Note Book

A newspaper reporter is often called upon to settle arguments that people enter into and I have had my share of acting as such an arbiter. But comes now an opportunity where I have to act as a psychiatrist to determine the sanity of a radio listener.

Actually it amounts to just that for a WFUL listener in Bell City, Missouri is being accused of being a little "tetched in the head" as a result of a program he heard on WFUL. It would be very simple to print the letter so you can know what I am talking about. Here tis:

Bell City, Missouri
August 8, 1957

"Mrs. Joe Westfalling:
"I do hope I have your name right. What I am writing to you about is this. A few weeks ago I heard, or thought I heard, a gun battle in reality on WFUL. It was the case of a Negro man that had shot his wife then himself and you covered this story right on the scene, while it was in action. I had my radio turned to WFUL at the time so therefore I heard the story as it was happening and I told my neighbors and friends about it and they are trying to tell me that I am crazy, that that was only a fictional story that you were telling.

"Now I want you to write and tell me that I am crazy or did this really happen as you were broadcasting it.
"Will you please go into detail about it? Or probably you have the detailed account of it in the newspaper of that date and I will send the price of the paper and postage. If you will mail it to me, I would also like to know if the two policemen lived that the Negro shot.

Mrs. A. M. McFarland
Route One, Box 143
Bell City, Missouri"

Of course all of you in the immediate Fulton area know that Mrs. McFarland is not crazy, but you can realize too what a shock it must have been to listeners in that distant city to hear a bullet-by-bullet description of a real gun battle in action. Fact is I have been told by lots of radio people in the area that it was an unheard of thing to do since we did not have a portable, short wave transmitter.

I think I told you that I was able to broadcast the shooting by telephone over our "beeper" service and many folks have asked where I was "perched." I was standing on a step in Cowell's Grocery and saw the whole "Dodge City" affair.

I hope that Mrs. McFarland will take the copy of this issue of the News, that I will certainly send her, and take it around to her friends and neighbors as a sort of an affidavit that she is not crazy. The whole letter and incident reminds me of the broadcast, many years ago, when Orson Welles broadcast over a national hook-up that Mars had invaded the Earth and that the world was coming to an end. Orson Welles had people scrambling for cover, going out and screaming and created turmoil in general. THAT WAS FICTION!

I certainly hope that I did not create that kind of confusion in Bell City, Missouri. I do know that we have created a wider listener audience for WFUL in that city and will no doubt get many more when Mrs. McFarland shows this column around. But one thing is for sure . . . I hope the people in Bell City don't think that we have that kind of goings on around here, all the time. Indeed we don't. Mrs. McFarland for we're a fine, wholesome, peace-loving community of people.

From a purely journalistic point of view it was, what we news-hungry folks call a good story. And from a view of the radio field, we think that it was similarly a good story. But we would much rather they happen when the folks we know and love are not involved.

So now Mrs. McFarland knows that our "shoot-em-up" was not fiction and we want that her neighbors should know she is not now and was not then . . . crazy.

Businessmen Seek Funds For School Bus Service To Students In Fulton Area

With high school at Cayce now permanently abandoned and a request for enlargement of the Fulton school district still tabled on the desk of the Superintendent of Education at Frankfort, pupils in the seventh grade and up, living in the eastern end of Fulton County will be provided free bus service to attend Fulton schools this fall, the NEWS learned this week, if a local campaign, now underway, is successful in raising funds.

The cost of the service is being solicited from various Fulton businessmen, inasmuch as funds are not available for this service through usual channels, the NEWS was advised. The set-up would be considered a temporary one, for this school year.

Fulton Schools Begin On Tuesday Sept. 3

All first graders and other students who did not register last year in the Fulton City School system will do so at 9:00 Friday morning, August 30.

All the students in the system will go to school at the regular time on Tuesday, Sept. 3, according to J. M. Martin, principal of Fulton High School. School will only be in session a half day Tuesday and all day Wednesday.

When Class Reunion Comes Your Way Talk Is When And Where Grads Have Strayed

What do teen-agers talk about 48 years after they have graduated from High School?

They talk about the same thing teen-agers do anytime. And that was borne out Tuesday afternoon at the home of Mr. and Mrs. Clint Reeds, when Mrs. Reeds entertained at a class reunion of the Carr Institute graduating class of 1909. The occasion was the visit here of Mrs. J. S. Watson, the former Ammie Reeds, who was a member of the class. Mrs. Watson now makes her home in New Orleans.

Just look at us, say members of the graduating class of 1909 as they look at their class pictures. Left to right are: Bettie Hastings, Corrine Evans, Hattie Wood, Cammie Newton and Pattie May Burnette.

Becky Edwards Writes Her First News Story Today

(Ed's Note: Becky Edwards, a graduate of Fulton High School who has been working at the News this summer, asked if she could try her hand at doing a news story. Becky, daughter of Mrs. E. L. Bradley and C. D. Edwards, took to printer's ink like a duck to water and wants to work on the school paper when she enters Union University at Jackson, Tenn. this Fall. We urged her to write her first feature and she chose her dear ole Alma Mater, Fulton High. We think it's a good story.)

School starts soon and everyone is eager to enter a clean, freshly painted school. Everyone will be surprised to see how nice "ole Fulton High" can look. Each and every person will have a chance to see Fulton High and all the other schools in this system on August 29, from 7 till 9 p. m. blend in with the green walls. If they all look like Fulton High (which is the only one I have seen) you sure will have a treat in store for you.

When you enter the main floor by way of the front door, you will see almost all blue. All the walls in the hall are a light shade of blue with the door facings in a darker shade of blue. As you look down the hall, you will see all different colors, if the doors to the classrooms are open. Each room is a different color. Some of the color combinations may sound strange to you, but professional interior decorators figured out the lighting of the rooms.

If you like green, then go across the hall to the science room. I think everything in the room, except floors and desk, is painted green. The freshmen sure will

Two Martin Boy Scouts To Be Interviewed On CBS National TV Show

Two Martin Boy Scouts, Brooks Crockett and Wayne Brandon will be seen on CBS television on a nation-wide hook-up. The News was informed today. John F. Day, Director of News for the Columbia Broadcasting System notified News editor Jo Westpheling that the boys would be guests on the CBS Morning News show from New York, probably on Thursday morning, September 5. Exact time of their appearance will be published in the News and broadcast over WFUL, KFVS-TV and other radio stations and TV stations in the area.

Brooks Crockett, 15, is the son of Mr. and Mrs. Brooks Crockett of Martin and Wayne, 14, is the son of Dr. and Mrs. Robert W. Brandon, also of Martin. The boys will be returning on September 4 from the World Scout Jamboree in England. They also attended the U. S. Scout Jamboree in Valley Forge.

