JAPANESE DRIVE BACK RUSSIANS

Attempt of Port Arthur Squadron to Escape Was Prevented.--Withoff Had to Retire After Sharp Engagement.

REAR ADMIRAL WITHOFF, COMMANDER OF THE PORT ARTHUR SQUADRON.

Rear Admiral Withoff, in command of Russia's Port Arthur squadron, may have done nothing thus far to stamp him as a second Nelson, but he has certainly not had his fleet badly damaged since he took charge--which is more than can be said of his predecessors. Withoff is really a good sailor and the rank he has attained has not been the result of favoritism in royal circles.

(Cablegram.)

CHEE FOO, Aug. 11.--(Bulletin.)--The Russian fleet which attempted yesterday to leave Port Arthur was driven back after a sharp engagement.

TOKIO, Aug. 11.--The Russian fleet emerged from Port Arthur Wednesday and a severe engagement with the Japanese fleet lasting all day followed. The Japanese destroyers attacked the Russians at night. The results of the engagements are unknown. The Russian battleships Retvisan and Pobeda were seen outside of Port Arthur this (Thursday) morning.

CHEE FOO, Aug. 11, 7:30 a. m.--A Russian torpedo boat destroyer entered Chee Foo harbor at 5:30 o'clock this morning and reported that six Russian battleships, four cruisers and half of the torpedo boats escaped from Port Arthur yesterday morning.

The torpedo boat destroyer left Port Arthur last night, bringing in five passengers, who stated that the Japanese fleet is pursuing the Russians and that a battle on the open sea is expected.

MANY NEW LAWS

OF MUCH INTEREST TO THE PUBLIC.

The Most Important Measures Adopted By the Last Legislature.

The Acts of the Legislature, session of 1904, just issued, contains many new laws of general interest, among the most important being the following:

Providing for a uniform system of text books.

Requiring voters in the towns of fifth and sixth class to register.

Repealing that part of the exemption law which exempts the wages of persons not exceeding \$50 a month from attachment or garnishee for debt.

Extending the term of the common school from five to six months.

Requiring a merchant to give five days notice in writing to each of his creditors before disposing of a stock of goods in bulk.

Making it a felony of one to five years to steal \$2 worth of chickens.

Submitting to the voters the question of whether or not they will abolish the secret ballot. This is to be voted on at the regular November election.

Reducing the number of trustees of a graded school from six to five.

Prohibiting the shooting of rabbits or squirrels between the fifteenth day of September and the fifteenth day of November.

Defining vagrancy and fixing the punishment at a fine of \$10 or imprisonment for 30 days for the first offense, for the second offense and all subsequent offenses 60 days imprisonment; all persons convicted being required to work at hard labor until fine and costs are satisfied. Vagrants are declared to be able bodied males with no trade, calling or profession, and no visible means of support, who habitually loiter and ramble; able bodied males who fail or refuse to labor for the support of his family; able bodied males who purposely desert their wives or children; an able bodied male or female who habitually loiters about the streets or public places of any village or town. Any court has jurisdiction to try vagrants.

Placing national banks on the same footing as state banks in the matter of taxation.

Creating the office of fish and game warden in each county and defining his duties.

Making it unlawful to sell whiskey by wholesale in local option districts.

Prohibiting the adulteration, mixing or misbranding of orchard grass seed and other seed.

Regulating the sale of fertilizer so that the tag on each package shall show the name of the manufacturer, name of fertilizer, number of net pounds in each package, estimated value per hundred, and the minimum percentage composition.

Prohibiting white and colored persons from attending the same school.

Allowing town marshals in towns of the sixth class, to discharge the duties of constable in the magisterial district in which the town is located.

Making it unlawful to buy, sell or expose for sale wild turkeys, pheasants, grouse, partridge or quail killed within the state.

Making it unlawful to drive a horse hired from a liveryman a greater distance or for a longer time than that for which the horse is hired, and requiring liverymen to keep a register showing to whom every vehicle is hired, the time to be used, distance

to be traveled and the exact hour of the day or night such vehicle is delivered to the person hiring it. The fine is \$3 to \$50, or imprisonment for thirty days, or both.

Changing the time of assessing property for taxation from September 15 to September 1.

Making it a fine of \$25 to \$50 to lodge for record any deed, mortgage or other instrument required by law to be recorded without disclosing the next immediate source from which the grantor derived title. If the source of title be a deed or other writing the deed offered for record shall refer to the former deed, and give the office, book and page where where recorded and the date thereof, if dated. This law means that all deeds must be recorded, whether the owner of the property wants it recorded or not, and if you have a deed in your possession that has not been recorded you had better have it put on record without delay.

NOTIFICATION

OF JUDGE PARKER.

ESOPUS, N. Y., Aug. 10.--The formal notification of Judge Alton B. Parker of his nomination for president by the Democratic national convention took place this afternoon at Rosemount. The notification speech was made by the Hon. Champ Clark, who presented a formal written notification together with a copy of the platform. Judge Parker responded. About 1,500 people are present.

NEW PIPE ORGAN

Fine Instrument For Ninth-Street Presbyterian Church.

The handsome new pipe organ of the Ninth Street Presbyterian church has been received in the city from the makers, George Kilgen & Sons. It was built especially for the church and is a splendid instrument.

The aim of the builders, in this instrument, has been to produce one of power and brilliancy, combined with fine tone effects, therefore the greatest care has been taken to obtain perfect and characteristic equality throughout each register, and perfect blending in all.

The organ has 828 pipes. It is thirteen feet wide, eight feet deep and sixteen and a half feet high and is of two manuals compass. The great organ has four stops and 244 pipes. It will be operated by a water motor. An expert is expected today to set up the organ.

DOUBLE TRAGEDY.

(Special to New Era.)

STURGIS, Ky., Aug. 11.--R. H. Latham shot and killed his brother-in-law, Ike Tucker, and the latter's wife last night at Tradewater mines near here. The killing resulted from Tucker's threatening Latham while drunk. Latham started to shoot Tucker and Mrs. Tucker came in just as the shot was fired and received the bullet. Tucker again attacked Latham and was killed. Latham was exonerated by the coroner's jury.

Leg Broken.

Mr. Holland Boyd, of the Kelley neighborhood, suffered the misfortune Monday morning of having a leg broken by lumber falling on it. The young man was working at a saw mill and was assisting in moving a car used about the mill loaded with lumber when the load fell off and caught on of his legs under it and fractured the bone.

STOLE A DIAMOND

CHARGE AGAINST WILLIE WHITFIELD, COLORED.

(From Friday's Daily.)

Policemen George Walker and Mack Cravens this morning arrested Willie Whitfield, alias "Brakeman" colored, on a charge of grand larceny. It is alleged that Whitfield went into the caboose of an L. & N. freight train last Tuesday and broke open the locker of Brakeman William Oakley and took a handsome diamond and opal ring valued at \$125. He sold the ring to John Bronaugh, colored, for a Smith & Wesson revolver and \$5.00 in cash. A warrant was also sworn out for Bronaugh but he denied having any knowledge that the ring was stolen property and identified Whitfield as the one from whom he bought it. Mr. Oakley positively identified the ring as being the one taken from him and the case against the prisoner is very strong. "Brakeman" denies having stolen the ring or having even seen it. He is now confined in the city lock up and his examining trial will probably be held next Monday.

This is not Whitfield's first experience with the city authorities. He stole some clothing from a caboose on one occasion for which he was convicted and sent to the penitentiary. He hangs around the railroads and in this way earned the alias of Brakeman.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it the best remedy in the world for bowel complaints. For sale by L. L. Elgin."

BEST ON RECORD

Is the Wheat Crop in Christian County.

