Here's the Pitch!

By Dick Strub

Jo's Notebook at the bottom of Page One.

With the conclusion of the third week-end of play, Fulton and Pilot Oak are the leading teams in the 1956 Purchase League. Each has won two of its three games.

Pilot Oak's lone loss came against Fulton 8 to 5 and the local club dropped its first game Sunday as Fancy Farm took advantage of nine errors and other glaring fielding and base-running mistakes to win an 11 to 0 game. Fulton got only four hits, two by Ron McAllister, in the debacle. Fancy Farm had nine safeties. A big seven-run explosion in the 8th inning wrapped up the game for the winners. Rick Coleman took the loss, his first after two wins.

The line score:  
Fulton, 000 000 000 - 0 4 9  
Fancy Farm 200 101 07x - 11 9 3  
Meanwhile, Pilot Oak, on the strength of a single, by Dee Yates and Joe Warren's double in the 12th inning, won a thrilling 3 to 2 game from tough Wingo. Both teams had nine hits. Warren, with four, and Yates, with three, accounted for seven of Pilot Oak's safeties. Sam Mullins had two for Wingo. Robert Moore was the winner and Sherrill Tucker the loser.  
The line score:  
Pilot Oak 200 000 000 001 - 3 9 0  
Wingo 002 000 000 000 - 2 9 1  
Fulton battles Sedalia here this coming Sunday with the game starting at 2:30.

Major League notes:  
With all the dealing Frank Lane of the Cardinals has been doing lately (nine players for nine last week), it's a wonder he hasn't swapped Busch Stadium for some other park... the Ebbets Field "bandbox" with its inviting left field would be a good bet... but Lane, as far as can be seen as of now, seems to have the better trading touch... one of the best he has pulled seems to be the switch with the Redlegs... what in the world is Cincinnati going to do with Alex Grammas when they have Roy McMillan as short?... and Joe Franier will be of help only occasionally, what with Gus Bell, Frank Robinson, and Wally Pate in the outfield... and Chuck Harnan will be of some help to the Cards.

Speaking of Cincinnati, if they keep up their homer production, they'll clout over 300 four-basers this year... the record is 221 by the 1947 Giants... this corner's picks as the surprise teams of the season thus far: the Pirates and Orioles... who could believe they'd be out of the cellar at this juncture in the season?... when some of the "old men" of the Dodgers, Cards, Giants, and Braves slip one or two seasons from now... watch out for the Bucs!... they haven't won a pennant since 1927... only one other team, the White Sox (1919) have had a longer pennant drought.

The pitchers with best chances for 20-win seasons: Whitey Ford, Bob Lemon, Early Wynn, Herb Score, Bob Friend, Frank Sullivan... that's our opinion... might not be shared by many others... oh, yes... left out one guy... a fellow named Roberts... he'd take 20 even if the Phillies lost 100 games.

Cleveland, with Lemon's masterful hurling, Scores strikeouts (15 in one game so far), Vic Wertz' comeback, and the fans booing Al Rosen when he got spiked has had its share of publicity thus far... now the Tigers don't like their Municipal Stadium bullpen accommodations... guess we're not the only people who are wondering how in the dickens that mechanical calculating machine picked Detroit for the pennant... it's not hard to see the Dodgers... but the Tigers haven't been a ball of fire, to say the least... they need pitching and Al Kaline hitting... Ted Williams said "one man can't carry a ball club"... but his Red Sox surely have slogged around without him after rolling through three straight games at the start of the season as Ted was hitting .800.

When Billy Joe Forrest was playing with Waterloo during the latter part of the 1954 season, the shortstop he had replaced was in a hospital bed... but that fellow was with Memphis the next season and this year is at the top... his name: Luis Aparicio.

## Phone Employees Get Wage Increase

Agreement was reached Saturday night on a new contract between the Southern Bell Telephone Company and the communications workers of America affecting about 55,000 non-supervisory employees in nine southern states.

### Tone-Ettes To Have Concert On May 31st

The "Tone-Ettes," a sister musical team, will present a spring concert at the Salem Methodist Church in Hickman County on Thursday evening, May 31, beginning at 7:30 o'clock.

The popular performers, Mrs. Brownie Burkett and Janice Walker, are widely known in this section, having entertained frequently during the past several years.

Their program at Salem, with Mrs. Burkett at the vibraphone and Miss Walker at the Hammond organ, will consist of classics, semi-classics, hymns, and old favorites.

Mr. and Mrs. Connie Adams from Atlanta, Ga. are visiting her parents, Mr. and Mrs. Doran Colley.

on May 20. It is for one year but will extend beyond this initial period unless terminated by 60-day notice by either party. Frank M. Malone, personnel vice president of Southern Bell said the pay increases are in line with the upward wage movement which extensive surveys show has occurred in southeastern cities and towns.

"The increases are necessary to fulfill our basic wage policy. That is to keep the pay of Southern Bell employees in favorable comparison with wage levels prevailing in the communities where they work and live."

Mr. Malone said the wage increases and the other changes in the contract will add approximately \$9,000,000 a year to the cost of providing telephone service in the company's nine state area. In Kentucky the added cost will amount to \$665,000.

## RICE WAIRE LOSES CONTROL OF CAR; HITS HEAVY TRUCK

Car Overturns On Lake Street Causing Damage

Rice Charles Waire, 39-year-old South Fulton Negro, suffered cuts and lacerations to his right elbow, wrist, and hand at 10:40 Wednesday morning, when he lost control of his car, hit a truck, and wrecked the automobile.

Waire was driving north on Lake Street extended when he hit a Murray Wholesale Grocery truck which was making a delivery to the Haddad Grocery and was parked by the side of the road.

The right side of Waire's 1941 black Chevrolet was smashed as he rammed into the left rear corner of the truck. The car turned over on its left side, lying almost at a perpendicular to the road. A Hainline wrecker towed the car away after it had all but interrupted traffic on the street.

Robert A. Futrell, driver of the truck, said he had the vehicle in low or double low gear at the time of the accident. The impact knocked the truck about five feet forward.

## Senator Clements To Speak At Rally In Fulton Saturday

Senator Earle C. Clements will speak in all sections of Kentucky when he resumes his campaign for re-election to the United States Senate May 29.

He interrupted his campaign last Wednesday to return to Washington to vote on a bill concerning rural electrification and aid in the fight for a new farm bill.

Saturday he will make a Tri City and on into Mayfield, whirlwind tour of the Purchase Members of the motorcade counties of the First District. Smith's Rose Roof and friends of the Senator are invited to join him there.

A total of more than 1800 votes is expected to be cast in the primaries Tuesday when Fulton County voters go to the polls to select nominees for Congress and the Senate. The total expected is less than half the number cast in the gubernatorial election last August when Happy Chandler defeated Judge Bert C. Combs. Combs however, carried Fulton County.

There is keen interest in the race to determine Chandler's vote-getting potentialities on his own, or whether he can inject his influence for his hand-picked candidate, Joe Bates, remains to be seen. Governor Chandler has made several speeches in Mr. Bates' behalf but his speeches have lacked the fire and enthusiasm that he is able to put in his own campaign. (Continued on page six)

## CLEMENTS BILL TO NAME BARKLEY DAM PASSES CONGRESS

Clements-Barkley Urged Construction Of Cumberland Dam

The resolution, introduced by Senator Clements on May 7 to honor the late Senator Alben W. Barkley, was steered through the Senate last Wednesday.

