Note Book

A woman's age, (or that part of it that she hides) has always been the target for comedians to gab about. Its been generally conceded that women just don't like to tell their ages after they reach twenty-one and from a person who knows, the point is easily understandable. Some women have been actually accused of shaving off a decade or two from the old birth certificate for reasons known only to themselves and there too, it is a woman's prerogative.

And today with all these youth-restoring foundation garments, cosmetics, false eye-lashes, hidden hearing aids, etc. a woman can just go on being youthful ad infinitum. And what is more she does and even looks it.

But even without all of the aforementioned gadgets, it seems to me that women stay younger longer and can pass the many happy milestones in life without so much as a wrinkle, a stop or a slackening-up of their busy everyday activities.

Used to be when we talked about grandmothers we had the picture in our mind of a lovely, gracious, elderly lady with a pretty shawl around her shoulders and a living picture of lavender and old lace. Nowadays when we look at grandmothers, instead of having this picture in our mind of Whistler's mother, as the picture of a grandmother, we have to take a second look to be sure that the picture of Whistler's mother, is not Whistler's great-great-grandmother.

I'll tell you what I mean. The other day I was at the South Fulton City Hall doing a "live" radio broadcast of the election returns direct from the City Hall. In order to do this I needed some help to round up voters and officials to have them come to the phone-microphone so that, they could speak directly into the receiver and have their voices go right out over the air. Well, this takes some fast moving around so I asked the "young lady" in the City Hall offices to do the running around for me while I kept up the commentary over the air.

Well, the broadcast proceeded without mishap with my "young lady" helper darting here and there and even while I was broadcasting, I thought to myself, "how nice it would be to be real young again and have lots of spirit and energy." I was looking at Beuton "Boots" Paschal who was my helper and who was as chipper and young-looking as a college student.

When I had completed the broadcast I was thanking Boots for her help and in a few minutes Hugh Barnes walked in and in the course of the conversation Boots said that Hugh was a "great-great-uncle." Well, you know that Hugh doesn't look like a high school senior, but neither does he look like a fellow who could have great-great attached to his name.

With a reporter's natural curiosity I asked how come the great-great stuff with Hugh and Boots told me . . . it goes like this . . . Hugh is Boots' uncle . . . Boots has a son Tommy, and Tommy has a son Rickie . . . that makes Hugh the great-great uncle of course . . . but most of all it makes Boots a grandmother. I couldn't stand it. Here I was . . . an old lady just a few years past forty . . . and I had a young lady . . . and yet a grandmother . . . doing my leg-work for me. I was just plum embarrassed.

After taking a good look at Boots Paschal I decided then and there that the next time somebody says to me . . . "Is your little girl in college, yet?" I won't get mad at all. Although it is a little confusing sometimes to have a little girl in the second grade and still see young, vivacious people like Boots being grandmothers.

City-Wide Rat Campaign Begins Here On Tuesday

An intensive effort to rid Fulton, South Fulton and suburban adjacent areas of rats will begin in the twin communities next Tuesday, December 10, the community governments announced this week.

It is felt that residents and businessmen will welcome the campaign and co-operate in every respect. Rat infestation by the health departments is currently estimated at between ten and fourteen thousand, or as one official told the News Tuesday: "pretty heavy".

The rat eradication campaign will be conducted by the health departments of Kentucky and Tennessee, and one Federal man. A total of about 15 people will assist. Expenses are being borne by the cities of Fulton and South Fulton, and there will be no additional cost to householders or business firms.

According to Harry Barry, Fulton County sanitarian, here is the plan of action:

Crews will bait the commercial sections of Fulton and South Fulton (beginning Tuesday December 10) with "red squill" bait, a deadly and quick-acting poison to rats. There will be a "once-over" operation only, and every effort will be made to cover all suspect breeding places in and around all business buildings. The full co-operation of all businessmen is urged in assisting the crews when they visit the premises. Re-baiting will not be necessary with "red squill", Barry stated.

In the residential sections a different bait will be used, and more cooperation by householders is needed for a successful campaign. Here's the way that will work:

Beginning next Tuesday crews of workers will begin a systematic house-to-house coverage of all homes in Fulton, South Fulton, Riceville and Highlands. A dry bait will be set out at any suspected rat-runs around any house or garage, and an additional supply will be left with each householder, with instructions to re-fill the containers when they become empty by rats or mice. Unlike the "red squill", which is a quick killer, the dry bait must be eaten several times by the rodents before it kills, although is a very effective and sure killer, Barry stated.

All householders are urged to follow-through on the dry-bait program by seeing to it that a constant source of this bait is available to rats and mice around their premises after it is once set out.

In case there is no one at home when the baiting crews visit the premises, an extra supply of the bait will be left where the householder can get it when returning.

This season of early winter, Barry stated, is the best time to conduct a rodent-eradication campaign. Cold weather drives the rats and mice in from the fields and outdoor burrows to seek warmer quarters in homes and buildings, and thus begins a destructive season that causes great damage. The current "heavy" rat population of Fulton brought about the decision to conduct the campaign in the twin cities this season, and if everyone cooperates fully, it will be a great success, Barry stated.

Dr. Frank Steely, an instructor in the social science department at Murray State College, addressed the Fulton Rotary Club last Tuesday noon, providing an informative program dealing with "what's new in the news", and the talk was well received by club members.

Dr. Steely will return to Fulton Friday noon for an address before the Fulton Lions Club, and that afternoon has been invited to address students at South Fulton high school.

Fulton Accepts Bid To Play In Paducah Tourney

WFUL Making Plans To Broadcast Event; Also Mayfield Games

Fulton High School has accepted an invitation to play in the Paducah Invitational Basketball tournament, school officials reported on Wednesday. As regional champions Fulton is the only other team thus far invited to play in the tournament, which will be played in the Lone Oak High School gymnasium.

WFUL announced today that it is making plans to broadcast the tournament in which Fulton will be the participants. Last year Fulton accepted and participated in the Mayfield Invitational tournament, which will be staged this year on December 26, 27 and 28. The Paducah tournament in which Fulton will participate will be held on December 27 and 28. WFUL is making plans to broadcast portions of this tournament when the games do not conflict with the Paducah tournament series.

Other teams contested for the Paducah tournament include some of the strongest in the region; North Marshall, South Marshall, Fulton County, Symsonia, Benton, Tligman, besides the host team, Lone Oak.

4 Vehicles Pile Up; \$12,000 In Damage

A four-vehicle pile-up at the edge of Union City last Monday morning caused an estimated \$12,000 worth of damage to three trucks and to a self-propelled combine. No injuries were reported.

The machine involved in the accident were: A Massey-Harris self-propelled combine owned and driven by Robert C. "Pistol" Moore of Woodland Hills, a two-ton farm truck, owned by Mr. Moore and driven by Rufus Cross, colored, of Woodland; a 1955 International trailer-truck, driven by Billy Thomas Moss of Route 5, Fulton, and owned by the Browder Milling Co., and a 1956 Chevrolet Deep Rock gasoline transport truck, driven by Dallas E. Snickelford of Union City.