A list of the larger wheat growers of Christian county has been compiled, showing that fifty-five planters harvested crops ranging from 3,000 to 24,000 bushels, this aggregate exceeding 230,000 bushels.

The estimate of the crop in Christian county is 1,000,000 bushels, which is being marketed at prices ranging from 90 to 97 1/2 cents. The value of the crop to the county will exceed \$800,000, the most valuable crop on record.

Puts An End to It All.

A grievous wall of time comes as a result of unbearable pain from overtaxed organs. Dizziness, Backache, Liver complaint and Constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by L. L. Elgin and Cook & Higgins Drug Store.

GAME LAWS.

Under the new game law squirrels cannot be killed between February 1st and the 15th day of June of each year. Squirrels and rabbits cannot be killed between Sept. 16th and Nov. 15. This last provision was enacted for the reason that so many hunters have the habit of going out in October, claiming to be hunting squirrels and rabbits when in reality they are hunting quail. This statute removes the usefulness of this excuse. Both rabbits and gray squirrels may be killed to protect crops at any time of the year. Doves can only be killed between August 1st and February 1st of each year.

I find nothing better for liver derangement and constipation than Chamberlain's Stomach and Liver Tablets.—L. F. Andrews, Des Moines, Iowa. For sale by L. L. Elgin.

EUROPEAN SQUADRON IS ORDERED TO TURKISH WATERS.

MINISTER LEISHMAN AND THE CRUISER BROOKLYN.

(Special to New Era.)

WASHINGTON, D. C., Aug. 6.—The European squadron has been ordered to Turkish waters.

Minister Leishman has cabled the state department from Constantinople that he has failed to receive a satisfactory reply from the Sultan of Turkey in regard to the rights of American citizens in that country.

A meeting of the cabinet was held to discuss the situation, and resulted in an order for the squadron under Admiral Jewell to be placed in reach of Minister Leishman in order to strengthen his representations. It is believed that a demonstration by the cruiser Brooklyn and other armored vessels will soon make the "Sick Man of Europe" come to terms.

COMING BACK HOME

WHERE IT RAINS AND PEOPLE SMILE.

A Hopkinsville Citizen Soon Gets Enough of the "Reclaimed" Arid Regions.

A Hopkinsville man, who went West some time ago with a view to making his home in the arid regions that are being reclaimed by irrigation, writes that he has started back home.

The climatic conditions, he says, were objectionable, too hot and dry. "Thermometer registered as high as 127 degrees in the shade, and the sand storms were unbearable." "After being there for a while one's skin dries and shrivels like parchment and his face and hands have the appearance of sand paper; and he is shrunken in body, hollow eyed and seldom smiles." He said in his letter that he tried one of his best jokes on a man from the desert but it failed to provoke a smile, perhaps for the reason that he was afraid he would break or that the fountains of mirth in him were dried up. He says life in Christian county, Kentucky, with the most unfavorable surrounding, is positive recreation made up of Sunday and holidays and flavored with ice cream and pretty girls, as compared with living in that country; and that he could now understand why people living in the desert are frequently driven to insanity or suicide. He was reminded of the figure used by the prophet when he compared Jehovah to "the shadow of a great rock in a weary land" and thought how grateful would be that rock if he could only find it. The nearest approach to it was a sand hill and the wind soon blew that away. He felt at times like he would give a dollar to hear it thunder and a hundred dollars to see a rain.

He speaks well of the people there and says they only endure the hardships for the hope of future financial gain, but the most of them looked like they wanted to get away.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by L. L. Elgin.

THIRD KENTUCKY

WILL LIKELY SEE THE FAIR FIRST.

Will Probably Go Into Camp About the First of September.

The military camp at St. Louis is now in readiness for the Kentucky state guard. The inspector general of Kentucky has just returned from St. Louis and has completed the final arrangements for the Kentucky encampment.

It is the intention of the adjutant general to order out the first regiment that is best equipped, and from the reports from the three regiments of Kentucky state guards it is shown that the third regiment is in readiness, and that they will go into camp Sept. 1st, and will be in camp ten days. It is very fortunate that the third regiment will go so soon, as it will not interfere with the schools, as the members of the company, who are in school, will get home in time to enter school at the beginning. The camp site, says the inspector general, is by far the best yet had. The camp is well equipped; tents supplied with floors, chairs and cots, and the state has put in shower baths to accommodate all the men. Everything is being done to make this the best and most profitable encampment of all heretofore held by the state. The private soldiers will have but little to do, but the officers and non-commissioned officers will be constantly in attendance at lectures and schools.

There seems to be a great deal of enthusiasm in the state guard over the coming encampment, and the rank and file are looking forward to the trip with much interest.

ROMANTIC WEDDING AT BETHEL CHURCH.

Bride Slips From Home and Weds At Altar At 2 O'clock A. M.

(From Friday's Daily.)

With Bethel church as the rendezvous, and Squire Hammond as the officiating matrimonial deity, a romantic wedding occurred this morning at 2 o'clock. Harry P. Rives, a prosperous young farmer of South Christian, had won the heart of Mabel, the fair young daughter of John Blane, a well-to-do farmer of Longview, but stern fate in the form of an obdurate parent forbade the bans, and for a time Cupid drooped his wings. The persistent lover, however, was not to be balked, and, sure of the heart of his divinity, he scoffed at parental frowns and defied forbidding edicts. Seeking out Squire Hammond to make it a truly Greta Green affair, he bade him beat Bethel church on the night of the third, between the hours of eleven and four. The romantic and sentimental soul of the good Squire would never flinch at even so uninteresting task as an indefinite wait at a lonely spot on a dark night, and promptly at eleven he stationed himself at Bethel church. At 1 o'clock, the young lady stole softly from the parental abode and joined the waiting bridegroom. At two they had reached the rendezvous and speedily were joined in the holy bonds of wedlock by the gallant Squire. It is to be hoped that the parental heart will soften and will add its blessings to the lives so romantically united, for they are an excellent young couple whom every one wishes well on their journey together.—Clarksville Leaf-Chronicle.

Sick Headache.

"For several years my wife was troubled with what physicians called headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo. E. Wright of New London, New York. For sale by L. L. Elgin.

GRACEY MINING

Several Companies at Work in That Vicinity.

The Crittenden Record says of the work that is being done near Gracey by the Trigg County Zinc, Lead and Spar company:

"There seems to be three great breaks or veins running parallel with each other on one of which this company under the supervision of Joel Farmer is sinking a shaft. At some considerable depth disseminated lead ore in calc spar has been uncovered. Probably at some points on this vein a heavy chute of lead ore will be uncovered, although it will likely take some considerable prospecting to ascertain the apex of this ore body.

Considerable work is being done in the vicinity of Gracey by other companies. A shaft was sunk on a very well defined vein by a Mr. Boynton, of Princeton. He found at 80 or 40 feet in depth very strong galena or lead ore in rather large quantities. It is very likely that continuous work will disclose a strong mining proposition throughout the entire section."

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Proprietor, Sullivan House, El Reno, O. T., writes, June 8, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00. Sold by Ray & Fowler.

RHEUMATISM

JOINTS AND MUSCLES SWOLLEN AND STIFF

A disease so painful and far-reaching in its effects upon the human system as Rheumatism, must have a deep and well-laid foundation. It originates and develops in the blood, and, like other diseases of the blood, is frequently inherited. The poisonous acids with which the blood is charged circulate through the system, breaking down the health, irritating the nerves, settling in joints and muscles, and causing the sharp, cutting pains peculiar to Rheumatism. Unless the blood is purified, joints and muscles become coated with the acrid matter and are rendered stiff and sore, and the nerves completely wrecked. I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicine every week, and nothing they prescribed seemed to help me. Finally I left off their medicine and began the use of S. S. S. My knee and elbow joints were so swollen and painful that I could not close them when opened. I was getting discouraged when I began S. S. S., but as I saw it was helping me, continued, and to-day am a sound, well man. 1385 Mt. Vernon Ave. R. H. CHAPMAN. Columbus, O., May 20, 1902.

