**GOODBYE AND HELLO:** Jim Cullum, native Fultonian who began with A&P in Fulton 17 years ago and who returned in April 1952 to manage local super-market, says goodbye this week as he leaves for another step forward with Company in Memphis store. (Above) Monday evening farewell dinner at Derby finds Cullum (right) shaking hands with new local manager, J. C. King (left) as D. G. Whittaker, A&P District manager, Memphis, looks on. King comes to Fulton from Jackson, Tenn. where he was assistant manager; he has been with A&P 11 years.

Fulton will miss the James Cullum family. Sook, Jim and Kenny Cullum are being transferred to Memphis (a promotion for Jim) where Jim will manage one of the super-duper A and P Stores. Jim has been manager of the local store for several years and from our stand-point he has been a fine manager, and obviously the A and P folks think so too, for they are giving him a bigger store to manage.

The Cullum family has been a very worthwhile participant in the affairs of Fulton in many, many ways. They have taken a great part in the activities of the Methodist Church, of which they are members. Sook, and Jim have been main-stays of the Cub Scout movement in Fulton. Sook was a den mother for the Cubs while Kenny was a little Cub and when he "out-grew" that group he took the mother's duties in the Webelos den. Jim has served efficiently and well as a pack committeeman.

Jim has taken a very active interest in the civic affairs of Fulton and in the work of the Fulton Retail Merchants Association. When folks get so integrated in the affairs of the town, they're missed more than we can realize.

Probably most of all the Cullum family will be missed at the Fulton County Club, where all the Cullums are avid golfers. Little Kenny has been watching his mom and dad play golf for so long that it was as natural as breathing that he too, should take up the pastime of chasing that little white ball around. He's not long for the amateur ranks.

Sook and Jim and Kenny have been extended many farewell courtesies as a result of their departure to their new home. One of the very pleasant ones was a surprise party... and it was a complete surprise to them... at the Methodist Church when all the Cub Scouts and friends gave a pot luck supper for the Cullums. The three departing ones were most appreciative of the gesture as they were of the wonderful gift presented to them as a memento of their residence in Fulton.

A fond goodbye to you nice Cullums and do come back to Fulton to visit with us as often as you can. Fulton will always be "home" to the Cullum folks and that makes everybody happy.

And a big welcome to J. C. King who took over Jim's duties at the A and P store here. Mr. King comes from Jackson, Tenn. where he took over Jim's duties when Jim left there. We hope that the good A and P folks keep this new-comer here for a long time and that he too will become one of us... which I am sure he will... Fulton being the friendly place that it is.

I think that everybody in the Fulton area will enjoy owning a copy of Ouida Jewell's new book, "From my Scrapbook." I bought a copy

## PEGGY PEEPLES WINS HONOR

The "Betty Crocker Homemaker of Tomorrow" in South Fulton School is Peggy Peebles. The "Homemakers of Tomorrow" pin was awarded to her at the school assembly Friday by Mrs. Robert Thompson, Home Economics teacher. She received the highest score in a written examination on homemaking knowledge and attitudes, administered Dec. 4, to senior girls in the graduating class. Her examination paper will be entered in competition to name this state's candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runner-up award in the state. For her achievement, she will receive an award pin.

## FULL SPEED AHEAD

The Clinton garment manufacturing Company will resume full production in another two weeks, the management has announced. December layoff of the 300 employees was described as "normal" in the industry.

## JOHN B. STAYTON IN ANNOUNCEMENT FOR CIRCUIT CLERK

**WWII Veteran Is Qualified To Seek County Position**

John B. Stayton

## TO THE VOTERS OF FULTON COUNTY:

At this time, I would like to announce that I am a candidate for the office of Circuit Court Clerk of Fulton County, subject to the action of the Democratic primary, May 28, 1957. I have been a life long Democrat.

I joined the Army in 1939 and served almost 8 years, some of this time with our Army in France. And it was there that I was wounded. In the Army I performed administrative work and was awarded a superior rating for office work. I also took correspondence work and studied at the College of Mines in El Paso, Texas, taking courses in Electronics, book keeping and accounting, typing and other courses in business training. I took the examination for Circuit Court Clerk in June 1955 and passed it.

I am married to Helen Ruth Cruce of Cayce, the daughter of Roy and Della Cruce. We have three children, Michael age 14, Voncile, age 11 and Tommy, age 8. We moved to Cayce, Ky. upon my discharge from the Army, and have been engaged in farming and oper-

## ATTORNEY MCNEILL ANNOUNCES TODAY FOR COUNTY JUDGE

**Lawyer Says He Is Well Qualified To Handle Affairs**  
*Photo on Page Five*

## TO THE VOTERS OF FULTON COUNTY:

After interviewing and consulting many of the voters of Fulton County, I have decided to enter the race for County Judge, subject to the action of the Democratic Primary on Tuesday, May 28, 1957.

Being a graduate of the University of Kentucky Law School and with my experience both as an official and as an attorney having practiced law in every court of Kentucky and many other states, I feel I am well qualified to perform the duties of the office of County Judge.

There are many cases, both criminal and civil that are tried before the County Judge requiring legal knowledge, as well as the business problems, such as building and repairing of roads and bridges, that come before the Fiscal Court, for which your County Judge is more or less responsible. Every effort will also be made to keep the state commodities coming every month of the year and any other worthwhile service that can be

## Services Held For Miss Myrtle Burnette Friday, February 15

Miss Myrtle Burnette of Fulton, Route 4, died Wednesday, afternoon, February 13 at 4:15 at the Fulton Hospital, where she had been a patient for the past seven days. She was 75.

Miss Burnette was born Feb. 15, 1881 west of Fulton on the Burnette family homestead. She was the daughter of William P. and Lucy Naylor Burnette. She spent her entire life in the community where she was born. Since early childhood she had been a devoted member of the Union Cumberland Presbyterian Church, where in earlier years she was very active in all phases of church work. Her presence will be greatly missed.

Miss Burnette was educated in the local schools and later attended Bethel College McKenzie, Tenn. Since 1930 she has made her home with her brother, Cecil Burnette of Fulton, Route 4.

Services were held Friday afternoon, February 15, at 2, at the Union Cumberland Presbyterian Church. The Rev. Don Alexander, pastor, officiated. Burial was in the church cemetery, under direction of Paul Hornbeak Funeral Home.

She leaves two brothers, Cecil and Clyde Burnette of Fulton, Route 3; three sisters, Mrs. Daisy Bondurant of Cayce, Mrs. Willie Mae Inman of Ridgely, Tenn., and Mrs. Corinne Inman of Fulton, Route 8; eight nieces and nephews, 15 great-nieces and nephews.

## A. L. COX OPPOSES CLYDE CORUM IN SECOND DISTRICT

**Fulton Countian Seeks To Serve As Magistrate**

Mr. A. L. Cox is today making his formal announcement as a candidate for Magistrate of the 2nd District.

This is the first time that he has made the race for the office. He has been a resident of the 2nd District for the past eleven years.

His formal announcement follows:

To the people of the 2nd District of Fulton County:

I am today announcing my candidacy for the office of Magistrate of the 2nd District of Fulton County. This has been done after much thought and consideration.

I feel that I am qualified for

## J. C. BONDURANT SEEKS OFFICE OF COUNTY JUDGE

**Hickman's Mayor Offers Qualifications For Fiscal Court**

John C. Bondurant

Mayor John C. Bondurant of Hickman today announces his nomination for Fulton County Judge in the Fulton County News.

Mr. Bondurant's announcement follows:

## TO THE VOTERS OF FULTON COUNTY:

I wish to announce my candidacy for the office of Judge of Fulton County subject to the action of the Democratic Primary on May 28th, 1957.

I have practiced law in Fulton County since 1945 and have served as Mayor of Hickman for the past seven years. I have been interested in farming during this period of time and feel this added experience gives me a better first-hand understanding of the problems which face Fulton County farmers.

During two successive terms as mayor I have been successful in balancing the budget and at the same time, lowering taxes 50c per \$100 valuation. The city of Hickman is now in better financial shape than

## Mayor Browning Says —

# Ordinance Review Of City Judgeship Is 'Up To Council'

Hopes of many local citizens that an ordinance, passed by the Fulton City Council making the office of City Judge appointive instead of elective, would be reviewed, reached a statemate this week. Mayor Bill Browning who proposed to the council that the method of selecting the city judge be changed told the News that the ordinance making the change was passed by the Council and its up to the Council to review the matter if they so chose.

