A story appearing elsewhere on the front page of today's News regarding the city election is certainly a sad commentary on the situation that exists in the City of Fulton. For the past several weeks several leading citizens have taken it upon themselves to contact professional and businessmen in the city to run for the various city offices. As of today those contacts have proved fruitless and it is not the person's refusal that concerns us so much as it is the reason behind those refusals.

Generally the refusals have followed the same general pattern. The businessmen contacted have stated emphatically that they cannot stand the loss of patronage or business that goes with serving as Mayor or City Councilman. If that situation is true, then it's time for most businessmen to get mad enough to do something about their city and make the necessary changes that would eliminate this "hazardous" public service.

In this respect I think a businessman would be interested in knowing that the Fulton County News has suffered its share of business-loss as a result of our interest in city affairs. Conservatively we can say that over a four-year period the News has lost some \$8,000 to \$10,000 in city printing and publishing because we have not always by-passed certain news stories that should have been brought to public attention. The records of the city will show that over this four-year period the figures I have quoted above can be accurately borne out in that other firms in the field of printing have fared right well. And you know, we pay almost equal, and in the past have paid more city taxes than our competitors.

But that's water over the bridge. If in the future we will be denied our rightful share of city business because we have enough interest to keep abreast of affairs at City Hall... then we'll again lose a goodly amount of city business. I think the time has come for more people to feel as we do about it... and goodness knows we can't afford this "luxury" of public interest any more than the next fellow can... to tell you the truth we can't afford it at all.

There is no need for a businessman to feel that service on the City Council is a nightmare. True, the pay is nearly nothing, the work is not too hard, its just that most people have built up an immunity towards public service... and if you look around the city at the empty store buildings, if you look around town and see the dozens of empty rental properties, if you hear the merchants talking of business slumps... you'll see that this immunity toward public service is a darned sight more costly than serving on the City Council.

The City of Fulton is just like any other business... In order for a business to prosper the morale of the employees must be good, their salaries should be good, their pride in their job should be constantly nurtured. There's nothing wrong with the affairs of our city administration that a little house-cleaning wouldn't correct.

In case some of you who are reading this column are wondering why either Paul or I don't run for the office... please know that we do not live in the city limits and as a result we are not eligible to hold city office. But if we did we wouldn't have to be urged to work for such civic improvements as slum clearances, public housing, industrial improvements, civic improvements, a public auditorium, and dozen of other needed projects around town.

The outgoing officials, if they are, have done a good job with the tools they had to work with. With careful planning, a good organization, an esprit de corps, Fulton has everything in the world to make it a prosperous and progressive little city. All we need is official leadership.

Arthur Godfrey.....Fulton Sends You Nancy Adams

Talented Nancy Adams is on her way-to-national fame.

Wednesday afternoon Nancy was called from New York telling her that she is a national winner for the Arthur Godfrey Talent Scout program, and will appear on the nation-wide broadcast from New York on Monday evening, April 22.

Nancy was a semi-finalist in the first auditions held in Nashville in March over contestants from twenty Southern States. Last Friday she was called to Nashville by Janette Davis, who appears on the Godfrey morning show, to appear as a finalist.

She is the daughter of Mr. and Mrs. Tillman Adams. Nancy has been entertaining Fulton audiences since she was big enough to hold a ukelele.

Nancy, with her Talent Scout, Jo Westpheling will leave Fulton on April 18 and be in New York for rehearsals on April 19.

JONES ANNOUNCES FOR RE-ELECTION AS ATTORNEY

Jerry Jones

TO THE VOTERS OF FULTON COUNTY:

May I take this means of announcing my candidacy for re-election for the second term to the office of County Attorney.

I appreciate the opportunity given me by the people of Fulton County to serve in this office by electing me four years ago. At that time I promised, if elected, that I would endeavor to carry out the functions of the office of County Attorney in an efficient and effective manner; to represent the people of Fulton County as their agent and prosecutor in all instances wherein the peace and welfare of the citizens of the county are involved, and to uphold the high standards of integrity and ethics that are embraced in the office of County Attorney.

I have worked to that end during my first term as County Attorney. If I am re-elected to this office I promise to continue to carry out the duties and the functions of the County Attorney.

Miss Doris Owens Will Visit Friday

Miss Doris Owens, candidate for election as Clerk of the Court of Appeals, will visit in Fulton Friday as guest of her brother, Al T. Owens.

Miss Owens, who is campaigning throughout the State, invites everyone to visit her at a "coffee hour" at Smith's Rose Room at 3:00 p. m. Friday.

Mrs. Lowery Speaks To Woman's Club

Mrs. Lillian Lowery, instructor of English at Murray State College's Training School, spoke to the Fulton Women's Club Friday, April 5. Her topic was "My Experiences in Japan". Mrs. Lowery recently completed a year as a Fulbright Teacher at Ochanomizu Women's University in Tokyo.

SUPPER TONIGHT

Singing At Fulgham Scheduled April 14

The spring term of the Fulton-Hickman county singing convention will be held in the auditorium at Fulgham High School, Sunday afternoon, April 14, beginning at 1:30 o'clock. Clester Bradberry, president of the organization, reported this week.

In making the announcement, Bradberry said that everyone is invited to attend the singing session, and that all singers and singing groups are especially invited to attend.

EXPANSION PROGRAM

The City of South Fulton has approved a \$110,000 expansion and repair program for the water and street departments, to be financed by bond issue.