Rheumatism, being a constitutional blood disease, requires internal treatment. Liniments, plasters and such things as are applied outwardly give only temporary relief. S. S. S. is the recognized great-est of all blood purifiers and tonics, and in no disease does it act so promptly and beneficially as Rheumatism, neutralizing the acids and invigorating and toning up the nerves and all parts of the system. It is guaranteed strictly vegetable. Write us should you desire medical advice, which will cost you nothing. THE SWIFT SPECIFIC CO., ATLANTA, GA.

UPSET THE UNION

\$30,000,000 FOR TWO DOZEN PARSONS.

Minority That Bought Fusion Gets All Property of the Sect.

EDINBURGH, Scotland, Aug. 7.—Ecclesiastical property affords no parallel to the state of affairs produced by the decision of the house of lords in connection with the Scottish Presbyterian church. That judgment places \$30,000,000 worth of property in the undisputed control of twenty-four obscure clergymen and gives them authority to dismiss every other free church minister in Scotland.

After many years of negotiation a great fusion was effected in 1900 between the Free Church of Scotland and the United Presbyterian church under the name of the United Free church of Scotland.

Eleven hundred clergymen were concerned. Twenty-four Free church ministers in remote parts of the highlands and the islands of Scotland refused to assent to the fusion scheme. They contended that the union was not in accord with the ancient free church; and further that the fusionist church had no legal control over the trust funds of the free church.

The suit they brought was fought through every Scottish court, and the decision just rendered by the House of Lords is final, the house being the ultimate court of appeal.

The judges held that nothing could exempt the Free Church from the rule that funds given for one purpose could not be diverted to another. Therefore the Free Church property remained in trust with the twenty-four ministers who dissented from the fusion.

The judges hoped that the victors would not utilize their control over spoils to the full, but feeling that is so high between the dissentient minority and the former will only forego their advantage on conditions which the latter are not likely to accept.—St. Louis Post Dispatch.

HAWAII HAS NOT PROSPERED UNDER UNCLE SAM'S RULE

ANNEXATION HAS NOT BEEN A SUCCESS

VIEWS OF GOV. CARTER

Says United States Laws Are Not Suited to The Islands.

(Special to New Era.)
SACRAMENTO, Cal., Aug. 5.—In an interview Gov. George R. Carter, of the Hawaiian Islands, said:

"The annexation of the islands to the United States has not been a commercial success so far as the islands are concerned. Since we have been United States territory we have not made great progress. One reason for this is because the laws by which we are governed are not suited to the country. For instance, we have to obey the United States land laws, and can not rent government land for a period of more than five years at a time. As it takes from two to four years to realize a crop in our climate, we can not find anybody that will rent land for such a short period as five years. Thus we are deprived of a big income from

GOV. GEORGE R. CARTER

government lands.

"Since we have been annexed congress has never dredged our harbor. It is filling up and thus prevents the landing of the largest vessels. As a result of this our traffic is falling off. We have dredged the harbor at our own expense since we have been annexed, but unless it is dredged again we will lose much of our traffic.

"Annexation has cut off all our internal revenue. On the other hand, from Uncle Sam's point of view, annexation has been a decided success. Over \$4,250,000 has been paid into the United States treasury from the islands. The whole cost of annexation was only \$4,000."

URGED TO COMBINE

STRENGTH ONLY FOUND IN UNION.

"Cactus" Says That Farmers Could Have Things Their Own Way.

A friend of many years told me a story. In thinking of a simile, for it is oft recurring, the patient, plodding method of the tobacco grower should be compared with the boldness, dash and "get there" organizers of the tobacco combine.

The story was of a man who said he never stood up when he could set down, never sat up when he could lie down and never did any thing today he could possibly put off until tomorrow. This would be an insult if applied to many a good tobacco grower, notwithstanding it has an element of truth. To fully appreciate it as applied to all men one must be an analyst who not only sees the hard truth but who has a keen sense of the ridiculous.

This planter is a man endowed fully with a fair proportion of the sterling qualities which go to make up manhood, but apparently ignorant of his environment and profoundly thoughtless of the possibilities of his opportunities. The agriculturist provides the food and raiment for the world. Every tobacco grower is a general agriculturist. He outnumbers any other class of citizens and pays more taxes. What a volume this speaks to the man who even allows himself to think.

It is not a question of courting thought or of serious research. It is simply a matter for an agriculturist to take up as he would the proper feeding of stock or the weighing of any product. It is a fallacy that planters cannot organize. They can, with terrible certainty and effect, but unfortunately for them their great conservatism make them slower in doing so than any other class of men.

They are men who wait, often to their own detriment, for some one else to take the initiative, and that some one else is often—from a financial standpoint—a competitor.

The planter of tobacco must learn of a very aggressive man, who represents the tobacco combine. A man who never lies down when he can sit up, never sits down when he can stand up, and is never idle when there is a possibility of a combine. A man who would scorn a lie as the devil does the truth, but who is looking solely and singly to the interest he represents.

Surely the tobacco planter can read the handwriting on the wall by this time.

They should not wait for another sale season to roll around, but instead, begin an intelligent organization to get a fair price for their product.

—Cactus.

TO OLD POINT COMFORT

And the Seashore, Aug. 13.

A Tour of Education.

The personally conducted excursion to Old Point Comfort, in charge of Mr. W. A. Wilgus, S. P. A., will be run Saturday, August 18th, via connecting lines and C. & O. railway from Hopkinsville on regular train, connecting with the Seashore Special, leaving Louisville from union depot foot of Seventh street, at 5:00 p. m. DR. FOGARTIE IS INSTALLED AS PASTOR.

IMPRESSIVE CEREMONIES AT THE CHURCH.

DR. IRVINE'S CHARGE.

Duties Of Members Of Congregation Spoken Of By Rev. Dr. Smith.

(From Monday's Daily.)

Rev. Jas. E. Fogartie, Ph. D., D. D. was installed as pastor of the Ninth Street Presbyterian church yesterday morning, as required in the Form of Government of the Presbyterian church. The solemn and beautiful service made a deep impression on the large congregation and will be long remembered by the membership of that church. Dr. Wm. Irvine presided and asked the required questions of both pastor and congregation. The questions and answers set forth very strongly the mutual obligations existing between pastor and people and bind both parties to be faithful in their performance. Dr. Irvine also emphasized the duties of a pastor, in his charge to the new pastor. He then declared the pastoral relation between Dr. Fogartie and this congregation established by the authority of the Presbytery of Muhlenberg.

The sermon in this service was preached by Rev. Dr. E. E. Smith, of Owensboro. His text was taken from I Timothy 1:15: "Christ Jesus came into the world to save sinners, of whom I am chief." He placed emphasis on the necessity of the personal conviction of sin as the first step toward salvation and used the Apostle Paul as an example to all sinners.

He said those who claimed freedom from sin or perfect holiness had no part in salvation and the Bible was not written for such. "This is a sinner's salvation, a sinner's Bible and a sinner's Christ." The sermon was among the best ever heard by this congregation.

Dr. Smith also delivered the charge to the congregation and made a clear statement of the duties of the members of the church to the pastor.

During the singing of the last hymn "Blest be the Tie that Binds," the officers of the church and heads of families came forward and gave the right-hand of fellowship to their new pastor.

THE WAR.

(Cablegram.)

