LATEST DEVELOPMENTS IN MURDER CASE.

(From Thursday's Daily.)

The motion for a new trial for Charles Finch, convicted at the special term of complicity in the Pembroke murder and sentenced to death, was heard this morning and a new trial was granted by Judge Cook.

The case against Ed Mosely charged with complicity in the murder of the unknown white man near Pembroke, was continued until the next term of court. An order was issued allowing him to give bond in

the sum of \$1,000, with his father as surety.

Motion for a new trial for Dangerfield Ware, colored, convicted of murder and sentenced to life imprisonment, was argued this morning and the motion overruled by the court. Exceptions were taken and motion of appeal was filed and granted, the court giving the attorneys for the defendant until the fourth day of the next term in which to file their bill of exceptions.

It is said he was an employe of the road.—Madisonville Graphic.

FREE TRADE IN LEAF TOBACCO.

A Washington despatch in today's Courier-Journal says:

The subcommittee of the Ways and Means committee will tomorrow give consideration to the several bills which have been introduced providing for relief to tobacco growers. Representative Dalzell, the chairman of the subcommittee, said today that the subcommittee would probably report favorably tomorrow a bill providing for free trade in leaf tobacco. The bill will be taken up by the full committee at its next meeting, and it is expected will be favorably reported to the house and passed at this session.

Often a person puts off taking needed tonic because of the disagreeable taste of most tonic preparations.

Therefore, the ideal tonic should be pleasant to the palate. Walther's Peptonized Port may justly claim the title of the ideal tonic, for in addition to being highly agreeable to the taste, it is a strengthener of greatest value, combining port wine, itself a tonic of noted efficacy, with pepton, which is nature's own digestive agent.

This preparation restores lost vitality and cures nervous prostration, indigestion and all kindred ailments. For sale by Ray & Fowler and J. O. Cook, druggists.

Small size 50 cents, large size \$1.00.

Money will hardly make Mr.
Hearst's mare go fast enough to win
in the presidential nomination derby.

You might as well delay writing
that spring poem for a day or two.
The weather is still like some of your
bills.

The preliminary canvass as to the
choice of the Democrat best calculated
to win the presidency next year,
has thus far been conducted in a fair,
honorable, good-tempered spirit by
the friends and supporters of the dif-
ferent gentlemen whose names have
been suggested in connection with the
nomination. This is as it should
be. It proves that the party is re-
united, and eager to do battle for its
old, sound, conservative ideas and
principles.

The present occupant of the white
house, more than any other man that
ever sat there, needs to be restrained
within the strict limits of the consti-
tution. He needs to be taught that
he is not the government and that
his will is not the law. A man who
has not hesitated publicly to pro-
claim in the bitterest and most con-
temptuous language his scorn for the
congress of the United States when
its acts have not accorded with his
views is not likely to withhold his
hand out of respect for the constitu-
tional rights of the people, or their
chosen representatives.—Senator
Carmack in the senate.

There will not be a Democratic
"reorganization," but a Democratic
reunion; not a triumph of any fac-
tion, but an obliteration of factions.

A COUGH CONUNDRUM

When is a cough more
than a cough?
When it's a settled cold.
When it hangs on in spite of
all you can do. Cough mix-
tures won't cure it because
they are merely for a cough
and this is something more.
Scott's Emulsion cures the
cough because it cures the
something more. It heals
and repairs the inflamed
tissues where the cold has
taken root and prevents its
coming back.

We'll send you a sample free upon request.

LOVE DIES.

Mrs. Ella Wheeler Wilcox says there
comes a time in the course of married love
when "the thrill goes out of the hand-
clasp and the kiss at times, and it is then
that husband and wife may be susceptible
to other magnetic personalities." The rea-
son for this condition of affairs is often the
fault of the husband, but how often is it
not due to the wife's nervousness and irri-
tability due to some trouble with the or-
gans peculiarly feminine—the wife under
such circumstances feels bogged and ap-
iritless—she suffers perhaps from headache
and sleeplessness.

Backed up by over a third of a century
of remarkable and uniform cures, a record
of such no other remedy for the diseases
and weaknesses peculiar to women ever
attained, the proprietors of Dr. Pierce's
Favorite Prescription now feel fully war-
ranted in offering to pay \$500 in legal
money of the United States, for any case
of Leucorrhoea, Female Weakness, Pro-
trusion, or Falling of Womb, which they can-
not cure. All they ask is a fair and rea-
sonable trial of their means of cure.
A great deal of sickness may be saved by
keeping on hand a copy of Dr. Pierce's
thousand-page illustrated book, "The Com-
mon Sense Medical Adviser." Sent free

Sunday School Lesson

Text, Mark vii, 24
-27; Easter Lesson,
John xx-11-18.

--- Commentary,
prepared by Rev.
D. M. Stearns.

Lesson I, 2nd Quarter, April 3.

xx, 19), they had not received it.

What shall we say of the women
who so loved Him, followed Him and
ministered unto Him when we see
them buying spices that they might
anoint His dead body when the Sab-
bath was past? That would be on the
third day (Luke xxiii, 55, 56; xiv, 1).

Although they loved Him much, they
did not believe what He said concern-
ing His death and resurrection. The
love of God is the greatest thing we
ever heard of, but on one part the
greatest thing is, in some respects,
faith, for "without faith it is impossi-
ble to please God" (Heb. xi, 6). Faith
in God is also the only way to be filled
with joy and peace and have an un-
troubled heart (Rom. xv, 13; John xiv,
1, 27).

Mary Magdalene was so occupied
with her own sorrow and with the
body of a dead Christ, for which she
was seeking, that she had neither eyes
nor ears for angels nor even for Christ
Himself till she was started out of her
stupor by hearing her own name from
His lips. What a blinding, stupefying
thing unbelief is! And it is just the
trouble with many believers today.
There are so many who accept Him
truly and put all their trust in His pre-
cious blood, but by considering them-
selves and not taking Him at His word,
they lack assurance of salvation, at
least continuous assurance. Then there
are many assured believers, constrained
by His love to serve Him gladly,
whose service is like buying spices to
anoint a dead Saviour—love, but not
faith. It is plainly written that He is
coming back again to establish a king-
dom of righteousness on this earth, yet
few comparatively are serving the living
and true God and waiting for His
Son from heaven (Acts i, 11; iii, 20, 21;
I Thess. i, 9, 10), and therefore their
service is not the joyous, victorious
kind that glorifies Him and wins oth-
ers to Him.

He is saying to us as He said to
Mary, "My Father is your Father, and
my God is your God; therefore go tell
others." Not self occupied, but Christ
occupied, and running errands for Christ
with His peace filling our souls. Then
since God is our Father, how can we be
anxious for food or raiment or any-
thing, for He who spared not His own
Son, but delivered Him up for us all,
how shall He not with Him also freely
give us all things and make all things
work together for our good? (Matt. vi,
25-33; Rom. viii, 28, 32.) Let us also
lay to heart His words to Thomas: "Be
not faithless but believing." "Blessed
are they that have not seen and yet
have believed" (verses 27, 29), and
learn to say, "Whom having not seen
I love; in whom, though now I see
Him not, yet believing, I rejoice" (I
Pet. i, 8).

