# WEEKLY NEW ERA.

ONE DOLLAR A YEAR

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY JULY 29 1904

VOLUME XXXIV, NO. 42

## WHEAT AND TOBACCO IN HOPKINSVILLE.

IMPROVEMENT IS SHOWN IN LOOSE SALES.

### THE PRICES REALIZED.

Wheat Crop Promises to Break Records.—Now Selling at Ninety Cents.

The local tobacco market this week was about as usual on the breaks, while the loose sales at the warehouse of Woodridge & Co., showed improvement.

Prices on the breaks ranged as follows: Lugs, 2 75 to 4 25; common leaf, 4 25 to 5 50; medium, 5 00 to 5 25. No fine leaf was offered. The inspectors' report gives the following figures for the week: Receipts for week, 700 hhd; receipts for year, 9,305 hhd. Sales for week, private, 700; public, 197; total, 897 hhd; sales for year, 7,321 hhd; offerings for week, 368 hhd; rejections, 611 hhd. About 250,000 pounds of the weed is offered this week on the loose and prices were strong. Sales will be held on Tuesdays and Fridays the loose floor so long as the offerings justify. Prices ranged as follows: ash, 2 25 to 2 50; lugs, 2 50 to 3 25; common, 2 50 to 4 00; medium, 4 00 to 5 00; good, 1 00 to 2 25.

Reports from the growing crop in this county show it to be in a most satisfactory condition although rain is beginning to be needed in some sections. The average is only about sixty-five per cent of the usual amount planted but from present indications and continued favorable weather it is thought the yield will fully make up for the deficiency. There are few worms.

The wheat crop of this year will probably hold the record for some time as being the best both as to quality and quantity. The acreage was not as great this year as usual, but the yield is so much better that this is more than made up. The crops average from thirty to sixty-two bushels to the acre. The average of sixty-two bushels was made by Mr. Jeff Garrett, of the Pembroke neighborhood, on twelve acres. His entire crop averaged about thirty-seven bushels.

The grade of this year's crop is the best seen in a number of years. Only a very small per cent. grades less than No. 2, and there is no smut, weevil, nor other foreign substance mixed with it.

### Can You Beat These?

Mr. W. R. Brumfield, the local market gardener, presented the New Era with a head of cabbage and some tomatoes today which are probably the largest grown here this season. The head of cabbage weighs twelve pounds trimmed and ready for cooking, and before the outside leaves were cut away the weight was sixteen pounds. The tomatoes are five in number and they weigh six pounds and average of over a pound each. Mr. Brumfield shipped large quantities of vegetables this year because supplying a large portion of the local demand.

## DOUBLE MURDER IS EXPIATED ON THE SCAFFOLD.

CUSTER GARDNER HANGED AT MUMFORDSVILLE.

### STORY OF HIS CRIME.

He Killed Squire Osborne and His Son in Hart County.

(Special to New Era.)

MUMFORDSVILLE, Ky., July 28.

At six o'clock this morning Custer Gardner paid the penalty on the scaffold for the murder of Squire Osborne and his son. His friends labored very earnestly in his behalf, but the majority of the citizens of the county demanded that the perpetrator of so great a crime should pay the extreme penalty. The ministers of the county have labored earnestly with Gardner trying to prepare him for death, and up to a short time ago they met with very little success, but Tuesday he expressed himself as reconciled to his fate, and said he was at peace with the Lord and felt that he had been pardoned. He was baptized some time before going to the scaffold.

As this was the first legal hanging in Hart county in fifty years, great interest was manifested. Sheriff Isaacs yesterday asked for troops to aid in preserving order, but Gov. Beckham, after making an investigation, decided that the situation did not warrant such action, though he ordered fifty men of the Louisville battery to be held in readiness to go to Mumfordsville.

The crime for which Gardner was hanged was one of the most atrocious ever committed in the county of Hart, and in no case brought before the executive in recent years was the protest against any interference as strong as in this one. Court officials and prominent citizens protested as earnestly as did the petitioners for mercy. Gardner was convicted of the murder of David Osborne, a young man against whom he had a grudge. Osborne was shot down while at the home of his father. The murderer fired through a window of the home after night and killed Squire Osborne, father of David Osborne. The boy ran out of the house and was assassinated just outside, and two other men at the house were shot and seriously wounded. Gardner sought to establish an alibi, but failed. After being convicted he confessed that he did the shooting.

The condition is equally as good, the threshing having been done under favorable weather conditions, notwithstanding rain for a time threatened to cause trouble.

Prices this year have been equally as good as the wheat itself the market having opened at 80c and steadily advanced until it reached 90c. It declined somewhat when that point was reached but is steady at 90c today. The highest price paid in this county was \$1.00 and only two instances have been reported where this figure was reached. The Crescent Milling Co., paid this price to Mr. C. R. Boyd, of Church Hill, for a portion of his crop and the Dunlop mill of Clarksville paid the same for a part of the same crop and also to Mr. E. D. Jones.

Louis F. Swift

**PROMINENT FIGURES IN THE PACKING HOUSE TROUBLE.**  
J. Ogden Armour, Louis F. Swift and Michael Cadahy are the heads of three of the great meat packing establishments of the country at whose plants occurred the recent trouble with the men over the question of wages. Tens of thousands of the butcher workmen resolved to strike, with the result that the prices of meat of all sorts immediately began to soar. Arbitration finally settled the differences.