CANCER DRIVE

The Fulton Cancer drive began Monday morning with a canvass of the business district, followed by a residential canvass Tuesday evening. The drive is sponsored annually by the Fulton Woman's Club.

ALL-PURCHASE TEAM

George Burnette, 6-5 senior at Fulton High, has been named to the All-Purchase basketball team. Burnette scored a season total of 594 points and a 19.8 game average. Teammate Ronnie McAllister received special mention.

Paducah Salutes Adams Children

A big front-page story in Tuesday's Paducah Sun-Democrat brought many a smile to Fultonians, since the subject of the story and accompanying picture were children of a former Fultonian, now living at Lone Oak.

Wallace Adams, Jr. and his sister, Jo Ann are probably the first brother-sister team ever to seek Kentucky Farmer degrees and Kentucky Homemakers degrees in the same year... the highest degrees awarded... and the Sun-Democrat accordingly provided a big story on the couple, their accomplishments, and their parents.

Their father, a K. U. employee, is Wallace Adams, Sr. He is a native Fultonian and attended Fulton city schools and is a brother of "Doc" Adams, Mrs. Sidney Carver and Mrs. Jim Oliver, all Fultonians.

Announces Services

Pre-Easter services will begin at Bethlehem Methodist 14, and continue at 7:30 each Church on Sunday night, April 14 through Tuesday night, April 16.

On Sunday morning, April 21st, the Easter Communion. Services will be held at Bethlehem at 9 o'clock.

Pre-Easter services will begin at Dukedom Methodist Church on Wednesday night, April 17th at 7:30 o'clock and continue through Friday night, April 19th.

On Sunday morning, April 21st, the Easter Communion will be held at Dukedom at 11 o'clock.

The Easter Communion service will be for Wesley Methodist Church at 7:30 on Sunday night, April 21st.

Deadline Near But No Candidates File For Council, Mayor

As the deadline for filing for public office nears, the City of Fulton finds itself without a candidate for Mayor or for the six offices of City Council. Deadline for filing is at midnight, April 13.

It has been unofficially reported that the present Mayor and the six City Councilmen now holding office will not seek re-election.

The situation today is in great contrast to the election held in 1953 when two candidates for Mayor and fifteen candidates for City Council sought the offices.

It is not likely, however, that the deadline will pass on Saturday of this week without any candidates for any of the seven offices, namely, Mayor and six Councilmen.

Meanwhile, it has been reliably reported that a petition of this year.

However, even if this new form of government meets with the approval of the people, it is generally believed that it would take some two to four years to be put into effect after the law passes.

Some favorable discussion has been given to the possibility of naming a city supervisor, whose appointment can be made by the Mayor and Council without ratification on the ballot in the next

Its Smith Atkins Night

It was Smith Atkins' night last week at Smith's Rose Room when this prominent businessman was made Citizen of the Year by the Fulton County News and Radio Station WFUL. Below are pictures taken of the event.

The Atkins children, Mrs. Charles Reams, left Jerry Atkins and Mrs. Don Sensing look over a copy of the News which was presented to the guests immediately after the presentation was made last Wednesday night.

And Mrs. Atkins pins a posie on Citizen of the Year Atkins after he was made Fulton's Citizen of the Year.

Lt. Gov. Harry Lee Waterfield beams his approval of Smith Atkins as "Citizen of the Year" as he presents his close friend with a gold loving cup as a memento of the honor.

County Residents Push School Area Annexation

Residents living in the eastern end of Fulton County outside the present boundaries of the Fulton Independent School District are preparing to petition the Fulton District of admission, the News learned this week.

As this week's issue is distributed to subscribers, a petition is being circulated among all property owners in this end of the County which, when completed, will be presented to the Fulton City School Board asking for admission of the additional area to the present district. A copy will be forwarded to the Fulton County Board of education asking for release of the area from their jurisdiction.

It is generally known that the additional area will be welcomed for the Fulton Independent District, but it is not known whether or not the Fulton County Board will release the area without contest, despite the great distance it will be from the new consolidated County high school at Hickman and its greater convenience to Fulton.

Property owners in the County, living close to Fulton, expressed themselves as determined to provide their high-school-age children the greater convenience of attending school in Fulton, which lies only a few miles away, compared with up to a 40-mile-per-day round trip to and from Hickman, stated a member of a committee who is assisting with the petitions.

In uniting sentiment for the petition, the committee points out these facts:—It will cost the property owners nothing to make the transfer. A special 50c tax voted for Fulton system improvement back in 1952 goes "off" at the end of 1957, and their first year in the Fulton Independent School District, 1958, will see a return to the statewide \$1.50. During the six years that this tax has provided improvement funds here, about \$18,000 a year has been spent on painting, lighting,

complete new structural material and all four schools are in "A-1" shape, and will be painted inside and out this year, with money on hand. The committee points out the obvious fact that any new assessment beyond the statewide \$1.50 per \$100 cannot be raised except by majority vote of the people themselves.

—The Fulton city schools can easily absorb the proposed annexation of territory. The peak enrollment at Fulton High was 250 students, and current enrollment is approximately 175. Not over 35 additional are anticipated from the new area.

—Fulton High School holds high rank scholastically. It became a member of the Southern Association of Colleges and Secondary schools in 1923 and has been a continuous member, in good standing, ever since. Other high schools in West Kentucky, also members, include the Mayfield city schools, Benton city schools, Paducah city schools and Murray city schools, with Reidland and Ballard newly-eligible for membership.