In his remarks to the Senate Clements said that "no engineering structure is capable of symbolizing the greatness of the man, Alben W. Barkley. But we can honor his life in a modest manner by having this dam and reservoir bear his name."

Earlier this year, Senator Barkley and Senator Clements had jointly urged a construction start on the dam now to be known as Barkley dam.

## Startled Relatives Find Bonds, Cash Hidden On Farm

About \$12,000 in bonds and \$8,000 in cash was discovered in the home and adjoining area of the Jim K. Johnson farm north-east of Dukedom Thursday by startled members of the family.

Mr. Johnson, who is 75 and has been a patient at Western State Hospital in Hopkinsville three times previously, was readmitted there shortly after his son, Sewell Johnson of Detroit, and son-in-law, Joe Works, of Dukedom discovered the money.

It is reported that he had been acting strangely of late and had pleaded that he had no money. His family became suspicious and obtained a court order committing him to the institution

again. His wife, who attempted suicide by hanging about a week ago, is currently in the Hopkinsville hospital.

Money was found in a large bucket in an outhouse, under rocks and other coverings, and in the house. The bonds had matured. He had previously had accounts in banks in several different cities in this area. The money is presently under his account at the Liberty National Bank in Mayfield.

The money, upon discovery, was turned over to Graves County Judge Vernon Easley. Judge Easley has stated that Works will be the administrator of the Johnson affairs.

"O Promise Me" In May, But I'll forget "I Do" In June

## Nobody Gets Nuthin' til June, Pappy Tells Batesy

(Ed's Note... This is a true story, but any similarity to actual persons living or dead is purely coincidental.)

Once upon a time, in a little old Kentucky town around where the bluegrass grows, there lived a lonely, sawed-off, pot-bellied, disgruntled, disheveled and disowned fellow who was the father of a great big family. At one time he had so many children and so many friends that he just plumb didn't know what to do with them. He had all this love and affection around him because he had lots of big jobs and plenty of influence.

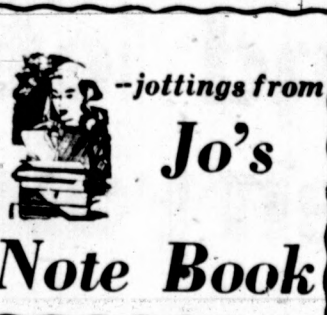

And so for a long time everybody lived happily over Pappy. But one day this sawed-off, pot-bellied, blow-hard of a patriarch found that his bag of tricks got empty, his lies weren't as convincing and he got kicked out of the biggest job he ever had, and he was thrust into a valley of loneliness, all of his friends gone, and most of his children deserted him.

Three of his children, especially three of his daughters, left him on a high and dry ground and it could never be known whether the father was heart-broken or not. He kinda knew that if he ever got back on his

feet those "devoted" daughters would come running back, because the father knew in his heart, that they weren't really, ever-loving daughters... they just wanted to bleed their poor ole pappy for what he was worth. In his pore ole heart the pappy knew that if they ever came back, he'd love 'em a little bit for a while, then he would vice versa.

The three daughters were Harriet Lena, Josephine Learyful (of her daddy) and Josephus Batesy.

The years went on and the sawed-off, pot-bellied, blow-hard of a daddy stayed out of the big time, by request of everybody who knew him because they found that he just couldn't be trusted and oh, he had so little regard for his daughters, just kicked around from one little love-nest to another, but nobody ever really offered them honorable proposals. One daughter, Harriet Lena especially, started to go steady with a feller, but it was just down-right disgraceful what that feller did to her. Just as they were about to go to the altar, this feller just ups and kicks Harriet Lena in the seat of her pantaloons and leaves her right at — at the — altar. Weren't that arful? (More to

Jo's Note Book

this story.)

Anyhow the sawed-off, pot-bellied, blow-hard of a patriarch looked around one day and says to himself: "I just believe I'll see if I can pack my bag of lies and tricks again and go see what's going around this here now state." So he leaves his little ole bluegrass home and he starts slapping people on the back, grinning like a possum, and made a deal with the moon to give everybody a big chunk of it... for free... and do you know people believed him?

It looked as how the people were taking to his lie-telling again so the sawed-off, pot-bellied, blow-hard of a patriarch decided he'd just run for Governor. And you know what? His Pappy got himself on the heap again and figured to hell with

who had been looking for sugar daddies, turned up again. Harriet Lena just hugged her pore ole pappy and said: "Pappy even though that feller left me at the altar and now he's yore fren I'll go steady with him again if only you'll take me to yore busom and take me home again." But you know ole Pappy knew his daughter had been saying some awful things about him all those years... but Pappy just figured maybe having her around will make him respected in some places, but he'll vice versa with her when the time comes.

As far as the other two daughters there are some other stories. Josephine Learyful (of her daddy) did all right on her own. She was always the smart one and when her pitiful, ole, no-account pappy needed her help she figured well, so what, "I'll just lend him my brains for awhile, but in four years he'd better lend me his smile, because I wanna be governor." So Josephine joins Pappy and you know what happened.

But the saddest story of all was about Josephus Batesy. Pore ole Josephus, he had no personality, no no-how, no-nothing. Some people thought she had a hair-lip in her brain. But after lip, don't you go around and act like you know what it's all (continued on page seven)

the people, he looks around and sees pore ole Josephus Batesy and his parental duty gnaws at his innards, but a light goes on in his brain. Thought Pappy: "I can keep my eye on them right sharp, 'cause they look like they got some ideas to gut their pore pappy, but Josephus, pore ole Josephus, I can't keep her around here, I'll just see if I can get her out of my sight so people won't know what she's doing, and what the heck I need an office-girl in Washington." So Pappy gets his bag of lies and tricks and starts talking. But like a good pappy who's got an old-maid on his hands he's got to offer a right healthy dowry.

Pappy's loaded with dowry. He's got State jobs, he's got a highway department, he's got a bunch of clerks who have forked over two per cent of their pay, even after Pappy said he'd take nary a dime of their hard-earned cash. But he tells Josephus to keep quiet. Says Pappy: "You just shut up Josephus Batesy, like I told the farmers to do, quit meddling in my business, just like I told the farmers, I'm yo pappy, I got the dowry and you got the hair-lip, don't you go around and act like you know what it's all (continued on page seven)

Tractors have been rolling day and night the last few days. Farmers are taking advantage of favorable conditions to get ready for planting. Some are working in relays in order to finish the job fast. While we are busy in this fast work racing with the season, let's take time to be careful. Don't take chances that may cost you a full year's work. When you say that

you do not have time to work the careful way, just think, do you have time to lay around in the shade with a broken bone or two. Yes, we are making fast work of this farming operation these days so by the same token work faster to a safety schedule for yourself and family.

**55,000 Farm Families Go In 1955**

According to an Agricultural Department survey, there were approximately 55,000 tenants and Sharecroppers that moved from southern farms last year. This removal is due to the southern cotton allotments being cut. In other areas the decrease is due to a year or two of making no profit. Small farmers are finding it more difficult every year to compete with the larger more mechanized units. This will not, however, run the small farmer out of business if he watches his production costs and tries to market his products

when prices are at their peak.