Colds Cause Pneumonia.

One of the most remarkable cures
of a cold, deep-seated on the lungs,
causing pneumonia, is that of Mrs.
Gertrude E. Fenner, Marlton, Ind.,
who was entirely cured by the use of
"The Coughing and Straining
Cure." She says: "The coughing and
straining cure that I ran down in
weight from 140 to 92 pounds. I
tried a number of remedies to no
avail until I used 'The Coughing and
Straining Cure.' Four bottles of this
wonderful remedy cured me entirely of the
cough, strengthened my lungs and
restored me to my normal weight,
health and strength." Sold by R.
C. Hardwick.

Over-Work Wakens
You Kidneys.
Unhealthy Kidneys Make Impure Blood.
All the blood in your body passes through
your kidneys once every three minutes.
The kidneys are your blood purifiers, they fil-
ter out the waste or impurities in the blood.
If they are sick or out
of order, they fail to do
their work.
Pains, aches and rheu-
matism come from ex-
cess of uric acid in the
blood, due to neglected
kidney trouble.

Kidney trouble causes quick or uneasy
heart beats, and makes one feel as though
they had heart trouble, because the heart is
over-working in pumping thick, kidney-
poisoned blood through veins and arteries.
It used to be considered that only urinary
troubles were to be traced to the kidneys,
but now modern science proves that nearly
all constitutional diseases have their begin-
ning in kidney trouble.

If you are sick you can make no mistake
by first doctoring your kidneys. The mild
and extraordinary effect of Dr. Kilmer's
Swamp-Root, the great kidney remedy, is
soon realized. It stands the highest for its
wonderful cures of the most distressing cases
and is sold on its merits
by all druggists in fifty-
cent and one-dollar bot-
tles. You may have a
sample bottle by mail.
Also pamphlet telling you how to find
out if you have kidney or bladder trouble.
Mention this paper when writing Dr. Kilmer
& Co., Binghamton, N. Y.

Don't make any mistake, but re-
member the name, Swamp-Root, Dr.
Kilmer's Swamp-Root, and the ad-
dress, Binghamton, N. Y., on every
bottle.

(Copyright, 1904, by American Press Association.)

As each of the lessons assigned for
today has, next to our blessed Lord, a
woman as the central figure, and the
topic in each is faith or the necessity
and power of faith, we will do well to
consider both lessons. In each we see
a woman in trouble, the Syrophenician
because of her daughter's affliction and
Mary Magdalene because of her own
heart's sorrow, but in each case the
Lord Jesus by His word gives rest and
joy and peace, reminding us of that
great word, "Come unto Me, all ye that
labor and are heavy laden, and I will
give you rest" (Matt. xi, 28). Woman
is a notable type of the church, the
body of Christ, and throughout this
age of the Bridegroom's absence sor-
row is her portion, but He will come
again, and she will then be glad for-
ever more (Mark ii, 19, 20; John xvi, 22,
33; Rev. xix, 7). To the people of
Nazareth Jesus was only the Son of
Joseph and Mary; to His own kindred
He was as one beside himself; to the
religious leaders among the Jews He
was a Samaritan and had a devil
(Luke ix, 22; Mark iii, 21; John vii, 20;
viii, 48), but there were some who had
eyes opened to see Him as the Son of
David, the Lord of Israel. His own re-
ceived Him not.

The woman of Tyre and Sidon had a
real trouble and was in great need of
a deliverer. She had somehow heard
of the Great Physician, so full of com-
passion, but probably could not go to
Him. Now that He has come near to
her she at once hastens to Him, and,
having implicit confidence in Him,
she will take no denial from Him.
What a reward for her in His final
word, "O woman, great is thy faith;
be it unto thee even as thou wilt"
(Matt. xv, 28). She who was willing
to take the dog's portion received the
children's bread. Consider our Lord's
commendation of the centurion's faith
and that of the four who brought their
palsied friend, and contrast His re-
buke of the disciples for their lack of
faith (Matt. viii, 10; xiv, 31; xvi, 8;
Mark ii, 5). Then remember His com-
mand, "Have faith in God" (Mark xi,
22; John xiv, 1). Turning for the rest
of our meditation to the Easter lesson
and keeping the necessity of faith as
the central thought, we note that our
risen Lord upbraided the disciples for
their unbelief and hardness of heart
because they believed not that He would
have seen Him after He was risen
(Mark xvi, 11-14). Right here in our
lesson it is written that even Peter and
John as yet knew not the Scripture
that He must rise again from the dead
(John xx, 9), and, although He had so
often said plainly that He was to be
crucified and that He would rise again
the third day (Matt. xvi, 21; xvii, 23;

CHARLES VINSON FOUND GUILTY OF HORSE STEALING IN TWO CASES

Given Three Years Term In First and Two Years In the Second Trial.—Boales' Plea of Guilty.—
Court News.

Charles Vinson, charged with horse stealing in two cases, was tried Monday on both indictments. The cases were tried separately and in each a plea of not guilty was entered and each was submitted without argument. In the first case a verdict of guilty was returned and punishment fixed at three years' confinement in the penitentiary. The jury in this case was as follows: El Boyd, Geo. Leavell, J. L. Moseley, H. C. Word, J. M. Adams, J. E. Ricketts, J. B. Everett, J. A. Dollins, S. B. Wright, P. C. Carter, W. R. Armstrong, C. W. Jones. In the second case a verdict of guilty was returned and punishment fixed at two years' confinement in the penitentiary. The jury in this case was made up almost entirely of citizens of this city, as follows: G. U. West, W. H. Elgin, J. M. Renshaw, Rufus Boyd, A. H. Witte, Jack Meador, M. F. Crenshaw, J. D. McGowan, J. T. Wall, Hugh Phelps, J. D. Russell, Charles Ware.

Will Boales, charged with breaking into a warehouse, was tried Monday. He entered a plea of guilty and was sentenced to one year in the penitentiary.

In the case of Lee Loving, charged with gaming, a judgment of \$200 was rendered and the amount was paid.

Gov. Beckham's Reply.

Gov. Beckham has replied to the criticism made by Attorney General Hays of his action in vetoing the bill providing assistants for the attorney general's department at a yearly expense of \$6,200. He characterizes the attack made on him as "unwarranted and based on false statements." He says that Attorney General Hays prevented the records in order to disparage him and deceive the public. The governor also says that much of the money paid out for attorney's fees which Attorney General Hays charges to his administration, was paid for attorneys employed under the administration of Gov. Bradley and Gov. Brown. He concludes by saying that he has no apology for vetoing the measure, and would do it again if it came before him.

BAPTISTS TO MEET

SOUTHERN CONVENTION
IN NASHVILLE MAY 13.

Several Thousand Delegates
and Visitors Are Expected
to Attend.