Wayne and Brooks, have been close friends since their Cub Scout days and both dreamed of attending the two huge jamborees. Their dreams came true.

In the Rotarian for September, 1957, the international magazine of the Rotary Club, the boys were the subject for a four-page feature article. They were selected by the editors of that magazine because they so exemplified the true characteristics of an American Boy Scout.

Dr. and Mrs. Brandon will leave Martin for New York on Monday. They will meet the returning Scouts and notify the News of the exact date of their appearance on the national television network. This is the second time this year that this area will be spotlighted on a national TV Show. In April Nancy Adams appeared as a national winner on the Arthur Godfrey Show.

Industrial Committee Seeks Wishes Of Local Population On Method To Proceed For Securing Industry Here

Is all of Fulton behind the movement to get industry was the topic of discussion at a meeting of the Industrial Committee of the Chamber of Commerce held Tuesday.

It was the consensus of those members present that the largest majority of local citizens want industry, but participate little in the attempt to get it.

At one of the most enthusiastic meetings of the committee held here in recent months it was revealed that all obstacles for procuring industry for Fulton have been removed.

An informative brochure has been prepared for presentation to prospective industries.

Options have been secured on available factory sites. Proper contacts have been made with national and state agencies giving Fulton serious consideration for possible industry.

The question remaining before the committee that needs the whole-hearted support of local citizens is this:

SHOULD THE CHAMBER OF COMMERCE SECURE THE SERVICES OF A FACTORY LOCATING SERVICE OR AN EXPERIENCED, QUALIFIED REPRESENTATIVE TO MAKE PERSONAL CONTACTS ON PROSPECTIVE INDUSTRIES WISHING TO LOCATE IN THIS AREA.

The committee went on record to present the question to local citizens and have them make their wishes known to the Chamber of Commerce officials or to members of the Industrial Committee. A town meeting was suggested. If enough citizens make their wishes known for such a meeting, it will be held.

Few local citizens are aware of the tremendous amount of work that has been done by the Chamber of Commerce and its industrial committee. Many more things must be done in order to make Fulton the ideal place for industrial location.

Primary consideration at the meeting was given to the necessity for several down-town property owners to improve the appearances of their store fronts as well as the backs of the buildings that face on the main streets.

PATRICIA LATANE

Dear Pat,
I wrote you several weeks ago and have not seen it in the column yet. I would like to know if, and when our side of the street will be changed from residential to business? My husband has a new job. His old job he had for 32 years. This one he is not sure how long will last. Could you give me some idea? Please answer as soon as possible. Will we sell our place and when?
A happy reader,
B. R.

Dear B. R.
Your street will not be changed until spring of 1958. The job your husband is on will last for several years and he will remain on it. No, you will not sell your place until after spring 1958.

Dear Pat,
This is my first time to write. I read your column every week and enjoy it. I would like for you to answer a few questions for me. I have been in bed sick for about 5 months. Will I ever get well? Will my husband sell our farm this fall? If so, when will we move? Can you tell me how many children I have had and how many I have at home with me now?
Thanks,
Anxious to hear
L. C.

Dear L. C.
Yes, you will get well but it will take a little time. No, you will not sell your farm. You have 6 children and there are two at home now.

Dear Pat,
Please answer these questions for me.
What ever happened to P. A.? Does he still have the large picture I sent him? Is he married by now? Will I ever have any more children? If so, when and how many?
Please answer in the next issue.
Thanks,
A. R.

Dear A. R.
P. A. is married and living in Virginia. No he doesn't have the picture. He destroyed it when he married. Yes, you will have two more children. One in 1959 and one in 1961.

Dear Patricia,
I would like for you to answer some questions for me.
How long will I have to work so hard to make a living for my family? Will I continue with my present job? Will I ever marry again? If so, when and do I know him now? How long has my husband been dead? Will I ever get to go out West? Would my health be better if I did go West?
Thanks a lot
M. R.

Dear M. R.
You will work for several years to come. Yes, you will continue on your present job. Yes, you will marry again but it will be the latter part of 1958 before you do. No, you don't know your future husband. You will meet him in January 1958. Your husband has been dead 3 years. Yes, you will get to go West in 1959 but you won't like it and will be back. No, I don't think it would help your health.

Dear Patricia,
After hearing about your column so much, I read it today for the first time and found it very interesting.
Does my husband love me? Will he receive the large amount of money he is expecting? I will appreciate your answer very much.
Sincerely,
Mrs. B.

Yes, your husband loves you. Yes, he will get the money, but he will be a little disappointed as it will not be as much as he thinks he is going to get.

Dear Pat,
I have written before and was satisfied with the answers I got. I would like for you to answer a few questions for me. Does this boy of whom I am thinking care for me? You said I would get married in 1957. Could you tell me when, and what are the initials of the man I will marry? Where will I live when I get married? Will I ever get a job? Does L. E. care anything about me? Will my brother ever get a job? Will this boy to whom I am writing ever mean anything to me? Does M. A. love P. D.? I will be looking for an answer soon.
Thanks,
J. L.

Dear J. L.
Yes, he does care for you enough. You will marry him in December 1957, in the same town that you are now. Yes, you will get a job washing dishes and keeping house. No, L. E. doesn't care for you. Yes, your brother will get a job. No, he will never mean anything to you. Yes, M. A. loves P. D.

With letters, a choice item among gourmets, is the creation of the late Major Jack Bibb, who lived at the corner of Wapping St. and Watson Court, Frankfort.

According to history, Christopher Gist was the first white man to enter the area that is the city of Frankfort today. That was in 1751. Then, 19 years later, Daniel Boone killed an Indian warrior within what is now the capital city's corporate limits.

A special Lafayette Day program will mark the opening of the 1957 Kentucky State Fair at Louisville. The day also is the 200th anniversary of the birth of Marquis de Lafayette, the French nobleman who helped the American colonies win independence and later visited Kentucky.

English poet Lord Byron sang of Daniel Boone and referred to him in the long poem "Don Juan" as "General Boon, backwoodsman of Kentucky."

Hardinsburg in Breckinridge County came into existence in 1789 as a fort built by William Hardin, soldier and frontiersman, known to the Indians as "Big Bill."

happy hickman happenings by joye stokes

A column devoted to the social events of our friends around Hickman. Call Joye at Hickman 2059 for your social news.

Tell me is there anything more wonderful than living in a small town? You know everyone, their sorrows are your sorrows, their joys are your joys, and most of all their house guest is your bait for entertaining!

VISITOR

It is always fun to have Mrs. W. E. Leath of Humboldt come to Hickman to visit Mr. and Mrs. Harry Barry. When Bernice comes you get on a merry-go-round and stay until she leaves.