On the other hand, most City Councilmen, interviewed by a News reporter said that since the matter was proposed by the Mayor, it should be the duty of the Mayor to call a meeting to hear the protests of local citizens who want more evidence made public that the change is in the public interest.

The office of City Judge of the City of Fulton has been elective for nearly 75 years.

The method of selecting the City Judge was changed at the February Council meeting when Mayor Browning presented to the six members of the council reasons why it should be changed. The members voted for the change (making the office appointive instead of elective) after hearing Mayor Browning's reasoning, although they admitted that they had no prior knowledge that such a move was contemplated.

Judge H. H. Perce, is the present City Judge and has been elected by the citizens of Fulton for two terms. He served previous to his elections as

appointee to fill the unexpired term of the late Attorney Lon Adams.

Mayor Browning told the Council his reasons for urging the change were:

1. In the event of a vacancy in the office, the Governor would have to make the appointment; such an appointment might not meet with the approval of the council and its policies.

2. Since the office pays only \$95 a month some undesirable might seek the office.

Kentucky statute, however, disposes Mayor Browning's reasoning. A case presented to the Court of Appeals several years ago reveals that the Governor does not and cannot fill the vacancy, if one should occur, in the office of City Judge in a city of the Fourth Class. Fulton is a city of the fourth class.

Mayor Browning has made no comment on his statements to the Council.

## TO THE VOTERS OF FULTON COUNTY:

It is my desire to announce to you that I am a candidate for re-nomination for the office of County Tax Commissioner subject to the decision of the Democratic Primary, May 28, 1957.

I was born and reared in this county and have never voted elsewhere. All my working years have been spent here. This has given me a great deal of information that is very necessary to help provide you with advice in solving your assessment problems.

In this announcement, I wish to say that serving you as your County Tax Commissioner in the past has indeed been a pleasant experience. Your cooperation and understanding have been very helpful in keeping our tax problems in the county down to a minimum. I have, at my own expense, spent considerable

Chairman for Fulton County ASC Committee, that the county office had received information that the maximum acreage of corn which could be placed in the Soil Bank for 1957 is, 20 acres or 30% of the allotment whichever is the larger.

In the case of cotton, 10 acres or 30% of the allotment whichever is larger.

In case of tobacco, 1 acre or 30% of the allotment whichever is larger. There is no minimum under either commodity. Mr. Bard stated that farmers had an option of placing more acreage than the maximum, with the acreage to be accepted by the county committee, provided funds were available after the deadline date.

Deadline dates for cotton and tobacco are: March 1st, for corn, March 8th, for the Conservation Reserve, March 15th.

## EXPERTS ANSWER TAX PUZZLERS

(This is the third in a series of articles containing questions and answers relating to income taxes, prepared by the Louisville Chapter of the National Association of Cost Accountants. To help taxpayers make more accurate returns the Louisville Chapter of N. A. C. A. suggests that taxpayers devote more time to careful reading and understanding of each line on the form—it might save you money.)

Q. What are the advantages of Form 1040A?

A. Aside from being the simplest to fill out, the taxpayer can leave it to the District Director to compute his tax. In such case, the balance due, if any, does not have to be paid until 30 days after the notice by the District Director.

Q. What are the disadvantages of Form 1040A?

A. In no case will the use of Form 1040A produce a smaller tax or a larger refund than Form 1040. In some cases it may produce a larger tax or a smaller refund. On form 1040A you cannot claim a credit for overpayment of social security tax. You lose dividends received and retirement income credits, if any. The head of household rates are not available if form 1040A is used and you cannot itemize your deductions.

Q. I sold my home at a substantial profit and used the money to buy another house. Is the profit on my first home taxable?

A. No. If you sold during 1956 at a gain and within one year after (or before) the sale you purchased and occupied another residence, none of the gain is taxable if the cost of the residence equals or exceeds the adjusted sales price of the old residence.

Q. I spent a sizeable sum replacing the roof and making improvements to my home. May I deduct these items?

A. No. These are personal expenses and are not deductible. You should, however, keep a record of these improvements as they affect the "basis" in case you sell your home in the future.

Q. May a divorced couple file joint returns?

A. No. If you are divorced or legally separated on or before December 31, you are considered single for the entire calendar year. However, a joint return may be filed by a husband and wife who, on the last day of the taxable year, may be living apart but are not divorced or legally separated.

Q. A taxpayer's 65th birthday falls on January 1, 1957. Is he allowed an additional exemption of \$600 for 1956?

A. Yes, because you are considered to be 65 on the day before your 65th birthday.

and Mrs. Daisy Bard, visited Mr. and Mrs. Jimmie Satterfield, of Water Valley Sunday afternoon.

We are very glad to hear Mrs. Phillip Kocher was dismissed from the hospital, Monday.

Mr. and Mrs. Cleve Hawkins, of Fulton, visited Mr. and Mrs. Alton Jeffress and Patricia, Sunday afternoon.

Mr. and Mrs. Ed Wolberton, Celia, and Susan, visited, Mr. and Mrs. Jimmie Satterfield Tuesday.

ATTACK WARNING effects are graphically illustrated in the two aerial views of New York's George Washington Bridge above. The left picture shows normal mid-afternoon traffic, while the right photo shows the same scene a few minutes later on July 26, 1956, after civil defense sirens had blown to test New York's ability to take cover quickly. In general, a large city populace would be told to take cover from impending attack only when there was too little warning time to evacuate. (New York Daily News Photos)

Q. May the cost of going to and from work be deducted?

A. No. The law regards the cost of transportation between your residence and your principal place of employment as personal expense and does not allow you to deduct such cost, no matter how far you live from work, or how expensive the transportation may be.

With JIM PRYOR  
Agricultural Agent, Illinois Central Railroad  
TEST YOUR SOIL

It is just good business and sound agriculture to have your soil tested before you start a new crop. The testing of soil is especially essential if it has not been analyzed in the last two seasons.

DID YOU KNOW? It takes 150 pounds of nitrogen, 23 pounds of phosphorus, 72 pounds of potassium and 5 million pounds of water to produce 100 bushels of corn? Well we cannot tell how much water you have in the soil with a soil test, but we can give you the amount of phosphate, potash and calcium present. The test for nitrogen is not too efficient as it changes with weather and soil conditions. DO NOT over lime. It takes about 25 pounds of calcium for a 100 bushel yield, but liming can be over applied.

It may surprise you just how much production could be increased by following the recommendation of a soil test and securing proper improved seeding practices from your Agricultural Advisers.

You will be able to graze small grain a few days earlier through the winter and spring months, then remove livestock in time to get a maximum yield provided recommendations have been followed and there is enough soil moisture to release the plant food applied.

In taking your soil sample be sure to get representative samples of the field in question. Remember, the soil test is no better than the sample itself. If the field has upland and bottom land take a sample of both. Do not mix them because the hill land may need different fertilization than the bottom.

NEVER dry the soil with heat, but let it air dry. It is not a very good practice to put samples in a can or bottle and seal it, but a cigar box or sack will be fine. I have seen soil in fruit jars that was impossible to remove. This is especially true if it was taken a little wet and a top placed on the jar. Your tests will get back to you much faster if the samples are taken and managed correctly.

## ACREAGE SIGN-UP NOW UNDERWAY

Mr. Roy Bard, Chairman of the Fulton County ASC Committee, announced today that January 28 was the beginning of the sign up period for the 1957 Acreage Reserve program.

Mr. Bard stated that the compensation for participation in this program will be determined by using the normal farm yield for tobacco and the farm productivity index for corn and cotton. He went on to say that the maximum acreage for the farm that may be placed in the 1957 Acreage Reserve program will be for corn 20 acres or 30% of the allotment; cotton, 10 acres or 30% of the allotment, and for all types of tobacco, one acre or 30% of the allotment, whichever is larger for each commodity.

The agreements will be approved on the maximum acreage to the extent of the county allocation on the "first come, first served" basis, in the order in which they are filed by the producer in the county office.

Mr. Bard pointed out that the producer may indicate his desire to place more than his

maximum acreage limitation in the Acreage Reserve program, with the additional amount to be approved provided money is available after the final sign-up date. The deadline for signing these Acreage Reserve agreements will be March 1 for cotton and all types of tobacco and March 8 for corn. Eligible crops for Fulton County are corn, cotton, wheat, burley fire-cured and dark air-cured tobacco; however, the final date for entering into the 1957 wheat Acreage Reserve program was October 5, 1956.

