## Tax Lists Being Taken Says Johnson

James L. Johnson, tax commissioner, announced today that his office is now taking property lists for the 1953 tax year. The legal dates for assessment of all types of property except money in hand, is from January 1 to March 1, but he said the state Department of Revenue has granted the month of December to Tax Commissioners that they might devote more time to each individual assessment. The Calloway office opens each year on December 1.

The regulations concerning tax assessments are the same as last year except in a few minor cases. The one big exception is the lack of notice to taxpayers who have been increased due to buying a later model auto than listed the previous year. The 1953 regulations deem a license certificate for an auto as prima facie evidence that the ownership is valid and the taxpayer will not be notified as has been done in the last three years. All license receipts will be checked and those not listing will be listed by the tax commissioner or his deputy.

Johnson said this morning that real estate would be listed at the same ratio as last year. He urged all new home owners to be sure that their property is listed for taxes to avoid penalties for omission. He said that omitted property penalties had practically been wiped out in the past two years and that there was no reason for the penalties being inflicted if every taxpayer would list his property with the tax office. Calloway county's exonerations for 1952, due to omissions and clerical errors, were among the lowest in the state.

All home owners who have bought homes under FHA or GI loans are reminded that the lending agency does not list the property for taxes even though they pay the tax bill. All loan properties not listed by the owner are arbitrarily assessed by the tax commissioner and are deemed omitted and penalized.

## Baptists Set Aside Large Sum For Use By Missionaries

LOUISVILLE, Dec. 4 (UP)—The executive board of the General Association of Baptist in Kentucky has set aside \$364,650 out of a \$1,600,000 budget for 1953 to be used as salaries for Baptist missionaries and field workers in the state.

The executive board has also chosen a new assistant chairman, the Rev. Harold Tallant of Madisonville, and an assistant secretary, the Rev. W. C. Kruehewitz, of Elizabethtown, was re-elected secretary.

The board has appropriated \$144,000 for mortgage loans on three hospitals; \$53,375 dollars for a ministers' retirement fund and a widow's annuity; and \$77,855 for administration and promotion.

Dr. W. R. Pettigrew, who is pastor of the Walnut Baptist Church in Louisville, has been re-elected chairman of the board and the Rev. V. C. Kruehewitz, of Elizabethtown, was re-elected secretary.

## Circuit Court Clerk Charged With Embezzling Money

Mayville, Dec. 4 (UP)—A former Mason circuit court clerk, Charles Huron, is free on five thousand dollars bond after his trial on a charge of embezzling state funds, the second of three charges against him, resulted in a hung jury yesterday.

He had been accused of embezzling \$6,402 from the State Division of Game and Fish from funds he collected in the sale of fishing and hunting licenses.

The 36-year old defendant, who is the father of six children, told the jury he did not take the money and does not know where it went.

The September Mason circuit court convicted Huron for taking about five thousand dollars from the state on the sale of automobile licenses and he was sentenced to three years in prison. However, he has appealed the conviction to the Court of Appeals to be free on bond.

The charge which resulted in a hung jury yesterday is expected to be heard again in the spring. He still faces a third charge of embezzling funds from the state from processing fees received for recording deeds and licenses.

## Calloway Will Participate In Aircraft Exercise

FRANKFORT, Ky. — Calloway county will participate in a test aircraft spotting exercise, Sunday, Dec. 14, according to Adjutant General Jesse L. Lindsay, Kentucky Civil Defense head.

Ground Observer posts located in this county and their superiors, Clyde Scarborough and Kirksey M. D. Rogers.

The drill, the first in West Kentucky, will be conducted from the Nashville Air Defense Filter and will be held simultaneously in Marshall, Livingston, McCracken, Ballard, Carlisle, Calloway, Hickman, Graves and Fulton counties.

Twelve planes of the Kentucky Civil Air Patrol, Louisville, will fly over the nine-county area. The observers will report all planes spotted to Nashville and the results of the program will be announced from that office.