Sunday night they were dinner guests of Mr. and Mrs. Charles H. Scates in Union City. Monday Mrs. J. A. Whipple entertained her bridge club and Bernice was an honored guest. Tuesday afternoon Mrs. Earl Ezell complimented Mrs. Leath with a dessert bridge at "The Willows". Mary S. Bacon.

Hamby, Mozelle Travis, Mary Barry, and Bernice Leath carried away the honors. "Happy Hollow" was the setting for a Bar-B-Q Tuesday night when Mozelle Travis and Helen Stone were co-hostesses. As always a good time was had by all especially the honoree, Bernice. Mary B. and Bernice were all day guests of Lillian Farmer in Dyersburg Wednesday, and that night were guests of Dorothy Roper when she entertained her bridge club. Sorry you had to leave Thursday Bernice; just give us a little time to rest and come on back.

HAPPY BIRTHDAY

Agnes Bacon celebrated her ninth birthday on Tuesday, August 20, from four until five thirty at her home. Agnes is the daughter of Mr. and Mrs. John S. Bacon.

Thirty girls enjoyed playing drop-the-handkerchief, donkey tail, and basket ball. The fact that the party was "out" on a farm made it a special treat for so many of the children. Agnes gave all of her small friends miniature straw hats for a parting gift. We are all looking forward to next year Agnes!

Home After Operation

So glad to have Mrs. L. B. Eason home from the Methodist Hospital in Memphis. Nell is the first lady of our Methodist Church. Believe me it is not the same when your pastor's wife is ill and away from home. Happy you are doing so much better Nell.

Golf in Union City

Last Tuesday was a day made for golfers, and the Hickman girls took advantage of the Union City Country Club's invitation to play as their guests.

Mary Howard was one of the many hostesses for the day. Mary always goes out of her way to take care of all of our needs. I know she and Glad Moore enjoyed playing together, they played their first game together in the rain in 1936. They always have more fun than anybody.

Jessie Lou Golder saw to it that one of the prizes came back to Hickman. Frances Amberg, Martha Hale, Mabel Helm, Martha Hornsby and yours truly enjoyed playing with the ladies from Jackson, Tenn. and Union City and of course all of our friends in Fulton.

With Us and Away

Mr. and Mrs. Robert Sanger and children have returned from a long week-end of fun spent with Mr. and Mrs. W. R. Butt in Louisville. "Pot" and Bob enjoyed playing golf with W. R. Nancy, Ellen, and Joe had fun playing with Biff, Bob and Bill from day light till dark while Charlotte and Ruth played little Mothers for the bunch. The outstanding event for the week-end was a dinner dance at the Big Springs Country Club, where 700 guests danced to the music of Ralph Flannagan's music. Bob stayed with Ruth and W. R. for a few more days of golf, then flew to Paducah where Charlotte and the other children meet him. Needless to say what a kick the kids got out of seeing Bob come in on a plane.

Austin and Bonnie Voorhees took Jane and "Dug" to see their grandparents, Mr. and Mrs. Austin B. Voorhees in Baton Rouge, La. They left Sunday morning and returned Thursday night. While in Baton Rouge Bonnie took a couple of golf lessons — so

look out old Bonnie is going to beat us the La. way!

Mrs. K. A. Mitchell has gone to Mayfield to visit with Doris and James Allen Mitchell who are the proud parents of a seven and a half pound baby boy.

Fun was in order Thursday morning when Mr. and Mrs. William Owens and daughter, Brenda honked for Ann Tipton, Bobby Kelley and Bonnie Coffee. They were on their way to Memphis for a couple of days. The girls wanted to do some last minute school shopping. Really I don't know when they had time to shop. Ralph Tipton and friends of Memphis entertained the girls Thursday night. Judy Laird who is living in Memphis had the girls for lunch at Goldsmith's. Effie and "Boss" said the Gayoso would never be quite the same! You know it is fun to get out with the young set — makes you kind of feel young again.

Welcome Back! Its a cheery welcome back home to Mrs. Cordelia Royer who has been visiting her daughter, Mrs. Alexander Lee, of Hutchinson, Kansas. Mrs. Royer was gone for five weeks and folks around town really missed her. While on her trip, Mrs. Royer had a fine time and frankly I think she was just as glad to get back as we were to see her return.

Nell Johnson and Mary Cowgill dusted off the welcome mat Friday for Mrs. James H. Wells and daughter, Suzanne, of Harrisburg, Ill. were coming for a long week-end. Saturday was Suzanne's twelfth birthday. When Helen, her mother, asked what Suzanne wanted for her birthday she said at once she wanted to spend the week-end with "Mama Nell". That wish was gladly granted. Saturday night Nell and Mary had Ann Marshall and Sandra Stokes to spend the night with Suzanne and believe me they had all the birthday trimmings. The Johnson-Cowgill home was open to all of Helen's friends

Hickman Votes To Seek Funds For Expansion

No Dissenting Votes Cast On Action To Amend Corporation

Hickman Development Corporation and Hickman Chamber of Commerce directors, meeting jointly in the Chamber offices in City Hall, voted last week to proceed with plans for a Small Business Administration loan to finance expansion of the Hickman Garment Co. in East Hickman. The action followed an approval by stockholders of an amendment of the by-laws of the community development corporation.

A total of 1408 shares of the total of 1994 shares in the corporation were voted for the amendment recommended by the SBA. The amendment recommended by the government agency limits the corporation to community development and prohibits the use of the community development corporation for speculative purposes.

There were no votes or proxies at the meeting recorded as opposed to the proposed amendment and the 1408 proxies were more than the two-thirds majority of stockholders needed to carry the proposed amendment. A resolution by the HDC recording the change in by-laws was slated to be sent to the Secretary of State at Frankfort.

Julius Falkoff, Walter Austin and Erie Ezell were appointed as a committee to meet with the Hickman Garment Co. officials to negotiate a revision of their rental agreement to cover the monthly repayments of the SBA loan; and finalize plans to inaugurate the payroll savings plan.

FAST REFUELING

A new jet-powered KC-135 Stratotanker made by Boeing, the August Reader's Digest reveals, can refuel the latest jet bombers in mid-air at high altitude while both airplanes are traveling at a speed close to 600 miles an hour. Previously refueling had to be done at speeds of about 250 miles an hour.

KILLING ELM TREES

Dutch elm disease, a fungus first discovered in Holland after World War I, has crased 4 million elms from the American landscape but it is possible to save remaining trees with proper control measures, reports the August Reader's Digest.

Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

Ever so often I have a card or a note from a FRIEND from a FAR AWAY place whom I haven't seen for a long time and they tell me that they keep in touch with their Fulton friends — through this Diary of Doin's. Now you may well know how HAPPY that makes your Diarist — in fact, it's a real INSPIRATION to me.

