## HAD NARROW ESCAPE

### MRS. RENSHAW WAS NEARLY DROWNED

#### Fell in River While Fishing And Was Rescued By Husband.

(From Thursday's Daily)  
Mrs. Herschel Renshaw had a narrow escape from drowning yesterday. She and Mr. Renshaw were

fishing at "Cedar Bluff", on Little river, about four and one-half miles from the city.

Mrs. Renshaw, who was some distance from her husband, dropped her pole down a ledge and when bending over to pick it up experienced a dizzy feeling and, losing her balance fell in the water.

The stream is about ten feet deep at this point and before Mr. Renshaw could reach her she had sunk twice and was in the middle of the stream. Her husband plunged in in the water and rescued her as she was sinking the third time. Assisted by persons who were in the neighborhood, Mr. Renshaw carried his wife to the house of a kinsman near

## For State Senator.

J. E. MOSELEY.

Since his formal announcement as a candidate for the Democratic nomination for state senator in the Sixth senatorial district, J. E. Moseley has been hearing expressions of pleasure and approval and receiving pledges of cordial support on all sides. His candidacy indeed is in answer to a popular demand. It is the right of the people themselves to say who shall represent them at the state capital, and every indication points to Mr. Moseley as their choice. He is so far the only announced candidate for the nomination. The resolution adopted by the senatorial committee says in part:

"It is ordered that this committee adjourn to meet April 24, 1905, in the city of Madisonville, at 1 o'clock p. m., and in the event only one candidate has made formal announcement of his candidacy for state senator by April 23, 1905, then this committee, when it meets, shall declare the candidate presented by the Christian county Democracy the nominee for senator. In the event there are

more than one announced candidate by said April 23, the committee will then take further action to settle the contest."

Should Mr. Moseley have an opponent, the Democratic voters will, of course, be given an opportunity to declare their preference and select the nominee. The method will be decided upon by the senatorial committee. It seems to be the general wish of the people that any contest, if one develops, should be settled in good, old time Democratic precinct conventions, a method which puts the matter up to the voters themselves and accurately reflects their sentiments. It is a fair and convincing way to determine the will of the people. The Republicans in their well remembered caraval of corruption in primary elections and in their more recent machine-made courthouse nominations for county offices have aroused general disgust and distrust, and their methods should be, and doubtless will be, carefully avoided by the Democrats.

## VANDERBILT FIRE

### THE MAIN BUILDING IS DESTROYED.

#### Owing to High Wind Flames Could Not Be Controlled.

NASHVILLE, Tenn., April 20.—The main building of the Vanderbilt University was gutted by flames this morning and, together with its contents, is a total loss.

The fire begun at ten o'clock and, owing to the high wind, could not be controlled.

Several smaller buildings were burned, and St. Thomas hospital was destroyed.

After procuring dry clothes and resting a few hours, Mrs. Renshaw, who is a devoted angler, returned to the river and puekly continued fishing the rest of the afternoon.

## Notes About People

He is in the pink of condition, and has hopes of developing a winning team. He is already familiar with the capacity of some of the men and knows all signed by reputation.

## QUICK-TRICE

### Popular Young Couple Are Married.

(From Thursday's Daily)

Mr. Frank Dagg Trice and Miss Kate Quick were united last night in the holy bonds of wedlock. Until yesterday when a rosy rumor set society in a flutter, the popular young couple had guarded well their happy secret and the near approach of their marriage was unexpected, though intimate friends had long suspected their engagement.

The ceremony was performed at 10:30 o'clock in the pastor's study at the Methodist church, by the Rev. E. L. Southgate, D. D., assisted by the Rev. Charles Harris Nash, D. D. The witnesses were limited to the immediate families of the contracting parties.

After the service Mr. and Mrs. Trice left for Hot Springs, Ark., and will return to this city in about two weeks.

The bride is the lovely daughter of Mr. and Mrs. John C. Quick, and the fortunate bridegroom is a son of Mr. and Mrs. John B. Trice, and a valued employee of the Planters Bank & Trust company.

### Victim of Consumption.

Miss Laura Boyd, daughter of Monroe Boyd of the Kelly vicinity, died Wednesday, of consumption. She was seventeen years of age.

## FIRST PUBLIC SALE

### OF THE YEAR ON TOBACCO MARKET.

#### Report of the Inspectors—Satisfactory Prices on Loose Floor.

The year's first public sale on the local tobacco market took place this week, and while the number of hogheads offered was small it is thought this will serve as a starter and regular auction sales will be held each week with increased offerings. The inspectors' report, which follows, shows that both receipts and sales were larger this week than in any other week this year: Receipts for the week, 370 hogheads; receipts for the year, 1,965 hhd.; private sales for the week, 165 hhd.; public sales for week, 21 hhd.; total sales for week, 186 hhd.; sales for year, 489 hhd.; offerings for week, 31 hhd.; rejections, 10 hhd.

A satisfactory sale was held this week also on the loose floors, from 30,000 to 50,000 pounds being sold in this manner. Prices ranged as follows: Trash, \$3.00 to \$3.25; lugs \$3.25 to \$4.75; common leaf, 5.00 to 5.50; medium leaf, 5.50 to 6.50; good leaf, 6.50 to 7.75.

Mrs. Henry M. Frankel has returned from a visit in Nashville.

## Macedonia Notes.

Saturday and Sunday nights the thermometer registered below the freezing point at Macedonia, and great damage was done to the fruit crop in the neighborhood.

Mr. Thomas Davis, the father of Elder G. W. Davis, is lying at the point of death.

Mr. Alonzo Jackson is hopelessly ill of a stomach trouble.

Mr. John Solles and family left on April 19th for Pueblo, Colorado.

Geo. W. Hall and family will leave in a few days for the West.

Mr. James Haskins, of this place, has gone to Colorado with Mr. John Solles. He goes in quest of health.

Our friend W. J. Murphy is talked of as a probable candidate for county court clerk on the Democratic ticket.

## CAPTURES BAD MAN

(From Thursday's Daily.)

A negro believed to be Henry King, who is wanted in Birmingham, Ala., for the murder of Patrolman James H. Mullin on Sunday, September 27, 1903, was arrested last night at Empire by Sheriff L. R. Davis. The arrest was made about 8:30 o'clock at the house of a negro woman named Garrett, and Sheriff Davis had his man covered with a double barrel shotgun before he knew the officer was anywhere in the vicinity.

Mrs. R. B. Brown, of Warsaw, has returned home after a week's visit to her son and daughter at South Kentucky.

**THE ANNUAL LOSS IS VERY LARGE**

**Advance Guard of Seventeen Year Locusts Due in June.**

According to the last census, the following is an estimated statement of the annual loss inflicted upon the agricultural interests of the United States by bugs:

Cabbage worm.....	\$ 5,000,000
Potato bug.....	8,000,000
San Jose Scale.....	10,000,000
Grain Weevil.....	10,000,000
Apple worm.....	10,000,000
Cotton worm.....	10,000,000
Army worm.....	15,000,000
Boll Weevil (cotton).....	20,000,000
Boll Worm (cotton).....	25,000,000
Hessian Fly.....	50,000,000
Grasshopper.....	90,000,000
Chinch bug.....	100,000,000
Total.....	\$358,000,000

These figures are the official government estimate as to the annual cost of the twelve insects that are most injurious to the crops of the United States.

The advance guard of "seventeen year locusts" is predicted for May and June by State Entomologist H. Garman. The main body will arrive next year.

The territory over which Prof. Garman says the winged host will spread embraces West Virginia, Virginia, Tennessee, Missouri, Illinois, Ohio, Indiana, Kentucky, Pennsylvania and the forests of New York. This means the injury to fruit trees and young forest trees in those states.

