TOKIO, Aug. 11.—The Bussia is expected to leave Port Arthur today. The handsome new pipe organ of the Ninth Street Presbyterian Church has been built especially for the church. It will be operated by a water motor. An expert is expected today to set it and that a battle on the open sea is expected. Rear Admiral Wititoft, in command of Russia's Port Arthur squadron, may have done this since he took charge—which is more than can be said of his predecessors.

MANY NEW LAWS
OF MUCH INTEREST TO THE PUBLIC.

The Acts of the Legislature, session of 1904, just issued, contains many new laws of general interest, among them those in connection with labor, wages, and the improvement of our common schools. The following are some of these:

1. Extending the term of the common school term from five to six months. The young person was working at a mill and was assisting in moving lumbers when the load fell off the truck and was assisted in moving them. The young man was working at a sawmill and was assisting in moving lumber when the load fell off the truck and was assisted in moving them. AURGED TO COMBINE STRENGTH ONLY FOUND IN UNION.

“Cautious” Says That Farmers Could Have Things Their Own Way.

A friend of many years told me a story. In thinking of a novel, she took the idea from a local incident. It is the story of a man who went off on a trip and left his wife behind. She was left alone to care for their infant and to manage the household. This story was very touching to me, and I have never forgotten it.

It is a story of a man who was loved by many. He was a good provider, and his wife trusted him completely. But when he left, she was left to face the challenges of life alone. She had to make tough decisions, and she did so with grace and determination.

This story has stayed with me over the years. It is a reminder that life is full of unexpected challenges, and we must be prepared to face them. It is a story of resilience and strength, and it is a testament to the power of love.

It is a story that we must all remember. We must be strong, we must be brave, and we must never give up. For it is only through our strength that we can overcome the challenges of life.