Actually, I never think of these thoughts, that eventually reach the "printed page," as WRITING. Its more like setting down and having a good old TALK with ALL of you. And, do you know that includes a LOT of people scattered all over these United States?

Then — sometimes I have a newspaper clipping from some place with an interesting account about a former Fultonian or some member of their family. And last week a nice, large manila envelope from the Peoples Bank of Lakeland, Florida came in the mail.

At first, I was a little worried about a Florida Bank writing to me — but after looking more closely I saw the name PENN printed just above the name of the bank — so — my worries were over as I realized that it was from my GOOD friend, Mary Elizabeth Beadles Penn.

Mary Elizabeth, you know is the daughter of the late Mr. and Mrs. Polly Beadles who moved from Fulton to Lakeland several years ago. The envelope she sent contained a copy of the Lakeland Ledger with a delightful account of the wedding of Robert Latta (Bob — to us) Butterfield of Orlando, Fla. and Barbara West of Lakeland.

We were SO interested in the story because Bob is the oldest son of one of our own Fulton gals, Bena Latta Butterfield. We had heard lots about the wedding from Mary and Ann Latta. They went down to Orlando and Lakeland earlier in the week to attend some of the pre-nuptial parties.

The Butterfield family, Frank, Bena and the children, Bob, Sue and Frank, Jr. visit in Fulton often as the guests of Bena's brother, Gilson Latta and her sister, Emily Hardin.

Our best wishes go to the young couple for their happiness. And our thanks to Mary Elizabeth for sending us the paper. (The account of the wedding appears in this issue.)

Rotary Anns of Fulton will be making ready for the Annual Family night given by the Rotarians on Thursday night at 6:30 at the Country Club. It's a night when members of the club get their families together and have fun. My friend, J. D. Hales, says they are looking forward to having a one hundred per cent attendance. And we hope they do because there is nothing nicer than a real picnic with the mamas and papas — and the kids!

Jean Stahr Trinca, Dr. Pete's wife was in Fulton Sunday evening visiting with her friends. We're real sorry to have missed her. The Trinca's and their three children, Diane, Sam and Joe live in El Dorado, Arkansas.

Richard and Lorraine Newton and children, Susan and Larry have returned to their home in Falls Church, Virginia after spending several days with the McDade, Baird and Wright families in Highlands.

Spent Monday afternoon "just talkin'" with Elsie Weak's — about the WONDERFUL trip that she and hubby, Louis, have just returned from. The Weak's and Elsie's sister, Wilma Berger, and husband, Ben, of Oklahoma City left about three weeks ago for a western trip that included a delightful visit with the Weak's daughter, Mary Davis Dicken and her husband, John. The Dicken's family is stationed in Sacramento, Calif. with the Air Force. It surely was a PERFECT trip in EVERY way. They made ALL of the interesting spots on the way out to California. And you may KNOW what FUN they had while visiting Mary Davis and John. Just think of the GLAMOUR of being on top of the Mark Hopkins in San Francisco at SUNSET! They DID just that! And — they rode the CABLE CAR, too. Maybe I'd better stop writing about it because this hooked rug here under my feet is NOT a MAGIC CARPET and it's for SURE that I have to hop on a carpet of that kind — before I'll ever get to CALIFORNIA! (But, confidentially, Mary, I have a coffee can that has twenty DIMES in it — that I'm 'a savin'").

Eugenia Harris, Nelle Martin

were Midland, Texas, Carlsbad Caverns, El Paso, Juarez, Mexico, Tombstone, Arizona and Boot Hill.

They also went to the Indian Reservation at Sells, Arizona. While in California they visited a lot of wonderful places such as Disneyland, Knott's Berry Farm, Ghost Town, the ocean at Long Beach, Hollywood and C. B. S. and N. B. C. The Graumans Chinese Theatre, Farmers Market, Brown Derby, and visited through the Forest Lawn at Glendale.

The Grand Canyon, Painted Desert, Petrified Forest, Mesa Verde National Park, Royal Gorge, Pikes Peak and other interesting places were also on their agenda.

The W. E. Green family of Fulton enjoyed a FAMILY REUNION down at Reelfoot Lake last Sunday. Out of town guests who were in Fulton for the nice occasion were Mrs. Eugene Thomas, the former Lillian Green of Fulton who now lives in Hollywood. She is a guest of her sister, Edna Earle Hilliard (Mrs. Gene) at her home on Walnut Street. Another sister, Mrs. Bob Grandy of Chicago is also a guest in the Hilliard home. Lillian's daughter and HER daughter, Cheryl Lynn, were also here to attend the reunion. They live in Oswego, N. Y.

And from Knoxville way came Mayburn Green, a brother to the three "girls". They've all had worlds of fun just being together and we're all happy that they were here for such an occasion.

One of the loveliest parties honoring bride-elect Frederica Gibson was a bridesmaids luncheon given on Saturday at 12:30 at the Park Terrace. Hostesses for the occasion were Eron Hill and daughter, Mary Ann, Mozelle Gregory and daughter, Betty.

A delicious three-course luncheon was served to the following guests, Nelle Gibson, mother of the bride, Mrs. George White, mother of the groom, Beverly Hill, Agatha Voelpe, Shirley Walker of Memphis, Shirley Easley Hawks, Shirley Homra of Tiptonville, Tenn., Norma Owen and Eleanor Harper of Memphis.