**The Right Name is DeWitt.**  
DeWitt's Witch Hazel Salve cools, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zickel, Adolph, W. **CAME NEAR DYING**

From an Awful Skin Humour, Scratched Till Blood Ran. Wasted to Skeleton.

**CURED BY CUTICURA**

One Application Soothed Him to Sleep. Cure Speedy and Permanent.

"When my little boy was three months old his head broke out with a rash, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs, and then to his entire body, and he came near dying. It itched so he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from tearing his skin. He got so weak he took fainting spells and we would think him dying. He was almost a skeleton and his little hands were thin like claws.  
"He was bad about eight months when we tried Cuticura. I had not laid him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all the time.

**INSTANT RELIEF**

"I washed him with Cuticura Soap and put on one application of Cuticura Ointment and he was so soothed that I put him in the cradle. You don't know how glad I felt when he felt better. It took one box of Cuticura Ointment, pretty near one cake of Cuticura Soap, and about half a bottle of Cuticura Resolvent, to cure. I think he would have died only for the Cuticura."  
Mrs. M. C. MAITLAND, Jasper, Ont.  
No return in 14 years: Mrs. Maitland writes, under date of Feb. 24, 1903: "It affords me pleasure to inform you that it is fourteen years since my boy was cured of the terrible skin disease. He has been permanently cured and is hearty and strong."

**CALLS ON COUNTIES**

**TO ORGANIZE FOR STATE DEVELOPMENT.**

**Important Convention Will Be Held at Louisville In October.**

The state development committee of the Commercial club, which has in charge the proposed State Development convention, to be held in Louisville in October, has adopted the following resolution:

"Resolved, That every county in the state, now without an organization, having for its purpose local prosperity and state development, is respectfully urged to organize without delay, and arrange to send active representative men to the state convention, which meets in Louisville in October next. United forces will hasten the Greater Kentucky.  
"Let every county answer the roll call at the October convention.  
"Papers of the state are requested to publish this suggestion and cooperate with this committee in making the state convention a great success."  
It was decided to invite all county judges, members of the general assembly, candidates for congress and senate, the present members of those bodies, the mayors of towns and cities, the governor and various state officials.  
It is also proposed to have addresses made by the secretary of agriculture and the director of the United States geological survey.  
According to present intentions, the convention will hold five meetings, three at night and two in the day. The session will be divided into mining, railroads, horticulture and agriculture. Various social events will also be planned.  
Sub committees will be appointed to take up the details of the convention.

**Cures Coughs and Colds.**

Mrs. C. Peterson, 625 Lake St., Topeka Kansas, says: "Of all cough remedies Ballard's Foreboud Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste."

**MRS. BROCKWELL EXAMINED FOR INSANITY.**

**Sentenced at Paducah To Life Imprisonment In Penitentiary.**

Mrs. Mary Brockwell, of Paducah, who murdered her three children, pleaded guilty to the crime, and by agreement of attorneys, was sentenced to life imprisonment in the penitentiary.

Her husband is in the asylum near this city, and many persons think she is crazy. County Physician Pendley asked the attorneys to await the action of experts who are examining her for insanity, and expressed the belief that she would be sent to the asylum.

A motion for a new trial by the attorneys for the defense was continued until the next term of court. Meantime Mrs. Brockwell will undergo an examination for insanity, and if proved sane, the verdict will stand; if not, a new trial will be granted.

On Friday night, March 24, Mrs. Brockwell gave three of her little daughters, Ola, Lillie and Lucy, aged four, three and nine years, respectively, morphine in coal oil, telling them that it was medicine.

**HEALTH IS YOUTH Disease and Sickness Bring Old Age.**

Herbine, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 8, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50 cts a bottle at L. L. Elgin's and Anderson & Fowler.

**Cured of Backache.**

Member of the Business Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nameless doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.  
"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those racking backaches. Occasionally they returned when strenuous business affairs exhausted the physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

## ABOUT MORMONISM

### PROF. COYNER LECTURED SUNDAY NIGHT.

#### Interesting Address Heard By Congregation of First Presbyterian Church.

The lecture delivered Sunday night at the First Presbyterian church by Prof. J. M. Coyner on "Mormonism" was highly interesting, replete with information, and a revelation even to those who had considered themselves well-informed upon this subject.

Prof. Coyner lived ten years in Salt Lake City, engaged in educational work. He came in contact with all phases of Mormonism and was well able to speak authoritatively upon the subject.

The speaker said that Mormonism laid its ruthless and sacrilegious hands upon everything that we hold dear as Christians. The only thing in common is God, but that person to them was Adam. They repudiated the Son and the Holy Spirit in the offices and in the high esteem in which we hold them. Polygamy was dwelt upon at length as the keystone in the arch of the Mormon system, that stamped it as satanic and not divine. The speaker said that language failed him in his arraignment of a system which emasculated entirely the moral nature, and he would characterize the full reception of it as the unpardonable sin; that he had never seen anyone redeemed who had once given himself entirely over to its diabolical influences. Prof. Coyner thought that the people of this country needed to be aroused and kept awake with their eyes upon this dangerous system, which, he said, had more missionaries in the field than all our churches combined, that could send out more thousands of missionaries, and that without the additional cost of one cent to the church, and whose evident intention was to some day cram polygamy down the throats of the American people.

The address cannot be forgotten by those who heard it and its fruit will doubtless be the quickened interest of the hearers in the truth of the proverb: "To be forewarned is to be forearmed."

### The Cause of Many Sudden Deaths

There is a disease prevailing in the country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poison in the blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scaling pain in passing it, and overcomes the unpleasant necessity of being compelled to go off during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

#### WARNING SIGNS PLACED IN DEPOTS

#### Cards Have Been Distributed in Thirteen Different States.

Posted conspicuously all through Kentucky and neighboring states, the following sign, framed in a border of plain wood, has been put up by the Women's Christian association, of Louisville, in an effort to protect and assist young women going from small towns into larger cities in search of work or on pleasure trips:

**ATTENTION!**  
Warning to Young Women Traveling Alone.

Do not start to a strange city or town, even for a night, without previous information of a safe place to stop.

Do not leave home without some money for an emergency and sufficient for a return ticket.

Do not ask or take information or directions except from officials.

Do not accept offers of work, either by persons or by advertisements, without information.

**TRAVELERS' AID COMMITTEE,**  
Women's Christian association, Louisville, Ky.

The signs have been sent from Louisville into thirteen states, and more than 1,000 of them have been sent out. The women have received hearty co-operation from the railroads, and no objection has been made to placing the warnings in the depots.

The signs are a part of the work which was begun last summer by the Women's Christian association. At

that time the association began caring for and protecting women and girls who travel alone, throwing about them the proper influences and seeing to it that they reached their destination. The association established matrons at the depots to watch the lone women and girls, and much good resulted.

The scope of the work has widened and the association is sending the large signs of warning through a number of the states. They are placed in the smaller towns, especially in mining and manufacturing districts, where the young girls are more tempted to leave home and try their fortunes in the cities. The following women of Louisville are members of the Travelers' Aid committee: Miss Lucy Belknap, chairman; Mrs. John Alexander, Miss Mary Jennie Bell, Miss Ella Compton, secretary; Miss Margaret Griswold, Miss Susa T. Green, treasurer; Mrs. J. B. Judah, Mrs. R. W. Knott, Mrs. Isabella T. Lloyd, Mrs. John McDonough, Mrs. S. C. Maxwell, Mrs. T. P. Taylor, Mrs. Susau Warner, Mrs. Bennett H. Young.

### NEW RULES ADOPTED

#### STATE RAILROAD COMMISSIONERS.

#### They are Effective at Once—Some of the Provisions.

The Kentucky Railroad Commission has formulated a set of rules governing the investigation of complaints which may be filed before that body. These rules have been filed at Frankfort for record. In speaking of these rules Secretary Glenn said:

"The work of the commission has increased to such an extent during the past year as to necessitate a more systematic handling of the large number of complaints which are constantly being filed with the commission. It is believed that these rules will materially expedite these investigations and aid the complainants as well as the railroads in presenting their contentions to the commission."

