Mrs. C. H. McDaniel, chairman of this year's Community Concerts Drive, confers with President Win Whithel on ways and means to secure the largest membership in the history of the organization during next week's drive.

Music For Everybody Is Object Of Drive

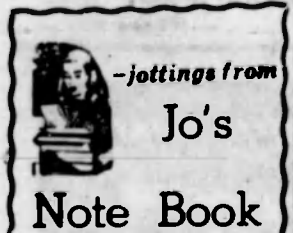

Six years ago a small band of local ladies and men set their mind to bringing a Carnegie Hall to Fulton. It was an ambitious idea. But with the same spirit that motivates many a Fulton project they said: "If other towns can present top-flight artists in the music field at nominal costs, so can we."

Led by the contagious enthusiasm of an accomplished musician, Mrs. Margaret Sundwick, the machinery was set in motion for Fulton to sit up like the audience in larger cities and enjoy a Carnegie Hall concert right here at Carr Auditorium, the Woman's Club or South Fulton's new gym.

Mrs. Sundwick and her equally enthusiastic small band of workers started making speeches anywhere there was an audience. They talked in the old home-town. As is typical of the feeling here the enthusiasm of the small group grew. First thing you know letters were written to both the Civic Concert Association and Community Concerts Association to come here and tell us more of their planned concerts and before very long a membership drive was in progress. The group signed with Community Concerts, a subsidiary of Columbia Artists, and first an organization was formed with Mrs. Sundwick as its first president. The first campaign chairman was Mrs. Ward Bushart, who later became president of Fulton Community Concerts.

Note Book

Back last summer when everybody was in something of a "stew" out the political races a couple of fellows running for Mayor said that when and if they were elected they would hold periodical "beef" sessions where local citizens could go before the Mayor and Council and really let their hair hang about the City Administration in general. Realizing, of course, that the Mayor and Council have been busy as beavers getting acquainted with their new jobs perhaps it has not been too convenient to get these sessions started.

Former Mayor Charlie Farnsley, one of the most successful Mayors, the City of Louisville ever had, conducted his "beef" sessions every Monday morning and they were always well attended. True, many of the suggestions and requests made were often impractical, even illegal, but just the same the officials of that city kept their fingers on the pulse of the people at all times.

It certainly would be mighty nice if Mayor Bill Browning and his council can see fit to start these sessions right away. They certainly would dispel an awful lot of unfounded rumors that crop up every month around Council meeting time. Then too, it would let the men know just how the citizens feel about various projects. From this newspaper's viewpoint it would also help in letting us know whether most people are really interested in what goes on in the city. Many times during recent weeks we have heard of various groups that were to appear before the council for some gripe or another, only to find out that they

When they said they'd trade they weren't kidding: Buster Shuck and James Fuller were working around the used car lot last Tuesday when in pulled a customer with two mules, wagon, two plows and a harrow. When they found that the men wanted to swap the works for a car, they promptly made a deal and out he drove. After he had gone they called up boss John Earle to requisition some hay and help decide the next step. In another swap deal this week, a merchant told how he had swapped a ham for an account.

JEAN ANN HYLAND GETS COVETED MUSIC SCHOLARSHIP

Popular Fulton Senior To Enter St. Mary of the Woods

Congratulations to Jean Ann Hyland, daughter of Mr. and Mrs. Bob Hyland and a senior at Fulton High School. Jean has been awarded a four-year scholarship in music at St. Mary's of the Woods, at Terre Haute, Ind., an exclusive finishing school for girls.

Jean and her mother were in Terre Haute over last week end where auditions were held for scholarships. The young lady was notified Tuesday that she was a successful applicant over many other students who sought the scholarships.

Jean has been a member of the Junior Music Club for many years and has participated in many musical programs for the entertainment of Fulton audiences. She is popular with the faculty and the students at Fulton High. Jean attended St. Edward's Catholic Convent here before entering Fulton High.

She is a piano student of Mrs. Steve Wiley.

In 1952-53 a total of 148 individuals received Certificates of Merit from the Red Cross for saving a life by their application of skills learned in Red Cross courses.

GIRL SCOUTS AND BROWNIES HAVE BIRTHDAY PARTY

Woman's Club Alive With Little Girls In Brown, Green

The Woman's Club was swarming with little girls in brown and green Monday afternoon. Scout leaders and friends were busy milling around the room and the stage was alive with various skits and songs. It was the biggest and best birthday party held around here in a long time.

It was the forty-second birthday of the Girl Scouts of America and the local troops took advantage of the event.

Girl scouting in Fulton is growing like the little girls in pig-tails. Just four years ago there was only one Girl Scout troop in Fulton. Today there are four

City Forsees Expenditures Of \$42,564 For City Improvement

CITY POLICE FINES SHOW DECREASE IN MONTH OF FEB.