## BIG LOG ROLLING

WILL TAKE PLACE OVER AT DAWSON SPRINGS.

**Fine Program Is Being Prepared For the Occasion.—Big Crowd Expected.**

Hopkinsville Woodmen are looking forward with keen interest to the log rolling at Dawson Springs on August 19 and 20, which will be the largest event of the kind ever held in the South by Woodmen of the World. The big meeting will be held in the beautiful Riverside park, which was opened at the beginning of the present season, about half a mile from town on the west bank of the historic Tradewater river.

There will be a grand barbecued dinner each day. Meals will be served on the ground at all times and everything will be done to make the visit of the Choppers and their friends pleasant and enjoyable. Prominent Woodmen speakers from different parts of the country will be present.

A prize of \$25.00 in cash will be awarded the best drilled uniform rank team for competitive drill work, the contest to be decided and governed by competent and disinterested judges.

A prize of \$15.00 will be awarded the victorious camp in the log rolling contest, the logs to be rolled and piled two feet out of three, a log rolling contest to take place each day. As many camps may compete as desired, only members of the W. O. W. being eligible to take part in the contest, the winners to be decided as above.

A mock initiation of a Woodman will be given in the Hamby vaudeville theater on the evening of August 19. This will be one of the funniest and most interesting features of the big meeting.

A number of W. O. W. brass bands will furnish music on both days. There will be some good shows on the grounds, horse racing, baseball games, all of which and many other features will be announced on the program now being prepared.

### Died at Knoxville.

A telegram to Mr. Harry G. Smith from Knoxville, Tenn., announces the death of Jack Smith, the bright four-year-old son of Mr. and Mrs. Wallace Smith, formerly of this city. The child was a grandson of Mr. T. L. Smith and Mr. Frank Gorman.

## FUNDS ARE NEEDED

BY THE CHILDREN'S HOME SOCIETY.

**Attorney General's Decision Paralyzes Organization Unless Aid Comes.**

An appeal to the people for subscriptions to the Kentucky Children's Home society has been made by Robert Worth Bingham, president of the organization to help meet the deficit caused by the recent opinion of the attorney general, which holds that the legislature exceeds the constitutional power in making an annual appropriation of \$15,000 for this use.

Mr. Bingham states in his letter of public appeal that in the opinion of the officers of the society the attorney general erred in his opinion, and that the question will be tried out in the courts. He points out, however, that the litigation will take a long time, and that in the meanwhile the practical usefulness of the organization will be paralyzed unless the public, by subscription, makes up, at least in part, the amount that has been coming from the appropriation.

The society has 1,100 wards throughout the state, and as it is a strictly nonsectarian association these children have no call upon Masonic or denominational charity. The work of the society is of a sort that reaches children beyond the efforts of other charities, and who, if not so reached, would inevitably, in the opinion of the officers of the association, sink into the criminal class and vicious element that constitutes a menace to the state and society.

It is stated that statistics show that the influence of the society's work actually redeems nine-tenths of these children and converts them into useful and law-abiding citizens. The society expects to rescue not less than 500 children this year, unless rendered helpless by lack of funds. Subscriptions should be sent to George B. Sehon, superintendent Masonic Temple, Louisville.

### Death of Child.

The infant daughter of Mr. and Mrs. Sam McGehee died at their home in Pembroke yesterday after an illness of several weeks. Interment took place there today.

## M. DE PLEHVE, RUSSIA'S HATED MINISTER OF INTERIOR, BLOWN TO PIECES WITH DYNAMITE.

ASSASSINATED WHILE IN CROWDED STREET

### ON WAY TO SEE CZAR.

Most Unpopular Man in the Country and Accused of Inspiring Massacre at Kishineff.

(Cablegram.)

ST. PETERSBURG, July 28.—M. de Plehve, Russia's minister of the interior, was assassinated this morning.

Excitement here is intense. The entire police and secret service departments are at work on the case.

The guards about the palace have been increased and everything for the protection of the czar is being done.

The killing of de Plehve was of the most startling kind.

He was on his way to the palace for a conference with Czar Nicholas. As he passed through the street, which was thronged with people, a dynamite bomb was thrown at him. There was not a moment left for escape. The bomb exploded and the famous statesman was blown to pieces.

Owing to the congested condition of the streets and the skill with which the work was done, the author of the assassination is not known. A suspect has been arrested. He denies his guilt, but the police feel sure he can throw light upon the mystery.

M. de Plehve was the most unpopular man in Russia.

He had an iron will and a cruel and despotic nature. He was a strong anti-Semite and was accused of having inspired the massacre of the Jews at Kishineff.

Mrs. Josh Boyd and three daughters, of Elm Creek, Nebraska, and Mrs. Robt. Gresham, of Holdridge, Nebraska, will arrive tonight for an extended visit to friends and relatives in this county. They formerly resided here.

## STRIKE SITUATION.

CHICAGO, Ill., July 28.—The packing houses continue to operate and the owners refuse further conferences. There have been a few small disturbances today.

### STRONG PROTEST.

LONDON, July 28.—The British government has sent instructions to its ambassador at St. Petersburg to protest energetically against the sinking of the British steamer Knight Commander by the Russian Vladivostok squadron. The fullest indemnity will be demanded, and unless this is promptly acceded to measures will be taken to follow up the diplomatic demands. American arms whose goods have been seized or destroyed in the English vessels held up by the Russian navy, in addition to protesting here, have filed protests with the United States government. The chief protester is the Portland Milling Company, of Oregon, because of the seizure of a cargo of flour on the steamer Arabia.