Mayfield Women Hurt In Wreck

Two women, Mrs. Violet Stevenson and Mrs. Wynona Ivie, both of Mayfield, suffered multiple fractures in a car-truck collision last Friday afternoon on Ky. 307 at the Enon crossroad. The women were rushed to Hillview hospital in Fulton.

Driver of the automobile in which they were riding was Dudley Matheny, Hickman, who was treated for minor injuries and released.

The auto collided with a truck driven by Eli Morse, Benton Route 1. Morse was not injured.

Music Department Will Present Annual Christmas Program Dec. 8

On Sunday afternoon, December 8, 1957 the Music Department of the Fulton Woman's Club will present its annual program of Christmas music at the First Baptist Church.

Radio station WFUL announced today that the annual musical program of the Music Department of the Woman's Club would be broadcast "live" direct from the First Baptist Church. While all Fultonians are urged to attend this outstanding musical event, WFUL invites those who cannot attend to hear the program at 2:30 p. m. on Sunday.

tist Church. The program will begin at 2:30 p. m. This program is a public observance of the Christmas season and its hoped that a large audience will attend.

Immediately following the program the members of the department will entertain with an informal reception in the parlor of the church. Everyone attending the program is invited to the reception.

The numbers on the program are: Scripture and Prayer, Rev. Russell; Organ: "Alleluia" (Mozart) Mrs. Clarence L. Maddox; DeMyer.

Rotarians Announce Rules For Local Christmas Lighting Contest

With the purpose of promoting a happy Christmas spirit throughout the community, the Fulton Rotary Club is sponsoring a "Christmas Home lighting" competition in Fulton and South Fulton this season, and will award a total of \$50 in prizes to the three top homes in the area.

This is the first in several seasons that such a competition has been organized here, and it is hoped that a large number of homes will put up decorative effects to enter into the spirit of the thing, even though they do not seek to win in the lighting contest.

The rules of the contest were released this week by the Rotary Club, and they are as follows:

1. Any home to be eligible must be located within the city limits of Fulton, Kentucky or South Fulton, Tennessee.

2. Only those buildings which are used solely for dwelling purposes will be eligible.

3. All eligible homes must be decorated and lighted prior to December 18th to be considered.

4. Judging will be based on originality, theme, ornamental design and overall attractiveness.

5. The decision of the judges will be final. Judges will be comprised of three or more out-of-town residents.

6. Prizes will be awarded as follows:

1st Place \$25.00
2nd Place 15.00
3rd Place 10.00
7. The decision will be announced on December 23rd.

Milton Counce, seeking his fourth term as Mayor of the City of South Fulton defeated his only opponent, Barney Speight handily in the election held in South Fulton on Tuesday. Mr. Counce received 463 votes, Mr. Speight 232, a fraction less than a two to one ratio.

In the race for the six City Council positions the three Negro candidates seeking these offices trailed for behind the other seven candidates for the same offices.

A write-in candidate, John Freeman, received 182 votes placing seventh on the ballot.

Elected to the South Fulton City Council and the number of votes they received are as follows:

Bobby Matthews 522
John Dedmon 520
Eugene Copeland 510
Leon Hutchens 505
Arthur Matheny 501
Dr. H. W. Connaughton 364

Those defeated were:

John Freeman 182
Willie Hart 159
Harvey Vick 156
Aaron Morris 131

For the second time in as many municipal elections Negro candidates have submitted for the offices of the heretofore all-white South Fulton City Council. In Tuesday's election the Negro candidates occupied the last three places in the ten-man race for

the six council posts.

According to election officials the city of South Fulton has approximately 820 qualified registered voters. Of this number, slightly more than 200 of them are Negroes. In Tuesday's election a total of 717 voters cast their ballots in the City election. The number voting, as compared to the number registered, indicates that South Fulton voters were vitally interested in the outcome of the municipal election.

This same interest is borne out in the events of the early stage of the campaign when 16 candidates announced for the six City Council positions. Prior to the deadline for filing seven of the candidates withdrew leaving nine candidates whose names would appear on the ballot.

Candidates who previously announced and who then withdrew were:

M. M. Matlock, railroad employee, H. L. Ferguson, Roy Adams an employee of the Clinton, Ky. Milling Co.; O. C. Walker, owner of the Fulton Roofing & Insulation Co.; Roy Nabors, John Freeman and Virgil Davis.

Greenfield, Martin, Terry-Norman, Beelerton To Spell On WFUL

The sixth grade of the Greenfield School will meet the sixth grade of the Martin school in the first round of the spelling bee of the air on WFUL at 10:15 Saturday morning. In the second round Terry-Norman will meet Beelerton and when next Saturday's match is over the winners in each division will compete for the title of champion spellers in the Kent-Tenn territory.

The final match will be heard at 10:15 on Saturday morning December 14 and you can just know that the students are spending every spare moment boning up on the hard and tricky words in the standard spellers.

The Spelling Bee of the Air is in its tenth week; twenty schools in the Kent-Tenn area participating. All have been eliminated except the four schools that will "spell it out" on the air this Saturday.

However, the spelling bee will not be over then. After the Christmas holidays, WFUL will continue the matches to find the champion speller in the 20-school competition. A valuable prize will be given to the champion, individual speller.

Champion spellers and their schools are as follows: Gray

Prince, Sharon; Jerry Lee Wheel-

er, Cuba; James Jones, Carr Elementary; Brenda Readnor, Tyler; Phil Bennett, Cayce; Janice Smith, South Fulton; Kay Burgess, Columbus; Danny Mitchell, Greenfield; Sara Jane Hall, Terry-Norman; Ann Richards, Rives; Ronald Foley, Martin; Dorna Jackson, Clinton; Celia Ann Carter, Union City; Carol Ann Henderson, Beelerton; Phil-

lis Pharis, Fulham; Lois Kemp, Hickman.

This is the second year that WFUL has sponsored the entertaining and educational program on the air. School officials have reported that as a result of the competition many students have taken a keener interest in the subject of spelling.

happy hickman happenings by joye stokes

A column devoted to the social events of our friends around Hickman. Call Joye at Hickman 2059 for your social news.

The Spirit of Thanksgiving filled the air from Wednesday until Monday morning. Shirley and Helen French and Phyllis Kelley were early arrivals. Mrs. Carlos Lannom served a lovely breakfast to Mrs. Tom French, Geraldine Rinker of Augusta, Ga., Betty Boyd Roe, of Shelbyville, Ky. house guests of Shirley and Helen French and of course the Thanksgiving Queen from the House of Lannom — Phyllis Kelley. Needless to say the order of business at hand was CHATTER!

"Happy Hollow" was filled with Sidney Stone's friends all during the grand holiday. Joe Roper and Richard Hunter were frequent visitors to the Hollow. Saturday afternoon Helen and Shirley French's house guests inspired a coke gathering. Everyone enjoyed visiting with Geraldine Rinker and Betty Boyd Roe. Anna Mearl Hornsby did her share of the talking that afternoon. That good looking David Roper enjoyed being with his friends at "Happy Hollow" during the holiday.

