REVIVAL SERVICES

WERE ALL WELL ATTENDED YESTERDAY.

Everybody Enthusiastic Over Dr. Dixon's Opening Address.

(From Thursday's Daily)

The union revival meetings of yesterday were a spiritual feast to those who attended them. Dr. Dixon arrived yesterday morning just in time to conduct the morning prayer service at the Ninth Street Presbyterian church. He preached again at 3 o'clock in the afternoon and again at the 7:45 service at night. Prof. Excell is exercising his great gift of leadership in song at all the services. The attendance upon all meetings is growing. Although expectation concerning Dr. Dixon's preaching has been very high, he is fulfilling it and more in his opening addresses. He has a most pleasing personality. He is dignified, yet very easy and approachable. He has a strong and engaging countenance. His voice is strong and very musical. He is tall and of imposing presence. His sermons are at once thoughtful and simple. He is a genuine orator.

The regular services are being held today. The morning prayer service at 10 o'clock. The afternoon and night services at the tabernacle at 3 o'clock and 7:45 o'clock, respectively.

All are cordially invited to attend these meetings.

BISHOP WOODCOCK

All the members of the congregation are expected to attend and bring their friends with them.

A CARD FROM MR. J. E. MOSELEY

To the Democrats of the Sixth senatorial district:

Mr. Charles M. Meacham in his paper, the Hopkinsville Kentuckian, of the 4th of May, has something to say as to the race for state senator in this district. He has a great deal to say about party harmony and about reconciling the factions in the Democratic party in Christian county. It seems Mr. Meacham's idea of party harmony is that every other Democrat in the county shall consent to his having the nomination for state senator without opposition, and that any one that is independent enough to oppose this, is a funder of discord in the party, and is to be charged up as having some ulterior purpose to serve and as being entitled to no consideration at the hands of his fellow Democrats. I think this is a free country and that any Democrat in this district who has been loyal to his party, and to its nominees in the past certainly has as much right to make the race for the Democratic nomination as Mr. Meacham.

Mr. Meacham seems to either misunderstand or mistake the duties and powers of the Democratic committee. As I understand, the power of the committee only extends to the right to submit to the Democratic voters of the county or district, as the case may be, the question of what Democrat shall be the nominee and to name the time and manner of submitting this question to the Democrats. In this connection it will be recalled that just before Mr. Meacham came to be recommended by the Christian county committee for the nomination for the state senate in this district, for several months prior to the last meeting of the Christian county committee, Mr. James West had been a prospective candidate for the nomination for state senator and the party was practically unanimous as to his candidacy, but when the committee met on the 3rd day of April last, a meeting not called for the purpose of nominating a senator, 19 out of 29 of the committee being present, Mr. West, much to the surprise of most of the committee present and many of his friends, announced that he would not run, and immediately one of the committee, who, it seems was posted, moved that Mr. Meacham be recommended for the nomination for senator. This motion, which was not debated, was quickly adopted, only a part of the committee voting aye, and many of the committee not voting because the motion was put and carried before they understood its purport. Mr. Meacham will hardly claim that he was not fully advised in advance that all of this was to be done. Now this is what Mr. Meacham calls a unanimous endorsement of his candidacy.

Very shortly after this meeting Mr. Meacham and Mr. West, as I am informed, went to Madisonville for the purpose of having Mr. Lee Gibson, chairman of the Hopkins county Democratic committee, join Mr. West in declaring Mr. Meacham the nominee for senator, but it seems Mr. Gibson thought this was being in too big a hurry and suggested that the matter be left open until April 22d,

so as to give any other Democrat an opportunity to announce for the nomination for senator, if any one should desire to do so, and so Mr. Meacham lost the chance to slip up on the nomination. Following this action of the district committee and prior to the 22d of April, I announced myself a candidate for the state senate, subject to the action of the Democratic party in this district.

I have the highest respect and regard for the members of the Christian county Democratic committee, and they are for the fair thing, and to show how they regard this matter, a majority of them since my announcement as a candidate, signed a petition addressed to the district committee, whose duty it is to take action in this matter and determine the time and manner of settling the race for the nomination, asking the district committee to call precinct conventions, so as the Democrats might have an opportunity to be heard, thus recognizing my right to make this race as equal to that of Mr. Meacham or any one else.

Mr. Meacham undertakes to name two or three of my friends as the "men behind the gun," and the men who have brought me out &c. I am glad to number these gentlemen among my supporters and value highly their friendship and good opinion, but Mr. Meacham will find when the test comes hundreds of the best Democrats in the district among my earnest supporters, men who belong to no clique or faction, men who wear no man's collar and do their own thinking, as I do myself.

Mr. Meacham in the same issue of his paper undertakes to air his personal grievances with Mr. Hunter Wood and drag this into our canvass. He has done this for years, until our people are literally tired of it; the public is not interested in the personal differences of individuals.

It is a fact that Mr. Wood did not solicit me to become a candidate and did not know I thought of being one until I had announced in the papers.

Mr. Meacham says one of the issues in our race is Mr. Green's and Mr. Edmunds' "new born opposition to the state administration." There seems to be another gentleman who has had a "new birth" so to speak, on this subject and has been induced to look at Governor Beckham with different eyes from what he used to do. The Democrats of Christian and Hopkins counties have not such short memories but that they will readily call to mind the abusive and caustic editorials that were written by Mr. Meacham and published in his paper about Governor Beckham in the campaign of 1903, both before and after he became the Democratic nominee for governor. Surely Mr. Meacham is in a new role as my friend Gov. Beckham's defender.

Mr. Meacham's attempts to bring the Christian county Democratic committee into this race and make it appear that they are backing him as against me, are too weak to mislead any one. The committee does not wish to take this nomination out of the hands of the Democrats to pass upon it. They are loyal Democrats, and true to the rules and laws and traditions of the party, and believe that the voice of the Democrats should prevail, and that the man who gets the most Democratic votes ought to win.

The real question in this race is who the Democratic voters in this district consider the best fitted to be state senator, on account of his loyalty to the party and its nominees in the past, his ability to fill the office and his trustworthiness; to see that the rights of his constituency are protected and no laws passed injurious to their rights so far as in his power to prevent it. I am more than willing to cheerfully abide by their verdict, and if I should be nominated for the office I seek, will make an untiring canvass for the success of our ticket, and, if elected, will devote my best talent to a proper discharge of my duties, and if defeated for the nomination, I pledge my earnest support to the nominee and will be found working in the ranks for the party success as I have always done heretofore.