**FULTON COUNTY'S AVERAGE INCOME IS \$1,148 FAMILY**

**Highest County Income Is Noted In Louisville Area**

Fulton County's per capita income in 1954 has been placed at \$1,148 by the University of Kentucky economists who have just completed a new study on personal income in Kentucky.

Kentucky's slow but persistent climb from its lowly position among the states entitled "Personal Income in Kentucky Counties: 1954."

The steady progress being made by Kentucky is reflected in various phases of the UK work, prepared under the direction of Dr. John L. Johnson, acting director of the UK Bureau of Business Research.

"One of the most important

trends of Kentucky income in the gradual decrease, percentage-wise, of the difference between per capita incomes in Kentucky and the nation," Dr. Johnson said.

According to the study, Jefferson County ranked first in per capita income in 1954 with a figure of \$2,039. Placing second and third were Kenton and Fayette Counties with \$1,729 and \$1,680 respectively. In only nine other counties was per capita income greater than for the state as a whole.

# Diary of Doin's

—Around Fulton—

The News writes social happenings about you and your friends (Listen To Airwave Diary: Thursday, 9:45 A. M., Over WFUL)

Sometimes, 'midst the hustle and bustle of this thing we call life, we pause -- and wonder what it would be like to have one whole delicious day -- all to ourselves. A day to sit in the blessed sun and read a good book. A time when one could close the whole world, and its problems, completely out of our minds.

But, as memory serves us, we remember having tried just this -- but again the outside world entered our haven when almost faster than the eye could follow a hummingbird darted here and there in his busy, buzzing flight. And a mockingbird sat atop the television aerial twittering, trilling, singing as if to proclaim that nothing man-made could ever approximate his God given gift.

So -- we close our thoughts and tell ourselves that prevailing notions flow hot and cold like prevailing winds -- and we settle down again to this busy life.

AND SPEAKING OF BUSY PEOPLE--

Each year, during the end of school activities, we think of the added load that each teacher carries in order to finish the school year. And we think of the busy music teachers and of their pupils who spend hours of practice in preparation for their recitals. We'd like to mention -- as well as to give much credit to some of these people.

A young fellow, Jerry Coates, whose career we have watched with much interest, is making quite a name for himself in the music circles at UTMB at Martin. Jerry participated in a Student Recital presented by the Music Department last Thursday night. He sang two such lovely songs, "Serenade" (Schubert) and "I Love Thee" (Grieg). Jerry's mother, Mrs. Thomas Coates, and his sister, Glenda, of South Fulton attended his recital.

Marion Blackstone, talented young pianist, is much in demand these days in music circles. Marion appeared on a program in Hickman Friday afternoon. The occasion was the annual flower show given by the Garden Department of the Hickman Woman's Club and Marion was given a special invitation to play the piano solo with which she won the district contest at the Women's Club Federation Music Festival at Paducah recently. She played Chopin's "Polonaise in B Flat" and for her encore she chose the lovely "Waltz in G Flat" by Chopin. The Hickman club presented her with a beautiful bracelet in appreciation for her efforts. Marion was accompanied to Hickman by her mother and dad, Mary Lou and Billie Blackstone.

LaNell Roman (Mrs. A. R.) presented her music pupils in a delightful recital Monday evening at 8 o'clock. The piano

pupils who appeared on the program were Patricia Legg, Peggy Downey, Vava French, Brent Burrow, Camille Roman, Jo Margaret Powell, John Burrow, Johnny Pharis and Barbara Peoples.

Elaine Butler, a state pupil, also appeared on the program.

Robbie Lee (Mrs. James L.) Carter presented her pupils in an enjoyable recital Tuesday evening at 8 o'clock at the Woman's Club. Her program consisted of vocal and piano selections. About 23 pupils participated.

Our congratulations are in order to the 1956 winner of the Junior Woman's Club college scholarship -- Sue Palmer, who is the daughter of James and Catherine Gibbs Palmer of Rt. 5. Sue, who was just 18 last month, was recently voted as the most popular girl in the senior class at South Fulton. She has been active in many varied extra-curricular activities such as the girls' basketball team, cheer leader, football queen during her junior year, and one of the leads in the senior play. Sue was selected as Gifforian at her Class Day program. She is a member of Tau Phi Lambda and the South Fulton Glee Club.

Sue has been active for many years in church and youth activities at Walnut Grove Methodist Church. She plans to enter UTMB at Martin in September where her sister, Diane, is a student. Our best wishes go out to such a deserving young lady!

Another person who certainly deserves much recognition is Bobby (Robert H.) Dezonon of Memphis. Bobby is director of public relations and alumni director for Memphis State College. He will take a year's leave in September to work on a doctor's degree at the University of

## Social Importance Attached To Engagement Of Miss Nancy Wilson And Mr. William Fossett

Foretelling a wedding of unusual social importance in Kentucky is the announcement made today by Mr. and Mrs. Homer Cyril Wilson of Fulton of the engagement and approaching marriage of their daughter Nancy to Mr. William Lane Fossett of Falmouth, Kentucky.

Miss Wilson is the granddaughter of Mrs. William Tyler Samons and the late Mr. Samons, pioneer residents of Fulton County and of Mrs. Edward Wilson of Nashville and the late Mr. Wilson of Golden Pond, Kentucky. She graduated from Fulton High School and from the University of Kentucky with a Bachelor of Science degree in Home Economics. At present she is a graduate student at the University of Kentucky.

She is a member of the Chi Omega sorority. Mr. Fossett is the son of Mrs. Carl F. Stith of Falmouth and the late Mr. Edward Dudley Fossett. He is the grandson of Mr. and Mrs. Joshua Waldron of Titusville, Florida and the late Mr. and Mrs. J. E. Fossett, also of Falmouth.

He is a graduate of Falmouth High School and attended the University of Kentucky where he was a member of Kappa Sigma Fraternity. Mr. Fossett entered the Armed Forces in February and is stationed at Fort Carson, Colorado.

A summer wedding wedding is planned.

Illinois at Urbana.

Bobby will study on a \$2,000 graduate assistantship granted him through competitive examination. He will work in the field of college administration

and student personnel.

Bobby was born in Fulton and is the son of Harry Fields and Monette Barber Dezonon. He is married to the former Katherine Hodgson and they have two little daughters. His grand-

mothers, Mrs. Bess Dezonon and Mrs. Leonard Barber both live in Fulton.

Here and There -- Ruby and Maxwell McDade are the proud parents this week. They will leave Fulton Friday for Lyndon, Ky. where they will attend the graduation exercises of their son, Max, at Kentucky Military Institute on Saturday and Sunday. Amy and Herbie Hunt of Fort Knox will join them there.

Mary Jo and Ples Fields of Hickman will also go up for the exercises. They will be accompanied by Ann Powers and Linda Hale. The Fields' son, Robert, is a student at K. M. I. Al Bushart will leave Fulton on Saturday for Lyndon. He will drive up in Max's car and the two boys will come back to Fulton together. (Your Diarist knows that Max will be happy to be "under the wheel" of his own car, once more.) Our congratulations to you, Max, for a splendid year's work at K. M. I.

Ann Linton and Bill Robertson of Central City, both students at Murray State, spent the week-end with her parents, Ruth and Clifton Linton on Cedar Street. The Lintons returned to Murray with them Sunday evening and attended a Mother-Father-Daughter Banquet given by Alpha Sigma Alpha Sorority.

Among other parents from Fulton attending were Martha Roberts and Mr. and Mrs. Jim Dawes.