(Evaluation by a visiting committee in recent years contained this pertinent remark, among others: "Fulton High School is to be commended for the fine follow-up program, for the large number of graduates that go to college, and for the high quality of citizenship that is found in the patronage area of the high school".)

—An adequate bus transportation system can be set up under a "contract" system, which has been proven the most economical to operate when less than 10 vehicles are needed.

Members of the petition committee have discovered that practically all parents of eligible children, who now reside in the area seeking admission, are former students of Fulton High School from back in the 30's.

C. V. STEPHENSON UP FOR MAGISTRATE

"I, Charlie V. Stephenson, wish to take this opportunity to announce my candidacy for the office of Magistrate of the First District.

I have lived in the Riceville precinct for 30 years and that is the only place I have ever voted in my life, and I have never missed voting the Democrat ticket.

Due to my physical handicap I will be unable to contact every voter, so I take this means of earnestly asking you for your vote and for your support in helping me obtain this office.

I feel that I am competent and able in every way to take care of this office and I promise you that I will do all in my power to serve you as you have a right to be served.

Your support and your good will, will be sincerely appreciated.

Charlie V. Stephenson
Candidate for Magistrate
First District

Fishing NEWS

Well, the big week-end fishing party is over. "Salad" Weeks caught two, "Pancake" Tripp and "T-Bone Steak" Johnson got 17, and "Pill-Bag" Wright also got some, he says.

On Monday came the weather report over the radio: "It going down to 25 on Tuesday" ... so they came home Monday evening and look what the boys missed.

There were several in the Coffee Shop Tuesday morning with fever running high. "Dog" Hogan called Paris, Tennessee this afternoon and Moon Dock said that six boats went out that morning and all got the limit.

So straighten up your line and weld your minnow bucket and sharpen up your hooks and be ready. You'll be hearing from me next week.

ACCOUNTANTS SUGGEST MORE POINTS ON INCOME TAX DEDUCTIONS

Taxes cost you money and they make work for you too. But if you study the tax return form, and carefully read the instructions you may be able to rescue a good many dollars of your income from the tax collector. Sure it's work, but it might save you some money.

This is the fourth in a series of articles containing questions and answers relating to income taxes, prepared by the Louisville Chapter of the National Association of Cost Accountants to help taxpayers make more accurate returns.

Q. What is the "Sick Pay" Exclusion?

A. Many employers have wage continuation plans under which all or part of an employee's wages will be paid during the period of absence from work because of sickness or injury. Within limits, such

payments are tax exempt up to \$100 a week. If the absence is due to sickness, the exemption does not cover payments for the first 7 calendar days in the period of absence; but this waiting period does not apply if the employee was hospitalized for at least a day because of sickness. If the absence of the employee is due to injury, there is no waiting period. The official instructions for Form 1040 require a statement to be attached to your tax return in support of such deductions.

SECOND CLASS POSTAGE IS IMPORTANT HELP TO EDUCATION IN AMERICA

"Next to the public school system itself," writes Rep. Usher L. Burdick of North Dakota in the January Reader's Digest, "second-class postage is the finest thing Congress ever did for the education of the American public. As one who believes that democracy cannot work without knowledgeable citizens, I should like to express my hope that this service will long continue unimpaired."

Mr. Burdick recalls that he learned his ABC's in the Sioux country of North Dakota from a magazine called Farm, Home and Fireside. It carried excit-

ing stories, described new farming methods and provided tantalizing glimpses of the world beyond the horizon.

"We could get a Farm, Home and Fireside subscription for 25 cents because in 1879, the year I was born, Congress cut down postage rates for magazines and newspapers so more people could afford to buy them. Congress figured that the more the people read and learned, the better government by the people would work."

"And they were right. I finally went to college and got a housebroken to books; but for me, as for most Americans,

newspapers and magazines remain essential teachers. Many of these publications, so essential to the maintenance and growth of our freedom, simply could not exist without low second-class postage rates."

How to make more money with Corn

USE THE BEST HYBRID SEED

From the standpoint of quality and price, there is none better than Southern States.

Here's Why:

1. Bred Right
2. Produced Right
3. Harvested Right
4. Dried Right
5. Graded Right
6. Treated Right (chemically protected against disease and soil insects)
7. Laboratory Tested Right (double tested—the "regular" and "cold test" for germination and vitality)
8. Field Tested Right

USE THE BEST CULTURE PRACTICES

Southern States Hybrid Seed Corn will help you get more plants, more corn per acre—especially if you use good culture practices.

Here's How:

1. Don't plant too early (soil should be 65° F or warmer).
2. Don't plant too deep (usually not over 1½ inches).
3. Provide sufficient plant food.
4. Apply high analysis fertilizer properly (not too close to seed).
5. Plant enough kernels per acre (for example, if you want 12,000 plants, plant 14,000 kernels).
6. Check planter plate drop (before and after starting to plant).
7. Don't plant too fast (hold tractor to 3½ miles per hour).
8. Cultivate with care and control weeds.

PLUS-

GUARANTEE

Southern States Hybrid Corn is guaranteed to the full extent of the purchase price to be as represented in variety, purity and germination. Patrons may return any seed corn that is not thoroughly satisfactory. After the corn is planted if there is any definite evidence the seed was not as represented, Cooperative Seed and Farm Supply Service will refund the purchase price, but will in no case be liable for more than the purchase price of the seed.