THE POWERS CASE

IS REMOVAL TO FEDERAL COURT ASKED

Petition Will be Passed On At Special Term of Court July 10.

GEORGETOWN, Ky., May 4.—The attorneys for Caleb Powers tendered to the circuit court here yesterday a petition asking that the case be removed to the federal court for the Eastern district of Kentucky. The ground on which the petition is based is the alleged impossibility of securing respect for the accused's constitutional rights in the state court. Judge Stout called a special term of circuit court to try the case, for the fourth time, beginning July 10. He announced that he would pass on the petition for removal at that time. The attorneys for Powers contend that by the mere fact of the petition being tendered to the State court the case is removed into the federal court, at least so far as to give the latter tribunal the right to pass on the question of jurisdiction. Attorneys for the commonwealth all say there's no federal question involved and no ground upon which the federal court can assume jurisdiction. Powers, of course, relies upon politics to save him if he can only into the federal courts.

County Examinations.

A MISTAKE.

Yesterday afternoon the New Era—like a large number of afternoon dailies throughout this section—received from a news agency published a dispatch announcing that Nan Patterson had been acquitted in New York by the jury having her case. This was an error on the part of the news agency, for the jury had then done nothing towards settling the case.

night last night and about noon today reported to Recorder Goff that it could not agree, no matter how long he might keep them together, so he dismissed them and Nan Patterson will now be admitted to bail. She is perfectly prostrated by the blow, for she firmly believed she would be acquitted.

CLAY AND PITZER

GREAT MEN AND KNEW EACH OTHER

An Incident of a Visit [Of The Statesman To Hopkinsville.

When Mr. Clay visited Hopkinsville, during the first year of the administration of John Quincy Adams, to defend himself against bargain intrigue and corruption he was called upon by his friends at the residence of Dr. H., then of that place, and a great friend of Mr. Clay, who was by his side presenting him to his numerous friends as they came forward. Presently the doctor saw the tall form of the eccentric "Governor" Pitzer (who many of our older citizens remember to this day) enter the door. Instantly he embraced the opportunity to point him out to Mr. Clay, and then whispered to him: "That tall man is 'Governor' Pitzer, of Pond river, a most worthy friend of yours, whom you must know without an introduction; and you must be certain before he leaves to wish he may never have another invasion of squirrels."

Thus posted, Mr. Clay stood his ground in the center of the room while the "Governor" unconscious of the innocent trick, approached him by degrees, and saying as he came: "Don't introduce me to Mr. Clay; he will know me and I will know him on sight, for great men like us never fail to know each other. I beg of you gentlemen, not to introduce us; we shall know each other. You say he is in the room? Good. I shall find him;" and away he walked toward where Mr. Clay stood. "How are you, Governor Pitzer, of Pond river? I am rejoiced to see you."

"Hear that, gentlemen, didn't I tell you he would know me? Yes, yes, gentlemen, he is the greatest man that lives."

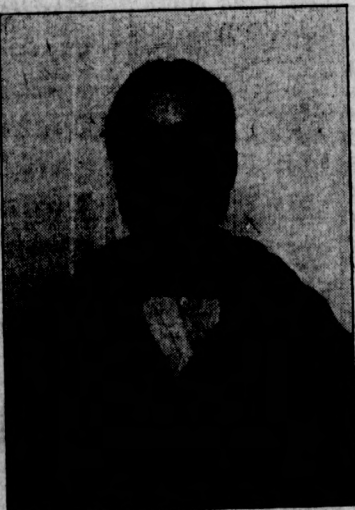

HOLLOWAY IS SAID TO HAVE DRAWN PENSION BY ASSUMING VICTIM'S NAME

Development in Case of Man Arrested for Murder 25 Years Ago.

The Paducah Register states that it has been learned that James Holloway, the aged negro who was arrested there several weeks since for killing Andrew Bradford, also colored, near Hopkinsville, twenty-five years ago, assumed Bradford's alias of Bill Huston after the killing, and has been drawing the pension due Huston or Bradford for service in federal army during the civil war. Holloway says he had been asked to kill Bradford by white enemies, but claims his gun went off as he was pulling the weapon to commit the act, and accidentally killed Bradford.

After cordially shaking hands and telling a few jokes, Mr. Clay said: "My dear sir, I hope you will live a thousand years, and that health may abound through your wide domain, and that you may never have another invasion of the squirrels." "Bless me," said the "governor" "how did you know my people lost their entire crop of corn last year by the squirrels? Bless my poor soul, he knows everything; wonderful! wonderful! I always told you he was the greatest man in the world—didn't I boys?" At once the "governor" left in a perfect state of admiration for the great statesman. The "governor" passed over the river many years ago, but as long as he lived he loved to tell of his meeting Henry Clay, and boasted that he knew him without even an introduction, never suspecting to the day of his death that it was a fixed up game.—Fairview Review.

MURDERED IN BED

WASH GAITHER SHOTS KAYLER VESTAL.

No Motive for the Crime Has Yet Been Assigned.

Wash Gaither murdered Kayler Vestal in bed Saturday night.

The crime was a mysterious one and no motive has been assigned.

Saturday afternoon Gaither, who is a colored farm laborer, living near Caledonia, invited Vestal to spend the night with him. The men had been comrades and so far as known had never quarreled.

After supper they sat with the family talking awhile and then went to bed.

About midnight, according to the account of the crime given to the New Era by its Gracery correspondent, Gaither armed with a shotgun, appeared at Vestal's bed, and cried: "Your hour has come. Prepare to die."

Before Vestal could defend himself or members of the household interfere, Gaither fired point blank at Vestal blowing out his brains and instantly killing him.

TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1905.
Six years ago I had a severe attack of inflammatory Rheumatism. I was laid up in bed for six months, and the doctors had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.
R. H. CHAPMAN.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise without a y charge whatever. Our book on Rheumatism sent free.

Misses Mattie Hayden, Kate Morris and Annie Cate have returned from Guthrie, where they were delegates to the Sunday school conference.

The English "Society for the Prevention of Consumption" presided over by the Prince of Wales, was recently addressed by Sir William Broadbent, who stated that it was definitely known that every case of consumption began with a germ communicated from some other case.