Gen. Lindsay announced that additional volunteers are urgently needed in the Ground Observer Corps and residents in this area are asked to contact their county supervisors.

BUY CHRISTMAS SEALS

The One Little Candle—The symbol of the Christmas Seal reminds you that as the candle glows in your Christmas Seals—it is time to mail your contribution to aid the fight against Tuberculosis. Don't let the candle go out in 1953 without your being a part of the prevention and control of this dreadful disease. How far this little candle throws its beam depends on you. Friends, let's all join the fight. Let's smother that killer with paper bullets—buy Christmas Seals. Buy them and use them. Help stamp out Tuberculosis in our County. Don't forget that best buy—Christmas Seals.

## Judge Bryan Finds Union In Contempt

PADUCAH, Dec. 4 (UP)—Judge Holland Bryan, at Paducah, has found Local 181 of the International Union of Operating Engineers and an international representative of the union guilty of contempt of court and ordered the representative and officials of the union to appear in his court January 5.

Between now and January 5, the international representative Arthur Watkins of Henderson, will be given the opportunity to purge himself of the contempt convictions.

He must produce union records sought previously in a court order and, if he fails to do this, will be put in jail until the records are produced.

As far as the union is concerned the limit Judge Bryan could fine it is \$30. He has announced he intends to place the union under a jury trial next month where heavier punishment could be handed out.

The contempt charge came in connection with a \$3250,000 suit filed by a rival Kentucky union group which broke away from Local 181, which has its offices in Evansville, Indiana, and accused Local 181 officials of discriminating against Kentucky members of the union.

Bryan was obviously disturbed today when about one thousand members of the AF of L union appeared in a body after leaving their job at the Paducah atomic project, to protest the contempt charge.

Bryan said he had been informed that members of the union had filed an injunction at Evansville preventing officials of the union from taking union records to Paducah in answer to Bryan's court order.

The judge said today, and we quote, "it is unthinkable that an organization will rule with an iron hand over a sizable portion of a community, then jump back across a state line to avoid the laws of the community."

## L. H. Pogue Will Conclude Preaching At Union Grove

Elder L. H. Pogue will conclude his preaching period at the Union Grove Church of Christ on Sunday, Dec. 7, at 11 a. m. and 7 p. m. He has been the minister of the church there for the past year. He has also been their regular preacher for many years in the past.

The minister and his family, who have always made their home at Penny, will leave about December 17 for Henderson where Bro. Pogue will be working with the Church of Christ in that city. He will conduct his first service there December 21.

deals made fantastic profits of over three-thousand percent on their original investments. They put up a total of \$101,000 to finance the deals; three years later they had cleaned up three and a quarter million dollars.

And that's without considering the vast sums of money profited by middle-men who got into the deal, or those in whose hands the vessels finally ended.

The cast of characters included: Joseph E. Casey, former United States Representative from Massachusetts, who thought up the tanker deal idea.

## Bitter Fight Continues On Icy Slopes

By United Press  
South Korean troops on Pinpoint Hill are playing nine-pins with hand grenades in a grim game of deadly.

Three desperate attacks on the height have been beaten off after the ROK soldiers got the knack of rolling hand-grenades down the icy slopes into the Communist ranks.

The Red attackers were slowed down by ice and snow on the hillside, but they made three separate attacks on Pinpoint Hill after losing it some 24 hours earlier. It was the 18th time the key height on Sniper—had been retaken by the allied troops since October 14.

The South Korean defenders of the hill-top had a lot of support from low-flying fighter-bombers which flew 142 sorties against the Communists.

Elsewhere, allied fighter-bombers ranged high over the snow-covered battlefield all up and down the lines. And B-29 superforts from Okinawa and Japan smashed hard at Communist troop concentrations and supply areas deep in enemy territory.

The B. F. Goodrich Chemical Company announced this week that it will accept applications for employment at the new \$5,000,000 vinyl plastic monomer plant at Calvert City beginning December 8.