The Southern Baptist Convention will meet in Nashville May 13 and continue in session five days. On the day preceding the Baptist Young People's Union of the South the American Education Society and the Woman's Missionary Union will hold their meetings. Between 4,000 and 5,000 delegates and visitors will be in attendance at the convention.

The Southern Baptist convention, with its auxiliary bodies, is the largest gathering of Baptists in the world, and perhaps the largest of any denomination. The convention represents the largest denomination in the South. It had a constituency last year of 1,737,466 white Baptists and an estimated negro membership of 1,927,089, making a total membership of 3,664,555.

The convention is fifty-nine years old, having been founded in Augusta, Ga., in 1845. For several years it met biennially, but since the war its meetings have been held annually.

The president of the convention is ex-Gov. James P. Eagle, of Arkansas, who succeeded ex-Gov. W. J. Northrup, of Georgia. Preceding Gov. Northrup was Judge Jonathan Harrison, of the supreme court of Alabama. The vice-presidents elected last year were the Hon. George Hill, of Atlanta; Mr. E. W. Stephens, of Columbia, Mo.; Dr. A. E. Owen, of Portsmouth, Va., and Dr. R. C. Buckner, of Dallas, Tex.

The secretaries of the convention are Dr. Lansing Burrows, of Nashville, and Dr. O. F. Gregory, of Montgomery, Ala. These gentlemen have held their positions for many years and are known as the "Lightning Secretaries." Although the record of the convention covers about 250 printed pages, it is off the press almost as soon as the convention adjourns, and frequently reaches the delegates' home before his return.

TELEPHONE FAILURE In Hands of Receiver.

In view of the attempt of the "Independent" telephone promoters to create a "hurrah" here by tearing up the streets and working quite a number of laborers in the doing thereof, the following is not only of interest, but amusing:

"Augusta, Ga., March 9. A petition was made to Judge Gary by P. H. Langdon for himself and other creditors, for the appointment of a receiver for the Augusta Telephone & Electric company, (Independent) operating the Strowger Automatic Telephone. The petition states that a receiver is asked to foreclose a certain mortgage held by Mr. Langdon on certain lands of the company.

"The hearing in the case was set for March 20th, in the chambers of the judge of superior court of this county and Mr. A. W. Blackshear appointed temporary receiver, pending the hearing of the arguments on the petition."

The above company is operating the "automatic" system, and has been cited as the pride of the "Independents" in the South.

Rheumatism

"THE PAIN KING."

Those who have ever felt its keen, cutting pains, or witnessed the intense suffering of others, know that Rheumatism is torture, and that it is rightly called "The King of Pain."

All do not suffer alike. Some are suddenly seized with the most excruciating pains, and it seems every muscle and joint in the body was being torn asunder. Others feel only occasional slight pains for weeks or months, when a sudden change in the weather or exposure to damp, chilly winds or night air brings on a fierce attack, lasting for days perhaps, and leaving the patient with a weakened constitution, or crippled and deformed for all time.

An acid, polluted condition of the blood is the cause of every form and variety of Rheumatism, Muscular, Articular, Chronic, Inflammatory and Sciatic, and the blood must be purged and purified before there is an end to your aches and pains. External applications, the use of liniments and plasters, do much toward temporary relief, but such treatment does not reach the real cause or cleanse the diseased blood; but S. S. S., the greatest of all blood purifiers and tonics, does cure Rheumatism by antidoting and neutralizing the poisonous acids and building up the weak and sluggish blood. It is safe and reliable in all forms of Rheumatism. It makes the old acid blood rich, and the pain-tortured muscles and joints are relieved, the shattered nerves are made strong, and the entire system is invigorated and toned up by the use of this great vegetable remedy.

If you have Rheumatism, write us, and our physicians will furnish without charge any information desired, and we will mail free our book on Rheumatism.

KILL BLOODHOUND

BY PUTTING POISON ON THE TRAIL.

Smart Meathouse Thieves Do Away With Mr. Armstrong's "Dan."

Saturday night thieves entered the meat house of Mr. D. J. McClelland on the Canton pike, and stole several fine pieces of meat. When the loss was discovered Messrs. E. H. Armstrong and W. H. Nixon went to the scene carrying the two bloodhound puppies belonging to Mr. Armstrong. The dogs took the trail and followed it without trouble for some distance when Dan, the male dog, found a piece of meat lying on the ground and before it could be taken away from him had eaten it. A few minutes later he was convulsed and died Sunday night. An attempt was made to follow the trail with the other dog but nothing could be found to serve as a tangible clue. Both Mr. Armstrong and Mr. Nixon are very much incensed at the killing of the dog. Dan was only eight months old but was already developing into a fine trailer. He had been used in a number of cases and had followed trails which were thirteen hours old.

CALLED TO REWARD

Mr. McCARROLL ANSWERS FINAL SUMMONS.

An Aged and Upright Citizen and a Native of Hopkinsville.

Mr. Charles A. McCarroll the venerable father of Judge J. McCarroll, died Saturday at the McCarroll homestead, six miles west of this city, where during the last eleven years he had made his home with his daughter, Mrs. Mary Starling and where fifty-one years of his life had been spent. His incident to advanced age caused his death. He was eighty-six years of age, having been born September 16, 1818. He was a native of Hopkinsville and was born in a dwelling opposite Judge McCarroll's residence on North Main street when Hopkinsville was a small village. Few citizens had a wider acquaintance and none enjoyed more fully the confidence and esteem of all who knew him. He was a gentleman of the highest sense of honor and the strictest integrity, knowing no compromise with any sort of wrong, but generous and charitable to the poor and ever ready to assist those in distress. Up to a year ago he possessed remarkable physical power for one of his age. During the last four months he had gradually lost his strength. Saturday he passed peacefully away, having suffered no pain. He retained his fine intellectual gifts to the last.

Mr. McCarroll was married May 6, 1847 to Miss Elvira Ann Ellis, a daughter of Nicholas Ellis, a pioneer citizen, and a sister of the late Judge Ellis. She died eleven years ago. Judge McCarroll and Mrs. Starling, his children, survive him. He was converted to Christianity soon after his marriage and was a faithful member of the Methodist church. In his young manhood he was prominent in Masonic work. He served as deputy sheriff of Christian county for many years.

Funeral services were held Sunday afternoon at the Methodist church. An appropriate sermon was delivered by the Rev. W. F. Cashman, pastor of the church to which Mr. McCarroll belonged. The Rev. Dr. E. L. Southgate, pastor of the local church, assisted in the services. The remains were interred in Hopewell cemetery.

Every letter is treated as strictly private and sacredly confidential, and all letters are sent in plain envelopes, bearing no printing upon them. Address Dr. R. V. PRESTON L. YANCEY

FILES A PETITION IN BANKRUPTCY.

Recently Convicted of Shooting Tom Mobley With Intent to Kill.