The spacious home of Miss Helen Tyler was all aglow and ringing with laughter Friday night when she entertained her nieces, Helen and Shirley French, and their house guests Betty and Geraldine.

In the language of the girls and boys — They had a BALL! Out of town guests were Faye Larkin from Loogette, Ind., Bill Ballantine from Louisville, Bailey Binford of Fulton, Burke Terrell of Paducah, and Allen Utterback of Mayfield, Ky. There were 21—who enjoyed Miss Helen's hospitality. Still much too full, the party progressed to Mary Samuels' home where her daughter, Shirley, had breakfast for the entire party. Mary Lou added a few guests to the list.

Carole Lattus came home from St. Mary-of-the-Woods and brought a most attractive girl friend, Faye Larkin, with her. Mrs. Charley Lattus entertained 20 of Carole's college friends with a gay party—Everyone enjoyed meeting and being with Faye and from that moment on there was never a dull moment—in the Lattus household.

Friday night Phyllis Kelley entertained all their bunch with a Spaghetti Supper—One of the first to arrive was Patsy Jo Fields, one of the nominees for a T. S. C. W. Beauty. I knew our Kentucky girl would show up those Texas Beauties! Vivacious Ellen Kerby and Margaret Townsend were believed to have enjoyed the spaghetti more than anyone. Glenda Fay Wiley and Rose Ramsay were in favor of taking Joyce Mabry her supper. Joyce had to spend her holiday in bed, but we know she will make up for it come Christmas. Jean Sandford and Emily Stubbs were among the first to walk across the street to Linda Hale's

party. About 30 teenagers let their hair down and had a real good time like they used to do when they were kids!

Susan Hale and Glen and Tommy Bogle from Milan were among the first to arrive—Dub Hale and his house guest Larry Mills from East Orange, N. J. were glad to see Jimmy Whipple and Max McDade—for they are all S. A. E. brothers. Tall, Dark and Handsome Jack Johnson was there along with Beautiful Bobby Kelley. At the proper hour Daddy Hale sang "Good Night Men" and the girls stayed with Linda for a Bunking Party.

Nancy Waddle spent the Happy Holiday with Mrs. Mary Cowgill so she could be in on the Party Swing—Nancy added a lot of charm to the parties.

The "OLD FOLKS" joined into the merry making. Charlotte and "Pot" Sanger entertained Ruth and W. R. Butt and their guest from Louisville, Mr. Henry Clarke, with a dinner party Friday. Elva and Ernest Fall and Martha and R. V. Putnam from Fulton were out of town guests. There was no record player blaring pop tunes—just a quiet evening very becoming to "old folks"!

Mr. and Mrs. Marvin Greer spent their Thanksgiving with Mrs. Greer's mother, Mrs. R. W. Warmath in Tuckerman, Arkansas. Mrs. Greer plans to visit with her mother all this week.

The McNeill families were all together during the past week. Mrs. Hattie McNeill, their mother, and Mrs. Katie McKinley, their sister, were visiting and have now returned to Colorado Springs, Colorado. Robert Dee Fields hated it because he couldn't get home this past week-end to be with his Grandmother and Aunt.

Dick Goalder was home from K. M. I. for the holidays. Dick enjoyed a good shoot with his Dad. The limit was not hard for Dick to get each day. Who knows the K. M. I. boys may be eating ducks until they leave for Florida.

Mrs. C. K. Davis spent the long week-end in Atlanta, Georgia with her daughter and son-in-law Mr. and Mrs. Al Hill. Jackie was overjoyed with her new grandson.

Friday afternoon Mrs. Fred Stokes, Sr. played hostess to a group of ladies. The ladies enjoyed a visit to "Holiday House" in the Magnolia Manor in Cairo, Illinois. Mrs. Luby Roper especially enjoyed the afternoon for she saw many of her friends from girlhood days.

Welcome home Miss Mable Travis.

Chris Mangold is home for a deserved vacation after serving his favorite Uncle Sam for a number of years—Glad to have you

Prospective Industry Examines Local Attitudes

Today with cities all over the country, including Fulton, scouting around in hopes of luring new industry to their area, it is interesting to learn how companies make their site selection. Years ago such selections were based almost solely on the site available rather than the community as a whole.

General Electric, in a communication to management personnel, has outlined the things it needs from a community in order to survive in a new location, and in the process, operate in the interest of the community. It lists the points as basic ingredients, success record, business climate, competitive costs and community loyalty.

Basic ingredients naturally are concerned with the number and skill of potential employees available and facilities such as transportation, water, power, fuel, housing and plant sites, schools, recreational, church and cultural assets. Success of other enterprises in the same area naturally is

an important factor as is the business climate. Such climate is reflected in fair treatment given by public servants, the courts and taxing officials. Excessive costs of operation or materials in a proposed location would naturally deter a firm from embarking on an expansion program in such an area.

Most important is the matter of community loyalty. Scouts for industrial and commercial firms are not content with talking with Chamber of Commerce workers or city officials. They interview teachers, ministers, politicians, union spokesmen and housewives. Their wide selection of persons to be interviewed gives an accurate picture of a city—one which may be far different from that held by persons with only a superficial knowledge of their community.

Fulton has not been fortunate in attracting much industry of recent years . . . can we assume then that perhaps it is local apathy that keeps prospects away from Fulton?

Central Agency For AutoTitles, Licenses Needed

The official publication of the Kentucky Press Association has endorsed some of the highway safety proposals of State Safety Commissioner Don Sturgill.

Commenting upon a proposal that the 1958 Legislature be asked to pass a law providing for central issuance of automobile titles and drivers licenses, The Kentucky Press for November said:

"With highway safety continually in our minds today, every citizen should work toward any remedy that will help curb the reckless and irresponsible motorists who are largely responsible for our fatalities and non-fatal accidents. These include the drunken drivers, the hot rods and hit-and-run drivers, who, under our present system of licensing, can circumvent authority and obtain duplicate licenses without any precept system of checks when their original licenses are revoked.

"The Safety Department has done an admirable task of checking with other states in assessing the effectiveness of similar title laws which are proving effective. There is no doubt of our crying need for legislation to curb our mounting highway accidents and these proposals should go a long way toward that desirable end.

"We hope every newspaper in the State will give its support to the move."

The publication also had a proposal of its own. It called for legislation that would require every successful applicant for a driver's license to produce evidence of collision and personal liability through adequate insurance protection.

With highway accidents increasing with every passing year Commissioner Sturgill's needs the "must" endorsement of every civic and business group in Kentucky and we certainly hope he gets it.

SERMONETTE OF THE WEEK

Advent Wreath Prepares Soul For Christmas

By Robert A. Mize

MOST PEOPLE start thinking of Christmas as soon as Thanksgiving is over. But few ever think of the coming of Christ until Christmas eve.

Christmas is a day which demands two kinds of preparation: external and internal. When the big day comes, we will feel satisfied because we have mailed our Christmas cards and delivered our gifts. The tree will be up, the lights lit, and the mistletoe over the door. Everything will be prepared except . . . Will we be ready—spiritually?

THE MONTH of December is dedicated to the approach of Christ. It is called Advent, which means "approach". It is the season for getting the soul ready for Christmas.