### Express Thanks.

The sum of \$97.11, clear of all expense, was realized by the ice cream festival held Tuesday evening at St. Peter and St. Paul's church for the purpose of increasing the fund for the new church to be erected in this city. The pastor, Father Welsh, and the members of the congregation are very grateful for the generous assistance they received from the members of other churches and from the citizens of Hopkinsville generally.

PECK RELEASED

CASHIER OF DEFUNCT BANK AT LIBERTY.

Claims There Was Conspiracy to Deprive Him of His Freedom.

E. T. Peck, cashier of the defunct Adams county bank at Dover, Tenn., who was indicted by the grand jury on three charges of receiving deposits after he knew or should have known that the bank was insolvent, has been released at Clarksville on his own recognizance. Since the grand jury adjourned two warrants charging Peck with similar offenses have been sworn out by parties who testified before the grand jury but upon whose testimony no indictment was returned. Peck had been in jail at Dover for about two days, and had given bond in four cases but each time was again arrested, and he alleged there was a conspiracy to deny him his liberty and applied for his release on a writ of habeas corpus which was granted.

## SUPREME COURT

Case Against Goebel's Murderers Will Be Taken.

FRANKFORT, Ky., July 25.—Appellate Judge Bernam today granted a writ of error in the Jim Howard case. Howard is under sentence of life imprisonment for the murder of Gov. William Goebel. The writ of error is the first step in taking the case to the supreme court.

Rarely Witnessed.

Christian county farmers are hauling both wheat and tobacco to market these days—a spectacle rarely witnessed here. A considerable part of the tobacco crop has not yet been sold.—Pembroke Journal.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobek of Colusa, Cal., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bilew and its greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c; satisfaction guaranteed by L. L. Elgin and Cook & Higgins.

Summer Excursion Rates. Commencing May 15th, and continuing until Sept. 30th, the Illinois Central will sell round trip tickets as follows:

To Carleton Springs	80c
To Dawson Springs	\$1.70
To Crittenden Springs	3.35
To Grayson Springs	5.80

All tickets will be limited to Oct. 31st.

No Extra Session.

It is said at Frankfort that it is out of the question that an extra session of the general assembly will be called to consider the matter of securing a new site for the capitol building. Should the state house commission decree not to use the present site or to buy another site the work of construction could only be delayed until the next regular session of the legislature, which will meet in January, 1906.

## LOST AGAIN

CLARKSVILLE WON BY SCORE OF 3 TO 2.

Game Was Interesting—Vincennes Here Today.—Baseball Notes.

STANDING OF THE CLUBS.

	played	won	lost	per cent
Paducah	70	46	24	656
Cairo	73	45	28	616
Clarksville	71	36	35	512
Hopkinsville	73	31	42	424
Vincennes	70	28	42	400
Henderson	73	29	44	397

AT CLARKSVILLE.

Clarksville, Tenn., July 25.—Clarksville took the last game of the series yesterday from Hopkinsville in a ten inning contest. Weakley, who was batted out of the box by Hopkinsville Friday, was again on the slab and he held the visitors down to four hits. Besides being unable to hit opportunely Hopkinsville was off in fielding and made eight errors. Notwithstanding this the game was full of interest.

Score:  
Hopkinsville..... 2 4 8  
Clarksville..... 3 9 8  
Batteries: Ferrell and Collins and Moore. Weakley and Pettit.

AT CAIRO.

Cairo, Ill., July 25.—Paducah shut out Cairo here yesterday in the open-

ing game of the series. The locals were unable to connect with Freeman's delivery and at times their fielding was off color. Score:

Paducah..... 3 6 8  
Cairo..... 0 8 6  
Batteries: Freeman and Land. Wilder and Rutledge. Umpires Zinkan and Shuster.

—Vincennes comes today for three games.  
—Paducah papers are roasting Shuster for all they are worth.  
—"Wee Willie" Popp failed to give satisfaction as umpire and has been released.

—Hoepfel has been signed by Clarksville to play first in place of Reiney who is ill.

—After Vincennes, comes Henderson for a series of three games and then the team leaves home for a series.

—Can't Hopkinsville reduce the error column some? Every day shows an appalling total of errors when compared with the other teams.

—Paducah is coming strong again since their reorganization. The Pa-pooes have again developed into full grown and exceptionally strong Indians.

—Vincennes is playing great ball and will make Henderson, Hopkinsville and Clarksville hustle if they keep ahead. As they made such a bad beginning they intend making a strong finish.

—Cairo seems to be unable to stop that steady downward motion. It now begins to look as if it might be nearly as bad as the awful slump Henderson had last season after they held the lead so long.

—Harry Nickens, who was with Clarksville last year and is now with Nashville, replaced Platt in the first game of a double header Saturday and pitched both games, winning both contests.

—In commenting on the crowd from here that attended the game at Clarksville last Saturday the Leaf Chronicle says: "A part of the crowd took charge of an electric car and had rare fun as it was a new experience to them." This is correct. The party say they never enjoyed anything more than this ride for they had been used to riding on cars in the cities where they were forced to change for every different street but it was a unique experience to be able to get on one car and take in an entire town without a single change. They did enjoy the occasion to the fullest extent.

