Note Book

To say that this column last week created a little comment is an understatement. Generally the comment was that it was the kind of straight talk Fulton-people needed, but one comment came from a person for which we have the deepest respect and whose opinion we value. And I think that this week I'll pursue the discussion of our good friend.

Said he: "Jo, when you put that kind of writing in cold type it doesn't look good, and particularly for our readers away from here who will wonder what's happening to Fulton." He went on to say that we have a lot of fine things here in Fulton and lots of good people too, who are being criticized unjustly.

Nobody knows better than we do how many good things Fulton has. Nobody has tried harder than we have to try to maintain and perpetuate those good things. And moreover nobody is prouder of Fulton than we are. And if memory serves the readers of this column, it was a scant four months ago when I had the opportunity to tell all of America about our good town and I did my humble best to tell, in a few short minutes, as many things as I could about Fulton, which is our home-town and its going to stay that way as long as we can make a living here.

The good things that Fulton has today didn't come about as a result of the disinterest that we witness these days in many quarters. They came about because men and women worked and planned together. And that brings on more talk.

You have heard, as I have, the constant talk that a group of old-timers are keeping industry out of Fulton. That statement is too ridiculous to comment upon. The fact of the matter is that we, if we may call ourselves young people, are the real guilty parties and the record stands for itself.

This year Fulton is observing the 100th year of its establishment as a town. Nobody has paid any attention to the fact that it would have been an enviable opportunity to have a wonderful celebration like Union City did, several years ago.

But . . . take for instance 23 years ago when Fulton observed the eightieth anniversary of railroading in western Kentucky, the greatest Independence Day celebrated in history was observed here when 10,000 people lined the streets of Fulton to witness a gigantic celebration. Twenty-three years ago we never heard of Fulton, Kentucky and many of the "young people" in business today were almost toddlers. So it was the "old-timers" of today who undertook such progressive steps toward building. When have we had 10,000 people in Fulton in recent years. No time that I can remember.

And what's more if things continue to go as they are today we will have one heck of a time keeping the few thousand people on the streets who must live here.

My friend went on to tell me that you can't brow-beat people into getting things done and of course he's exactly right. That of course is not the intention in airing our short-comings. The thought behind these columns is to point out that the time for action is now. Its time for united action. Its time to put away our personality clashes and our petty jealousies. Its time to take inventory of our individual community energies and put them all together instead of waiting for the next fellow to take up the battle.

Reminds me of a little community project civic leaders endeavored to engineer among retailers last year. It took 35 merchants to put the project across. A few merchants said right off hand: "Count me in." But in the main the folks said: "When you get 34 come back to see me and I'll be 35." Project never got to the 34th participant . . . so the fellow who wanted to be 35th was home free.

So that's the way it goes . . . let George do it first. Trouble is . . . there's not enough Georges in Fulton at the moment.

The Big Story This Week Is On The School Front

A group of college gals, returning to school, were interviewed on the "My Fair Lady" program at WFUL this week. Shown here with Mary Nelle Wright, conductor of the "My Fair Lady" program are left to right: Roma Staaterfield, Mrs. Wright. Back row: Beverly Cursey, Jean Ann Hyland, Kay Cherry and Beverly Hill. Looking over a copy of Vogue magazine to help with their college wardrobes are Peggy Peoples and Patsy Cardwell who graduated from South Fulton this year.

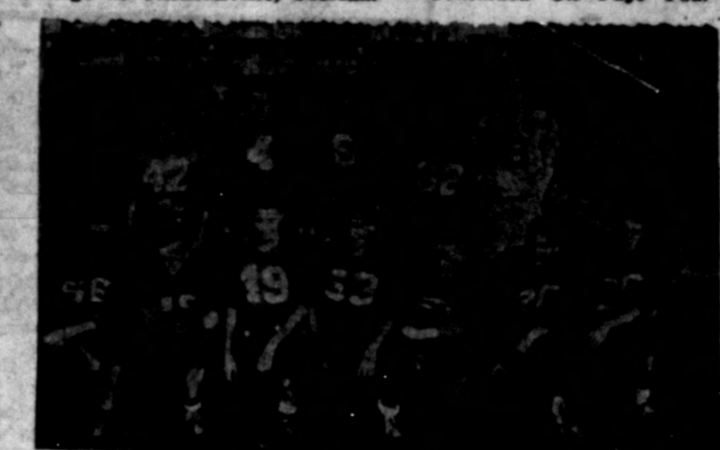

WFUL sends two of its shining lights to school. Kelly Lowe is off to Martin again, but will do plenty board time at WFUL during his school days, while Nancy Adams takes off for Murray and promises occasional programs on the station.

Three members of the 21 questions panel leave next week when left to right Ken Winston, Norma Owen and Al Bushart take leave for more information to come back some day and stump the public. Ken and Norma are going to Murray, Al to Florida Southern. That's Quizmistress Jo Westpheling in the background, who oughta go to school.

Betty Fay Peoples has already departed for Texas where she will be a student at Lon Morris College in Jacksonville, Florida.

RESERVES: First Row (l to r): Richard Brittain, Tommy Bowden, Larry Sullivan, Mikey Calliham, Jimmy Green, Tommy Friedls, Joe Barnes. Back Row: (l to r): Lynn Newton, Jimmy Newton, Phillip Jeffress, Joe Bennett, Bobby Powell.

Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

HATS, SHOES, COATS, BLOUSES, SWEATERS, SKIRTS, PAJAMAS, ROBES, RADIOS, CAMERAS, RECORD PLAYERS — ETC. ALL are scattered EVERYWHERE in the house these days what with the "KIDS" going AWAY to SCHOOL! It's a time when mothers and dads forget about a GOOD meal — or some time to quietly sit down and read the paper. Because — the RUSH is ON — to do all of the last minute chores before they LOAD up the CAR and "take off" for the college or university that their children have selected to further their knowledge and start them on their careers.

But — along with the CHORES — there's a real JOY and a kind of EXCITEMENT in the air! And it's a time Your Diarist ALWAYS enjoys writing about. We are happy to tell you where many of our boys and girls in Fulton will be this fall. We have tried to get a complete list — but in the event that we have failed to list YOUR name — please call us — and we will include you in next week's Diary.

Harmon Pierce, son of Mrs. Christine Pierce, will return to Murray State, where he is a junior, studying Pre-med.

Bobby Craven, son of Mr. and Mrs. V. L. Craven of 507 Maple Avenue, will be a senior at Murray. He is majoring in Commercial Art.

Jackie Edwards will return to Memphis State University, where she will be a junior. She is majoring in Educational Education, and is the daughter of Mr. and Mrs. Jack Edwards of 405 Carr Street.