There is no such thing as inherited consumption. There may be a local weakness which tends to consumption, but the germ has absolutely to be planted in that weak spot before consumption can ensue. This ought to comfort thousands of people who have "weak chests" or "weak lungs". They are not forordained victims of this dread disease. All that is needed to bid absolute defiance to this deadly scourge, the answer to this need is found in Dr. Pierce's Golden Medical Discovery. It so purifies the blood and increases the blood supply, that disease is thrown off, and the weak organs are nourished into perfect health, which defies germs of every kind. People, given up by Doctors, emaciated, bleeding at the lungs, with obstinate lingering coughs, are being cured every day by the use of "Golden Medical Discovery." It is a strictly temperance medicine containing no alcohol, whiskey or other intoxicant.

Death of Mrs. Annie Walker.

At 12 o'clock Friday, April 28, 1905, Mrs. Annie E. Walker passed away. An attack of la grippe in the winter had made such inroads upon her vitality that she could not rally from the effects.

Annie Hord was born August 18th, 1844, in Christian county, three miles North of Hopkinsville, where she grew to womanhood. She was married to William Walker in 1867. Mr. Walker died some 27 years ago.

Six children were born to them, three of whom survive, W. W., and J. T. Walker and Mrs. Effie Elliott. She leaves also a sister, Mrs. Williams, and a brother to mourn her loss.

The deceased had been a consistent Christian since childhood and a member of the First Presbyterian church for twenty years.

The funeral service was held at the residence of her son, W. W. Walker on Brown street, Sunday morning at nine o'clock, conducted by the Rev. Edward H. Bull, assisted by the Rev. H. D. Smith and Prof. Coyner. The remains were interred in the old Grace cemetery five miles north of town, after a prayer had been offered by Mr. Allan Wallace, one of the elders of her church.

Bilious Bill was getting bloated, and his tongue was much coated. Patent "tonics" wouldn't cure him. Companies would not insure him. All his friends were badly frightened. But their spirits soon were lighted. For Bill said—and they believed him, EARLY RISER pills relieved him. Sold by R. C. Hardwick.

JUST BELIEVE IT

When Well-known Hopkinsville People Tell It so Plainly.

When public endorsement is made by a representative citizen of Hopkinsville the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

R. C. Moorefield, Sr., real estate dealer and associated with the Christian County Title Co., residing at 222 W. 17th St., says: "For several years the condition of my back and of the kidney secretions furnished ample evidence that I was suffering from kidney disorders. The aching in my back would come on by spells often so severe that it was painful for me to stoop to straighten up or to attempt any sudden movement. I saw Doan's Kidney Pills advertised locally and thinking that they might help me, got a box at Thomas & Trahern's drug store. I had used them only a few days when I noticed a marked improvement in my condition and I continued the treatment. It did me more good than any medicine I had ever used and that is putting it mildly. You may publish my statement at any time and I will do all I can to let the value of Doan's Kidney Pills be known."

CANNING PLANT.

Work is Being Pushed and
Factory Will be Opened
in June.

W. R. Brumfield and J. J. Metcalfe have returned from Chicago, where they went to inspect the machinery which has been purchased for the canning factory. They also visited various canning factories while away, and after thoroughly inspecting the machinery which has been bought for the local plant, report that the outfit which will be installed here is thoroughly up to date in every particular and fully equal in every way to the plants which they inspected.

The building is nearly completed on the site at First and Railroad streets. The boiler for the factory has already arrived and will be placed in position at an early date. The rest of the machinery will arrive about May 15th and will be installed at once. The factory will then be ready for active operation early in June, in plenty of time for this season's crop.

GEN. FITZHUGH LEE DIES OF APOPLEXY IN WASHINGTON, D. C.

Was On His Way to Boston When Stricken.—Worthy Nephew of Gen. Robert E. Lee.

WASHINGTON, April 29.—Gen. Fitzhugh Lee, of Virginia, died at the Providence Hospital in this city at 11:30 o'clock last night as the result of an attack of apoplexy and paralysis with which he was stricken early yesterday while traveling by rail from Boston to Washington. At his bedside when he died were his brother, Daniel Lee, and Dis. Edie and Kean.

The end came quite suddenly and without pain. The dead general was doing fairly well considering the severity of the attack until about ten o'clock when a change came for the worse.

Gen. Lee was one of the moving spirits in the Jamestown Exposition project. He was president of the Exposition company and had been working constantly and with marked success in its behalf.

Fitzhugh Lee was a nephew of Robert E. Lee, and followed the fortunes of his distinguished uncle and of his native State in the war of the States, but accepted, as did the former, all the results of the war, and has since served Virginia in a number of official capacities. To him, perhaps, as much as to any other

man may be credited that firm repuniting of North and South, which existed even before the war with Spain disproved a favorite theory abroad that the United States of America is a conglomerate nation, "held together by a rope of sand."

Since he took up the work of the Jamestown exposition he had made his official residence in Norfolk, but his activities in connection with this work gave him very little time there. During the session of congress just closed the general spent a large part of his time in Washington in the interest of the necessary legislation authorizing the exposition.

He had made several trips through the west and appeared before the legislatures of Pennsylvania and New York seeking state appropriations for the exposition. This was the purpose of his Boston visit.

Gen. Lee was 68 years of age and always had enjoyed robust health. However he had led an exceptionally active life, being a veteran of three wars. He served in the Mexican war, was in the confederate army during the civil war and his conspicuous services in the Spanish war is current history.

THE ATHENAEUM BANQUET.

A Brilliant Entertainment Given By the Club at
Hotel Latham.

A large assemblage of men and women representing the culture and refinement of the city, speeches that were eloquent and abounding in wit and wisdom, an excellent menu and a festive spirit made the second annual banquet of the Athenaeum, at Hotel Latham Friday night, a brilliant event.

No more enjoyable or successful literary and social entertainment has been given in Hopkinsville, and in point of attendance it was one of the largest. The members of the club and their guests gathered in the parlors of the Latham at 8:30 o'clock and after a half hour of pleasant conversation repaired to the dining hall where the following feast was beautifully served under Capt. Whitlow's personal direction:

Sliced Tomatoes
Radishes Salted Pea Nuts
Bouillon-en Tasse
Fresh Halibut-au-Beurre Noisette
Pommes Gastronome
Fried Young Chicken—
a la Provencale
Delmonte Tips
Salad
Pistachio Ice Cream Strawberries
Cake a la Farciesse
Cafe Noir

Then followed a delightful feast of reason and flow of soul. The audience was inspiring in its keen appreciation and the speakers were at their best. The president of the club, Mr. J. W. Downer, was master of ceremonies and presided with captivating grace and dignity. His introductions were of the happiest kind and thoroughly appropriate, finely reflecting the spirit of the occasion.