The new rules provide among other things that all complaints to the commissioners must be in writing, either the form of a letter or a petition.

That no technical pleading is required in the complaint.

Before causing notice to be issued to the carrier, the latter shall be notified of the complaint and the person or persons who file it, that the abuse may be removed if desired, without a formal trial.

The secretary of the commission will make complete copies for both sides.

Those complaining and complained of may appear either in person or by counsel before the commission.

Any member of the commission will issue subpoenas for any witnesses desired by either side.

## TENNESSEE CENTRAL WILL BE ACQUIRED BY THE 'FRISCO SYSTEM

AND THE ROAD WILL BE  
EXTENDED.

Line From Hopkinsville to  
Joppa or Evansville to  
Be Built.

(From Saturday's Daily)

A deal is on by which the Tennessee Central railroad will become a part of the Frisco system about May 1. Extensions of the road are contemplated, including a line from Hopkinsville to Evansville or Joppa, Ill., to connect with the Chicago and Eastern Illinois road.

J. C. Van Blaroom, president of the Tennessee Central; B. F. Yoakum, chairman of the executive board of the Frisco system; A. J. Davidson, president of the Frisco, and George S. Clark, vice-president and general manager of the Tennessee Central, arrived in Hopkinsville on a special train last night after a tour of the system, and the entire party left over the L. & N. for St. Louis.

No details were announced, but members of the visiting party admitted that in the future, probably by May 1, the Tennessee Central will be a 'Frisco road. This means another direct line from Nashville to St. Louis and Chicago, as well as to the grain fields of the west and northwest.

It was also learned that lines will be built from Harriman to Knoxville and from Hopkinsville to a connecting point with the Chicago and Eastern Illinois, either at Evansville or Joppa, Ill. Before leaving Mr. Van Blaroom said:

"Yes, our visit is significant, but we cannot give out all the facts just at present. We are not here for pleasure only, however, and you may get some official news very soon."

The Tennessee Central has been built within the past five years connecting Harriman, Tenn., and Hopkinsville. At the former it now strikes the Southern Railway, connecting with the East and at its western extremity connects with the Illinois Central. The main line is 351 miles long and its branches are 47 miles in length. East of Nashville it strikes fertile country and extensive timber and coal lands, connecting at Carthage via the Cumberland with the up-river country also, from which it derives much business in the way of timber and staves.

The present management of the road has recently announced extensive plans for improving the line, the ballasting of the entire roadbed being projected.

### Mother's Retain Your Youthful Figures.

To be beautiful is to be loved by all. If there lives the woman who is indifferent to this she is yet to be heard of. Yet from time immemorial society has recognized what they thought to be a detriment in the way of such a realization. The bearing of children has meant to them the marring of physical beauty of figure, without which beauty of face would be of little account. Nothing could be more remote from truth than this; childbirth is purely a natural phenomenon, accompanied by pain, to be sure, but if properly managed no more harmful in its effects upon the human form than any other natural function.

### MOTHER'S FRIEND

is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason.

It is a liniment, it is harmless, it is potent, it is priceless in its results, it is Mother's Friend. \$1.00 per bottle at drug stores. Our book of priceless value sent free to all women.

## JAMES FOR BRYAN.

THINKS HE WILL BE THE  
NOMINEE.

Big Congressman May Him-  
self Be a Candidate For  
Governor.

Representative Ollie James is out in an interview declaring that Bryan can have the Democratic nomination three years hence if he wants it.

"In my opinion," said Mr. James, "Mr. Bryan is as strong with the people today, if not stronger, than at any time in his career, and it is not at all improbable that he will be the nominee in 1908."

It need not surprise the Kentucky politicians, according to a Washington dispatch, if Mr. James should enter the race for the nomination for governor of Kentucky in 1907. He says he is not a candidate now and that the election is too far in the future to talk about now. His friends are after him to become a candidate, however, and they hope to get his consent.

## MISS ANTHONY

Says Divorce is a Refuge  
For Ill-Treated Women.

(Special to New Era.)  
WASHINGTON, April 15.—Over the bitter protest of Miss Susan B. Anthony, the National Council of Women today adopted a resolution pledging the organization to co-oper-

ate with church and state to ascertain what are the chief causes which induce or lead up to divorces. Divorce, the resolution recites, is known to cause most disastrous results in the family and state.

"I do not consider divorce an evil by any means," asserted Miss Anthony, who was on her feet before the reading of the resolution had been concluded. "It is just as much a refuge for women married to brutal men as Canada was once a refuge from brutal masters. I will never vote for a resolution that will cut women off from refuge from designing and brutal men."

### A Dandy For Burns.

Dr. Bergin, Pains, Ill., writes: I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. It is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 50c, 50c, \$1.00 bottle at L. L. Elgin's and Anderson & Fowler.

## JAMES HOLLOWAY IS A BIGAMIST AS WELL AS AN ALLEGED MURDERER

HE IS CHEERFUL UNDER  
DOUBLE CHARGE.

He Says His Marriage Con-  
tract Had Expired By  
Limitation.

The accompanying picture is a good likeness of James Holloway, the negro who was arrested Sunday in Paducah for the killing of Andrew Bradshaw on August 4, 1879. At the time of the killing Holloway was a young man, being only thirty-one years of age, but after a quarter of a century has elapsed the added weight of years is beginning to show effects upon him, although he is still hale and hearty. The photograph

from which this cut was made was taken specially for the New Era in the jail on Monday morning after Holloway had been lodged in the prison the night before. The walls of the cells form the background.

The killing occurred at Blackhawk voting precinct where Bellevue afterward stood, on Monday, the occasion being that of the general election, which at that time was held every fourth year in August. These elections were then the occasion for a general good time, especially among the colored people and on this day they were having a great time dancing in a large barn. A number of white people were present watching the dancing. The exact cause of the killing seems to be in doubt. According to persons who witnessed the killing, there was some talk at the time of Bradshaw having "made a pass" at Holloway with a large knife and that Holloway drew the pistol and shot him. However, there seems to be no one now who actually saw this part of the melee. According to the Paducah papers Holloway made the statement while in jail there that Bradshaw and some white men had had some trouble and that he was given a quart of whisky to kill Bradshaw. Another report is that Holloway was dancing and had the pistol in his side trousers' pocket, where it interfered with his dancing and when he attempted to draw it out the weapon became caught in the goods and was discharged, the bullet striking Bradshaw in the bowels.

The weapon was a 22-caliber revolver and only the one shot was fired. Holloway claims the pistol belonged to another negro, named Bill Horton, from whom he had borrowed it. After being shot, Bradshaw walked about among the crowd, claiming he was shot but no one believed him and told him that the report which he declared was made by the pistol was really caused by some one beating on the side of the barn with a tobacco stick. After walking about some time he went home and went to bed and about three days later he died from the effects of the wound. The wound was so small that the flesh almost entirely closed up and death was caused by internal bleeding. Bradshaw was a very powerful negro and it is said by those who knew him that he bore and gloried in the reputation of being a bully. There was no mourning when he was killed.

As soon as the shooting occurred

Holloway walked down the road and disappeared, since when he had never been definitely located until last week. He went from here to Birmingham, Ky., where he stayed for about seven years and from there he went to Epperson, near Paducah. Since going there he had saved up enough to purchase a little over sixteen acres of grounds for which he claims he has several times refused \$50 per acre. When he left this country he also left his family and they were all the time in total ignorance as to his whereabouts. After a number of years he remarried and when arrested was at home with his family No. two. When he was told that he would probably also be charged with bigamy, Holloway calmly affirmed that his first marriage had been annulled by time limitation. After leaving Christian county he went under the assumed name of William Houston, by which he was known when arrested.