ST. PETERSBURG, Aug. 8.—It is thought that Gen. Kurapatkin cannot longer avoid giving battle to the Japanese, and appearances indicate that he may be preparing for it. Russian advice is that simultaneous attacks upon Liao Yang and Mukden are expected. The Japanese are advancing, and the foreign attaches and correspondents within the Russian lines are rushing to the front. Related news of the last assault on Port Arthur says the Russians lost 1,500 men and 40 officers, and they claim that the Japanese lost 10,000, which is doubted, even in St. Petersburg. It is reported at Tokio that the Japanese are within 2,750 yards of the main line of Russian defense at Port Arthur.

BIG EXCURSION.

Nearly 400 Negroes Have Come To Paducah.

The Illinois Central railroad sold 388 tickets to Hopkinsville negroes who went to Paducah today on a special train leaving here at 10 o'clock. They will attend an "Emancipation Day" celebration in Paducah and leave there at midnight for this city.

The Rev. Dr. J. E. Fogartie.

PEOPLE AND THINGS

(From Monday's Daily.)

A party of young people of this city left this morning for a week's stay in camp at Jones' Mill near Pee Dee. Camp was pitched Saturday afternoon by some of the party who went down that day, and everything will be in readiness for the balance of the party when they arrive today. A most enjoyable time is anticipated. Those in the party are: Misses Pat Flack, Inez Moore and Francis Coulter, of California; Marjorie Carothers and Carrie Reeves, of Elkton; Mary Graham Stirling, Nell Donaldson, Mary Goldwaite, Edith Boulware, Janie Graham. Messrs. Durrett Moore, Jack S. Moore, John Thomas, Jim Russell, John Stites, Clifton Long, Roger Harrison, Ben Moore, Henry Perkins and Huston Waller. Mrs. Nannie Moore is the chaperone. Bill Moore, colored, will cook for the party.

Mrs. M. D. Sybert announces the marriage of her daughter, Margaret, to Hon. Fletcher Davis, of Arkansas, for Aug. 12.

The following are at Cerulean: Mr and Mrs E. M. Woodall, and Miss Elizabeth Woodall, Mr F. M. Friel, Miss Maggie Friel, Miss Mamie Reagan, Miss Margaret Reagan, Miss Margaret A. Frost, Nashville, Tenn.; Mr Chas A. Cox, Mrs Mallory, Mr David D. Koger, Paducah, Ky.; Mrs Urey Woodson, Miss Elizabeth Woodson, Miss Janey Woodson, Owensboro, Ky.; Mrs C. M. Collier, Mr Wm Collier, Mr Chas Collier, Master Baron Collier, Mrs W. T. Watlington and son, Mrs C. D. M. Greer, Miss Hallie Greer, Mr Chas Greer, Master Hugh Greer, Miss Lois Patterson, Mrs C. E. Heckle, Mr Elton Heckle, Master Ferd Heckle, Master Helm Heckle, Memphis, Tenn.; Mr T. Griener McCann, Henderson, Ky.; Mr and Mrs Frank Snadon, Clarksville, Tenn.; Mrs W. T. Colmesniel, Master Chas Colmesniel, Mrs H. K. Corrington, Miss Marion Corrington, Master Knox Corrington, Miss Katherine Feun, Evansville, Ind.; Mr and Mrs W. G. Head, Hopkinsville, Ky.; Miss Caswell Bennett, Miss Virginia Bennett, Danville, Ky.; Dr and Mrs Geo A. Cairns, Miss Ella Cairns, Oxford, Miss; Mrs W. Mansfield Kirby, Miss Clara Kiner Kirby, Bowling Green, Ky.

Prof. W. Rucker Adam, who had Hopkinsville young men doing the hootchie cootchie with all the muscles of their anatomy while dressed like the Igorrotes, is at the Owensboro Chautauqua and has a large class in physical education.

The Owensboro papers say that Pedley & Burch's booking for the Temple theater is "not very encouraging to say the least, but Mr. Pedley says the bookings are not now complete." Among the attractions scheduled are, "The Liberty Bell," Nat Willis in "A Son of Rest," Buster Brown, "Hoity Toity," "The Mummy and the Humming Bird," the great Lafayette, "Miss Bob White," "Twelfth Night," "Al G. Fields' Minstrels," Whitesides in "We Are King," "The Sign of the Cross," "Alphonse and Gaston," and others. Owensboro people must be hard to please.

Charles Dobbs, formerly of the Louisville Times, has an interesting

illustrated article in Sunday's Courier-Journal on The Kentuckians, a club of natives of the Bluegrass state now living in New York. The roster contains many distinguished names. Hon. John G. Carlisle is president, Hon. William Lindsay vice-president, Mr. John C. Breckinridge secretary and Mr. Evan Shelby treasurer. Among the trustees are James Lacie Allen, the famous novelist, John C. Latham, Carl E. Schultz, the noted newspaper artist who invented the "Foxy Grandpa" pictures, Harvey Watterson, a son of the editor of the Courier-Journal, and Joseph N. Hartfield, formerly of this city. Young Hartfield, was by the way, the first person to suggest the organization of the club. Fred'k A. Wallis, formerly of Hopkinsville, is on the membership list.

The glamour of footlights has again fascinated Walter S. Matthews, formerly of this city, and now of Louisville, and he has gone to New York to seek a theatrical engagement. His appearance here in Richard III, a number of years ago, will be recalled. He later forswore the stage and tried to content himself in the tobacco business. A couple of seasons ago one of his plays a lurid melodrama, "The Guilty Mother," was produced. Now comes the announcement of a Louisville paper that he is to tread the boards again.

The young ladies from Hopkinsville who have been attending the Summer School for the South at Knoxville, Tenn., completed their studies in the normal department of the institute last week. Misses Kate Harrison, Virginia Tibbs, Mary Penn and Susie Cox have returned home. Miss Lalla Dennis went to Asheville, N. C., to visit her aunt. Miss Alice Scooby stopped at Franklin, Tenn., to visit her brother, Prof. James E. Scooby.

Messrs. Duncan R. Dorris, Perry Whiting, M. S. Pilcher and J. C. Symmes, prominent Nashville citizens, passed through the city Sunday in an automobile enroute to the St. Louis exposition. They are making the tour under the auspices of the American Automobile Association. The "St. Louis Car" in which they are traveling was given the first-class certificate in the famous New York-Pittsburg endurance run last fall when the automobiles in the contest kept going through the county when railroad trains had stopped running and telephone and telegraph wires were down on account of high water. The party made 92-5 miles Sunday. Mr. Whiting is sporting editor of the Nashville News. Mr. Pilcher is a leading grain dealer and Mr. Symmes is purchasing agent of the Cumberland Telephone & Telegraph Co.

Landmark Disappears.

Mr. L. Yonts has begun the work of having the old Gooch residence on North Main street torn down and will have a handsome and modern residence erected on the site. The old Gooch house has long been a landmark in Hopkinsville and was one of the first brick residences to be built here.

ONE HUNDRED LIVES LOST IN TRAIN WRECK.

GOES THROUGH BRIDGE ON RIO GRANDE.

DROWNED IN A FLOOD.

(Special to New Era.)

PUEBLO, Col., August 8.—Rio Grande passenger train No. 11 went through a bridge at Pindon last night.

The engine and five coaches were wrecked.

It is reported that one hundred people have been drowned in the raging waters, many of them Pueblo residents.

A call for volunteers has been made on Pueblo and every available man is being sent to the scene.

Details are very hard to obtain at this hour.

The accident was caused by a cloud burst which weakened the bridge.

DENVER, Aug. 8.—A special train carrying Rio Grande officials has left for the scene of the wreck at Pindon.

No definite information has been received here beyond the fact that three cars went through the bridge. The Rio Grande people fear that the loss of life will be heavy.

"Quick lunch" is one of the commonest of city signs. The sign doesn't say "a healthy lunch of good food--the character of the food apparently is not considered, it's just a quick lunch--eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloppy, indigestible and unwholesome food, very often, and the stomach has to do the best it can. Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure the diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all. It is a medicine designed for the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

IN BETTER GRADES

A SLIGHT ADVANCE OF PRICES SHOWN.