Glenn Fowler, son of Mr. and Mrs. Oden Fowler, Union City Highway, will be a freshman at UTMB, Martin. He plans to study

Bulldogs, Devils Open Seasons With Big-Score Wins

Fulton Plays First Home Game Friday Night Against Sharon

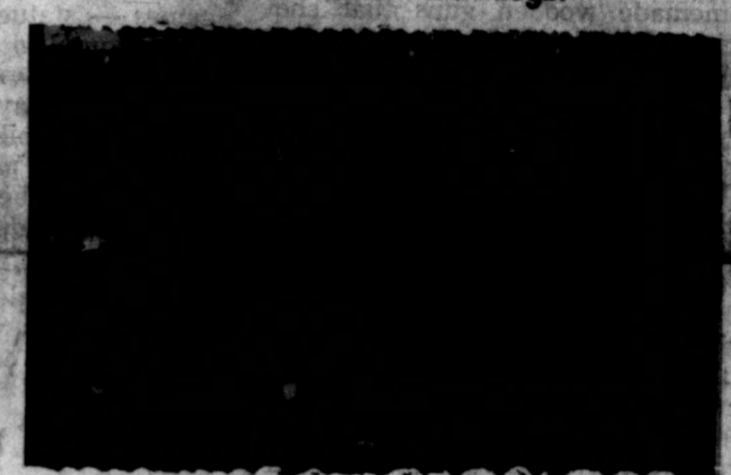

The Fulton High School "Bulldogs" open their home season here Friday night at Memorial stadium against Sharon, after having walloped the Rockets at Crittenden last Friday night 41-0 in an opener at Crittenden.

The Bulldogs are rated a good team this year, and local fans are looking forward to an even better season than last year, which produced five wins and three losses.

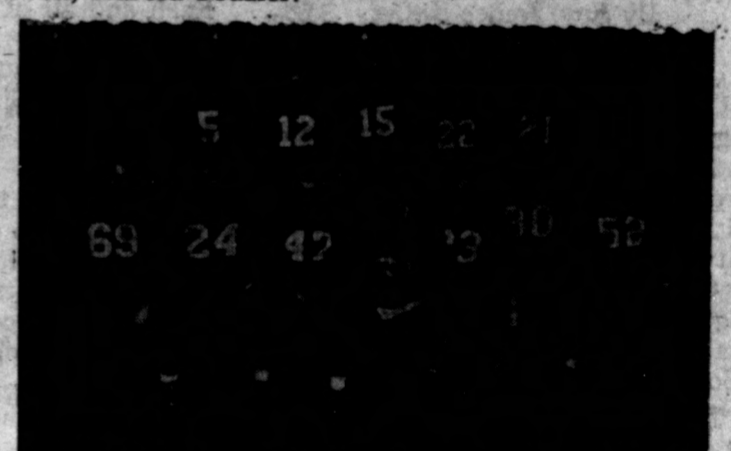

The South Fulton "Red Devils" opened their home season here last Friday night, administering a sound drubbing to Ridgely, 39-0. South Fulton will play "away" from home this week.

Something new has been added this week to Memorial Stadium — a booth for broadcasters and press representatives was erected this week to provide better accommodations for the weekly broadcasting of high school games and other events over WFUL.

A Look At The 1957 Bulldogs:

OFFENSIVE SQUAD: First Row: (l to r) Richard Cardwell, Joe Johnson, Charles Sisson, Johnny Allen, Bobby Hyland, Charles Huddleston, Bobby Bennett. Back Row: (l to r) Robert Bone, Charlie Forrest, Glynn Cook, Harold Frazier.

DEFENSIVE SQUAD: First Row: (l to r) Bud White, Johnny Jones, Jimmy Cheatham, Tommy Allen, Robert Stephenson, Merrell Davis, Roy Morrow. Back Row: (l to r) Freddie Harper, Jack Forrest, Phillip Andrews, Butch Buckingham, Billy Copeland.

A Noted Gourmet Calls Fulton Home

Does meal planning give you the willies? Well, perish the fears ye weak-minded females and listen to the story of a stout-hearted lady who loves the chore.

A former Fultonian, Mrs. Pearl Hall Bond, is a meal-planning expert from way back and what's more with her its an art that comes as natural as eating with most folks.

Mrs. Bond, who was born and reared in Fulton, is one of America's foremost authorities on food and meal planning and her book, The Cricket Tea Room Cook Book, is standard equipment in some of the country's most discriminating food emporiums.

About two weeks ago Mrs. Bond was a visitor in Fulton at the home of Mrs. L. O. Bradford . . . a visit too short for many of her admiring friends to say "hello" to her. But luckily a News reporter had the pleasure of visiting for a short time with this now famous former Fultonian and the talk was good food, good parties and a manner of living that is gay, interesting and filled with new people, and new friends every day.

Pearl Bond came by her ability as a caterer and food expert almost by chance. Having moved

Mrs. Bond and Mrs. Perry stand in front of the famous Cricket Tea Room.

to Jackson, Tenn. after she left Jackson she became fast friends with Mrs. Toni Perry, also of Jackson, but who had moved to Tampa, Florida. There Mrs. Perry became interested in the many delightful tea rooms that abounded

in the Tampa area and prevailed upon Mrs. Bond to move to Tampa so that together they could go into the tea room venture.

A love of people and with a constant desire to do something new, Mrs. Bond moved to Florida and with Mrs. Perry they "scouted" the tea rooms in Tampa and after learning the fine points of all of them, they decided upon their own individually and tastefully conducted tea room, which they opened in a small, almost tiny building and which emerged as one of the "must" eating places in Tampa and which grew into a spacious building of their own which they planned and built themselves. Today, many gourmets in America remember Tampa's Cricket Tea Room under the management of Mrs. Bond and Mrs. Perry. At the death of Mrs. Perry, the business was sold.

Mrs. Bond remembers the opening day of the Cricket Tea Room, when all ready for their patrons to walk into the front door the cook called and said she had the "miserable" and the two owners, with the aid of all their friends and relatives served that first meal that made them famous. Today, Mrs. Bond continues to

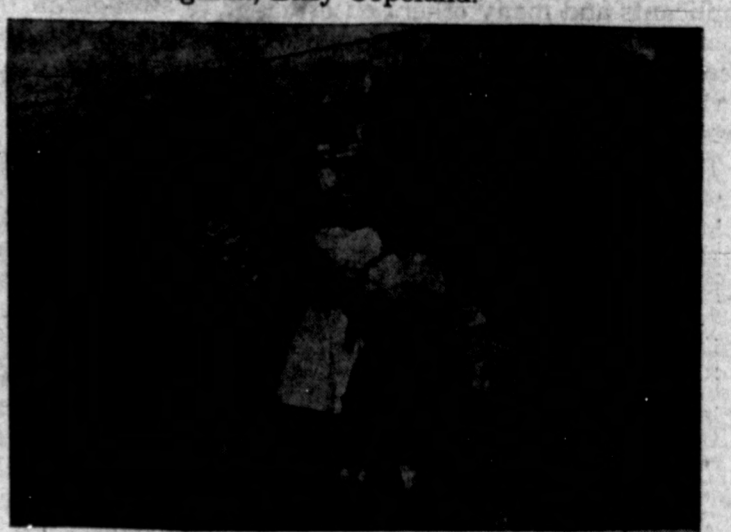

pursue her love of people and good food. And like most experts in the field of cuisine she eats little, but oh, how she does encourage the art of eating among others with her famous delicacies and superb meal planning.

Mrs. Bond is the "maitre de" of one of Florida's most exclusive, private country clubs. Meals are served at all times of the day, including afternoon snacks at the pool, and private parties are a daily occurrence. Mrs. Bond has served parties totalling 800 persons, and they are just as carefully planned and individually served as though they were small parties of five or six. And says she: "I love the big parties . . . they give me so much lee-way for imagination."

And as for imagination . . . she plans new meals every day and she says no meal is alike. Imagine such imagination.

Mrs. Bond still calls Fulton home, as does any departed Fultonian . . . and it is with pride that many of her old friends say: "we knew her when . . ."