A popular way of doing this takes place around "the Advent wreath". The lighting of the Advent wreath reminds us that Christ, the Light of the world, is coming.

IT IS A CUSTOM which goes back many centuries. Each night the family groups around the wreath and says a prayer together in preparation for Christmas.

The wreath itself is a circle of

greens—laurel or spruce—tied with a violet ribbon. Attached to the wreath are four candles—one for each week of Advent. On each of the four Sundays an extra candle is lit. As Christ's advent nears, the light of the world grows brighter.

THE ADVENT WREATH ceremony has as many elaborations as there are families.

Some families sing carols before and after the prayer. Others read a few verses from the New Testament. They read St. Luke's account of the first Christmas so that they can once again become familiar with its beautiful details. Others read verses from the Old Testament which foretell and foreshadow the coming of Christ into the world.

THE POINT of Advent is this. Every big event demands some preparation. We are sure that we will remember the decorations, the trees, the cards, the presents. But we are very likely to forget the primary meaning of Christmas.

Advent reminds us that Christmas is a big event for the soul. Christ has come to win back heaven for the souls of men. The soul, then, must take some part in the Christmas preparations.

THE LIGHTING of the Advent wreath reminds us of our need of Christ's light. After a month of preparation we will be ready to follow the light of Christ when it appears early Christmas morning.

STRICTLY BUSINESS

by McFeathers

FROM THE FILES:— TURNING BACK THE CLOCK

December 3, 1937

A wedding of much interest to their many friends in Fulton is that of Miss Fosalie Greer, daughter of Mrs. Lena Greer to Malcolm Brown, son of Mr. and Mrs. Burley Brown of Water Valley. The wedding took place Wednesday night, Nov. 24, at nine o'clock at the home of the Rev. Woodrow Fuller on Second St. Rev. Fuller read the single ring ceremony in the presence of Miss Martha Sue Greer, sister of the bride and Mr. Woodrow Brown, brother of the groom.

Mrs. Brown is a graduate of Fulton High school and later attended the Business University in Bowling Green. For several months she was employed with the Cadillac Automobile Company in Nashville.

The groom attended school in Water Valley and has been a resident of Fulton for the past several years. He is at present employed at the C. & E. Sandwich shop.

They are making their home on Thedford, the home of Mr. and Mrs. C. A. Boyd.

Announcement is made of the marriage of Miss Rachel Elledge, daughter of Mr. and Mrs. J. W. Elledge, to Henry House of Martin, Tenn. The ceremony was performed October 29, by Esquire S. A. McDade at his home on East State Line. They were attended by Miss Ouida Jewell and Mr. Leland Jewell.

Mrs. Robert A. Binford delightedly entertained her bridge club

Tuesday night at her home on Third St. The usual three tables of players were present which included ten members and two visitors.

At the end of the games of bridge high score among the club members was held by Miss Mary Swann Bushart and Mrs. Maxwell McDade. The hostess presented each a lovely prize.

Late in the evening the hostess served light refreshments.

Celebrating her 13th birthday Miss Jean Atkins was hostess to a theatre party Thursday afternoon. Eight friends were present and enjoyed a picture at the Fulton theatre. Those present were Misses Margaret Nell Brady, Marilyn Harpole, Mary Beth Wilford, Mary Browder Paschall, Dorothy Reeds, Mary Jane Owen, Miriam Browder and Carolyn Atkins.

Mr. and Mrs. Guy M. Bone of Memphis announce the engagement and approaching marriage of their daughter, Lois Katherine Boone to James W. Gibbs, Jr. The ceremony will be performed Christmas afternoon at the home of the bride-elect's parents.

Mr. Gibbs is the son of Mr. and Mrs. J. W. Gibbs of Fulton. He is a graduate of the South Fulton High School and is at the present employed with the Railway Express Agency in Memphis.

Mr. and Mrs. Bertie Pigue announce the birth of a son born Sunday morning at the Fulton Hospital.

Man On Threshold Of Space, But Where Does Space Begin?

Science's success in sending manned balloons, rockets, and now an artificial moon into the earth's upper atmosphere raises an age-old question: What and where is space?

The phrase "outer space" is commonly and erroneously used in connection with the edge of the earth's protective blanket of air, the National Geographic Society says. In proper usage, outer space means the incredibly distant reaches among stars and galaxies.

Geographically, space is divided into three regions: inter-planetary, the local space in our own solar system; interstellar, that among stars; and intergalactic, the countless trillions of miles among galaxies such as the earth's own Milky Way.

Properly speaking, space begins at the limits of the earth's atmosphere. The thickness of the gradually thinning blanket of air is not known. It may be several thousand miles—or far less.

As yet, man has climbed only 20 miles from the ground. Rockets have belched to 250 miles. The Russian satellite shot into its orbit at a reported height of 560 miles. The mysterious ocean of true space lies beyond.

In popular fancy, space is a cold and silent void, inky black except for the steady white blaze of stars. Now and then a huge meteor roars through the eternal night, trailing a skirt of flame.

Actually, scientists remind science-fiction fans, space is nothing. Being nothing, it is neither hot nor cold. The molecules in space are too rare to give it any temperature at all.

Any meteoroid that one might meet in space would not roar or flame. For space has no atmos-

phere to carry sound or make a moving object incandescent. Only atmosphere can turn a speeding meteoroid—most are smaller than a grain of sand—into a meteor or dazzling "shooting star."

Space, by earth's standards, is a vacuum. But it is not empty. Scientists believe it holds a very thin gas made of scattered molecules.

Traffic is somewhat heavy. Speeding through the expanse are myriad dust particles, dragon-breathed radiation, and the baffling charged particles called cosmic rays. Like whirlpools, strange gravitational fields of suns and planets tug at matter traveling in space.

Distances are beyond belief. The nearest star visible to earthlings is Alpha Centauri. It would take a jet plane going 700 miles an hour almost a million years to reach it.

Earth's atmosphere, compared to space, is a hotbed. Its lower levels brew weather. In upper levels tides surge back and forth with the power of a million atomic bombs.

Containing nitrogen, oxygen, argon, carbon dioxide, and traces of other gases, atmosphere is divided into layers—the troposphere where we live, the atmosphere, chemosphere, ionosphere, and exosphere.

Sandwiched in the troposphere and stratosphere is 99 percent of our air mass. Virtually all life is concentrated in the former, which has an average height of about 10 miles at the Equator and five miles at the Poles. Above it, extending to a ceiling of about 20 miles, is the serene stratosphere where jet planes leave their vapor

trails.

The remainder of the earth's air mass lies in the 30-mile-deep chemosphere, where atoms undergo chemical changes; in the ionosphere, the 200-mile belt of rarefied air where particles are ionized or electrically charged; and the exosphere, a vaguely defined borderland where the last vestiges of atmosphere gases thin out finally into space proper.

AFTER PARISIAN'S

MYCEL CLEANING

WHY IS MYCEL CLEANING A BETTER PROCESS? Mycel employs an entirely new cleaning compound in a concentration 6 times the customary usage. This compound is safe for finest fabrics—yet has six times the cleaning power of ordinary methods.