Sales Among the Largest of Season--Hopkinsville Tobacco Market.

Reports received from the board of inspectors show little change in the tobacco market during the week just closed, with the volume of business about what it had been, and no material changes in quotations except a slight advance on some of the better grades. Receipts were about the average, while sales were among the largest of the year. The body of the offerings were of the medium grades, and the demand for these was such as made them go off as rapidly as offered. The sales of the week were heavy, several firms disposing of over a quarter of a million pounds each, and at figures that were satisfactory. Agents for firms abroad that buy here were on the lookout for goods suitable for their purposes, and were liberal buyers for certain classes. The loose sales are now in full blast, and will continue heavy until the bulk of the crop has been delivered. The growing crop is in splendid condition, and the worm are reported to be scarce.

WILL BE INVITED TO LEXINGTON.

Reunion of Confederate Veterans is Planned For September 8.

Plans are now on foot by the Lexington, Ky., camp of Confederate Veterans to hold a state reunion in their city the early part of September. A meeting was held in the rooms at the courthouse Saturday at which arrangements were practically completed for the entertainment of the visiting veterans. The Lexington camp has decided to give a big barbecue and burgoon at Woodland park, and every Confederate veteran in the state will be given a special invitation to be present. The reunion will be held September 8, and one of the biggest spread ever given in the state will be held under the trees in the park. A program of speaking will be arranged, which will include the names of the most noted orators in the state.

Fine Cotton.

Mr. Gano Henry, of Itta Bena, Miss., is in the city visiting relatives. Mr. Henry brought with him an extra large stalk of cotton and stated that his company had seven hundred acres like it and would get an average of one and a half bales to the acre.

Dogwood Doings.

Quite a number of people from here attended the ice cream supper at Antioch and report a splendid time.

Crops in this section are needing rain very badly.
Messames Willie Davis and Maud McCord visited their mother, Mrs. W. R. Oates last week.

Miss Mina Wood, of Hopkinsville, is visiting the Misses Underwood.

Several of our young ladies are leaving our home district and entering school at different places.

Mrs. Carrie Walker was in town Tuesday shopping.

Mrs. Ida Simmons is visiting relatives in South Christian.

Mr. Walter Yancey and family, of Bluff Springs, spent several days with his father's family last week.

Mr. Charles Lindsey has accepted work on the Haley's Mill telephone line, which is nearing completion.

Mr. H. T. Fruit had a valuable horse bitten by a snake last week. It was thought at first that the animal would die.

Vegetables, watermelons and fruits of all kinds are very plentiful now. Oh, the joys and pleasures of the "good old summer time."

HOAX IS EXPLODED.

SOME HOPKINSVILLE CITIZENS WERE VICTIMS.

Searched For 1895 Dollars Expecting to Secure Great Premium.

A hoax which had gained a wide circulation and was generally credited throughout this section for the past three months has been exploded.

According to the story there were only fifteen silver dollars coined by the San Francisco mint in 1895, and these were issued through the usual channels into public use and of course, there was no telling where the coins were at this time.

The story went further and said that the World's Fair authorities had conceived the idea of gigantic advertising scheme by offering a free trip to the fair for a month with all expenses paid and a liberal cash bonus for incidentals to the fifteen persons who were lucky enough to find these valuable coins. The story was soon spread broadcast over this city and surrounding country and many began to hunt for the silver dollars issued by the San Francisco mint in 1895. The search was not confined to the poor people who were not able to pay their way to St. Louis, but the rich were equally interested.

Recently one of the coins was found by the lady cashier in one of the groceries of the city and she was naturally very much elated and began making her preparations for the trip. Her employer offered her \$20 for the coin but the offer was emphatically refused. Letters were then written to various bureaus of information. One of these was to the treasurer of the United States and his reply was enough to settle the matter for he stated that instead of there being only fifteen silver dollars coined in 1895 by the San Francisco mint the output was four hundred thousand for that year. Other replies were then received all of which stated that there was no truth whatever in the report.

As a result there are a number of disappointed people here for as soon as it became known that there was no truth in the report the local market became literally flooded with silver dollars coined by the San Francisco mint in 1895. This report may have reached other cities and the people there may be saving the dollars in the hopes of getting a free trip to the fair.

Mott Ayres Marries.

Miss Mary Miller Coleman, of Mt. Sterling, and Mr. J. Mott Ayres, of Fulton, were married at the Louisville Hotel yesterday and left at once for St. Louis to attend the exposition.

Mrs. Ayres is the daughter of Mr. George E. Coleman, a well known insurance man of Mt. Sterling, and is an extremely popular and attractive young lady.

Mr. Ayres is now deputy insurance commissioner under State Auditor Haeger, and is a member of the Democratic state executive committee. He is the editor of the Fulton Daily Leader, and has always been an active member of the Kentucky Press association. He is a colonel on the staff of Gov. Beckham, and has been one of the strongest supporters of the governor for several years.

Ball For Wounded Man.

From Wednesday's Daily: Lee Suggs, the negro who was shot and wounded at Mt. Vernon church by Marshall Young, is alive and there is a chance for his recovery. A warrant was out for Suggs charging him with shooting a negro named Samuel Cowherd in the hand. His bond was set today in the sum of \$100. Young has not yet been arrested.

Crop Conditions Good.

President Stayresant Fish, of the Illinois Central railroad, who has just made a tour of the system, is quoted as giving out the following interview relative to the crop conditions:

"In a broad, general sense, the crop situation is satisfactory. Particular crops may be deficient in some localities, but shortage here is made up by abundance there, or, perhaps, the very section in which wheat has been poor, shows an excellent prospect for corn. To form a fair idea as to the business prospects, based on the crops, it is necessary to consider not only wheat, corn and cotton, but also sugar, rice, tobacco, oats, hay and the minor crops, not in a comparatively limited section, but over the wide area tributary to the Illinois system. When viewed in that way, the outlook is encouraging. The indications are that we shall have a year of good business. Sentiment throughout the country which I visited, is cheerful."

Bright Idea.

When the Dr. Howard company asked with L. J. Elgin in regard to introducing their Specific for the cure of constipation and dyspepsia, he advised them to sell their 50 cent size at the popular price of 25 cents. He told them that he could sell ten bottles at this price where he could sell one at 50 cents, and the result has proven his business judgment. The sales on this now famous Specific for the cure of constipation and dyspepsia, have been so remarkably large that they have decided to make the price 25 cents in the future; not diminishing the amount of medicine that the put in each package, (60 doses, a month's treatment.) Dr. Howard's Specific is sold under L. J. Elgin's absolute guarantee to refund the money if it does not cure constipation, dyspepsia, and all forms of liver trouble.

Mrs. Leone Dolehan.

Miss Anna Prescott, in a letter from 216 South Seventh street, Minneapolis, Minn., writes:

"I was completely used up last fall, my appetite had failed and I felt weak and tired all the time. I took Peruna for five weeks, and am glad to say that I am completely restored to health."—Anna Prescott.

Mrs. Leone Dolehan, in a letter from the Commercial Hotel, Minneapolis, Minn., writes:

"For two months my physician experimented with me trying to cure a hard cold which settled in my stomach, causing

ing inflammation and catarrh. I have now been well for six months, and I give all the credit to Peruna."—Mrs. Leone Dolehan.

Peruna will be found to effect an immediate and lasting cure in all cases of systemic catarrh. It acts quickly and beneficially on the diseased mucous membranes, and with healthy mucous membranes the catarrh can no longer exist.

Miss Louise Matt, 1250 Van Buren St., Chicago, Ill., writes:

"Peruna is a most wonderful medicine for catarrhal and stomach troubles."