Jewel McClain returned home Sunday from an interesting trip. Jewel, who is District Manager of the Supreme Forest Woodmen Circle, attended three dis-see state rally of Tau Phi Lambda Sorority. She will leave on Thursday for Chattanooga to attend a Woodmen Circle dinner party.

Mary Davis Weeks, a student at the University of Kentucky at Lexington was home last week-end for a visit with her parents, Elsie and Louis Weeks on Third Street.

Cissy (Wayne) Splane and children, Doug, Paul and Becky of Humboldt are in Fulton visiting in the Trevor Wayne home on Third Street. Mary Virginia (Wayne) Bonekemper and children, Bill and Julie of Cincinnati arrived Sunday for a visit. They were accompanied by Mrs. Irma Morris of Frank-

Mr. and Mrs. Brown Thacker and Rev. and Mrs. Oakley Woodside left Sunday morning for a two-week's visit in Florida.

It never matters how far Ful-

tonians go away from home -- if they are anywhere near each other -- they always get together. This happened in Philadelphia last week-end. As you remember, Dr. Joe and Marilyn Davis and little daughter, Susan, are living there while the doctor serves his internship at Philadelphia General Hospital -- the young Davises learned that Don Wright was a patient in the U. S. Naval Hospital there. They immediately called Don and as soon as he was able to leave the hospital, they had him out to their house to spend the week-end. On Sunday they drove out to Valley Forge and other historical places and had a good old fashioned Kentucky picnic. Dr. Joe and Don really got "caught up" on all of the

Last October the attendance in the Music Department of the Woman's Club had become a distressing situation. Not because everyone didn't love the club -- but everyone became lax in their duty as a member. Maybe (we told ourselves) we could blame our laxness on television, radio, movies or ball games, but whatever the cause -- something HAD to be done -- to stimulate interest in order to make our Music Department one that we could be proud of.

Many felt a deep loyalty to those who, over forty years ago had felt the dire need for a music club in Fulton and had organized one, and we knew that it was our duty as members to preserve this heritage, so we set about to do just this.

Under the splendid leadership of our new president, Jo (Mrs. Hugh) Pigue, we started a membership and attendance drive. The group was divided into 2 teams with Dola Bard and Kathryn Bennett as co-captains for one group and Mary Nelle Wright and Mary Latta heading the last group.

At each monthly meeting the names of new members were submitted and the attendance chart counted. Members and captains worked diligently all through the club year. And at the April meeting the scores were tallied and the Wright-Latta teams were the winners.

So -- Monday night was the big pay-off when the losers had a DELICIOUS pot-luck supper in the beautiful, flower laden back yard at Jo and Hugh (Continued on page nine)

## West Kentucky Beware If Joe Bates Is Elected

Joe Bates, a candidate for the United States Senate against Earle C. Clements hasn't made many political speeches in his behalf. Most of the talking in this campaign has been done by Mr. Bates' chief sponsors Happy Chandler and Harry Lee Waterfield.

It has come to out attention, however, that Mr. Bates is still in the race, and has one all-important issue that he wants to settle at the polls on May 29. Mr. Bates is much interested in having a man from Eastern Kentucky serve in the United States Senate so that he can break "the long control Western Kentucky has exerted over Senate representation in Kentucky."

From a letter Mr. Bates wrote to Mr. Duran Moore, in Prestonburg, Kentucky we gather that the East Kentucky candidate resented the influence of the late Alben W. Barkley; he's irritated at the influence Mr. Willie Foster of Mayfield wields in the present State Administration; he is sick of the favors that have been granted to West Kentucky, the Gibraltar of Democracy. If Mr. Bates is elected he intends to do something about West Kentucky, and it is our guess that he will forget all about us.

We print herewith, verbatim, the letter Mr. Bates wrote to Mr. Moore and we'd like for you to judge for yourself if Mr. Bates intends to work for all of Kentucky, even if Happy Chandler gives him some little crumb of influence.

Here's the letter:

**JOE B. BATES**  
for UNITED STATES SENATOR  
State Campaign Headquarters  
Southern Hotel, Frankfort, Ky.  
Telephone 4-6616

March 20, 1956  
Mr. Duran Moore  
Prestonsburg, Kentucky  
Dear Duran,

I am your candidate for United States Senator. I think it is time now for the mountains of Eastern Kentucky to have a Senator from our end of the state. This is the first time we have had the opportunity to have one of our own mountain boys achieve this honor. I know that you as a friend of mine will be anxious to help me gain this end.

It will be a great pleasure and honor to me to be able to represent you in the Senate of the United States and to look after your needs and problems with which only one of your own people can be familiar. It will please me greatly to have your active support in our race and to have help in BREAKING THE LONG CONTROL WESTERN KENTUCKY HAS EXERTED OVER SENATE REPRESENTATION IN KENTUCKY.

With this letter comes warm good wishes. I look forward to seeing you in the near future. I hope for your active support.

Cordially yours,  
Joe B. Bates

Ed's Note:

P. S.: Mr. Bates, who supported Happy Chandler last summer in exchange for Chandler's support this year, didn't think so much of "our mountain boys" getting honor, when he lambasted Bert Combs in the Governor's race. Mr. Combs, a mountain-boy, insisted on telling the truth in last summer's campaign. Combs is still in the mountains with the great honor of having fought an honest, if a losing campaign.

## Industry Leaving State And Kentucky Citizens Face More Taxes When Treasury Feels Loss

Once Kentucky loses its distilling industry it will never come back.

The increased production tax saddled on the industry by the General Assembly becomes effective May 18. It may be the beginning of the end of the distilling industry in Kentucky.

With the whiskey industry supporting 9,000 people in Nelson County and 1,100 people directly employed in it, we shudder to think what our economic future will be without it. Distillery employees out of work and business dull is anything but a rosy picture.

If the industry is driven from the state the Chandler Administration will have to take the blame. The bill levying the additional tax need never have become law in the first place. It seems rather foolish to act, then ask for advice. And that is what happened in the case of the additional whiskey tax measure. After it had been passed and signed into law by the Governor, he asked for a study of the situation by his fiscal experts, Finance Commissioner Dr. Martin and Revenue Commissioner Luckett. Their findings were to the effect that the additional tax would be harmful to an already over-burdened industry, and they recommended taking it off. But the special tax session ended recently with the tax still on.

Governor Chandler may have ex-

pected to get the whiskey tax increase repealed through political maneuvering at the special tax session. But his political expediency should have warned him that an emotional question, such as "wet" and "dry," is always dangerous. No doubt, he was trying to use the promise of repeal of the tax to club legislators from whiskey-producing counties into line to vote for his full tax program. But the situation got out of hand and that ended it.

Loss of the industry eventually will be felt by every person living in Kentucky. The tremendous amount of taxes going into the state treasury from the distilling industry now would have to be met some other way. About one-fifth of the State's general fund revenue comes from tax on legal whiskey manufacture. Its loss would certainly add to the individual's tax burden. The new State income tax increase will hit hard enough.

For the benefit of all Kentuckians, it is hoped that Governor Chandler will call another special session and make every effort to repeal this increase in whiskey production tax. Surely this Administration does not want the responsibility of driving the industry from the State and distillery workers from their jobs.