Holloway claims that the shooting was purely accidental, the shot having been fired, he says, as he attempted to draw the weapon from his pocket where it caught. He says the thought of the killing has never bothered him in the least as it was an accident and could not be helped.

Present Circuit Court Clerk Claude R. Clark was an eye witness to the shooting and the impression made upon him at the time is still very vivid. At the time he was only nine years of age and his account of the shooting and of his own boyish curiosity in regard to it is very interesting.

### TO DEFEND POWERS.

(Special to New Era.)  
SPRINGFIELD, Ill., April 15.—Former Governor Yates has been retained as counsel for the defense in the case of Caleb Powers, former secretary of state of Kentucky, who is charged with complicity in the assassination of the late Governor Goebel, of Kentucky.

## PAUL JONES' BODY

Ambassador Porter's Search  
Is Successful.

(Special to New Era.)  
PARIS, April 15.—The long search by Ambassador Porter for the remains of John Paul Jones has been at last rewarded by the discovery of the Admiral's body in a perfect state of preservation. It was immersed in alcohol, and not only was the resemblance to portraits and medallions of the great sailor convincing, but all the physical facts, such as height and color of hair tallied. Paris surgeons held an autopsy on the body, the results of which showed the existence of the disease of which the Admiral died.

### SCRAP IN HOUSE.

(Special to New Era.)  
NASHVILLE, Tenn., April 15.—Proceedings in the Tennessee House of Representatives were enlivened yesterday by a fist fight between Messrs. Cleague and Gordon. Gordon criticized the report of the House Penitentiary Committee as to be an endeavor to conceal the facts. Cleague, who was chairman of the committee, called Gordon a liar. The latter then struck Cleague, who countered. After they were separated Cleague apologized for his language and the two shook hands.

### Hopkinsville Sanitarium.

Jas. L. Long is preparing plans for the Hopkinsville Sanitarium. It will be 40x60 feet, two stories high. It has not been decided whether it will be built of stone, brick or concrete. The operating and sterilizing room will have marble floor and wainscoting. There will also be a cedar closet for the linens. The entire building will be heated with hot water and will be first class and up to date in every respect. The contract for the foundation will probably be let next week.

## IT FORTIFIES YOUR SYSTEM

DR. THACHER'S  
Liver and Blood Syrup

is the only preparation that really cures all kidney troubles, because it is the only preparation that removes the cause—poison the liver in healthy working order, and then fortifies your system against future attacks of the same troubles.

Dr. Thacher's Liver and Blood Syrup is the result of 52 years of scientific research and experimentation. The formula is: Mandrake (May Apple), Yellow Dock, Blandell, Hydrangea (Seven Bark), Senna, Sarsaparilla, Gentian, Iodide of Potassium, Buchu, Juniper Berries. These ingredients are carefully blended in just the proper proportions to accomplish the desired result. There is no harm in a thousand bottles.

## FROM PENNYRILE.

NEWPORT, Ky., April 19—Albert L. Ritchie, of Company I, Seventeenth infantry, escaped from the Ft. Thomas guardhouse in broad daylight. Ritchie, it is alleged, deserted. He was arrested at Scottsburg, Ind., and brought here to wait trial by court-martial. While confined in a "solitary cell" in the basement of the prison, Ritchie cut a hole large enough to admit his body. He then escaped unnoticed, although guards patrol that vicinity almost constantly. Ritchie is five feet six inches tall, weighs 150 pounds, has blue eyes and dark brown hair. He came from southern Kentucky.

ANNOUNCEMENT.

We are authorized to announce

J. E. MOSELEY

as a candidate for Senator in the Sixth Senatorial district, subject to the action of the Democratic party.

### Resolution Passed.

At a meeting at Madisonville, Ky., of the Democratic senatorial committee of the Sixth district of Kentucky, held April 15, 1906, present, Hon. James West, of Christian county and Lee Gibson of Hopkins county, the following resolution was passed:

Whereas, according to the custom of the Sixth senatorial district, composed of the counties of Christian and Hopkins, it is the turn of Christian county to furnish the Democratic candidate for state senator to be voted for at the November election 1906 and whereas the Christian county committee has made an endorsement for said position, it is ordered that this committee adjourn to meet April 24, 1906, in the city of Madisonville, Ky., at one o'clock p. m., and in the event only one candidate has made formal announcement of his candidacy for state senator, by April 22, 1906, then this committee, when it meets, shall declare the candidate presented by the Christian county Democracy the nominee for senator. In the event there are more than one announced candidates by the said 22nd of April, the committee will then take further action to settle the contest.

LEE GIBSON, chairman.

T. C. O'Bryan, secretary.

### Lecture on Character.

Prof. W. R. Webb, head master of Webb's school at Bell Buckle, Tenn., will lecture at Lester Memorial church, near Elmo, next Sunday afternoon, April 23, at 3:30 o'clock. It will be free to all. The theme of his discourse will be "Character," and young men and boys are especially invited to hear him.

## BORN HERE.

"Hopkins" is Now a Famous Pony.

"Hopkins" a pony of unusual talent, derives its name from this city, and is now the pride of Gentry Bros show.

Each season while the shows are on tour several ponies are born, and the cities where these ponies first see the light of day provides the name for them. Several years ago when Gentry Bros. exhibited here, a pony was born and was named Hopkinsville, but is now addressed as Hopkins for short. He is now the pride of Gentry Bros. show. Hopkins does everything but talk; he is the funniest pony, the clown, the one that gives the ring master so much trouble, here one minute and somewhere else the next.

This famous little pony has performed before thousands of people and never fails to attract attention at each performance.

Gentry Bros. show is the only trained animal show that annually pays all the large Eastern cities a visit. Last year they had a seven weeks engagement in the heart of New York City, and at each engagement displayed the S. R. O. sign.

## FOR STATE SENATOR

### J. E. MOSELEY ANNOUNCES HIS CANDIDACY

Subject to the Action of the Democratic Party in District.

J. E. Moseley announces his candidacy for senator to represent the Sixth district in the general assembly of Kentucky, subject to the action of the Democratic party.

This announcement will be hailed with delight by the Democrats of the district generally, which is composed of Christian and Hopkins county. Mr. Moseley's high standing as a business man, integrity of character and sound and unwavering Democracy admirably fit him for the position to which he aspires. He has the thorough confidence and esteem of the citizens, irrespective of party lines. Mr. Moseley is a former member of the fiscal court of Christian county. He is one of the most popular men in the county, and as a Dem-

ocrat he always has been a valiant worker for party success and his record is untarnished in any way. It is Christian county's time to furnish the Democratic candidate for senator and if Mr. Moseley receives the nomination his friends believe he will carry the standard to victory. The district is close, and the Republicans, it is understood, are preparing to nominate one of their strongest men. In order for the Democrats to win they must put forth a clean, able and influential man, one that every Democrat could enthusiastically support. Mr. Moseley fills the bill.

## ANOTHER BIG PLANT

WILL BE LOCATED IN HOPKINSVILLE

A large lumber plant will be established at once in Hopkinsville and add to the several important new enterprises that promise to make the present year the most successful in the business history of the city.

Dering, Frank & Lewis, of Petersburg, Ind., have purchased a site on the L. & N. railroad on Walnut street. The ground is 310 by 350 feet and was sold by Dr. and Mrs. T. D. Rudd. The firm will equip their plant, work on which will be started this week, with all the latest improved machinery for quarter sawing, and will get timber over the L. & N. A switch will be laid from the road to the plant. Between thirty and forty hands will be employed, and the concern will probably add a dressed lumber department. W. B. Lewis, a member of the firm, will move here tomorrow to superintend the construction of the plant.

## RICH IN MINERALS

A REPORT IS MADE ON WESTERN KENTUCKY

Christian, Trigg, Caldwell, Livingston and Lyon Are Commented On.