Preston L. Yancey has filed a petition in the office of Dudley Lindsey, deputy clerk of the United States district court, asking for the benefits of the bankruptcy laws. He states that he owes debts to the amount of \$2,350.07, while all the property he owns is worth only \$875. This consists of a stock of groceries and \$75 in open accounts, a part of which are worthless. His creditors are principally Nashville wholesale firms, and individuals about Hopkinsville. The claims of the latter class are small. Yancey was formerly a well known citizen of Fairview and more recently has been in the grocery business in this city. He was tried during the present term of court for shooting and wounding Marshal Tom Mobley with intent to kill, and was sentenced to one year's hard labor in the penitentiary.

L. L. Elgin Guarantees to Refund Money if Hyomei Fails to Cure the Worst Case of Catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomei is entirely different. It is made by L. L. Elgin, one of the most reliable drug stores in this section. He advertises that if Hyomei does not cure the worst case of catarrh, he will return the money without any question or argument. No business house in Hopkinsville has a better reputation for square dealing than L. L. Elgin, and when he guarantees that he will refund the money if Hyomei fails to cure catarrh, no one has any question as to the agreement being lived up to, both in the spirit and letter.

Hyomei is very easy and pleasant to use. Just breathe it through the little inhaler that comes with every outfit; every breath will bring recovery so much the nearer. It kills all the germs of catarrhal troubles in the air passages of the head, throat, and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh.

The complete outfit costs but one dollar, and extra bottles of Hyomei can be obtained for fifty cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomei at once, remembering that you run no risk whatever when you try Hyomei on L. L. Elgin's offer of "no cure, no pay."

At a meeting of the Democratic committee of the Second congressional district held here Saturday morning, the Hon. A. O. Stanley was formally declared the nominee to succeed himself in congress.

The first step taken by the committee was to rescind the call for the primary which had been ordered to name a nominee on April 19. After this had been done the committee resolved itself into a convention, on motion made by Mr. G. W. Gatlin, and Mr. Stanley was promptly nominated.

The meeting was presided over by Chairman C. M. Meacham, of this city. The other members present were: James West, Christian county; Spalding Trafton, Henderson county; G. W. Gatlin, Hopkins county. AT MEETING HELD HERE K. I. T. LEAGUE ORGANIZED FOR THE SEASON OF 1904.

Games Will Begin on May 15.—Six Clubs Will Be Included in the Circuit.—Franchise Granted to Hopkinsville Baseball Association.

The Kentucky-Illinois-Tennessee Baseball League for the season of 1904 was organized at the Hotel Latham meeting by representatives of the cities which will be included in the circuit.

The season will open on Wednesday, May 11, and will close September 15.

Hopkinsville, Ky., Clarksville, Tenn., Paducah, Ky., Henderson, Ky., Cairo, Ill., and either Jackson, Tenn., or Vincennes, Ind., will compose the league. Both Vincennes and Jackson formally applied for admission and the matter was referred to a special committee of President W. I. Thompson, of Paducah, and Secretary Farnbaker, of Cairo, Ill., who will award a franchise to one of these cities next Wednesday.

The question of the Hopkinsville franchise was settled, and it was given to the Hopkinsville Baseball association, (inc.) of which Mr. W. M. Hancock is president, for a period of two years.

It was decided to fix the forfeit to complete the season at \$200. Each club will also pay \$15 for National league protection and \$15 entrance fee into the K. I. T. league. The initial deposits were made. National league rules were adopted and the Spalding ball will be used.

The color of the uniforms of the club will be as follows:

Hopkinsville, brown, with white trimmings; Clarksville, pearl gray; Paducah, navy blue; Henderson, oyal blue; Cairo, white; Jackson or Vincennes, red.

Those present at the meeting were President W. I. Thompson, holding Henderson's proxy; Joseph Steagala, of Cairo; S. M. Griswold, of Clarksville; Sam Jackson, president of the Paducah baseball company, and holding the proxy of Grant Gorman,

of Jackson, Tenn.; Secretary Farnbaker, of Cairo; and President W. M. Hancock, W. H. Cummings, Jr., and S. J. Samuel, representing the Hopkinsville Baseball Association. All preliminaries were arranged and everybody expressed his belief that the season would be a successful one in every way.

LESS THAN HALF CENT A DOSE.

In these days of increased cost for nearly all the necessities of life, it is particularly pleasing to find a chance to get what is of greater value than all else, Health, for a trifling sum.

L. L. Elgin, the popular druggist, through a special arrangement he had made with the Dr. Howard Co., is able to sell the regular 60 cent size of their celebrated specific for the cure of constipation and dyspepsia, at half price, 25 cents. As each bottle contains 60 doses, this makes the cost less than half a cent a dose.

Yet economy is not the chief reason for using Dr. Howard's specific. No other medicine for the cure of constipation and dyspepsia has made so many remarkable cures, and given such universal satisfaction.

So confident is Mr. Elgin that the specific will do all that is claimed for it, that he sells it on his own personal guarantee to refund the money if it does not cure. Out of the hundreds of packages he has sold, only two customers have asked to have their money refunded.

W. L. Orten Gets Out of Jail
by Marrying a
Girl.

Mack Johnson, colored, was tried Monday on the charge of grand larceny for stealing a cow, and his plea was not guilty. The jury returned a verdict of guilty and fixed his punishment at two and a half years' confinement in the penitentiary.

W. L. Orten, charged with seducing a female under twenty-one years of age on promise of marriage, Tuesday expressed his willingness to marry the girl, and the ceremony was performed by Judge W. T. Fowler in the county clerk's office. When the marriage certificate was presented in court an order was issued formally dismissing the charge against Orten. The girl in the case was Miss Ann Eliza Orten. Orten has been in jail here on this charge for several weeks and claims that he was willing to marry the girl all the time but did not know this was what was required of him.

In Frightful Nervous Condition, Trembling
At Every Sound.—Is Said To
Carry Poison.

MARTINSVILLE, Ind., March 25.—W. S. Taylor, of Kentucky, is in the city for his health.

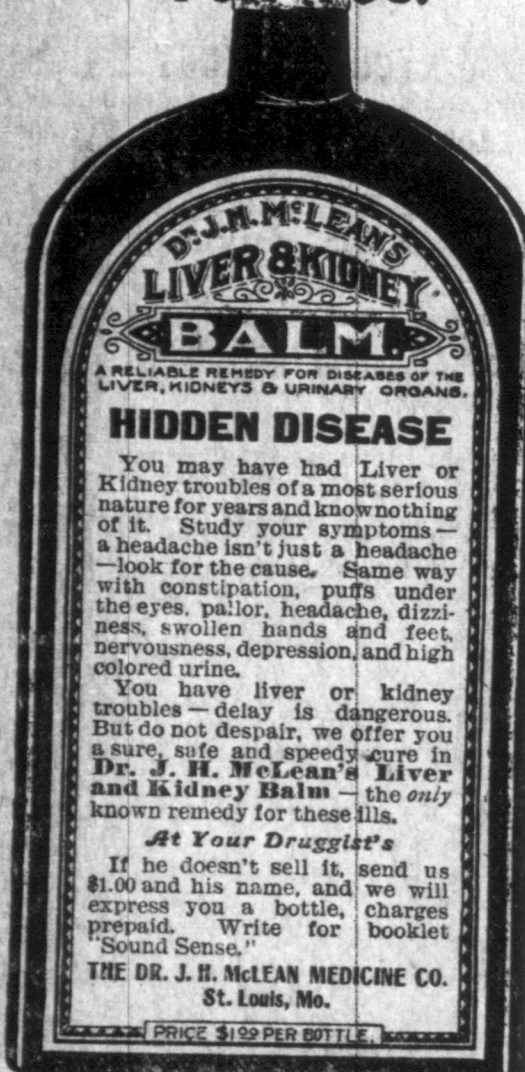

He wears a hunted and worried look upon his face. In his pocket he carries a small capsule of prussic acid, and declares should Kentucky authorities come to arrest him he will swallow the poison.