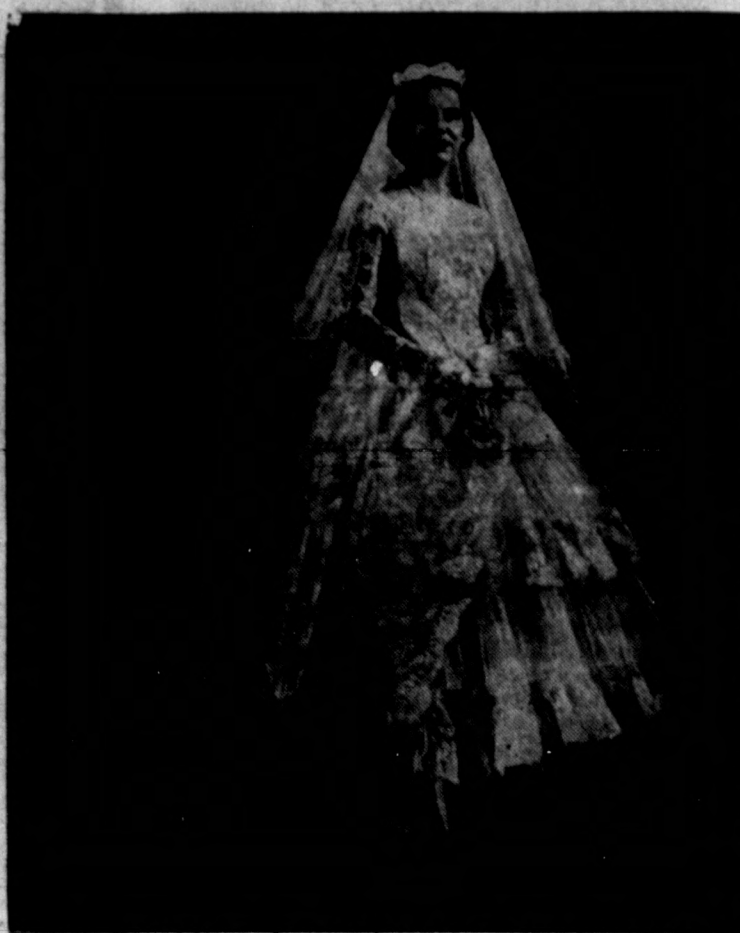

The table held as its centerpiece a beautiful white milk glass epergne filled with gold marigolds. Frederica wore a yellow mum corsage, a gift from her hosts. She was also presented with a set of crackled glass beverage glasses. All of the bridesmaids were given attractive costume bracelets as a gift from the bride-to-be.

A lovely affair that climaxed a round of pre-nuptial parties was the rehearsal party given by Mr. and Mrs. George C. White, of Memphis, Tennessee honoring Miss Frederica Gibson and their son, Wayne White, whose marriage was solemnized at the First Methodist Church on Sunday the twenty fifth of August. The dinner given at the Park Terrace private dining room followed the wedding rehearsal at the Methodist Church on Saturday evening.

The tables were arranged in a U-shape and held arrangements of white gladioli white stock and deep purple asters with satin bows and streamers. A delicious four-course dinner was served.

The honoree wore an informal dinner dress of beige lace over a slightly deeper shade of taffeta. The sheath line dress featured a sabrina front neckline and a deep V in the back. The high empire waistline was finished with wide brown velvet which formed a tailored bow. Her accessories were beige and she had a corsage of carnations.

The hostess wore black chif-

Methodist Church Scene of Wedding Of Frederica Gibson and J. Wayne White

The light of many candles and the late afternoon sunlight shining through the beautiful stained glass windows shed a radiant glow on a wedding scene of unusual beauty on Sunday afternoon the twenty fifth of August, nineteen hundred and fifty seven, when Miss Frederica Gibson, lovely young daughter of Mr. and Mrs. James Frederick Gibson, became the bride of J. George Wayne White, son of Mr. and Mrs. George C. White of Mem-

phis, Tennessee. The impressive double ring ceremony was solemnized in the First Methodist Church with the pastor of the church, the Reverend Henry E. Russell, officiating. A large assembly of relatives and friends of the young couple and their parents witnessed the ceremony at five thirty o'clock.

As the guests assembled Mrs. Gus G. Bard, organist, gave a program of nuptial music. Preceding the ceremony Miss Beverly Hill, soprano, sang "Because"—D'Hardelot and "Oh Promise Me"—DeKoven. Following the ministerial prayer she sang the Barnby wedding hymn, "O Perfect Love". The wedding marches from Wagner and Mendelssohn were used for the processional and the recessional.

The bride, who was escorted to

the altar and given in marriage shading from beige to brown, by her father, wore a handsome formal wedding gown, an Emil original creation, of crystal white imported Italian pure silk Chantilly lace poised over tulle and bridal satin. The closely fitted bodice was slightly elongated and was pointed below the waistline. The sabrina neckline revealed the exquisite scalloped border design of the lace; the long sleeves ended in points over her hands. Tiny covered buttons closed the back. The voluminous skirt was fashioned of alternating ruffles of the bordered lace and finely pleated tulle. Additional fullness was given to the lace panel in the back which was edged in the tulle pleating and developed into a full length fan-shaped train. Her tiered veil of hand rolled illusion featured a face veil and fell from a lace crown which was studded with seed pearls. She wore pearl earrings and a single strand pearl necklace which were gifts of the groom. She carried a white Bible which was topped with a large pure white Cattleya orchid surrounded with lilies of the valley. The flowers were caught with illusion and tied and showered with double faced, picot-edged satin ribbons.

Miss Eleanor Harper was the maid of honor; the bridesmaids were Miss Mary Ann Hill, Miss Shirley Walker, Miss Norma Owen, Mrs. Charles Homra, and Mrs. Jerry Hawks. The flower girls were Lynn Lashlee and Julie Ann Hall cousins of the bride. Lee Hall also a cousin of the bride was the ringbearer. The groom's father served him as best man. The ushers were Jerry White, brother of the groom, John Wyly Lashlee, cousin of the bride, Richard Pruitt, DeWayne Anderson and James Greenhill. The bride's mother wore a beautiful afternoon dress, a Tee-Ca-Mode original, of deep beige sheer silk peau de soie, over matching taffeta. The dress was designed along sheath lines. Narrow bows of the material were placed at each shoulder. Matching Chantilly lace with scalloped edge filled in the neckline and formed the sleeves. The silk skirt was draped to the back and a self bow was placed at the top of a flared lace inset in the back of the skirt. She wore a shell hat of feathers

Barbara West And Robert Butterfield Are Married In Lakeland, Florida

Miss Barbara West became the bride of Robert Latta Butterfield of Orlando in a candlelight ceremony at First Methodist Church at 5:30 o'clock. Dr. J. Milburn McLeod performed the ceremony.

The bride is the daughter of Mr. and Mrs. B. D. West, 305 Palmola Drive, and the bridegroom's parents are Mr. and Mrs. Frank M. Butterfield of Orlando.

Wedding music was presented by Mrs. Wayma Reid Robson, organist, and Mrs. John Hamilton, soloist.

Wearing a formal wedding gown of Italian silk over tulle, the bride was escorted to the altar by her father. The gown had a basque bodice with Sabrina neckline and brief shirred sleeves. The bride's bouquet was a nosegay of small white carnations and sprays of pink sweetheart roses entwined with ropes of simulated pearls.

CLASS REUNION—

right down in the middle of the floor." That brought a hearty laugh from the class today as it did 48 years ago.

Each of the "students" brought some memento of the school days and the class prophecy, the last will and testament of the class and old class pictures were read and viewed with much delight.

The Class of 1909 consisted of seventeen students, ten girls and seven boys. None of the class members married each other, but the class had its share of school day romances.

Mrs. Watson, for whom the reunion was held, is a sister of Mr. Reeds. It was evident from the conversation on Tuesday that the class had kept in touch with each other and that all of the girls in the class were still living.

In asking one of the class members what they discussed mostly at the party one of them laughed and said: "Well, it's not our ages that's certain."