HOW DOES MYCEL CLEANING ACT ON STUBBORN SPOTS? It removes practically all food, perspiration and water-borne soil . . . stains which formerly required extra water processing with risk of shrinkage and color-loss.

WHAT DOES MYCEL CLEANING DO TO COLORS? Whites are restored to a snowy freshness . . . pastels and deep tones glow again—because light is reflected only from truly clean surfaces.

HOW DO FABRICS FEEL AFTER MYCEL CLEANING? They feel like new! Fabrics have a body and finish that give them the sheen of new articles.

HOW NEW IS MYCEL CLEANING? So new that only a few plants in the entire United States are privileged to use this process.

Yes...MIRACLES Happened at Fatima!

You may not agree with the Catholic belief in miracles.

Perhaps you don't believe in miracles at all . . . and especially not in miracles attributed to the prayer of the Blessed Virgin.

But if God does look with special favor upon Mary . . . and does wondrous things at her request . . . is it not of vast importance to you to find out? Is it not worth the few minutes required to examine the evidence?

What, for example, did God's angel mean when he said: "Hail, full of grace, the Lord is with thee; blessed art thou amongst women . . . ?"

Was she to be full of grace only temporarily—and "blessed amongst women" only during her life on earth?

This is not reasonable in view of Mary's unique role as the earthly mother of the Son of God. Nor can we discard and forget Mary if we believe Holy Scripture, for there we find Mary's words (Luke 1:48): "...henceforth all generations shall call me blessed." Where, excepting among Catholics, does anyone honor Mary as did God Himself?

"But," you may insist, "show me a miracle! And prove that Mary had anything to do with it."

We might, of course, recall that Christ's mother appeared to Bernadette at Lourdes in France, and that scientifically-authenticated cures have been occurring there ever since. Or we might cite similar apparitions to the three children at Fatima, Portugal, and the subsequent awesome spectacle of the sun spinning and dancing on its axis and then seeming to plunge toward the earth . . . a spectacle witnessed by 70,000 persons. And we could mention Mary's prophecies concerning the condi-

tions under which Russia would be converted.

But Catholics don't require earth-shaking supernatural demonstrations to attest Mary's love, nor to prove her influence at the throne of God. It's the little "miracles" that take place in their daily lives when . . . in faith and trust . . . they pray: "Hail, Mary, full of grace, the Lord is with thee . . ."

Catholics pray for one another and ask the saints in Heaven to join them in prayer. "I believe," says the Apostles' creed, "in the communion of saints." And Mary is in Catholic hearts the greatest of the saints. So we ask her to intercede for us with God, Who has often performed miracles in answer to her prayer.

An exciting and authentic pamphlet—describing the miraculous happenings at Fatima and a peace plan from Heaven—will be sent you in a plain wrapper. And nobody will call on you. Write today for Pamphlet No. KC-41.

DEATHS

Arnie McAlister

Arnie J. McAlister died at his home in Tampa, Fla. Thursday morning, Nov. 28, at 2. He had been ill for the past year, having suffered a heart attack last Thanksgiving Day.

He leaves his wife, Mrs. Vivian Binkley McAlister; a son, Arnie McAlister, Jr., of Tampa; a daughter, Mrs. Bill Howington of Winter Park, Fla.; a sister, Mrs. Lucille Bien of LaCrosse, Wis.; and several nieces and nephews.

He was a brother-in-law of Mrs. John Binkley and Mrs. Chester Binkley of Fulton.

Two brothers, Paul McAlister of Fulton and Sam McAlister of Mayfield, preceded him in death about 20 years ago.

Mr. McAlister was born and reared in this vicinity, and moved to Florida in the early 1920's.

Funeral services were held in Florida.

Mrs. Birdie Peoples

Mrs. Joe Graves left Wednesday afternoon, November 27, to attend the funeral of her grandmother, Mrs. Birdie Peoples, at Carlsburg, Texas.

Mrs. Peoples was the widow of the Rev. Newt Peoples, who was originally from the Walnut Grove Community.

Other relatives in Fulton besides Mrs. Graves, are A. J. Lowe, Katherine and Lee Ella Lowe.

Mrs. Peoples leaves five children and several grandchildren.

Tobe Berry

Clinton, Ky.—Funeral services for Tobe Berry, 77, were held at 2 p. m. Friday at Shiloh Methodist Church with the Rev. Vernon Bradley officiating. Burial was in the church cemetery.

Mr. Berry, a retired farmer of Clinton, died Thursday morning, November 28, at Clinton-Hickman County Hospital.

He is survived by his widow, Mrs. Kate Berry, three sons, Wil-

lard Berry, Clinton, George Berry, East Alton, Ill., and Auzie Berry, Aurora, Ind.; three daughters, Mrs. Frances Blank and Mrs. Ethel Johns, Alton, Ill., and Mrs. Mildred Green, Clinton; a brother, Dick Berry, California, and two sisters, Mrs. Effie Harrison, Tulsa, Okla. and Mrs. Bobbie Hallier, Las Vegas.

Minnie Pinkleton

Mayfield, Ky.—Funeral services for Mrs. Minnie May Pinkleton, 81, were held Saturday, Nov. 30, at 2 p. m. at the Byrns Funeral Home here with the Rev. James H. Currin and the Rev. Ed Taylor officiating.

Burial was in the Allison Cemetery in Graves County.

Mrs. Pinkleton died earlier this week at her home on the Oak Grove Road here.

She is survived by one son, Robert Pinkleton, Mayfield; two brothers, Anthony Richards, Farmington and John Richards, Kansas City, Kan.; four sisters, Mrs. Tom Latham, Fulton, Mrs. Claude Brooks, Pryorsburg, Mrs. Gobel Legate Mayfield; three Otis Biggers Mayfield; and three grandchildren and four great grandchildren.

Savannah Ashley

Clinton Ky.—Funeral services for Mrs. Savannah Ann Ashley, 78, were held at 2 p. m. Saturday, Nov. 30, at the Clinton Methodist Church with the Rev. A. C. Morrison officiating. Burial was in Spring Hill Cemetery.

Mrs. Ashley died Thursday morning at Clinton-Hickman County Hospital.

She is survived by a son, J. E. Ashley, Fulton, Route 1; four daughters, Mrs. Lucy Featherstone, Columbia, Mo.; Mrs. George Jackson, and Mrs. Virgil White, St. Louis and a brother, Gobel Crane, Milburn.

Orville Smith

Clinton, Ky.—Orville Smith, 63, died early Friday, Nov. 29, at his home here. He had been in ill health for some time.

Funeral services were held at 2 p. m. Sunday at Clinton Second Baptist Church with the Rev. James Smith officiating.

Engineers Say Barkley Dam Work On Schedule

Work on the new Barkley Dam project near Kuttawa is moving "right along" according to a recent report given by the District Engineer at a recent dinner meeting at Lake City.

The new dam, which will create a brand-new "sister" lake to Kentucky Lake on the Cumberland river, will not be completed until 1963, but already marks of its

7, who died Thursday at 4:45 p. m. at his residence. Burial was in the Highland Park Cemetery in Mayfield.