REPLANT AGREEMENT

Should a patron find it necessary to prepare the seed bed a second time because he failed to obtain a satisfactory stand from the use of Southern States hybrid seed corn, Cooperative Seed and Farm Supply Service will supply at no cost to the patron, sufficient Southern States hybrid seed corn for one replanting of the acreage involved; but in no case will Cooperative Seed and Farm Supply Service be liable for loss resulting from flood or high water or for any loss occurring after a satisfactory stand has once been obtained.

When you start with Southern States Hybrid Seed Corn, you are on your way to a Bumper Harvest. Remember, "Good Seeds Don't Cost, They Pay."

grandson, Lee Humphries of Paducah is taking this week. Lee who is the son of a former Fulton girl, Dorothy Ann Pierce Humphries, is on a student educational tour of the East, which is sponsored by the Crescent Hill Woman's Club of Louisville. The group is composed of boys and girls from our Kentucky high schools. They will spend much time in our nation's capitol — but of course, Your Diarist is interested in the fact that the group will spend a day or so at the Naval Academy at Annapolis, Md. We are certainly hoping that Lee will be able to see our son who attends the Academy. But, frankly, it will pose a major problem as all of the midshipmen are the BUSIEST ones — ALL day — EVERY day. But we talked with our midshipman one night this week — and he's going to be WATCHING for the KENTUCKIANS.

Mr. and Mrs. C. C. Hancock and Mrs. Merritt Milner have returned from a delightful trip to Tucson, Arizona. Enroute home they visited in Amarillo and Mesquite, Texas. Mrs. Miller's son and family from Chatsworth, California joined them for a visit while they were in Tucson. They were away for about three weeks.

Dr. and Mrs. Casbie Parker and children, Eugene and Paula Ray of Murray and Mrs. Parker's mother, Mrs. Bob Davis of Fulton have returned from a visit with Mr. and Mrs. Leo Huff in Chicago. Dr. Parker attended a dental meeting in Chicago.

Mrs. Lera Weatherspoon, Mrs. Walter Hawks and Mrs. Allen Austin have returned from a visit in Lexington, Ky. with Mrs. Weatherspoon's daughter, Mrs. James Pace and Mr. Pace. Mrs. A. L. Fatheree and children, Albert and Betty, Helen Fatheree and Ginger Berry of Memphis spent Sunday in Fulton with Mrs. Fatheree's mother, Mrs. Joe Gates.

Paul Heltsley and Pete Byars have returned from a business trip to Lexington, Ky.

Nell and Fredrica Gibson were hosts to a lovely desert-bridge party Saturday afternoon honoring bride-elect Shirley Homra.

The attractive Gibson home on Carr Street was beautifully decorated throughout with arrangements of spring flowers carrying out a pink color scheme.

Shirley was lovely in a gold and white sheath dress with wide gold cummerbund which she selected from her trousseau. She wore a corsage of white carnations, a gift from her hostesses.

The guests enjoyed an afternoon of bridge at which time Joan Homra was the winner for bridge. Margaret Jones won the Bingo prize and Shirley was presented a gift in her chosen pattern of china from her hostesses.

Invited guests to the delightful occasion were the honoree, her mother, Monira Homra, Barbara Smith, Joan Homra, Irene Boyd, Barbara Ann Boyd, Margaret Homra, Elsie Weeks, Mary and Ann Latta, Vada Puckett, Margaret Jones, Cordelia Fields, Mercedes Engel, Mary Homra, Yvonne Hunter, Joan Baird, Mary Louise Gos-

Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

'Tis true — methinks — that we gardeners and flower lovers "haven't a ghost of a chance" to do any of the much needed work in our yards — what with the weather man being SO unpredictable! One day you say you CAN'T get on the OUTSIDE and do all of the little things you WANT to do.

So — perhaps its just as well to concentrate on cleaning up — fixin' up the INSIDE of our homes. And — we "called on" a lively group of people who were doing just that — one day last week. However, they had "taken on" a job of much greater proportions than ordinary HOUSECLEANING. They were PAINTING the inside of their Parish House and Sunday School rooms — and a Good job they were doing, too!

As we went into the Parish House of Trinity Episcopal Church here in Fulton we really had to "enter with CARE" — because Fair Ladies were EVERYWHERE — on ladders, chairs, sitting on the floor —

PAINTING everything that came within their reach! And — what a difference some paint makes!

Everyone was SO gay — and WE really regretted the fact that we had just had our lunch because we actually were just in the "nick of time" to enjoy a real picnic lunch with all of these gals — and I shan't fail to mention the "boys" who were brave enough to work with so many gals. Chuck Binford was really making progress with a paint brush and right along with him Kathy Jones was giving him REAL competition — so was Mercedes Engel. We moved with much TREPIDATION as we neared the paint buckets of Mandy Wood and Sara Johnson when we realized that they certainly HAD the "paint-brush slapping" technique of a real professional — but the trouble was — the PAINT didn't ALWAYS SLAP on the exact spot intended.

Now, Kellena Durbin, Betty Louise Reed, Betty Ann Hefley, Mrs. Charlie Binford, proved to be more SEASONED painters. They were painting the furniture.