City Gets \$530.50 Less This Year:

City police court fines took a nose dive in February this year over a like period in 1953, it was revealed by a report in the city clerk's office today. A total of \$722.50 was collected this year as compared to \$1,085.50 in 1953. The 1953 figure was net to the city. The 1954 total was gross, with \$167.50 paid to the city attorney in commissions, making net total of \$555.00 put into the city treasury this year as compared to \$1,085.50 in 1953. This is a total decrease of \$530.50.

Cause for the decrease, it was revealed, can be attributed to general economic conditions.

The city clerk's report, together with the report from Judge H. H. Perce showed that the city attorney was paid \$367.50 for the month of February. This was broken down as follows:

| | |
|-------------------------|----------|
| Straight salary..... | \$110.00 |
| Commissions (Feb.)..... | 167.50 |
| 12 cases at \$5.00..... | 60.00 |
| January case..... | 30.00 |
| Total..... | 367.50 |

The \$30 paid to the city attorney during February was in payment for a fine imposed during the month of January prior to the publication on January 7 of the city ordinance setting forth the new salary arrangement for the city attorney. The fine was imposed on January 4, but the city attorney says that the ordinance stipulated that the commission arrangement was retroactive to the first of this year and that he was entitled to the fine. That amount was added to his February salary.

CENTENNIAL GROWTH: As Union Citizens prepare for big Centennial celebration shortly, the local gentry are doing a good job advertising it growing all kinds of special trims. Typical is one sported by Hollis West, a frequent visitor in Fulton and former employee of a local laundry, who has cultivated quite a crop.

In an unprecedented session lasting over four and a half hours last Monday evening, the Fulton City council waded into a mountain of accumulated projects and housekeeping duties, and by the time the session was over had either spent or tentatively considered spending some \$42,564 for city maintenance and improvement.

Topping the list of projected expenditures is a contemplated sewer extension program which will provide additional facilities in West Fulton, the Country Club Court area, and in Missionary Bottoms. The project, which has the favorable endorsement of Mayor Browning, would include extensions in the vicinity of West Street in West Fulton amounting to \$4,000.00; extensions in Missionary Bottoms area amounting to \$11,795.00; and extensions in the Country Club Court area amounting to approximately \$11,280.00. Total expenditure in this field would approximate \$28,675, the Council was advised.

"This sewer extension project is not something planning for any future developments, it is something needed now, for today's needs," the Council was advised. In discussing its financing, the Council was advised that a portion of the \$36,000 in the water and sewer fund might

GAS CUSTOMERS IN FIVE CLASS TYPES

The five classes of local gas customers, as outlined by a city ordinance now being prepared for passage, were given the news this week by City Clerk Martha Smith.

CLASS A. GENERAL. Gas used for cooking, and or water heating in other than commercial or industrial establishments.

CLASS B. COMBINATION. Residential gas service; where used for space heating only, or for space heating and/or water heating and cooking.

CLASS C. COMMERCIAL. Where gas is used for space heating and/or water heating and cooking in commercial establishments.

CLASS D. INDUSTRIAL. Where gas is used to produce power for operation of machinery, or processing of products for resale and/or heating of buildings for same.

CLASS E. INTERRUPTIBLE. An industrial user whose service may be interrupted and shall be controlled by temperature and supply conditions.

Bobby Clifton Joins Atlanta Ad Firm

Charles A. Rawson and Associates, an Atlanta advertising and public relations firm, announced this week that Bobby Clifton had been engaged as production manager.

Bobby is the son of Mr. and Mrs. Aubrey Clifton, Route 3, Fulton. He is a graduate of FHS, 1951, and attended UK, Delta State and Murray, where he studied advertising and journalism.

RETURN FROM TRIP

Mr. and Mrs. Claude Gore and George Richard, Mrs. J. B. Kearby and Mrs. Vera Tarver have returned from a southern trip, visiting New Orleans and the ante-bellum homes in Natchez.

Next-largest item on the list of projected expenditures was a street sweeper, costing around \$8,000. The Council went on record as "favoring" its purchase and will accept bids at its next regular meeting without, however, committing itself to purchase a sweeper until it had examined the bids. (It is possible, however, that with other expenditures the City will soon face, this project may have to be dropped, the News learned Wednesday.)

Third item on the list of projected expenditures is the purchase of 1,000 feet of new fire hose and several other pieces of equipment needed for fire-fighting. Bids will be received on this equipment at the next meeting, and final cost is expected to be approximately \$2,000.00.

Topping the list of actual expenditures okayed during the evening was purchase of a new international 4-ton truck to be used for gas department maintenance work. Purchased from the Bob White Motor Company, the truck cost about \$1,295.

Young Demigraph Says Gregory Is Afraid To Run

The Young Demigraph, a statewide newspaper devoted exclusively to political news and which rarely can be depended upon for accuracy, let loose recently on the coming Congressional race in the First District.