"I suffered so long with indigestion and dyspepsia, and tried many things to cure me, without relief. I finally bought a bottle of Peruna and in just six weeks I was entirely rid of my stomach trouble."—Louise Matt.

DEATH RESULTS.

(From Saturday's Daily)
Walter Maddox, the young Louis-
ville & Nashville railroad brakeman,
whose leg was crushed in a railroad
accident at Springfield, died at two
o'clock this afternoon at his board-
ing house on Thirteenth and Walnut
streets in this city. The day after
the accident the portion of his leg be-
low the knee was cut off and he was
brought to this city. Gangrene set in
and last Friday it became necessary
to remove the diseased part. He stood
the operation apparently well, but
two days ago his condition under-
went a change for the worse and
death resulted. He was twenty-two
years old and a son of Thomas Mad-
dox.

Prompt, Easy Recovery.
The greatest thing in the world
—A Mother's Love; the love her
child should have for her; without this
love she could not endure the agonies in-
herent to childbirth; appreciation of this
love, Mother's Friend was devised to let
her see the pain and anguish of childbirth,
that her love might not be strained to the
breaking point. Mother's Friend does all
this and more—it enables the fond mother
to speedily recuperate from the labors of
maternity, enables her to regain her lost
strength, preserves her youthful lines of
beauty, and makes pregnancy her crown-
ing joy without any thorns to mar it.
Mother's Friend
is applied externally, is most harmless in
its consistency, most happy in its results,
and is of such merit that no case of labor
should be conducted without its use. It is
a liniment for massage of the abdominal
muscles during pregnancy, and by its use
their tonicity and power of contraction is
greatly enhanced, enabling them to sus-
tain the great strain brought to bear on
them at this time. It is Mother's Friend.
The name should be enough to recom-
mend it to all who expect to be mothers.

The American Farmer the Best in the World.
The American farmer is the greatest man
in the world to-day because he is master of
the soil—he is gaining in intelligence quite
as rapidly as his products are increasing in
magnitude. Our recent combines of capital
in United States measured in money are
enormous, yet such figures sink into insignif-
icance when compared to the money, brain
and brawn invested in agricultural in-
dustries. For instance, the farmers of
Minnesota and Dakota have received 150,000,000
for their products in a single year.
The farmer knows what Nature will bring
forth for him from his experience in the
past. He knows if certain seeds are
planted and properly cared for that Nature
will take care of the rest. In the same
way you are master of your own destiny.
Providing your blood is in good order, it
only needs a little effort on your own part
to keep healthy and strong—rid your body
of the poisons that are apt to accumulate
and your system is ready to ward off the
attack of the germs of disease. Dr. Pierce's
Golden Medical Discovery makes rich red
blood—by increasing the number of red
blood corpuscles. There is no alcohol in
this great tonic to stir up the red blood
corpuscles. As an alternative extract, made
only of herbs and roots it goes about its
work in nature's way. It stimulates the
liver into proper action, and feeds the
worn-out nerves, stomach and heart on
pure blood. For over a third of a
century it has sold more largely than any
other blood medicine in the United States.
More bottles of Dr. Pierce's Golden Medical
Discovery are sold to-day than ever before—
that is a true test of its medicinal value after
thirty-eight years of deserved popularity.

LESSON VII, THIRD QUARTER, INTER-
NATIONAL SERIES, AUG. 14.

Text of the Lesson, I Kings xviii,
1-16—Memory Verses, 13-16—Golden
Text, I Kings xviii, 12—Commentary
Prepared by Rev. D. M. Stearns.

(Copyright, 1904, by American Press Association.)
In our study of the life of Elijah we
must ever see him as a man of God,
standing before God, hearing the voice
of God and speaking the word of God.
Hearing implies obeying, so we see
him doing just what God told him un-
hesitatingly. A man of God is a God-
controlled man, wholly in the hand of
God, that God may be glorified in him.
We left Elijah in our last lesson in
the home of the widow of Sarepta, the
three inmates of the home witnessing
day by day the miracle of the con-
stant increase of the meal and oil ac-
cording to the word of the Lord.

The incident of the death and resur-
rection of the widow's son and the
widow's testimony, "Now by this I
know that thou art a man of God and
that the word of the Lord in thy mouth
is truth," closed the chapter, showing
that the Lord God of Elijah could not
only miraculously sustain life, but also
give life to the dead. What an honor
to be a representative of such a God
and to be in constant and conscious
touch with Him, as Elijah was!

According to the Spirit's testimony
through the Lord Jesus and through
James (Luke iv, 25; Jas. v, 17) Elijah
spent three and a half years by the
brook and in the widow's home, a full
year being spent in the latter (I Kings
xviii, 15), but now the same word of
the Lord that sent him to his hiding
places comes to him with the message
"Go, shew thyself unto Ahab, and I
will send rain upon the earth" (xviii,
1); and obedient Elijah went to show
himself to Ahab. When Joseph was
told to take Mary and the child Jesus
and go down to Egypt, the command
was, "Be thou there until I bring thee
word," and the same messenger
brought him word when it was time
for him to leave Egypt. God was man-
aging; Joseph had only to obey (Matt
ii, 13, 20).

Turning from Elijah for a moment
we learn that Ahab had as ruler of his
house a God fearing man named Obadiah,
who, as his name implies (serv-
ant of Jehovah), served the Lord in
that ungodly house, reminding us of
Joseph in Egypt and Daniel in Baby-
lon and suggesting to us that it is pos-
sible to serve the Lord under any cir-
cumstances in which He may permit
us to be placed.

About the time that the Lord sent
Elijah to meet Ahab both Ahab and
Obadiah started forth, Ahab going one
way by himself (verse 6), to see if they
could find water and grass to save the
horses and mules alive. Elijah met
Obadiah and said to him, "Go tell thy
Lord, Behold, Elijah is here" (verse 8).
Obadiah replied that he was as much
as his life was worth to do such a
thing, inasmuch as Ahab had caused
search to be made for Elijah every-
where and had taken an oath of every
kingdom and nation that they could
not find him (verses 9-14). Although
Obadiah feared the Lord and was
brave enough to risk the vengeance of
Jezebel when he saved alive a hun-
dred of the Lord's prophets by hiding
them in caves at the time that she at-
tempted to kill them all, yet he feared
death, for note his trepidation, "But this
is not strange, for Abraham said Sam-
uel to lie, and he himself was not fruit-
ful concerning their relationship, for
fear that he might be slain."

They had not revealed to them in
those days that which we have re-
vealed to us concerning the gain that
death is to the believer (Phil. i, 21, 23;
11 Cor. v, 8), nor was it quite the same
to the believer to die before Jesus
Christ died and rose again that it has
been since. The captives whom He
set free, according to Eph. iv, 8, may
have been the redeemed of the Old
Testament days, who until the resur-
rection and ascension of Christ had
not the happiness which then became
theirs. There are still many believers
who are all their lifetime subject to
bondage through fear of death, but
there is no need of it, for He is able to
deliver from all such fears.
Elijah's reply to Obadiah's fears was,
"As the Lord of hosts liveth before
whom I stand, I will surely shew my-
self unto him this day" (verse 15).
Compare xviii, 1, and let us take one
of our watchwords, "The Lord liveth
before whom I stand." Note in con-
nection with it Gabriel's testimony in
Luke i, 19, and our Lord's own words
in John vi, 57, "As the living Father
hath sent Me, and I live by the Father,
so he that eateth Me, even he shall
live by Me."

