberated Since Wednesday Night.—Four Held Out For Hanging.

THE SHERMAN CASE IS NOW BEING ARGUED.

(From Saturday's Daily)

The jury in the case of Bill Garrett returned the following verdict this afternoon at 2 o'clock:

"We the jury, find the defendant, Bill Garrett, guilty as charged in the indictment and fix his punishment at imprisonment in the state penitentiary for life."

(Signed): J. H. Duval, of the jury.

The jury took this case Wednesday night when a special night session of court was held in order to hear the closing of the argument. They were unable to reach a decision sooner on account of eight of the jury standing for life imprisonment while the other four were in favor of hanging. When the jury first handed in their verdict it fixed the punishment at ninety-nine years confinement in the penitentiary at hard labor. The court refused to accept this verdict as the law fixes only two degrees of punishment for the charge of willful murder, either death or imprisonment for life.

The jury returned to their room and as soon as the verdict could be erased and changed to life imprisonment.

ment they again filed into court and presented it. The members were: E. W. Boyd, G. W. Davenport, Geo. Fry, R. Boyd, J. H. Johnson, James Sadler, John Long, J. H. Duval, Jim Anderson, Jim Drake, Ed Long, Brant Powers.

This is the fifth case to be decided and is the first in which the punishment was fixed at anything but death.

Motion was made for a new trial for Dangerfield Ware, colored, who was tried for shooting another negro at a colored festival near Pembroke sometime ago. Hearing of the argument was set for the thirtieth day of the present term.

A nolle prosequi was entered this morning by the commonwealth in the case of Guy Reynolds charged with complicity in the murder of Deputy Robt. H. Coffey at Empire in 1901, and the charge against him was dismissed. Reynolds turned state's evidence in the trials which resulted in the conviction of Drake and Woodruff who were sentenced to the penitentiary for life.

STANLEY HAS NO OPPONENT.

The Hon. A. Q. Stanley has no opposition for the Democratic nomination for re-election to congress from the Second Kentucky district. The district committee ordered a primary to be held April 19th provided there should be two or more candidates. The limit for entering the race was made 12 o'clock today. Mr. Stanley gave formal notice of his candidacy, but there was no other announcement.

ment, and at noon Chairman Meacham declared the entries closed. The committee had decided that \$2,000 would be necessary to hold a primary, and the candidates would have had to pay equal shares. In the absence of opposition, the committee will meet next Saturday, March 26, rescind the call for the primary election and formally nominate Mr. Stanley.

RUSSIANS IMPRESSING CHINESE IN MANCHURIA.

The Russians have for some time been engaged in impressing Chinese into their army in Manchuria. They have not much respect for the Chinaman's fighting ability, but as he makes a very good cook and camp hand he takes the place of an able bodied Russian, who is thus enabled to remain in the fighting branch of the service. ALWAYS TIRED NEVER RESTED

To be tired out from hard work or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

For over four years I suffered with general debility, causing a thorough breaking down of my system. My cousin, who had been benefited by S. S. S., told me about it. I tried it and it cured me. I heartily recommend S. S. S. to all who may feel the need of a thoroughly good blood tonic. Your truly, MRS. JOSIE A. BRITAIN. 44 W. Ninth St., Columbia, Tenn.

SHERMAN'S NECK SAVED BY JURYMEN

(From Tuesday's Daily.)
The jury in the case of Frank Sherman returned a verdict this morning of guilty and fixed the punishment at imprisonment in the penitentiary for life. The jury has had the case since Saturday afternoon and the vote stood ten to two in favor of life imprisonment until this morning when the minority was brought over. The sentence came as a surprise to the public as it was generally thought that a verdict of hanging would be returned against Sherman, who, it is alleged, wantonly mutilated the body of the victim. The verdict was signed by B. F. Fuller as one of the jury, the other members being as follows: W. C. Word, J. T. East, L. W. Boyd, John Sollee, W. J. Pryor, J. W. Hall, A. J. Burchett, Jas. A. Underwood, J. D. Boyd, J. R. Kelly, J. W. Wilkins.

(From Monday's Daily.)
The trial of Frank Massie and Ed Holland is in progress. The jury was

completed and the taking of evidence begun. Attorney John Feland was appointed by the court to represent Frank Massie, and Ed Holland is represented by Attorney Robert Lander, colored. According to the testimony of Ed Moseley, Charles Finch and Bill Garrett, Massie was one of the party who actually committed the murder, while Holland was an eye witness from the road. The jury is as follows: G. L. Fruit, W. H. Clark, J. N. Miller, B. F. Everett, H. T. Powell, J. G. Yancey, W. R. Jones, Arthur Hord, F. M. Sizemore, Wm. Cannon, Will L. Johnson, R. E. Henderson. The jury in the case of Frank Sherman has not yet reached a decision.

A deed of assignment was filed Monday in the county clerk's office by A. L. Mobley, of Todd county, in favor of W. B. Spears, of Christian county.
The paper states that the action is taken on account of the assigner being unable to meet his obligations and wishing his creditors to share equally in the division of his property. He gives as his assets a stock of goods and fixtures now contained in the store of W. W. Eddins at Fairview and claims the exemptions allowed by law. The amounts of his liabilities and assets are not stated.

Dr. Coleman Dead.

The Rev. J. S. Coleman, D. D. Ph. D., who for fifty years had been prominently connected with the Baptist church in Kentucky, died at 8 o'clock yesterday morning at his home near Beaver Dam, after an illness of a week with pneumonia.

Is Your Bread Like This?

If it is not, possibly it is the fault of the flour you are using.

PERFECTION

Flour is not good one day and bad next week, each sack is just like the last.

Always Good.

There is a reason for this. We buy nothing but the very best wheat, mill it carefully and when we make it we know is good.