It was pointed out that persons interested in entering into an Acreage Reserve agreement should contact their local ASC county office.

## STILBESTROL OK'D FOR WEANLINGS

Recent permission granted by the Pure Food and Drug Administration to feed stilbestrol in supplements to beef animals weighing less than 600 pounds gives cattlemen, who have weanling calves to put in the feed lot, the opportunity to take full advantage of stilbestrol's gain-stimulating qualities.

When stilbestrol was authorized for use in beef fattening rations more than two years ago, a stipulation was included that it was to be fed to cattle weighing 600 pounds or more. This was because the stilbestrol research up to that time had been done with yearling feeder cattle weighing 600 pounds or more at the beginning of the feeding period.

Exhaustive research carried on since that time by colleges and commercial stations shows that stilbestrol produces equally good results with big or small feeder calves, so long as the supplement that carries it is of good quality and the feeding program is well balanced.

## Demand For Grads Break All Records

The demand for college graduates and the starting salaries they were offered in 1956 broke all previous records at the University of Tennessee.

More than 7,200 job vacancies, an average of better than seven for each graduate, were listed through U-T's Bureau of Personnel Service, according to the annual report of Placement Officer Howard H. Lumsden.

Starting salaries, already at peak levels, climbed about six per cent higher. Graduates in technical fields started work at about \$450 a month, while non-technical graduates going into business and industry found beginning salaries averaging around \$375 a month.

The report shows that employers of scientists, engineers, and teachers continued to knock loudest at the college gate, and Mr. Lumsden sees no let-up in 1957.

## CWA PAYS FOR '55 STRIKE DAMAGES

The Communications Workers of America Union has paid Southern Bell Telephone Company \$315,000 for physical damage inflicted on the Company's facilities during the 1955 strike.

Payment by the Union was the outgrowth of a damage suit filed in 1955 by the Company.

An agreement to this effect was reached by Company and CWA attorneys, Southern Bell Manager H. L. Wiley, announced here.

In the suit filed May 31, 1955, in the Davidson County, Tenn., (Nashville) Circuit Court, Southern Bell charged the Union with "a pattern of violence" designed to destroy telephone facilities and interfere with communication service to the public in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee.

## MURRAY BREAKS SPRING RECORDS

Another record breaking enrollment for the spring semester at Murray State College was recorded as 1,976 signed for classes during the regular registration period, according to figures released by the registrar's office today.

Second semester enrollments usually decline about ten percent from the fall semester, however this year's drop is less than a six percent drop from the fall semester's 2,096.

Included in the current figures are approximately 200 Saturday classes for in-service teachers. The number of teachers taking Saturday work

is growing in number in about the same ratio as regular students.

## New Call Procedure Offered By Bell

A new method of handling incomplete long distance telephone calls has been adopted by Southern Bell Telephone Company.

H. L. Wiley, Manager, in Fulton, said the new procedure is this: If the called party is not reached when the call is placed, then the calling party is given the choice of having the operator continue trying the call or of placing it himself later.

Mr. Wiley said this new method was put into practice as an added convenience for telephone users. "Some people prefer to initiate each attempt on their calls," he said.

 (You can boss this Buick Special for little more than the price of a smaller car!)

ONE LOOK at that price figure and you'll know that—again in 1957—if you can afford a new car you can afford a Buick.

And look what you get for so little extra money. You get the most completely new Buick in years. Not just brand new in styling and brand new in body design.

But new in features that make this the dream car of the year to drive.

You get brand-new performance because the engine is literally new from the crankshaft up.

You get a brand-new instant response because we engineered brand-new torque into Variable Pitch Dynaflo.\*

And to give you the new sure-footed safety of a lower center of gravity—we built a brand-new frame—which lowers the car, but keeps the headroom, legroom and footroom that a big car should have.

Fact is, there are more than 150 other chassis changes in this '57 Buick—waiting for you to try them. Do that soon—at your Buick dealer's.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

# Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

Ah! News comes to your scribe today from a FAR away COUNTRY! And it concerns a "FAIR LADY" who belongs to us — Nancy Wilson Fossett and her husband, Bill.

You see, its this way — Bill had one of THOSE letters one fine day telling him that his Uncle Sam, wanted his services for a couple of years and right away — BILL AGREED — so, OFF he went to Stuttgart, GERMANY! And Lo, a couple of months passed ere his charming bride, Nancy, was on her way to join him.

To tell the truth — it's gonna be hard to relate this little story to you — but, to begin with — I asked Nancy's mother, Mary Ethna Wilson to give me the INFO about that couple, because I KNEW that Miz Nancy wouldn't let one blade of grass grow under her feet while she was in that fur-rin' coudtree.

Sunday at church, out of the corner of my eye — I saw a letter being passed from hand to hand down the pew — and when it finally reached its destination (meaning me) everyone was happy about the whole thing! And — you guessed it — it was a letter from our interesting little friends from Stuttgart.

The "greenness with envy" is casting such a reflection on this printed page that I dare say I MAY NOT be able to tell you about Nancy and Bill's WONDERFUL weekend jaunt to the ALPS! On second thought — I'll just let Nancy TELL you. And I quote:

"We have just gotten home from our jaunt to the Alps where we went SKIING. Nothing fantastic happened on the way down to Garmish, other than being "beat to a pulp" by our FASHIONABLE OMNIBUS. We went over a beautiful scenic route. We stopped in Oberammergau and were so completely fascinated with it. It is a typical Bavarian village — all the houses are painted in pastels and each one has a mural painted on the front. And they are all equipped with balconies and antlers are proudly displayed above the doors. We went to the Passion-spielhaus, which, as you know — is the home of the famous Passion Play. How surprised I was to learn that the play-

house is ultra-modern. "Not so far away from this, we saw the most adorable place I've ever seen — a Kinderheim (children's home) and it was completely covered with murals telling stories such as Hansel and Gretel — and many others.

"We got to Garmish in the afternoon and I was surprised that not ONE German stared at us — they're rather used to seeing Americans. We stayed five miles up, in the mountains at a perfectly gorgeous hotel, built on a mountain lake (which was frozen solid) and surrounded on all sides by mountains.

"Sunday was the BIG day! The day we would make the big SPLASH — SKIING, I mean! Since there was no snow on the lower slopes, we had to go to the ZUGSPITZE (advanced ski slope). We went by train which took an hour and a half — then we went through a tunnel. There would be NO way I could tell you what an impression I had when I first saw that enormous Gorge — It is simply FABULOUS!

"We got a ski instructor, who was the epitome of patience. We had an hour and a half lesson and it was great sport — even though I DOUBT if we'll be in the OLYMPICS next time, we at least learned the fundamentals and had a wonderful time TRYING to ski.

"I'm SO mad — I fully intended to stand on top of the mountain, and YODEL the Busch Bavarian Beer Commercial! I just FORGOT to! (How LIKE Nancy! — yours truly.) "I think one of the nicest things about the whole trip was that we were surrounded by AMERICANS all weekend — I just didn't REALIZE how MUCH I MISSED evesdropping or at least being able to understand people when they talk to you.

"We came back through Munich which was unimpressive, but we stopped in Ulm to see the Lutheran Cathedral. It is perfectly beautiful — built in 1400 and has the highest church spire in the world. The interior is lavishly decorated and only a small part of it was destroyed during the war. It seats 25,000 people — so you

can imagine how huge it is. Ulm is the birthplace of Albert Einstein.

"I forgot to mention that we had a blizzard last night in Garmish — four inches of snow at the hotel — forty inches on the Zugspitze! But it melted so quickly, for by the time we got into town — there was none on the streets.

"I know I have forgotten many, many interesting things concerning our wonderful weekend — but I'll tell them later. We are looking forward to seeing much, much more of Europe!"

Your Diarist wishes she might have included everything about Nancy and Bill's interesting weekend — but we will save space for a letter in the not too distant future — because we have heard that they have already planned ANOTHER jaunt — which will last for a week or so. They're going REAL TOURIST style this time — SLEEPING BAGS and all.

Here's an encouraging note for parents worried about the rock and roll craze in popular music. While many high-schoolers are absorbed in basketball, rock and roll, calypso and other curious musical trends, three high school students at least, are taking their music seriously. Tuesday night Jeannie Davis, Marion Blackstone and James Reed attended the concert in Memphis presented by Rudolf Serkin, the celebrated pianist. Before the students went they studied assiduously the entire score of Serkin's pre-announced program in order to prepare themselves for the fullest enjoyment and comprehension of his numbers.