Dawson Teague, the young Rector of Trinity Episcopal was his usual delightful and ENERGETIC self — just "buzzing around" and serving in ANY capacity — whether it was painting or waiting on the guest around the picnic table. It was a day of accomplishment — as well as FULFILLMENT for all of those diligent workers at Trinity — and we are so happy to have spent a few minutes with you. You are a real INSPIRATION to all of us!

Here and There:
Interesting news came to us from our good friend, Blanche Calliham who told us of an ever so interesting trip her-

Dear Patricia Latane,
A few weeks ago, I lost a small library book, and haven't found it. Please tell me in your column where to find it. Thank you very much for the information.

Sincerely,
F. S. K.
Dear F. S. K.
Am sorry I didn't get to your letter before. But you have found the book you were looking for.

Dear Pat,
I have a few questions, I would like answered. Will my oldest son eventually achieve success, and in what line of work? Will he marry? If so, when?

Will I have a second marriage? If so, when? How long will I work where I am now employed?

Thank you,
M. S.

Dear M. S.
Yes, as a salesman. Yes he will marry but it will be quite some time before he does. Yes you will remarry the early part of 1959. You will work until the 1st of July.

Dear Pat,
I would like for you to answer these questions: Where is my son? Is he working? Where is my brother now, is he working?

What did I send my son, and wife for Christmas? Why does my husband leave so early for work?

Please answer all these questions.

Thank you,
M. C.

Dear M. C.
Your son is in Michigan; yes, he is working at an Automobile factory. Your brother is also up north; no, he is laid

off at present. You mailed linen for your son and his wives xmas. Your husband leaves early for work as he always stops off and drinks a cup of coffee and talks with a bunch of the boys that stop at this little cafe.

Dear Patricia,
I have written you before. I was pleased with the answer. What got wrong with my son, and his girl friend? Will they ever make up? When will he have to go to the army? What is wrong with me, that people don't like me?

Will my health get better? When? Must I see a doctor? Will I get worse, with this trouble? Will I ever make the change, that I am wanting to make? Will it be best?
Thank you,
S. M.

Dear S. M.
Yes they will make up, it was just a lovers quarrel. He will be called in January or February of 1959. The reason people don't like you is that you talk too much about other people. There isn't anything seriously wrong with you. No, you will not make the change you want to make.

Dear Miss Latane,
Will you answer a few questions for me please?

Will my wife get back with me? It looks like she doesn't love me. I love her, and my children. Does she still love me? What would you do?
A. L.

Dear A. L.
Do you really want your wife and children back? If so why don't you set down and think of the wrongs you have done them. Straighten your self up, try to be a man. Prove to her that if she will take you back that you will make them a good living, and not throw your check away. Stop coming in and raising sand with everyone. She loves you but she is tired of your ways and the way you treat her and the children. Now if you love her as you say you do straighten yourself up and then go to her and tell her what you will do and I know she will take you back.

Dear Pat,
I read your column every week, and I wondered, if you would answer a few questions for me.

First of all; does the boy I'm going with love me? If he does, will we ever get married, and when? Also, I would like to know how long, I will keep my present job?

How old am I and how many brothers, and sisters do I have?
Thank you very much,
D. T.

Dear D. T.
Yes he loves you and you will marry the latter part of this year. You will work until your marriage. You are 22 years old you have 5 children in your family.

Dear Pat,
Several years ago, I lost a ring, that I was very fond of. Will you please tell me, where I lost it, or did someone take it.

Last year, I met a boy, that I liked very much. Did he care anything about me? Is he married now? Is he happy, and will I see him again soon? If he is married, is he happy?
Thanks,
Wondering

Dear Patricia Latane,
Your ring was picked up by a girl friend whose initial was B. Yes, the boy thought a lot of you, but he was married at the time he was going with you. No you will not see him anytime soon but you will see him again. Yes he is happy.

I wrote about our beagle hound, disappearing, and in your answer, you said, a neighbor killed it by mistake, and buried it to keep from causing trouble. Will you give me the full-initial of the person?

Where is my husband's glass case? He lost it within the last month.

Thanks,
C. P.

Dear C. P.
I would say his last initial is a J. Your husband left his glass case on a counter and it looks like a feed store. It is laying under a counter where they sell feed.

Mrs. Elmer Walston

Mr. Robert Cooley, Mr. and Mrs. Elmer Walston, visited Crutchfield, Ky. Sunday afternoon.

On Sunday, April 4, Pittman relatives gathered at the home of Mrs. F. P. Pittman, Folsomdale, Ky., to help celebrate her 90th birthday. When all the relatives arrived the bountiful baskets of food were unpacked and spread picnic style, and enjoyed by everyone, as was the afternoon during which

time they enjoyed the opportunity of all being together. Relatives from here were her son, Mr. and Mrs. William Pittman, her grandchildren, Mr. and Mrs. Denton Pittman, her great-grandchildren, Denesse and Elizabeth Ann Pittman. We wish for Mrs. Pittman many more birthdays.

Mrs. Opal Webb visited Mrs. Alice Walker Friday afternoon. Mr. and Mrs. Glenn Davis, Mr. and Mrs. James Davis and children from Mississippi visited Mr. and Mrs. Wallace Webb Sunday afternoon.

Reserves Are Overloaded With Paper Work

The U. S. Army has been building up its reserve strength since the war, and in particular during the past four years, by the formation of numerous "Reserve" units all over the country, including such towns as the size of Fulton. The current and recent enlistment programs have endeavored to make it easier for a young man to get his military service without seriously hurting his civilian endeavors, in that he can now take as little as six months active service and return to his local reserve unit to serve out the rest of his time while he attends to his schooling or his daytime work.