A native of Bell City, he had lived in McCracken County for eight years. He was a member of the Pisgah Methodist Church in Martin, Tenn.

Survivors include his wife, Mrs. Mary Ruth Campbell; two sons, Enoch D. of Fulton and Cletus L. of Detroit, Mich.; two stepsons, W. M. Faulkner, Jr., of Fancy Farm and J. B. Faulkner of Paducah; a daughter, Miss Patricia Campbell of Detroit; two stepdaughters, Mrs. H. L. Crawford of Berea and Mrs. R. E. Stapleton of Atlanta, Ga.; two sisters, Mrs. Ivan Moore of Farmington and Mrs. Nola Hargrove of Mayfield; a grandson, Anthony Joe Campbell of Detroit and 10 step-grandchildren.

progress are evident to Fultonians who travel the area on hunting, fishing or business trips.

Construction of the locks is expected to be completed in 1961, when work on the spillway and dam will be started.

Work has been completed on seven cells of the cofferdam being constructed at the site, and it is hoped to have the remaining 23 cells completed before high water next spring.

The relocation of railroads and highways to be affected by Barkley Lake will be started about a year from now and relocation will continue through 1963. The dam will start impounding water in the reservoir in 1963. Completion of the powerhouse is scheduled in 1965.

The only 1958 car that offers more
of everything you want...
yet is priced lower than in '57

Here's great news! While prices of 1958 cars of other manufacturers are up, the price of Ford's exciting new Custom 300 Series is down. A brand-new 58 Ford Custom 300 with all of its exciting new styling and engineering advances is priced lower than a '57 model, similarly equipped!

World approved styling. A Custom 300 brings you styling that is dramatically new. With its Honeycombed grille, Slipstream roof, Deep-Sculptured rear deck, and Safety-Twin headlights and taillights, Ford styling drew admiring glances from Paris to Saigon ... yet it's yours now in any 58 Ford Custom 300 without extra cost!

New handling ease. Slide behind the wheel of a Custom 300 and you'll soon discover just how much fun driving can be. Notice how smoothly it handles. That's Ford's new feather-touch Magic-Circle steering, the next best thing to power steering.

New riding comfort. Notice, too, the solid comfort of your ride. That's Ford's easier acting front and rear suspensions. They soak up the bumps before they reach you.

Thrifty, new engines. You have a wonderful choice of new, more efficient power plants ... designed for real gas-saving economy plus greater performance. Six or V-8, they give you more power, smoother power, from less gas!

Priced as much as \$50 lower. A comparison of manufacturer's suggested retail delivered prices shows that a 58 Ford Custom 300 is priced as much as \$50 less than the same model for '57! You'll wonder how Ford can offer so many of the things you want in a car priced so low. One big reason: Ford gives you more car for less money because Fords sell more! See and drive a Custom 300 and we believe you'll agree that these Fords give you more real value for your car-buying dollars than any car on the American road today.

Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

Muscatine, Iowa

Dear Friends of the DIARY:

I couldn't POSSIBLY leave this beautiful VIEW — without sharing some of it with all of you. I am sitting here — HIGH on a WINDY hill overlooking the mighty MISSISSIPPI. To my right the river divides and outlines a small island right in the middle of the stream.

From the window of this lovely old Victorian house where we are visiting I can look out upon most of the city of Muscatine. It is quite early — others are all asleep upstairs — so I slipped down the steps and made some good coffee and rushed to this lovely "room with a view" — because I had a REAL yen to do some of the Diary.

As I sit here, I find myself wondering WHY these early settlers built the first homes so HIGH upon the hill — and especially in a climate so COLD — because I have just looked outside the kitchen window and the thermometer has a reading of TEN degrees above zero. There is a fine, dry snow falling but the winds scatter it in patches across these high hills.

All of this paints a picture I shan't forget — since this is my initial visit to this state. It has been a wonderful way to spend THANKSGIVING — being with OLD friends and meeting SO many INTERESTING new friends. Because here in Muscatine — hospitality reigns SUPREME.

But — no matter how FAR away we go — it's ALWAYS good to be home again. And we say a word of thanks — for being here after seeing TWO horrible wrecks up in Illinois. We had a good trip homeward as we stopped in Jerseyville, Illinois for a short visit with Edith and Sherril Pirtle. Edith, you know, is the sister of Mrs. Ted (Linnie) Clark of Fulton. Then we also enjoyed TEN-

NESSEE country HAM with the Carlyle Ridgways in St. Louis. It was really just the kind of trip I like to take — because I like to have time to see EVERYONE along the way. On the trip up to Muscatine we called Monette and Gid Willingham who were just fifty miles away at one point of the trip. They live in Peoria, Illinois — and we stopped to call them to wish them a Happy Thanksgiving — from a small Illinois town named Roseville. Monette sent her love to her many friends here — and we're glad to know that she is much improved after her accident here in Fulton last summer.

'Twas a HAPPY time for Fultonians — during the holidays — as most of the students were home from their respective colleges and universities. As I sit here — I find myself wishing that ALL of you mothers would call and tell me EVERYTHING about your children who were home. 'Twas hard to be "in the know" when you have been out of town. But we did learn that Beverly Hill was home from U. K. and had a lovely visitor, Agnes Sandefer, a sorority sister of Bev's, who lives at Springfield, Mass. Bailey Binford was home and also had a guest, Bill Ballentine of Louisville. Kay Cherry and guest, Janie Ullsach of Lynch, Ky. were here with Kay's parents on Third Street, Max McDade, Gerald Bushart, Frank Sublette and Don Campbell all of U. K. were home for the holidays. Nancy Adams of Murray State and Peggy and Godfrey Binford of Jackson spent the long weekend with their parents, the Tillman Adams and the Chuck Binfords.

Mr. and Mrs. James Hicks and children, Janie Sue and Shirley, Mr. and Mrs. Russell Ross and children, Bobby Joe and Patti

Ann, of Martin spent Thursday with their parents, Mr. and Mrs. Carl King in South Fulton.

J. D. Hales, administrator of Hillview Hospital visited at Fort Campbell Friday. Lt. Col. Paul Durbin of Fort Campbell was in Fulton Thanksgiving Day.

Miss Bernice Tucker of Memphis spent the weekend in Fulton with Lillie and Eph Dawes.

LaNelle and Arthur Roman and Mrs. Leland Bugg spent Thursday in Memphis where they visited Leila Stubblefield who is a patient at the Baptist Hospital there. They also visited Graham Bugg at the Veteran's Hospital. Both patients are reported to be improving. Mrs. Stubblefield's room number is Main 611.

There'll be happy times at the Ernest Brady home ere long — as their son, Tech-Sgt. and Mrs.

Herbert Brady and son of Wilmington, Del. will arrive in Fulton for the Christmas holidays. Herbert is being transferred to the air base at Roswell, N. Mex. but will have several days to see friends and relatives in Fulton before reporting for duty.