Members of the class present were: Hattie (Anderson) Wood, Ammie (Reeds) Watson, Ina (Foy) Little, Gladys (Robinson) Moore, Pattie May (Simmon) Burnette, Corrine (Pickering) Evans, Mary (Webb) Shepherd, Bettie (Davis) Hastings and Cammie (Linton) Newton.

Other members of the class were: Robert Bard, Frances (Calder) Ezell, Kathleen (Chambers) Chitwood, Edd Kelley, Will Morris, Herbert Rankin, Roy Thomas, Charles Thompson and Frank Wright.

All attendants were attired in ballerina length dresses of pink and rose petal taffeta, featuring a sweetheart neckline and cap sleeves.

Miss Judith Zellner of Orlando, a cousin of the bride, was maid of honor. Other attendants were Miss Sue Butterfield of Orlando and Miss Joann Adair of Lakeland.

Mr. Butterfield served his son as best man. Ushers were Jerry Cloud, Claude Skinner, Tom Pinel, Britt Simms, Frank Butterfield, Jr., all of Orlando, and Jack Sneed of Tampa.

For a wedding trip to New Orleans the bride wore a midnight blue silk and linen sheath dress with black accessories and a corsage of sweetheart roses.

BECKY EDWARDS—

be done in this room. I guess you would say that it is a pale yellow or cream color trimmed in a beautiful tan. The tan trimming gives it that finished look. The library, which is really part of the study hall, is in green.

Coach Thomas's room is done in a beautiful blue with turquoise focus wall and turquoise trimming. If you look at it too long instead of the teacher, it might put out your eyes.

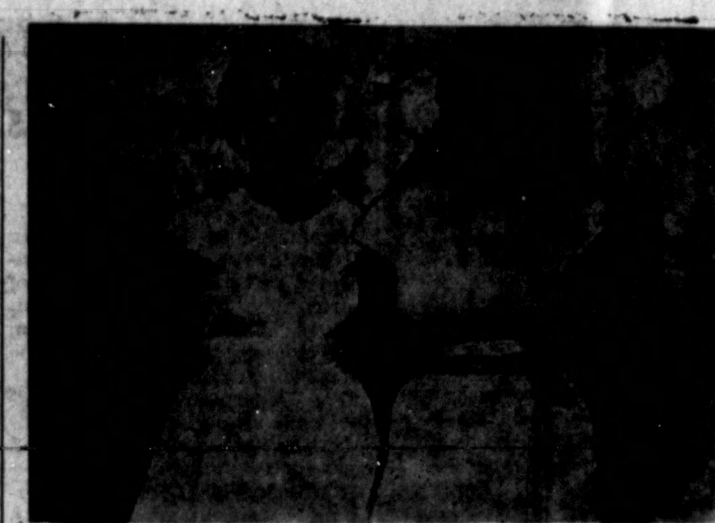

Across the hall from this loud room is Mrs. Howell's English room. No student can finish school now days without Freshman English in this light green room with an army green focus wall and trimming.

Since that seems to be all of the top and main floor, let's go down to the basement, where there are several important classrooms. The recreation room, where there is always much activity, is done in a beautiful shade of pink with a deep rose trimming.

The sewing room is the Home Ec. department is in light green. Many pretty dresses can be made in these surroundings. The kitchen is a salmon, if you know what that is.

That leaves the typing room which is in pale yellow with an army green trimming.

As you have gone all over the school, you should have noticed the bright shiny floors, which have just been varnished. With all this painting, the lights (new last year) and the heating (new year before last), any student will be glad to work hard in Fulton High next year.

Cooper Advises ACP Program Is Same For 1958

Senator John Sherman Cooper (R-Kentucky) said he was informed today by the Secretary of Agriculture that the 1958 Agriculture Conservation Program will remain "substantially the same" as in 1957.

The Department's action in effect ends an earlier threat of eliminating several widely-used conservation practices.

Kentucky's share of the national ACP program amounts to an estimated \$7 million which is available to farmers on a cost-sharing basis for such conservation practices as: top-dressing with lime, seeding of short-term and rotation cover, conservation draining and ditching, building livestock ponds, providing scrub and brush control, tree planting, contour and strip cropping, construction of sod waterways and check dams, pasture and range management, terracing, and controlling of wind erosion.

In 1955, more than 51,000 farms in Kentucky, representing 38 per cent of the State's farm land, participated in the ACP program.

Idle For 100 Years

Recent statements holding out the possibility of men and women living to ages of 125 or 150 years deserve to be read with statements from a study dealing with employment problems of workers 45 years of age and older.

The study was made by the Department of Labor's Bureau of Employment Security. The results are described in Social Security Bulletin from which we quote a paragraph:

"While workers aged 45 and over made up 40 per cent of the job seekers in the seven areas, they obtained only 22 per cent of the jobs filled by employers during the year under study. Similar disparities were found among men and women. Male work-

ers aged 45 and over, representing more than two-fifths of all male job seekers, obtained less than one-fourth of the jobs for men. Women aged 45 and over who made up one-third of the female unemployed workers, obtained about one-sixth of all jobs for which women were hired."

So, if science extends human life and if enterprise continues to discriminate against older workers, we shall face the possibility that some workers, so unfortunate as to lose their jobs at age 45, will not be able to acquire new jobs but will have to live on for 100 years in idleness, supported by society. — Ogden (Utah) Standard-Examiner.

Costly Public Improvements

In a current article in the Reader's Digest, the trend toward palatial school buildings, complete with little-used but nice looking auditoriums, is pointed out. The author, examining the expenditure of public funds that seem to be wastefully going to fancy gimmicks and unnecessary luxuries in so many buildings, points out that elimination of the idea that a modern school building has to be a "dream palace" would result in more money either being saved, or else used to build more classrooms.

In a similar pronouncement on public spending during the past few weeks, we note that congressional circles, examining certain new construction going on for the benefit of

the Armed Forces, have been appalled that the former "utility with austerity" motif has been modified to where current construction now includes all kinds of unnecessary floors, walls, facings and eyewash.

Spending public funds for public improvements can be a bottomless pit that will hold any amount of money thrown into it. We sometimes wonder, seeing millions after millions thrown around by the Federal agencies, how else our land can be looked on but as "the land of plenty" by foreign observers.

It is refreshing to occasionally have someone question whether or not we can afford it.

SERMONETTE OF THE WEEK

How To Love Someone You Dislike

By Rev. Wilfrid Diamond, Lecturer
A man came to Christ one day and said to Him, "Which is the first commandment of all?" Jesus answered—the law of charity—love of God and love of neighbor.

NOTE THAT the commandment says "love". It does not say "like." What does love mean here? Not merely the love of popular songs, but more than that. It means—to wish another well. This love expresses itself in good deeds—for the language of love is action.