WASHINGTON, D. C., April 18.—The United States geological survey has just published an interesting and valuable report on the lead, zinc and fluorospar deposits of Western Kentucky. The report is in two parts, and was prepared by Messrs. E. O. Ulrich and W. S. Tangier Smith.

The deposits investigated are situated in Livingston, Crittenden and Caldwell, and adjacent portions of Christian, Trigg and Lyon counties, and in the counties immediately across the Ohio river in the extreme southern portion of Illinois.

The surface of the area is generally rolling and more or less irregularly broken. Some comparatively level uplands appear, but they are always of rather small extent. The irregularities are due primarily to conditions resulting from the abundant faulting to which the region has been subjected.

This district is usually considered a minor division of the lead and zinc districts of the Mississippi valley, but is in some ways rather sharply distinguished from the other districts of the valley. It differs from them chiefly in the following respects: (1) In the presence of basic igneous dikes; (2) in the abundance of fluorite and its almost constant association with the lead and zinc ores; and (3) in the mode of occurrence of the ores, which are found principally in true fissure veins that have resulted from fracturing and subsequent faulting.

In the other districts the lead and zinc are of primary importance, while in this region the igneous dikes and the fluorite are the primary or predominant features and the lead and zinc are only incidental.

The stratigraphic geology and geological structure of the area are thoroughly discussed by Mr. Ulrich. Seven illustrative plates contribute to the interest of his investigation.

In taking up the second part of the inquiry, which relates to the ore deposits and mines, Mr. Tangier Smith gives a history of mining operations in the district before discussing the ore deposits or describing the individual mines. His part of the work is illustrated by eight photographic plates and thirty-one drawings.

The minerals forming the ore deposits and associated with them in this district are galena, cerussite, pyromorphite, sulphur, sphalerite, smithsonite, hydrozincite, calamine, greenockite, chalcocite, malachite, fluorite, barite, calcite, quartz, kaolinite, and askerite. In addition to these small quantities of some of the hydrocarbon compounds are occasionally found in the veins. Of all these minerals, only fluorite, barite, galena, sphalerite, and smithsonite are known to be of economic importance within the district.

The ore deposits thus far developed are somewhat unevenly distributed through Crittenden, Livingston and Caldwell counties. At the present time, as in the past history of mining in this region, the mines of Crittenden county include not only the largest producers in the district, but the largest number of productive veins as well.

The successful development of the district is primarily dependent on the fluorite, as in the majority of the veins the lead and zinc ores can be considered only as by-products, and in many cases perhaps as mere impurities in the fluorite. Most of the mines are as yet in the oxidized zone, and much of the ore from this belt must be cleaned before shipping. With depth, however, the veins will become better defined and the ores cleaner. Further development along the veins now mined will undoubtedly be advantageous. Better transportation and shipping facilities will help to increase the output of the district.

## JUDGE OF THE SUPREME COURT

Was Alarmingly Afflicted With La Grippe. Cured by Pe-ru-na.

The Grip is Properly Termed Epidemic Catarrh.

As Pe-ru-na Cures Every Form of Catarrh, It Has Relieved More Cases of Grip Than All Other Remedies Combined.

HON. W. H. PARSONS, 925 H. ST., N.W., WASHINGTON, D.C.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, and was also Brigadier-General in Confederate Army. In a recent letter from 925 H. Street, N. W., Washington, D. C., this prominent gentleman says:

"Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grippe with which I have been afflicted for four months past, I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week.

"It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration.

"My numerous friends in Texas, where I have had the honor to command a brigade of her Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so.

The grip has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Peruna will do.

A great many remedies have been suggested for this condition from time to time, but Peruna is the only remedy that has any substantial value in these cases.

It has never failed to give satisfaction.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

MR. CHILDRESS' STABLE IS BURNED.

Live Stock Perished in Flames—Loss \$2,000, with \$300 Insurance.

The stable on the farm of John G. Childress about four miles from this city on the Cadiz road was entirely destroyed by fire Monday night about 11 o'clock. When discovered the building was a mass of flames and the roof was already falling in. Nothing was saved. Mr. Childress' entire stock of provender, a lot of harness, six horses and mules being burned. Mr. Childress says the fire was undoubtedly of incendiary origin as there was no fire whatever about the stable. The loss is about \$2,000 with only \$300 insurance, which was with Higgins & Son.

## SKIN DISEASES

Altoona, Pa., June 30, 1903.  
I was afflicted with Tetter in bad shape. It would appear in blotches as large as my hand, a yellowish color, and scale off. You can imagine how offensive it was. For twelve years I was afflicted with this trouble. At night it was a case of scratch and many times no rest at all. Seeing the good the medicine was doing a friend who was taking it for Eczema, I commenced it, and as a result the eruption began to dry up and disappear, and to-day I am practically a well man. Only two tiny spots are left on the elbow and shin, where once the whole body was affected. I have every confidence in the medicine, and feel sure that in a short time these two remaining spots will disappear. S. S. S. is certainly a great blood purifier, and has done me a world of good. I am grateful for what it has accomplished, and trust that what I have said will lead others who are similarly afflicted to take the remedy and obtain the same good results that I have.

While washes, soaps, salves and powders relieve temporarily, they do not reach the cause of the disease. The blood must be purified before the cure is permanent. S. S. S. contains no potash, arsenic or mineral of any description, but is guaranteed purely vegetable.

## FRUIT IS DESTROYED

**NIPPED IN BUD BY HEAVY FROST.**

**Cold Snap Shatters Hope for a Good Fruit Year.**

The indications for a prolific fruit crop in Christian county were never better until Sunday, but the heavy frost and accompanying cold weather probably destroyed most of the fruit in bloom. This means that the delicious apples, peaches, pears, cherries and strawberries will likely be unattainable this year unless bought from shippers. Several fruit raisers who claim to be authority on the subject, state that they have carefully examined the blooms and that there was no doubt but that practically the entire crop was ruined. Early Sunday morning there was a heavy flurry of snow.

The thermometer Sunday night went several degrees below freezing and this temperature and the heavy frost nipped the buds. Wherever water was left in anything like an exposed place it was found covered with a thick ice.

All early vegetables such as beans, peas, tomatoes, etc., are killed with few exceptions. Potatoes and corn, where these crops have commenced to come up, are bitten down to the ground, and while the potatoes will grow again it is feared the corn will have to be replanted.

Reports from the country indicate that as yet no damage to the wheat can be detected, although it is rather early to tell definitely about this. Tobacco plants are thought to be safe.

Since noon reports from some localities state that the peach crop is not an entire loss, and that while the great majority of buds are dead, there are some which show no signs of bad effects from the frost.

What does it profit a woman if she gain the whole world of knowledge and lose her own health? Young women students, and school teachers, eager, ambitious, and full of energy, very often neglect their health in the struggle to gain education. They eat insufficient food, and at irregular hours, they allow irregularity of the womanly functions to be established, and the result is that they become chronic invalids with all their education practically worthless. There is a plain road back to health for such as these, marked by the feet of thousands. It is the use of Dr. Pierce's Golden Medical Discovery for diseases of the stomach and digestive and nutritive organs, and Dr. Pierce's Favorite Prescription for diseases of the delicate organs of womanhood. A cure so certainly follows the use of these remedies that out of hundreds of thousands who have tried the treatment, ninety-eight in every hundred have been perfectly and permanently cured. Constipation, with its calamitous consequences, which is a common ailment of students, can be entirely cured by the use of Dr. Pierce's Pleasant Pellets.

## BIG DEAL.

A deed was filed this morning by which about 2,040 acres of land in North Christian passes from John B. Atkinson and wife to John B. Brasher. The parties to the deal live in Madisonville. The consideration was \$8,000 in cash. The land is divided into three separate tracts all of which is covered with fine timber. The tracts lie on McFarland creek and the west fork of Pond river.