It's all a fine idea. Reserve units in numerous communities have risen to new highs in manpower and weekly attendance. We have seen new units established all around us, to care for personnel who have selected this training. Young men in the Purchase now find it relatively easy to join the Army Reserve program because their training unit is close by.

However, it is our observation that the increasing size of these units poses a serious problem that the Army is going to have to solve before the whole thing breaks down. The administration and paper-work problems involving a unit of 100 men tax the patience and the available spare time of those officers charged with responsibility of the unit. We submit that it has long since been impossible to do the office work of the unit in the two hours of weekly drill. We submit that it has

long since been impossible to do it in twice that time. We know of one nearby reserve unit with a strength of over 125 that often finds it necessary to detail over a fourth of its strength in "overhead" and then suggests that many must return to work on other nights of the week in addition to drill night.

Even in the small units, the unit commander is burdened with work that puts quite an unfair load on his back. Concerned with training, attendance, records, payrolls, new enlistments, coming inspections and a multitude of lesser pressures, leisure time is dwindling less and less each year as the unit grows. Under such a growing load, the unit officers are having a hard time convincing themselves that they should go out and organize new units and take command of them in communities (such as Fulton) that are currently without reserve training.

The solution? Why not permit the hiring of full-time qualified civilian clerk for units to take care of their paper-work and other time-consuming details, with allowance made for one full-time clerk for say, 60 men? We all hope that our armed forces reserve program grows and expands into every community, but after all, its personnel are civilians agreeing to devote one night's work away from their other numerous duties, but hardly all week at it.

Doris Owens Will Run a Good Race

One political race in May primary (last Saturday in May) that's got Chandler crowd wrinkling brows is that one between Miss Doris Owens, Clerk of Court of Appeals by appointment of Court, and J. L. "June" Suter, backed by Chandler, running for two years of unexpired term of late Charles K. O'Connell. There's temporary (although wary) truce between Governor and Court of Appeals after recent tiffs over appointment of Miss Owens. Practical, old-line political observers say at this point Miss Owens' quiet determination to fight it out gives her edge in sympathies of public and Chandlerites will have to labor hard to overcome that appeal.

There are rumblings from hinter-

lands, especially First and Second Districts of West Kentucky, that Chandler's personal popularity has waned considerably as result of battle with Court of Appeals, plus other "attrition" factors, despite fact lot of Kentuckians feel Governor was right in basic constitutional and legal grounds in his position against Court. Primary Day will test public's opinion.

It's not at all unlikely that Louisville-Jefferson County Democratic organization will "slate" Miss Owens in Primary, although not expected to get into "battle royal" with Chandlerites over this race.

SERMONETTE OF THE WEEK

Needed: Protection for Our Children

By Floyd Anderson

Managing Editor, "The Advocate"
"COULD THERE BE a strong connection between our juvenile crime rate and the brand of television shows and comic books our youngsters are fed?"

This question bothers many thinking parents. The shocking pictures glaring from the "horror" comics on the newsstands, and the brutal crime shows and suggestive plays on television offer a dangerous threat to the minds of our youth.

OF COURSE these media are not totally evil. In fact, they can be a means of education and solid entertainment. The pictures in a comic book can convey an idea better than a thousand words. TV, bringing the top entertainers into the home, can be a source of family unity.

Good television shows and comic books are helpful to our children. But someone must take the responsibility of insuring the youngsters of only the best in reading and viewing. Who will do this?

CONGRESSIONAL investigations and local crusades bring this problem before the public eye. In many ways they help the parents in their job of guiding their children. But they can do no more.

The responsibility and the problem belongs primarily in the home — and in the hands of the parents. Parents cannot wash their hands of it, for the obligation will not wash off. It is a

God-given trust for which they will one day have to answer.

BUT WHAT can parents do? For one thing, they can show their disapproval of bad TV and comics. Television sponsors are interested in profit and do not want to antagonize their audience. If enough complaints are sent in about any program, before long that show will be off the air. Again, if the local store, sells lewd comics, a word to the proprietor and a refusal to trade with him might do the trick.

ANOTHER THING parents can do is to exercise their authority in the home. We tend to forget that this authority extends to the spiritual as well as the physical welfare of the children. Often parents will go to great expense to protect the health of their youngsters, and pay no heed to what goes into their minds.

It is good for parents to look after the health of their children. But their obligation does not end there. In the light of eternity, physical harm is temporary; moral injury may be everlasting.

THE PROBLEM OF bad comics and bad television shows is a serious one. What's more it is a problem that can be faced and solved only in the home. It is up to the parents to supervise the programs their children view and the books they read.

Kentucky Windage

By P. W.

Didn't get to write this column last week on account of so much going on, but don't want to let the occasion pass without comment on the Cub Scout "Pinewood Derby"...the most exciting competition to hit Fulton since the race track at the fairgrounds went out of business.

It is my fond hope that next year the affair will be staged in the Carr gym or South Fulton Gym and that everybody in town will get to view it that would like to. This year the affair was held in the basement of the Methodist Church and only Cub Scouts and their parents were on hand...but, what a night!

Several weeks prior to the race, the Cubs were given a block of pine wood, 4 wheels and 4 nails (for axles) and told to go whittle themselves a racing car designed for speed. Dads could help.