Mr. Taylor scarcely ever leaves the hotel at night. When he does he

carries several revolvers and walks in the middle of the street. He constantly imagines he is being approached from behind.

The strain caused by the terrible suspense and intense fear of incarceration has told on the nervous system of the fugitive. He visits Martinsville from his home in Indianapolis frequently to recuperate his health in taking the waters.

MASS OF SORES

Awful Suffering of a Boy
from an Itching
Humour.

CURED BY CUTICURA

Not One Square Inch of Skin on
His Whole Body Was
Unaffected.

"My little son, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did not do any good. At the time I was induced to try Cuticura Remedies he was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages, as it was impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not affected. He was one mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up. His skin peeled off twenty times, but it finally yielded to the treatment. I used the Cuticura Resolvent for his blood, and now I can say that he is entirely cured, and a stronger and healthier boy you never saw than he is today."

ROBERT WATTAM,
4922 Center Ave., Chicago, Ill., Dec. 30, 1907.

No return in six years, Mr. Wattam writes, Feb. 23, 1908.

"Your letter of the 21st in regard to the case of my little boy at hand. I am truly thankful to say that the cure effected by the Cuticura Remedies has been a most thorough and successful cure to date."

Talmage Sermon

By Rev. Frank De Witt Talmage, D.D.

Los Angeles, Cal., March 27.—Like a fresh call from the woods, vocal with the songsters of early spring, this sermon urges all to cheerful service and to set the keynote of their lives to high and noble themes. The text is Solomon's Song II, 12, "The time of the singing of the birds is come."

"Do you know what makes the snowbanks disappear in the springtime?" asked a man of poetic temperament.

"Why, yes," I answered. "It is due to the heat of the sun being so much stronger now than it is in January. It is due to the fact that, by close contact, Maine and Massachusetts and New York and Michigan are being warmed at the sun's fireside, even as one side of a piece of bread is toasted by being exposed to the kitchen stove's heat while the other side of that piece of bread remains unscorched." "Oh, no," answered my poetic friend. "The snow disappears not on account of the sun's rays, but because the flames glowing among the feathers of the red breasted robins have melted them. Have you not noticed, as a rule, the snowflakes never entirely disappear until those harbingers of the summer flowers have stamped them out of existence?"

Beautiful thought that! Beautiful to think that the winged forerunner of the spring, the chirping robin, should be carrying around with him a brazier filled with burning coals, as the ancient kings used to do when they traveled, and everywhere he alights he changes the white snow bank of winter into the white snow bank of apple blossoms. But whether the snow disappears on account of the coming of the robins or the robins come as the messengers of spring, merely because the snow is disappearing, it is not in our province to discuss. We want to take for granted the one overwhelming fact that spring is here. And as spring is here and the time of the singing of the birds for New York and Michigan and Montana and Dakota has come, we want to tell why the birds sing and why we, as God's children, should also become his singing disciples. We would today take our text from the book of nature as well as from the book of Holy Writ.

The summer is coming in beauty arrayed. And bright bees are humming through forest and glade. O'er hilltop and mountain are merrily heard the voices of the fountain and song of the bird.

Like the Song Bird.

First, like the song bird, God bids us sing because he has given to us musical throats with which to sing. As the brown thrush or the redbird or the bluebird is able to lift his voice in treble or falsetto or lullaby or cantata or serenade, God, who has made the structure of the throat, has made it possible for us to sound forth musical notes in his name. He has not discarded our windpipes from the great bellows of the lungs. He has not had us born with palsied tongue, or with deaf ears. But as God has placed in the larynx of every singing bird's throat a thin membrane, so he has stretched over the end of almost every human being's windpipe a fibrous, elastic tissue which will vibrate as we attempt to sing or speak. We ought, one and all, to be grateful that God has given to us anatomically a musical throat with which we can sing his praises. Thank God today for the power of the speaking throat. We are all ready to acknowledge our indebtedness to him for the blessings of the eye. If you are not, then read that wonderful story written by the most famous of living English authors. The book opens with a description of a noted war artist who is growing blind. Frenziedly he works at his last canvas, then the dark cloud of total observation falls upon him. His friends leave him one by one for the Egyptian war. He sits in his room alone, an object of pity, until at last, crazed by horror, he starts for the front and is there mercifully shot by an Arab's bullet. Sight! Oh, yes, with every glorious sunrise, with every architecture of frost upon window pane, with every masterpiece of autumn foliage, with every walk over country hill or through city streets, we are all ready to say: "Thank God for two eyes! Thank God for the windows of the soul!"

Power of the Human Voice.

Not only for visual, but for auditory, organs are we also thankful. If the sounding board of one of our eardrums is in any way deadened we guard the other ear more carefully than we do our jewel boxes or our securities. We never let our well ear become overheated by stove or register. We never in a railroad train let the draft blow upon it through opened windows. At the least sign of disturbance then away we rush to the specialist to have it treated and cared for by the best of artists. Ah, yes, we all appreciate the blessings of the ear. But how many of us appreciate the blessings of the voice? How many of us have in the past thanked God that we can sing his praises as the birds can change every tree branch into a choir loft in the temple of the woods? How many of us are ready to thank God for this wonderful instrument of human voice, which can laugh out our joys and sob out our sorrows and make men know the thoughts that are lodging for awhile under the domes of our foreheads and the throats that are singing

and cooling in the silent retreats of our hearts?

I never realized so much what the blessing of the human voice meant as the other day, when a lady and gentleman from the east, with their little daughter, called upon me. The child had a beautiful face. She was as lovely a young girl as I ever saw. While we were talking she would watch us closely and sympathetically smile when we smiled. But though she smiled she never laughed. At last I turned and addressed a sentence directly to her. With that a shadow flitted across the mother's countenance as she said: "My little daughter cannot answer you. She is dumb. Her tongue has been palsied since she was three years old. We have taken her to the best of doctors, but they all say her case is hopeless." "Merciful heaven!" I ejaculated. "What an affliction to fall on so beautiful a child! And as I looked sympathetically at the bright little creature, so sadly shut out of one of the joys of life, I said to myself, 'How thankful ought I to be for the power to sing of God's praises and to proclaim the gospel of Christ to my fellow men!'"