Raise Your Acreage Income, Says U-T

Last week we commented in this column on the fact that the sometimes-expressed thought that a farmer has to farm a "big" acreage to make money today isn't necessarily true. And then we gave a couple of examples supplied by the Kentucky Bankers' Association to back up our point.

Over the weekend we received a similar bit of news from the University of Tennessee on the same subject, which speaks for itself:

"Farmers in four Tennessee counties could have increased their gross farm income by a total of more than 5½ million dollars last year by following patterns and practices proved profitable by 69 test-demonstration farm families in these counties.

"In the four counties, the test-demonstration farms averaged a gross income per cleared acre of from \$55.38 to \$68.81, with a high figure in one county of \$266. County-wide averages ranged from \$23.16 to \$42.19.

"Test-demonstration families are farm families selected by their neighbors to use TVA-produced fertilizers in farming systems adapted to local soil, climate, market, and family situations. They work closely with their county and home agents, using recommended practices in whatever combination seems best to build soils and increase the efficiency of the entire farm and home enterprise.

"The experience of these families shows that efficient crop and livestock management can be economically profitable, points out L. J. Strickland, U-T Extension specialist in charge of the program. Test-demonstration families in the four counties studied, for example, averaged two to three times the per-acre corn yields averaged by all farmers; milk sales were from 1,000 to 2,500 pounds per cow greater.

"Had all farmers in these four counties grossed an income per cleared acre as great as that of the average test-demonstration family, their total gross income would have been \$15,110,387, instead of the \$9,400,289 reported in the last U. S. Agricultural Census."

What Has Happened To The Pastimes Of Yesteryear?

Do kids have as much fun as they used to? If so they aren't showing as much originality as the Depression generation.

Now they play good and bad spacemen . . . and good and bad cowboys and indians . . . and good and bad cops and robbers . . . and they sit endlessly in front of the TV . . . but do today's kids do anything else?

What happened to territory, that grand old game played with a jack-knife? . . . What happened to all those homemade wooden guns that shot strips of innertube? . . . or to tree houses . . . or packing case club houses in empty lots . . . or roller skate hockey? We guess the stress of modern living has squelched such joys.

We can't give knives to the little kiddies, they may carve up their playmates. And we can't let them play in the street (even though they'd rather) — too many cars. There aren't many more vacant lots in the city for club houses. Tubeless tires have wrecked the supply of inner tubes even if the kids did make wooden guns. So there they run, disintegrator

in hand . . . or there they sit eyes glued to the TV while the games of yesteryear have mostly vanished.

What about the girls — what are they doing these days? We assume dressing up in Mommie's clothes, holding tea parties and penny parties and playing house will never go out of style. And we still see evidences of hopscotch on the sidewalk and little groups of girls playing jacks on porches. But whatever happened to those wonderful sidewalk and grass games — statues, devil on the sidewalk, jump rope, giant step. And those economical indoor pastimes of Depression days — making homemade paper dolls, cutting movie star pictures from papers and magazines and putting them in old magazines with paste made of flour and water?

Those quaint old pastimes may seem pretty crude to today's kids who know a dozen ways to play "Bang! You're dead" and a dozen ways to set dolly's real imitation hair . . . but we bet we had more fun.

SERMONETTE OF THE WEEK

Protect Their Right To Know

By Rev. James Keller,
Director of the Christophers

On April 30th, 1789, George Washington rested his hand on the Bible and took the oath of office as first President of the United States at the Old Federal Building in New York City. According to Joseph Buffington in "The Soul of Washington," Washington then lifted the Holy Bible to his lips, kissed it reverently and said, "So help me God."

THESE WORDS, "So help me God," spontaneously added to the oath by Washington, have, since then, always accompanied official oaths throughout the U. S. A. The President taking office, civil service employees, witnesses in courts, passport applicants and many others on official occasions repeat these same words. They call on God to be Witness to the truth of what they have solemnly affirmed.

This is only one of the countless historical facts which reveal the spiritual roots of our great nation.

SUCCESSFUL HOMEMAKING

By Marie Holland
Home Demonstrator, Kentucky Utilities

It is time again for School. From kindergarten through College students' eyes are working hard. More than 25% of school-age children have defective eyesight. Good lighting for reading and study makes seeing easier, gets rid of dimness, glare, and shadows. Better study lighting requires good lamps, of course. But it also includes the whole seeing environment: desk, chair, backgrounds, and the relation of all these to the light.

Sometimes there is no desk in the home, or no suitable place for a desk. In that case, there is a way to create a study area wherever there is a flat surface at the right height, such as a kitchen sewing machine, a card table, or a dining room table. Make a foldaway desk that can be set up in any of these locations, and then put away like a card table when the study period is over. It can be built easily by anyone in the family who is handy at using simple tools, with inexpensive materials that are readily available.

Center the shades 30 in. apart 17 inches back from the front edge of desk. These lamps hung 30 inches apart, light the entire desk top. Each lamp contains a 100 watt bulb this will give you 40 foot candles which is required to study.

To have a good study center may mean the difference between a good report card and a bad one.

I have other good recipes for study and reading and if any of you are interested call and I will be more than glad to give any of you help.

Legion Auxiliary Here Finds Grateful Vets At Hospital Appreciate Their Gift Program

Mrs. Johnson Hill, Rehabilitation Chairman of the American Legion Auxiliary, received the following letter recently from one of the 6 disabled Veterans at Outwood, Ky. Hospital which the local unit adopted to receive gifts on each holiday of the year and also at various other times during the year.

"Thank you so much for your gift. A silver dollar always comes in handy, also thank you for your Easter baskets. There are six of us in this ward, ranging in age from 59 to 78. We appreciate your kindness. Mrs. McLoud is so faithful about visiting us and we all love her. Words are inadequate to express our feelings. If you ever visit the hospital please look us up.

Again thanking you.
Sincerely,

Scouts Ready For Coming Circus In Mayfield Sept. 21

The 1957 Boy Scout Circus will be held in Mayfield on September 21st.

Scouts and their leaders from all over the Four Rivers Council area are already making plans and preparations for the big show which will be held at the War Memorial Stadium in Mayfield. A down town parade will start the big day for the Scouts as they march to the Stadium for a brief rehearsal before the big performance that evening. A special feature of this year's Circus will be the "Cub Midway" which will consist of simple fun games set up in Midway fashion for the enjoyment of the crowd as they enter for the big Circus Show.

The Circus Show, as always will be put on entirely by the Scouts of the Scout Council area which includes nine counties of Western Kentucky and Obion County, Tennessee. The eight acts will not only be full of fun, but will tell the story of Scouting as well. Ticket Sales for the

Kentucky Sheep Bring Nation's Highest Prices

For several years now Kentucky sheep raisers have become conscious of the fact that early lambs from Kentucky when shipped to northern and eastern markets, bring the highest prices. This is made possible because of our mild winter climate thus enabling farmers to market their lambs earlier than from many other sections of the country. These early lambs reach the eastern packers are paying the highest prices. Last spring our early choice lambs brought \$25.70 per hundred weight, which prices topped sales for the year.

Many farmers in Kentucky also bring in western late lambs and feed them on the native nutritious grasses for from 60 to 120 days and then market them at these early sales. These western lambs are normally purchased on the low priced markets of October and November. They are then fed to greater weights, fattened to improve grades and sold at higher spring prices. More and more Kentucky farmers with improved pastures are taking advantage of this winter lamb feeding and are reaping the profits to be derived therefrom.