—The Leaf-Chronicle comments further on their visit to that office and the interest shown by the party in the linotype typesetting machine. The members of the party say they did examine the machine but that was not what attracted them. They were more entertained by the sagacity of the trained dog which acted as messenger in the office. In the same article it was stated that the operator of the linotype became rattled and could not do his usual good work. This is not to be wondered at for when a party of Hopkinsville girls run up unexpectedly on a poor fellow at work their beauty and vivacity will surely put him to the bad unless he is deaf, dumb and blind. One of the party in referring to this article naively remarked that she "didn't notice the rattles in the operator so much as she did in the machine."

## SPECIAL TRAIN

To Madisonville Thursday, Friday and Saturday.

A special train will leave Hopkinsville on Thursday, Friday and Saturday, July 28, 29 and 30, for Madisonville on account of the great Hopkins County Fair. The train will leave Hopkinsville at 8:30 a. m., and returning it will leave Madisonville at 6 p. m. Round trip for one fare plus 25 cents.

## RAPID GROWTH

OF Y. M. C. A. IN STATE OF KENTUCKY.

Encouraging Report Sent to International Committee—Endowment Fund.

A resume of the growth and development of the Young Men's Christian Association work in Kentucky for the past three years under the supervision of the state executive committee has been sent to the International committee, and will appear in the year book for 1904. It contains the following information:

During the past three years the growth of the various departments of work in the state—city, railroad, student and county—has been notable, and has been especially characterized by a broader vision of the field to be occupied by each association, and by a more systematic and aggressive occupancy of the fields in which work is being done. This period witnessed the jubilee of the Association work in Kentucky, commemorating the semi-centennial of the organization of the first association in the state, and of the quarter-centennial of the organization of the state work. The Jubilee Convention at Lexington was attended by 551 delegates. This was the largest association convention (state or international) ever held in the South.

There are now seventy-four associations in the state. Ten of these are city, seven railroad, twenty-seven student, and thirty town. Fifty-one secretaries are employed. Two assistants have been added to the secretarial force of the state committee, which is now as follows: state secretary, secretary city and railroad department, secretary religious and educational work department, secretary student department and two secretaries of the county work department. With this report, the state secretary, Mr. Henry E. Rosevear, completes fifteen years of service in the state.

In the material equipment of the associations of the state there has been an encouraging growth. Buildings have been opened for the railroad departments at Ashland and Corbin, costing \$8,000 and \$5,500 respectively. Lexington has raised \$40,000 for a new building now in the process of construction. A building at Covington is assured by the securing of \$50,000 in subscriptions. Hartford, Ohio county, owns the first county association building in the state. Building movements are in progress in a number of other communities. The Louisville association raised a Jubilee fund of \$15,000 to cover the mortgage indebtedness and cost of improvements on its building.

The railroad work has made more

It Doesn't Scare Foks to be told the truth about Lion Coffee  
The scare-crow coffees are those that hide under a glazing of factory eggs, glue and such stuff.  
Lion Coffee is pure, wholesome, unglazed, rich in flavor and uniform in strength. The air-tight sealed packages insure cleanliness, freshness and uniformity.

rapid and steady progress during the past three years than in any previous period in our history. Two new railroad departments have been organized and preliminary work begun at two other points. Institutes for the study of the religious and educational needs of the railroad men in Kentucky, and the association's relation thereto, have been held by the state committee and have borne fruit in a larger and more aggressive work in these departments.

In the student department there has been an outward and an inward growth. There has been a decided increase in the number of associations and in their material equipment, and the aggregate membership and enrollment in bible study and mission study classes surpasses that of any previous period. The annual conference of presidents, the state student conference and the supervision of the student secretary of the state committee, have been vital factors in the development of this department.

The employment of a county work department secretary, begun in this state in 1899, has been followed by several other states and by the international committee. A second secretary is now employed by the state committee for the supervision of this department. Eight counties are organized, each with an employed county secretary. County work in Kentucky is rapidly passing from its experimental stage. With the increased permanence of the work has come an unfolding of its forms of effort, and as a natural enlargement of the scope of work there has arisen a demand for larger equipment on the part of the various local associations. In at least two principal points movements are on foot for the securing of buildings commensurate with the size of the communities and the growing needs of the work.

An association tent has been maintained at the annual encampment of the state guard. This work has been greatly appreciated by the officers and men, and is one of the most effective agencies which the state committee employs to extend the helpful influences of the association to the young men of the entire state. The boys' work has grown steadily. The study undertaken by the sub-committee on boys' work of the state executive committee, with the co-operation of the boys' work secretary of the international committee, resulted in the formation of a policy which, with the state boys' conference, have contributed materially to the development in this department and the thoroughness and efficiency of the work.

One of the most valued members of the committee, the late Mr. Max Weir, of Greenville, has recently left a bequest of \$5,000 to the endowment fund of the state committee.

## HARRIMAN ROUTE VIA TENNESSEE CENTRAL RAILROAD.

The new short line to and from all Eastern points including New York, Boston, Philadelphia and Baltimore. A fast freight service by daily package cars in connection with the Ash-ville Line, the Virginia-Tennessee & Georgia Air Line, and the Richmond & Danville Dispatch.