The program of addresses follows:

FAIRVIEW REVIEW ON MR.
MOSELEY

Right Man For the Demo-
cratic Nomination For
State Senator.

In this issue of The Review will be found the formal announcement of Squire Joseph E. Moseley for Senator for the Sixth senatorial district, subject to the action of the Democratic party.

Squire Moseley is too well and favorably known to the people of this part of Christian county to need any words of commendation from the Review. He was raised three miles West of this place and has lived among the people of this county all his life. He is an all-wool and yard-wide Democrat and at all times has obeyed the behests of the party without money and without price. He is a farmer, not used to the wiles of the astute politician, and his innate honesty makes him a very desirable man for the people to have in the upper house of the Kentucky legislature.

So far, Mr. Moseley is the only announced candidate for the office. Should the nomination be given him he will be a sure winner, as he has never been mixed in the factions of the county, but has always been the friend of both. A man with the record he has is the only one who can win. The committee will likely call a precinct convention or a primary election some time in May.

AWAITING DECISION

OF DEMOCRATIC STATE
CENTRAL COMMITTEE.

Primary Either in Christian
Or District Will Promptly
Be Ordered.

A meeting of the Democratic committee of the Sixth Senatorial district composed of the counties of Christian and Hopkins was held Monday at Madisonville, having been postponed one week owing to the inability of Mr. James West, the member from Christian, to be present at the time originally set for the meeting. The purpose of the meeting was to determine the time and manner of nominating a candidate for the state senate. Chairman Lee Gibson, of Hopkins, and Mr. West, in deference to the wishes of the voters and of the majority of the Christian county committee as expressed in the petition filed with the district committee, were ready to call a primary election. As it is Christian's time to select the nominee, the voters of Hopkins wish to leave the entire matter to the Christian county Democracy, but the legality of deciding a district nomination by the vote of a part of the district having been called in question, it was agreed to adjourn, subject to the call of the chairman, until the question involved is decided by the state central committee. It was agreed by Mr. West and Mr. Gibson to meet immediately after the decision of the state central committee to make and call a primary election to be held as soon as practicable either in Christian county or in the district.

The action of the committee will meet with approval among the Democrats generally. "A primary election," said Mr. West today, "is the fairest way to decide the claims of candidates. It makes plain the wishes of the people, and does away with the dissatisfaction and bitterness that frequently follow conventions."

Joseph E. Moseley, who is a candidate for the nomination, and several of his friends attended the meeting of the committee. Mr. Moseley's popularity is steadily growing in Hopkins.

Selling Medicine at Half Price Under Guarantee of Cure.

After two months of remarkable sales, L. L. Elgin, the enterprising druggist, says that his plan of selling at half price the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia and guaranteeing to refund the money if it does not cure, has been the greatest success he has ever known. He has sold hundreds of bottles of the specific; and as yet has not had one returned, although he stands ready at any time to refund the money should any customer be dissatisfied. This is the strongest testimony that can be furnished to the great merit of this medicine.

The most important part of the programme for today is the election of officers. At the same session the next place of meeting will be chosen. The afternoon will be devoted to visits to various benevolent institutions, bringing to a close the nineteenth annual meeting of the organization.

Much Needed.

A large tent was received yesterday and delivered at Hopewell cemetery which will be used for protecting graves and those attending funeral services from rain and bad weather. The tent is square and measures 22x22 feet and if of a very heavy weight and fine quality of ducking. It is so arranged that it can be raised in a very few minutes and can be used either with or without the side walls. In extremely cold weather the walls can be attached and those attending burials will be almost as well protected as they would be in a house.

BROTHERS BEATEN

BLOODY FRACAS OCCURS
IN TODD COUNTY.

Razor and Axe Were Employed and a Woman Took Part.

Coleman and Granville Jordan, farmers of Todd county, were badly beaten up Saturday night at their place. The two men are brothers, and were hauling wood to the homes of some croppers on their place. It is said that the children of the Jordans and those of the croppers' quarreled over some trivial matter, and when the Jordans went to the home of White, one of the croppers, with the wood, the trouble was renewed, and was participated in by five brothers—Tom, Malcomb, Sylvia, Herman and Eunice White, Ed and Ben Trainer, Tom Bell and a woman. One of the men is said to have cut Coleman's throat with a razor, inflicting a gash which required some fifty stitches. The woman, whose name was not learned, is said to have struck Granville on the head with an axe. The latter was rendered unconscious, but is not seriously hurt. Coleman Jordan is in a serious condition, but may recover. The woman was arrested and taken to Elkton. The men are said to have skipped out.

The Agreement.

The following is the text of the agreement made at Madisonville Monday by the Sixth Senatorial Democratic district committee in the matter of the nomination for State senator:

"The district committee of the Sixth senatorial district met here today and adjourned with the understanding that as soon as the State central committee passed on the legality of a senatorial primary held in the Elizabethtown district that the chairman shall call a meeting of this committee and then call a primary election in both counties, Hopkins and Christian, at the earliest day under the law. Both Mr. West and Chairman Gibson have agreed upon this method of making a nomination, provided they cannot agree to allow Christian county to settle it alone."

When there is an epidemic of germ diseases, and most diseases are caused by germs, it is the person with a weak stomach who succumbs first. If you suffer with pains or distress after eating, headache, belching of gases, sour food, a bad taste in the mouth, dizziness, pains in the heart, specks before the eyes, and a general feeling of despondency and weakness, you should get well at once by strengthening the stomach with M-ir-a-c-u-s. Just one small tablet out of a fifty cent box before eating, and your digestive system will become so strong that you will be the embodiment of good health and spirits, and need fear no germ diseases. Henry Coleman McGill, on Thursday afternoon the ninth of May, one thousand nine hundred and five at five o'clock Olivet Baptist Church, Howell, Ky." The announcement will be read with much interest and pleasure by the many friends of the contracting parties. Miss Lowry is a lovely and accomplished young lady and a favorite with all who know her. Merritt-Pillow.