To illustrate, the expansion of sheep raising in the south, one of the south's leading livestock shipping associations located on the Illinois Central shipped 81 carloads to northern and eastern markets in the spring of 1955; 108 carloads in the spring of 1956 and 125 in 1957. Because of this expanding interest, more sheep are expected to move this coming year.

and less grain than any other form of livestock and with Kentucky's luxuriant pastures, abundant hay and other roughages, it is believed that farmers can most profitably expand sheep production in the years ahead.

In a survey made recently, many leading farmers in Kentucky indicated they definitely plan to expand this program. While Kentucky is one of the leading southern states in sheep production, it is anticipated that within a very few years, because of their natural advantages, they will lead all states east of the Mississippi River, according to P. R. Farlow, General Agricultural and Forestry Agent with the Illinois Central Railroad. Agricultural agents working throughout the southern region in Illinois Central territory, have been most active for the past 15 years in the expansion of its sheep program.

DEATHS

James B. (Jim) Stokes

Mayfield — James B. (Jim) Stokes, 74, an employee of the Merit Clothing Company here for nearly fifty years, died at his home at 344 Boone street at 1 a. m. Wednesday Sept. 4.

Funeral services were held at 2 p. m. Friday at Byrn Funeral Home with the Rev. J. Howard Baxter, officiating. Burial was in St. Joseph's cemetery.

Mr. Stokes leaves his wife, Mrs. Mary Stokes, two sons, Kave and Paxton Stokes, both of Mayfield; three daughters, Mrs. Herbert F. Minton, Louisville, Miss Sue Stokes, Mayfield and Mrs. Harry Walker, Mayfield; a sister, Mrs. Jim Meeker, Fulton, and two brothers, Jess Stokes, Paducah and Ed Stokes Mayfield. He also leaves 14 grandchildren and two great grandchildren.

Henry Galen Rambo

Funeral services for Henry Galen Rambo, who was killed in a tractor accident Tuesday Sept. 3, were held at 1 p. m. Wednesday Sept. 4, at Beulah Baptist Church. The Rev. Bill Lowery officiated and burial was in the church cemetery.

Young Rambo was killed when a tractor on which he and two brothers were riding overturned off a hill. He was pinned under the vehicle and his skull was crushed by the tail light.

Wayne Rambo, 17, was driver of the vehicle, and his brothers, Freddie, 11, and Henry were riding on the back. Wayne told Hickman County Coroner V. A. Jackson the tractor's left front wheel locked, throwing the tractor around causing it to roll over a five foot embankment. Wayne and Freddie were not injured.

Henry is survived by his parents, Mr. and Mrs. Henry Rambo, Arlington Rt. 1; another brother, Shirley Rambo in the U. S. Navy; five sisters, Mrs. Joyce Marshall, Mrs. Millie Jones, Ruby, Faye and June Rambo, all of Arlington Rt. 1.

Mrs. Ada Burton

Mrs. Ada Burton, 84, died at her home in Clinton, Ky., at 11 p. m. Sunday Sept. 8.

Mrs. Burton, who was known by all as Mother Burton, was the former Ada Ringo, and was born in 1873. In 1891 she married J. T. Burton, who owned the mill at Clinton for a number of years.

Mrs. Burton was a member of the Baptist Church in Clinton. Services were held Tuesday at 2:30 p. m. at the Hopkins, Hopkins and Brown Funeral Home. The Rev. Kenneth Haudkins, Baptist minister, assisted by the Rev. Mr. Fritts of the Christian Church, officiated. Burial was in the Clinton Cemetery.

She leaves a son, Jack Burton of South Fulton; and two daughters, Miss Mary Burton of Clinton, with whom she made her home, and Mrs. Pearl Gish of Sacramento, Calif.

Gilbert W. Evans

COLOR NO GUIDE

Color is not a reliable guide to pear ripeness. Some varieties will be green in color when ripe, others may be yellow when not fully ripe.

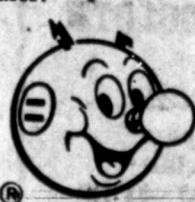

take 3 steps... instead of 625!
Buy an

Electric clothes dryer

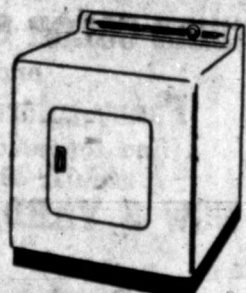

Do you know it takes 625 steps to take out and bring in an average load of clothes... including stair-climbing, the hardest steps of all? But with an electric clothes dryer, you need only three: pop in the clothes, set the dial—and take them out soft and fluffy. And you do it right in your own utility room or basement... right through rain, sleet, hot or cold weather.

Electric clothes drying is the quick, modern way. It's safe and clean, too... and so much gentler for your clothes. Take the first step now by stopping in at your dealer.

Here and There

Jerry Coates has returned to Ypsilanti, Mich. after spending a few days with his parents, Mr. and Mrs. Thomas Coates in Fulton.

There's happiness — for SURE — up at Jane and Noel Barnes' because Jamie, their son, is home on a two-weeks visit. Jamie is serving a tour of duty in the U. S. Army and is stationed at Pittsburgh, Pa. And WE'RE happy for you, Jane and Noel!

Blondell and Bill Holland have returned from a nice trip. They went to Tigersville, S. C. to take their son, David, who enrolled in the North Greenville Jr. College there. David is on a full basketball scholarship — and so is another Fulton boy, Ronnie McAllister — at the junior college.

Both boys were members of the Bulldog team last year.

The Hollands returned by way of the city, where they visited their daughter, Martha and husband Bobby Cash. Being loyal supporters of the Bulldogs, they stopped over in Marion Friday night to see the first game of the season. It is interesting to know that this is the first time in many years that a "Holland child" ISN'T on the TEAM or a CHEERLEADER. Billy played for two years for the Bulldogs, Jean was a cheerleader for a couple of years, Wanda also cheered the squads for four years, David played on the Bulldog team for five years — and now NANCY is a MAJORETTE. A nice family — those Hollands — their boys and girls have been a real asset to F. H. S.

Congratulations to Patsy Holder who will graduate from the Baptist Memorial Hospital's Nursing School in Memphis on Sept. 17.

She will accept a position at the Western State Hospital at Bolivar, Tenn. upon graduation.

Do YOU like to go grocery shopping? I DO — because I see so many of my friends there. You just walk into the store, get your cart and start walking down the aisle — and there's a FRIEND. You stop for a chat with Mildred Anderson and you talk about your golf game, Emily Nall comes along and the conversation is "the boys", — yours and hers — then along comes Mrs. R. M. Lynch and "antiques" is the favorite subject. We were so glad to know of the nice trip the Lynches will take this weekend. Mrs. Lynch says they will just "ramble around" for about 10 days. First they will go to Louisville to visit an aunt (who LOVES antiques — and who has a large collection). From Louisville they will go to points in eastern Ky. then to the Carolinas where they will spend some time at Lake Junaluska. They will return by way of Nashville.

We have an IDEA that MANY antique dealers will receive the Lynches with much PLEASURE. Have fun — we'd like to go right along with you!