What does "like" mean?—to receive personal satisfaction from. You are not commanded to like everybody. You cannot help disliking certain persons—the arrogant man, the cheat, the liar.

THESE DISLIKES are part of you and the law of charity makes no effort to change them. But the law of charity does say that there are certain things you must do in spite of these dislikes. You have to lay aside dislikes for a higher purpose.

Put it this way. In our daily relations we admit the fact of natural dislike, but if there is something else at stake we try not to let dislike interfere. Two basketball players dislike each other, but if one of them is in a scoring position, the other will throw him a pass.

WHAT HAVE they done there? They have agreed to lay aside their dislike for a higher purpose—the team victory, sportsmanship.

On a larger scale, two soldiers of the same army in combat may not like each other. But they defend each other. They freely forget their dislike for a higher purpose—the defense of their country.

NOTICE THAT both ways of overcoming dislike have one defect—

they cease when the whistle blows or the battle is over. They do not apply to all men of all times and places.

But the higher purpose of the law of charity does apply always. The Christian following the law of charity must see God in everyone—even the man he dislikes. Because...

OUR NEIGHBOR is made to the image and likeness of God—a spiritual, not a bodily likeness—for every man has a spiritual and immortal soul, which is made to the image and likeness of God.

This spiritual likeness I must try to see, even though it is sometimes hard to see. I may not like the way my neighbor walks or talks. I may not like his actions or political convictions. But I must love the image of God in him.

I MUST also see him as a person redeemed by Christ, Who died for all man of all times and places. If Christ thought enough of him to die for him, I should think enough of him to be kind to him.

LABOR DAY

The real end of the American year is not the thirty-first of December but the old festival of Labor Day.

—Alistair Cooke

The richest blessings are obtained by labor.

—Mary Baker Eddy

Pray as if it all depended on God, but work as if it all depended on you.

—Laurence Jones

If you divorce capital from labor, capital is hoarded, and labor starves.

—Daniel Webster

Genius begins great works; labor alone finishes them.

—Joubert

A day's work is a day's work, neither more nor less, and the man who does it needs a day's sustenance, a night's repose, and due leisure, whether he be painter or ploughman.

Kentucky Windage

By P. W.

Well, it's back from Army Camp in Maryland this week I am, and the annual two-week jaunt in the sand dunes up between Washington and Baltimore has become such an annual routine that it's no trouble taking it in stride... just as long as there is Jo to stay and keep things rolling.

And keep 'em rolling she did... got more business for the News the two weeks she was on the full-time job than I had been doing. Now how're you gonna beat a wife like that?

The obvious answer: don't beat her at all.

One thing about getting back to civilian pursuits after a little army life: you don't get any rest like you do during the day in Army reserve training.

Rarely a day at camp didn't offer some kind of a "break" in the training where a guy could stretch out in the field under a tree and sleep for a half-hour or so... maybe several times a day. Whether you are sleepy or not, that is the routine of a field soldier: sleep every chance you get that you're not occupied with duty. Rush back to the barracks after noon chow and grab 30 minutes; rush up to your bunk and "sack in" when there's nothing else in particular to do during the day, and you can get by with it.

So today I'm back in the office. There are two comfortable divans around, where I could go over and sleep for an hour or two.

But no, I'm on my "own time" and this work has to get out. So no more daytime naps until next summer!

It seemed strange indeed to leave this Ken-Tenn area, where tremendous rains had played havoc with spring planting, and emerge into an area on the Eastern seaboard where a tragic summer-long drought had played havoc with whatever crops had been planted.

Here, on one hand, we had it all, and up in Maryland and most of Virginia, and much of Tennessee, they had nothing. Fields were scorched brown, corn dried up without ears, ponds dry and dust everywhere.

And just a few short years ago, about 1953 and 1954, just the opposite was true. The mid-south dried up while the East was flooded.

Man, it seems, can invent atomic energy, jet planes, ascend to 100,000 feet and circle the globe almost with the speed of the sun, yet he cannot entice a rain cloud a foot further than it wants to go.

Who could have predicted the popularity of blue denim jeans among the teen-agers? Surely not the designer, a German immigrant, Levi Strauss, who followed the California gold rush over a century ago.

Strauss brought from New York to San Francisco a bundle of

canvas for tents and covered wagons. When a miner asked him for material to make tough, lightweight pants, Strauss took him to a tailor and tried out the canvas. It was a big success.

In 1853 the Strauss family organized Levi Strauss & Company. Millions of their levis have been sold, even in Paris and Rome.

The rivets were added, partly as a joke, when miners complained that the pockets ripped if they stuck ore samples in them; a patent was taken out for the use of the rivets.

At first many city parents thought the pants looked atrocious, but the cost was low and the girls cried for them, so what?

New Agency In Home Loans For Area Residents

Private Lending Institutions Aiding Future Home-Owners

Through the offices of the Voluntary Home Mortgage Credit Program, Room 604 U. S. Courthouse, Nashville, Tennessee, private lending institutions are prepared and ready to make FHA-insured home loans to qualified persons in need of financing in order to have a home of their choice. This help is restricted to the remote areas and smaller communities where local funds have always been in short even under the best of circumstances.

Services of VHMCP are available to all qualified borrowers in the small communities and remote areas. These services — a facility of the U. S. Government — are free. Since its inception, the Voluntary Home Mortgage Credit Program nationally has provided over 30,000 qualified borrowers with home loans valued at more than 270 million. In Region VII, Kentucky and Tennessee, the program has placed more than 2,600 home loans valued at more than \$25 million.

VHMCP is established just and only to be of service to those who are qualified to get but cannot obtain an FHA-insured home loan in their own town. They must first seek financing locally. If unable to get a loan, then they

Mrs. Carey Fields

Mr. and Mrs. Jimmy Blalock are happy parents of a fine young daughter who arrived several days ago at a Mayfield Hospital. This is their second daughter.

Bro. Dempsey Henderson was engaged in a tent revival in South Fulton the past week where fine sermons were heard throughout the week in night services only. He is the pastor of New Salem Baptist Church which sponsors tent revivals during summer months.

Bro. Henderson filled his regular Lord's Day appointment at New Salem Sunday at 11:00 a. m. Sunday School is conducted at 10:00 a. m. with Robert Rickman as Superintendent who invites the public out to worship.

Mr. Almayr Hawks, father of Velva Hawks Sr., left Monday, August 26, for Memphis where he will undergo major surgery. Every good wish is extended from friends that he may very soon be restored to his health.

School bells rang around these parts Monday morning and all elementary schools opened at Welsh, Union District 1, and at Palmersville, where high school students will enter, some of which will enter in Dresden. A full cooperation of parents, students, P. T. A. and the faculty is sought that we may have a most successful school year.

