T. C. RAILROAD MAY GO UNDER THE HAMMER.

Outlook Is Not Bright, According to a Nashville Despatch.—L. M. May Buy Part of New Line.

SARATOGA, N. Y., March 21.—The affairs of the Tennessee Central Railroad are in a very complicated state, so much so, indeed, that the property is likely to be sold at an early day. It is understood there is a strong field of competitors for the property. The steps have been after the holding company for months and the Saratoga legislature who have been in charge of the enterprise are expected to take some action of putting up this property.

There is a general belief, also, that the money borrowed to pay off the bondholders of the Cumberland River Company has to be paid off immediately. The interest of the bondholders of the latter company was not paid, the proceed of the bond issue is to be used to pay the interest of the Bondholders of the former company. The proceeds are to be used to pay the interest of the Bondholders of the latter company.

When the company fails to pay the $10,000,000 bond issued, the money would be invested in new stock the money would be invested in new stock.

Chamberlain's Pain Balm, 25c, 50c, and $1.00. Sold by Ray at Fowler.

"The Harmless, never gripe or sicken, and never have a bad day! Harmless, never gripe or sicken, and never have a bad day!"

**FORCED TO WALL**

A good of assignment was filed Monday in the money court against A. L. Molyneux, of Talladega county, as agent of W. B. Spears of Clarksdale county.

The paper states that the assignor takes on account of the assignee has for twenty days to meet the obligation and paying the creditors in good faith in the division of the property.

If it is not, possibly it is due to the flour used.

Flour is not good' one day and bad the next week, each sack is just like the last.

Mr. Thomas Williams died yesterday morning at his home near Beaver Dam, after an illness of several years. He was buried yesterday afternoon in the cemetery.