Mighty like the little chameleon, which changes its color at will, the Young Demigraph changes its political leanings with every issue. This last issue they honestly had something nice to say about Governor Wetherby's Administration, but their friendship took such a peculiar twist we thought you'd like to read it.

The article sets Governor Wetherby up as a "dictator," which he is not, and Noble Gregory as a scared rabbit, which he certainly is not.

Publication of this article does not necessarily mean that the News concurs with it. We do believe, however, that those of you who like to read political news if we might desecrate the word, will enjoy reading such outlandish reasons advanced for getting an opponent for Mr. Gregory.

The article follows: "Paducah, Ky.—According to inside sources in Frankfort and Paducah, First District Congressman Noble Gregory will feel the weight of the political axe come this August.

"Washington representation of the district has been in the Gregory family for thirty years. In 1924, Voris Gregory, late brother of the incumbent, was elected to the House seat. In 1936 Voris was renominated and died before the general election that year. The Democratic county committees selected Noble as their nominee and he was elected in November. Since that year, Noble was habitually re-elected to succeed himself, rarely having opposition.

"Three reasons have been advanced for dropping Gregory this year. Administration stalwarts say, (1) he has the worst labor record of any Ken-

tucky Congressman, (2) he caters to the wishes of only two or three party members of each county, and (3) the job has been in the same family long enough. At least these are the semi-official reasons given by the spokesmen.

"Another source, close to Governor Wetherby, said that Gregory had incurred the ill-will of the Governor and that Wetherby 'doesn't want any part of him.' The latter explanation would seem more plausible in view of Gregory's long tenure in office. Remember what happened to Congressman Joe Bates when Governor Clements decided to retire him?

"The man to succeed Gregory, or at least have administration backing for the Post, is State Representative Charles W. Burnley. Burnley is Speaker of the House of Representatives at the current session. He served in the same capacity during the 1952 General Assembly.

"It became evident at the Ken-Lake meeting of the legislators last fall that the Administration in selecting the Paducahian to serve his second term as speaker, which is very unusual, was grooming Burnley for a more influential place in Kentucky politics. But it was not generally known then that Governor Wetherby was interested in retiring Congressman Gregory to political oblivion.

"Burnley, 49, an engineer for the I. C. Railroad, has been representing McCracken County in the legislature since 1944. He is married and has a married daughter living in Memphis, Tennessee.

"According to informers, the Administration will 'unofficially' back Burnley while 'officially' following a hands-off policy, if there should be a Democratic primary. Observers don't believe Gregory has sufficient personal following for him to seriously consider 'bucking' the Administration."

Why Do Folks Dump Garbage on County Roads?

Why do people carry their garbage to another man's property and dump it? That is a question we have not been able to answer. If they do not want it, why do they think someone else does?

Many of the good farmers on the Middle Road and other roads leading out of Fulton and environs would like to get a good answer to these questions.

It is a disgrace to any county to have its roadways defaced with "dumps." The blame does not belong to one man or any group of men. It belongs to every citizen of Fulton

County. If each one makes himself a committee of one to see that trash is not dumped along the roads—there will be no "dumping."

Cleaning up the country roadsides would be an excellent project for 1954. This is not primarily a county road department's job. It is the only organization which has been fighting. The county government needs the help of the citizens.

Citizens can make two steps: first, see that you do not dump garbage on the roadside yourself; secondly, if you know of someone who is doing it—report him.

Sermonette of the Week --

There Are Two Sides To Every Christian

THERE ARE TWO SIDES to every Christian. One side shows religion at prayer; the other religion in practice. One is the service of God in the Temple the other the service of neighbor in town.

We need both but we more easily forget the second. We like a quiet prayerful church especially at sunset when every stained-glass window blazes like a flower-garden. But this is only half of religion—religion under the steeple. The other half is the harder half—religion out among the people. But God made the people. God loves the people. God died for the people. He did not die for any stained-glass window.

YOU WILL FIND PEOPLE who are very convinced of their love for God, but who never dream of giving any practical help to some of God's children who really need it.

If there is sickness in a home, they never think to drop around to help straighten out the house or stir up a meal. They would never get the idea to maneuver in a tactful and delicate way to send one of the children to summer camp.

OUR BLESSED LORD, Jesus Christ, said, "Whatsoever you do to the least of My brethren, you do to Me." There is the difficulty: to recognize God behind the masks of men. But we have to do it. Because when He appeals to us for help, He will not send a special

Star of Bethlehem pointing its finger of fire to the spot where we are to do our bit of good.

SOMEONE ELSE always knocks at the door for Him, as at the Inn at Bethlehem. If that door had not slammed and shuddered in His Face, to this day men would have beaten a path to it, the most famous shrine in the world. As it is, it is only the sad symbol of Christ unrecognized, Christ turned away.

NATURALLY GOD WANTS us to clasp our hands in prayer. But He also wants us to unclasp them and reach them out to any neighbor in need. Someone has said that God has divided man into men so that they might help one another. The body you help may be anybody's, but the soul you save will be your own.