You ever thanked God in the springtime for the power of the human voice?

God Bids Us Sing.

Like the song birds, God bids us sing because he has given to us an open throat in which to sing. It is one thing to have a voice with which to sing, but it is just as essential to have a suitable place in which you can sing. It is one thing to have a musical throat like the song thrush, in which all the sirens spirits of the hills and valleys can find melodious expression, but it is another thing to have the beautiful voice of the yellow tipped canary hushed into perpetual silence by being domiciled in a dark room or in a dungeon. If a singing bird were compelled to live in a ground mole's tunnel, or to work like the moths with their mouths wrapped up with woolen garments, he would be as dumb as they.

Thank God, then, for your musical throat and for your opportunities for using it. David Glasgow Farragut, one of the most resplendent characters in naval history, was born July 5, 1801. With the exception of an engagement in which he participated as a mere boy of thirteen, Farragut never smelled gunpowder in actual battle until he was sixty-one years of age. For nearly fifty long years he walked the ship's deck in times of peace. Had he been retired at sixty years of age from the service American history would have had one of its brightest lights snuffed out before it had any opportunity to shine. John Milton, in some respects, is the greatest name in English literature. Yet old, blind and neglected by his people, he had to write for posterity because the men of his own times and generation would not listen to his poetic song. Edmund Burke, one of the greatest of the English statesmen of his time, most of his life was practically a statesman without an office, or, if in office, one who held a very subordinate place. So little was he honored by his parliamentary colleagues that it was once said, "No man could empty the house of commons so quickly as when Edmund Burke arose to speak." Jonathan Edwards, the greatest of New England theologians, was driven out of his Northampton pulpit in 1750 and for eight long years lived in the little village of Stockbridge because no first class church wanted to hear him preach. Henry David Thoreau, after publishing his pastoral masterpiece, "A Week on the Concord and the Merrimack Rivers," could find so few buyers that the publishers threw back seven-tenths of the first edition upon his hands. It was at this time that Thoreau bitterly wrote, "I have now a library of 900 volumes, 700 of which I wrote myself." Oh, yes! We have seen many and many human birds with musical throats who could sing if any one wanted to hear them sing. But the trouble is that thousands of men can sing who have no opportunity to sing. Thank God, my brother, if you have not only talents, but present opportunities for using those talents, in your Master's service.

Our Opportunities.

In all probability there are few of us here who have not our opportunities. When the American fleet was about to enter Manila harbor some one proposed to the American commodore that the coal barges be sent ahead. If there were any hidden mines in the harbor it was better to have pieces of coal blown skyward than human bodies. To that advice Commodore Dewey said: "No; the Olympia shall go in first. For two reasons do I make this decision. First, we need the coal. If defeated and the coal ships are destroyed we are lost. Second reason, I have waited thirty years for this opportunity, and no man shall take it away from me." Commodore Dewey may have had to wait thirty years for his opportunity, but we do not have to wait one month, one week or one day for our opportunity is here. Like the song birds, we have musical throats with which to sing, and we also have the open heaven under which to sing. We have the talent and also the opportunity to use the talent.

Like the song birds, we have a magnificent subject for our songs. Every truly great sculptor is inspired by his theme. Artists have their models. Mere portrait painters strive to reproduce a face, but the immortal artist studies more than a mere face. He tries by the aid of his model to portray love or hate, war or peace, fame or disgrace, the creation or the nativity. The grander the theme the greater the opportunities of the picture.

Choose a Mighty Theme.

What is true of painting and sculpture is also true of music. Choose a mighty theme.

and Wagner and Mendelssohn and Handel did not employ their genius in a street ditty. They trained their ears to catch the voices of the winds, which can only be heard upon the heights of Mount Olympus. They called their oratorios by the mighty names of "The Messiah," "The Deluge," "The Prodigal Son," "The Light of the World," "Samson," "Saul," "Esther," "Joshua," "Elijah" and "Paul," "Jephthah," "Israel in Egypt," "The Creation," "The Woman of Samaria." So our singing birds in their oratorios have glorious themes to sing about. Their song is the resurrection. They sing of the bursting seeds and the increase of swarming flowers. They sing of the winter which is gone and the harvests which are to come. They sing of the sheep which are growing the wool that the little children may have warm clothing to defy the December blasts and of the sap giving life to the trees that the great logs may be rolled into the old fashioned fireplaces around which the families can gather about its glow and learn the lessons of love. They sing of the open harbors and the king's ships going to Tarshish to come back laden with gold and silver and ivory and the wealth of foreign climes. They sing of our earth's resurrection, which is emblematic of a heavenly glory. Oh, my friends, like the song birds in the springtime, will you not choose a mighty theme to inspire and uplift your life's music?

The theme! The theme! What is the inspiring theme of your life's song? Are you ready to surrender your life to the noble work of the alleviation of physical pain? As Cyrus W. Field, when a young man, consecrated his mental energies to compel the merchants of electric science with lightning rapidity to carry men's messages under the seas, and clung to that purpose for years and years against obloquy and taunts and sneers, will you, in the same persistent, enthusiastic way, fight to alleviate physical suffering? Will you atone your life to the upliftment of mankind, as John Howard sang his sweet song in convicts' cells, or Florence Nightingale sang her song among the booming guns of the Crimean war? Will you become Christ's apostle to the gentiles down in the slums, as John Eliot was called the "Apostle to the Massachusetts Indians?" In the old country village meeting house the leader of the choir, before the age of organ or piano, would arise and with a little bar of steel strike the keynote of the song. Every human being has a note by which to start his song. Upon what keynote, O man, are you today starting the music of your life's song? The theme! The theme! What is the inspiring, uplifting theme of your life's music?

The Chorus of the Woods.

Again, God bids us, like the song birds, sing because he does not expect us to be soloists, but to take an essential part in a great life's chorus. The true beauty of the song bird's singing is that he carries a part and not a whole day's solitary musical recitation. Like the piccolo, or the clarinet, his voice may be shrill, or like the bass viol, loud and deep; but whether soft or loud, his voice has a part, an essential part, in the chorus of the woods.

If you would know how essential the birds' voices are for the musical sweetness of the woods just go with me some day among the forest covered hills. As we tramp on and the twigs snap under our feet and our voices are tossed in echo from tree to tree the birds scurry away or silently hide behind their curtain of leaves. They act a good deal as do the village children when city people are riding through the country. They run into the house or barn and keep very quiet. But if you pay no attention to those children they will begin to peek out of the windows or behind the wood house, and then they will gradually come out and watch you as you disappear down the road. Such is the way the feathered musicians of the forest act. When you first enter the woods and call to them to sing they will keep as silent as the grave, but if you lie down at the foot of some giant oak and pretend you are asleep the many voices of the birds will then begin their seemingly endless chorus. First there will be a twitter, then an answering call, then a duet, then a third voice will break in and make the trio. Then off in the distance a woodpecker will beat time, like the drumstick tapping upon the sheepskin. Then a great wave of harmony, like Handel's "Hallelujah Chorus," will roll over you. Then sudden silence. Again the music will start, and a new concert will be masterfully rendered, each bird's voice not much in itself, but each an essential part of the great wood's chorus.