Betty and Parks Weeks, Lois Jean and Rodney Miller returned Sunday night from a short vacation at Kentucky Lake. They stayed over at Kenlake Hotel and just had fun relaxing, playing bridge and a boat ride or so. Too bad it rained most of the time they were up there — and turned COLD — because the weather was perfect for swimming etc. when they made reservations several weeks ago. But we know it was a REST for both couples — just to get out of town for a few days.

You know, we reach THAT time in LIFE when BIRTHDAYS are almost UNMENTIONABLES — but Noy Holland (Mrs. Laurence) had one last week that just about EVERYONE knew about. And 'twas the very nicest thought in the world for Pearl Hogan and Mary Swan Bushart to have a SURPRISE birthday dinner for her last Friday. And what a DINNER it was — COUNTRY HAM and EVERYTHING.

The party was given at Pearl's at her attractive home on Eddings St. and those invited were, Mary Latta, Ruby McDade, Montez Baird, Mary Nelle Wright, Louise Killebrew, Florence Beadles, Elsie Weeks, Elizabeth Joyner, Eron Hill, Billie Bushart and Lorine Hughes came down from her home in Paducah to be with all of the "gals" again. You may well know that conversation was at its BEST — and Noy was the SURPRISED one. Every guest contributed to the CAUSE — and NOY was given two pieces of silver in her chosen pattern. Many more happy birthdays to you, Noy!

Page 4 The Fulton News, Thursday, September 12, 1957

Patsy was a member of the 1954 graduating class of Fulton High school and a member of the Junior Music Club. She is the daughter of Mr. and Mrs. Fred Holder on Mayfield Highway.

We said a quick "good-bye" to Clarence Reed Friday just before he boarded the City of New Orleans for that interesting city where he sailed Saturday on the S. S. Hibueras, a banana boat, for Santiago, Jamaica, Christobal and Balboa. Clarence will be away for about 15 days — and we know he will have many interesting experiences to tell when he comes back to our fair city.

The Seniors over at South Fulton had an ever so nice "outing" down at Reelfoot Lake last week. They enjoyed an afternoon, and evening of boating, swimming and dancing with a supper at English's Restaurant which climaxed the day. Sara Beth Martin, their class sponsor chaperoned the group.

Those who attended were: Jimmy Cruce, Norma Hendon, Anne Strange, Marlene Wilson, Janice Vincent, Ralph Eudy, Wayne Napier, Bruce Hawks, Dickie Thomas, Joan Tune, Mildred Pierce, Jimmy McCollum, Larry Watkins, Robbie Wilson, Betty Brashears, Billy Copeland, Dickie Collier, Gerald Wayne Powell, Joan Maynard, Diana Cunningham.

Little Sue Wheeler enjoyed her second birthday recently when her mother, Mrs. Alvin Wheeler gave a birthday party in her honor.

Sue received many lovely gifts from her little friends. During the afternoon the guests played games and received favors of hats, whistles, balloons, and bubble gum.

The hostess served delicious refreshments of ice cream and cake. She was assisted by Sue's grandmother, Mrs. Homer Dunn.

Those attending were: the honoree, Sue Wheeler, Donna Faye Maynard, Gregg Dunn, Bob and Scotty Boyd, Mark Russell, Carla Greer, Sheila Lowry, Gary Faulkner, Sue Ann Holloway, Walla Warren and Lionel McCollum.

PTA MEETS TONIGHT The South Fulton PTA will have an open house and pot-luck supper tonight at the school beginning at 7:00 p. m. Every parent and child is urged to attend.

MSC Expects A New Record Enrollment

**Registrations Begin
Next Wednesday For
An Anticipated 2400**

Murray State College is ex-
pecting its fourth consecutive re-
cord enrollment Sept. 18 when
registration for the 1957-58 school
year begins.

Officials at the college have
estimated that from 2200-2400
students will enroll. Enrollment
last year was 2096.

Dormitories will open for stu-
dents Tuesday, Sept. 17, and a
pre-registration meeting for
freshmen will be that night at
7 o'clock.

Registration, enrollment, and
physical examinations for all
students will begin Wednesday
and will continue through Satur-
day. During this period, the Stu-
dent Council has arranged for
each night entertainment, which
includes a welcome party, dances,
a picnic, a talent night, and a stu-
dent-faculty reception.

22-county West Tennessee event
in which 15 counties had entries.

All the winners, members of
the Obion county 4-H clubs, will
go to Nashville Monday and show
in the Tennessee Junior Jersey
show.

Obion county placings were:
Senior calf class: First place
and junior champion, Don Collier;
blue group, Ray Bruce.

Junior yearling class: Blue
group, Ray Bruce and James
Horton of Union City.

Senior yearling class: Blue
group, Sherrill Olive and Paul
Bruce, both of South Fulton.

Three-year-old cow class:
Fourth place, Paul Bruce.

Aged cow class: First place,
senior champion and grand cham-
pion, Ray Bruce.

South Fulton Band Meeting Monday

A general meeting of parents
and students interested in Band
at South Fulton schools will be
held on Monday evening, Sep-
tember 16, at the school gym-
nasium.

The meeting, which begins at
7:30 p. m., will include a display
of band instruments stated A. R.
Roman, director.

Roman expects to place much
emphasis this year on beginners'
band at the South Fulton school,
and will conduct separate band
classes for those in the fourth to
sixth grades and for those in the
seventh to ninth grades. He point-
ed out that the school provides
uniforms, transportation and les-
sons during the school day, and
that after a student has purchas-
ed an instrument and lesson book,
further expenses are negligible.

The South Fulton band has
served in many activities of
school and civic nature, and Ro-
man expects to maintain a con-
tinuing progressive pace at the
South Fulton school this year.

Fulton County Given Funds For Land Repair Due To Rains

Fulton County has been desig-
nated as one of the 14 counties in
Western Kentucky to receive ad-
ditional ACP assistance for re-
pair of damage to land brought
about by excessive rainfall in
April, May, and June of this
year. Mr. Roy Bard Chairman of
the ASC Committee announced
today.

Farmers whose land suffered
from unusual erosion and who
plan to carry out seeding practices
or other erosion preventive mea-
sures may now apply for cost-
sharing assistance from funds
made available through the sup-
plemental program, Mr. Bard
said. Farmers should call at the
ASC office immediately for fur-
ther information as to the con-
servation measures eligible for
cost-sharing.

Dear Miss Latane,

Some time ago I wrote you a letter but it must have gotten lost. Hope you can answer this one next week.

A friend gave me a crocheted scarf for a Christmas present. I wore it over my head when I went to see another friend. When I took it off, I put it over the back of the chair in which I was sitting. I didn't think of it again until I got home. I telephoned my friend to keep it for me, but she said it was not there. Will you please tell me just what did become of it? I never did see it again and have often wondered about it.

Thank you

L. P. M.

Dear L. P. M.,

This friend has your scarf which was taken in a spur-of-the-moment idea, now she would like to return it but is afraid to. Why not call her on the phone and suggest she take the cushions out of the chair to see if it could have worked down under the cushions this would give her an opening to return it to you.