THINK IT OVER

I'll go where you want me to go, dear Lord;

Real service is what I desire.

I'll say what you want me to say, dear Lord—

But Don't Ask Me to Sing in the Choir.

I'll say what you want to say, dear Lord;

I like to see things come to pass.

But don't ask me to teach boys and girls, dear Lord—

I'd Rather Just Stay In My Class.

I'll do what you want me to do, dear Lord;

I yearn for the Kingdom to thrive.

I'll give you my nickels and dimes, dear Lord—

But Please Don't Ask Me To Tithe.

I'll go where you want me to go, dear Lord;

I'll say what you want me to say.

But I'm busy just now with myself, dear Lord—

I'll Help You Some Other Day.

TURNING BACK THE CLOCK

(March 8, 1929)

Contract for the erection of the new building of the City Ice Company, corner of Walnut and Plain Streets, was let Saturday and the local firm of W. M. Hill and Sons bid in the job. Work was started this week on excavation and the contract calls for completion of the building in 30 days, weather permitting.

The Usona Hotel, was the scene of one of the most enjoyable events of the new year, Thursday evening, February 28, when the Chamber of Commerce held their annual progress banquet. Approximately 175 attended, members and their guests. Little Miss Ruth Knighton, pretty daughter of Mr. and Mrs. Emmett Knighton, made a decided hit with her dance numbers. President Nugent, of the Chamber of Commerce, was master of ceremonies.

The general meeting of the Woman's Club was largely attended Friday afternoon, March 1st. The president, Mrs. Martin Nall, presided over the business session. Interesting reports were given by various officers. Hostesses for the day were Madames Will Gayle and Dora Matthews. The pages were Mrs. Freeland Johnson and Mrs. W. D. Briggs.

Noah Paschall and Raymond Brown have purchased the Penson farm on Route 6 and will move there soon.

It has been decided that a girls' interclass basketball tournament will be held in the new gymnasium March 15-16 at the

Fulton High School.

The letters in baseball, basketball and football were awarded in chapel last Thursday by Doc Hughes.

Julia Frances Beadles was the winner of the Art Contest which was held last week.

Miss Mary Martin gave a most interesting explanation of the picture, "The Light of The World."

Jamie and Jessie Stallins entertained a few of their friends with a party Saturday evening at their home in the Willingham Bridge Community.

Mrs. J. C. Suggs and Mrs. T. W. Stallins visited Mrs. Leighman Elliott in the Willingham Bridge Community last Thursday. Mrs. Elliott is improving nicely, having been ill several days.

Albert and Luther Byars and W. H. Donoho of Route 8, were in Dresden Monday on business.

Judge E. J. Stahr recently announced for County Attorney for Fulton County.

"Here Comes The Bride" must have been written by the Judge of a divorce court.

What Fulton needs is more paint on the houses and less on the faces.

The brain is like a dollar, "it isn't worth much until it's put to work."

Advertising is the oil that lubricates the machinery of business.

By the time this goes to press, the First District tournament here at Fulton will be just a vanishing memory to just about everyone but the players. . . . but it sure was a red-hot affair while it lasted.

Probably the unhappiest at coming in as an "also-ran" was Hickman, who had journeyed over to Carr Gym in the firm expectation of whipping all comers with the aid of their scoring star Harold Ross.

However, Friday night's semifinals showed what happens to a one-man team when he is both bottled up, and off his game. The team just ain't. And to top it off I believe that that game enabled Bardwell to show off the most spectacular array of accurate shooting I have ever seen in any second half. They just simply couldn't miss.

And Saturday again, this red-hot Bardwell Club flattened Clinton's ears to a fare-thee-well. If Bardwell doesn't win the regional I'd like to see the team they lose to. It will have to be a dandy.

There may be some citizens over at our neighboring city of Hickman who have resigned themselves to the belief that Hickman may eventually dry up and blow away (we have some around Fulton who think the same about their home town), but not the Hickman Courier

cation on a recent Dave Garro-way TV program, and here's the way it happened, as outlined by the Bardstown Standard:

Sarah Major, little sixth-grade pupil of the Boston school, last Tuesday wrote a letter to David Garro-way of TV fame. She thought Mugs, the monkey, might be interested in the town of Monkey's Eyebrow. And along with her letter she enclosed a map of West Kentucky showing the little settlement on the Ohio River. On Friday's TV program, a photograph of her letter and the map were shown on the screen, and her letter was read.

Mugs probably learned more about Monkey's Eyebrow than most Kentuckians know.

Pag Magee publishes the Advance-Yeoman at Wickliffe, and since his town is on the north

end of US 51 in Kentucky and since he is getting interested in highways up there with the forthcoming lifting of tolls on the Missouri river bridge, he drove down to Fulton last week to see Fulton's new "Hy-Pass" and see if what he had been reading about it was correct.