The plant is in the final stages of construction and is expected to begin production operations in January.

According to R. W. Edwards, manager of Industrial Relations for the Calvert City plant, actual hiring will start late in December. Boiler plant operators, water plant operators, clerks and other office personnel will be the first required. However, applications for maintenance and production jobs are also being taken for employment in January.

Applications may be secured at the employment office at the plant site, beginning December 8.

## Christmas Exhibit, Club House Ready For Public Inspection

Mrs. Ollie Brown and her committee of workers of the Garden Department of the Murray Women's Club are completing arrangements for the "The Old Fashion Christmas Exhibit" to be shown Friday and Saturday at the club house.

The exhibit will be shown between the hours of four to 9:30 p. m. on Friday and two to 9:30 p. m. on Saturday. These exhibits are being shown free to the public and no special offering will be taken to defray expenses for the special event.

The committee said the Christmas exhibit takes the place of the Christmas decorating contest which has been carried out each year for the past few years. The ladies feel that they can contribute to the public by suggesting different Christmas arrangements for their homes; and in this way they can show their appreciation of the cooperation which the city and county people, especially the merchants, have contributed in helping to make the Christmas decorating contest a great success each year.

Members of the department are preparing the arrangements with the exceptions of some children's arrangements and commercial displays by the Murray Florists. Special interests will be for the

Murray State Wins Opening Game Of Basketball Season

Murray Thoroughbreds won over Evansville in the opener of the season by a score of 80-79.

Murray trailed by one point at the end of the first quarter, and at the halftime, the score was knotted 40-40. The score was tied 61-61 again at the end of the third quarter.

In the final stanza Murray led most of the way, but the score was tied 76-76 with about one minute to go. A goal by Koenigsmark and two free throws by Crittenden put Murray ahead again. It was a close game all the way as Evansville tried hard to catch up.

Crittenden and Floyd turned in a fine game for Murray as did Beshear who fouled out in the third quarter.

## Ruling Is Declined On Wrestling

FRANKFORT, Ky. (UP)—The  
attorney general's office has de-  
clined to rule whether wrestling  
matches are "fixed" athletic events.  
Assistant attorney general John  
B. Browning explained that the  
office must decline to make any  
broad assumption of facts con-  
cerning professional wrestling.

Browning's letter went to John  
McGill, sports editor of the Ash-  
land Daily Independent, at Ash-  
land.

McGill had asked Browning the  
following question: "Assuming that  
pro matches are not actually con-  
tested and the result and divi-  
sion of prize money are controlled  
by a few men in Kentucky per-  
mitted to place bets on such matches  
as contests or matches, or as it  
permitted to report decisions re-  
sulted in such events?"

Browning replied that there is  
no law which would prohibit  
such a practice in professional wrestling  
matches or reports of decisions  
resulted in such events. And the  
attorney general added  
that he would not go along with Mc-  
Gill's suggestion of such matches.

A pair of standout ends have  
been added to the roster of stars  
appearing in the Shrine All-Star  
football game in Miami on Christ-  
mas night. Ernie Stockert of  
UCLA has joined the North team  
and Earl Wayne Martin of TCU  
has been added to the South squad.

Two year olds take the spot  
light at Bowie, Maryland, today  
with the mile and one sixteen.  
Bowie Breeders' Stake carded as  
the feature attraction. "Devils  
Verse" and "Becky's Shirt" are  
the topweights at 120 pounds each.

The closest balloting since before  
World War II has produced a 1952  
United Press All American foot-  
ball team with players represent-  
ing 10 schools.

There are four players from the  
South, three from the Midwest,  
two from the Pacific Coast and  
one each from the East and South-  
west. The team was chosen by 209  
sports broadcasters and writers  
with the material he has got at  
least until they advance two more  
years, then look out First Region.

Game time is set for 7:30 with  
no 7 team game on card. A com-  
plete Murray High schedule as yet  
hasn't been released.