The program was classical music at its best and its en-

couraging to note that such music has not been discarded for the strictly modern trends.

The students were accompanied to Memphis by their parents and their music teacher, Mrs. Doris Wiley.

A very cordial welcome is being extended a tiny little new-comer in the Billy Reed family in Abilene, Texas and of course by the local paternal grandparents, Mr. and Mrs. Clarence Reed. We say tiny, advisedly... for Senour Hunt Reed weighed a little more than four pounds at birth. Bettie Louise Reed flew to Texas on Monday to add her welcome to the little new-comer and to enjoy a visit with Billy (Major Reed), Phoebe and little Billy Reed, so Granpa Clarence will just have to wait until Bettie Louise gets back to hear all about his newest, and smallest grandson.

## Here & There

Nelle Martin Bradford and granddaughter, Eugenia Martin Harris spent an enjoyable week-end in Memphis. They attended a luncheon at the Peabody Hotel given by Camp Deerwood, a girl's summer camp in Brevard, North Carolina. Eugenia attended this lovely camp last summer and it was a wonderful day for her seeing about ninety of her friends from different states who attended the gala affair. And we know that Nelle Martin had a fine time, too, because she is ALWAYS an addition to ANY group!

Our good friend, Mayme Bennett, was kind enough to let us read a portion of a letter from her sister, Helen McGee, of Vicksburg, Mississippi. Helen was telling about the many, many flowers that are in bloom in her yard — and in other yards throughout the city. Helen said, "There are many hyacinths — both white and pink — little blue hyacinths — camellias, red, yellow and white flowering shrubs. Winter honeysuckle breaks in full bloom as well as tulip trees and sweet olive. They called me from Tourist Headquarters and also from my Garden Club and asked my permission to open my yard to tourists this spring."

The McGee home and garden is built on one of the loveliest sites in Vicksburg. It is so interesting to know that it is at the entrance of the National Park. A unique fact is that the backyard is a part of "Devil's Backbone" where the famous "Whistling Dick" cannon stood, and fired shots at the Federal boats during the Battle of Vicksburg.

Mr. and Mrs. Cecil Wheeler have returned to their home in Jacksonville, Florida after spending the weekend in Fulton with his mother, Mrs. J. S. Pope and Mr. Pope.

Mr. and Mrs. Billy Carver of Memphis were guests of his mother, Mrs. Jewell McClain last weekend. Mrs. Bill Fuller of Union City visited in Fulton Monday... Wesley Adams and son, Henry, of Wyndotte, Michigan visited their son and brother James Adams and family last week...

Sara Campbell, Georgia Hughes, Helen Hart, Dorothy Cox, Jewel Myatt, Mary Arrington, Jane Taylor, Olene Fields, Margie Corum, Nina McKinney, Willa Jean Simpson and Ann McMinn attended a hair styling and permanent wave show which was held at the Strata Club Sunday and Monday.

Janet Allen of Murray State College was home for the weekend visiting her parents, Lynette and Leonard Allen at their home on Taylor Street... Leila Stubblefield of Memphis was a guest of Jennie Gibbs

First polio shot is given at Fulton Health Center to little Cathy Jo McKinney, age 1½, daughter of Mr. and Mrs. Gene McKinney of Fulton Route 3. Health Department reports that 72 to 80% of school children have received full polio immunization and no cases were reported in this end of the county last year at all.

Fowlkes and other relatives in Fulton the past weekend... Mrs. Virginia Furlong and son were in Fulton one day last week enroute to Carbondale, Illinois. Virginia is formerly of Fulton. She has been attending the University of Wisconsin but is now planning to enroll at the university in Carbondale where she will pursue her studies. Virginia is in her junior year and is a psychology major.

Dr. and Mrs. Mac Pewitt and son have returned to their home in New Orleans where Dr. Mac is interning at Charity Hospital. They have been the guests of his parents, Mr. and Mrs. Harvey Pewitt and other relatives in Fulton.

Rita Gay Adams had a happy birthday recently when her

mother, Mrs. James Adams, honored her with a birthday party at her home on Fourth Street. Those who attended the gala affair were: Shirley Hicks, Kay and Cathy King, Ann Lawson, Terry Smith, Gary Fields, Debbie and Kim Homra, Brenda and James Jones and her brother, Terry.

Mrs. James Lawson, Mrs. Gwenn Jones and Mrs. Hunter Bennett also attended and helped with refreshments.

Ruth Graham Maddox entertained with a birthday party at the Maddox home on Third Street on Feb. 13 honoring her son, Thomas Richard Maddox. The enjoyable event cele-

brated Thomas Richard's seventh birthday.

During the afternoon games were enjoyed with Rusty Russell and Christy Sullivan winning the prizes.

The 15 guests present were served delicious ice cream, birthday cake and drinks by the hostess.

The honoree received many nice gifts.

Lois Haws entertained members of the South Fulton Senior Class with a lovely dinner party at her home in Highlands last week.

Nelle Newton attended a bridal shower in Clinton recently which was given for Mrs. Tommy Paschall.

### J. C. Bondurant—

(Continued from Page One)  
it has been in the last fifty years.

While serving as mayor, I have cooperated and taken an active part in all civic projects — working hand-in-hand with the Chamber of Commerce in community development programs — specifically:

1. The city purchase and improvement of Hickman water system.

2. The \$40,000 health center project.

3. The project to locate a jacket factory and build an \$85,000 factory building providing employment for 150 persons.

4. Establishment of a federal-approved \$400,000 municipal natural gas system.

5. The project to build with local funds and labor a \$20,000 swimming pool.

6. Paved streets and new street lighting projects.

I have been interested and active in many other municipal and community projects most recently the groundwork aimed at securing the location of a \$10 million federal prison in Fulton County — a matter still pending in Washington.

If I am elected county judge I will be interested in maintaining good roads, good government and — in addition to this, I intend to work closely and actively with the Fulton and Hickman chambers of commerce for new industry to supplement our agricultural economy and provide jobs for our unemployed.

I am married, have three daughters and will mark my 40th birthday on July 17th of this year. I have lived in Fulton County my entire life.

My interest in this office stems from an honest desire to see Fulton County developed agriculturally and industrially for the greatest prosperity possible for our people. To this end I earnestly solicit your vote and influence in the forthcoming election.

Sincerely,  
John C. Bondurant

### City Council—

(Continued from Page One)  
Another consideration in the matter of changing the method of selecting the City Judge came to light today when it was revealed that possible candidates may seek to get their name on the official ballot in May. If the ordinance becomes law before the last date for filing, the names cannot appear on the ballot, thus refusing the right to a local citizen to run for a previously elective public office.

Meanwhile four city councilmen expressed their views on the matter. Grady Varden, and Charles Gregory could not be reached for comment.

Bob Binford: "I have listened attentively to Fulton citizens who have discussed the matter with me and I am willing to review the decision of the council if such a meeting is called by the proper persons. I voted for the issue of making the City Judge's office appointive instead of elective on the basis of the information presented at the City Council meeting. If this information was in error I certainly want to vote for the wishes of the people in correcting my decision. I believe the people have the greatest right to choose their public officials as the majority wishes."

James Meacham: "I have heard nothing further from other City officials as to any future action that might be taken in the matter of making the City Judge's office appointive instead of elective. If a meeting is to be called before the next regular meeting of the City Council to discuss the City Judge's office, I have not been told anything about it."