Pat admitted it was confusing, and went on to even tell a little story on the fellow who designed the layout. It seems that this gentleman was in Fulton recently, looking over the new layout, and, while engaged in conversation, forgot to think what he was doing and took the wrong route himself.

Even so, Pat, they've gone to a lot of trouble to mark the routes well and we think that most of the confusion has disappeared.

Miss Betty Jean Meacham Becomes Bride Of Cecil Lee Wade Last Saturday Morning

A wedding of wide spread interest in this community was solemnized at nine o'clock Saturday morning, March 6, 1954 in the First Baptist Church, when Miss Betty Jean Meacham became the bride of Mr. Cecil Lee Wade.

The Rev. John D. Laida, pastor, performed the simple, but impressive double-ring ceremony in the presence of a few intimate friends.

Miss Alma Phillips of this city and Mr. Fred Williams of Clinton attended the couple.

The bride was attractive in a light blue suit with a white hat. Her accessories were navy. She wore a purple orchid corsage.

Miss Phillips wore a grey suit with navy accessories. Her corsage was of pink carnations.

The bride is the daughter of Mr. and Mrs. Clarence Meacham of this city. She is a graduate of Fulton High School in the class of 1952. Since her graduation, she has been employed at her father's store, Meacham's Grocery.

The groom is the son of Roy Wade and the late Mrs. Mary Elizabeth Wade of near Cayce. He is a graduate of Cayce High School. He served as a Radar

Technician in the U. S. Air Force for four years, eighteen months of that time was spent overseas. He attended the Air Force School for Radar Technicians in Biloxi, Miss., where he graduated. After his discharge from service he attended De Forrest, a school for Electricians and Television Technicians, where he graduated. He is now owner of the Wade Television Service Shop on Main Street.

Among other friends attending the wedding were Misses Linda Sams, Betty Sue Johnson and Roanne Walker.

Immediately following the wedding, the couple left for a short southern wedding trip.

Upon their return they are at home with the groom's father, near Cayce for the present time.

Miss Grace Patton and Joseph H. Holland Pledge Marriage Vows Saturday, March 6

Mrs. Joseph H. Holland

Miss Grace Patton, attractive daughter of Mr. and Mrs. S. F. Patton of 1492 E. Grand Blvd., Detroit, Michigan, pledged her marriage vows to Mr. Joseph H. Holland in an impressive ceremony Saturday, March 6, 1954 at twelve o'clock at the First Cumberland Presbyterian Church in Detroit. Mr. Holland is the son of Mr. and Mrs. Bill Holland of Fulton.

The Rev. J. R. Wooten, uncle of the groom, and pastor of the Cumberland Presbyterian Church

at Owensville, Indiana, read the double ring ceremony. The vows were read before a background of palms, white tapers in bronzed candelabra and baskets of white gladioli.

The nuptial music was presented by Miss Valerie Long, pianist. Miss Katherine Cloutier sang, "The Lord's Prayer" and "Ave Maria." Mr. Bob Vogel sang "Because" and "Through the Years."

The bride, given in marriage by her father, wore a gown of

white satin and rose point lace with a sweetheart neckline. The long fitted sleeves came to a point over the hand. Her finger tip veil of nylon illusion fell from a coronet of pearlized orange blossoms. The edge of the veil fell in deep points. She wore a single strand of pearls. She carried a white Bible topped with orchids showered with satin ribbon and stephanotis.

The maid of honor and bridesmaids wore identical dresses of shantung and nylon tulle. Miss Celeste Buono, maid of honor, wore coral; bridesmaids, Mrs. Frank Patton and Miss Sara Cates wore aqua; and Misses Martha Sue Holland, Joan Rund, and Helen Brown wore gold. Their headresses were of matching velvet flowers and they carried nosegays of talisman roses with gold streamers.

Little Fay Ann Kanake, niece of the bride and Little Mary Ann Dockery, cousin of the groom, were flower girls. Their dresses were white tulle over coral taffeta with matching hats. They carried nosegays of roses. Bobby Dockery, cousin of the groom, was ringbearer.

Billy Holland served his brother as best man. The ushers were David Holland, brother of the groom; Frank Patton, brother of the bride; Larry Bowman of Somerset, Mich.; William Phaneuf of Flint, Mich.; and Richard Gore.

For her daughter's wedding Mrs. Patton wore an afternoon frock of navy crepe with a lace skirt. Her white hat was trimmed in flowers and her other accessories were black. She wore a purple orchid.

The groom's mother wore an afternoon frock of peacock tissue faille fashioned along tailored lines. She wore black accessories and her corsage was an orchid.

Mrs. J. N. Wooten, grandmother of the groom, wore navy tissue faille with pink accessories. Her corsage was of carnations.

The reception was held in the church basement with white bells used as decorations. The bride's table was covered with a white cloth, centered with a beautiful tiered wedding cake topped with a miniature bride and groom.