# Anderson's Cut Sale.

This is not the greatest cut sale we ever gave-neither is it the greatest you ever saw-for if you've attended the sales here you've seen some pretty big ones. But below we give you a list of values that we believe will satisfy the most exacting "Bargain Hunter." Our stock is too large and must be reduced, that's the excuse for the "littleness" of prices. With wheat selling around a dollar, these prices ought to make friends of you.

**Begins Tuesday, Aug. 2, Continues 15 Days**

## CLOTHING DEPARTMENT.

**Men's Fine Suits At One-Fourth Off. \$15.00 and \$20.00 Suits at Half Price**

# J H Anderson & Co

HOPKINSVILLE, KY.

## Notes About People

(From Tuesday's Daily.)

Ben Armistead spent Sunday in Paducah.

Mr. G. W. Southall has returned from Clarksville.

Mr. J. C. Marquis, of Pee Dee, was in the city today.

W. T. Cooper has gone to St. Louis to spend the week.

Miss Alice Dabney is visiting relatives in Princeton.

Mrs. Emily Wheeler Elliott has returned from Owensboro.

Miss Roberta Luckett has returned to Clarksville after visiting here.

Mr. James M. Glass is sick with fever at his home on East Seventh street.

Miss Dean, of Birmingham, Ala., is visiting the family of Mr. Giron on East Seventh street.

Mr. Winston Henry, of the Oakley neighborhood, was among the visitors to the city today.

Miss Jonathan McCortney, of New Haven, is visiting Miss Bernice Richman on Elm street.

Miss Ophelia Morgan, of Crofton, is the guest of Miss Ethel P. Renshaw on Cleveland avenue.

Mr. and Mrs. James H. West have returned from a visit to the family of Mr. W. F. Black, at Crider, Ky.

Mrs. Samuel Ringgold, of Knoxville, Tenn., is visiting her brother, Mr. T. C. Richardson, on Ninth St.

Mr. James H. Hillman passed through the city yesterday en route from Trigg Furnace to Birmingham, Ala.

Miss Edith Waller is very ill at her home on Virginia street—suffering quite a severe attack of typhoid.

James Lucy Ellis, T. M. Jones, a Cayce and W. P. Wintree, will be tomorrow for a week's visit to Glenn.

Mr. N. B. Dicks, of Nashville, is a pleasant visit to Mrs. W. H. and other relatives and friends in the city, has returned to her home.

John Pendleton, Douglas Pembroke and James Garrett, of Pembroke, attended the meeting of the Knights Templar in this city last night.

Mr. and Mrs. Robert Chilton, of Pembroke, were in the city today. They brought their little daughter here to have an operation performed for throat trouble.

Miss Katherine and Rosebud Wood returned home Saturday after a month's sojourn at Red Bolling Springs, Tenn., whither they had gone on account of Miss Rosebud's health. She was somewhat benighted, but stopped over in Nashville to see the well known specialist, Dr. Wetherpoon, who is now treating her.

**EXPIRED SUDDENLY**

**Correll Moore, Colored, Died Last Night.**

From Tuesday's Daily.

Correll Moore, a highly respected colored woman, died suddenly last night at her home on Walnut street. She was seized by a violent attack of coughing about 10:30 and died in a few minutes, the doctor pronouncing the trouble congestion of the lungs. She had been an invalid for twenty years. She was sixty-two years of age and was a member of the Methodist church. She was the mother of Ned Turner, the colored groceryman. The funeral services will be held at the residence this afternoon at 4 o'clock.

**Sent to the Asylum.**

William Albritton was found Monday a jurr, to be of unsound mind and was sent to the asylum at Hopkinsville. He is sixty-four years of age and has been in this condition nearly all his life. He has been cared for by his brother, Mr. Lake O. Albritton, who could no longer bear to have his brother sent to the asylum, but since they both have become old, and his brother more dangerous than ever, it was thought best to have him sent to one of the state institutions where he could be more carefully cared for.—Miss Messenger.

**After a Man.**

The Life Insurance Company is considering the question of establishing a branch office here for Kentucky. The company's agent, Mr. Davidson, is looking for a man to fill the position. Davidson is at the Le-

## DEMOCRATIC

### CAMPAIGN COMMITTEE SELECTED TODAY

**Hager Named as Chairman.—Election Commissioners Recommended.**

(Special to New Era.)

FRANKFORT, Ky., July 26.—The Democratic state central committee today selected the following campaign committee: S. W. Hager, chairman; Ollie James, John B. Brasher, Henry B. Hines and John M. Leasing. The following were recommended for election commissioners: Jane Gayle, C. B. Poyntz, John A. Oeller and Ben H. Smith.

The "Sunshine Bearers" and "Timbre" missionary societies will give a "Lemon Squeeze" at the residence of Mrs. C. B. Petrie, Tuesday night, August 2. Old and young are invited to come and have a good time.

**RUSSIAN RETREAT.**

(Cablegram.)

ST. PETERSBURG, July 26.—The Russians have been forced to retreat to Hai Ching.

**STRIKE SITUATION.**

(Special to New Era.)

CHICAGO, Ill., July 26.—The packers are continuing operations. Several non-union men were slugged today but no one was killed.

**What Receipts Heavy.**

The local mills are rushed from early morning until late at night now receiving wheat, which is being delivered in almost constant streams by both wagon and rail. The receipts today at the local mills were 9,000 bushels by wagon and 15,000 bushels by rail.