Other basketball action for Fri-  
day nights includes four county  
contests. Probably the biggest ton-  
sle of the night will take place  
at Lynn Grove where Almo will  
play the Wildcats. Lynn Grove is  
undefeated so far this season in  
six games. New Concord, the only  
other undefeated 14-0 team in  
the county will play host to  
Hazel, a team they defeated badly

## TIME IN BY Joe Wilson

The Cochran Story:  
Remember Frank Cochran that  
starred for Delta State two years  
ago against our Thoroughbreds?  
Well now there's another Cochran  
that seems to be fitting in his  
shoes. This particular cogger is  
Jimmy Cochran, guard for Haz-  
el. Cochran is a freshman for the  
Lions this year and is seeing first  
string action.

It wasn't too long ago when  
Frank Cochran piloted the Hazel  
outfit to district honors and regional  
honors for himself. Jimmy will  
no doubt be ready for this type  
of action when he advances to  
his junior or senior year in high  
school.

Frank is now head basketball  
coach at Meridian, Miss., Junior  
College, where he is expected to  
turn out one of the best records  
this year since basketball started  
at the junior college. After the  
Delta star graduated he coached  
high school basketball and foot-  
ball for one year. At this job he  
turned out one of the best football  
records ever posted in the school,  
speaking not of basketball.

It wouldn't be a bad idea to  
keep this Cochran kid in mind.

Meets Frankfort:

Ty Holland will open the cur-  
tains on his Tigers this weekend  
when his club meets Frankfort.  
Holland is a senior and has had  
no High Since Murray High had no  
Thanksgiving Day football game  
this year the Tigers have cabaged  
on to a couple weeks more cage  
practice. A pre-season look at the  
Tigers reveals a fair season ahead.  
There are more youngsters on  
this year's club than normally a  
coach would like. However, I'm  
sure Ty will have to be satisfied  
with the material he has got at  
least until they advance two more  
years, then look out First Region.

Game time is set for 7:30 with  
no 7 team game on card. A com-  
plete Murray High schedule as yet  
hasn't been released.

Other basketball action for Fri-  
day nights includes four county  
contests. Probably the biggest ton-  
sle of the night will take place  
at Lynn Grove where Almo will  
play the Wildcats. Lynn Grove is  
undefeated so far this season in  
six games. New Concord, the only  
other undefeated 14-0 team in  
the county will play host to  
Hazel, a team they defeated badly

earlier this season. Murray Train-  
ing's Colts play host to Hardin  
Friday night at the Carr Health  
building. Kirksey and her Eagles  
will travel to Brewers to complete  
the county card for Friday night.

Both Lynn Grove and New Con-  
cord have a great chance of get-  
ting bids to the Paducah JCC  
Christmas Tournament at the  
Tilghman gym. This tourney is  
played during the Christmas vaca-  
tion with both Tilghman and St.  
Mary's playing hosts. The fast Col-  
loway county team to be present  
in the choice circle was Murray  
High back in 1950 when they fin-  
ished as runners-up.

## Pumpkins Are Sold

The first shipment of pump-  
kins from Butler county totaled  
more than 76 tons, said UK County  
Agent S. B. Kent. They were sold  
to a packing company for \$7 a ton  
by W. A. Johnson, Hanna Phelps,  
Oran Childers and O. M. Grubbs.

## Bennie Purcell With Generals

America's newest outstanding  
professional basketball team, the  
Washington (D.C.) Generals, will  
be on the doubleheader card at  
the Sportscenter Monday night,  
Dec. 8 when they take on the  
strong Boston Whirlwinds in the  
7:30 opener to the Harlem Globetrotters-Toldeo Mercurys tilt.

The Generals have succeeded  
the Washington Capitals as the rep-  
resentatives of the American cap-  
ital in top cage circles. The Gen-  
erals have been clicking strongly  
and Coach Louis (Red) Klotz,  
former Villanova ace and himself  
a pro player and coach of the  
first magnitude, believe they are  
on the way to becoming one of  
the finest teams in the history of  
the game.