Late in the evening the couple left for an unannounced wedding trip, after which they will be at home at 8716 Moffat, Detroit, Michigan.

For traveling the bride wore a brown linen suit and hat with beige accessories. Her corsage was white orchids.

KROGER EMPLOYEES GET \$2,161,940 DEPOSITED TO PROFIT SHARING PLAN

More than \$2,161,940 from profits of the Kroger Co. has been credited to the accounts of members of the Kroger Employees Savings and Profit Sharing Plan for 1953. It has been announced by George E. Berg, Kroger Memphis branch manager. This is equal to 76 cents on each dollar of employees' savings under the plan, which totaled \$2,771,078 during the past year.

Accounts of Kroger employees

in the Memphis area have been credited with approximately \$57,782 from the company's contribution. At the same time, they saved more than \$75,861.

"We believe the savings and profit sharing plan has had a far-reaching effect in increasing employee interest in the jobs they do," Mr. Berg said. "And since profit sharing members, through the fund, actually own more than 13,500 shares of Kro-

ger stock, they have an added interest in the company," he continued.

Under the plan a portion of Kroger profits is credited to employees' accounts in proportion to the amount each has saved from his own salary during the year. The fund, which was begun in July, 1951, now totals \$10,254,328. This includes savings of \$5,840,698, and the company contributions of \$4,413,329.

The number of employees in the plan has increased steadily throughout the year, Berg said. At the year-end, there were 16,995 members as compared with

15,661 a year earlier. This represents about 95 per cent of eligible employees.

The plan is available to all regular employees, 21 years of age or older who have had two or more years of continuous service with Kroger.

CHRISTIAN SCIENCE SOCIETY

The healing power of that faith which is rooted in a spiritual understanding of God will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Substance" includes the following passages from the Bible: "Now faith is the substance of things hoped for, the evidence of things not seen. . . . Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear" (Hebrews 11: 1, 3).

Procedures For 1954 Cotton Releases Due

W. H. Harrison, Chairman of ASC Committee stated that the County Office had received procedures whereby any farm that has a 1954 cotton acreage allotment and does not intend to plant cotton in 1954 can release this cotton to the County Committee for reallocation to other farms. He further stated that there was a very definite advantage to the releasing of cotton. (1) the farm releasing the cotton will receive historical credit in establishing future allotments provided some cotton was produced on the farm in at least one of the years, 1952, 1953 or 1954. (2) It would be doing your cotton producing friend a favor by releasing this acreage for reallocation to farms that will grow this acreage. He further stated that any farm which had 1951 history only would lose their allotment in 1955 unless some cotton was grown this year, as this would be 3 missed years in succession.

The County Office has the proper forms and would be glad to furnish any additional information.

In addition to students in formal courses, the Red Cross reached 3,512,000 persons through group safety instruction last year.

1/3 MORE ON THE PURINA HOG PROGRAM
TRIPLES PROFITS!

At the Purina Farm hogs fed on the Purina Program produce 1/3 more than the national average. Thousands of Purina Program feeders get results equal to those at the Farm.

National average of pigs saved is only a little better than 6 per litter. At the Farm over 9 pigs per litter were saved in 1951.

It's generally agreed that it takes 3 pigs per litter to break even. Last year the average hog man had 1.4 pigs per litter for profit. The Purina Farm had 4.1 pigs for profit... Three Times as Much Profit!

got cold-feet when it came time to appear before the formal council meeting.

A good "beef" session is good for the community and we'd like

very much to see people speak their minds in an informal sort of setting.

Little Joy Fagan, the young lady with more personality than you can imagine never ceases to be a source of much pleasure to me and to that little demon in our household, R. Paul. The other day Joy walked in the office with her arms around R. Paul and was in a dither to have him go home and play with her. When she got permission we kidded her about being so affectionate she said: "R. Paul really is my boy friend." With that she put her arms around his shoulders and they walked out of the office as happy as larks.

With the accent on procuring industry for Fulton the order of the day I thought I'd tell you a little story that happened at the Rotary Club not too long ago. It concerns one of our most stable industries here and the way they fell toward Fulton. Leo Greengrass, general manager of the Siegel Factory, got up before the regular luncheon meeting of the club and paid a wonderful testimonial to Rotarian Bob White, president of the Fulton Improvement Company. Leo said that the factory was getting along fine, that the building was in the shape they wanted it to be and paid great thanks and tribute to Bob for meeting every request they had made to keep the building and working conditions in good repair. Bob is chairman of the Chamber of Commerce's industrial Committee and is doing a good job with that too. Betcha that before too many more moons Fulton will have another good industry and a lot of the credit will go to Bob and his committee.

Community Concerts

(Continued from Page One)

It is certain that Community Concerts are here to stay. Win Whitel is president of the organization and enthusiastic, hard-working Mrs. C. H. McDaniel is the campaign chairman. Together with a group of enthusiastic team captains and workers that's a hard combination to beat.