Mr. and Mrs. Earl Mitchell and children, Don and Judy, and Miss Sue Guill of Paducah spent Sunday here with parents, Mr. and Mrs. Ed Fields.

Mr. and Mrs. Grover True spent Sunday at the bedside of Mrs. True's brother, Mr. Fred Farmer, who remains very ill at his home on the State Line Road. He is suffering from asthma following complications that developed several weeks ago.

Mr. and Mrs. Fred McCoy Jr. and children, Fattie and Freddie Rae, of Paducah Ky. spent the week end here with parents, Mr. and Mrs. Clyde Johnson.

Future Farmers To Get Awards For Good Work

Annual Incentive Contest Promoted By Louisville Papers

Kentucky Future Farmers will receive prizes totaling \$325 in U. S. Savings Bonds in the 1957 F. F. A. Contest.

This competition for high school vocational agriculture students was announced yesterday by W. C. Montgomery, executive secretary of the Kentucky Association of F. F. A., and Barry Bingham, President of the Courier-Journal, The Louisville Times and WHAS, Inc. The newspapers and radio-television station sponsor the contest in their farm-incentive program.

A \$100 bond will go to the champion Future Farmer, and a \$25 bond to the top entrant in each of the nine F. F. A. districts. All winners will receive expense-paid trips to Louisville to attend the twentieth annual Farm Awards Luncheon next spring.

Special certificates will be presented to the chapter winners. A gold seal certificate will be mailed to each chapter having 100 per cent representation of eligible members in the contest.

Each Future Farmer must submit a summary of his farming program, projects, leadership accomplishments, high school activities and plans for the future. October 29 is the deadline for entries.

Students who graduated from high school this spring and were enrolled in vocational agriculture may participate also in the competition. Contest information may be obtained from vocational agriculture teachers or by writing the Promotion Department, The Courier-Journal, Louisville 2, Ky.

Telephone Talk

by
HAROLD WILEY
Your Telephone Manager

A LOT OF PEOPLE still think of telephone service in terms of just the one familiar home or office phone. Well, there are so many different kinds of equipment nowadays—all designed to add pleasure to your living—that I'd like to remind you of some of them.

There's the Speakerphone that lets you talk and hear without lifting the receiver. The Volume Control phone you can turn up or down like a radio. Spring cords. Extra phones in color—so handy throughout the house where you need them. Even a phone that answers itself when you're out. Let me suggest you drop by our Business Office and see all these new conveniences. We'll be glad to show you how to have a well-telephoned home at surprisingly low cost.

GUARANTEED FOREVER—Of all the useful things in your home, how many are guaranteed for life? Your telephone is, you know. If it should ever break or need replacing, why we'll get it working again fast without any service charge. This lifetime guarantee on your phone is, of course, included in what you pay for service.

NEXT BEST THING to being there in person is to visit with out-of-town friends and loved ones by Long Distance. Gives you a real lift to hear those familiar voices again. And it's so easy to call. Doesn't cost much, either, especially when you call station-to-station. As a matter of fact, you save up to 1/2 when you call station-to-station between points in Kentucky. And you get extra values when you call nights after 6 and all day Sundays. Then you can talk station-to-station for four minutes at the same two-minute daytime rate. For example, you can call station-to-station from Fulton to Louisville for just 75c, and from Fulton to Madisonville for only 65c. Mighty small prices to pay for a lot of pleasure!

Last Rites Held For Father Libs, Former Pastor

Appointment Here Was First Charge As Catholic Pastor

The Reverend Charles Thomas Libs, priest of the diocese of Owensboro, and Pastor of Saints Peter and Paul Church, Hopkinsville, Kentucky, died suddenly early the morning of Aug. 15, 1957.

Father Libs was a former Pastor of the Catholic churches of Fulton and Hickman and served in that capacity for seven years from October 1943 to August 1950. His appointment here was his first as a Pastor.

A Solemn Pontifical Funeral Mass was celebrated at 10:30 a. m. on Saturday, August 17th, at Saints Peter and Paul Church in Hopkinsville, with the Most Rev. Francis R. Cotton, D. D. Bishop of Owensboro, presiding. Many friends and former parishioners of Father Libs from the Fulton and Hickman area attended the funeral Mass.

Father Libs was born in Daviess County, Ky. on Nov. 22nd, 1912 and made his studies at St. Francis Academy, Owensboro, Ky., St. Mary's College, St. Mary, Ky., and St. Meinrad's Seminary in St. Meinrad, Indiana. Having completed his theological studies at St. Meinrad's Seminary he was ordained to the priesthood on June 3rd, 1939 in St. Stephen's Cathedral, Owensboro, by the Most Rev. Francis R. Cotton, Bishop of the Owensboro Diocese.

He served as Assistant Pastor at the Church of St. Francis de Sales, Paducah from June 1939 to October 1943, before coming to Hickman and Fulton. Having served our community for seven years, Father Libs was made Pastor of St. Anthony's Church Browns Valley in August of 1950. In October of 1955 he was appointed Pastor of Saints Peter and Paul Church in Hopkinsville. Burial in the Family Lot in the Catholic Cemetery, Owensboro, Kentucky.

Boone Creek and Boone Hill near the headwaters of the Kentucky River are reminders of Daniel Boone who with several companions hunted in this community.

1853—STEPHEN FOSTER WRITES "MY OLD KENTUCKY HOME" Stephen Collins Foster, a shy and retiring young man, came down to Kentucky from Western Pennsylvania. He had written many popular melodies in his teens. He was a relative of the famous Kentuckian, John Rowan, and lived for some years at "Federal Hill", Rowan's elegant home at Bardonia. It was here that Stephen Foster wrote his memorable song, "My Old Kentucky Home", so symbolic of peaceful Kentucky life.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of beer under orderly conditions is an important objective of the United States Brewers Foundation. Our continuing educational program helps beer retailers maintain their high standards.

Rex Ruddle Named Fulton Police Chief

Rex Ruddle, 38, was named Fulton's new police chief at a called meeting of the Fulton City Council August 22. He succeeds G. J. (Gip) McDade, 67, who resigned recently. Both Ruddle and McDade were hospitalized on July 3, when they were shot by a crazed negro, who shot his wife to death and later committed suicide in a two-hour gun battle in Missionary Bottom. Ruddle recovered from his wounds and returned to the police force Monday as acting chief. The new police chief joined the Fulton city police force in December, 1953, and was made assistant chief about a year ago. He is married and has one son, Terry, who is eight-years-old. The Ruddles live at 207 Reed Street. Mr. Ruddle, son of Mr. and Mrs. J. E. Ruddle of Fulton, was graduated from Farmington High School and has lived most of his life in Fulton.

During World War II, he served with the 38th Infantry Division in the South Pacific, and received a field commission, being discharged from the service as a First Lieutenant.
