**VETERANS RE-ELECT OFFICERS AND AWARD CONVENTION TO NEW ORLEANS**

*Special Feature of The Great Meeting Was The Parade with Thousands of Old Heroes in Line.*

**LOUISVILLE, Ky., June 26—** The Louisville memorial convention of the United Confederate Veterans, opened yesterday afternoon at the Union League Club, and will continue today.

The convention was attended by a large number of delegates from all parts of the country, and the program was well received by the audience.

The convention will adjourn after selecting New Orleans as their headquarters for the coming season.

In his address to the convention, Gen. C. W. Venable, President of the convention, said that the Confederate cause had been fought and won, and that the delegates were assembled to commemorate the memory of those who had fought for the cause.

Gen. Venable also stated that the delegates would be represented in the coming season, and that the convention would continue to promote the interests of the Confederate veterans.

The convention will be in session until tomorrow morning, when it will adjourn to New Orleans.

SKIN DISEASES

BY PARI S GREEN ON HIS FINGERS.

The two young men of Barry House, of Barry Works, recently paid a visit to the doctor because of their hands. They had been noticing a peculiar smell about their hands and feet, and were afraid they were catching the disease. The doctor examined them thoroughly, and found that they were suffering from a common skin complaint known as "Barry's Disease." He prescribed a mixture of salts and water, which he gave them to apply to their hands every night before going to bed. They were to wash their hands thoroughly in the morning, and then apply the mixture again. After a week or two, the disease should be cured. The doctor also gave them some advice on how to prevent the disease from coming back, and they were very grateful to him for his help.

WHERE DISEASE GROWS BREATH

No Need to Fear Germs if the Stomach is Healthy.

The idea of a healthy breast is that of a healthy stomach. A sick stomach is the source of all diseases. The stomach is the first organ of the body to be poisoned by the food we eat. It is the duty of the physician to cure the stomach, and not to treat the symptoms of disease. The stomach is the key to the health of the body. If the stomach is healthy, the body is healthy. If the stomach is diseased, the body is diseased.

The ideal breast lies between the hands and the heart. It is the seat of the soul, and the source of all knowledge. It is the seat of all the senses, and the source of all the emotions. It is the seat of all the faculties, and the source of all the powers.

"THE VENUS OF CADIZ." An Extravaganza.

Professor Richard W. Wilson's Brilliant New Novel, the Scenes of Which Are in Christian County, Ky.

Scene of Cadiz is a novel by Richard W. Wilson, published in 1905. The novel is set in Christian County, Kentucky, and tells a story of romance and adventure.

The plot involves a young girl named Eliza, who is sent to Cadiz to find her long-lost father. She is accompanied by a mysterious man, Dr. Parry, who is actually a spy for the British government. Eliza is caught up in a web of deceit and danger as she tries to uncover the truth about her father's whereabouts.

The novel is known for its vivid descriptions of Cadiz and its inhabitants, as well as its complex characters and plot twists. It was a popular success upon its release and remains a classic of American literature.

MR. RABBETH DEAD

FORMER CITIZEN OF HOPWOOD

Result of an Attack of Pneumonia—Report of Hospital

(Jefferson County's Daily)

Mr. Rabbeth, of the lumbering firm of Rabbeth & Rutherford, was due to pneumonia, which set in immediately after he returned from a trip to Louisville, where he had operated a large flour mill. Mr. Rabbeth was a prominent business man of Louisville, who died last week in Louisville. Body invited to come to this city, and later with F. J. Brownell.

Mr. Rabbeth was born in Louisville sixty years ago. He married Miss Ella McReynolds, of Hopkinsville, who survives him. He is also survived by a brother, Sidney Rabbeth, of Louisville, and a sister, Mrs. C. O. Gibson. The funeral services will be held at the mission house of the Methodist church on Friday afternoon.

The funeral will be followed by the burial in Cave Hill cemetery.

Mr. Rabbeth Dead

FORMER CITIZEN OF HOPKINSVILLE

Result of an Attack of Pneumonia Following Operation.

(From Thursday's Daily.)

John T. Rabbeth, of the Louisville Milling firm of Rabbeth & Ruth- mill for fifteen years, and built the mill for the South. He went to Louisville after he had operated a large flour the western half of the State, the eastern part of the State. Dangerous looking that it would the government inspection that the onion eaters to turn with any consequence were confined to the western half of the State. The cabbage snake scare is about to the western half of the State; the eastern part of the State is as harmless as any other to take possession of their farms. General and Mrs. Pratt have accepted positions under Mr. Bud to the largest combined capital and surplus of any bank in Christian county, we are prepared to offer our customers every facility in the conduct of their business, and prompt, courteous treatment in every detail.

BANK OF HOPKINSVILLE

Organized in 1827.

Capital Stock Paid In ... $100,000,000.00

Surplus ... $32,000.00

HENRY C. GANT, PRESIDENT.

J. E. MCPHERSON, CASHIER.

A. H. MCPHERSON, ASST. CASHIER.

The receipts he would have re-ceived have been very sick for several weeks. There will be no tax in the next report. The tobacco acreage has practically a good one. The weekly for the central and northern portions of the State, but a decrease in the western portions. Potatoes generally in good shape.

Osages and white men are in fairly good condition, but must continue badly to great many localities. Hay is in progress. Gardener are doing splendidly and vegetables are abundant, but no death is reported. The grain crop is very promising. Potatoes are well advanced. Cash crop report is splendid. Ripe, ripe and all are doing splendidly. There is to be a full crop of apples and most other fruits, except only a little crop of peaches.

Onion Snakes.
The cabbage snails are in actual error, as they have been distributed by the government inspection that the snakes found in cabbage of the country are as harmless as any other kind of worms. We would, however, sell with delight as soon made that would be as ugly, no repugnance, as unpleasant looking as it now does. The onion season seems to have turned out from tying vegetables - Madisonville Graphic.

In West Kentucky

Wheat Crop Not Turning Out Well.

The weekly summary of crop condition in Kentucky issued by the State Weather Bureau is as follows:

Western Kentucky

The weekly is a full crop of autumn and most other fruits, except only a little crop of peaches.

Dogwood Notes.

Mr. R. B. Porter, of South End, is watching the work with satis-
faction here. Annie West, the little daughter of Mrs. Geo. West had her arm broken last week by falling from an apple tree, which she had climbed in search of apples.

Mrs. Liza Simmons has been very sick for several weeks.

There will be no taxes in the next report.