Each year the board meets with a field worker for the Community Concerts Association and secures a "hold" date on some outstanding attraction that would be a selling point for memberships. This year they have secured a date for the "Angelaire," a harp quintet of lovely young ladies. That concert alone will assure the members of their money's worth if not another attraction is booked. But there will be other attractions, don't you worry, for the workers will get enough memberships to bring at least two others.

Next week when you are contacted by a worker to buy a membership for Community Concerts, don't remark that you are not interested in that type of music, because really you are. You will be interested because good music for Fulton is good for our city. It is good for a well-rounded education for our children. It is an asset for future industry that takes inventory of the advantages offered here. It is an

Now President George Washington sure did have a lovely birthday. Hope that he is at rest with Jesus. That's the best of all.

So much meanness is going on, but yet the Lord has people doing the right thing and it is a fine thing to put your trust in the Lord and serve Him. He's the best president of all. I will say "The Lord is my Shepherd, and I shall not want." Trust the Lord and He will take care of you.

I made a business trip to Clarksdale Saturday and I chanced to meet Sister Laura Ross and we had a lovely talk, and before we departed she gave me ten cents. I went Sunday evening to Mr. J. W. Brooks' service station and his wife gave me thirty cents. That was so sweet of her, helping a widow woman. She did as the Lord requires: Help the widows and orphans. Hope she keeps the good work up.

I went to Shelby some few days ago and went to the Shelby Progress offices, Mr. and Mrs. Allen, owners. We sure had a nice lovely confessions and before I left she gave me a pretty lovely flower to wear on my coat that Mr. Marks gave me. When I wear it, I might can get me a good husband. Some one say that Mattie Dear is too old to be thinking about a husband. Those

are the ones that need to have a husband. Old women. Right now, I need some wood hauled and after it is put on my yard, some man needs to cut it. My garden needs to be broke up. By not having a husband, it is not broken up and I don't want to ask the other women's husbands. They might get mad. But my Lord will fix a way for me some day. I am being of good cheer; God is in the plan. People around Alligator are trying to make preparations for farming, but my Lord knows best. Depend on Him.

Here is another poem. Subject "Do the Best You Can." Trials of life are sure to come. You may not understand. God will make a way for you. Do the best you can. Do not think of giving up. Have in mind some plan. If you fail to reach the top. Do the best you can. No matter what the fate may be. On ocean, sea or land. Success some day will come to you.

Just do the best you can. Always make sure you are right. Thereby take a stand. Give the world the best you have. Do the best you can.

INCOME TAXES DUE ON MARCH 15TH

Because of the wide publicity concerning proposed legislation pending in Congress to change the date for filing income tax returns, many taxpayers seem to believe the date for filing 1953 income tax returns has been extended.

In order to clarify this situation William M. Gray, District Director of Internal Revenue at Louisville, issued the following statement today: "The last date for filing 1953 income tax returns is March 15, 1954. Envelopes containing returns must be postmarked not later than midnight on that day."

County ASC Groups Must Measure Cotton

W. H. Harrison, Chairman of ASC Committee, announced today that by recent act of Congress, premeasurement on 1954 Cotton Acreage allotments must be offered by County ASC Committees. He stated that the entire cost of this premeasurement must be borne by the farm owner or operator. It has been determined by the State Committee that the minimum charge shall be \$5.00 per farm plus 20¢ per acre for each acre or fraction of an acre above 5 acres. For example a farm which has a 1954 allotment of 9.4 acres, his cost would be \$5.00 plus 20¢ an acre on the 4.4 acres or \$10.00 which would make a total cost for the premeasurement of \$6.00. The cost of this premeasurement must be deposited with the County Office at the time this service is made. Mr. Harrison stated that in the event a farm requested premeasurement, a recheck would be made during the summer and if it was found that the cotton had been kept within the stakes, that this would be the final measured acreage for the farm for 1954. The final date for making application for this service is March 31, 1954. Any farmer who has any intention of requesting this service should make application immediately in order to give the County Committee time to train the necessary personnel it will take to give this service.

The County office has the forms for making the request.

The monthly singing is held at the Baptist Church on the third Sunday of each month, which will be March 21st, this month, in the afternoon. For the singing this month, the Keys Quartet of Paris will be present, along with many other good singers. An invitation is extended to all to attend his wonderful entertainment.

Mr. Lon Hastings visited his daughter, Mrs. Carney Wrather and husband of Mayfield last week.

Mrs. John M. Parrish is on our sick list and we wish for her a speedy recovery.

Many citizens from this vicinity attended the County and District Basketball Tournaments at the South Fulton Gym. We are all very proud of this new gym and of our basketball teams at South Fulton as well. There are four local McConnell boys, or former McConnell boys on the team, being James Willhauck, Bobbie McAmis, Joe Welch and Hoyt Wilson. Of course, one of the cheer leaders, Myra Ann Moss, is from McConnell, too.