**Passed Examination.**

Mr. Byron D. Williams, of Crofton, successfully passed the competitive examination for admission to State college at Lexington and his appointment has been sent in.

## LEAVE SOON

### Hopkinsville Citizens Going to New Fields.

Judge Polk Cansler is rapidly winding up his business affairs here and will leave between the first and tenth of August with his family for Enid, Oklahoma, where he will make his future home. He will break up housekeeping Saturday and give possession of his place on Virginia street to Mrs. S. A. Buckner who purchased it recently. The sale of the household effects will take place Friday morning.

Judge Cansler will engage in a law, real estate and loan business at Enid, where his son, Charles, is already and has for several months been engaged in the same business. The many friends of this estimable and popular family will take leave of them with sincere regret but their best wishes will follow them to their new home.

Hon. Jas. B. Allenworth will leave next week for Paducah where he will practice law in the future. Mr. Allenworth will not move his family there for the present.

### OLD COINS FOUND

In the Ruins of a Tenement Building.—May Be of Value.

While poking around in the ruins of an old tenement building which was torn down to make room for the new jail, two old coins were found. One was an old German coin of the date of 1815, which was found by Jailer John Boyd. The coin is about the size of a half dollar but is about a sixteenth of an inch thick. From holes bored in the edge it is supposed the coin was once used as a charm of some kind.

The other coin found in the ruins was a United States copper half-cent piece and was found by a negro laborer. It was purchased from him and then lost.

## BLIND HERO

### SAVES BOY FROM DROWNING AT PADUCAH

**The Youth Was Apparently Dead When Rescued, But Revived.**

A blind man in the role of rescuer for a drowning boy is something unusual, and if Ed Pettie, the hero, is not recommended for some of the Carnegie hero fund it will not be because he doesn't deserve it.

Petty is a blind shantyboatman, quite well known in Mechanicsburg. His boat is moored below the Third street bridge, just above the mouth of Island Creek.

Sunday afternoon about 1:35 o'clock Jack Finch, a 13-year-old boy living on Broad street, was scampering along the creek branch following a dog held by a rope. Suddenly as they skirted the bank, the dog plunged into the creek, and pulled the boy in after him. He went in over his head, and was drowning when a woman who had seen the accident screamed and Petty rushed out of his boat, which fortunately was near, into the water.

He instinctively followed the sounds of the boy's struggle in the creek and went to the rescue, dragging the dripping boy up after he had sunk for the last time.

B. W. Petty, a brother of the blind man, fearing that he would also be drowned, rushed in and assisted both man and boy to the bank.

Finch was really drowned, and to all intents and purposes dead.

He was rolled over a water bucket on the bank until all the water was out of him and respiration returned, however, and today has fully recovered.

### FISCAL COURT

Session Called For Friday, August 6.

An order was issued this morning in county court calling a session of the fiscal court for Friday August 6. The court is called for the purpose of taking up and disposing of any business which may be brought before it over which it has jurisdiction.

### Group

Is a violent inflammation of the mucous membrane of the wind pipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of the children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c, \$1. Sold by Ray & Fowler.

### CASTORIA.

The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Fitch*

### Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

**Kodol Digests What You Eat**

and relieves the stomach of all nervous strain and the heart of all pressure.

Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.

Prepared by E. C. DEWITT & CO., CHICAGO.

Sold by R. C. Hardwick

## AUGUST WEATHER

### MONTH ONE OF DISTURBANCES AND STORMS.

Frost is Probable for Closing Days, According to Hicks.

The regular Vulcan storm period is central on the 13th. The culminating days of the period will be the 3d, 4th and 5th. On and touching these dates general storm conditions will develop and pass from west to east across the country. After heavy storm and bluster about the 8th, 9th and 10th, look for rising barometer, westerly winds and cooler.

On and touching the 8th and 9th, under the influence of reactionary storm forces, intensified by the moon's extreme north declination and conjunction with sun, the temperature will rise to some of the highest readings of the summer, the barometer will fall and severe storms and bluster will visit many localities in their sweep from west to east. This heated spell will not break down until after the new moon on the 11th, with strong probabilities that it will last into the regular storm period extending from the 12th to 17th.

The disturbance of this period, whether or not West India storms come up from the south, may be expected over most interior parts of the country from 13th to 16th, culminating falling most likely on 14th or 15th. Vicious thunder storms and high gales will center about 14th.

Change to rising barometer, and very much cooler, especially at night, will follow for some days the reactionary storms centering about the 18th and 19th.

The last regular storm period for August is central on the 26th, extending from the 24th to the 28th. With this period the moon is at full on the 26th, in apogee on the 28th, and on the celestial equator on the 29th.

The indications are that the general disturbances of this last period will be followed by a general high barometer, with fierce, high winds and unseasonable cold weather out of the northwest. If frosts make their appearance over the northern to middle regions of the country during the last few days of August our readers need not be wholly taken by surprise.

The dates upon which volcanic and earthquake disturbances are most likely to reach a maximum, generally over the globe, will be on the 9th to the 13th and the 24th to the 28th of August. We will name Thursday the 11th and Thursday the 26th as central days of these probable seismic periods of disturbance.

## FINISHING TOUCHES

On the Great St. Louis Exposition.