Obadiah, being encouraged and as-
sured, went and told Ahab, and Ahab
went to meet Elijah, and when they
met Elijah fearlessly told Ahab that
he, not Elijah, was the cause of all
this trouble upon Israel, and he com-
mended him to summon the prophets
of Baal to Carmel, with all Israel, that
the God of Israel might publicly give
a token that He only is the living and
true God. Our next lesson will fully
describe this. There is great need to-
day of Elijahs who will promptly and
fully obey God and either hide them-
selves or fearlessly meet the blasphem-
ing Ahab as the Lord may say, or do
both at once, for it is only as self is
hidden, reckoned dead, that God can
manifest Himself to the ungodly
Ahab who would fain rule him and
His Christ off the earth, and out of
His book and, as men say, run things
themselves, exalting self above every
god and recognizing no god but the in-
tellect of man and no will but their
own. Yet the Lord liveth (Ps. xviii,
46).

of God and speaking the word of God.
Hearing implies obeying, so we see
him doing just what God told him un-
hesitatingly. A man of God is a God-
controlled man, wholly in the hand of
God, that God may be glorified in him.
We left Elijah in our last lesson in
the home of the widow of Sarepta, the
three inmates of the home witnessing
day by day the miracle of the con-
stant increase of the meal and oil ac-
cording to the word of the Lord.

The incident of the death and resur-
rection of the widow's son and the
widow's testimony, "Now by this I
know that thou art a man of God and
that the word of the Lord in thy mouth
is truth," closed the chapter, showing
that the Lord God of Elijah could not
only miraculously sustain life, but also
give life to the dead. What an honor
to be a representative of such a God
and to be in constant and conscious
touch with Him, as Elijah was!

According to the Spirit's testimony
through the Lord Jesus and through
James (Luke iv, 25; Jas. v, 17) Elijah
spent three and a half years by the
brook and in the widow's home, a full
year being spent in the latter (I Kings
xviii, 15), but now the same word of
the Lord that sent him to his hiding
places comes to him with the message
"Go, shew thyself unto Ahab, and I
will send rain upon the earth" (xviii,
1); and obedient Elijah went to show
himself to Ahab. When Joseph was
told to take Mary and the child Jesus
and go down to Egypt, the command
was, "Be thou there until I bring thee
word," and the same messenger
brought him word when it was time
for him to leave Egypt. God was man-
aging; Joseph had only to obey (Matt
ii, 13, 20).

Turning from Elijah for a moment
we learn that Ahab had as ruler of his
house a God fearing man named Obadiah,
who, as his name implies (serv-
ant of Jehovah), served the Lord in
that ungodly house, reminding us of
Joseph in Egypt and Daniel in Baby-
lon and suggesting to us that it is pos-
sible to serve the Lord under any cir-
cumstances in which He may permit
us to be placed.

About the time that the Lord sent
Elijah to meet Ahab both Ahab and
Obadiah started forth, Ahab going one
way by himself (verse 6), to see if they
could find water and grass to save the
horses and mules alive. Elijah met
Obadiah and said to him, "Go tell thy
Lord, Behold, Elijah is here" (verse 8).
Obadiah replied that he was as much
as his life was worth to do such a
thing, inasmuch as Ahab had caused
search to be made for Elijah every-
where and had taken an oath of every
kingdom and nation that they could
not find him (verses 9-14). Although
Obadiah feared the Lord and was
brave enough to risk the vengeance of
Jezebel when he saved alive a hun-
dred of the Lord's prophets by hiding
them in caves at the time that she at-
tempted to kill them all, yet he feared
death, for note his trepidation, "But this
is not strange, for Abraham said Sam-
uel to lie, and he himself was not fruit-
ful concerning their relationship, for
fear that he might be slain."

They had not revealed to them in
those days that which we have re-
vealed to us concerning the gain that
death is to the believer (Phil. i, 21, 23;
11 Cor. v, 8), nor was it quite the same
to the believer to die before Jesus
Christ died and rose again that it has
been since. The captives whom He
set free, according to Eph. iv, 8, may
have been the redeemed of the Old
Testament days, who until the resur-
rection and ascension of Christ had
not the happiness which then became
theirs. There are still many believers
who are all their lifetime subject to
bondage through fear of death, but
there is no need of it, for He is able to
deliver from all such fears.
Elijah's reply to Obadiah's fears was,
"As the Lord of hosts liveth before
whom I stand, I will surely shew my-
self unto him this day" (verse 15).
Compare xviii, 1, and let us take one
of our watchwords, "The Lord liveth
before whom I stand." Note in con-
nection with it Gabriel's testimony in
Luke i, 19, and our Lord's own words
in John vi, 57, "As the living Father
hath sent Me, and I live by the Father,
so he that eateth Me, even he shall
live by Me."

Obadiah, being encouraged and as-
sured, went and told Ahab, and Ahab
went to meet Elijah, and when they
met Elijah fearlessly told Ahab that
he, not Elijah, was the cause of all
this trouble upon Israel, and he com-
mended him to summon the prophets
of Baal to Carmel, with all Israel, that
the God of Israel might publicly give
a token that He only is the living and
true God. Our next lesson will fully
describe this. There is great need to-
day of Elijahs who will promptly and
fully obey God and either hide them-
selves or fearlessly meet the blasphem-
ing Ahab as the Lord may say, or do
both at once, for it is only as self is
hidden, reckoned dead, that God can
manifest Himself to the ungodly
Ahab who would fain rule him and
His Christ off the earth, and out of
His book and, as men say, run things
themselves, exalting self above every
god and recognizing no god but the in-
tellect of man and no will but their
own. Yet the Lord liveth (Ps. xviii,
46).

NEXT TOURNAMENT

OF THE GUN CLUB ON AUGUST 25 AND 26.

Takes Place at Cerulean and a Great Time is Promised.

The third annual tournament of the Hopkinsville Gun club will be held at Cerulean Springs August 25 and 26. Although no definite announcement has been previously made of the event the members of the club have been hard at work for several weeks and plans have already been made covering the more important details of the tournament. The place selected for the shoot at Cerulean is admirably adapted to the occasion, being a large field just back of the hotel. The ground is as level as a floor and a grove will furnish shade for the visitors and shooters.

Capt. Pool has made generous concessions to the club in order to have the shoot pulled off at the springs. He has also offered additional prizes amounting to \$100. Besides the shoot the visitors are assured of having their leisure time amply filled by the many diversions offered the guests at the springs.

NOT PATENT MEDICINE

Hymel, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hymel with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hymel gives its formula to all reputable physicians.

It is not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hymel.

This treatment has been so successful, curing 99 per cent of all who have used it, that Hymel is now sold by L. L. Elgin under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hymel. If it did not possess unusual powers to cure, it could not be sold upon this plan.

All Hopkinsville People Have to Do is to follow Their Neighbors' Advice.

Our readers have no excuse for going astray. The way is almost hedged with guide-posts in Hopkinsville. They are on every highway and by-way. "He who runs may read." Investigate this example:

G. B. Eades, of the firm of Eades & Davis, proprietors of the coal yard on Seventh street and the L. & N. R. R., who lives at 402 East Seventh street says: "I saw Doan's Kidney Pills advertised and so highly recommended by persons who had used them that I went to Thomas & Trubens drug store procured a box and gave them a thorough trial. I had suffered for a long time with a heavy pain across the small of my back, sharp and acute at times. When I caught cold it always settled in my back and there followed a weakness of the kidneys which was exasperating especially at night. I tried various remedies but none of them gave anything like as satisfactory results as I obtained from the use of Doan's Kidney Pills. I am pleased to say that they brought me great relief. I have recommended the pills and will continue to do so to all my friends and acquaintances."

CLOTHING STOLEN

BOHN AND FRANKLIN'S STORE IS ROBBED.

Police Are Looking For a Clue to Identity of Burglars.