This correspondent would like to take this means of thanking the many people for their kindness and thoughtfulness in remembering my mother, Mrs. Grant Wilson, in remembering

her birthday by the many lovely gifts and cards. These acts of remembrance made this the most delightful and enjoyable birthday she has ever had. She is eighty-seven years old, an invalid, and sits in her wheel chair, however, she is always made happy to know that her friends remember her and for them to visit with her.

The members of the Friendship Club and the Missionary Society of the Baptist Church visited the Weakley County Farm (for old people) in Dresden last Friday afternoon. Through the kindness and thoughtfulness on the part of the Missionary Society, many of the women baked pies, which were presented to these elderly people. The Friendship Club presented them with bags of fruit and candies. Our Little Sun Beam girl, Judy Green, presented packages of gum to the fourteen home residents. Those present for this visit were Mrs. James Willhauck, Mrs. Johnnie Allen, Mrs. Guy Harris, Mrs. L. T. Caldwell, Mrs. Mary Cook, Mrs. Cora Pannell, Mrs. Joe Harris, Mr. s. Held road Roadway, Harris, Mrs. Harold Rowland, Mrs. Sam Welch, Mrs. Sam Hastings, Mrs. Kenneth Hastings, Mrs. Milburn Harris, Mrs. Brundige and Mrs. Maud Kimberlin. The devotion was led by Mrs. Harold Rowland. Mrs. Mary Cook played the organ, accompanied by singing from all, and Mrs. Brundige read the Bible scripture. These less fortunate people expressed their gratitude in such a gracious manner, it filled our hearts, and each and every visitor left feeling they had received a greater blessing than the ones at the home.

The Friendship Club met at the home of Mrs. Ham Gardner on the third Wednesday in February with eighteen members present and two absent. Our Home Demonstrator, Miss Odum, demonstrated spring-bat making. The next club meeting will be held at the home of Mrs. Thad Parrish, which will be an all-day meeting.

Following a plea by a spokesman for the Fulton Baseball Association for a part of the "Park" fund to be granted outright to them as their "allotment," the Council okayed transfer of \$1,000 to be used to help defray cost of the new grandstand. While admitting that public criticism for park fund diversion would probably develop, the Council agreed with the argument that the grandstand is on city-owned land that is merely provided for baseball use, and that the grandstand and ball park facilities can be also used by other civic groups too. Diminishing park fund, with

only \$4,470 remaining, was thus cut to \$3,370.00.

A written request by 10 city volunteer firemen for their first pay increase in years included two plans. (Current pay is flat \$2.50 per call.) 1. A flat \$3.50 per call (amounting, on the basis of 1953 calls, to an annual increase in department expense of \$940); 2. A variable-pay basis which would allow \$3.00 for all fires except those requiring a 2½-inch line, and \$5.00 for those (estimated increase, \$830.00). To these two plans, the Council added a third of its own: a flat \$3.00 per call, which would up department cost only \$470 a year.

Following discussion on all three, it was voted to establish the flat \$3.50 per call as the new pay scale.

Margaret V. Bard was elected to the job of Tax Assessor at \$325.00. She was selected from a list of four applicants for the job.

The sum of \$229.60 was allowed from the "Park" fund for two light poles outside the new baseball fence, when it was stated that this commitment was verbally made by the preceding council last year. (Past-diminishing Park Fund balance at the end of the evening: \$3,140.40).

The sum of \$100 was allowed Reba Morris, Negro property owner, who lives in Missionary bottoms, for property adjacent to the Milton School, now being used as a street and as a playground.

In other actions, the Council also:

—Elected Dr. J. L. Jones as its member on the new City planning and zoning Commission; (See story elsewhere);

—Granted a beer license to R. F. Williams, Hickman, to sell beer at a cafe on Fourth Street;

—Decided it is the responsibility of both the property owner and the gas installer to have a city inspection made before turning gas on, with a fine for non-compliance probable, for both;

—Okayed the amending of an ordinance which now reads to the effect that street openings and repairs are to be done by the city but paid for by the property owner involved;

—Referred to its finance chairman for "negotiation" a bill presented by the Fulton Hospital covering injuries suffered by an inebriated prisoner who fell from cell bunk, broke his leg and was under treatment some 90 days presumably at City expense;

—Passed over a request by a downtown poolroom-bet-r-hall operator for lessening the annual \$400 license now charged these establishments only;

—Agreed with suggestion that meters be added on Lake Street extension, and requested formation of ordinance covering same, to be passed at next meeting;

—Agreed with suggestion that about 200 feet on the Orpheum Theatre side of Mears Street extending in from Fourth be declared a "loading and unloading zone, 6:00 a.m. to 6:00 p.m.," with parking prohibited, and requested ordinance covering same, to be passed at next meeting;

Before adjourning, Council agreed to meet jointly with South Fulton Council Thursday (last) night to discuss a sewage disposal plant.