Numerous improvements have been made here and there throughout the World's Fair grounds within the past fortnight, rough edges, figuratively, have been smoothed up, the landscape effects have been brightened through constant efforts of the gardeners, the material used in erecting booths and making additions has been utilized and the surplus cleared away, and the exposition throughout never was in more complete gala attire. Visitors comment greatly upon the beautiful and finished appearance.

The remarkable cool weather that has prevailed during the past week has done much to dispel the popular belief that St. Louis constantly suffers throughout the summer, and from all parts of the country visitors are pouring in to enjoy the exposition during the period of lower temperature.

## From Day to Day.

The cost of political campaigns has increased tremendously since Lincoln ran for president. The Republican campaign of 1864 cost about \$100,000. The cost of the campaign of 1900 was about \$5,000,000. Main taining headquarters costs at least \$3,000 a day. Great parades cost from \$12,000 to \$20,000 each in New York or Chicago. Great public meetings cost from \$3,000 to \$4,000 apiece. According to conservative estimates the legitimate campaign expenses of the rival parties this year will reach six million dollars. In 1896 the late Chairman Hanna was worried about Iowa toward the close of the campaign. He ordered a personal canvass made of every doubtful voter in the state. This canvass is said to have cost the Republican committee \$20,000. The result showed that McKinley's election was assured. Iowa gave the McKinley electors 65,000 plurality, but it cost money to get it.

The members of the Democratic National committee were guests of Judge Parker at Rosemount yesterday. Charles F. Murphy and other prominent Tammany leaders were also present, arriving in advance of the committee. Mr. Murphy before leaving Rosemount, spoke hopefully of Democratic success, and declared that New York City would give the national ticket the biggest majority ever known.

The Democratic State Central committee met at Covington and declared Joseph L. Rhinock the nominee for congress in the Sixth district, the contestant, Judge Hodge, not appearing. It was decided that the primaries called in Nelson and Menifee counties should stand, as the law was not understood when the calls were made.

"Talk about a wonderful man," said John Sharp Williams, of Mississippi, "Senator Davis, our nominee for vice president, is just that. In the long session of the committee on resolutions at the St. Louis convention, lasting more than twelve hours, Senator Davis was with us constantly, and seemed to be untiring. About 11 o'clock in the morning it was absolutely necessary for me to go out and get a cup of coffee and a bite to eat. Senator Davis was sitting near me, and I invited him to come along, telling him that he must be fatigued. 'Not a bit,' replied the next vice president. 'You young men cannot stand these affairs as well as men of my age. You have to have rest. I can get along for some time yet without it.' And so he did," added Mr. Williams. "He did not miss a word of the debate in the committee."

The effect of the state board of arbitration to bring about a settlement of the Chicago strike ended in failure when the final statement of the packers was received declaring that, as far as they were concerned, the original agreement was still in force, and that they were willing to abide by that agreement or continue their present course. The packers also intimated that the vacancies were being rapidly filled, and that if the strikers cared to open the matter for arbitration under the old terms there was no time to be lost.

### Growing Normal.

The volume of business on both the Louisville and Memphis divisions of the Illinois Central continue steadily to increase. For a little more than a month the amount of freight hauled was decidedly below the average for that time of year, and the officials of the road began to fear a general dearth of freight. The decline came earlier in the season than usual, and was more pronounced.

But the increase in business has also come earlier than ordinary, and it now appears that the remaining months of the year will be prosperous ones for the railroad. Nearly fifty per cent more cars are used now than a month ago.

## GENERALLY GOOD

### ARE CROP CONDITIONS IN KENTUCKY.

Wheat Crop Fine and Tobacco is Doing Fairly Well.

The following statement of the condition of crops for last week issued from the weather bureau:

The first of the week was quite warm, with local showers covering the greater portion of the state; the latter part was cool and generally dry.

Wheat threshing was delayed by the rain, but progressed well the last of the week. The crop is better in yield and quality than was expected.

Tobacco is doing fairly well. The early fields in the western portion of the state are especially good, but the later setting is not so promising. In the burley districts of the Bluegrass and north central counties the crop is very uneven and the stand frequently poor.

Corn has made good progress and looks very promising.

The harvesting of oats is nearly completed, and a fairly good crop has been secured.

Irish potatoes and garden vegetables are very good.

Apples and peaches have deteriorated and will give short yields.

In some locations pastures are needing rain badly, but over the greater part of the state they are quite good.

Farm work is well up.

## NO UNIFORMS

Will be Required For Rural Carriers.

An emphatic denial is given by Fourth Assistant Postmaster General Bristol to the report that the department is about to issue an order requiring carriers in the rural free delivery service to purchase and wear uniforms. Mr. Bristol believes that the carriers should be uniformed, and states that ultimately they will be required to don a distinctive style of dress, but for the present, at least, no action in the connection is contemplated.

Petitions for rural routes continue to pour in, as formerly, each section wanting a liberal share of the more than 9,000 routes that will be established during the current fiscal year.

### PLAN DECISIVE BLOW.

(Cablegram.)  
LONDON, July 28.—The New Chwang correspondent of a London paper says the Japanese are not pursuing the Russians, as they desire to co-operate with the first army in a decisive battle between Hai Cheng and Liao Yang, "which even in the opinion of Russian officers, will result in a Russian defeat and will terminate the campaign." Refugees arriving at Chefoo tell of the destruction of two Russian torpedo boat destroyers by the Japanese fleet.