A Madisonville press despatch says: "John Brasher, of this city, sold today to the Pratt Worthington Lumber company, of Ohio, the timber on 2,000 acres of land in North Christian county, for \$24,000. Mr. Brasher recently purchased the land for \$8,000."

## UNDER NEW SYSTEM

**AFFAIRS OF ASSOCIATION ARE PLACED**

**Important Meeting of Executive Committee Held at Clarksville.**

(Special to New Era)

CLARKSVILLE, Tenn., April 18.

The executive committee of the Dark Tobacco Growers' Protective association met here Saturday and put affairs under an entirely new system. The association now takes entire charge of the tobacco controlled by it, even to the sampling. The crop will be marketed through their own agents, who will be held responsible to the buyers for the condition in which it is offered.

For warehousing and inspecting the tobacco controlled by the association the executive committee recently fixed the charges at \$3.25, of which \$1.75 is to be paid by the farmer. This started an interesting fight, the warehousemen claiming that they could not handle the tobacco for that amount. The local tobacco board of trade entered the fight and asked that the regular inspectors of the market be allowed to sample the association's tobacco at the regular rate of forty cents per hoghead. This brought forth opposition, because one of the inspectors, Dr. Crouch, is said to have sold his tobacco outside of the association. Polk Prince, of Montgomery county, suggested that the warehousemen be allowed \$3.40 per hoghead for handling the tobacco, they agreeing to pay twenty cents to the inspectors for sampling.

The warehousemen accepted the proposition and this matter was settled. The board of trade requested that their inspectors be appointed to do the sampling. The executive committee took up this matter and after considerable discussion, the committee submitted a proposition to the regular inspectors, allowing them to do the sampling provided they would accept twenty cents instead of forty cents. This proposition was turned down by the board of trade. The committee then elected C. T. Young, one of the oldest and most prominent tobaccoists in Clarksville, its general inspector, fixing his bond at \$25,000. It was decided that he would have entire charge of the sampling in all counties in the association, he to appoint his assistant inspectors.

J. E. Summers, adm'r., plaintiff, against Heirs and Creditors, defendant, in equity.

By virtue of a judgment and order of sale of the Trigg circuit court, rendered at the September term thereof, 1904, in the above cause for the settlement on the estate of J. E. Summers, deceased, and the costs herein, in all, I shall proceed to offer for sale at the courthouse door in Hopkinsville to the highest bidder, at public auction, on Monday, the 1st day of May, 1905, at 10 o'clock, a. m., or thereabouts (being county court day) upon a credit of six months with a lien retained the following described property, to-wit:

A tract of land lying in Christian county, Ky., on the waters of Sink Fork of Little River containing about 143 acres more or less being the remainder of a tract of 193 acres conveyed to J. E. Summers by John Boyd by deed dated the 19th day of December, 1893 and recorded in deed book No. 42 at page 680. The whole tract of 193 acres being bounded as follows: Beginning at a post oak and small hickory corner of Seminary survey, thence S 56 E 93 poles to a stone another corner of the Seminary survey, thence E 93 poles to a stone thence N 20 1/2 W 208 poles to a stone corner of Bay's land. Thence with said line 212 poles to the beginning. But excluding from this sale that portion of said land heretofore sold by J. E. Summers.

For the purchase price the purchaser, with approved security or securities, must execute bond, bearing legal interest from the day of sale until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.

JOHN W. KELLY, commissioner.

# Talmage Sermon

By Rev.  
Frank De Witt Talmage, D. D.

Los Angeles, Cal., April 18.—From the story of an iniquitous bargain and the use to which the tainted money earned by it was put the preacher in this sermon draws lessons of the evils that come from avarice and cupidity. The text is Matthew xxvii, 8, "Wherefore that field was called the field of blood."

A gruesome fascination hovers about the bricks, and the stones, and the boards, and the grounds where lived and wrought some of the world's evil workers. Island of Blennerhassett! Wonderful name, rich in historical associations! I see the boats every spring and summer and fall filled with sight-seers almost daily pushing out upon the Ohio river to seek this little island near Marietta. Why? Is it a summer playground? Is it an Isle of Wight? Is its center a mansion? Are its banks terraced? Are its trees filled with sweetest of songsters as they were once in the halcyon days when its owner, Harman Blennerhassett, took his bride there and changed this island into an Edenic garden, as Nebuchadnezzar, who had courted Princess Amytis among the hills of Babel, to honor the whims of his queen, had lifted high for the wonderment of the world the famous "hanging gardens of Babylon?" Oh, no. Blennerhassett island today is of little intrinsic value. A few scrub trees, a few rocks, perhaps a few herons such as can be seen in scores of islands in the middle of this Ohio river, are all the aesthetic beauties it has to offer to the landscape artist. But to the historian Blennerhassett has the same fascination as have the broken walls of Epsworth castle. Blennerhassett is immortal on account of the infamous history of Aaron Burr. That is where the ex-vice president stopped on his way to establish a monarchy in the great southwest. It has an evil fame as the rendezvous of the traitorous conspirators of that day, just as it is that home in a side street of Washington in which Mary E. Surratt welcomed the thugs of the later time who were plotting the assassination of Abraham Lincoln.

The people in swarms used to go to an old fashioned New England house where was kept a bloody shirt, the relic of a dastardly deed of the Revolutionary war. As I remember the story, an American officer was surrounded by the enemy while eating dinner in this very house. When called upon to surrender he handed over his sword. But first, to one of his captors. Instead of the British soldier receiving it and placing his captive under guard, he took the sword and plunged it through the heart of his helpless victim. The rent in the shirt showed where the sword had pierced its way into the bleeding flesh. Of course such a cowardly act as this was condemned by the British army as well as by the American. But the condemnation of the murderer has not anything to do with my thought. The one fact I want to impress upon you is this: Scores and hundreds of people naturally seek in the shadows of the place where a great crime has been committed. They stay in the floor of the Pennsylvania depot, where Garfield was shot, for years had its thousands of sightseers. The scene of the Chicago Haymarket riot, the place where Edward Stokes shot James Flak, the sausage vat where Leutger disintegrated the body of his murdered wife, all have had their morbid sightseers even as the room in which George Washington breathed his last has its daily visitors.

"The Field of Blood."  
Crowds of sightseers in Jerusalem for years after the crucifixion went to the scene of my text out of a morbid curiosity, as the multitude seek the island of Blennerhassett. Indeed, had they not gone out of a morbid curiosity they never would have gone at all. Acedama—that is to say, the field of blood—is not, as some people might suppose, an Edremon plain where a mighty battle was fought. It was an old potter's field, filled with clay. It was too poor ground to be used for agricultural purposes. It had been turned into a paupers' cemetery. Yet this paupers' burial ground had for years hosts of sightseers. Why? Perhaps the best way to answer you is to tell you what some of the sightseers are now saying. "Yes, this is ground," says some one, "that was bought by the priests with the thirty pieces of silver Judas received for betraying Christ." Acedama—that is, the field of blood—says another; "it is well named." Could we have a better subject to preach upon on the Sabbath preceding Good Friday than this potter's field, which became a paupers' burying ground, bought with the money Judas received for betraying Christ?

Acedama, in the first place, teaches us that there is no honor among thieves. When a man becomes a Satanical hireling he is not likely to be true to his partners in iniquity. A murderer in order to save his own neck, as a rule, will turn state's evidence against his companions in crime. A pickpocket will be just as willing to empty the purse of an associate as he is to snatch the watch of a bank president. It is often vaunted that there is honor among thieves, but experience proves that it is a vain boast. The thief has no honor. The evil spirit who seeks to lead you into temptation is the evil spirit who will desert you as soon as you have been caught in a fatal trap

or are foundering in the quicksands of shame.