Dear Patricia,

Will you please answer some questions for me soon. Will I or should I sell my house? If so,

Telephone Talk

by
HAROLD WILEY
Your Telephone Manager

BACK TO SCHOOL! If you have youngsters attending college this fall, I'd like to remind you of a nice way to keep in touch with them. You know, keeping up home ties is mighty important especially for first-year students. So let me suggest you arrange for your son or daughter to call you station-to-station at a regular time each week. It's fast, and saves you up to 1/2 the cost of a person-to-person call between points in Kentucky. For instance, you can call station-to-station from Fulton to Ashland for just 85c—half the person-to-person rate. And nights and Sundays you can talk four minutes station-to-station for the same two-minute daytime rate. Why not arrange now for regular voice visits by Long Distance?

HERE'S A TIP for homemakers around town who'd like to take the "run" out of running the home. You know, easy living calls for telephones where they are needed most—phones in smart decorator colors to add touches of beauty. Well, we have a plan to tailor your telephone service to your personal needs, to make it even more a part of good living. Whether you have four rooms or eight, one of these plans will give the ideal telephone arrangement for your family. And the beauty about it is, you can actually have several extra phones for less additional cost than you pay for the main telephone! If you'd like to know more about tailor-made telephone service, give us a ring.

...Look First
in the
Yellow Pages

all over town. Just do as thousands of other smart shoppers do and turn to the Yellow Pages of your telephone book. Makes shopping a breeze, saves you time, gives you satisfaction. Remember—whatever you need you'll find it fast in the Yellow Pages.

when? Will I remarry? If so, when and to whom? Give the initials. Will my health improve and will my sister visit me this summer?

Thank you,

B. M. S.

No don't sell your house; no you will not remarry—anytime soon; yes your health will continue to improve. Your sister will not visit you this summer but will visit you at Christmas.

Dear Patricia,

Would you please answer some questions for me? I read your letters each week and I like them so much. Will my husband ever change and mean anything to me? What happened to my son's quilt and what happened to my husband's Silver Dollar? Please give me the initials if some one got those things. Is my husband in love with anyone else? If so, please give me her initials.

Thanks so much,

Worried

Yes your husband will change and be his old self in a very short time. Your son knows about the quilt and the silver dollar. No your husband isn't in love with anyone else but is fascinated by someone else, but it will not last long, the initial is M. J.

Dear Pat,

I have been reading your column for some time and wonder if you could answer my questions. Is my mother well? How long will it be before my husband will get a good job and where will it be and what kind of work will it be? Will my husband ever quit drinking and is he true to me? Do you think we will ever own a home? If so, how soon and where? Will my daughter ever have any children? If so, when? I have a brother that lives away. How are he and his family? Answer soon.

Thanks,

L. L. S. W.

Yes your Mother is well and getting along okay. Your husband isn't too interested in working; he was offered a pretty good job several weeks ago and turned it down. No, your husband isn't go-

1780 — KENTUCKY'S PIONEER "BANKER", JOHN SANDERS Money and currency were scarce among the early Kentucky settlers. Barter was often the medium of exchange. In 1780, a trader named John Sanders came down the Ohio on a raft and tied up at Louisville. He took in furs and skins and gave out paper receipts to the settlers. Months later, after his cargo was sold in New Orleans, Sanders returned and redeemed the receipts in cash. Sanders' receipts meanwhile circulated among the settlers as currency.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of beer under orderly conditions is an important objective of the United States Brewers Foundation. Our continuing educational program helps beer retailers maintain their high standards.

Isaac Shelby; Kentucky's First Governor

The portrait of Isaac Shelby, first governor of Kentucky, 1792-96, and again governor, 1812-16, hangs in the Governors' gallery in the Senate of the Old State House, along with paintings of all of Kentucky's Governors. Beneath Shelby's portrait is that of his wife, Susanna Hart Shelby, daughter of Capt. Nathaniel Hart of Boonesboro. Both portraits were given to the Kentucky Historical Society in 1933 by Miss Susanna Hart Preston Grigsby, a great granddaughter of Shelby.

Governor and Mrs. Shelby were painted by outstanding artists, the former by Matthews Jouett, the latter by P. Henry Davenport. The Kentucky legislature commissioned Edward C. Nock in 1890 to paint a full-length view of Shelby which hangs on the east wall, flanked and opposed by the Governors' gallery.

Shelby was born in Maryland in 1750, and lived later in Virginia, North Carolina, and Kentucky. He was the son of Evan Shelby, prominent landowner, army officer, and statesman. One of Isaac's prized possessions, now owned by the Society, was his father's razor, first carried in the French and Indian War and used later by both father and son. At 24, young Lt. Isaac Shelby served with gallantry in his father's company at Point Pleasant (1774). In the American Revolution, he is best remembered for leadership and heroism at King's Mountain (1780). He carried away a British rifle known as the "Brown Bess" as a souvenir. That rifle is now on display in the state museum.

From 1783 to 1792, Shelby played a prominent role in the Virginia district of Kentucky. In 1792, he helped frame Kentucky's first constitution and was elected first Governor.

After his first term, Shelby retired to "Traveler's Rest," south of Danville. In 1812 he was recalled to lead Kentucky in the War of 1812. For his role, Shelby was presented a gold medal by Congress, replicas of which are in the museum.

General Andrew Jackson and Shelby were commissioned in 1818 to acquire the "Jackson Purchase" from the Indians. The Society

owns the peace pipe given to Shelby by the Chickasaws.

He died in 1826 and was buried at "Traveler's Rest," presently a

State shrine. The Society has Shelby's gold watch, inscribed shortly before his death: "I, Shelby, 12th Nov., 1824."

Marines Announce New Enlistment Plan

Two, three, four or even five buddies can walk into a Marine recruiting office and be given assurance they'll all be scheduled

to remain together throughout the initial phases of their training.

T/Sgt. Jack Vohel, Recruiter in charge, of the Marine Corps Recruiting Sub Station at room 307 Post Office Building, Paducah, Ky., announced that now he has

the authority to guarantee that close friends who enlist together will be assigned to the same "boot camp" platoon. The Buddy System — the Leatherneck recruiter calls it — applies even after graduation

from recruit training at Parris Island, S. C. The buddies go together to Camp Lejeune, N. C. for their advanced individual combat training, still belonging to one platoon.

Disability Payments To Veterans Go Up Beginning In October

More than 40,000 disabled veterans in Kentucky will get higher compensation checks for service-connected disabilities, starting with checks mailed out at the end of October, 1957, Ray R. Adams, manager, VA Regional Office in Louisville said today.

Public Law 85-168, signed by the President on August 27, authorizes the increased payments, Adams said.

Veterans already on VA's compensation rolls need take no action to get the raise, he emphasized. It will be paid automatically.

Also increased will be the special allowances for dependents paid veterans whose service-connected disabilities are rated at 50 percent or more.

With a few exceptions, the increase will be approximately 10 percent across the board, except for totally disabled veterans rated at 100 percent, whose boost from \$181 to \$225 per month amounts to 24.3 percent.

Unchanged are three statutory rates, two of them at \$47 each, involving the anatomical loss, or loss of use, of one part of the body, and the third, at \$67 as the minimum rate for arrested tuberculosis. These rates may be payable in addition to the percentage ratings for service-connected disabilities.

Compensation rates payable to veterans whose service-connected disabilities were suffered during peacetime service under non-extrahazardous conditions are 80 percent of the new wartime rates. Peacetime service disabilities suffered under extrahazardous conditions may be payable at the wartime rates.

Not affected by the increase are the compensation rates paid survivors of veterans whose deaths were service-connected, nor pensions paid wartime veterans of their widows or children for non-service-connected disability or death.

happy hickman happenings by joye stokes

A column devoted to the social events of our friends around Hickman. Call Joye at Hickman 2059 for your social news.