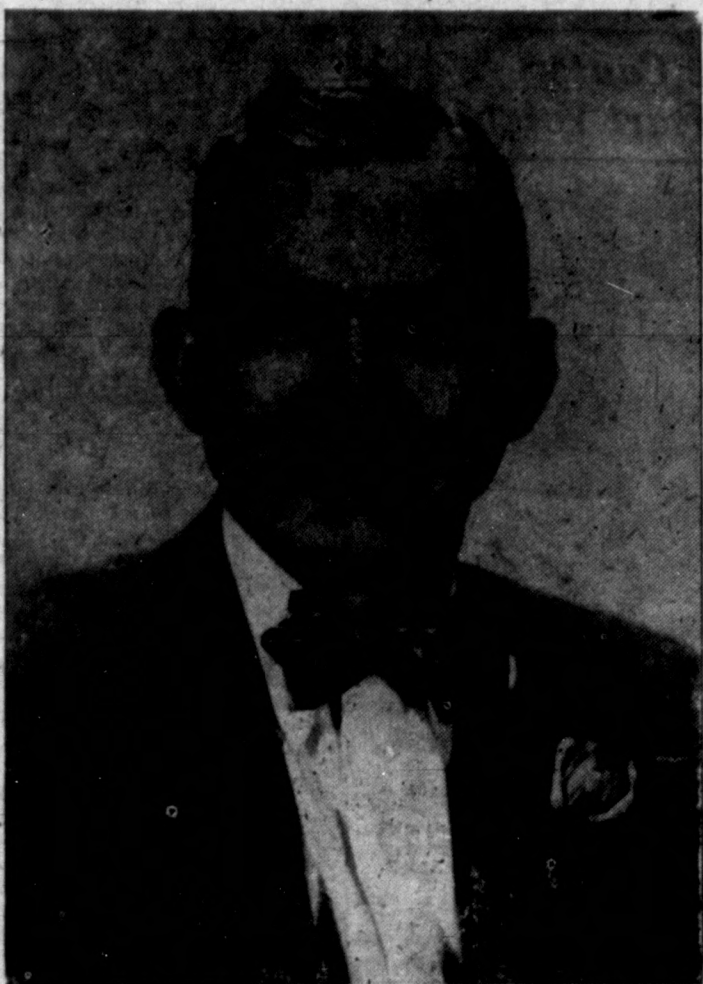

Joe Treas: "I had no idea that there would be any protest about making the change in selecting the City Judge. Since there is I am perfectly willing to review the ordinance and if this is done I hope that citizens will take sufficient interest in the matter to come before the Council and be heard if and when the ordinance is reviewed."

J. S. Mills: "We have been discussing the matter among members of the council and we intend to come to some decision."

time seeking new property that should be added to the tax rolls and to talk with you about your current assessments. This I will continue to do. Each year since I have been in office there has been an increase in the overall county assessment. This is very necessary due to greater demands on our local governments but it must be done by seeking new property rather than added burdens to already tax producing property.

During my years in office I have continually studied the tax laws and tried to apply them to my first hand knowledge of our county conditions in such a manner as to make assessments that would produce sufficient revenue for our local agencies. Property is by far the most important tax source of Governmental revenue in Kentucky, making it the financial mainstay of local governments.

I plan to make an extensive campaign over the county during the next three months but, in the meantime, I ask that every voter look into my past record and qualifications gained by experience with tax problems. When you have done this, I sincerely appeal to you for your vote and influence and assure you that both will be deeply appreciated.

those stories she has added many others. The book is dedicated to Ouida's, and Fulton's, Miss Mary Royster who has started many a Fulton student on their way to the appreciation of the finer things of life.

rendered to the people for Fulton County.

Another matter of vital importance is the State's bond money of \$100,000,000, together with the Federal aid, of which I will use all my influence to secure Fulton County's share to build more and better roads and bridges.

In conclusion, I will fulfill the duties of the office of County Judge without fear of criticism, making no excuses if I should willfully or wantonly neglect any duties attached to this office.

Therefore, I respectfully ask the voters of Fulton County to weigh these matters carefully, and also, to consider this a personal appeal to each of you for your vote.

## PATRICIA LATANE

Miss Latane, I read your column every week and enjoy it very much. I would like you to answer some of my questions.

Will my Mother and Step-father ever get along? Is he running around with other women? Does he even try to find work? Will Mother's health get

**THE MAYTAG AUTOMATIC WASHER**

any better? If so, when? Will my husband do better with his new job? Did the girl that used to work with him mean anything other than a friend to him? What are her initials? Will my health be better or will it cause trouble later on? Will we have any serious trouble or illness this coming year or will things be better all around?

Thanks a lot  
R. M.

Dear R. M.  
Yes your Mother and step-father will get along if your Mother will stop nagging him the minute he walks in the door. No he isn't going with other women. Yes he is trying to find work and will in the next few weeks. There isn't anything seriously wrong with your mother. Yes your husband will do better with his new job and will do a whole lot

better if you will forget the girl. The girl that used to work with him was only a friend nothing more one of her initials was J. Your health is better and will continue to get better. It will not cause you any more trouble. No you will not have any serious trouble or illness this year. But please stop throwing this girl up to your husband if you want to keep him, as this is getting old.

Dear Pat  
I am a girl who has been married. I want you to answer these questions for me:  
Do you blame me for leaving my husband? Could we ever get along? Did my husband love me? Would it not be best for me to stay like I am? Will I ever marry again? Will I get a job? If so, when and where will it be?  
Thank you  
C. B.

Dear C. B.  
Yes I blame you for leaving your husband for he was good to you, made you a good living, and you would have gotten along fine if you had only met him half way in place of him giving 100% and you nothing. Yes your husband loved you and you know it, for if he hadn't he would never have put up with you as long as he did. Yes I think it would be best for you to stay like you are till you learn that marriage is a give and take proposition not a take and no give proposition. No you will not go to work anyway soon.

Dear Patricia Latane,  
Glad you are back with the "News". Will you tell me if I will make the best decision for my welfare with the problems of which I will be having soon? Could I make the purchase? Would it be the wise thing to do? If so, when?

Will you please answer immediately.  
Thank you  
M. T.

Dear M. T.  
Yes you will make the wise decision. Yes you will make the purchase. Yes, I think it's the only thing for you to do; this will take place the first of March.

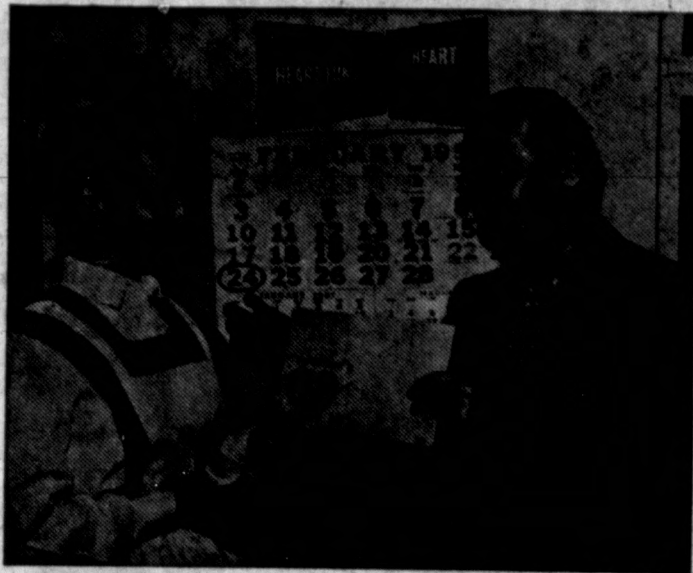

Dear Miss Latane,  
I want to ask you a few questions. Will my husband find a steady job soon? Will he work at public work or farm? Please tell me what he did with what he bought January 26. Did he give it to his boss? Will I find a job and work soon?  
M. C.

Yes your husband will go to work soon as a farmer. If you are referring to a package he purchased on January 26, 1957 no it wasn't given to his boss, however his boss knows about this package. No you will not find work any time soon, you will go to work about the middle of the summer.

Dear Pat,  
I am writing again. I sure hope to read this column next week. Patricia, please answer and tell me what is wrong with my son and wife. She accuses him of everything, but he told me he hoped God would strike him with anything if he had done anything wrong. I want them to be happy, and why don't he go to his wife's mother? He never says one word against any of them, or anyone else. I love them very much. I want my son to do right, God knows I do. I will be looking for an answer.

D. E.  
P. S. If anyone is talking against this boy please tell me.  
Dear D. E.,  
Why don't you get both sides

## 'Cardiac' Eddie Cantor Enrolls a Heart Volunteer

EDDIE CANTOR, the nation's No. 1 "Cardiac," pauses during a tour of the Cardiac Clinic of Los Angeles Children's Hospital to enroll Nurse Barbara Shevlin in the volunteer Heart Fund army which will march on Heart Sunday, February 24. Mr. Cantor, who suffered a heart attack several years ago, has been designated to serve as America's 1957 Heart Fund Ambassador.

of the story, you only have his side; why not talk with her and ask her. What does he want to go to his wife's Mother for? She hasn't done anything to him, she didn't bother them, none of her people bothered them so why should he have anything against them. No one is talking about him, but his wife wants a home; he wants to spend money on cars, I think you will find this is part of the trouble. I don't blame any married woman for wanting a home of her own as there's no house big enough for two women, this causes one of them to feel like she is a visitor and this soon gets old. I think you agree with your son too much.