The store of Bohn & Franklin on East Ninth street was robbed yesterday or last night of quite a quantity of clothing. It is thought the side door on Virginia street must have been inadvertently left unlocked and the thief gained entrance in this manner. Four suits of men's clothing, eight extra pair of trousers, a suit case and two pairs of shoes were taken. The police were promptly notified but have not yet secured any clue.

BE YOUR OWN JUDGE

MI-O-NA Costs You Nothing If It Does Not Cure, Says Mr. Elgin.

MI-O-NA, the remarkable cure for dyspepsia, has won fame by the unusual way in which it is sold. It is the only remedy offered for the cure of dyspepsia which costs the user absolutely nothing unless it cures.

L. L. Elgin, the popular druggist, is selling a great many packages of MI-O-NA and with every 50c box is given his personal guarantee to refund the money if MI-O-NA does not give satisfaction, you to be your own judge as to whether the remedy help or not.

MI-O-NA is an unusual combination, regulating the digestive organs and removing irritation, congestion and inflammation from the stomach, liver and intestines. It enables those organs to extract from the food all that goes to make rich blood, firm muscles, steady nerves and a sound body.

MI-O-NA puts the digestive system into proper working order, gives health, strength and good flesh, and is the only natural cure for indigestion. Even in chronic cases, where life is only one long drawn out pain, this remedy will effect a cure. It is the simplest and most reliable of all remedies. Just one small tablet before or after meals and you can eat what you want and when you want with no distress.

If MI-O-NA does not do all that is claimed for it Mr. Elgin will cheerfully return your money.

PASSES AWAY.

Miss Edith Waller a Victim of Typhoid Fever.

(From Monday's Daily.)

Miss Edith Waller, aged twenty-one years, daughter of Mrs. Kate Waller and the late William Waller, died Sunday morning at two o'clock at her home on South Virginia street after an illness of three weeks of typhoid fever.

There is general sorrow in the community over her untimely death. She was one of the loveliest girls in the city, pure, sweet and graceful and a consecrated Christian. She was a favorite in the family and among a wide circle of relatives and friends, whose only comfort in the blessed assurance that she is happy with her Maker.

Funeral services will be held this afternoon at 5 o'clock at the Baptist church, and the remains will be interred in Hopewell cemetery.

ASSASSIN LURKS AT CHURCH DOOR

MARSHALL YOUNG SHOT
LEE SUGGS.

RESULT OF OLD FEUD.

Wounded Man Is Dying and
Officers Search For
His Slayer.

A warrant was issued this morning for Marshall Young, colored, charging him with shooting and wounding with intent to kill. The alleged crime is said to have been committed about 11 o'clock Sunday night at Mt. Vernon church on the Clarksville pike when it is stated Young shot twice at Lee Suggs, colored, the first ball striking his victim in the left side and penetrating the bowels and the second missing entirely. The weapon used was a revolver. It is claimed that the two men had been at odds for about two months and that Sunday night Suggs went to church and went inside while Young was also there but stayed outside. About 11 o'clock Suggs came out in company with a friend and returned in a few minutes and just as he came around the corner of the building Young stepped up to him and with the pistol almost touching him, fired twice. The wounded negro was attended by a physician but it is thought he can not survive. Officers have gone out to arrest Young.

Dynamite Cartridges Found on His Train.--
Attempt on Ordenez' Life.

(Cablegram.)

SAN SEBASTIAN, Aug. 9.—The journey of King Alfonso to the open exhibition at Vittoria has been deferred, owing to the discovery of three dynamite cartridges in the royal train. Experts say the cartridges would have exploded as a result of the shaking of the train, and would have blown everything to atoms. The police are investigating.

MONTEVIDEO, Uruguay, Aug. 9.

—The police are investigating an attempt to kill President Batel y Ordenez. While he was driving with his family along one of the principal streets a torpedo exploded near his carriage, tearing up the pavement and the railway track.

Miss Addie Brodie has resigned her position as cashier at the grocery of W. T. Cooper & Co., and has returned to her home in the country. Miss Alice Jones succeeds her as cashier.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes, of DuPont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by L. L. Elgin and Cook & Higgins Drug Store. Price 50c, and \$1.00. Trial bottle free.

Engineers Meet.

Kentucky in 1905 will entertain the National Stationary Engineers association. The national convention was held a few days ago at Richmond, Va., and it was decided to hold the next national convention at Louisville.

About two or three months before the national association meets there, the state association will hold its annual meeting in Paducah.

AT EARLINGTON

Confederate Veterans Urged
to Meet in That City
Next Winter.

(Special to New Era)

EARLINGTON, Ky., August 9.—

At a meeting of the committee of Camp No. 523, United Confederate

Veterans, in Madisonville this morning to arrange for the reunion of the

Second brigade, an invitation was

extended the veterans by Earlinton to hold the reunion here on De-

cember 14 and 15, or any other date

that the veterans might decide. The

committee will consider the invitation

and will refer it to Brigadier-General Briggs. It is probable the

meeting will be held here.

PYTHIAN KNIGHTS

MEET NEXT WEEK IN LOU-
ISVILLE.

Many Hopkinsville Members
Will Attend.—Record At-
tendance Expected.

The twenty-third convention of the supreme lodge, Knights of Pythias, and the biennial encampment of the uniform rank, will begin in Louisville next Sunday, with an attendance that gives promise at this time of surpassing any previous similar event in the history of the order.

A large number of Hopkinsville knights will attend. The uniform rank will leave here for Louisville Saturday night.

Official reports made by twenty-six generals to the biennial association, call for accommodations for 15,000 uniformed men.

Tracy R. Bange, of Grand Forks, N. D., will preside over the convention of the supreme lodge. He will be succeeded in the chair of supreme chancellor by Charles E. Shiveley, of Richmond, Ind.

Eight states have candidates for the office of supreme vice-chancellor. Maj. Gen. James R. Cardahan, of Indianapolis, Ind., will be re-elected commander of the uniform rank.

Elaborate arrangements have been made by the citizens of Louisville for the entertainment of the Pythians. Thousands of dollars have been raised by popular subscription. The camp of the uniform rank will be located at Shawnee Park, and here Gen. Cardahan will review the troops. The general parade will take place Tuesday afternoon, Aug. 16, and it is estimated there will be 17,000 Sir Knights and fifty bands of music in line.

Thirty-nine companies, representing sixteen different states, are entered in the competitive drills, for which cash prizes, aggregating the sum of \$10,000, are offered. Two grand balls are included among the social features of the week's program. Nashville and New Orleans are after the biennial of 1905.

Larkin Items.

A large crowd attended the circle meeting at the Brick church Saturday July 30. Rev. Mr. Thomas preached in the morning. His text was a part of the twelfth chapter of Matthew. "The Queen of the South shall rise up in judgment against this people." A fine dinner was served. Rev. Lindsay Spurlin preached in the evening. The meeting will continue this week. Rev. J. U. Spurlin preached on Sunday last.

—Mr. Louis Payne and family were the guests of Mr. Walter Hill last Saturday night and Sunday.

—Mr. Lawson Casler and wife were the guests of Mr. Tom Hill last Sunday.

—Miss Maude Morris, of Larkin, has begun her school at West Mt. Zion.

—There was a large crowd at the moonlight at Mr. J. M. Gilliland's Saturday night last.

—Mr. William Ferrell and family were the guests of Mr. Edgar Carmack and wife last Sunday.

"Tempest and Sunshine."

Gardener Buchanan.

Mr. John Ed Buchanan is the latest citizen to bring to this office a vegetable freak. These are two mammoth pods of peas which resemble very closely the ordinary stock pea grown on the farms in this section but they are much longer measuring 27 inches in length. Mr. Buchanan brought the seed from Japan, which country he visited en route home from the Philippines, and he is authority for the statement that in that country they are used for the table. Mr. Buchanan only has two vines of this variety and these are raised more as a curiosity than for their edible properties.