Henry M. Merritt and Mrs. Emma Pillow, of Hopkinsville, Ky., were married here Saturday afternoon, at the court-house by Squire Q. C. Atkinson. The couple returned to Hopkinsville Saturday night. Clarksville Leaf-Chronicle.

CASKY NOTES.

Mrs. J. W. F. Boyle, of Evansville, Ind., is visiting her brothers in the county and will soon leave for Colorado with her husband and little daughter, where they go to make their home.

Mrs. Lula Ware is going to move to Hopkinsville in the near future.

Mrs. Alex Winfree and two children, Helen and Richard, are going to Henderson, her old home, shortly to visit her grandmother, Mrs. Jeffries, and other relatives and friends.

Miss Jennie Lee Burrows, of Nashville, is spending a few weeks with her grand parents, Mr. and Mrs. A. O. Leakey.

The protracted meeting at the Baptist church conducted by Revs. Cole and Vaughn has closed on account of the busy time of the year, with one conversion and a general reawakening of the church.

Mr. R. P. Claxton, who has been ill since last August, is still in bed, and with little hopes of recovery. Mr. Claxton is one of nature's true men, and was an old Confederate soldier. Serving through the war in Pickett's division he was one of five in his company that came out of the battle of Gettysburg alive.

Our strawberry crop in this community is almost a failure on account of the freeze, but other fruits such as peaches, pears and apples &c, bid fair to furnish a good crop.

Mr. Robt. T. Crawford, of Alabama, who is clerking for A. A. Winfree, is a hearty good fellow, and full of music. Look out girls for a serenade.

JETT ON THE STAND

LEXINGTON, Ky., May 8.—Curtis Jett and Tom White, who are under life sentence for the murder of Jim Cockrill, were brought from the state prison under guard and taken direct to the witness room in the courthouse. They were brought here at the instance of the commonwealth to testify in the Hargis case.

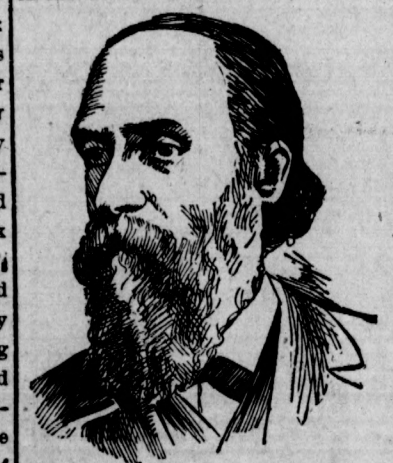

When Curtis Jett was put on the stand by the state he was warned to tell nothing that would incriminate himself. He refused to answer many questions under this admonition and simply told of his relations with Hargis, but said nothing that would injure Hargis in the present case. He was on the stand a short time.

TOBACCO MARKET

MONTHLY REPORT OF THE INSPECTORS.

The Members of Planters' Association Are Standing Firm.

The monthly report of the board of inspectors of the Hopkinsville tobacco market shows receipts for the year to be greatly increased over last year, and the monthly sales are larger. This week only nondescript tobacco has been offered on the market, but satisfactory prices were secured. The old stock is being rapidly reduced. The members of the farmers' association are standing firm. Their tobacco is being prized and stored, subject to sale by the executive committee. Chief Inspector Young, of Clarksville, visited the market Monday. He has not yet appointed a local inspector. There are several applicants for the position.

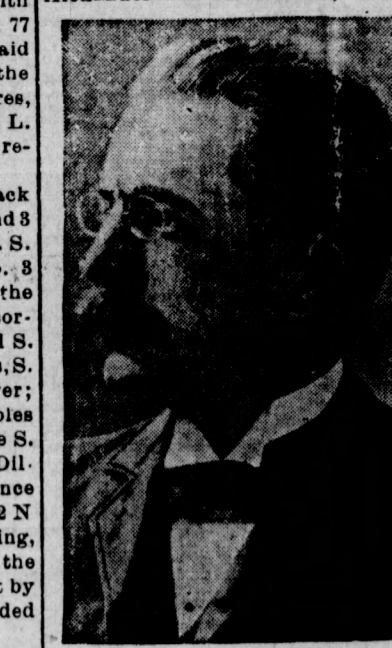

There was much seasonable weather during the latter part of the month, and the farmers took advantage of it in the way of getting the tobacco still in the barns in shape to be delivered. There has been a steady increase in the weekly sales of the weed in its loose state upon the floor of the warehouses, and as there is some improvement in the quality of the tobacco, bidding is more spirited and prices somewhat better.

The inspectors' report for April shows receipts for past month to be 1,260 hogheads as compared with 1,295 hogheads for the same time last year; receipts for the year 2,420 hogheads as compared with 1,700 hogheads last year. Sales for past month 395 hogheads as compared with 176 hogheads last year; sales for the year 693 hogheads as compared with 1,013 hogheads last year. Shipments for past month 494 hogheads as compared with 572 hogheads last year; shipments for the year 1,622 hogheads as compared with 1,538 hogheads last year. Stock on sale 2,359 hogheads as compared with 2,380 hogheads last year; stock sold 769 hogheads as compared with 878 hogheads last year; total stock on hand 3,128 hogheads as compared with 2,763 hogheads last year.

FOR REVENUE AGENT

SUIT IS FILED AGAINST EMPIRE COMPANY.

From Wednesday's Daily)
Suit was filed yesterday afternoon by A. M. Harrison, revenue agent for the state-at-large, against the Empire Coal and Mining company for state and county taxes claimed to be due and unpaid for the years of 1901, 1902, 1903, 1904 and 1905. It is recited in the petition that the state levy for 1901 was 47½¢ on each \$100 and that for the other four years it was 50¢. The county levy was 50¢. It is claimed that the company should have paid taxes on \$100,000 worth of property, that it owes the state \$24,750.06, the county \$25,000 and the agent's penalty of 20%, making a total of \$69,700.06. The petition was filed by Judge W. H. Yost, of Madisonville.

A similar suit against the First National bank, claiming taxes to be due on \$75,000 worth of property for the years 1901, 1902, 1903 and 1904 was filed by Revenue Agent Harrison on April 24 and was at that time set for hearing for yesterday. When the case was called yesterday the plaintiff failed to appear and the case was continued. Downer & Russell, attorneys for the defendants, filed a demurrer to the petition claiming that the facts as stated were not sufficient to constitute or support a cause of action.