With the Generals, besides Klotz  
as player-coach, are the sensational

Bennie Purcell of Murray (Ky.)  
State College; Bob Shippenburg  
(Pa.) State Teachers College; Jack  
Ray, East Central State College,  
Ada, Okla.; John O'Shea, Colo-  
rade A. M. Mike Magula, Youngs-  
town (O.) University; Joe Guth-  
rie, of the N. J. Knickerbockers,  
and Bill Carroll, a prep sensation  
from Atlantic City, N. J., who  
the Generals trained and signed  
the youngster after he had re-  
quested a tryout.

Added features will be provided  
by the Globetrotter management.  
Tickets are on sale in advance at  
Sportscenter and Wicks Drug  
Store 19 S. E. 4th, Evansville.

## Farm Facts FOR KENTUCKY FOLKS

by Wm. C. Johnstone AGRICULTURAL REPRESENTATIVE

KENTUCKY BANKERS ASSOCIATION

1953 Farm Outlook Facts—Economists are in general agreement that farm prices will tend to average less in 1953 than in 1952 and that costs of farm production will be higher. "The squeeze is on" and "good management will pay better than ever," are the expressions most heard. 1953 will be a good time to watch expenditures; to refrain from buying things not needed, either for the home or

the farm; to endeavor to produce cheaply; to increase yields and to study ways to save labor. Doing the right thing at the right time will pay dividends in '53.

**Tobacco Facts**—Because burley tobacco production has been from 75 to 100 million pounds more than the consumption during the past two years, acreage allotments will be reduced 10 percent in 1953.

## Social Calendar

**Thursday, December 4**  
The Wesleyan Circle of the WSCS of the First Methodist Church will have its Christmas party at the home of Mrs. Richard Sykes, Concord Road, at six-thirty o'clock for a covered dish dinner.

**Friday, December 5**  
The annual Christmas Bazaar sponsored by the CWF of the First Christian Church will be held Friday beginning at eight-thirty o'clock in the morning.

**Woodmen Circle**—Groves 126 and Lois Waterfield Junior Grove 9 will have a Christmas dinner and party at the Woman's Club House at six o'clock.

**The Woman's Missionary Society** of the Memorial Baptist Church will meet at the church at three o'clock.

**Professors David J. Gowan and Russell Terhune** will be presented by the faculty recital in the Rectory Hall of the Fine Arts building at eight-fifteen o'clock.

**The Garden Department** of the Murray Woman's Club will have its annual Christmas party from two-thirty to four o'clock at the club house.

**The Old Fashioned Christmas Exhibits** will be shown by the Garden Department of the Woman's Club at the club house from four to nine-thirty o'clock.

**The Woman's Missionary Society** of the Memorial Baptist Church will have a potluck supper at the church at five-thirty o'clock.

**The West Hazlet Homemakers Club** will meet with Mrs. Bob Moore at one o'clock.

**Saturday, December 6**  
"The Old Fashioned Christmas Exhibits" will be shown by the Garden Department of the Woman's Club at the club house from two to nine-thirty o'clock.

**Monday, December 8**  
The Mattie Bell Hays Circle of the WSCS of the First Methodist Church will meet at the Student Center at seven-thirty o'clock. Each member is asked to bring a gift for exchange and a toy for a child six to nine years old.

**Tuesday, December 9**  
The Murray Branch of the AAUW will hold its regular meeting at seven-thirty o'clock on the second floor of the college library. Masanobu Fujikawa Japanese student, will be the speaker. A reception will follow. The public is invited.

**Homemakers Clubs** will meet as follows: East Side with Mrs. Arlo Springer at ten o'clock; Pottery with Mrs. Clayburn McCauston at one-thirty o'clock; Paris Road with Mrs. Elmer Collins at ten o'clock.