## SERMONETTE OF THE WEEK

### "Where Is Daddy Now?"

The Meaning of Memorial Day, 1956  
THE WOMAN and the little boy stood on the edge of the grass, looking down at the small piece of marble. "Killed in action, Korea, 1951," it read.

Suddenly the boy let go of the woman's hand. "Mommy, where is Daddy now?" he asked, a puzzled frown wrinkling his upturned face.

The woman smiled at him for a moment, realizing her little boy was asking this man-sized question for the first time. "Why, Daddy is in heaven with God, Johnny, or at least he soon will be. All good men go home to God when they die," she answered and smiled again, as she watched him.

Jack Foy is back in town, and hard at work getting his tourist court in operating order out in Highlands. Had a nice visit with Jack last week and from what I can gather, he has plans. Jack's little 12-unit layout may be outstripped by bigger courts, but it still retains one distinction... it's the first and oldest here.

Ray Hunter has leased the swanky new restaurant of the Park Terrace Motel on the Martin Highway and will be open for business by the time you are reading this, he tells us. In the meantime, Ray will continue to run his famous bar-b-q stand on State Line too.

Our young news editor of The News and Station WFUL, Dick Strub, will be leaving us after next week, to the regret of all concerned. Dick had planned to leave in early September and

complete his studies toward a degree in Journalism, and now finds that he has to go to summer school right away to complete some entrance requirements that are needed for fall registration. While we hate to see him go after such a short, it pleasant stay, we encouraged it: a young fellow has only ONE opportunity to get a college education, and he had better get it while he can.

Don't forget that next Tuesday evening (election day) both the News office and Radio Station WFUL will provide you up-to-the minute results of the tabulations in Fulton and Hickman Counties, as they are counted direct from the court-houses. WFUL, of course, will keep its FM on the air during the evening. Come down to the News office and watch the tabulation board, and join the crowd.

## New Three-Fuel System Announced By Standard Oil

Savings for the American motorist are possible through a three-grade system of marketing gasoline, W. G. Violette, president Standard Oil Company (Kentucky), declared here, and Standard Oil will introduce such a system on June 15.

According to Mr. Violette, automobile compression ratios have increased so much in recent years that even existing premium gasolines do not satisfy many of the new cars on the road.

Therefore, Standard Oil will market three brands of gasoline—regular, premium and a new, still higher quality of motor fuel at a third service-station pump for the present and future

# You Can Tell A Housewife From A Homemaker In Brownsville Club

By Mrs. Bonnie Williams  
(Ninth in a Series)

Goodness is never lost — no matter who performs it or where — your name may not live in history books, but influence can live in the memories of your family, your friends and your community. . . . This we think of as we view back some 19 years ago, when in 1939, along with Mrs. Catherine Thompson, Home Demonstration Agent, the Brownsville Homemakers club was born.

The first meeting of the club, the day it was organized, was held at David's Chapel Baptist Church in the Brownsville community. Afterward the meetings were held in the different homes. As the year books are filled out each year, the dates and place of meetings are selected for the following year, each member having the privilege of selecting the month she would like to be hostess.

Some of the charter members, along with those who joined within the first three years are as follows: Mrs. Bob Watson, Mrs. Sallie Cotton, Mrs. Brady James, Mrs. Will Young, Mrs. Ben Barnett, Mrs. Mary Barnett, Mrs. Judge Jones, Mrs. Ed Young, Mrs. Werter Conner, Mrs. J. A. McCarty, Mrs. Guy Barnett, Mrs. Lewis Lankford, Mrs. Pearl Matthews, Mrs. Bonner Williams, Mrs. Ruby Conner, Mrs. Willie Andrews, Mrs. Clearance Young, Mrs. Pearl Thomas, Mrs. Cecil Barnett, Miss Pearl Williams and Miss Leona Barnett. Of this number, Miss Pearl Williams, Mrs. Will Young and Mrs. Ben Barnett are deceased.

Some of the later members

were Mrs. Everett Griffin, Mrs. Joe Myatt, Mrs. Hoyt Bennett, Mrs. Cunningham, Mrs. Joe Parker, Mrs. Jessie Williams, Mrs. Cecil Caldwell, Mrs. Gertie Swann, Mrs. John Barnett, Mrs. Alfred Graves, Mrs. Clara Watson, Mrs. Ann Freeman and Mrs. J. L. Decker. Of this number some have moved away, some few have dropped out.

In these past 19 years the club has accomplished quite a few community projects. One was when the club took over the job of cleaning and beautifying of the Brownsville Cemetery, which was overgrown with weeds and bushes, and made it truly a place of beauty. Another project was in helping to obtain playground equipment for the Graves School yard. It was through the club that the David's Chapel Church grounds were landscaped. They have

been active in rat sanitation, health, and cancer campaigns.

The club has "taken home" its lessons on practically every topic that has been offered. As you enter each home you can tell immediately which housewife is a homemaker. As you see the rooms well balanced, furniture arranged properly, kitchen arranged for time and step saving, curtains are correct and drapery appropriately matched with the furniture, there is no doubt that here lives a homemaker. You will see lamp shades, trays, furniture slipcovered, tools, pictures, desk arrangements, throw rugs, both hooked and braided, all sorts of baskets, planters made of brass, table mats, waste baskets, and no end of results of lessons given by able leaders. There have been lots of lessons on cooking, planning meals, home

management, doing simple electrical jobs and others too numerous to mention. One feat accomplished was by Mrs. Rodney Jones making a full room-size plaited rug.

It can be said that truly the "Brownsville Homemakers Club" has made its mark in the homes and lives of all people connected with it. Today the club is very active with some 16 active members, with the officers as follows: President, Mrs. Pearl Thomas; Vice President, Mrs. Guy Barnett; Secretary and Treasurer, Mrs. Everett Griffin; Recreation, Mrs. Joe Myatt; Publicity, Mrs. Bonner Williams.

The Leaders are: Home Management, Mrs. Joe Myatt and Mrs. Everett Griffin; Landscape, Mrs. Bob Watson; Crafts, Mrs. Myatt and Mrs. Griffin; Clothing, Mrs. J. L. Decker; Foods,

Mrs. J. A. McCarty; Home Furnishings, Mrs. Guy Barnett; Citizenship, Miss Leona Barnett and Reading, Mrs. Lewis Lankford.

In our reading lessons over the years we have traveled through foreign countries and our own country and our state of Kentucky.

This brings our club fairly up-to-date with the hope that there will be a Homemakers Club as long as there is a Brownsville community.

## AREA MOTORISTS CAN JOIN SAFE DRIVERS LEAGUE

Motorists in Fulton are urged to enroll in the nationwide "Safe Drivers' League" in support of President Eisenhower's Committee for Traffic Safety to reduce highway accidents.

Drivers can join the League by signing a pledge to drive carefully and safely at all times. Each motorist will receive a safety reflector shield identifying him as a member of the League, and a booklet, "How to Drive and Stay Alive."

The League is being sponsored by the B. F. Goodrich Company and its retailers throughout the nation in an effort to emphasize the need for more careful driving as a means of cutting down traffic accidents.

"Last year, 40,000 persons were killed in motor vehicle accidents. This was an increase of 2,300 over 1954's traffic fatalities, and more than the total number of Americans killed in the Korean War. This year, unless something is done to curtail accidents, even more Americans will lose their lives on the highways."

The Safe Drivers' League is designed to remind drivers continuously that highway safety is each motorist's responsibility.