An Inspiration.

It is wonderful to realize how quickly a musical conductor knows when any of his musicians are not doing as they ought to do. I once read of a great orchestra of hundreds of pieces being gathered together. When every musician was doing his part, and the sounds rose and fell like voices of many waters, the piccolo player thought he would stop and see if the leader would miss him. No sooner did he stop than the leader pointed his baton toward the silent man and said, "Play! Play! You are an essential part of the piece. Do you hear me? Play!" So, in the great musical chorus for the salvation of the world, God bids us each to sing and take our part, as each bird of the woods has in singing part. Sing! Sing! Today in Christ's name sing, as the song birds in the springtime. Sing your part in the "Song of Moses and the Lamb."

Like the singing birds, we should not only sing because we have an essential part in God's great chorus, but because each song bird inspires other song birds to sing. A little canary in a room alone may not care to warble, but it is different when two or three

In Memoriam.

Bro. J. T. Coleman was born March 8, 1839, died March 23, 1904. Brother Coleman joined the Grange many years ago at Bennetts town and when the Grange failed to meet he identified himself with Church Hill Grange. He was fond of meeting with his brethren and discussing the many questions pertaining to agriculture and for the advancement of the young people.

He remained a consistent member until his death. Brother Coleman was married to Jennie Pollard Nov. 19th, 1861, and to this union were born six children. Mrs. Coleman died Oct. 18, 1879. In 1882 he was married to Miss M. H. Cooper and of this union four children survive him.

"My Life Hung by a Mere Thread, Pe-ru-na Cured Me."

Mrs. Sarah Smart, 276 Hayward St., Brooklyn, N. Y., writes:

"I can't tell in words how low I was. My life hung by a mere thread. I was waiting for months to die. 'My trouble was consumption or bronchitis. I suffered no pain when I was low, but coughing and breathing kept sapping what little strength I had. I could not eat, sleep or even lean back on a chair. I was a mere skeleton. I said to my husband, 'I can't last much longer.' My neighbors say they do not know how I ever recovered. It was almost a miracle.

Last fall I was very much debilitated from the effect of a cold contracted early in the summer and which I neglected. I knew that my system was in need of medicine and rest, but to find the right thing was the problem. Happily I gave Pe-ru-na a trial first and have no reason to complain of the results. MUTES MARRY

CEREMONY PERFORMED BY GEN. LEE TO CONFEDERATE VETERANS.

Groom a Hopkinsville Man and the Bride Is From Colesburg.

(From Saturday's Daily)

Mr. Seth A. Hord, of this city, and Miss Laura Sullivan were married at the residence of Mr. and Mrs. J. M. Vandegrift, near Colesburg Thursday. Both are deaf-mutes, educated in the State School for the Deaf at Danville. The ceremony was performed by the Rev. T. H. Morris, pastor of Marcus Lindsey Memorial Methodist church, Louisville. The Elizabethtown News says:

The groom is a very popular young man and the bride is the bright and attractive daughter of Mrs. J. M. Vandegrift, of the Colesburg vicinity.

The bride was attired in pure white and the groom wore the conventional black. They were the recipients of quite a number of beautiful presents. They will make their home for the present with Mr. and Mrs. J. M. Vandegrift. An unusual feature of the event was that the contracting parties were deaf and the ceremony was performed in the mute language through the means of an interpreter.

As stated in a Frankfort despatch to the Kentucky New Era, Gov. Beckham vetoed the Klair asylum bill, which would have changed the name of the Western Kentucky Asylum for the Insane. He explains his action as follows:

H. B. 288—An act to amend and reenact Section 1 of an act entitled An act relating to the Asylums for the Insane and the Institution for Feeble-Minded Children supported by the state.

This act proposes to change the names of the three asylums for the insane, now known as "The Eastern Kentucky Asylum for the Insane," at Lexington; "The Central Kentucky Asylum for the Insane," at Lakeland, and "The Western Kentucky Asylum for the Insane," at Hopkinsville, and call them respectively "Eastern State Hospital," "Central State Hospital" and "Western State Hospital." The word "hospital" is general, and may mean a place for the treatment of the sick, wounded or the sane as well as the insane. If the name was changed to the "Eastern Kentucky Hospital for the Insane," etc., there would be no objection to it, but to call it merely a hospital does not indicate its purpose and character. The old names are preferable to this change, and I therefore disapprove the bill.

ORDER IS ISSUED

BY GEN. LEE TO CONFEDERATE VETERANS.

The Reunion At Nashville Will Be Held June 14, 15 and 16.

(From Saturday's Daily)

The Kentucky New Era is in receipt of the following general order just issued at New Orleans by Gen. Stephen D. Lee, lieutenant general commanding, United Confederate Veterans:

"The lieutenant-general commanding announces that, according to the custom heretofore in force, which leaves to the commanding general and the department commanders the fixing of the date of the reunion, the fourteenth annual reunion will be held in the city of Nashville, Tenn., on June 14, 15 and 16, 1904, Tuesday, Wednesday and Thursday respectively, those days having been named by our host as satisfactory.

"The lieutenant-general commanding realizes that there is no necessity for him to urge an attendance from those who were present in Nashville at the reunion of 1897. These comrades enjoyed to such an unlimited extent the broad and liberal hospitality of the noble men and women of that delightful city that they will gladly embrace the opportunity to partake of the pleasures certain to be spread out for them in profusion. He does, however, urge all Confederate soldiers and sailors of all arms and departments, whether members of camps or not, and sons and daughters of the Confederacy, to be with us and take part in this grand meeting.

"The lieutenant-general commanding with much pleasure announces, at the request of its most energetic president, Mrs. W. J. Behan, that

the Confederate Southern Memorial association will hold its meeting at the same time; and that the opening feature of the convention will be the Jefferson Davis memorial service. The time and place of this service will be given in future orders, so that every U. C. V. may be able to attend."

The general order says: "The lieutenant-general commanding has intense satisfaction in making announcement of the enrollment of these camps, for it demonstrates that the interest in the U. C. V. cause among the survivors of the gallant armies of the Confederacy still lives, and that these old heroes desire to connect themselves with the federation ere they 'pass over the river, and rest under the shade of the trees.' The lieutenant-general commanding urges that every effort be made by all the camps of the organization to stir up such a feeling among those old soldiers who have not formed camps that they may apply to these headquarters for the necessary organization papers, and unite themselves under proper charters as parts of this great 'social, literary, historical and benevolent' order."

You never heard of any one using Foley's Honey and Tar and not being satisfied.

SIX JURORS VOTED THAT FRANK MASSIE SHOULD DIE ON GALLOWS.

FINALLY AGREED ON LIFE SENTENCE.