The time has come once again to say good-bye to another group of young people, indeed the number is much bigger than many would imagine.

I do hope I have not missed anyone, but if you stop to think it is a MAN SIZE JOB to know how many teen-agers from Hickman will soon be taking off for prep schools, colleges, and graduate universities, and I'M JUST A MOTHER!

ST. Mary-of-the-Woods

New fall fashions for back to school will be neatly packed in the back of Carole Ann Latta's new Ford convertible. Carole's mother and father Mr. and Mrs. Charles A. Latta surprised her with a sports new car when she returned from a summer packed with fun and knowledge, which she obtained at north Texas State in Denton, Texas. Wouldn't you know Carole would know where to go to have more fun than anybody and at the same time use summer school as an excuse! I might try to talk Fred into sending me to summer school in Texas next year myself!

St. Mary-of-the-Woods in St. Mary of the Woods, Ind. has been Carole's home school for three years; this year she will return for her Senior year. Of all things for a pretty girl like Carole, her major is math!

University of Kentucky

Charles King Davis, Jr. has been in and out of U. K. for several years; his first year in college was interrupted by a call to join the army. For two years "Bebe" enjoyed extensive travels on the continent, while abroad as a guest of Uncle Sam. "Bebe" has made up for lost time since he returned to U. K. with doubling up during the long terms also taking summer work. All work and no play makes for a dull life, so "Bebe" depends on Delta Tau Delta for his social life at U. K.

This is very hard for me to write when I first came to Hickman "Bebe" was about eight years old and the apple of my eye—now before many years pass I will have to call him Dr. Davis as "Bebe" is a pre-med. student. Time jets on.

Wouldn't you hate to have two in college at the same time, and to have two girls at the university one a junior and the other a senior is just what Mrs. Tom M. French has. I can picture it now—packing eighteen pair of shoes rather than nine.

Shirley French is classified as a senior and all-around good sport. She is majoring in history and making her share of it as she goes along! Shirley chose Kappa Alpha Theta for her sorority three years ago.

Helen French with her cold black eyes and hair will do her share of history making this year as a junior—her major is social work. Helen has been an asset to the Kappa Alpha Theta sorority for two years.

Richard Hunter is the elder son of Mrs. Juanita B. Hunter. Richard attended Memphis State University in preparation for his graduate courses in international relations at U. K. The summer was filled with travel for Richard. Many days of pleasure were spent touring western North Carolina, Tenn. and Ky. Richard is a member of Sigma Phi Epsilon and I hear tell they have lots of wonderful parties planned for the coming year.

Anna Merle Morrison has spent

the summer making preparations for her sister's wedding, but now that she has Paula June married and teaching school she is devoting her time to preparing for U. K. this fall. Anna graduated from Christian College in Columbia, Mo. last spring. She will major in vocational home Eco., believe me the juniors have a treat in store for them when they meet classes with Anna Merle. Mr. and Mrs. Louis Hornsby will be oh so lonesome when their younger girls leave.

Emily Stubbs hates to leave good old Hickman, for she has had a full summer. Nevertheless she is thrilled over the coming year at Lambuth College. Emily is in her second year and is majoring in elementary education. Roberta Holly and Emily are sorority sisters in Alpha Omega Phi they enjoy many of the same past times in their leisure, but when time comes to meet classes they part ways. Roberta is studying law as her pet ambition is to become a lady lawyer. I believe you will agree with me she has made a wise choice. At the same time Roberta, has as her minor, business—now she didn't say what kind of business—do you think some of it could be "monkey business"?

Murray State College

Pat Townsend is another of Hickman's history majors—she has attended the University of Mo. and is now attending Murray State College, she is a senior. Mr. and Mrs. Carl U. Townsend have three lovely daughters and are very proud of each one. Pat is a member of Sigma, Sigma Sigma. A sorority sister of Pat's Jean Sanford, daughter of Mrs. J. Newton Clark, Jean is going to be a sophomore at Murray—I hope Jean will not change her major, elementary education, for I can think of no one I had rather come to the Hickman School System and teach the little ones.

Sometimes we wonder what the older college students do in the summer for entertainment—well I asked one of them this morning and this was my answer. "Saturday night we all went to the Strata Club. Sunday we spent the afternoon at a lake party at George Helms. Monday night we ate supper at Boyettes and went on to the Hickman Hunting Club for a party. Wednesday everyone was present at Carole Latta's charade party, Thursday morning at 10 o'clock Joe Roper cooked and served us all breakfast. Between parties me just sit around and ride around!" Believe me from now on I'm not going to give that age group another thought!

After four years of high school at St. Stanislaus College, in Bay St. Louis, Miss. Jack Johnson chose to come north for his college work. Saint Louis University is where Jack will be a sophomore this year. As a little boy Jack would tell us he was going to be a doctor when he got big. Well, he is as tall as his dad now and is majoring in chemistry

and minoring in biology in a pre-medical course, so by the time Jack gets as wide as his dad I'm sure he will be a fine doctor. Mr. and Mrs. Thomas M. Hooker are among the lucky parents that have two sons in college. Tommy and Bud are at the University of Kentucky.

David Roper is in his senior year of dentistry at the University of Louisville. David went to the University of Kentucky and Murray College before entering the University of Louisville. We think David is very fortunate in as much as when he finishes in June he will go into the navy as an Ensign. There David will have a grand field for his early career. I bet all the waves will vote David as their dentist of the year!

Shirley Samuels will finish nurses training at Gennie Stuart Hospital in Hopkinsville, Ky. in June. She then plans to return to Murray College and get her B. S. degree. Delores Ross is also in nurses' training at Hopkinsville.

Every town has some young people that think it is easier to marry and then get your college education. Glen and Clara Sargent still think so, they will be in Murray State College this year. Clara is a member of the Alpha Sigma Alpha Sorority. She is working toward her degree in commerce. Glenn is going to get his degree in geology.

Boyce and Jo Ann Ross have left Lexington, Ky. where they have been living for the past three years. Boyce received his civil engineering degree in June from the University of Kentucky. He has been working with an architect this summer while Jo Ann has been working in the Entomology department of the Experiment Station in Lexington.

This week they have moved to Atlanta, Ga., where Boyce will enter Georgia Tech. to continue his studies in architecture.

Clara and Jo Ann are the daughters of Mr. and Mrs. J. C. McClellan.

Joyce and Dinkie Cooper will be in Lexington this year. Dinkie will be at the University while Joyce will be working to do her part—which I think is fine for a wife to have a part in building for the future.

Nadine and Harold Lloyd Ross will be among the young couples on the campus. Harold Lloyd will be a senior this year. I know he just couldn't wait another year to marry. We think you have done real well to wait this long. Nadine will enjoy being with you and the University of Kentucky and here is hoping she will see you play lots of basketball this year.

Fight Freshmen Fight

There is a list a mile long of our young ones leaving this week for their first year of college—there will be lots of joys and lots of sorrows—so remember kids

TIMM'S MUSIC DEPT.
Union City, Tenn.

Getting together for last farewells before taking off for school were these Hickman students. Front row left to right: Phyllis Kelley, Joyce Mabry, Emily Stubbs. Back row: Jack Johnson, Ellen Kearby and Jimmy Whipple.