Each signed pledge will be forwarded to the Safe Drivers' League national headquarters in Washington, D. C. for presentation to the President's highway safety committee. The pledges are available at Charles Scates B. F. Goodrich Store.

Membership in the Safe Drivers' League is entirely free and voluntary. "The only obligation on the part of any Safe Drivers' League member is to drive safely at all times."

## LETTERS TO THE EDITOR

Dear Editor:

Many of us have felt a pang of regret when we found ourselves unable to spare funds to help a worthy cause.

Yet there is one cause—the cause of needy children and their families—to which we can give real assistance without having to go any further than our clothes closets. Thousands of youngsters in our own United States and overseas are desperately in need of good, used clothing. Possessing little more than a few tattered garments, many boys and girls are unable

even to attend school. The Save the Children Federation, of which I have the honor to be a National Sponsor and a Board Member, is appealing for clean wearable clothing to help needy children and adults. Your readers can render a wonderful service by sending such clothing to:

Save the Children Federation, Dept. N, Ault Road and Rutledge Pike, Knoxville, Tennessee

The cool autumn and bitter winter months may seem a long way off. But by sending clothing now, your readers can be sure that coats, shoes, jackets and dresses will be available to provide warm protection for needy boys and girls when bad weather sets in.

Sincerely yours  
Faith Baldwin

## World's most popular POWER STEERING?

Buick ROADMASTER 6-Passenger 4-Door Riviera

## Right this way!

EVERY YEAR, more and more new cars are equipped with Power Steering. Many a man has bought it "for the wife"—then wondered how he ever got along without it.

And if you have in mind a new car with Power Steering consider this fact:

Since the beginning of last year, Buick has sold far more new cars equipped with Power Steering\* than any other car—over 20,000 more in 1955 alone.

That's the record—and the reasons for it are just as impressive.

Buick brings you In-Line Safety Power Steering. In addition to the one-finger ease of turning common to all such systems in varying degree, it has several distinct advantages.

It gives you surer, steadier, safer control at highway speeds—because it retains that good natural "feel" of the road.

On the other hand, it gives you more power assist when you need it most—at crawl speeds and at full stop. Here, Buick's Power Steering makes wheel turning nearly twice as easy as other types of systems.

Add another plus: this Buick feature works through the new Buick front end—where a unique new geometry and steering linkage bring a sweet new response and a wonderfully easy handling and a surer "sense of direction" even to new Buicks not equipped with the power system.

So there you are—and here we are, waiting to prove it all to you.

HON. ELWOOD GORDON

Democratic Voters of the Seventeen Counties of Western Kentucky, comprising the First Congressional District, Tuesday, May 29, is primary election day.

Either Elwood Gordon of Benton or Noble J. Gregory of Mayfield will be nominated at U. S. Representative. The one nominated will be unopposed in the final election. If Elwood Gordon is nominated, we in the First District will have a young, energetic, honest, qualified, sober and discreet representative of all the people. If you return Noble J. Gregory you may expect the same type of "do nothing for the people" Gregoryism that you have had for the last 20 years. Mr. Gregory's failure to associate with the people of the District prevents his knowing what the legislative needs of the people are, and his lack of education and the ability prevents his getting anything done for the people. Mr. Gregory worked for a Mayfield banker when he went to Congress and in the 20 years that he has been there he has not changed bosses, just pay masters. The people of the District are paying Noble Gregory \$25,000 per year and he is working against them instead of for them.

Mr. Gregory voted himself a pension but voted against pensions and bonus for Veterans. Mr. Gregory voted to take excess profits tax off Corporations, but he has helped double the individual's income tax since he has been in Congress. He has spent his time trading inside information, on tax legislation, to company executives for inside information on their company's dividend intentions and as a result has become immensely rich trading on the stock market.

Mr. Gregory has introduced only one bill in the 20 years that he has been in Congress and consequently has no record to run on. He must run on the demerits of his opponent, if they have any, and if they don't, he and his high-paid professional falseifiers will pretend they have. Noble Gregory, through his hatchet men, are slinging the same old 1941 political mud at Elwood Gordon that they did in the race between these two men for this same office eight years ago. The people then who knew Elwood Gordon best voted for Elwood Gordon. The people who knew Noble Gregory best voted for Elwood Gordon. Birmingham Precinct of Marshall County where Elwood Gordon's grandfather lived, where Elwood Gordon's father was born and raised and where Elwood Gordon played and grew up as a boy, gave Elwood Gordon every vote that was cast except one. In Lowes Precinct in Noble Gregory's home county, Elwood Gordon got two votes to Noble Gregory's one. Noble Gregory and his henchmen have become

desperate. They are grabbing at a straw. They know that the people if and when they are fully informed will vote for Elwood Gordon over Gregory by ten to one.

Farmers, even though next Tuesday is the busiest day in the year, go to your polling place and cast your vote for a farmer. Vote for Elwood Gordon, vote against Noble J. Gregory as he has consistently voted against you for the last 20 years in Congress.

Laborers, even though you have to miss some time from work on next Tuesday, go to the polls and cast your vote for Elwood Gordon, a Union Pipefitter and vote against Noble J. Gregory who has voted against the working man in Congress 8 out of 9 times since 1947.

People who believe in education for yourself or for your children and who are qualified to vote, go to the polls on next Tuesday and cast your vote for a man who thought enough of education to work his way through college on the janitor's force and who finished law school. Cast your vote for Elwood Gordon for U. S. Representative. Vote against Noble J. Gregory, who didn't think enough of educational training to go to college even though he had a brother in the U. S. Congress and one of the best colleges in the country in the adjoining county.

Democratic voters, don't let anything stop you from going to vote for Elwood Gordon on next Tuesday. Mr. Gordon is a life-long Democrat, who believes in the principles of the Democratic Party. Vote against Noble J. Gregory of Mayfield, who is a Democrat in name only. Noble Gregory, in Congress, has consistently voted with the Reactionary Moss Back Faction of the Republican Party and against the Democratic leadership. Mr. Gregory voted against the Democratic leadership in Congress when Alben W. Barkley, one of the greatest Democrats of all times, was majority leader of the United States Senate.

Voters, don't be misled by minute campaign propaganda. Noble Gregory has been in Congress almost twenty years and if his record would bear inspection and warrant approval, he would be running on it.

Vote next Tuesday for Elwood Gordon and let's break up the Mayfield Political Machine that has had a strangle hold upon the people of the First Congressional District for the last 30 years. If Elwood Gordon does not make a good Congressman, we will change him at the end of his two year term.

See and hear Elwood Gordon on KFVS TV, Channel 12, Cape Girardeau, Friday, May 25, at 5:30 to 5:45 p. m. Standard Time. (Paid Political Adv.)

One day Josephus made a speech. She was supposed to talk a long time about herself, but Pappy takes the microphone and talks six times longer than Josephus. So Josephus wakes up the next morning and realizes her pappy ain't so popular no more and Josephus goes to her pappy's battlefield and says: "Don't shoot me please, folks, if you just make me what my pappy wants me to be, I'll leave him high and dry." But the folks

on the battlefield looked at that pore ole lady private and they say: "Go back home to yore pappy, girlie, you know you ain't fittin' to be in this man's Army."