IN THE HOLLAND CASE

One Was For Acquittal. Moseley Will Not Be Tried At This Term

The jury in the trial of Frank Massie and Ed Holland, that Friday returned a verdict of life imprisonment for each of the negroes for complicity in the murder of the unknown white man near Pembroke, had considerable trouble in reaching a decision. In the case against Frank Massie the jury stood six for hanging and six for life imprisonment. In Ed Holland's case eleven of the jurymen were for life imprisonment while one was for acquittal. Friday afternoon, however, they agreed on the sentence of life imprisonment in each case and so returned the verdict.

The case against Ed Moseley, the last of the nine negroes charged with this crime, will be continued until the June term of court. So far, all eight negroes tried have been found guilty and four, Dick Carney, George Holland, Charles Finch and Frank Meriwether, who were tried at the special term of court in January were sentenced to be hung. At this regular term the four tried, Frank Massie, Ed Holland, Bill Garrett and Frank Sherman were sentenced to life imprisonment. Motion was made for a new trial for Charles Finch but the argument has not yet been heard. Appeals have been taken for Frank Meriwether, Dick

Carney and George Holland.

The jury in the case of John Poin-dexter charged with arson, returned a verdict of not guilty and the prisoner was released from custody. Poin-dexter was charged with having set fire to his dwelling early last December.

Frank Massie, Ed Holland, Bill Garrett and Frank Sherman, the four negroes convicted at this term of court for complicity in the Pembroke murder, received formal sentences committing them to life imprisonment this afternoon. They will be taken to Eddyville this afternoon, leaving here at 4:30 over the Illinois Central. George Holland, Dick Carney and Frank Meriwether, under death sentences, will leave on the same train for Paducah where they will be taken for safe keeping.

WEATHER IN APRIL.

ALL SORTS MAY BE LOOK-

Hicks Predicts Snow For the
Opening Days and
Numerous Storms.

Weather Prophet Irl R. Hicks says frost or snow and cold northerly winds will mark the opening of April. Plants and tender vegetation should be protected against the probability of killing frost during the first three or four days of April.

About the 4th to the 6th hail storms may be expected. Rain, hail and thunder will be in evidence on the 11th, 12th and 13th. From the 15th to 17th it will be very warm, and tornado disturbances are to be apprehended. After behaving decently a day or two, vicious hail and thunder storms will break out April 21 to 23. Frosts will follow. The month will close in a sharp storm period. Hicks warns the people to watch the barometric conditions and storm developments at this time. Very general and severe storms are more than probable. This is a time when destructive hail and storms are almost a certainty in very many sections. Abnormal downpours of rain will also visit central to southern regions. The month will go out with high barometer, cold winds and frosty nights northwards.

In this strenuous age, one sometimes feels the need, not exactly of a medicine but of a good common sense revitalizer and tonic. Walthers Peptonized Port is just such a tonic.

The port wine is a strengthener in itself, and the pepsin, by aiding digestion, enables one to get the maximum amount of strength from one's food.

It strengthens in a natural way—not by whipping the organs into a forced activity, not by creating a false feeling of strength through nerve stimulation, but by actually giving real strength. For sale by Ray & Fowler and J. O. Cook, druggists.

YOUNG MAN GONE

LOUIS JOHNSON'S MYSTE-
RIOUS DISAPPEARANCE.

The strange disappearance of Louis Lee Johnson, of White Plains, Hopkins county, a young man well known here, and a brother of Miss Ida L. Johnson, of this city, has thrown his parents into a panic of grief and has been cause for the institution of a search throughout this portion of the country.

There seemed to be no reason for this sudden departure from home and his parents fear foul play. Last December Johnson acted rather peculiar at his home and a physician pronounced him mentally unbalanced.

When Johnson was last seen he wore a black suit of clothes and a soft slouch hat. He has a large head, wearing a number 8 hat, has a rosy complexion, light hair and clear blue eyes. He is 25 years of age and 5 feet 9 inches tall and clean shaven.

DEATH WAS SUDDEN

MR. SYDNOR VICTIM OF
HEART DISEASE

(From Wednesday's Daily.)

Mr. W. A. W. Sydnor died last night at the residence of his son-in-law, Mr. J. H. Winfree on the Clarks-ville pike, of heart failure. Mr. Sydnor was ill for several weeks before Christmas, but had been up since that time. Yesterday he complained somewhat of feeling badly but no fears were entertained of a serious termination of the symptoms. Last night at 11 o'clock he was suddenly seized with an attack of heart failure and before any of the family could reach him he was dead. He was seventy-two years of age and had been a lifelong and devout member of the Methodist church in the services of which he had always taken a very active part. The funeral will be conducted at the Methodist church here tomorrow morning at 10 o'clock by the pastor, the Rev. Dr. E. L. Southgate, and the interment will take place in Hopewell cemetery.

Death at Lafayette.

Lafayette, Ky., March 29, 1904.—James Boyd, son of Mr. Joe Boyd, who resides near Roaring Spring, died Sunday night after a brief illness of pneumonia. He was about fourteen years old and was the only child of Mr. and Mrs. Boyd. For some time his mother has been in Texas and as she was in very poor health they did not inform her of his illness and his death was a great shock to her. She is expected home today and the interment will take place in the Powell Wootton cemetery as soon as she arrives.

Found Dead.

Mr. John Smith, a liveryman and prominent citizen of Elkton, was found dead in bed this morning. He was a brother-in-law of Dr. A. Kenner of this city.

Lend Us Your Foot For Awhile.

If Your Shoes Do Not Fit Comfortably
And you never bought Shoes from Anderson
and there are a few such left,

Then you only have to come here and "lend us your foot for awhile." We have experienced salesmen—men who make fitting shoes their life work—who are graded in salary by the efficient way in which they fit, and the courteous treatment they give to those who will sit down to be fitted.

When you go to a city to buy Shoes you don't
think of taking them out to try.

But you sit down and allow your foot to be fitted. And you are pleased, too; not because the shoe is any better, or the stock is any more complete, but solely because you are wearing a shoe fitted by a shoe man who saw at a glance exactly what your foot needed.

Sending Shoes on approval here has run to
an extreme that is beyond all reason

It takes some ladies days and days to get a fit and only then after having sent out sometimes a dozen or more pairs of shoes, and then many times you are not wearing a shoe that fits you. There are times when we have out as many as a hundred pair shoes on approval at one time. Many a time we have had shoes kept on approval for two weeks and then returned after we had missed sales on that very shoe several times. This stock of shoes is as large as any in Kentucky, and if given a fair chance we can fit you as well as any store in the land. Treat us as you do the city store and we will send you away praising Anderson's Store as you have never done before. Then, we are responsible for fits when you come here, and we would rather lose a sale than to misfit you.

We will gladly send Shoes on approval,

If you can't come down, but when you fail to come down and be fitted you miss the opportunity to get the greatest possible comfort. Summer is coming and your feet are naturally a little more tender than usual, so come down and let us try fitting you in the store just once. Remember, we gladly send shoes to any place in the city on approval, but you will get a better fit if you come to the store.