CHICAGO RIOTING

CHICAGO, Ill., May 3.—The fighting in the streets as a result of the strike is more fierce and savage than any previous day. Charles Beard was struck on the head, his skull being fractured and death soon ensued. Twenty-seven people, including several policemen, were badly injured. The strikers and their sympathizers attacked the non-union men at every opportunity, assailing them with bricks, stones, clubs, knives and any and every other offensive weapon upon which they could lay their hands. The fighting occurred in the heart of the business section of the city, men being shot down within 200 feet of the retail store of Marshall Field & Co., or clubbed nearly to death at the corner of the Auditorium Hotel, in plain view of hundreds of ladies who were compelled to run from the mob to save their own lives.

In many instances men walking along the streets who had no active connection with the strike were assaulted by hoodlums who beat them first and later accused them of being strike breakers. A notable instance of this kind was that of Rev. W. K. Wheeler, pastor of the Ninth Presbyterian church, who, while passing the corner of Desplaines and Adams street, on his way to the Pennsylvania depot, was attacked by three men who knocked him down and beat him unmercifully and the timely arrival of the police saved him from critical injury.

CHANGED DATE.

FRANKFORT, Ky., May 3.—Chairman McQuinn, of the Democratic State Central Committee, has changed the date for the meeting of the committee, called yesterday, from May 10 to May 9 next. The chairman and secretary had overlooked the fact that May 10 is Derby day and that on that day it would be impossible to gather together so many Kentuckians at any other point in the state than at Churchill Downs.

The business before the committee can be transacted in one day and the members get off to Louisville the next morning.

On account of spring rains May 10-27 the L. & N. will sell round trip tickets to Louisville as follows: Tickets will be sold May 9th and 10th, limited to May 29th. Also on May 10th to May 27th, inclusive, limited to three days after date of sale at fare and one third round trip, and on May 21st, 23rd and 28th at one fare plus twenty-five cents round trip, limited to May 25th.

There are two forms of criminal
activity in which the United States
enjoys an unenviable distinction.
One of them is lynching and the other
is train robbery. Both are equally
odious and equally injurious to the
good name of the nation. Lynching
is an offense against civilized society
that can be dealt with only by the
individual states, but train robbery
is a crime with which the federal
government is competent to deal as
well as the local authorities, and
both acting together should be able
to make them much less frequent
than formerly.

Does it not afford the best evidence that

TIRED OUT.

There's many a wife sits in the growing
shadows of an evening, knowing what
it is to feel tired out, as if there was
not another ounce of effort left in her.
But if healthy she knows how sound

her slumber will
be and how re-
freshed the
morning will
find her. But
it's another
thing for the
sick woman to
feel tired out.
Rest only seems
to increase her
suffering. She
feels acutely
the aching back
and throbbing
nerves.
Sick women,
hundreds of
thousands of
them, have been
made well by
the use of Dr.
Pierce's Favor-
ite Prescription.

It establishes
regularity, dries
irregular and weak-
ening drains, heals inflammation
and ulceration and cures female weak-
ness.
"I am pleased to inform you of the benefit
I received from using Dr. Pierce's Favorite
Prescription and Golden Medical Dis-
covey," writes Mrs. Elizabeth A. Cowdell, of 45
Street Street, Windsor, Essex Co., Ontario,
Canada. "I was quite discouraged when I
wrote asking your advice, as the physicians
here told me I could get no relief except by
an operation. I suffered for four years from
irregular and profuse menstruation, had sick
and nervous headaches most of the time,
and at times could hardly walk across the
floor from weakness. Before I had taken
the first bottle the headaches had left
me and it was not long before regularity was
established and still continues so. Have just
finished house-cleaning which I never ex-
pected to be able to do again, and can truly
say I never felt better than at present."
Pierce's Favorite Prescription
cures all who suffer from female weakness. It
has cured me and made me stronger in every
way. Neither my husband nor myself can
say enough in its praise.

In Paraguay the women are in pro-
portion of seven to one as compared
with the men. The consequence is
that the men are taken the greatest
care of, and everything which is un-
pleasant or might be risky to the life
of a man is done by the women. The
streets are cleaned, ships are loaded,
oxen driven by them, and it is even
said that they have taken part in
their country's wars, acting as sub-
stitutes for their men folk.

In the London Times of recent
date there was a cablegram from Co-

ment is made that Sir A. J. Blake
had announced, at a meeting of the
Asiatic society, that Singapore
medical books of the sixth century
recorded 67 varieties of mosquitoes
and 494 kinds of malarial fever caused
by mosquitoes.

In Japan ships are loaded with
coal by women and girls; but the
work is made comparatively easy by
putting the coal in small baskets,
which are passed on from one end of
a line to the other.

Many of the British soldiers suf-
fered greatly from snow blindness in
Tibet. The native Tibetans escape
snow blindness, as do the inhabi-
tants in other snowy parts of the
world, by greasing the face and then
blackening the skin all round the
eyes with a burned stick.

was sympathetically discharged.

THE RETIRED CORNET PLAYER

(Original.)

Signor Caracelli, the great cornet
player, retired when he had years of
artistic and pecuniary success before
him. Sitting with him one day in a
cafe in Paris I asked him how he came
to give up his profession at so early an
age.

"Because I hated it," he replied.
"Hated it? Were you not born to it?"
"I suppose I was, though when a boy
I heard no music and whatever of ability
I have lay dormant. It was brought
out suddenly and under great stress."

I saw there was a story connected
with the matter, and, after much pres-
sure on my part, he reluctantly con-
sented to tell it:

"I'm not an Italian, I'm a Frenchman,
and my real name is Henrotin. Just
before the downfall of Napoleon III.
I went to Paris from my father's farm
on the Givonne river and was solicited
to join the commune. Being young and
a countryman I believed anything any
one told me and consented, thinking
France to be on the eve of a new era
of prosperity and happiness for all her
people alike. I helped burn the palace
of the Tuilleries and revelled in the
sight of flames which I considered for-
ever marked the end of the prefeim of
one citizen over another. We had
everything our own way, but unfor-
tunately we had no way. No one had
anything to propose; nothing was pro-
posed. Such being the case, the other
side had a great deal to propose. They
proposed to first imprison us, then take
us out in droves and shoot us. I was
expecting to go out, stand with my face
to the wall with the rest and be shot,
when a fellow prisoner told me that the
French army was short of musicians
and one of our number had been par-
doned and enlisted to play the trom-
bone.