Strumming a goodbye song on various musical instruments Hickman students (left to right) Robert D. Fields, Glenda Wiley, Dub Hale and Patsy Jo Fields sing away the time before taking off for schools far and near.

when your joys come along laugh and enjoy them and when you are home-sick cry and get over it!

The University of Kentucky will have as their guests quite a few of the Hickman kids. Jimmy Whipple will study commerce while James Reed Hickerson will be in the field of engineering. Ellen Kearby wants to make modern foreign languages and histories her major. While Joyce

Mabry will give Elementary Education all she has got. Phyllis Kelly will join Joyce in a fight to learn to teach our little children to become fine boys and girls in years to come. Come on back to the Hickman school system girls—it is going to take a lot to pull Cubb through! David Bradley will be another new face on the University campus.

Donald Reed Cochran will join the freshman class at Murray State College in a few days. Ben

Boston Barnett will also add to the number of handsome freshmen boys. Glenda Wiley will be an outstanding new student in the Elementary Education department at Murray this fall.

Patsy Jo Fields will go to the wide-open-spaces of Texas to enter Texas State College for Women. She told me she didn't have the faintest idea of what her major would be, but I'll give you ten to one it isn't an "Aggie" from College Station say by after Christmas anyway!

Dub Hale of W. F. U. L. fame will enter Centre College at Danville, Ky. Dub graduated from

Webb School in Bellbuckle, Tenn. after attending Baylor School in Chattanooga. Liberal Arts will be Dub's major this coming year. Rather than "The Dub Hale Show" at WFUL (Radio at its Best) let's make it "The Dub Hale Show" Centre College (Hale at his Best) for the coming school year!

Kentucky Military Institute

The home of Mr. and Mrs. R. B. Goalder has been teaming with prep school talk for the past month. Dick left Sunday for Louisville to enter K. M. I. for his first year. Give it all you have got Dick! Robert D. Fields will be a lot of help to Dick.

COAST-TO-COAST ECONOMY RUN PROVES IT— CHEVY COSTS LESS TO DRIVE!

Test run from Los Angeles to New York by the three leading low-priced cars showed Chevrolet costs less to operate, with up to 17% greater fuel economy!

When fuel and operating costs for cars are officially checked from Los Angeles to New York, that's an economy comparison! And what happened?

In certified NATA* findings, Chevy delivered up to 17% greater fuel economy, and lower total cost for the trip—proof that Chevrolet costs least to operate of the three leading low-priced cars that were tested! But that's not surprising. You expect Chevrolet engines to wring extra miles out of a gallon of gas—just as you expect finer craftsmanship in the way a Chevy is built. Better see your Chevrolet dealer soon!

DEATHS

Mrs. Nina Arrington

Mrs. Nina Kimbro Arrington, beloved Cayce school teacher, died Sept. 9, at 11:50 at Jones Hospital here. She was 64.

Mrs. Arrington was born Sept. 22, 1892 in Hickman County, daughter of R. S. and Sudie Ross Kimbro. She started her teaching career 38 years ago, spending most of that time at Cayce. For a while she taught at the Crutchfield school. She was affectionately called "Miss Nina", and was loved and respected by a host of students, former students and the entire community. She was a member of the Missionary Baptist Church at Crutchfield.

Services were held Wednesday afternoon, at 3 at the Whitnel Funeral Home chapel. The Rev. A. E. Holt of Union City officiated, assisted by the Rev. Paul Jones of Cayce. Burial was in the Harmony Cemetery.

Honorary pallbearers were school officials and teachers.

She leaves her husband, Tom Arrington; a sister, Mrs. Ray James of Milburn, Ky.; a half brother, Lemuel Mahan of Los Angeles, Calif.; two aunts, Mrs. Jennie Pullis of Detroit, Mich., and Mrs. Sam Easley of Akron, Ohio; and several cousins.

Although Mrs. Arrington and her husband had no children of their own, they reared Jimmy Gilbert of Fulton.

Clifton K. McNeely

Clifton Kenneth McNeely of Berrien Springs, Mich. died Sept. 7, at 6:30 p. m. of a heart attack. He was 47.

Mr. McNeely was born July 4, 1910. He started his career in Graves County as a teacher. He first taught at the Wiley School and Roberts School near Duke. Later he taught at the Pilot Oak High School and Panther Creek High School. At the time of his death he was owner of an insurance agency in Berrien Springs. He was also a Drivers Education teacher in the Eau Clair High School of Berrien Springs.

Mr. McNeely leaves his wife, Mrs. Emily McNeely; a son, Kenneth McNeely of Murray State College; a daughter, Miss Patricia Ann McNeely, a junior at the Berrien Springs High School; his parents, Herbert McNeely and Mrs. Paralee McNeely, both of Princeton, Ky.; and a sister, Mrs. Hallis Harwood of Evansville, Ind.

Services were held at 2 p. m. Sept. 10, at the Pilot Oak Baptist Church. The Rev. Lois Kingston of Water Valley officiated. Burial was in the church cemetery.

Wallace Webb

Wallace Webb, 62, landowner and farmer of near Clinton, died at 7:10 p. m. Sept. 9 at Jones Hospital in Fulton, where he had been a patient since Monday, Sept. 2.

Mr. Webb suffered a heart attack, diagnosed as coronary occlusion, at his farm where he had lived since 1919.

Services were held Wednesday afternoon at the Wesley Methodist Church in the Beelerton Community, north of Fulton, at 3 o'clock. The Rev. J. F. McMinn, pastor of the Crutchfield Methodist Church, officiated, assisted by the Rev. A. L. Mayers, pastor. Burial was in the Rock Spring Cemetery near Crutchfield.

Pallbearers were J. Ray Pharis, Roy Howell, Guy Brown, Earl Craddock, William Pittman and Webb Walker.

Mr. Webb leaves his wife, the former Miss Opal Cook of Fulton, whom he married Oct. 26, 1919; two sons, Wallace Duane Webb of Dwight, Ill., and Thomas Ward Webb of near Clinton; a daughter, Mrs. Glenn E. Davis of Union City, Tenn.; his mother, Mrs. Estella Freeman Webb of Fulton; a sister, Mrs. Helen Hortense Howes of Ashfield, Mass.; and five grandchildren.

A daughter, Mrs. Estella Joyce Jones, died Nov. 4, 1948; a brother, Ward, about 1907.

Mr. Webb, a lifetime resident of Hickman County, was born April 21, 1895, in the New Hope Community, a short distance from the present Webb farm.

Dr. Frank Usher

Services for Dr. Frank Usher, who died Saturday, Sept. 7, in Houston, Texas, were held Wednesday afternoon at 2, at Barrett Funeral Home in Hickman.

His son, Dr. Cowgill Usher and wife are staying at the Davy Crockett Hotel in Union City.

"Independent little things,
aren't they?"

— says Don Herold

AND thank heaven! Each of those 837 coil springs in the full-size Beautyrest Mattress is in its own little cloth pocket, independent of all the others.

Realize what that means? When you sleep on a Beautyrest, the mattress conforms to your form. Wherever you bulge, the springs give, because they

give separately. Now that's real luxury sleeping comfort!

Ordinary mattresses, of course, sag like hammocks. (If you'd rather have a hammock than a Beautyrest, all right.)

Since I'll be spending lots of time on my mattress (1/3 of my life, they say) you can bet it's a Beautyrest. And you?

You can see Beautyrest at--