So Josephus tells pappy, start lieing again pappy, nobody loves me, but you and Harriet Lena. And Josephus knows Harriet Lena don't care nuthin' neither

Pappy is still slinging the dowry around, but he ain't so loving as he was when he first started. He's got an axe in his hand and if Josephus don't get

married on May 29 he's gonna take all that dowry back and say: "You don't want my hair-lip daughter, I don't give you no dowry."

Pappy's keeping his dowry until June. Nobody gets ruther till June, which you know is the month of brides, but Pappy set the wedding date for May 29, and he's stuck with all the invitations out. But you know Pappy, after the wedding he'll say, I didn't issue those invitations, what you folks talking about. Yea, that's Pappy.

And so nobody's living happily with Pappy. Harriet Lena is expecting, Josephine Learyful (of her daddy) is making hay while the sun shines and Josephus Batesy just don't know if any of the kin-folks are going to the wedding. Poor Josephus Batesy.

### MISS PATSY KILLEBREW WEDS JAMES BUTTS AT CHURCH OF CHRIST

In a lovely wedding ceremony performed Sunday afternoon, May 20, at 4:30 o'clock at the Central Church of Christ in Fulton, Miss Patsy Killebrew became the bride of James Butts. The bride is the daughter of Mr. and Mrs. William Killebrew of Fulton, and the groom is the son of Mrs. Emma Butts and the late Talmage Butts of Fulton.

The impressive double-ring ceremony was performed by Bro. Don Kester of Murray, former minister of the church before the altar which was beautifully decorated with symmetrical arrangements of white gladiolus and mock orange.

Pre-nuptial music was rendered by Miss Margarite Cashon of Fulton. She sang "At Dawning" before the ceremony and "The Lord's Prayer" as the benediction.

Miss Killebrew, who was given in marriage by her father, was lovely in a beautiful broad-caded white taffeta, ankle-length gown. She carried a white prayer book, topped with a lovely bridal bouquet of feathered carnations and tiny bluish pink roses.

Miss Betty Faye Peeples of Fulton, the bride's only attendant, was attired in light blue printed polished cotton. Virgil Covington of Fulton served the groom as best man. Ushers were Jerry Counce and Max Harris of Fulton.

For her daughter's wedding, Mrs. Killebrew wore a navy blue linen sheath, with white accessories. Her corsage was of white carnations.

The groom's mother, Mrs. Butts, wore a grey spring print of silk shantung. She wore a corsage of white carnations. Immediately following the ceremony, Mr. and Mrs. Butts left on an unannounced wedding trip.

For traveling, Mrs. Butts wore a brown linen sheath dress, with green accessories, and the

### 1. Incumbent, Noble Gregory

of Graves County — — — — with a record!

### 2. Elwood Gordon

of Marshall County — — — — with a record!

MR. GREGORY is well known to us, and his record is known. He invites inspection of his record both in private and public life

MR. GORDON, TOO, HAS A RECORD . . . a portion of which we call to your attention. The record below is in the office of the Marshall County (Ky.) Circuit Court Clerk and is easily available. The book and page dates are given below:

COMMONWEALTH ORDER BOOK 2 PAGE 203, MARSHALL CIRCUIT COURT, returned by the grand jury on October 28, 1940.

2. No. 1137 against Elwood Gordon for failure as County Court Clerk to collect usage tax on motor vehicle. Released on \$200 bail.
3. No. 1138 against Elwood Gordon for making an illegal charge as a public officer. Released on \$200 bail.

COMMONWEALTH ORDER BOOK 2, PAGE 215, MARSHALL CIRCUIT COURT, returned by grand jury on March 27, 1941.

1. No. 1160 against Elwood Gordon for feloniously misappropriating funds belonging to the Commonwealth of Kentucky. Released on \$500 bail.

#### DISPOSITION OF ABOVE

- No. 1136, trial on March 26, 1941, "Not Guilty" by jury.  
No. 1137, 1138, and 1139 dismissed on motion of Commonwealth.  
No. 1140, trial on March 27, 1941, found "Guilty" by jury.  
No. 1141, trial on March 27, 1941, found "Guilty" by jury.  
No. 1160, charge reduced to taking property without felonious intent, defendant entered plea of "Guilty". June 24, 1941.

#### TAXES

Mr. Gordon has expressed considerable interest in the lowering of individual income taxes. Evidently he took it on himself to do this without permission of the Federal Government for on July 8, 1948, in the Record of Encumbrance Book 2, Page 223, Marshall County Court Clerk's office, a lien was filed by the Bureau of Internal Revenue on his property for failure to pay income taxes in excess of \$18,000.

## These Are Plain, Cold Facts

The records are public records. On comparison of these records we should decide who can best represent us in Congress and who can best secure the confidence and cooperation of other congressmen in matters of vital interest to the First District.

## OUT ON A LIMB

By Searcy McCulloch

Of Joe Watson was hunting ducks the other day. When he finally shot one, he told his dog, "Rover, bring me that duck!" And Rover walked out on top of the water and carried it back.

Joe was embarrassed! But he tried it again and again. And the same thing happened. Next day, Joe took his pal Zeke hunting. When he shot a duck, he said, "Rover, bring me that duck!" And Rover walked out on top of the water and carried it back.

Zeke, Joe gasped, "Did you notice anything strange?" Zeke thought for a moment. "Now that you mention it, I did," he said. "That crazy dog of yours can't swim worth a darn!"

These days, a lot of hunting takes place—especially in the West—on tree farms, with the full approval of the tree-farm owners. Whenever possible, they let hunters use their lawns, and in some cases even provide cabins for the hunters' use. In return, they ask the sportsmen to be careful not to damage any property, and be "specially careful with fire and matches."

One good thing 'bout tree farming is, you can harvest your trees in any season—and when you have the time and labor available. Most fellers mark the trees they plan to cut with a blaze mark or paint. I use paint myself—it's easier to see. I like white paint, but yellow and blue are good colors, too. And I always like to know where I'm going to sell my trees beforehand, and have a written agreement if possible, 'cause that often saves mistakes in court.

Fellers who have only a few trees usually use a crosscut saw and an axe. Fellers with more trees generally use a power saw. In cutting a tree, I always start out with a nothing cut, on the side facing the direction I want the tree to fall. 'Course, I can only influence the direction to a certain extent. If a tree is leaning north, it generally won't fall south. Not unless you use a wedge or rope, the way a tree surgeon does.

Well, I could go on like this all night, but I don't want to bore you. I guess you've heard what Alexander Woolcott once told a bore, after listening to the feller for a solid hour. "Excuse me," he said, "my leg has gone to sleep. Do you mind if I join it?" So long. See you next week!

## IT HAPPENED IN KENTUCKY

### 1775—FIRST MARKED ROAD IN KENTUCKY

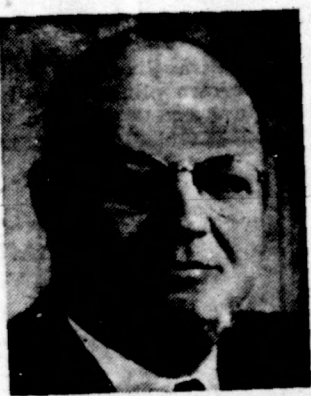

The Transylvania Land Company made a treaty with the Cherokee Indians which gave the white settlers possession of all lands south of the Ohio River, north of the Cumberland River, and west of the Appalachian Range. Daniel Boone and thirty companions were then sent into Kentucky to blaze the trail for the Company. This road was called the Wilderness Trail.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of beer under orderly conditions is an important objective of the United States Brewers Foundation. Our continuing educational program helps beer retailers maintain their high standards.