Dear Miss Latane,  
A year ago we had a little black dog that disappeared one day. Could you tell me what happened to it?  
K. G. T.

Dear K. G. T.  
Your dog was picked up and is in a colored section of town South of you. He is in a pin at the back of the colored house.

Dear Miss Latane,  
There is a man I know who seems to like me. He has done many nice things for me. There is also another woman he has been nice to. Should I keep seeing this man or forget him entirely? Do you think I will ever mean anything to him?  
Anxiously waiting,  
B. E.

Dear B. E.  
Yes this man thinks a lot of you but he just isn't the marriage type. I don't think he will ever marry if he does it will be several years from now. It is up to you; I see no reason for your quitting this man unless you want to; if you are looking for marriage, which I think you are, you should drift away from him and in with someone else. You know a man who has asked you for dates who would make you a nice husband but you don't think he's good looking, but as the old saying goes looks are only skin deep. He would be good to you, and make you a good living I think. After you're with him a few times you would overlook his not being good looking. Why not give him a date.

Dear Pat,  
I have written to you be-

Dear J. M. C.  
Yes you will make a go of it, and you will find happiness in July of this year, but there is one thing you will have to learn that is not to interfere when someone like a step-father corrects your three children. If he does something you think is wrong do not correct the step-father in front of the children; wait until you're alone. If you can learn to let a step-father correct your children happiness will be your lot from the start and there will be very little adjusting to be done.

Dear Patricia,  
I hope you can tell me where my glasses are. I have lost them somewhere and can't find them.  
Thanking you very much,  
L. B.

Dear L. B.  
Your glasses are under the seat of a sofa chair between the arm and the bottom. Run your hand down beside the arm and you will find them.

Dear Pat,  
I am a weekly reader of the County News and enjoy reading it, and also your page.

I have gone with a nice man, for three months. He tells me things he wants to do in the future. Tell me, Does he tell the truth?

Am I admired by a lot of men? What kind of career will I have?  
Very truly,  
M. C.

Dear M. C.  
The nice young man you have been going with is telling you the truth but by the time he is what I would say is a man, — able to support a wife — his plans may change. No you are not admired by a lot of men nor boys. You are liked by people but you are not the come here'er type. Your career will be washing dishes, baby diapers and keeping house.

## FARMERS OFFERED ADVANCE SERVICE

Farmers participating in the Soil Bank program and cotton growers can arrange for official premeasurement of their 1957 Soil Bank acreage and farm cotton allotments. These measurements can be made before cotton planting time. To get premeasurement service, a request must be filed with the County ASC office before March 15, 1957. (Charges for this service in Obion County has been set at \$6.00 per farm plus .30c cents per allotment acre.)

Premeasurement is purely optional and is offered as a service to farmers who prefer to have an official measurement to use as a guide, states C. C. Vaughn, County Chairman.

All cotton acreage, as well as land in acreage reserve, will be measured as soon as possible after the crop is established to determine acreage compliance. A farm will be considered to be within the farm allotment if the crop is planted within the premeasured area.

## NEW BUILDING

The First Baptist Church of Martin has approved erection of a new \$75,000 educational unit west of the present Church property.

# CHESTNUT GLADE

Mrs. Harvey Vaughn

Several from this community attended the Weakley County basketball tournament, at Martin last week.

Martin teams were especially fortunate to be able to play in the finals after defeating the very good teams that they met before the finals. Congratulations to each team, and especially to the boys, who defeated the Dresden team.

The Martin girls played very good ball also, but were unable to defeat the very fine Gleason team. Playing on the Martin team were: Edna Rawls, Patsy Nanney, Mary Ruth Finch, Treva Terrell, and Flazy Nanney, from Chestnut Glade.

Horace Jones, came down from Chicago last week, and sold his farm to T. Dowdy. The sale was postponed due to the rain on Friday, till Monday. A welcome is extended to the Dowdy family, from the community and school.

Mr. and Mrs. Sam Atkinson, have sold their farm to Mr. and Mrs. Charles Sherridon. Mr. and Mrs. Atkinson, have bought a home on Jefferson St. in Fulton.

Mr. and Mrs. Fred Martin from Union City, visited Mr. and Mrs. Harvey Vaughn Sunday. Mrs. Martin, will be remembered as Katherine Smotherman.

Mrs. Opal Pounds, continues to improve at the Jones Hospital.

Sympathy is extended to Mrs. A. B. Reed, after the sudden passing of her father, Mr. Ralls last week.

Mr. and Mrs. Will Reed, Mr. and Mrs. Mart Reed, Mrs. Forrest Rogers, and Mrs. Mildred Brummett, attended the funeral services for Mr. Ralls at Dover last Thursday.

Mr. Ed Thomas remains in a very critical condition, appears unchanged.

Congratulations to Misses Sherry Wade and Linda Harwood, who have stumped the "Twenty-one Question," panel on W-F-U-L recently. This is a very interesting program at 7:15 each morning. The brilliant line of questioning by this high school group is most interesting. Our congratulations to each member of the panel.

The Chestnut Glade Home Demonstration Club will meet in the C. R. Reams home at 1 o'clock, Thursday. You are invited to attend this meeting, if you are interested in new and improved methods of homemaking.

Mrs. Sallie Nanney continues to improve.

## No Decision Yet On Prison Location

As this is being written, business leaders of Fulton are still confident that Fulton is in prime running for selection as the site for the new Federal prison, despite the fact that no word of the project has leaked out of Washington in over two weeks.

Fulton has done all that it knows to do, to secure this huge project. Hundreds of communications to Prison officials and Federal leaders, telephone calls, a 5-man delegation making a personal trip and support of such organizations as the BRT have together pushed the project to the limit of our abilities.

Fulton would seem to offer a wonderful area for prison personnel to live in: plenty of fishing, hunting, sports all around us; Reelfoot Lake,

Kentucky Lake, the Mississippi river nearby, fine railroad and highway network here affording quick trips anywhere in the midwest.

We have been under the impression that final selection was a choice between Fulton or somewhere in Southern Illinois; but a trip into Southern Illinois last week and a conversation with various newspaper and radio men there disclosed the fact that they don't think they are going to get it.

So keep your fingers crossed and be cordial to any inspection committee that might suddenly appear in the local area: there's a fifteen million-dollar construction job in the offing, plus a million-dollar annual payroll every year when completed and functioning.

## Reserve Program Brings "Spendable Dough"

There is a new expression catching hold in military language spoken by those who actively participate in the Armed Forces Reserve Program.

The expression is "spendable dough," and it has more meaning to Army Reservists than any other group. This is the term given to the one-day's pay each Reservist gets for the two-hours training he takes at his weekly drills, and the full pay he gets during two weeks of summer camp.

Army planners say that this is the money the citizen-soldiers usually do not compute with the monthly family budget. These plus dollars are over and above the civilian salaries. These dollars move fast and get into plenty of cash registers.

For the Army Reserve sergeant with about six years service this spending cash comes to more than \$400 a year, and for a Reserve Army Captain with ten years service this spendable dough comes to over \$900 a year.

This once-a-week pay day in a small town with a company-size unit of about 100 men means more than \$25,000 extra dollars a year circulating in the local economy.

Across the nation in some 5300 company-size units, 208,000 Army veterans now participating in the Reserve program for pay drew an estimated \$95 million during Fiscal Year 1956 — and that's a lot of "spendable dough."

## Zoning Programs Are Here To Stay

Zoning is vital to "keeping the kitchen stove out of the parlor," says Stuart Chase, noted author. And it's up to every citizen to learn about zoning, particularly in this town.

Pointing to the New York Times study which found that more than 100 million Americans now live under zoning laws, Chase declares in an article "Zoning Comes To Town" in the February Reader's Digest:

"Zoning is about one-third law and two-thirds human relations. If there is no mutual trust between the zoning officials and the townspeople, zoning might as well go out the window."

But he is firmly convinced that zoning is — and must be — here to stay, expanded and improved.

## SERMONETTE OF THE WEEK

### George Washington Prayed For Peace

By Richard J. Cushing,  
Archbishop of Boston

WE HONOR George Washington as one of history's greatest soldier-statesmen. The fact is, he is much more than this.

When he led the colonial troops to battle Washington had no nuclear weapons or guided missiles to hurl at his enemy. But he did have a secret weapon that helped him defeat the despotism that threatened our national freedom.