A drowning man will catch at a
straw, and, securing a bit of paper, I
wrote on it that I was an accomplished
musician and would like to enlist as
such in the army. The paper I gave to
the officer who had us in charge. The
next morning a roll was called of those
who were to be shot, my name among
them. But after calling the sergeant
paused, blinked his stupid eyes at the
paper, then said:

"No, Jacques Henrotin, you are to go
to be examined for the band being re-
organized for the — Infantry."

Well, this was like reprieving a man
from being shot to strangle him later on.
I had no knowledge of music and did
not know one instrument from an-
other. I could only think of some plan
for delay. Our prison was cold, and that
night I poured water over my clothes
and sat in them in order to catch cold.
Fortunately I succeeded, and the next
day when I was marched to the band-
master of the — Infantry I was cough-
ing and sneezing, my windpipe being
pretty nearly stopped.

"What instrument do you play?" in-
quired the bandmaster.

I had purposely made inquiry about
instruments and replied that I played
the cornet, whereupon the bandmas-
ter called for a cornet and told me to
play something.

"Great heavens!" I exclaimed. "Do
you expect a man to use his lungs while
they are not even fitted for breathing?"

"Take him back and cross his name
off the list of applicants."

"Give me time, a month, a week, and
I promise you that I will make music
such as you have never heard before."

"Very well, I'll give you a week."

"I have caught cold in prison. Can't
you have me put where I may recover
and where I can practice a little? I've
not played for some time."

"I'm not for me! I might put you
with the band."

He directed the corporal to take me
to the quarters of the band and have
me locked in a room by myself. He
also gave orders that I was to be pro-
vided with a cornet. This was done.

I succeeded in inducing the man who
brought the cornet to give me instru-
ctions. He was surprised at my abili-
ties. He was in a week I could not
learn, but in a week I could not
hope to pass an examination, so I pur-
posely slammed the door on my fin-
gers and when called before the band-
master showed him the mutilated
hand. He was sorry he had not sent
me back to be shot, but now he was
in for it he thought it best to give me
more time. He allowed me a month.

My fingers were not crushed as bad-
ly as I claimed, and I did not cease
my lessons. All day I practiced for
my life. I hoped that the executions
would cease and I would be lost sight
of, but every day a number of com-
munists were shot. A week before
the end of the month I learned to play
a tune which my instructor told me
was a great favorite with the band-
master. When I was called upon to
show my proficiency I played this
air, and it was like a pleading wall
for my life. The bandmaster was as-
tonished, and when I saw he was
about to ask me to play another piece
I feigned to faint. As soon as I came
to myself I was enlisted as cornet
player and sent to the hospital. The
bandmaster was in dread of losing me.

Soon after that they got tired of
shooting communists. I served my en-
listment with the band, though I play-
ed but one air that made people weep-
the air I played on my examination.
My whole reputation as a musician
was made on that one air. I played
it for ten years, and every time I did
so I renewed the feelings with which
I played for my life. It made for me
half a million francs. I will never
play it again.

WAS A MILLIONAIRE

JOSEPH JEFFERSON HAD LARGE FORTUNE

Owing to the Death His Son Cancels All His Engagements.

BOSTON, April 28.—Joseph Jefferson was undoubtedly the richest actor in America. His early privations were amply compensated for by the plenty of later years. Although he never speculated, his investments proved safe and profitable, and he was rated as a millionaire. It is understood he left a will, but neither relatives nor friends will discuss this topic until after the funeral.

His death causes the cancellation of the engagement of his son, Thomas Jefferson, at the Boston theater this week. The grief of the latter is so great that he has concluded to abandon his spring tour in "Rip Van Winkle," and will not again go upon the stage until October next, when by arrangements completed today with Manager Lawrence McCarthy, he will open his season at the Boston theater.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It. Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ of microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Interesting Ruling.

Druggist L. L. Elgin has received from the acting commissioner of internal revenue the following letter which is of interest to druggists and their patrons:

"Your letter of the twenty-first instant has been received, submitting the following question:

"Mrs. B., a customer in the country, writes me to send her by rural delivery 1 oz. quinine, 1 box capsules, 1 lb. salts and a pint of whiskey. I carry no license to sell liquors. Can I take fifty cents out of the cash register and pay this fifty cents for a pint of whiskey and charge her with 'cash fifty cents?' Or will this be a violation of the revenue laws?"

"A druggist who makes it a practice to thus fill orders of this kind involves himself in a special tax liability as retail liquor dealer, under the internal revenue laws of the United States.

CATARRH TROUBLES PREVALENT.

Spring Months Cause Catarrh. Breathe Hyomei, and be Cured.

Catarrhal troubles are more common at this season than any other time of the year. The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic.

The pleasantest, most convenient, and only scientific method for the treatment and cure of catarrh, is Hyomei. Simply put twenty drops in the little pocket inhaler that comes with every outfit, and then breathe it for three minutes four times a day.

The complete Hyomei outfit costs but one dollar, and as the inhaler will last a lifetime and there is sufficient Hyomei for several weeks' treatment, it is the most economical catarrhal remedy known. Extra bottle can be procured for 50 cents. Ask L. L. Elgin to show you the strong guarantee under which he sells Hyomei.

AS RACING GROUNDS

FOR TWO STATES GUTHRIE MAY BE CHOSEN.

Reported That Tennessee Horsemen Are Likely to Go There.

The Guthrie News says:

"The News hears news and gives it to its people. It is said that negotiations have already begun looking to more business and more people for the Hub City. Since the anti-racing bill passed the Tennessee legislature the race-horse people of Nashville and Memphis have begun to look about for some Kentucky soil adjacent where they can concentrate and Guthrie is naturally the place, and only place suitable. It is not unlikely that the owners of our fair grounds will be approached soon with an interesting proposition. A big race park at Guthrie would mean much."

PROF. BORING DEAD

WELL KNOWN IN EDUCATIONAL CIRCLES.

The remains of Prof. Hanson Boring were taken to Madisonville Wednesday for interment. He died several days ago at Welaka, Florida, where he had gone for his health. He was aged seventy-one years. His wife survives him.