## No Loyalty to King.

A sly fox has no loyalty to her kin. She has but one desire—to save her own skin. This characteristic is essentially true of the Satanical devotees. All that you have to do to prove this premise is to study how this Acedama was purchased. For weeks and months the priests were trying to destroy Christ. They knew not how they might capture him, for they feared the people. At last one of their spies came and said: "Ah, ha, I have solved the problem! One of Christ's apostles can be bribed. We will find out where Christ is in hiding at night. Then we will take some soldiers and go and arrest him and summon the scribes and try him and convict him and crucify him before his friends can come to the rescue. Here is my man at hand. What say you, Judas? Will you betray your Master for thirty pieces of silver?" "I will," answered the apostate. Then what happens? No sooner is Christ betrayed and Judas is overcome with remorse than he comes back to these same priests and says: "I cannot take this money. It is blood money. Here it is!" And he flings it at their feet. Then what happens? Why, the priests look down upon this blood money and say: "That money is too vile for us to touch. We cannot use a murderer's money in the temple. We are too good and holy for that. Let us take the money and buy a paupers' burial ground. That certainly will hurt no one. They got Judas to betray Christ. Then as soon as Judas had done this vile, unchristian, sinful work they turned their backs upon him and said: 'Judas, you are too low, too mean and too contemptible for us to have anything to do with you. We will not even take back the money we paid you with our own hands, for it is blood money.'"

Ah, the evil geniuses who lead us in temptation will never stand by us when they have miserably destroyed us. In ancient Rome the defenders for months were defying the northern barbarians. The strong walls and the iron gates could not be broken down. At last these barbarians went to a Roman woman and said, "If you will open for us the gates at night and let us in, we will give to you our war shields, made of ornamental gold and silver." She opened the gates by night, and Rome fell. But as soon as the northern barbarians became masters of Caesar's throne they destroyed the woman who betrayed her country. They gave her their shields of ornamental silver and gold, but they buried those shields at her with all the force of their mighty arms until her mangled and bleeding and lifeless body lay buried under her prizes of war. After Benedict Arnold betrayed his country he was hated even more in England than in America. One day he was seated in the gallery of the house of commons when a statesman arose to address the house. Before commencing his speech he said: "I see in the gallery of this house a contemptible character who, by the betrayal of his own land, has forfeited every right to the respect of mankind. Before I enter upon my speech I hope that Benedict Arnold, known as Arnold the traitor, might be requested to withdraw from this body of honorable men." Yes, the very men who profit by a crime despise their instrument and desert him in his ignominy.

## They Will Turn Against You.

Man treading the path of sin, do not be a fool. Do not suppose that those sinful people who are praising you now will fawn upon you after your morals and money are gone. All the time the saloonkeeper wants is your gold; as soon as you are in rags his free lunch counters will no longer give a welcome to you and yours. All that gambler wants is your gold; as soon as your money is gone he will kick you out of his presence as willingly as he would put a bullet in the heart of a mad dog. Ah, yes, the far country held plenty of friends as long as the younger son had horses and wine servants, but as soon as his money was gone his friends were gone. All the time his servants were gone; there was a great famine in that land. Companions of sin will fawn at your feet while you live in a palace. They will crush you under their heels when they can destroy you. Acedama, the field of blood, was bought by the evil priests, who had turned against Judas as your companions of sin will yet turn against you.

Acedama teaches another lesson. The easiest way to make an apostate is not by denouncing or ridiculing the divine mission of Jesus Christ, but by developing the tendencies to sin which have not been eradicated from his nature. Let me illustrate my thought practically. You have all wandered through the northern forests in the winter time. Everywhere you have seen the tall trunks of the trees supporting the bare branches. Not a leaf is in sight; not a flower is blooming. Where are the millions upon millions of leaves which as an arched roof covered the mountain pathways last summer? All gone. But if you will rub your fingers lightly over the bark of those branches you can see where new buds and new sprouts will come forth just as soon as springtime places to her lips the silver trumpet of the warm winds. As I approach a man who is called a Christian man I figuratively find him without sin, but as I touch his heart I find, still figuratively speaking, that all over his heart are latent sinful buds easy to be developed. Unless a man lives close to Christ and continues to live close to Christ these evil buds will sprout and grow even as the white apple blossoms cover the tree branches almost in one May day. The reason Judas betrayed Christ was because he allowed his latent buds of sin to develop; that is all.

"I am not different from his fellow apostles?" No, was that some one

asks me. "Why, Christ called him a devil." Aye, my friend, that is true. But Christ did not call Judas a devil in the sense that he was in the beginning any different from any other of the apostles. Indeed, I know he was just about the same. The apostles at that time honored and respected Judas so much that they made him their treasurer. He was their chamberlain; he handled all their moneys. He was not impulsive like Peter. He was a calm, cool calculator. Why, if Peter had been elected treasurer in Judas' place, the first ten beggars who came to him would have got all that he had, and no provision would have been left for the needs of the little company. The reason Judas was elected treasurer was because at first he was loyal to his Master and he was very careful in handling the funds.

## The Sin of Judas.

But when Judas began to look after the money the old latent sin of his life grew warmer and budded and sprouted. Covetousness was Judas' sin. Every penny, every piece of silver and gold which came into his possession, only maddened his passions. Methinks I can see him at night counting the gold while his companions slept. "Ah," he kept saying to himself, "if this gold was only mine!" This passion, this evil passion, kept growing and growing upon him. I kept growing upon him just as the desire for gold or fame or social position may have been growing upon you. Once Judas would have knocked a man down who would have placed a menacing or murderous hand upon his Christ. But now he kept saying: "Gold, gold; I must have gold. I must have gold, even if I do destroy Christ to get it." Listen! Let me trace the downfall of Judas—first, the honored apostleship; second, the election to the treasurership of the apostolic band; third, the hugging of the gold bags to satisfy the cravings of his developing avarice; fourth, the protest because the box of ointment of spikenard, very precious, was poured upon Christ's head; fifth, the selling of Christ's life for thirty pieces of silver. Judas was not a devil always. Judas went down to the betrayal of Christ as some of us are going, slowly, surely, awfully, demoniacally, step by step, step by step.

The field of blood teaches us, in the next place, that the most awful danger that can be done against Christ is done by his apostates and not by his out and out bitter enemies. For weeks and months, as I said before, the high priests were trying to take Christ and crucify him. "But when they sought to lay hands upon him they feared the multitude, because they took him for a prophet." What is the meaning of this? Their dared not touch him. Christ's beneficiaries at that time would have risen up and swept the high priests and the Pharisees from off the earth.

## A Supposition.

Supposing toward the close of the Crimean war the English general had given orders that Florence Nightingale was to be shot as a spy, what would have happened? Methinks about the commander's tent would have been seen 5,000 poor fellows pleading and praying and threatening. One soldier would say: "She nursed me through a fever and saved my life. She shall not die." Another would say: "She held my hand when they cut off my leg. She must not die!" Another would have said: "She bandaged my eyes, blasted by the gunpowder explosion. It was on account of her care that I now can see." So those whose limbs Christ had straightened and those whose eyes Christ had opened and those whose leprous skin Christ had cleansed would have risen up and cried out: "He shall not die! He shall not die!" But when Judas led the Roman officers by night to the garden of Gethsemane and showed, ed where Christ was in retreat then Jesus was taken by stealth and tried while Jerusalem slept. He was tried by night. He was crucified on the early morning. Oh, my friends, shall it be that you and I as apostates have betrayed Christ into the hands of his enemies?