Billy, Joyce and Renee Hill of Decatur, Ala. spent the holidays with their parents, the William Hills and the Roper Fields. The young Hill family have been living in the Alabama city for several months where Billy is engineer for Kimstrand Chemical Company.

How sorry we were to have missed seeing James Earle Bowen who spent Thanksgiving here with his parents, Mr. and Mrs. Lawrence Bowen. James Earle has just returned from a business trip to different cities on the South American continent as he is an auditor for the National

City Bank of New York. What an INTERESTING life this young man has! Tuesday of this week he left Memphis by

Arlington Woman Hit By Train, Dies

A 24-year-old Arlington woman was killed by a northbound I. C. freight train in the heart of Arlington Sunday morning, Dec. 1.

Witnesses said Mrs. Adams appeared to be in deep thought as she started across the double railroad tracks. Although the loco-

motive was whistling wildly, she apparently did not see it until it was right upon her. Then she threw up her hands and fell down between the tracks, they said.

Ironically, she had waited for several cars to pass before crossing U. S. Highway 51 which is near the railroad tracks. She was dragged between 50 and 75

feet by the locomotive. The body was badly mangled.

Besides her daughter, Mary Ruth, Mrs. Adams is survived by her parents, Mr. and Mrs. Jesse Teams of Arlington; a sister, Mrs. Louise Keefer of Bardwell; two half-brothers, Jesse Lloyd Austin

of Arlington and LeRoy Austin of St. Louis; and several other relatives.

Funeral services were held Monday afternoon at Arlington.

Keep Farm Machinery Young

One of the most important jobs on the farm is the care of equipment. Thousands of dollars are just rusted away every year on Southern Illinois and Western Kentucky farms. As tools finish their jobs this season, winterize it before storing and it will not only save you money, it will also save a few headaches. Here are a few hints for your consideration.

First, it is better to paint bright surfaces such as snouts on a corn picker that is mounted than it is to grease, because greased surfaces are troublesome in mounting and very dirty. It is, however, better to grease than to let it rust out. Now then be sure to grease all bearings before machinery is stored. This keeps out moisture, therefore no rust.

Loosen tension on all V belts for longer life. Either drain the fuel tank and carburetor before storage or fill the tank. This will depend on whether or not the machine in question is to be used during the winter. Moisture will form in the tank and you'll have trouble. If you plan not to use the tractor I would advise complete drainage. It goes without saying that blocks and radiators that have no anti-freeze should always be drained after use.

Never leave it until later in the day. Now then for the fertilizer applicators; wash with water (warm if possible) and let dry. Next rinse with a 50-50 solution of used oil and kerosene. The kerosene will carry the oil into cracks and hard to get places then evaporate... leaving the oil as a rust proof coating.

I have seen a lot of machinery

Pie-Baking Champ To Show 'Em In Chicago

Kentucky's champion cherry pie baker, Sandra Kay Bedwell, will represent the state in the annual contest at the Sheraton Hotel in Chicago, Feb. 20.

The annual event sponsored by the Red Cherry Institute is opened to young cooks from throughout the United States, Alaska and Hawaii.

The 14-year-old Kirksey High School sophomore baked her way to the State championship at the University of Kentucky after winning the Paducah district title.

She is the daughter of Mr. and Mrs. Oacus Bedwell of Calloway county.

Telephone Talk

HAROLD WILEY
Your Telephone Manager

WHAT'LL I GIVE FOR CHRISTMAS? Oh-oh, it's that time again, time to start thinking about gifts to please the hard to please. If this is your problem, here's a good tip—extension phones in nine beautiful colors. Just one call to our Business Office and you can strike ever so many names from your list! We'll gift wrap and deliver before Christmas, or, if you prefer we can furnish gift certificates. And why not equip gift phones with extras, too: light-up dials, no-tangle spring cords, volume controls that let you tune up or down the voice of the person you're talking to. Try it! See if Merry Christmas phones won't wrap up a lot of your "what-to-give worries," make your shopping easier and put a smile on the face of those who receive them.

WHAT'S ON THE PROGRAM? Sometimes we wish we knew, especially when we're trying to get up something interesting for our clubs, school or church. We just wish someone would show up and say, "I've got a speaker and everything for you!" Well, that can happen. Your telephone company has a service that provides a wide variety of lectures, films and demonstrations by experienced speakers... all without charge. Check with me and I'll bet we can find quite a few good programs that will interest your group and can be conveniently scheduled.

AND CHARGE IT, PLEASE! That's what you can say to the operator when you have a Long Distance Credit Card. For salesmen and other folks who travel a good bit it's really handy because it can be used anywhere: in public phone booths, in a customer's office, at a friend's. The charges will be put on your home or office bill, whichever you like. Think you might like your own Long Distance Credit Card? Call us, and we'll fix you up.

HISTORICAL FACT

Greenville in Muhlenberg county was named for Gen. John Peter Gabriel Muhlenberg, a Lutheran minister of Virginia. Leaving his pulpit at the beginning of the Revolutionary War to become a military officer, Muhlenberg made two trips to Kentucky in 1784 but never visited the section that bears his name.

NAME WAS CHANGED

Central City was long known as Morehead's Horse Mill, having been built on land once owned by C. S. Morehead, who operated a gristmill propelled by horse power. After the railroad was built in 1870, the name was changed.

(Ed's note: the following information, supplied THE NEWS by the USDA, ASC, nearby County Agents and agricultural agencies will be of special interest to progressive farmers in the Ken-Tenn area):

1958 ASC COMMUNITY COMMITTEEMEN

Mr. Roy Bard, Chairman of Fulton ASC County Committee, reported that there was a very small vote cast on November 8th. There were approximately 1,021 voters eligible to vote, of which only 142 votes were cast.

The following persons were elected to serve and will assume their duties on December 1st,

1957.

Community I: A. L. Hancock, Chairman; E. A. Carver, Vice Chairman; A. R. Jeffress, Regular Member.

Community II: T. R. Williamson, Chairman; Joe Campbell, Vice Chairman; Richard Bellew, Regular Member.

Community III: Tommy Jones, Chairman; John Fleming, Vice Chairman; Charles Linder, Regu-

lar Member.

Community IV: Philip Choate, Chairman; Raymond Everett, Vice Chairman; Parke Wheeler, Regular Member.

Community V: Bert Yarbrow, Sr., Chairman; L. B. Abernathy, Vice Chairman; Thomas Kemp, Regular Member.

The Chairmen of each of the above communities are automatically delegates to the county convention, which will be held November 29th, 10:00 a. m. at the county ASC office. These delegates will elect the County Committee for 1958 and they will assume their duties on December 1, 1957.

FARMERS URGED TO CHECK FARM-STORED GRAIN

Farmers who have farm-stored grain under loan were reminded today that, in order to receive the full support price when the grain is turned over to the Commodity Credit Corporation, the commodity must be in as good condition as it was at the time it was tested and graded before being stored.

Roy Bard, Chairman, County Agricultural Stabilization and Conservation Committee, says that even clean grain with safe moisture content can't be stored and forgotten. Occasional inspection is necessary to detect leaks, insect infestation, and most, molding, or taking grain. Higher-moisture-content grain in spots in a bin may result in considerable damage.