An inclined race track containing six lanes was built by Scout leaders, with a starting gate at the top, and gravity provided the speed.

On the night of the big race around 65 racers turned up, and what a collection...some were real works of art...all were really painted in bright colors...and each one had the fervent hope of some little boy riding in the drivers' seat.

There was great cheering as the heats were run off and as the competition for champion narrowed down to the final two, and then the champion. The little cars, about 7 inches long and weighing around 5 to 8 ounces, really did their stuff.

Maybe, of course we were prejudiced. "Our" little car won second place.

Last Friday I had the pleasure of doing a little piano accompaniment for a very able young Fulton musician...Nancy Adams...in a final audition for an appearance on the Arthur Godfrey TV show before the "main" judge who decided whether or not the acts she hears are good enough, or suitable enough, to be used on the show.

Tillman and Lucille Adams, Montelle Tripp, Nancy and I left for Nashville and the studios of WLAC-TV, where the auditions were held. As we sat waiting around for our turn, we learned that Nancy was one of 15 that had been chosen for the final auditions out of a starting field of 150 who had auditioned a month before. Directly ahead of us was a male quartette known as the "Country Gentlemen" from Murray State, who had been

featured in the MSC Campus Lights show and who are all graduating from the Fine Arts school this year. They have made a number of records for RCA or Decca or somebody and I understand have made a name for themselves in their field.

They went in, stayed for about 15 minutes, and when they came out it was Nancy's turn. The guide insisted that no spectators at all were to be allowed, even parents, so Tillman and Lucille were left in the lobby twisting their fingers as Nancy, Montelle and myself were led thru a maze of offices to the main studio. It was a blank: Piano, microphone and a few spotlights. The judges sat in a darkened room behind glass and spoke to Nancy over an intercom system and whenever she sang it was to that long length of dark window across the end of the huge room.

It sure wasn't any kind of a setting calculated to radiate warmth and friendliness and to enable a performer to perform at her best, but Nancy sang merrily away and did several numbers that the judges asked for. After about 20 minutes the voice over the intercom said "Thank you, Nancy, that will be all for today. We will notify you from New York."

That answer, we discovered, was the stock answer given all performers.

With no more than that for an answer, we came away feeling pretty good about the whole thing. Executive personnel of the station, not connected with the audition, were very complimentary of Nancy's vocal abilities in the popular music field and some little something that she does when she sings particularly wowed 'em. None of us could figure out what it was, including Nancy...but they remembered it from her first audition too.

We were told that probably three of the 15 would be selected for Godfrey's "Salute to Nashville" program the latter part of April, and there was a fine possibility of several more or even all of them being called later in the year.

Just off hand we'd say that Nancy, already seasoned by four years of orchestra and radio singing at the ripe old age of 17½, would seem to have an exciting career ahead of her in the popular music field, Godfrey or not.

We surely hope so. With her musical know-how and a few good breaks, she can go clear to the top in no time.

FROM THE FILES:— TURNING BACK THE CLOCK —

June 4, 1937

Mayfield Clothiers continued their upward climb Tuesday afternoon by defeating the Fulton Eagles, 7 to 5, in an 11-inning battle. Oscher, new hurler for Fulton, gave up nine hits, four runs and was pulled to replacement by Wenning, the losing pitcher. Hahn and O'Connell poled out homers, Batts and Witte connected for triples.

Fulton squeezed out a 1-0 victory over Mayfield. The winning run was made when Clonts drew a base on balls. Yent sacrificed and Hewitt doubled in the third frame.

The South Fulton Board of Education met Monday night and officially elected W. H. Cravens to serve as Superintendent of the South Fulton City Schools. Mr. Cravens comes here from Rives High School where he has been principal for twenty years. The following teachers were re-elected to teach in the high school: Mrs. R. M. Kirkland, Mrs. Malcolm Smith, Mrs. J. E. Thomas, W. C. Roberts and Miss Allie D. Williams. O. A. Moore was re-elected as principal of the elementary grades. Miss Lena Stokes, Mrs. Ebert Lowery, Miss Blanche Howard, Miss Sarah Pickle, Miss Myrtle Brann and Mrs. R. E. DeMyer were re-elected as elementary teachers. Miss Martha Roach, who graduated from South Fulton in 1935 and has attended Murray State Teachers College, was elected to teach the fourth grade.

Mr. and Mrs. C. A. Boyd

have returned from a trip to Dodd City, Kansas, where they visited their daughter, Mrs. Ronald Felkner.

Two changes have taken place in Fulton in the past week, in which Bailey Huddleston was appointed Postmaster to succeed Mack Roach, deceased, and K. P. Dalton was named chief of police here to replace Mr. Huddleston.

Mr. Huddleston is well known in Fulton and Fulton County, having served as chief of police here for a number of years, and as sheriff of the county at one time. Fulton Mayor DeMyer, and Councilmen E. N. DeMyer, Bert Newhouse, J. N. McNeilly, and Tom Boaz met at a called meeting Monday night, when Chief Dalton was officially appointed

A wedding of much interest to Fulton people is that of Miss Pauline Lemond, daughter of Mr. and Mrs. J. P. Lemond of Newbern, Tenn., formerly of Fulton, to Mr. James Stinson of Milan, Tennessee. The ceremony was performed Saturday afternoon at the Fulton Baptist parsonage with the Rev. Woodrow Fuller performing the ceremony. Attendants were Miss Mildred Culvert and Willie Rust of Milan. Mrs. Stinson is the niece of Mrs. J. T. Powell of this city.