## LET'S CONTINUE KENTUCKY'S LEADERSHIP IN THE UNITED STATES SENATE

Earle C. Clements is a man who is—and always has been—deeply interested in and responsive to all Kentuckians. His life is dedicated to you, the people.

Today Earle C. Clements is applying to all Kentuckians for high position—that of being re-elected as U.S. Senator. He knows the problems ahead. He realizes that constant, untiring effort is needed to serve the interests of Kentuckians. He is fully aware of his grave responsibilities.

Now it is up to YOU, the people, to decide if this man has the experience, the appreciation of Kentucky's needs, the character and the national standing to best serve you.

Selection of men for position of high responsibility should be left only to the PEOPLE for decision. Therefore, the qualifications of Earle C. Clements are briefly presented here so that you may study the record.

## The Qualifications of EARLE C. CLEMENTS • APPLICANT

Years of broad experience—Earle Clements has served the people of Kentucky on every government level: LOCAL... as sheriff, county clerk and county judge of Union County. STATE... as State Senator and Governor. FEDERAL... as U.S. Representative and U.S. Senator.

### HE UNDERSTANDS AGRICULTURAL PROBLEMS

Earle Clements has been close to the farmer and his problems all his life. The farmer does not have a truer or more helpful friend. Earle Clements is the leading spokesman for the tobacco grower in the U.S. Senate. It was he who led the successful fight to restore the 15 per cent tobacco acreage cut ordered by Secretary Benson.

### HE WORKS FOR EDUCATION

During his term as Governor, the Common School Fund was increased 56.6 per cent, and the Equalization Fund was raised 119.9 per cent. As U.S. Senator, he is the sponsor of bills to provide federal funds for school construction and to raise teachers' salaries.

### HE FIGHTS FOR GOOD ROADS

Earle Clements started his fight for good roads as county judge, and continued it as Governor and Senator. He started Kentucky's expanded rural roads program. As Senator, he is pushing increased federal aid for state roads and city projects as well as for the interstate system of highways.

### HE LOOKS OUT FOR LABOR

Men and women who work for a living have a real friend in Earle Clements. Both in Congress and as Governor, he has opposed punitive legislation against labor. His record has won official endorsement.

### HE KNOWS THE IMPORTANCE OF WELFARE AND SOCIAL SECURITY BENEFITS

These programs have a strong supporter in Earle Clements. While he was Governor, vast improvements were made for child welfare, mental health, state institutions. Old age pensions were raised 59 per cent.

### HE CONSTANTLY PROMOTES KENTUCKY'S DEVELOPMENT

He has provided important leadership for the economic development of our state. The Agriculture and Industrial Development Board was created and the state's tourist promotion and Park Development program were started while he was Governor. Kentucky needs him in the Senate to help advance its economic welfare.

### HE'S A LEADER IN CONSERVATION AND FLOOD CONTROL

Kentucky made great advances in soil conservation, flood control, forestry, pollution abatement and wildlife conservation under Earle Clements as Governor. As U.S. Senator, he has been effective in getting flood control and water development projects for our state, and was, with the late Senator Barkley, the sponsor of new legislation to develop the small watersheds.

### HE HAS HELPED DEVELOP ELECTRICAL POWER FOR KENTUCKY

Earle Clements believes Kentucky needs more electric power to promote industry and serve rural and city people. As Governor, he developed friendly working relationships between public and private power groups. In Congress and as Governor, he has always been a consistent supporter of REA.

THERE IS THE RECORD. YOU DECIDE IF YOU WANT AS YOUR SENATOR A MAN WHO GETS THINGS DONE—AGGRESSIVELY, QUIETLY, SUCCESSFULLY AND WITHOUT BROKEN PROMISES. CONSIDER SERIOUSLY A MAN WHO IS FOR THE PEOPLE.

Many telephone "troubles" never happen, thanks to John M. Doss, Jr. John's a test deskman for Southern Bell. With the help of intricate electronic equipment in the central office which can spot trouble miles away, he tests telephone lines to make sure they stay in good working order. Often he finds causes for trouble on a line and has them corrected, even before your service is affected. Keep 'em talking, is John's motto.

And John's not by himself. He and some 65,000 other trained Southern Bell people in all kinds of jobs — linemen, cable splicers, operators — are working to give you good telephone service, 24 hours a day.

# THINK!

## ... When You Vote On May 29th WILL YOU VOTE FOR

# A RECORD OR A RACKET

## Here's A Record..

### AGRICULTURAL PROBLEMS

Earle Clements has been close to the farmers and his problems all his life. The farmer does not have a truer or more helpful friend.

### EDUCATION

During his term as Governor, the Common School Fund was increased 56.6 per cent, and the Equalization Fund was raised 119.9 per cent.

### GOOD ROADS

Earle Clements started his fight for good roads as county judge, and continued it as Governor and Senator. He started Kentucky's expanded rural roads program.

### LABOR

His record has won official endorsement.

### WELFARE AND SOCIAL SECURITY

While he was Governor, vast improvements were made for child welfare, mental health, state institutions. Old age pensions were raised 59 per cent.

### KENTUCKY'S DEVELOPMENT

The Agriculture and Industrial Development Board was created and the state's tourist promotion and Park Development program were started while he was Governor. Kentucky needs him in the Senate to help advance its economic welfare.

### CONSERVATION AND FLOOD CONTROL

As U. S. Senator, he has been effective in getting flood control and water development project for our state, and was, with the late Senator Barkley, the sponsor of new legislation to develop the small watersheds.

### THE AXE —

The near-at-hand primary put a stop to one thing-losing off of official heads by Chandler. General firing of key men who have in some way provoked the ire of the governor came to a halt until after May 29.

But observers say trouble will break loose then, that Happy has some notches already carved but is waiting for election day to pass before notifying the victims.

### THE HAMMER —

Also, a \$75,000-a-year payment by TVA to the schools of McCracken County hangs in the balance. Chandler's legislature could snatch the payment away at the end of two years and school people are afraid that Chandler will do just this unless they make a big showing for Bates.

### THE SICKLE —

State employees are being threatened with loss of their jobs if they do not attend political rallies for Joe Bates; their salaries have been assessed to finance the Bates campaign when Happy righteously promised last year he'd never do it; politics have invaded the draft boards, the library service, the welfare department, the Youth Authority, the State Parks, the personnel department . . . everywhere! Like a dictator this Governor of ours now wants to expand his political empire and run the office of the United States Senate. Joe Bates Is Just A BAIT.

### TO THE PLOW FOR THE FARMERS —

Surely farmers haven't forgotten that in January of this year Mr. Bates' chief sponsor, Happy Chandler told the farmers who called on him for a good-will visit: "Go home and tend to your business and quit meddling in other people's affairs."

## HOW LONG SHALL WE PERMIT RACKETS TO TAKE OVER RECORDS

## Happy Chandler Is Using Joe (for) Baits

Promises of State jobs, road projects, civic improvements by the State Highway Department, political support, by the State Administration, contracts for supplies used by the State, are just a few of the promises being made by the State Administration to support Joe Bates for the Senate. Does this man have anything to say for himself or his platform, if so, what is it? Unless a United States Senator is a figure-head the promises remain Chandler's promises . . . and what are they worth? NOTHING!