### Old Police Chief.

George Washington Gauer, aged sixty years is dead in Madisonville. He was an ex-Union soldier, having served all through the civil war. He was one of the most widely known and popular men of Hopkins county, having served Madisonville eight years as chief of police.

The person who has to resort to plain, old-fashioned suicide in this season of splendid facilities for accidental death is indeed lacking in the quality of resourcefulness. With the excursion steamers, boat rockers, ice cream poisonings, ice water foundering, sunstroke and stealthy trolley cars, opportunities for death are so plenty as to make the preservation of one's life so full of the elements of uncertainty and chance as to satisfy the gaming appetite that is imbed in all of us.

## Chat

About People and Things  
Pronounce it E-so-pus, with the accent on the second syllable.

Sam Small, who is well known here, has gone as a Prohibition missionary to the North. In a speech in Chicago Sunday night he said: "The whole South with its 27,000,000 population, has fewer saloons by nearly thirty thousand than the single state of New York, with its 7,200,000 of people. Six states of the North—New York, Pennsylvania, New Jersey, Ohio, Illinois and California—have more saloons than the rest of the country combined." Sam, in describing the evil of drinking, said, "I ought to know, for I have drunk enough to float a battleship."

The total number of casualties to persons on the railways in the United States for the year ending June 30, 1903, was 88,303, of whom 9,840 represent the number of persons killed and 78,558 the number injured.

Trust Mrs. Carrie Nation for a new stunt every day. When she arrived in Madisonville for her fair dates this week she put up at the Lucile Hotel, but when she noticed the pictures of several "fencing girls" on the walls of the hotel, she hurriedly paid her bill and left, after telling the landlord what she thought of the matter. She refused to go back to the hotel and took her meals at the fair grounds. She made a short talk, in which the saloon-keepers and cigarette smokers came in for their share of criticism. Mrs. Nation is billed for two addresses at the Tri-State Fair, in Evansville, Ind., next week.

Hurray! An Illinois editor in speaking of a recent wedding in his bailiwick, says: "Eyes gazed deep into eyes flaming with love as they knelt at the marriage shrine, while the minister's words that blended their loving hearts fell like the dews of heaven on their bowed heads. The groom was the strong, majestic oak, the bride, the tender clinging ivy. She was charming as any who ever arrayed herself in bridal vestments here. She was radiant and lovely as the roses now opening their petals to the summer zephyrs. Her luxuriant, shining tresses were garnished with jewels, and she was as all brides should be, a radiant queen of love, joy and beauty. She has the finest feminine instincts and grace, and the cavalier in whose heart she had become enshrined as his bride, should cherish her as a fragrant, delicate flower, a rare exotic transplanted from its native soil."

### Fine Farm to be Sold.

On August 15, 1904, at 11 o'clock a. m., in front of the courthouse door, in Hopkinsville, Ky., I will offer for sale at public outcry to the highest and best bidder, the farm known as the old "John Ferguson place" situated in Christian county, one mile South of Herndon on the Dover road. Said farm contains 277 acres of fine land well fenced with wire, is excellently watered and very productive; would make a fine stock farm; sixty acres in timber. The buildings upon said farm consist of a two-story six-room dwelling, two cabins, a new stable and barn, all in good condition. Terms of sale to be one-half cash, balance in easy payments.

W8td82t Clifton Long, att'y.

Fall Term Opens Sept. 1st.

## NEW SYSTEM

Tested Today By Housekeeper Looking For Cow.

The fire alarm system of the Home Telephone company has been connected and alarms may now be turned in over their wires. By this system when No. 5 is pulled down "phones in the residence of all firemen, at police office and fire department is rung and the connection is kept until it is definitely ascertained who turned in the alarm. The system is also connected with the big alarm bell in the court house tower and, when full connection is completed, and an alarm is turned in, this bell will be rung at the same time by the electric current. This morning a lady in calling up the police office to inquire about her cow being put in the pound, made the mistake of ringing No. 5. The big bell fortunately did not ring. The alarm, however, was turned in to the firemen. The Cumberland Co. notified the city yesterday that they would discontinue their fire service.

### Notice to Creditors.

Christian Circuit Court.  
S. C. Anderson  
Vs.  
L. Bell's Adm'r. &c.  
Notice.  
In pursuance of an order entered in the above styled cause, now pending in said court, the creditors of L. Bell, deceased, are hereby warned to file their claims with me properly proven, on or before the 20th day of August, 1904.

Douglas Bell,  
Master Com'.

## Notes About People

(From Thursday's Daily.)

Mr. James A. McKenna, of Bowling Green, spent yesterday in the city.

Miss May Pyle has returned from a visit to friends and relatives in Logan county.

Miss Lillian Burke, of Louisville, is visiting Miss Yola Young at Sunny Brook farm.

Mr. and Mrs. J. F. Danforth and children have returned from a visit to relatives at Fairview.

Mr. Joe Walters and Mr. C. W. Lewis are visiting in Hopkinsville. Paducah News-Democrat.

Dr. Len G. Broughton, the noted Baptist divine, of Atlanta, left yesterday on a Western lecture tour after a brief visit to Mr. and Mrs. J. H. Anderson. Before returning to Atlanta Dr. Broughton will deliver addresses in New York, Washington, Philadelphia and a series of sermons in the Northfield Moody Institute.

Rev. A. D. Leitchfield, of Pembroke, was in the city today.