Many tobacco men feel that large applications of nitrogen may be detrimental to the quality of tobacco. Very high rates of nitrogen delay ripening, produce tobacco too large to handle economically and increase the nicotine content, which is detrimental to its use in cigarettes.

**Fertilizer Facts**—In your efforts to reduce costs of production, you should not overlook the fact that the use of needed fertilizers tends to DECREASE rather than INCREASE the per unit cost of crop production. Fertilizers are still on the farm bargain counter. However, many farmers can use fertilizers more efficiently by fertilizing according to needs indicated by soil tests.

**Beef Cattle Facts**—Beef cattle producers "took a whipping" in '52 but that's no reason for quitting if you and your farm are suited to beef. 1953 will be a better year for beef, barring another drought. The big drop in price is past. Feeders are being bought at a much safer margin than last year. In the Kentucky Coward-Chaff plan the big factors are still the high quality of the bull, early freshening and good pastures.

**Forestry Facts**—Eleven and one-half million acres, or almost half classed as commercial forest land, of Kentucky's land area, are classed as commercial forest land. The proper use of forest lands offer one of the greatest opportunities for increasing rural income.

Kentuckians were temporarily shocked by the many forest fires in October and November, but did you know the people, themselves, cause about 99 percent of all forest fires? The three main causes are: Incendiarism—49.2 percent; brush burning—31.1 percent; and smokers—15.7 percent.

## FARM EVENTS OF STATEWIDE INTEREST

Bourbon Beef Show, Louisville, December 9-10.

Kentucky Green Pastures Program—Annual Meeting, Louisville, January 7.

Banker Forestry Meeting—South-eastern Kentucky Area, Hazard, January 21.

Kentucky Farm and Home Convention, Lexington, February 3-4.

## Grass Makes Beef

A. C. Arvin of Estill county produced 2,250 pounds of beef on five acres of orchard grass and ladino clover. Had rainfall been normal, UK County Agent Fred Brockman thinks the five acres would have made 3,000 pounds of beef. The soil was tested and 10 tons of limestone, 4,480 pounds of mixed fertilizer and 800 pounds of potash spread on the field.

### Mercer Homemakers Use Club Teaching

A check-up by Mercer county  
homemakers of the work done  
during the year indicates they  
made use of the ideas presented  
at their homemakers club.

In home management, they made  
of are making 78 up 100% and  
25 iron rests, 119 homemakers ar-  
ranged storage space for cleaning  
equipment, 55 had cleaning supply  
kits made, and 130 women cleaned  
house one room at a time.

In home furnishings, the home-  
makers painted or papered 271  
rooms, refinished 193 pieces of  
furniture, slipcovered 163 pieces,  
and bought or made 438 pairs of  
draperies.

In foods they canned 13,110  
quarts of fruits and vegetables,  
and stored 1,761 pounds. Forty-  
eight homemakers have home  
freezers.

Seven hundred and ninety-two  
baskets, 397 aluminum trays or  
coasters and 247 pairs of gloves  
were made, said Mrs. Martha J.  
Owens, University of Kentucky  
home demonstration agent.

### Demonstration Made In Growing Pickles

Production practices and soil  
treatments in a pickle demonstra-  
tion on the farm of W. B. Hack-  
worth of Simpson county met with  
such results that University of

Kentucky County Agent Woodrow  
Coots says they will be recom-  
mended to other growers next  
spring.

Following a soil test, the check  
plot area was treated with manure,  
muriate of potash and 4-12-8 fer-  
tilizer at the 500 lb. rate.

Five dustings showed an increase  
in yield of 5 percent over  
dusting. A side-dressing of 200  
pounds of calcium cyanamid in-  
creased the yield 9 percent. Plots  
which were "rowed" produced 9  
percent more than those where no  
rowing was done. Where picking

was done six times a week, there  
was a yield increase of 19 percent  
over four pickings a week.

The first tax-supported munici-  
pal hospital for the care of tu-  
berculosis patients was established  
in Cincinnati, Ohio, in 1897.