THIS GREAT military leader did not rely on arms alone. At Valley Forge, and throughout the American Revolution, he turned to God, seeking in Him a strength and courage he knew he could never discover in himself. He did this with the conviction that, since human rights and dignity come from God, it is to God that we must turn for their restoration.

George Washington was a man of prayer.

IT IS NEARLY 200 years since our nation, under the leadership of Washington, freed itself from the chains of political oppression. But the world today is faced with a problem similar to his. The Communists have already robbed many nations of their freedom and are threatening to extend their Godless regime throughout the whole world.

Americans find it hard to imagine how cruel Communist tyranny is. The smile that at times wrinkles the face of "Big Brother" makes us feel that the Reds are not too bad after all. But the slaughter in Hungary and the experiences of missionaries returned from prison camps behind the Iron Curtain tell a different story. They

remind us that behind that warm grin beats a cold and ruthless heart.

Already the free people of the world have joined in efforts to stop this diabolical tyranny. To the extent that freedom loving people have united, it would seem that history is repeating itself. But this is not enough.

ONE THING still remains. Will the people of our time realize, as Washington did, the power of prayer in this struggle? Will we learn that besides the hydrogen bombs and guided missiles there is one more weapon with which victory can never be won? Will we turn to prayer?

Washington's prayers, offered to God in the midst of war, were for the preservation of the rights of the individual, who possesses a unique dignity as the image of God. He prayed for the protection of the oppressed against whatever violates their liberties. Our prayers today must be for these same things — that God's providence may restore them wherever they have been violated.

HISTORY CAN repeat itself. There is no tyranny so awful that it will not crumble beneath the arm of the All-powerful God. Will our fight for freedom be as prayerful as Washington's? It is up to you . . . and your prayers.

## THESE WOMEN!

## Kentucky Windage

By F. W.

Down at Martin it has always been the custom to signal the location of a fire by a short blast code on the fire siren following the first long blast. Last week a new siren was installed and the code changed to 10 long blasts.

The first fire call last week so confused many old timers that one man ran out of his house convinced that an air raid was on, and another told his friends that the National Guard had been called out.

Reminds me of the time back years ago when I first went to work for a paper down in Clarksdale, Miss. One morning about 4 a. m. I awoke, heard a terrifying droning near the house that returned several times, was convinced that a big transport plane was about to crash-land at the nearby airstrip, jumped into my clothes, ran out and got in the car and headed for the airport to get the tragic story. About a block away I ran into the city street sweeper, just moaning and groaning along as it did its early morning chores . . . and there was my crash-landing-plane noises. That happened 18 years ago and this is the first time I have ever told that one on myself!

"Mac" McKelvy, manager at U-Tote-Em for the past couple of years since the store moved to its present quarters, has parted company with the organization due to physical condition and is going to take over operation of the Fulton Newsstand from E. C. Grisham. Understand that Mac is going to move the business over in a part of the former Andrews Jewelry Store building on Church . . .

Fulton's other chain grocery also changes managers this week as genial "Jim" Cullum turns A&P over to J. C. King. Jim, being a Fulton native, had no trouble "being at home" around here and everybody will certainly miss him as he gets settled down in Memphis

in a new job with the company that is a nice promotion.

But anyhow, here's a big "welcome" to J. C. King at A&P and to E. Y. Hollis, another Jacksonian, who is new manager at U-Tote-Em.

We had always heard a lot about the Phi Deltis but nothing quite so bad as the way a local daily put it Tuesday in telling about a fire in the Phi Delt House at Alabama. Said the headline: "Fire breaks out in nursing home." Ouch!

Just when we think we're going to make it through the rest of the winter without any more irritations like ice storms, sudden freezes, daily downpours and the like, here comes a letter from far off that completely ruins our equilibrium.

Was over at the Coffee Shop Monday and the mailman delivered a letter to the gang from Johnny Morgan, a transplanted Fultonian now staying at the Stratford Hotel in Tarpon Springs, Fla. to wit:

"Do hope you all are not frozen in that cold weather up in the north country. Here I am in beautiful Florida: it takes just a few whiffles of this clean, balmy ozone, which carries a fragrance of wild bees and honey . . . and the breeze is so soft and soothing that it makes your hair curl and tingle; I'd say this is the life of Riley. Now all I have to do is locate the Fountain of Youth and I'll be very well satisfied."

"Wonderful weather down here: lots of sunshine and flowers; went fishing today and caught 40 pounds; been fishing every day this week; going again tomorrow; temperature 82 to 86 every day."

Johnnie, retired veteran of United Fruit Company, has well earned his fun but that description of the balmy breezes makes hard reading to us in the north country at this time of the year!

### TURNING BACK THE CLOCK —

Fulton has been awarded the district basketball tournament which will be held here at the Science Hall gym Friday and Saturday, March 5th and 6th. Teams from high schools in Carlisle, Hickman and Fulton counties will participate. Saturday, February 27 has been set as the date for holding of the drawings for position.

Fulton Bulldogs defeated the ace Sedalia five Tuesday night at the Science Hall gym by the score of 27-26 in a hard fought and thrilling game.

The club will meet next month at the home of Mrs. Uel Killebrew with Miss Ruth Graham joint hostess.

The Fulton Chamber of Commerce held its annual banquet and election of directors at the Methodist Church here Monday night. President, J. E. Fall, presided over the meeting with a good attendance present. The following board of directors were named: R. H. Wade, Ira Little, Leon Browder, Hoyt Moore, Joe Davis, Smith Atkins, Ernest Fall, Raymond Peeples and T. J. Krammer.

The board of directors met Wednesday night and re-elected J. E. Fall president. Other officials chosen were: Hoyt Moore, vice president; Louis Kasnow, treasurer; Joe Davis, secretary.

Mr. and Mrs. Frank Brady announce the marriage of their daughter, Ella Frances to Reginald Williamson. The ceremony

was performed Monday night, February 15, with the Rev. E. M. Mathis reading the impressive single ring ceremony at the Methodist parsonage in the presence of Mr. and Mrs. George Moore. Immediately after the ceremony the couple

left for a bridal trip to Nashville and other points and will return to Fulton to make their home.

John Loyd Jones, who is a freshman at Murray College, spent last week end in Fulton with his parents, Dr. and Mrs. J. L. Jones at their home on Eddings street. He was accompanied by his roommate, Thomas Stokes, who was his house guest for the week end.

After an enforced vacation of three weeks - due to flood conditions the Hickman High School and 8th grade resumed classes Monday, Supt. Calvin states. During the flood the school buildings were used to house refugees fleeing the bottom lands and West Hickman.

## SOYBEANS NOT HARD TO RAISE BUT THEY HAVE SPECIFIC REQUIREMENTS

(By: William Owens)

Soybeans are not a difficult crop to raise, but they do have a definite climate and moisture requirements. Work is now being conducted to develop new varieties that are adapted for a wider range of soil and climatic conditions.

No one practice will insure high yields. Soybeans, like any other crop, respond to good soil management. There are any number of factors that will affect yields.

Soybeans are comparatively shallow-rooted and drought-resistant like tobacco and cotton. The growing season necessary

to produce a hay crop is moderately short, and even a seed crop will mature in less time than is required by corn. Therefore, soybeans may often be grown on land that is too wet for early planting of corn or cotton. A hard or crusted surface often causes the bean neck to break, and thus reduces the stand. Even when drilled, soybeans may permit as much or even more erosion than row crops because soybeans leave the soil very loose. Therefore, they should be restricted to nearly level topography.

Seedbeds for soybeans

should receive as much attention as other crops. Either late fall or early spring plowing gives good results. The goal is to give weed seeds a chance to germinate two or three times, before planting time.

Chemical controls for weeds have given too varied results to make a blanket recommendation for their use. Dinitro has given promising results in Indiana, but no data is available for this particular locality. The best bet is to try chemical control on a small plot, and compare the results with cultivation controls.

Recommendations vary from state to state, and within a state, depending on the variety and method of planting in determining the planting rates. Most states find you can get good results using one bushel as a "rule of the thumb" planting rate. However, two factors affect the rate of planting: (1) germination and (2) row width.

Tests show that germination will drop off fast on beans that have been stored very long at high moisture contents. These low germinating seeds must be planted at heavier rates to get desired stands.