Mr. and Mrs. J. D. Davis announce the engagement and, approaching marriage of their daughter, Charlotte, to Robert Sanger of Hickman, Kentucky. The wedding will occur in late summer.

If there are any of you girls out there who aren't on a diet, Mrs. Holland has a cooking school every Thursday afternoon at 3:00 at the K. U. office. Friday nights are really dull around here without any ball games to stir up a little excitement. There was a fashion show though, which we hear went over quite well.

Seems like more and more H. S. boys are going South these days.

Wonder if any of our readers feel guilty over B. W.'s spoiled books. Seems as if ink was either accidentally or intentionally spilled on them...or should we say poured?

C. C. and J. J. seem as set as old hens for each other. Congratulations kids! It's almost been a year, hasn't it?

REQUEST INCREASE

The Board of Directors of Western Dark Fired Tobacco Growers' Association, Murray, Kentucky, today formally requested of Mr. Joseph R. "And an automobile?"
"I told my husband yesterday our car is a disgrace. We—"
"I suppose you read a newspaper?"
"Certainly. And those new-car ads make my mouth water."
"Lady, you need a freight car first!"
"But I don't understand. Why do these things make me need a freight car?"
"It's simple. Just look!"

Freight cars transport

- Autos and refrigerators from raw materials and parts to finished products.
- Pulpwood and paper for newspapers.
- Cotton from bales to dresses.
- Coal to generate power to make these things and to light homes.
- Almost everything else you buy and use.

Everybody needs freight cars. The Illinois Central and other railroads haul two and one-half times as much freight as the next type of transportation.

Telephone Talk

by
HAROLD WILEY
Your Telephone Manager

ALMOST ANY HOMEMAKER around town will tell you one of the most tiring parts of running a home is "running" from room to room. "Room-to-room travel," is how one good lady described it the other day. I'm no adviser on home economics, but was able to tell her a good way to save steps. Have additional telephones installed where they are most needed, like the kitchen, bedroom and den. And I showed her how the smart decorator colors blend, contrast or harmonize with her own color schemes. If you need additional phones, just call our Business Office and place your order. They cost so little—less than a nickel a day plus a one-time charge for color and installation.

AMAZING THINGS in telephone communications are resulting from use of the transistor, a tiny electronic marvel no bigger than a penny. Invented and developed by the Bell Telephone Laboratories, the transistor will do most of the things bulkier vacuum tubes will do, and others besides. It multiplies the voice thousands of times, takes up little space, generates little or no heat and should last indefinitely. So it makes possible many new kinds of telephone equipment which will mean more and better telephone service for you.

"SCIENCE SPECTACULARS," the Bell System's hour-long dramatic television presentations, are being enthusiastically viewed. The first, titled "Our Mr. Sun," was telecast last November. The second, "Hemo the Magnificent," was shown last month. Other gripping science dramas will be presented on network television later. Color films of these exciting spectacles are available for showing to your school, civic or church group. To arrange for showing these films, just call our Business Office.

SUCCESSFUL HOMEMAKING

by Marie Holland

Home Demonstrator Kentucky Utilities

I think that electronic cooking is probably the most revolutionary method of cooking in the history of foods and home cookery. The Electronic Compartment has the shape and appearance of a conventional oven; however, you not only use it as an oven, but it will also perform most of our surface cooking, too. Most foods cook best in the Electronic Compartment. They cook more quickly, the cooking utensils are cool to the touch and there are no pots and pans to scrub since food will not burn on and adhere. Most food which has been cooked electronically has superior flavor, color and texture. Laboratory testing has proved that many foods cooked by microwaves retain from 12 to 35 percent more of its vitamins than food cooked by ordinary methods.

A layer cake baked in the Electronic Compartment takes only three minutes; a loaf cake, seven minutes. Electronically baked cakes are approximately one-third higher in volume than cakes in your conventional oven.

Now you probably want to know, how does the food cook? There is a magnetron tube in the compartment which supplies high frequency energy to the food. You are probably all familiar with the high frequency energy used to broadcast T. V. and F. M. waves. Well, those waves are similar to the type of wave that is supplied by the magnetron tube

in the compartment. It is the miracle of electronics working its magic on foods.

The week of the 15th there will be an electronic cooking center at Bennett Electric. I hope all of you will come in to see it, and I will be there to show you just what a wonderful way to cook is in store for you.

LONE OAK HOMEMAKERS MEET MARCH 27

The Lone Oak Club met at the center for the regular meeting of the month March 27.

The president, Mrs. Bethell, presided, song, "The Quilting Party," was lead by Joyce Brown. Devotional was given by the hostess, Beula Bailey. Club creed was read in unison.

Roll call was answered by nine members with exchanges of flower plants and cuttings. Minutes of last meeting read. Treasurer's report was given.

With the vice-president, Beula Bailey, in charge the clothing project leader's report was given with a demonstration by Valda Puckett. Crafts by Joyce Brown. The club member's demonstration: Mental Health by Annalynn Puckett. Hazel Yates was in charge of the recreation period with Valda Puckett winning the contest.

SCREEN BLOWN AWAY

The giant outdoor motion picture screen of the Fulton Drive-In Theatre on the Martin highway was demolished last Wednesday by heavy winds, which also unroofed the concession stand and caused farm damage in the area.