Another thought: "Acedama—that is, the field of blood"—teaches that remorse for a sin committed does not necessarily wipe off the record of that sin from the Lamb's book of life. Judas was sorry for his sin. No sooner had he given that betraying kiss than he would have been willing to cut off his right arm to have undone the damage. He flung the money back into the priests' faces. He did more than that. Lacerated and agonized on account of his mental sufferings, he went forth and hanged himself. He practically said: "O God, my brain is crazed! Let me die!" But to be sorry for a past sin is not enough. Remorse is not salvation through Christ. Dr. Whitney well said in one of his sermons, "Judas had a sight and sense of sin, but no apprehension of the mercy of God in Christ, and so he pined away in his iniquity." O man, today you are sorry for your sins. You are sorry because they drag you down and down and down. But are you more than sorry? Are you ready to renounce them and to plead with God for pardon through the blood of Christ? This pardon is offered to all who come in Christ's name. Remorse for sin does not necessarily mean salvation by faith. There are two facts in the life of the prodigal son I would have you well bear in mind. The one is, he was sorry; the second fact, he arose and went back to his father's house. Oh, my brother, will you repent of your sins? Will you do more than that? Will you turn your back upon sin and look at the loving, forgiving face of Jesus Christ?

## God's Love Never Wanes.

But the last thought to me is the sweetest of all. Standing by "Acedama—that is, the field of blood"—I find that, though I have sinned, God never loses his love for the

sinner. God loves us and clings to us in exactly the same way as a mother clings to her children. I asked a dear friend of mine some time ago who was the favorite among her many children. She answered, "I love the youngest best until he is grown, and the eldest one best until he returns, and the sick one best until he gets well." Yes, I said to myself, "And the prodigal best until he comes back to a mother's love." So God clings to his wayward ones. The more we sin the more he wants us by his side and the more he pleads with us and clings to us.

Do we not find this fact true in reference to Judas' life? When Christ knew that Judas was to betray him, did he drive Judas from his side? No; that was not Christ's way. He kept Judas with him clear up to end. He seems to be saying all the time, "Oh, Judas, why wilt thou betray the Son of man?" One of the last acts of Christ's earthly life was to honor Judas above all his brethren when he gave to him the sop at the supper. The giving of the sop was an act of love, not of hate. So Christ today is pleading with you and me. We may split in his face, as did those who led him forth for crucifixion; we may place a crown of thorns upon his head; we may betray him with a kiss, as did Judas, but we cannot make Christ cease to love us. Oh, my friends, Christ came to love us. Oh, my friends, will you not and I yield to this love of Jesus Christ, which passeth all human understanding? We have wandered far, far away, but Christ is today still loving us. Will you accept his pardoning love? Will you accept it now?

## A Worldwide Invitation.

This is a worldwide invitation which I am giving you to come to the saving cross. Indeed, so great, so far reaching are the possibilities of human redemption through Christ, that while I was writing this sermon in the quietude of my study the thought arose: "How do I know that Judas was eternally destroyed? God changed his mind in reference to the Ninevites when they repented of their sins. How do I know that Judas, even when he was dangling on the end of that rope, did not make such supplication as brought him within the influence of the divine Father's forgiving love? Perhaps in the death struggle Judas called upon Christ for rescue. If he did, who shall say that Christ did not pardon him? He could pardon Judas' sins just as he forgave Paul's, who was the 'chief of sinners.' If he did call for divine forgiveness, I know he received it, just as the penitent thief, as Mary Magdalene, as the woman of Samaria, received forgiveness when repentant, just as freely as you can be forgiven today. Oh, my friends with such a divine love surrounding us, will you not throw yourself upon the mercy and atonement of Christ, which have saved in the past, which save now and which will save through all time? The cross can be changed into a crown by changing the last two letters. Remove can be changed into triumph if today, in Christ's mercy, you will reach up and look and live. ### REV. DR. PENTECOST

**TAKES TAINTED MONEY FOR THEM.**

**Not Sanctified By Altar--Donations Made By Rich Men.**

"There is a moral quality in money. Judas sold the Saviour for thirty pieces of silver. This is \$5.10 in our money. Do you suppose Judas is the only person who has betrayed the Saviour for \$5.10? Every man who takes money from his neighbor without equivalent, is betraying his Master," declared Rev. Geo. Pentecost in a sermon at the Madison Avenue Baptist Church in New York Sunday, on the subject of so-called "Tainted Money."

"Some people," he continued, "ask why need we inquire into the color of money, whether it be clean or dirty, so long as it be given to God, for the altar sanctifies the gift. 'I do not hesitate to say that this

is the most immoral doctrine I ever heard. We must look at the whole question. There is more in the Bible about money than regeneration or forgiveness. We must ask how God has told us to get money and to use money."

The richest man in the world, Dr. Pentecost declared, has been said to hold from five hundred to one thousand millions of dollars.

"He has given," he said, "in charity \$28,500,000 during his life, and some people hail him therefore as one of the greatest benefactors of modern times. They have raked over his life with a fine-tooth comb, and this is the sum they have discovered he has given. I tell you it is no more for that particular gentleman to have given that enormous sum than it would be for the man with an income of \$5,000 a year to give 5 cents a year."

"If the Lord has so prospered him as to give the high genius, the high integrity to make so great riches, the \$28,500,000 is not benevolence; it is mere paltry excuse."

### EXTENT OF DAMAGE

**TO FRUIT IN KENTUCKY NOT KNOWN**

**Wheat, Oats and Tobacco Are Generally Doing Well.**

The condition of the fruit crop in Kentucky is uncertain. While killing frosts in this region, and in some other sections of the state, frost was light at Lexington, Bowling Green and many places.

In the weekly crop report issued it states that although frosts occurred frequently during last week, no harm was done until Saturday. It is feared that much damage has been done to fruit and garden truck since then.

During the early part of the week moderately heavy rains fell over the state and were beneficial to crops, but the cold which succeeded retarded growth. Corn planting was hindered by wet ground and cool weather, but all crops are reported in good condition, with farm work well up. The report, in a detailed statement of crop conditions, has this to say:

"Wheat is in excellent condition and promising; it has even improved over the report of last week. There is no further report of Hessian fly. Oats are about all sown and coming up nicely. Corn planting is progressing, with operations varying from just beginning to plant in some localities to half the crop in others. Grasses, pastures and meadows are in excellent condition and greatly improved by the rains. Gardens are being planted, though the work is being delayed somewhat by the wet, cool weather. Potatoes are about all planted and some are coming up."

"Tobacco plants are doing well and are plentiful; progress is being made in preparation of ground for transplanting, and largely increased acreage is promised."

"The fruit situation is very uncertain on account of the frost, the damage from which cannot be ascertained for several days."

### WANTS INJUNCTION

**TO PROTECT HIM FROM MISS CROSS.**

**Contractor Oliver Claims Young Woman is Hounding Him.**

The following despatch from Knoxville, Tenn., will be read with much interest here where Mr. Oliver, who was the builder of the Tennessee Central, is well known:

A sensational turn was given the litigation of W. J. Oliver, the millionaire railroad contractor of this city, with Miss Nannie Cross, of Atlanta. She is suing Oliver for \$100,000 for alleged breach of promise.

The new status of the litigation is made by the filing of a bill by Oliver against Miss Cross, enjoining her from hounding him and members of his family by calling herself Mrs. Oliver in stores and continually tele-

phoning him and by numerous other alleged nuisances.

"The bill claims that Oliver settled with her for some \$9,800 June 8, 1908, the day following his marriage in Clarksville.

"Miss Cross is enjoined in this and other states from interfering with Oliver's railroad construction work, particularly in Georgia, where he is double-tracking the Southern railway, and where under the claim of being his common-law wife, he claims she is attempting to bring suit and attach his property."

### KITTY UMPIRES

President Charles Brown, of the K. I. T. league, appointed the umpires Monday night. The men who will referee the games in the Kitty this season are:

Ned Zinkans, of Vincennes, Ind., reappointed.

Albert Ikes, of Jeffersonville, Ind., who has much experience as an umpire.

Frank Adams, of Cairo, Ill., a man of experience.