Minnesota recommends planting about one plant per inch of row in forty inch rows. This takes about sixty pounds

of ninety percent germinating seed per acre. With twenty-four inch rows, plant ninety to a hundred pounds of good seed. Solid drilled beans should be planted at two bushels to an acre. Most beans are planted in forty inch rows but narrower row spacings have increased yields three to eight bushels in tests.

Soybeans do not return as much organic matter to the soil as corn or small grains. On land that is planted to beans several years in succession, barnyard manure should be applied to help maintain tilth.

### COLONIAL HOME

The Thomas Hart Home, Lexington, is a two-story Georgian Colonial brick house, built in 1794 for Thomas Hart. His daughter Lucretia married Henry Clay there. In this house lived John Bradford, editor of Kentucky Gazette, John Hunt Morgan, Confederate leader, and Cassius M. Clay, the emancipationist.

## CONSERVATION NOTES

Richard Adams received his basic conservation plan. He plans to use a shorter rotation. Proper land use, use of contour cultivation, and sod waterways make this possible. Results are 19 acres more of permanent pasture. With permanent pasture he will have no loss of time from grazing as he would while establishing a new seeding.

John Fleming who lives in the Mud Creek Watershed made a fine corn crop after blowing a ditch and preparing a W type ditch with farm equipment. Soil Conservation technicians assisted the farmer with surveys and instructions on blowing with dynamite. Old fence to be removed with new one going up where class of land changes. This will give him 4 acres more land in continuous cropping field. He also showed me a new room and bath he had completed. While I was there delivering this plan of conservation activity he and Mr. Meunier had worked out, and recorded. Looks like good management and conservation pays.

Fish request for 57 district cooperators was given to the Dept. of Fish and Game. These ponds will be stocked with bass and bream this spring. Fulton County had the largest stocking in this area last year.

Neal Little of the Crutchfield community has been by the district office making plans for more sod waterways this year.

Now it may be cold or raining outside this very minute, but springs coming. Those of you who have requested and received your Soil Conservation Farm Plan should dig around in the bureau drawer, get it out, see if you have applied those money-making practices.

Your plans may need some changes to help you carry out your feed needs.

Visit your District office we will help you plan your farm and pocket-book needs.

## TENANT-TO-OWNER SHIFT IS MADE WITHIN 10 YEARS

A former negro tenant farmer of Davidson county, who had to borrow money for a down payment on his farm, today is grossing \$10,000 yearly from hogs and beef cattle.

He is Albert Gray, in the Haymes community. In 1947, Gray was a part time employee of the Nashville garbage disposal plant, and worked the remainder of his time as a tenant farmer. Noticing how farmers collected garbage to feed hogs, Gray decided to go into business for himself.

With the advice of Assistant Extension Agent Arthur Brown, Gray chose 98 acres. A year later he bought a truck

## Should they continue?

# Two "wartime" taxes

that undermine our defenses!

When today's teen-agers were still in the cradle, a wartime Congress levied a tax on rail passenger travel. The object: to keep civilians off trains so the railroads could devote their energy to moving soldiers, sailors and marines. Another wartime tax was levied on freight.

What followed is history! The railroads handled 97 per cent of military travel and 90 per cent of military freight.

For this meritorious service the railroads have been strangely rewarded. Both wartime taxes are still with us. Both drive away business just as they were originally intended to do. This cuts down on the funds available for improving the trains and tracks that will carry the crucial defense burden if war should come again.

The railroads saved us from losing the last war. Crippled railroads could lose us the next.

Aren't these facts reason enough for Congress to repeal these two outmoded taxes on passenger and freight transportation? If not, there are others. The taxes on transportation are not luxury taxes. They are taxes on everyday living. Their repeal will produce almost immediately a reduction in the cost of living of every American.

## PALESTINE NEWS

Mrs. Leslie Nugent

Members from the Palestine W. S. C. S. that attended the Paris District meeting in Murray last Friday were Mesdames Roy Bard, Hillman Collier, A. M. Browder, M. B. Brown, M. B. Proctor and Leslie Nugent.

Sympathy is extended to the Burnette family in the passing of some very nice porkers the past week, and has been enjoying spare-ribs, backbone, tenderloin, and fresh country style sausage.

Mr. and Mrs. Ancil Mathis and children of Mayfield were visiting relatives in the section Sunday.

Many of you who might study on the subject of nature in woods, and other forest trees will remember that this writer reported a few years past, that some disease struck the chestnut trees over this area and most of the well loved nut trees folded up and died, but now a chestnut tree is growing on the J. W. Bynum farm, State Line Road, known to many as the Rev. T. T. Harris place. The past autumn the young tree was laden with the precious nuts thought to have long been gone. No doubt that this tree will be watched closely the coming autumn, for to gather a few sweet juicy chestnuts is an experience many youngsters have not had the privilege in this section.

Mr. J. T. Puckett spent the weekend with his family in Dukedom. He drives to his work near Clarksville, Tenn. each week, where he has been employed for several months now as a welder.

Mr. and Mrs. Eugene Lassiter, Martin, Tenn. visited parents Mr. and Mrs. Buton Lassiter Sunday night.

of Myrtle Burnette last Wednesday in Fulton Hospital.

Mrs. Nora Byrns is spending a few days with her daughter, Mrs. Richard Mobley and Mr. Mobley.

Mesdames A. M. Browder and Leslie Nugent visited Mr. and Mrs. John Thompson and Mrs. Ida Pegram Sunday night.

Mrs. Bertha Nugent and son, David and Ethel Browder spent Sunday with Mr. and Mrs. Don Henry and Sara Don in Hickman. Mr. Browder visited Hugh Chambers in the afternoon.

Sunday visitors of Mr. and Mrs. Richard Mobley and Mrs. Nora Byrns were Mr. and Mrs. Randle McAllister of near Belclerton and Mr. and Mrs. Homer Weatherspoon.

Sherell Olive visited Dan Weatherspoon Sunday afternoon.

Mrs. Rupert Browder and Richard moved home last week after staying in the home of Mr. and Mrs. Herman Easley for three months.

Brother and Mrs. M. B. Proctor were dinner guests of Mr. and Mrs. Harvey Pettitt Sunday. They visited in several homes in the afternoon.

Twenty-three members of the Palestine and Water Valley M. Y. F. and Bro. and Mrs. Proctor and the district officers from Gleason, Tenn. met in their regular meeting Sunday night. Refreshments were served after the meeting.

The M. Y. F.'s plan to have a party in the home of Don and Dickie Collier Tuesday night.

Mrs. Avery Hancock has been ill with the flu. Wishing her a speedy recovery.

Mr. and Mrs. Lon Brown visited Gussie Browder and Mrs. Rupert Browder and Richard Sunday afternoon.

February 20: Donna Gerling Patterson, Donald Kimbrow, Mrs. W. O. Locke, Mrs. Nap Brigham, Mrs. Claud Shelby, Jimmy Collins; February 21: Pat Drewery, Mrs. James Anderson, Yewell Harrison; February 22: Judy Harding, Marvin Phillips, Mrs. Henry Lock, Martha Smith; February 23: Mildred Easley, Peggy Johnson, Joe Johnson, Becky Lock, Mrs. Stella Branch, Mrs. Herman Easley; February 24: Robert Goodwin, Johnny Allen, Cap Maddox, Mrs. W. C. Hogg, Mrs. Lila Hastings; February 25: Carrie Platt, Linda Jarvis; February 26: Eleanor Jones Polk.

## 93 MEMBERS

The Clinton Chamber of Commerce counted 93 paid-up members last week and is driving for 100, stated Earl Warren, chairman of the membership committee, this week.

\*\*These gilts are from the sow "Lucky Lady", who was sired by "4-Star Choice" which was senior champion at West Tennessee District fair at Jackson, Tennessee.

The pigs from this sow were sired by "Style Captor", Junior Champion of West Tennessee District Fair at Jackson, a son of "Style Mart", owned by Foster 4-Star Farm, Mayfield, Ky., which was Champion over all

breeds at Kentucky State Fair in 1956.

These pigs were purchased from Sam H. Shanklin, son of V. J. Shanklin, Vocational Agriculture instructor at Dresden, Tenn. Sam is breeding the meat-type Durocs and invites you to visit with him anytime and see his hogs on Paris Highway at edge of city limits. "The home of other champions".

Now is the time to sow Red Top, Timothy, Fescue, Rye, Grass and Orchard Grass, also White Dutch and Ladino Clover, Kobe and Korean. We carry most all kinds of Field and Garden Seed. We reserve the right to limit quantities.