The Chairman also emphasized that even with dry grains there is a tendency, in the colder climates and in larger bins, for moisture to build up during the fall and winter. This can be prevented by air circulation with the use of small suction or pressure fans.

Although grains may be in perfect condition at the time they were put in approved storage, they can deteriorate while in storage, and farmers should keep a careful check on farm-stored grains during fall and winter. They should watch not only for increased moisture content of the grain, but for indications that insects, rats, birds, and other pests are at work on their grain stored under price support.

Fort Belvoir, Va. (AHTNC)—Pvt. Donald P. Watts, son of Mr. and Mrs. Ishmael P. Watts, Route 5, Fulton, Ky., recently was assigned to the 603rd Engineer Battalion at Fort Belvoir, Va.

Watts, assigned to the battalion's Headquarters Detachment, entered the Army in May of this year and received basic training at Fort Polk, La. He was graduated from South Fulton High School.

A/2c David W. Henderson of the 633rd A. C. and W. Sqdn. has returned to his base at Tripoli, in North Africa after serving two months at Adana Turkey, as part of N. A. T. O. operations in the east.

He is expecting to return to the states by Christmas. Grafenwohr, Germany (AHTNC)—Army PFC Gene H. Bone, son of Mr. and Mrs. Paul Bone, Route 2, Hickman, Ky., is participating in a five-week field

training maneuver with members of the 3rd Armored Division's 45th Medical Battalion near Grafenwohr, Germany. The exercise will end Dec. 20.

Bone, a radio teletype operator in the battalion, entered the Army in October 1956, received basic training at Fort Hood, Tex., and arrived overseas last May.

The 21-year-old soldier is a 1954 graduate of Dixie High School in Union City, Tenn. He was a farmer in civilian life.

Fort Lee, Va. (AHTNC)—PFC Freeman B. Dallas Jr., whose wife, Carole, and parents live in Fulton, Ky., recently was graduated from the parachute packing, maintenance, and aerial delivery course at the Quartermaster School, Fort Lee, Va.

During the 12-week course, Dallas was trained in inspection, packing, maintenance of personnel and cargo parachutes, and aerial supply equipment.

Dallas entered the Army in February 1956 and received basic training at Fort Leonard Wood, Mo. He was stationed at Fort Campbell, Ky., before arriving at Fort Lee.

A 1955 graduate of Fulton High School, Dallas attended Murray State College.

THE NEWS provides this column purely as a public forum and does not accept any responsibility for the answers offered, although in many cases they have proved extremely accurate.)

Dear Pat,
I read your column every week. I would like for you to answer some questions for me.

Will my husband ever get a farm of his own and when? Will we have any more children? If so, when? How many children do we have now and what are they? Please answer this in your next week's paper.

Thanks,
M. B.

Dear M. B.,
You will be on your own farm in the spring of 1959. Yes, you will have two more children, one will be born in 1958, you now have

three children two boys and one girl.

Dear Patricia Latane,

Several weeks ago my husband lost a pair of purning shears and we are unable to find them. Can you tell us where to look for them?

L. D.

Dear L. D.,
You will find them on the ceil in the shed.

Dear Patricia,

We have just bought us a little farm home. My wife and I are seeking work to pay for it. Will we get work and pay for our home? Will things go in our favor in making money to live and pay for things, as we go. We are just poor folks.

Thank you,
C. J. W.

Dear C. J. W.,
Yes you will get work to pay for the farm and home. You have nothing to worry about every-

thing will turn out as you have planned.

Dear Patricia Latane,

I have been reading your letters in the NEWS and just wondered if you would answer some questions for me. First, I have 2 sisters who are mad at me for something, and I don't know why. Really, I think some one is just trying to cause trouble between us. I think I know who. Will you give the initials of the person? Second, will my health get better?

I'll be watching for your answer.

Worried Sister,
M. A. W.

Dear M. A. W.

Yes you have a person telling a few tales their initials are Z. C. Yes your health will get better.

Dear Patricia Latane,

I believe myself in love with a young man. He says he loves me and he wants to marry me. Is it true or is he just going to leave me with a broken heart? What are his initials and if we do marry, will we always live with his mother or will we eventually live by ourselves? Will we have children?

Thank you,
Wondering

Dear Wondering;
This boy isn't in love with you, and he doesn't want to marry you. My advice to you is to forget this boy as you will marry a man by the name of James. You know him at the present time. He will fall in love with you by something you do. He knows you and you know him but he isn't in love with you at the present, but you think a lot of him now and you would like to go steady with him. His full initials are J. M.

Dear Pat,

I enjoy your column very much. Will you please answer some questions for me? My wife hates me. Will you tell me why? Is it another man? She says she doesn't love me, and will the woman of whom I am thinking mean anything to me?

I will be looking for your answers.

Thank you,
A. L.

Dear A. L.,
No, your wife doesn't hate you, but she doesn't like the way you do her, would you like for her to go somewhere every night in the week and you sit home with the kids? How do you think you would like that? I don't think you would approve of it, and neither does she, and she tries to hurt you by saying little mean things to you. The woman you are thinking about doesn't give a darn about you, and if you were single she wouldn't marry you at all.

Dear Pat,

If you know as much as I think you do, I would not have to ask you the questions that are bothering me most.

Please Pat, what is wrong with my family? Have I failed them some way. If so how? Will my husband ever settle down? Does he love me as much as he says?

Will there be a wedding in our family soon?

Will I always have the responsibility I have now.

Please answer
Worried

Dear Worried:
Yes, your husband loves you. As for you family you have let them do you anyway and taken it all these years. Why did you think they would change? You should have made them mind so I blame this on you and you along and I don't feel sorry for you, or for anyone who doesn't make their children mind. Your husband will settle down when you

you'll be rewarded at every meal

... when you give her controlled-heat electric appliances

Experienced cooks know that automatically controlled electric heat brings perfect results. And even beginners serve wonderful meals with electric appliances to make cooking easy and fun. There's no guesswork... no worry. Controlled electric heat takes over... then you take the honors for being a perfect cook, turning out perfect meals. Cook with modern electric appliances. They make wonderful Christmas gifts.

The new Nomad—the last word in station wagon style and distinction... 4-door 6-passenger.

CHEVROLET SETS A NEW STYLE IN STATION WAGONS!

Two new Brookwoods—4-door 6-passenger and 4-door 9-passenger models. Luxuriously appointed.

Meet the year's smartest station wagon set! Chevrolet brings you five new wagons for '58—all long, low and loaded with news.

They're more than nine inches longer, dramatically lower. They set a new style with boldly sculptured lines. And these new Chevrolets are the most practical wagons that ever took to the road. The liftgate is hinged into the roof and raises completely out of the way for easier loading. There's a new easy-opening tail-

gate, too, and room for longer loads.

No station wagon built ever carried loads with more ease or passengers with more comfort! Chevrolet's new standard Full Coil suspension cradles you on deep coil springs at every wheel. And you can have a real air ride as an extra-cost option.

Stop by your Chevrolet dealer's and look over the smartest, smoothest going station wagons of them all.