Prof. Boring was a prominent educator and was well known throughout this section. He was for years connected with the educational interests in Hopkins county and some six years ago represented the county in the legislature.

Some years ago he missed being nominated by the state Democratic convention by a half of a vote for superintendent of public instruction.

Prof. Boring, when a young man, lost both arms in a threshing machine. By his extraordinary will power and fine intellect he rose to the forefront of Kentucky's educators.

Mrs. Annie Walker, aged sixty-one, died at 12:30 o'clock today of a complication of diseases. She had been extremely ill two or three weeks and her death was expected. She passed away at the home of her son, Mr. J. T. Walker, on Seventh street. Three children, J. T. and William Walker, and Mrs. Elliott, survive her. She was an excellent, Christian woman, and her death causes much sorrow among all who knew her. Funeral arrangements have not been made.

Dunning Acquitted.

The examining trial of I. S. Dunning, of Mannington, for the shooting of Ward Kirby at that place several weeks ago, was held at Madisonville. The evidence showed that Dunning acted in self defense and he was acquitted. It is said Kirby will recover.

CROP REPORT.

CUTWORMS ARE DOING SOME DAMAGE.

Prospect for Fruit Is Regarded As Being Generally Good.

Cutworms are beginning to make a showing in the farming lands of Kentucky and are getting in some bad work, but in the main the crop conditions are excellent and the weather of the past week was almost ideal. The weather bureau issued its weekly crop report showing general conditions throughout the state. It follows:

The past week was favorable to vigorous growth in all vegetation. The temperature was seasonable and for the most part above the normal, while rains were frequent and general. Good showers, overly heavy in some localities, occurred Tuesday, Wednesday and Friday. Farm work, especially corn planting, was held back by the rains and wet ground.

Wheat continues to make good progress and is in fine condition and most promising. Corn planting, though hindered by wet weather, made some progress. The early planting is coming up, though rather poorly, and considerable replanting will be necessary. Outworms are also making a showing. They are like wise doing some injury to tobacco plants, though the latter, in the main, are still reported prosperous and plentiful. Preparations for transplanting are in progress, and some few plants have been set out.

The fruit prospect seems generally good. There is still considerable disagreement as to the extent of damage done by the frost, but it is believed there will be a fair to full crop of all kinds. Peaches have suffered most, cherries next, while apples and other fruit and grapes were hurt hardly at all.

Terrific Race With Death

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at L. L. Elgin and Anderson & Fowler's drug store; price 50c.

Spinal Column Paralyzed.

Ward Kirby, who was shot at Mannington by I. H. Dunning, while able to sit up, is not greatly improved. He is now suffering paralysis of the spinal column, the ball having passed near the spine, and the ultimate result of the wound is still in doubt. Mr. Dunning was acquitted at his examining trial at Madisonville.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire cannot cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At L. L. Elgin and Anderson & Fowler's drug store, price 50c and \$1.00; guaranteed. Trial bottle free.

A GOOD SELECTION

PLANTERS CHOOSE S. G. BUCKNER TO INSPECT

Hopkinsville Tobacco Market Quiet.—Inspectors' Report.

Col. C. T. Young, of Clarksville, who was recently chosen as general inspector for the Dark Tobacco District Planters Protective association, and who will have assistants at the several chief markets, has selected Mr. Samuel G. Buckner as inspector for the association in Hopkinsville and he will inspect all of the tobacco handled at this point, and will enter upon the discharge of his duties at once.

Col. Young has made a most excellent selection in choosing Mr. Buckner, as he is known to be one of the best tobacco men in this section, having been connected with the Hopkinsville tobacco market since its establishment. The tobacco men of the county—producers and buyers—all have confidence in him and know that he will deal squarely with them all, and his selection for the place will be a guarantee of the honesty of the inspection.

Inspectors' Report.

The movement of tobacco in the Hopkinsville market this week has been about the same as for some some weeks past. The inspectors' report is as follows:

SUED FOR \$35,000

MISS MAE WOOD IS THE PLAINTIFF.

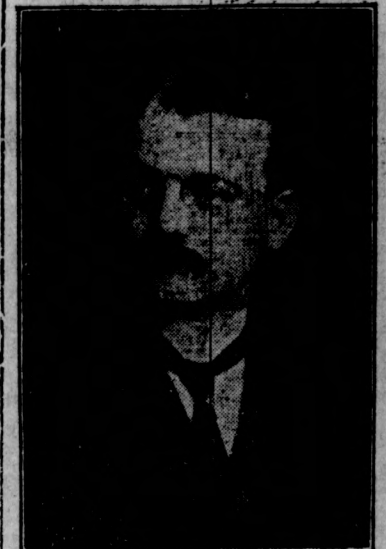

Says Secretary Loeb Secured Senator Platt's Racy Love Letters.

OMAHA, April 29.—Mae C. Wood, an attorney, who formerly practiced in Omaha, later was connected with the postoffice department in Washington, and since returned to this city, today filed suit in the district court for \$35,000 damages against William Loeb, secretary to President Roosevelt; former Postmaster General Wynne, and J. Martin Miller.

Miss Wood charges that the defendants by force and threats secured from her love letter which she alleges were written to her by Senator Platt, of New York. These letters, she says in her charges, formed the basis for the manuscript of a book, the manuscript for which she had completed and for the publication of which she had contracted

with a publisher.

The charges as filed, allege that the defendants had conspired to obtain possession, and did obtain possession, of a book which she was compiling under the title of "The Love Letters of a Boss," which let-

ters, Miss Wood alleged, were written to her by United States Senator Thomas C. Platt.

She alleges that Platt pretended to be in love with her and that they were engaged to be married, and that the engagement was cancelled in April, 1903. She gives as a reason for publishing the letters a desire to make a living.

FOR DIVORCE, SAY METHODIST BISHOPS

Give Paragraph 66 in Discipline Force of Law By Resolution.

LOUISVILLE, Ky., May 4.—After appointing bishops to conduct the fall conferences, the bishops of the Methodist Episcopal church, in session here, gave, by resolution, Paragraph 66 of the discipline force of law, thus making it practically obligatory on ministers and bishops to observe it. The paragraph provides that no divorce, except for adultery, shall be recognized by the church as lawful and that no minister shall solemnize a marriage where there is a divorced wife or husband living. Exception is made, however, in the case of innocent parties to a divorce for adultery and of divorced persons seeking to be reunited in marriage.
